A Royal Smoker Given for Dr Nelson.

On last Saturday evening at the Germain building, a smoker was given by the B. P. Club in honor of Dr. E. C. Nelson, who was at that time about to take unto himself a bride.

Now when we say this was a royal smoker, we mean it for all that the word implies because it was a royal set of men who in a royal way furnished the last settings to the doctor's bachelorhood days. More than 200 guests were present during the evening representing all the walks of life to wish the doctor good luck and a pleasant voyage over the sea of matrimony.

The reception lasted from 5 p. m. to the small wee hours of the morning.

Many beautiful affairs were given in honor of Miss Angelita Williams previous to her marriage to Dr. Eugene Nelson, Tuesday evening. The beautiful ceremony was solemnized by Rev. Craw of the First A. The Eagle will not withhold credit when due and when we visited Pasadena a few days ago to witness the dedicatory service of Christ's Temple we saw a monster tabernacle, the house builded by FAITH the fighting parson, J. Gordon McPherson, its prophet. It was filled on this occasion by members of all races and creeds. It was dedicatod to the people. In this very worthy accomplishment, he is entitled to lasting credit, and The Eagle is always ready to speak right out when men and women do the things worth while.

NOTICE

The editor of The Eagle will visit Bakersfield, Visalia, Hanford, Fresno, Stockton and Sacramento, during the incoming week. Be ready to meet him.

We must urge that our out-of-town subscribers pay up or be dropped from our list.

HONEY BEAR CENTER OF ATTRACTION ON STREETS OF SAN DIEGO

Many species of animals have been seen on the streets of San Diego since the sailors returned from the South Seas, but none has created the interest that the Honey Bear has, as the species is not seen often in circuses. He was owned by a colored sailor, who sold him for a handsome price.

Santa Fe ushers at San Diego greeted New Year's in their new Red caps. The brigade led by General Buscoe Reese looks very attractive at train time, as they all have that pleasant smile. They received an extra bonus for Christmas. Many of the "red caps" from Los Angeles were in San Diego Saturday on a special trip.

Owing to the heavy rain Sunday the big Christmas rally at the A. M. E. Church was partially postponed, which will be held sometime in the near future. As each member knows his obligation we hope all will use their influence with their friends and strangers to make the coming rally a desired success.

The Plutocrats held a secluded mid-holiday ball last Friday evening at Masonic Hall.

Mrs. Eva Smith, East San Diego artist, was badly frightened from an explosion of a gas stove, but did not interfere with Santa or his many presents. Christmas she was the guest of Mr. and Mrs. Stevens.

A large crowd was out and witnessed Miss Darling E. Nesty's wonderful talent. She is indeed an artist along the lines of elocution. A fine program was also rendered in connection with Miss Nesty's selections, which was also very entertaining. We hope Miss Nesty will continue and also advance her wonderful work.

The Christmas tree given by the Mt. Zion Baptist Church last Saturday evening was a grand success. One could hardly get standing room and everyone, young and old, went home with an armful of presents, remembrances of their friends, and true Christmas spirit.

"Intolerance," the great talked-of picture, in which the Eagle office has been questioned in regard to its showing in the city for the benefit of our many readers we announce that it will be shown at the Strand Theater five nights beginning Ja. 2, 1917.

As the New Year appears, stop the leak and remember your subscription to the Eagle.

Their only child, Mattie B. Laws, received, with many other Christmas presents, 500 "bull" nickels.

Once again! San Diego is as wet as the bottom of Noah's Ark, but the club licenses are yet in doubt.

Mr. and Mrs. Laws received a Christmas greeting from Mr. and Mrs. W. H. Washington, of "Casa-Dora," Topeka, Kans.

Mr. and Mrs. E. D. Simpson returned to the city to spjend Christmas. Mr. Simpson is residing in Indiana. Mrs. Simpson is living in Los Angeles. Dr. A. C. Garrett, of Los Angeles, was their house guest for Christmas.

Mr. Huel Brooks, of the Eagle staff, will spend a few days in Los Angeles next week.

Miss Darling E. Nesty, Mrs. Davis, Mrs. Hayden, and Mrs. C. E. Norwood spent a pleasant day at the Exposition last week as the guests of the Eagle staff.

All nations will celebrate the closing day of the great San Diego Exposition.

A sham battle that gives the idea of how the European war is carried on will be held. Land mines, wire entanglements and all the late devices of war will be illustrated. Preparations for the greatest crowds of the two years are being made.

President G. A. Davidson will be honored by a ceremony beginning at 10 a. m. A military parade may be viewed from the Plaza de Panama. Madame Ernestine Schuman-Heink will sing "Auld Lang Syne" at the conclusion of which bombs will explode and flags of all nations will mingle and float away as the crowds turn away from the world's record-breaking exposition.

Mr. T. Harris, of the Black and Tan orchestra, has not mastered music, but he certainly has brought the music to San Diego that the people have long hungered for. Mr. Bob Ferris ought to be exiled for the way he "whips" that piano, and the way that right man saws on that bass violin, and that drum certainly gets a beating from Mr. "Ted." Even the honey bear was trying to do that new dance. In fact it seemed more like a social gathering the way they coupled off between the encores. All that was lacking was the festive palms and tables. But they say that New Year's Ball will surpass them all (ponsido!).

BOOKER T. WASHINGTON MEMORIAL DAY AT THE FORUM, DEC. 31.

Sunday, Dec. 31, 1916, the citizens of Los Angeles will hold memorial services in honor of our late lamented Dr. Washington, who died Nov. 14, 1915. Prominent members will make the program replete with interest. No city west of the Rockies has given anything toward the $500,000 fund which is to be raised by our people. It is because of this reason, out of pride and because of the respect we hold for the deceased, and the desire to see the school go forward, that the people of Los Angeles are going to raise a fund. When New York City gives $5000, Baltimore $2500 and even Dallas, Tex., $625, Los Angees shoud give $250.

This movement is to extend to every church, lodge, men's and women's club and association to make this fund assured. The amounts will be published as they given.

ONE GOOD FRIEND, INDEED

Up in the San Juaquin Valley resides a very unpretentious person, at Visalia. His name is Tony Love. Aside from being one of the foremost, thrifty and energetic citizens of this town, he is widely known in fraternal circles, more particularly the Odd Fellows.

Now, the said Tony Love is one of the Eagle's star subscribers and knowing the rugged path of this particular craft of human beings, with real forethought, he made happy the hearts and souls of the master cogs of the Eagle machine by shipping to us last Saturday a fine prime, corn-fed turkey, such as they raise in the rich San Juaquin Valley, and to show their appreciation for the same, ye editors closed shop for two whole days—Sunday and Monday—and feasted to our hearts' content. So, no wonder we head this article by saying "One Good Friend, Indeed." That friend was our own good friend, Tony Love, of Visalia, if you please.

MRS. M. E. SCOTT, Pres. MISS LOUISE WILLIAMS, Sec.

SOJOURNER NOTES

The Club will hold its first meeting of the year, Tuesday Jan. 2nd, at 2 o'clock, instead of Monday. All members are requested to be present, as we have very important business to transact.

Parliamentary Law class will begin the second Monday in Jan. at 2 o'clock sharp.

The Home was the scene of much Christmas activity last week. Monday, dinner was devoted to increase the funds for the Christmas baskets. Friends responded nobly to the call, and a list of the gifts will be published; Saturday, through the energetic work of Mrs. Emma Williams and her committee twenty-two baskets of Christmas cheer were sent to families, making a total of thirty eight baskets provided for the Race through the club; The heme was beautifully remembered by one of the club's members in Yuma, Ariz; Mrs. E. F. Johnson sent a fiee turkey to provide a Christmas dinner for the young women in the Home, which was served on Sunday afternoon at 4 o'clock. The dining room and table were beautifully decorated with Christmas berries; The lights were softened with red shades, and the tables bedecked with the choicest viands. When the young women were ushered into the dining room, their outburst of joy and pleasure fully repaid those who were thoughtful enought to try to make Christmas merry for those who had been away from home. After dinner, music was indulged in, and after this all joined in helping the cooks clean up the dishes.

The purpose of the Club was not to spread a dinner for those of the Home only, but for those who had previously been there, and could be reached also. A miscarriage in our plans prevented us having any others but those in the Home. Hoping next year covers will be laid for at least twenty five, instead of ten, like this year.

The Club desires that young women away from home will come under the protecting care of the Sojourner Truth Home, and young busy women when they have their afternoon off, will take advantage of our library and rest room. The kind, pleasant Matron will welcome them.

The purpose of the Home is to be a "Service" institution, and we are asking the minirters to co-operate with us along this line.

Hoping to accomplish greater things in 1917.

NEW YEAR BELLS.

EVA CARTER BUCKNER

Beneath our nation's peaceful skies
We greet a glad new year;
"Good will toward men" we chant the strain,
'Tis music to the ear.

Oh, ring in gladness—ring ye bells!
The chimes so soft and clear
May find a heart in sorrow bowed
And give them hope and cheer.

Ring on sweet bells, o'er land and sea,
Bid warring nations cease;
Chime in the ear and heart a trust
In Him alone fer peace.

Oh, let the angels ring the bells!
And may the chimes resound,
'Till faith in God and love for His
In ev'ry heart is found.

The Christmas Smile.

Come all ye men of business,
Give over for a while
The stress of competition,
And smile a Christmas smile.

Just let your thoughts drift backward
Returning mile by mile,
Through each success or failure
Until you find your smile.

You'll find it near the roadside
Which runs from year to year,
Broadly scattered as the grass
Are smiles of Christmas cheer.

"No sentiment in business"
We often hear men say,
But friendship is a sentiment,
And broad smiles pave the way.

Christmas smiles if started right
Will run all through the year,
And every day deep in your heart
You'll find the Christmas cheer.

—William Nauns Ricks.

GREAT OPPORTUNITY TO SAVE VALUABLE PROPERTY FOR RACE

In Orange county, near Anaheim, G. W. Bright, well known pioneer fireman of this city, at present a lieutenant at Hose Cart company No. 4, owns a tract of land consisting of about 28 acres. In order to save this property to the race and its posterity, Mr. Bright is forming a syndicate to take over one-half of this property, the assessed valuation of which is $800 per acre. This land is planted to orange trees and English walnuts, which are already bearing. Now, Mr. Bright has a splendid plan of selling shares at $5.00 per share, and on this plan lies the hope of procuring enough of our people to buy these shares to save this property for the colored people. We have looked over the papers and we have no hesitancy in commending the same.

For particulars call G. W. Bright, Wilshire 3842, or see him in person.

A Voyager Puts Out to Sea

(On the death of a young boy, Paul Thenard Burrill.)

A little boat—a tiny boat
Has just put out to sea,
All bravely set with golden sails
For great eternity.

Eternity, from whence it came
To times fast running sands;
Few were the shifting yellow grains
Which passed the captain's hands.

A bit of shore-leave with his friends
Just time to fit his ship,
With jeweled loves and happy thoughts
To last him through the trip.

O, little boat, sail on in peace
Our stricken hearts will heal
When sands upon the golden shore
Shall shine beneath your keel.

Your early sailing, your short stay,
O voyager may prove
The needed lesson for our hearts,
To guide us to God's love.

Holland Lodge, F. and A. M.

tions, both private and public. At present, he is engaged in the spraying and painting business, whose territory extends over the entire State of California.

Brother Bowman was among the first to enroll his name in the Club which later formed Holland Lodge. In September, 1911, when the lodge was first organized, he was, by virtue of his ability, appointed to the position of Senior Warden of the lodge. This position he held from September, 1911, to December, 1912, when the Craft by a solid vote elected him Master of the lodge. This position he held from December, 1912, to December, 1913. During his term as Master of the lodge there were more members added to the lodge than in any single year during the lodge's existence. Brother Bowman is a great Christian man. He believes that a man must first be a Christian before he can be a Mason at heart, and unless he is a Mason at heart, in his opinion, he is not very much of a Mason at all. He has had a very wide experience, and it is always interesting to be in his company. He owns considerable property, both in and out of the city.

His is a married man with a family, and resides at 936 East 23rd street, this city.

He was elected Treasurer of Holland Lodge, December, 1913, which position he now holds. In June, 1913, he was appointed to the position of Right Worshipful Junior Grand Deacon, of the Most Worshipful Sovereign Grand Lodge of California and Masonic Jurisdictions. This position he held with great credit for two successful years, being unable by unavoidable circumstances to meet the Grand Lodge in 1915, he was succeeded by a brother of his own lodge, in person of Geo. H. Dunlap.

For more than 30 years Brother Bowman has been an active member of the A. M. E. Zion church. It was largely through his efforts that the Colored people can point a finger of pride at the A. M. E. Zion church, located at Pico and Paloma street, this city, and call it their own. Brother Bowman was the second Past Mastor of Holland lodge, and will ever be regarded by its members as being one of the greatest and strongest characters that ever filled a position therein. His Masonic career dates back to September 25, 1911. He also affiliates with the lodge of Foresters, the Grand United Order of Odd Fellows, and was one time the President of the Labor Union of this city. He is the only member of Holland Lodge that has succeeded in climbing from the First, or Entered Apprentice Degree of Masonry, to that of the 32nd degree.

GEO. H. DUNLAP, THIRD WORSHIPFUL MASTER OF HOLLAND LODGE NO. 20, F. & A. M. FROM DECEMBER, 1913, TO DECEMBER, 1915

The subject of this sketch was born in Daton, Texas, in 1879. His parents later moved to Beaumont, Texas, where he received his education through the public schools of that city. His father died at an early age, hence he was forced to realize the responsibilities of manhood at a very early age.

In the year 1901 he secured a position with the Kirby Lumber Co., of Beaumont, Texas. He proved to be so industrious until very soon after he had been in the employment of this concern they made his foreman and general manager. This position he held for five years, leaving on his own accord in 1906, coming to California. In the summer of the same year he was employed by the California Furniture Co., this position he held for two years, leaving it in order to better his financial conditions, he accepted a position with the Pease Brothers Furniture Co., this city, and for this concern he worked for six successful years. Two years ago, for some reason, he left the Pease Brothers Furniture Company and accepted a position with the First National Bank, where he now is employed.

Brother Dunlap was in the organization of the Club which later was converted into what is now known as Holland Lodge No. 20, F. & A. M. He was among the first to be appointed to an office after the lodge was organized, the position of Junior Deacon. This position he held from September, 1911, to December, 1912. At this time he had proven to be such a master of the Ritualistic work until by a solid vote of the lodge, he was elected to the position of Senior Warden. This position he held with great credit from December, 1912, to December, 1913. He was then elected to the position of Worshipful Master of the Lodge, a position he held for two successful years. So great was Brother Dunlap's ability for mastering the Ritualistic work of the order, until he is called by his fellow brethren the walking jurisprudence. During his term of office as Master he in every way proved himself capable of handling the position from a ritualistic standpoint and thus merited the honors conferred upon him.

He represented the lodge twice in succession in the Grand Lodge, and in the 61st Annual Communication he was appointed by the Most Worshipful Grand Master, T. A. Harris, to the position of Grand Junior Deacon of the Most Worshipful Sovereign Grand Lodge of California and Masonic Jurisdictions.

Brother Dunlap is the third Past Master of Holland Lodge. He has been once married. He affiliates with the Wesley Chapel, M. E. church, this city, and resides at Department 22, Booker T. Washington Building, Central Avenue, near 12th st.

JOHN THOS. NORRIS. FOURTH WORSHIPFUL MASTER OF HOLLAND LODGE, FROM DECEMBER, 1915, TO DECEMBER, 1916

The subject of this sketch was born in Tipado, La., 1869. His father died when he was only three years old. With the assistance of his mother, he received his education through the common schools of that city.

In 1889 he came to California, and has been employed as follows: For six years a butler, four years in the grocery business, three years worked in a private club, and for the past fourteen years he has been employed by the Board of Education, in the Los Angeles School Department, this city.

Brother Norris was in the organization of Holland Lodge, and in December of 1914 he was elected to the position of Senior Warden. Filling this position with such great credit, at the end of his first term as Senior Warden he was by a unanimous vote of the craft, elected to the position of Worshipful Master of the lodge. This position he now holds.

Brother Norris is well versed in parliamentary usages. The lodge has never before in all of its existence conferred honors upon a man that possessed more executive ability than that of J. Thos. Norris. He is very positive, yet kind in all of his rulings. He is always capable, in spite of how difficult the discussion may be, to harmonize his Craftsmen into unity. Brother Norris is a member of the A. M. E. church. For more than seven years he has been president of the famous 8th and Towne Avenue choir. He is also a member of several auxiliaries of the church. He is an Odd Fellow of long standing, a prominent member of the People's Forum.

Brother Norris represented Holland Lodge in the 62nd Annual Communication of the Most Worshipful Sovereign Grand Lodge of the State of California, which convened in the city of Los Angeles, June, 1916. It was in this Grand Assembly that the Most Worshipful Grand Master, T. A. Harris, appointed Brother Norris to the position of Grand Junior Steward of the Most Worshipful Sovereign Grand Lodge of California and Masonic Jurisdiction. This position he now holds. Brother Norris is very faithful in the discharge of his duties. He has never missed or been absent from the lodge since he was elected Master.

His term of office as Master of the lodge will terminate December 4th, 1916. He then will become the lodge's fourth Past Master. Brother Norris is a man of a family, property owner, and resides at 2590 West 12th street, this city.

WILLIAM LUTHER MARTIN, SECRETARY HOLLAND LODGE NO. 20, F. & A. M.

W. L. Martin was born of humble, yet high, because Christion, parentage, in Oglethorpe, Macon County, Georgia, May 21, 1880. Though being depriced of a free access to the public schools, yet surrounded with such strong Christian influence from his birth on, that there came to this youth principles of industry, morality and Christianity, which formed the broad, deep and solid foundation on which has rested his eventful and useful life. In early life he learned that "the fear of the Lord is the beginning of wisdom." In the days of youth he remembered his Creator.

In speaking of his Christian faith, he expresses himself as having been a Christian all his life. He bases this upon the fact that his father and mother were among the greatest Christians the world ever knew and that he was taught nothing but Christian principles. He made his Christian confession, however, to the Rev. W. D. Wade, who then pastored the St. John A. M. E. church, Pine Bluff, Arkansas, January, 1902.

His Masonic career dates back to September 25, 1911. When Holland lodge was first organized he was among the first to offer his name, and in the organization of the lodge he was chosen its first Secretary, a position he has held ever since. He has been unanimously elected every year since the lodge has been in existence.

As Secretary he is regarded as being one among the greatest in the jurisdiction. He is very favorably known throughout the whole Masonic Jurisdiction of California. Masons of Los Angeles who have traveled over the California jurisdiction bring back the report that he is in the public eye of the Masonic Fraternity and is spoken of with praise by Masons who have never met him personally. This fact can be accounted for in no other way but that it is a reflection of his careful and painstaking work and is but a just reward for such work. His success in this office has been so great that many of his fellow-members believe that he was born with a talent along this particular line of work.

He has many letter of congratulation from the Hon. G. W. Wilson, Past Worshipful Grand Master of California and Masonic Jurisdiction, and likewise from the Hon. T. A. Harris, present Grand Master, on his straightforwardness and business-like way of attending to the business of his office.

He is a member of the First A. M. E. church, this city, and is also a property owner. War married to Miss Carrie E. Jones, April 8, 1907. This union he considered the crowning glory of his life, until, June 20, 1916, when his dear wife departed this life. Her hasty departure was the results of an illness that lasted over a period of more than seven years of suffering.

He is a very progressive young man, and is a strong believer in Race elevation. He has a host of friends throughout the city.

BLYTHE NEWS

Mrs. Thomas Collier, who is visiting Mrs. Gertrude Harris, is so enthused with our city until she has decided to stay till summer.

Mrs. Harris and Mrs. Collier can be seen mornings about 7 o'clock, in their khaki skirts and buckskin shoes. Their work has proven so excellent that many of the wives of business men have doubled their salary to get their services.

Mr. Edward Johnson was shot and killed Christmas day. He was well liked by both white and colored people. Everybody was greatly shocked and send their sincere sympathy to his brother in Los Angeles, Mr. William Johnson, who is employed by the Cadillac Auto Company.

Business is very prosperous for the colored people in Blythe at present.

We have with us the son of Mrs. F. K. Hines, of 728 Ceres avenue, who takes all claims for our hotel business in this thriving little city. We hope to get a few more industrious young men like Mr. Willie Mitchell.

DEPLORABLE SHOOTING

Specia lto California Eagle.

Mr. Joseph McCullen, pioneer citizen of Blythe, on the night of Dec. 25, shot down and killed Edwin Johnson, of this city, at the door of his (McCullen's) home.

Johnson, who was intoxicated, noisily approached McCullen's front door, when McCullen, mistaking him for someone with malicious intent, procured his shotgun, and hearing him call "I've got you," and not knowing who it was, but protecting his home, fired two shots, both of which inflicted mortal wounds.

McCullen promptly gave himself up to the officers and is confined in the local jail. His wife is prostrated and the affair is regretted by all.

Mr. Johnson was well and favorably known by all. He was highly educated and spoke several languages. He was also one of the pioneer citizens and had served in the Mexican army under General Villa.

The body is in a local undertaking establishment awaiting the arrival of his brother from Los Angeles, who is a demonstrator for the Cadillca Auto Co.

To Attend Great Revival at First A. M. E. Church

GET YOUR SHARE OF THE GREAT GOOD NOW POURING FORTH AT THE UNION REVIVAL MEETINGS.

The Union Revival under the auspices of the Methodist ministers at the First A. M. E. church.

The Revival started off with even greater enthusiasm than could have been hoped for by those interested. Last Sunday 17 persons started the New Year by connecting with the First church before even the meeting was launched.

Tuesday evening in spite of the inclement weather a goodly number was present and each evening thereafter the number and enthusiasm increased. It is believed that great good will be accomplished by this effort.

WHY SPIRITUALISM HAS ALWAYS BEEN CONDEMNED

By Florence E. Snyder
(Continued from December 20)

I will try and impress upon your mind, kind reader, that the body which is the earthly being, serves as a house for the spirit to dwell in while on this earth plain. When you will have developed that power which is the God part in all mankind, nothing will be hid from you, for God, which means power, wisdom, understanding, love and intelligence, surpasses all things and the more nonspiritual one becomes the more ignorant he is. In the Old Book (which is the Bible) King Solomon quotes: "A man's wisdom brings him before great men and always makes room for him." So, it is not books or education that makes one wise, for the Bible reads the wisdom of man is but foolishness with God. Therefore, spiritual men and women on a high plain have power with God which is salvation unto him who will accept and believe. So many would be, and will never be mediums, are some of the causes of Spiritualism having such a dark cloud for so many years. But it has ceased to be a parlor entertainment, or a mere pastime, but a beautiful truth which cannot be contradicted. It takes the cultivating of divine love, and doing unto others as you would have them do to you, and also making your life as an example to really receive the high and beautiful celestial forces which will enable you to demonstrate that wondefrul power. Real Spiritualism cannot be exposed. The only ones that try to epxose Spiritualism are those would-be mediums who have failed to develop to a higher plain and cannot see any farther than their God, which is the Almighty Dollar. It is only those mediums who have failed that try to expose Spiritualism Remember, kind reader, real spirit-return can never be exposed. Some people call Spiritualism a new phenomena, but it is not new; it is the only true religion that has ever been given to man. Jesus was only a man in a mortal body; born of a woman, as all other men. The only difference was His life was an example, and His teaching was of a truth. People of those days rejected Him for the wonderful power that was demonstrated through Him and knew if He was not put to death people would believe on Him and through jealousy, they put Him to death. If the laws of the present date were as they were in the days of the lowly Jesus, they would put the mediums to death also; but our present law prohibits such, and in that, Spiritualism is gaining ground more and more each day. People are getting tired of such dogma as is being taught by sectarian religions of today, and are seeking a truth by which they can be made free and Spiritualism is a true knowledge you see and you hear. Therefore, you do not go on belief, but have that perfect knowledge of all things. Jesus said, of which you will find in the Old Book, "Great things have I done, but even greater shall ye do that follow me." So you see, kind readsr, there must have evidently been something wrong some place that this power has not been demonstrated long ago. The day is fast approaching when men and women will awaken to the fact that there is something higher and an intelligence that surpasses all earthly things. Earthly things will soon perish, but Spiritual things shall never perish. Religion was never designed to make one's pleasures less, but gerater. When you will have developed that God part which is divine love, your life will be peace, happiness, joy and comfort. You will see no defects i many one, but will see the re al man which is the God part in all mankind, and will try to raise fallen humanity and assist suffering humanity, and you will experience a heaven while you live in your mortal body on this plain. And, as I stated formerly, nothing will be hid from you.

NEVER ALONE

By Florence E. Snyder

As I sit here in silence, O, faintly do I hear
That sweet voice of a loved one coming near.
A whisper: "I am with you always, never to depart,
We will lead and guide you and create within a noble heart."

We will teach you to pray and live for today.
We will guide your footsteps in the beautiful way.
We will erect a monument that shall always stand:
We shall make you a a life that shall be noble and grand.
Our faces shall be as a beautiful sunlight to you.
We will shower our blessings like the sparkling dew.
And a crown shall await you in that home of bliss
Where each tide shall be swept by an endless kiss.

"ARE THE SONS OF HAM ASLEEP?"

A few months ago while we pursued the even tenor of our way there appeared upon the horizon of this country a dark and ominous cloud. It skulked its way across with portentious strides and finally spent itself, much to the chagrin of every true and loyal heart of this great metropolis, regardless of race, nationality or color.

Two guardians of the law—Officers Charles S. Broady and Frank G. White—were bound with the shackles of an accusation forged upon the anvil of malfeasance. Their characters were dyed in the blood of a crime so detestable that signs of disgust came from every breast, and emotions of shame circled every vein. They were charged with trampling upon the laws of our fair state—of disregarding the mandates of the statutes that we cherish and give our hard-earned pennies to see that they are upheld. More than that, they have been accused of taking their own self-respect and casting it into the slime and filth of disgrace and dishonor by turning their backs on the oaths they made before Almighty God.

The trial was set and these styled culprits were led into the court room, where beneath the searchlight of investigation they were forced to stand until it had penetrated every nook and made clean every crevice. The Grand Jury, that voice which speaks with power and precision, weighed carefully the evidence submitted, balanced it upon the scales of justice, and while we waited in breathless suspense for their verdict arose and with one accord dipped their pens into the clear sunlight of Truth and said: "We refuse to stain our souls by upholding this charge."

What more could be needed to establish their innocence? If guilty, would these men have so acted? I cannot believe it. If guilty, would they be at liberty to breathe our free air and mingle with those who represent law-abiding citizens? To say yes would be an insult to our government, and a travesty upon the State of California, which is second to none in this country.

Have these men been treated fairly? Is it right for them to be throttled with the clutches of revenge and malice? Is it in accord with law ,either human or divine, for their self-respect to be impugned, their honor and integrity held up with shame when the charges are proven baseless? By all laws of reason and logic why is it, or how is it, that they were not automatically reinstated? Why is it that the stain of ignominy is not washed off their faces? Why is it, if not guilty, the verdict of conviction and exoneration is not pronounced? These questions demand consideration and will not be downed.

It is high time that the Colored citizenry of Los Angeles awake to their duty. When these men's rights are assailed the rights of every Negro in this city are assailed. When their respectabiliyt is questioned, the respectability of every black man walking the streets is to a certain extent questioned. When they can be thrown out of positions upon such baseless charges it means that none of us in such positions can whistle a tune of assurance as long as we live in a world where evil so strongly reigns in some hearts.

I tell you, there is something funny about this thing. Do you know what it is? If so, please speak. It it's politics, I confess it is mighty dirty. If it is personal animosity, then may God have mercy on those dyed-in-the-wool sinners! But whatever it is, it concerns you and concerns me.

Where are these organizations working for the protection of Negro citizens? Where are those mighty ones who claim to be looking out for our interests? What is your verdict? Have you no word to say? Let the truth be known! We want to know why these men, when not adjudged guilty, should not be reinstated. We want to know why we must suffer such a thing to be so now.

While we sit upon the stool of inactivity and sing a ditty of racial lethargy, these men's hearts are deeply burdened. Their family names have been besmirched. Their fathers and mothers walk with hung-down heads and tears of sorrow trickling down their cheeks. A wife with her little children kneeling by her side with the heavy cross of disgrace resting upon their youthful shoulders, sits with a broken heart, looking askance for a ray of hope to support her undying faith in the eventual triumph of Justice and Truth.

Sons of Ham, our duty is manifest. It matters not whether we like Broady and White. It matters not whether we are concerned as to their future careers. The Negro race has been challenged for integrity and not found guilty, and yet the jail doors of injustice hold us in the dingy and gloomy cell. Shall we sit still and mourn? May all hearts say "No!" Then in the name of truth and justice, in the name of the 25,000 Colored citizens of Los Angeles, in the name of God and humanity, let us ask and demand an answer to the query, "Why should these things be?"

REV. B. C. ROBESON.

PASADENA INVITES CALIFORNIA

To Honor the Memory of Frederick Douglass, in Big Centennial Anniversary at Lincoln-Douglass Day Celebration, Monday, February 12, at Gospel Tabernacle.

The New Year was ushered in with pomp and splendor and the Rose Tournament was indeed a successful triumphant with hundreds of thousands of visitors to the Crown City, to witness the great floral pageant. Last Sunday a great throng crowded the big "McPherson Gospel Tabernacle, with enthusiastic worshipers, to hear the famous Harris-Bilbrew Jubilee Singers, that charmed the great audience with their sweet old plantation songs and southern melodies. Mrs. A. C. Harris-Bilbrew gave a reading from Paul Laurence Dunbar, which captivated the big audience: so great an impression that the sweet singers were compelled to fill a return engagement on Thursday evening, when they appeared before a packed house.

Sunday promises to be a big day at the Tabernacle, when the old-fashioned Holy Ghost and Fire revival meetings will start, and the famous all Jubilee Singers will sing at both the afternoon and evening services. Emmanuel Hall, the noted gospel soloist, will sing, and a great time is anticipated as hundreds of both races will attend the meetings, and Evangelist J. Gordon McPherson will preach at both services. The opening sermons of the Evangelistic Campaign are destined to shake Pasadena.

The citizens of both races are planning a big centennial celebration in honor of and commemorating the 100th anniversary of the birth of the "Old Man Eloquent," 'Frederick Douglass, the celebration of Lincoln-Douglass Day. Several of the most prominent leaders of both races, Grand Army veterans, Spanish War veterans, civic leaders will take part in the big centennial Douglass Day Celebration. DISTINGUISHED WRITER HONORED

James Weldon Johnson Chosen Field Secretary for N. A. A. C. P.

New Strength for the National Association

New York.—The National Association for the Advancement of Colored People, at the December meeting of the Board of Directors, appointed Mr. James Weldon Johnson to the newly created position of field secretary. Mr. Johnson is well known throughout America as contributing editor of the "New York Age," as an author of distinction. and as prize winner in the recent contest of the Philadelphia Ledger for editorials on "Why Hughes Should be Elected." His appointment indicates that a consolidation of forces is being effected amongst Colored Americans at the present time, and that the substantial unanimity of opinion expressed by the leaders of all schools of thought represented last summer at the Amenia Conference is working out in the direction of a more united front to the common enemies of the Race.

James Weldon Johnson was born in Jacksonville, Fla., June 17, 1871, where he was educated in the public schools. In 1894 he graduated from Atlanta University with the degree of A. B., and he received his Master's degree at the same university in 1904. His Southern birth and Southern training will make it possible for him to work and organize in the South as no Northern man could. Mr. Johnson also spent three years in graduate work at Columbia University, in the city of New York, and for several years was principal of the Colored high school at Jacksonville. He was admitted to the Florida bar in 1897, and practiced law in Jacksonville until 1901, when he removed to New York to collaborate with his brother, J. Rosamond Johnson, in writing for the light opera stage. He married Grace E. Nail of New York in 1910.

Mr. Johnson, too, has had an interesting career in the public service. In 1906 he was appointed United States consul at Puerto Cabello, Venezuela, being transferred as consul to Corinto, Nicaragua, in 1909, and to the Azores in 1912. While at Corinto he looked after the interests of his country during the stormy days of the revolution which resulted in the downfall of Zelaya and the abortive revolution against Diaz.

His knowledge of Spanish has been put to use in the translation of many Spanish plays. He was the translator for the English libretto of "Goyescas," the Spanish grand opera produced at the Metropolitan Opera in 1915; and Mr. Johnson also has several translations from the French to his credit. But it is as an American author that he is best known. His poems have appeared in the Century, the Independent, the Crists and other magazines; and his novel, "The Autobiography of an Ex-Colored Man," is one of the most powerful stories ever woven about the theme of Race relations.

Mr. Johnson is a member of the American Society of Authors and Composers; of the Civic Club, New York; and is vice-president of the New York Branch of the National Association for the Advancement of Colored People. Recently he has been on a six weeks' mission throughout the South, representing the National League on Urban Conditions Among Negroes in an endeavor to persuade the editors of the leading white newspapers to take an enlightened attitude toward the exodus of Negro labor at present going on. Everywhere he was received with the greatest courtesy and consideration, and much good is expected to result from his presentation of the Negro case.

While for the present at least, Mr. Johnson will continue to act as contributing editor of the New York Age, his great abilities as writer, speaker and politician will henceforth be devoted to organizing the millions of Negroes in America and spreading the doctrine of an uncompromising demand for their full rights as American citizens until the program of simple social justice for which the N. A. A. C. P. stands is realized.

TWO VERY UNIQUE AFFAIRS

The New Year was fittingly observed by many of the organizations and families of this city, and in spite of the hard times cry each and every one of these affairs were reported excellent.

At the First A. M. E. Church

At 2 o'clock p. m. the doors of the First A. M. E. church were thrown wide, not only for the reception of members and friends of the church, but likewise for strangers and all who cared to come within her holy confines.

Upon entering the church each visitor was met by Mrs. S. Middleton at the door, who was charming in a gown of black and wore a big picture hat of black and pink. Mrs. Middleton has a very pleasing countenance, but like Mrs. Clarkson and the other ladies of the Mite Society, who made New Years Day one long to be remembered by all who visited the First A. M. E. church. She was especially pleasing upon this occasion.

After being welcomed by this pleasing lady at the door each person was directed to booth No. 1, where chili and wafers were served and from there to booth No. 2, where there was coffee and sandwiches, and from thence to the ice cream and cake booth and on into a pretty tea garden where tea was served in real Japanese fashion by daintily gowned Japanese ladies.

Each booth was beautiful in Christmas decorations and each lady occupant was equally as beautiful. And just think! All of this was given without money or price. Those who participated in this hospitality were loud in their thanks and praise to Mrs. Craw and the ladies who provided this sumptuous treat.

Open House at Mrs. Sarah Shores Residence on E. 11th St.

Demonstrating the true doctrine of the order as to fraternity and brotherhood Shores Temple held open house at the residence of Mr. and Mrs. W. H. Shores, Monday, New Years Day, during which time members and friends formed a steady stream that flowed in and out during the entire day. Mrs. Shores never grew weary with her pleasing smile, and hearty hand shake as she bade them one and all welcome to her little mansion, for any home where love reigns supreme is a mansion.

The visitors were invited into the parlor where they were introduced, and from thence into the beautifully lighted dining room where at the head of a great table laden with jellies, cakes and fruits Mrs. J Jennings in a pale blue silk gown with a glittering crown on her forehead sat, and Mrs. Harris similarly gowned sat at the foot. These two ladies assisted by others who remained up and about served all who came and went to the many good things that had been carefully prepared by loving hands for this occasion, and so the spirit of true brotherhood for the New Year was well begun.

JOINT INSTALLATION

Wednesday evening, Jan. 4th, Odd Fellows hall was a scene of great activity, for it was upon this occasion that Household of Ruth 561 took the initiative in inviting the other Households and Odd Fellow Lodges of the city to join in a ceremony of installation.

Each lodge was well represented in membership and the short but timely program preceding the ceremony was heartily received.

After the program Mrs. V. Ransom being absent, Mrs. Eliza Warner was called upon to install the newly elected officers of the three Households represented and even though she was very hoarse Mrs. Warner was equal to the occasion, and wrought well the duty imposed upon her to the extent that whispers went forth, "She is always good." In giving the charge Mrs. Warner reminded the women of the sacredness of their duties as officers of such a great order as the Household of Ruth.

D. G. S., S. P. Johnson then came forward, sounding his call for his sturdy sons as he was wont to call them, and he, too, in strong but well chosen language gave the charge to those who were to guide the great ship of Odd Fellowship during the year.

Refreshments were served and all valient soldiers of G. U. O. of O. F. & H. of R. at a late hour of the evening wended their way homeward.

What the Churches are Doing

FIRST A. M. E. CHURCH NOTES

Corner 8th and Towne Avenue. Rev. J. Logan Craw, Pastor

Including the watch meeting service three large congregations worshiped at First church last Sunday. Spiritual fervor ran high and everybody was happy. The pastor delivered the two sermons. Brother Robert True and wife conducted the prayer and praise meeting during the watch night hours. In response to the pastor's appeals for better and more consecrated lives with which to enter the New Year there were seventeen souls who came forward and united with the church. Four of these were converts.

Sunday, Jan. 7, is the new Sabbath in the New Year. It is quarterly meeting day and Presiding Elder Wilson will preach at the morning and evening service. At 3 o'clock the Rev. J. C. Anderson of Philips Chapel, C. M. E. church, who has been delivering inspiring sermons each night this week in the Union revival at First church will close up his series of sermons. This afternoon service is especially emphasized for the convenience of all congregations to unite in the communion of the Lord's Supper and do personal work in the salvation of souls. Everybody welcome to these three big services the first Sunday in the New Year.

The Union revival service is going on to the enhancement of real spiritual good to all that have attended. Dr. Anderson kept the "fire burning" each night this week. Dr. Robeson of First A. M. E. Zion church will be the speaker all next week. Meeting begins at 7 o'clock each evening. You are welcome to attend, and help in this great cause for the saving of souls and the reviving of the church.

MT. ZION BAPTIST CHURCH

Sunday we were favored with a large crowd at both services. The pastors' subject, "Marking Time," drew forth quite a number of favorable comments. Next Sunday morning he will speak on the subject, "Our Attitude." Special music Sunday evening by the choir. You will miss a treat if you fail to hear Zion's sweet singers. Zion is very active in arranging their work for this year. Every department is very busy. Thursday evening the officers of all departments will be installed. The public is cordially invited.

Sunday evening, January 7th, the choir of the Mt. Zion Baptist church will give a sacred concert. Don't miss it! Attractive music will be a feature of the concert.

SECOND A. M. E. CHURCH

Rev. E. R. Johnson, Pastor

The services of the last Sunday in the year were well attended and highly spiritual. The pastor preached two edifying sermons, which were well received.

The watch meeting was a great success.

The Helping Hand Society under Mrs. Robt. True, presented $12.00 as a New Year's gift from the little sacks so generously filled by friends from all parts of the city. Six dollars to the church and six to the pastor. The pastor spoke in hightest terms commending the Helping Hand for the great help it had rendered, raising over $50.00 since conference.

The pastor thanked the many members and friends for so kindly remembering his wife and himself during the Christmas season. Besides a great many useful presents, including groceries and turkey, we received $25.00 in money, for which we are very grateful to friends all over the city.

We wish the New Age and the citizens of Los Angeles a happy new year.

Let us all meet in the Union Revival at the First Church.

LINCOLN MEMORIAL CONGREGATIONAL CHURCH

34th St. and Central Ave.
E. E. Lightner, Minister

The closing day of the old year was fittingly observed in three splendid services at this church. The pastor occupied the pulpit at the morning service, speaking on "The Christian's Mission." Following a very warm meeting of the Christian Endeavor Society in the evening, a musical program was rendered to the delight of all present. At the watch meeting which began promptly at eleven o'clock the presence of the Holy Spirit was manifest in the testimonies and prayers offered.

On next Sunday there will be communion at both morning and evening services. Let every member be present to partake of this first communion of the new year. The pastor will occupy the pulpit at both services. Morning, "Gain by Sacrifice." Evening, "Love to an Unseen Saviour." Christian Endeavor, 6:30 p.m. Topic, "Are You Evading Moral Issues" Matt. 12:22-30 (consecration meeting), Mrs. Joseph, leader.

A cordial welcome to all services.

PHILLIPS CHAPEL C. M. E. CHURCH

1406 Newton St.

Rev. J. C. Anderson, Pastor

Sunday was a day long to be remembered in the annals of this church on account of the glorious services enjoyed both morning and evening. The pastor preached at both the services and the two discourses were enjoyed to the highest by the splendid congregations who were in attendance.

The watch meeting services were especially enjoyable and the people praised the Lord and enjoyed a resolution meeting well into the new year.

The pastor and his family were the recipients of numerous tokens from their friends and well wishers.

The members and friends gave the pastor a purse of $16.05 as a Christmas present at the Christmas tree on the night of the 23rd of December. Many thanks for the same.

The burden of the many resolutions at the watch meeting services were that every member and friend was going to labor to make this one of the very best years in the history of the church and everyone pledged themselves to do their utmost to bring about this much desired result.

Quite a few visitors were with us in service on the last Sabbath in 1916 and a cordial invitation is extended to them to come and worship with us again. The pastor and congregation are engaged in the union revival service at the First A. M. E. church this week and will be until the close.

Next Sunday is communion service and the officers and pastor are expecting the membership out in large numbers.

WARD A. M. E. CHURCH

1354 Channing Street. Rev. J. W. Price, Pastor

We are very thankful to the Almighty for the very successful manner in which we were able to close the old year.

From the Sunday School in the mornig the great wave of enthusiasm swept on through the day—a splendid morning service, only to be followed up by the very interesting and novel afternoon service, and great Sunday School review conducted by Mrs. J. C. Slaughter, assisted by Prof. Hale and Dr. Eason. The meeting was well attended and all had such a good time that it was decided that this review will be held once per quarter. The great audience was divided up into classes and of course the women led this time. The evening service concluding with a watch meeting closed a very profitable day's worship. Thanks be to God for it all.

Services Sunday, Jan. 7th, 1917

Sunday School at 9:30 a. m.; preaching at the morning hour, 11 a. m.

At 3 p. m. the pastor and congregation will worship at First Church, 8th and Towne avenue, as the Union revival is in progress and everybody will be there.

At 6:30 p. m. the Allen Christian Endeavor will meet. Regular evangelistic services at 8 p. m. The pastor will speak at each service. All are welcome.

THE PEOPLE'S INDEPENDENT CHURCH OF CHRIST

Odd Fellows Hall, Cor. 8th and Wall
Rev. N. P. Greggs, Pastor

Soul stirring services marked the close of the year at this church. Beginning with the Sunday school session and continuing on throughout the watch services, the members and friends who crowded into Odd Fellows Hall for worship, enjoyed an old time gospel feast. The pastor, with his usual force delivered two wonderful and impressive messages which touched the hearts of his hearers with telling effect. His text for the morning was Isa. 41st chapter, 10th verse. In the evening he preached from St. Luke 24:29. Eight accessions to membership were made, including four converts.

WESLEY M. E. CHURCH NOTES

Rev. W. E. Kinchen, our former pastor, has kindly consented to fill his old familiar place in Wesley's pulpit Sunday, January 7. Brother Kinchen is doing the brotherly thing by Dr. Shaw, the new pastor, who has been detained at Little Rock, in visiting the sick and burying the dead of his former congregation. Mr. L. G. Robinson, who is always accep- morning last, will fill the pulpit Sun- table at Wesley, and who preached such an able sermon on Sunday day evening.

Y. M. C. A. NOTES

Sunday afternoon, Jan. 14th, is the date set for the W. A. Hunton Memorial services at the Y. M. C. A. These services are being held this month throughout the country by both city and college Y. M. C. A.'s. Many old friends of Mr. Hunton will serve on the program. All are invited to attend.

CHURCH AND SOCIAL ACTIVITIES IN CROWN CITY

HIGH SPIRITUAL FERVOR MARKS NEW YEAR'S OPENING AT A. M. E. CHURCH

A watch-night service such as the church has seldom seen marked the beginning of the New Year at the A. M. E. church last Sunday. This service closed a day of profitable meetings in Sunday School, Young People's meetings as well as at the regular services. At morning service the pastor preached and one accession from the Sunday School was recorded. The Young People's meeting enjoyed a program by the girls of the society. The evening service proper was given over to a social concert by the choir, assisted by Mrs. Corrine B. Hicks and Miss Inez Madison. Followed an intermission during which refreshments were enjoyed. The watch service began promptly at 10:30. Short exhortations by Brothers Isaac and Wm. Prince and a praise and prayer service conducted by the pastor deeply stirred the crowd that filled the lecture room. One accession was made at this service. Plans for a four nights' Anniversary and Fair for February 21, 2, 3 and 4th were announced Sunday. This will prepare for the big rally. Quarterly meeting will be held Sunday week. Next Sunday the pastor expects to preach morning and evening to large congregations, as it will be the first Sunday in the New Year.

METROPOLITAN CHURCH NOTES

Watch night services last Sunday evening were well attended. Very impressive services are expected Sunday, especially in the first communion of the New Year. All members and friends are invited to be present. The Sunday School as well as the B. Y. P. U. are doing well. The older people are also invited to come out and take part in the Young People's meeting. It is expected that Mrs. McMickens, president of the Union, will be at her post soon, after weeks of illness. The Booker T. Washington Club will meet at the Social Hall next Thursday. An interesting program will attract. The 20th Century Club will meet with Mrs. Hughes at 515 East Colorado, on Jan. 13, Monday.

SCOTT CHAPEL NOTES

The last Sunday in the old year was a day of great inspiration and blessing to the members and friends of this church. The sunrise prayer meeting started the day with a great outpouring of the spirit which continued through the Sabbath School and the 11 o'clock service and the watch meeting service which concluded the biggest day that many of us have ever seen. Fine audiences turned out at all services. Pastor Kinchen delivered his Christmas message at the 11 o'clock service. In the evening the choir rendered the great oratorio "Emmanuel," and so wonderful was the singing and so helpful has it been to the audience who heard it, that Madam E. Monroe Beavers is being urged to repeat the same at some early date. This splendid effort goes very far in proving the great ability and fine leadership of Mrs. Beavers and the great power she has in bringing out the inner message of all the music that she handles. Professor W. V. Howard and his fine girls, Elnora and Jennette, assisted the choir.

The last part of the evening service was given over to a very unique way of observing the watch meeting. At 10 minutes of 12, Pastor Kinchen had all the congregation to bow while he administered the Holy Communion and as the clock struck 12 the last person in the house was served with this holy emblem. It sent a great thrill through the hearts of the people and gave them a great vision of their relationship to God for the year 1917.

Next Sunday the pastor will preach his New Year's sermon at the evening service and all the friends are cordially invited to attend these services.

A PACK OF CARDS.

A private soldier by the name of Richard Lee was taken before the magistrate of Glasgow, Scotland, for playing cards during divine services.

A sergeant commanded the soldiers at the church, and when the parson had read the prayers he took the text. Those who had Bibles took them out, but this soldier had neither Bible nor common prayer book, and, pulling out a pack of cards, he spread them before him. He first looked at one card and then another. The sergeant of the company saw him and said:

"Richard, put up the cards. This is no place for them."

"Never mind that," said Richard.

When the services were over a constable took Richard prisoner and brought the magistrate.

"Well," said the magistrate, "what have you brought the soldier for?"

"For playing cards in the church."

"Well, soldier, what have you to say for yourself?"

"Much, sir, I hope."

"Very good. If not, I will punish you severely."

"I havebeen," said the soldier, "almost six weeks on the march. I have neither Bible nor common prayer book. I have nothing but a pack of cards, and I hope to satisfy your worship of the purity of my intention."

Then, spreading the cards before the magistrate, he began with the ace:

"When I see the ace, it reminds me that there is but one God.

"When I see the deuce, it reminds me of Father and Son.

"When I see the trey, it reminds me of the Father, Son and Holy Ghost.

"When I see the four, it reminds me of the four evangelists that preached—Matthew, Mark, Luke and John.

"When I see the five, it reminds me of the wise virgins that trimmed their lamps; there were ten, but five were wise and five were foolish, and were shut out.

"When I see the six, it reminds me that in six days the Lord made heaven and earth.

"When I see the seven, it reminds me that on the seventh day God rested from the great work He had made and hallowed it.

"When I see the eight, it reminds me of the eight reighteous persons, who were saved when God destroyed the world, viz.: Noah and his wife, his three sons and their wives.

"When I see the nine, it reminds me of the nine lepers that were cleansed by our Savior; there were nine of them that returned thanks.

"When I see the ten, it reminds me of the Ten Commandments which God handed down to Moses on the tables of stone.

"When I see the king, it reminds me of the great King of Heaven, which is God Almighty.

"When I see the queen, it reminds me of the Queen of Sheba, who visited Solomon, for she was as wise a woman as he was a man. She brought with her fifty boys and fifty girls, all dressed in boys' apparel, for King Solomon to tell which were boys and which were girls. The King sent for them to wash. The girls washed to the elbows, the boys to the wrists. So King Solomon told by that."

"Well," said the magistrate, "you have described every card in the pack except one."

"What is that?"

"The knave," said the magistrate.

"I will give your honor a description of that, too, if you will not be angry."

"I will not," said the magistrate, "if you do not term me to be the knave."

"The greatest knave I know is the constable who has brought me here."

"I do not know," said the magistrate, "if he is the greatest knave, but I know he is the greatest fool."

"When I count how many spots there are in a pack of cards, I find 365, as many as there are days in the year. When I count the number of cards in a pack, I find 52—the number of weeks in a year.

"I find there are twelve picture cards in a pack, representing the number of months in a year, and on counting the tricks I find thirteen, the number of weeks in a quarter. So, you see, a pack of cards serves for a Bible, an almanac and a common prayer book."

IN SOCIETY

BY MISS VIVIAN CAMPBELL

Mrs. I. Watts entertained in honor of her husband's birthday with a dutch luncheon. The tables were beautiful, having at each place old German steins and a centerpiece of American Beauty roses. Twelve friends enjoyed Mr. Watts' surprise and departed, saying Mrs. Watts was an ideal "dutch woman."

Miss Beulah Hall and sister, Mrs. James, entertained about thirty firends New Year's eve night with a beautiful dancing party. Decorations were of poinsettias and Christmas bells. Dainty refreshments were served at 12:30. No need to say that all the guests had a most enjoyable time, because they always do at this special place.

The Cosmopolitan Club ball, given New Year's night was a grand success, both in attendance and in the amount of class, the new feature being in the giving of prizes with lucky numbers. About twenty prizes were given during the evening.

Miss Della Dogins is still very ill at her home at East 37th St.

Mrs. Louisa Littlejohn Walsh entertained with an all-night dancing party New Year's Eve. Fifty young firends enjoyed Mrs. Walsh's hospitality. Music was furnished by Mr. Smith and Mr. Walsh. At two o'clock a tempting table was set and the guests enjoyed one of the most delightful spreads of the year. Dancing then occupied the rest of the evening, until Mr. Walsh played "Home, Sweet Home" at 5 a. m.

Wonder why Miss Clyde Brown gave her Cocoa away to a strange young man when she was so hungry? No one can play the "Homesickness Blues" like Miss Josephine Brown. Such a touch!

Miss L. Lucas felt pretty shaky one day last week, when she received a card saying a telegram and a special delivery letter were waiting her call. Really, she couldn't get up there alone. So she persuaded a friend to go along to catch her if the worst came. On opening the message, she read these sad words: "Baby, send your mother a pound cake right away."

Mr. and Mrs. Tanter entertained in honor of Mr. McFarland, visiting here from Oakland. This was one of the prettiest dancing parties of the winter season. About twenty young people lent a charm to the beautifully decorated rooms.

Mrs. Saunders entertained the Anti Cant's with a dancing party last Friday night.

A BEAUTIFUL NEW YEARS LUNCHEON

Beginning the New Year, 1917, Mrs. J. H. Franklin served a beautiful and handsomely appointed luncheon, January 1st, at 2 o'clock twelve attractive and beautifully gowned ladies, all aglow with the New Year spirit, found their places at a huge table gay in many dainty favors and gorgeous decorations.

Those present were, Mrs. W. A. Williams, Mrs. Blackshear Walley, Mrs. D. Martin, Mrs. Wm. Motley, Mrs. H. Brown, Mrs. J. W. Bush, Mrs. V. Jackson, Mrs. Nathan Owens, Mrs. J. Baker, Mrs. W. H. Joyce, Miss E. Thomas, Mrs. J. H. Franklin.

The guests departed declaring Mrs. Franklin an excellent hostess.

RIVERSIDE

The Colored citizens of Riverside packed Mercantile Hall on East 12th street, on New Year's night, the occasion being the celebration of the fifty-first anniversary of the Emancipation Proclamation.

Never before in the history of the city did such a vast number of our people come together for this occasion.

An elaborate program was prepared and rendered. Rev. F. W. Cooper presided as master of ceremonies; Mrs. Alice Streeter read the Proclamation; Rev. C. J. Lockheart spoke on "The Religious Development of the Negro Since His Freedom." Rev. G. W. Reed was the orator of the day, and he acquitted himself with credit. He reviewed the history of the Negro from the time he was brought to this country, showing his remarkable advancement, which he said, no other race could boast of.

The Second Baptist Church closed a successful series of meetings on last Sunday night. Pastor Reed preached each evening. This church continues to develope along all lines, not a ripple is seen on the water.

The Christmas exercises at the church were a brilliant affair. Many beautiful presents were given out. Pastor Reed and family were largely remembered.

Rev. Dr. J. D. Gordon, of Los Angeles, was in the city during Christmas week, visiting relatives and friends. While here he preached several nights at the Park Avenue Baptist Church, and was the guest of Rev. and Mrs. Reed at dinner on Friday.

The family reunion of the Gordons brought together 61 persons of that family. The meeting was at the home of Deacon H. B. Gordon, of East Twelfth street.

Rev. and Mrs. C. J. Lockheart and Rev. and Mrs. G. W. Reed were the guests of Mrs. Williams, of Brockton avenue, on New Year's Day.

The allies in refusing the proposed peace parley no doubt have supreme confidence in their ability to win in the end.

We appreciate very much the promptness with which many of our subscribers paid their subscriptions for 1917, and our happiness will be complete if the others will only follow suit.

The All-American League is preparing for a mighty display of the progress and the advancement of the people at their second annual conclave at Exposition Park on February 22nd.

The governor of South Carolina is to be commended for the effort he is making to discourage lynching and no doubt the effort to check the exodus of Negroes from the Southland can be successful if the South will give him protection and a man's chance in the race of life.

LET'S ORGANIZE MONEY

A prominent visitor in this city has inscribed as a motto on his personal business cards, these words:

"We have organized man:
Let's organize money."

To our mind this is the missing link to the success of the Negro in this section in the business world. The evidence is at hand that this has been his weakness, his failure to successfully organize money.

The Japanese, the Greeks and all other nationalities have outstripped us in organizing our forces along the line of business efforts and now it is apparent to all that the crying need is to organize money.

We have been successful in organizing churches, lodges, and with the same genius put forth along business lines we could no doubt be equally as successful along the mercantile lines.

There are many more of our people in this city than there are of Japanese but note the difference in the showing along the lines of business endeavor, the Japanese have learned not only to organize "man," but have been taught the lesson of organizing "money."

The bearer of the card has made a success in life. He has by practical demonstration made good and has a competence for life, and the citizens of Los Angeles would no doubt welcome his counsel and advice along the lines of the motto he presents and we have no doubt but that he would gladly collaborate along these lines if invited to do so.

A WORTHY APPEAL.

Galveston, Texas, Dec. 9, 1916

To the Negro Press of America and the Citizenship of America:

We wish to review the Texas City outrage and false imprisonment case of August 18, 1915. The case was filed in the United States Court, June Term, 1916, for damages in the sum of One Hundred Thousand Dollars. On account of an error in the petition as to jurisdiction the Court held that the case should be brought in the District State Court of the County in which the wrongs were committed and not originally in the Federal Court.

Facts about the case: In August, 1915, General J. Franklin Bell, the Board of Trade and the Mayor of Texas City ordered seven thousand United States soldiers and all of the city policemen to round up the whole of the Negro population in Texas City. This order did not include any other nationality. This shameful and disgraceful act was obeyed to the letter and the spirit in which it was given. After having driven men, women and children through the streets under guards on horseback armed with pistols and army guns, like cattle to a selected place, there they separated husbands from wives and children from parents. The organized the men in squads of ten and placed United States soldiers over each squad, making them work the streets all day and jailed them at night. There were about two hundred men, three hundred women and two hundred childen.

Often the men were forced to get into water waist deep without pay in cleaning up the streets of Texas City. Many of the men were beat over the head with pistols. At night they were compelled to sleep on a cement floor without bedding of any kind.

Treatment accord the women: Our women were separated from their husbands and placed in another building sixteen blocks away unprotected. Many of them were insulted by the soldiers. One old lady was carried there on a cot. She was very much excited and shocked by the treatment and did not live very long after the prison camp closed. The prison camp lasted for the long period of five days and nights. This concerns the whole Negro race throughout the world. The following committee asks the public for a donation of from ten to twenty-five cents each to push our case in the courts to a final determination. Secretary Garrison has had it investigated.

Second Grand Conclave of All-American League to be Held.

With the announcement of the All-American League that its Second Annual Conclave will be held February 22, 1917, at Exposition Park beginning early in the morning and lasting throughout the day, all interest is focusing itself on that day. While the details of the program have not been announced it is asserted by those in charge that the Second Annual Conclave will surpass even that of last February. It will be recalled by the citizens of Los Angeles and vicinity that the First Annual Conclave of the All-American League, held in Exposition Park February 22, 1916, was the biggest thing of its kind ever given in this part of the country. In addition to the tremendous free barbecue given by the League, the program rendered was of a higher and different order than anything ever attempted heretofore.

This year's conclave will include reports of the progress of the race and of inter-racial progress throughout California during the past year. There will be exhibits of the handiwork and achievements of colored citizens throughout California. Gold medals will be given to those making the best exhibits along particular lines. Certificates of Honorable Mention will be given those meritorious exhibitors in the order of their merit. The free barbecue promises to be more unique than anything of its kind ever given. All of the meat given in the barbecue will be raised entirely by colored citizens in California and all of the preparation and serving work will be done by colored citizens of the State of California and even the eating for the most part will be the work of colored citizens of the State of California. The program will include addresses by the leading colored, white and Japanese American citizens of the State. The one distinguishing feature of all the addresses will be a complete obliteration of the color line.

Every organization among the race in the State will be invited to participate in the exhibits. All individuals and organizations interested in making exhibits along either of the followng lines are invited to address their communications to the conclave Committee of the All-American League, care of 221 Lissner Bldg., 524 S. Spring St., Los Angeles, Calif. The exhibits will include the following range: Domestic Arts—pastry, cooking, and general house-wifery; Industrial Arts—business and commercial activities, tailoring, carpentry work, machinery, sculpturing, metal work, mining, fisheries, agriculture, horticulture, viticulture; Fine Arts and Miscellaneous. A special department of exhibits will provide for sworn statements shown the progress made by various race institutions, such as Lodges, Churches, Societies, Clubs and the like. These articles should be carefully typewritten and accompanied by pictures illustrating the same. To use the words of the Conclave Committee, February 22nd has been set aside as a day of feast and triumph for all of the colored citizens of California. All eyes and faces will be turned in the direction of Exposition Park early in the morning of February 22nd.

Detailed announcements of the classification of the exhibits and medals will be made in next week's paper. In the meantime all prospective exhibitors are urged to communicate with the Conclave Committee by letter immediately, requesting reservation of space for exhibits.

A CALL TO THE MUSIC LOVERS.

Los Angeles, by no means, is void of music talent yet, far from a musical unit when it comes to a phrase of organization. The many musical talents that the city is heir to, is void of a deserving appreciation and fond adoration, due to the fact that they have failed to organize and become co-workers in the music ranks. A get-together movement has been appreciatively planned by Dr. W. C. Gordon and others, whereby a fostering of interest among the music lovers of the city might be fruitful in the scope of the public entertainments, as well as reciprocal in its nature, and a special training to the individual.

Sometime agofi a goodly number of persons, versed in music and music lovers, met at the home of Mrs. Bacon on West 36th street. The Choral Society listened with zeal and interest to the outline and plans of the work by their director, Dr. Gordon. The schedule of the work was explained, which showed a beneficiary in its character both to the public and each participant of the Choral Society. The society will meet Thursday evening, Jan. 11, at 8 o'clock, at the Second Baptist Church, Maple avenue. At this special meeting, a completion of the election of officers will take place, together with the adoption of the constitution and by-laws of the society. All persons desiring a connection with the Choral Society in any way are very cordially invited to be present at this meeting, for all persons of good moral standing and musically inclined desiring to increase their musical talent, and who are willing to cooperate with the society, its director and officers—to engender success, are eligible to membership.

THE BOOKER T. WASHINGTON MEMORIAL FUND DAY AT THE FORUM CIVIC LEAGUE HALL, FULLY SUCCESSFUL.

By Walt L. Gordon

The campaign of the Forum and public spirited citizens to raise Los Angeles' part of the memorial fund for Tuskegee and incidently to commemorate the life of the lamented leader, Booker T. Washington, was successful beyond all cavil, even though right after Christmas and in the midst of the holidays. There was a capacity house, standing room was at a premium in the rear. Every number was heartily applauded. Miss Bertha Miller and Edna Heard of Santa Monica sang in great style. They both have voices of depth and compass. Prof. J. C. Banks, formerly of Tuskegee, but now of the U. S. Custom service, impressed all with his knowledge and flow of correct English. His talk was instructive indeed. Rev. B. C. Robeson's oration was a triumph—shows him to be a scholar and a pulpit orator of no mean rank.

Mr. Noah D. Thompson, talked intimately of Dr. Washington, as he was very closely connected with him in his work at Tuskegee.

The Seventh Day Adventist choir under Mr. R. A. Lawrence furnished music. Master Malcolm Patton rendered a violin selection. Mrs. E. E. Barr made an appeal to perpetuate the name and work of Dr. Washington by helping.

Cash and subscriptions amounted to $30.82. The New Age and The California Eagle both gave liberal checks. Mrs. E. E. Barr, treasurer, announced that $73.19 had already been subscribed, making a total of $104.01. Los Angeles proposes to raise $250 as her share of the fund.

This was the second meeting for such purpose.

Mr. Al Ramsey says that Mr. Harry Hall is getting slower and slower. Pretty soon he will be in Tallow Dip's class.

Mr. and Mrs. Smith and Mr and Mrs. M. T. Laws spent a pleasant day ta Tia Juana, Mex., Monday. Mrs. Smith was the guest of Mrs. Laws.

WORLD'S RECORD BREAKING EXPOSITION CLOSES WITH IMMENSE CROWN AND A BIG SUCCESS

First Time in Two Years Ground Practically Deserted

With hundreds of attendants trying to remove the confetti, tin horns and other evidences, the world's record-breaking exposition has closed after two years of successful running.

The official count showed that fully 30,000 people were present on the closing day.

The employes and concession holders were busy packing and shipping some exhibits to the East, and others to San Francisco. Everything and everybody seemed to be mourning. Even the pigeons, which have delighted thousands, seemed depressed. They would miss the gay crowds and wonderful music of Tommasino's band.

The Administration building was astir, stenographers taking their last dictations and filing their last letters.

The animals at the zoo didn't seem to know how to account for not having crowds pointing, gazing or admiring them.

The Hula girls' gay voices are no longer heard, the merry-go-round seems mourning, the roller coaster is silent, the only signs of habitation is the clang of motor trucks.

The Exposition will remain open for three months, giving the concession owners time to remove their amusements. Dr. Humphrey will play each day at 2:30 as usual. The 21st Regiment will drill several times each week on the Plaza de Panama, the first drill being held Thursday evening, at which Madame Ernestine Shuman-Heink will present the colors.

The weather handicaped the closing day. Had it been favorable it was estimated 50,000 people would have been present.

Mr. Claude Neil, of Los Angeles, is spending a few days in our city.

In making your New Years resolutions, don't forget to swear off being behind with your Eagle subscription.

The rain has cleared off and the weather is predicted fair for the next few days. "Sunshine California!"

The Eagle wishes everyone a happy and prosperous year.

THE NEW YEAR'S DANCE WAS A RECORD BREAKER

The Black and Tan orchestra has proved to be a magnet, the way it draws crowds to its dances. Another record-breaking crowd was present, which even excelled the Christmas crowd. The music and the enjoyment, if it possibly could be, seemed better. The floor was exquisite and everything was carried out just so. Numerous rumors stated that they had never been to a dance they enjoyed as much as this one.

The Black and Tan orchestra will continue to give its weekly dances every Wednesday night, and if you persuade yourself to come out once we know you will come again.

The rain did not prevent thousands from visiting Tia Juana New Year's Day. Large numbers of Los Angeles people were seen in the crowd. They would have come home richer and wiser had "Custom House" been true to her colors. Wednesdays are still off days, while Ladies are admitted free Tuesdays and Fridays, as usual.

A large crowd was present and witnessed a hotly-fought debate last Tuesday evening on the advantages of country and city life. The country life was proven to be the most favorable to the individual. Very interesting talks were given by Messrs. Mulholland and Mason and Messrs. A. Brooks, Busbie and Goodwin. The next meeting will be an open discussion on whether capital punisnment is justifiable. A large crowd is expected, and we hope you will be one of the number to enjoy these debates.

Mr. B. C. Reese, of the Santa Fe, was on the sick list this week. We are glad to know he is out again and all smiles.

Mrs. Hanks, of Los Angeles, accompanied her husband to the city to take in the Exposition before it closed, this being her first trip to San Diego. She reports having one of the most enjoyable times since coming to California. Mr. Hanks is employed by the Santa Fe.

Rev. Guy, of the Bethel A. M. E. Church, accompanied by the Presiding Elder, Rev. Wilson, reports that they enjoyed a wonderful quarterly meeting, Dec. 31, ending with a grand watch meeting.

CALEXICO NEWS

California Eagle:

Calexico is now the livest town in the Imperial Valley. Our people are making money. There is plenty of work for all. Colored men are doing well on the ranches. Several have good, serviceable automobiles. Those who are in busines sare making good.

Mr. Lott, the lunch man, has a nice place on Second street, the main street of the town. He feeds all the people, regardless of color. Mr. Jas. Akers has a first-class cigar stand, the best in this section of the State. Mr. Frank Collins conducts a clothes cleaning shop. He is building up a substantial business. Their businesses are also on Second street. Mr. George W. Holloway's rooming house is overcrowded each night. He cannot accommodate the people who are coming into town. His barber shop is well patronized by all races. He has a good team, which is kept busy hauling for a firm in this vicinity.

Mr. Hooe is in the express business. He is a live man in the right place.

Mrs. Mary Stewart has just completed a two-story brich building with rooming and office facilities combined. She readily found renters at a good profit. Mr. E. E. Myers has a brick building on Imperial avenue with two floor spaces. One side he rents to an electric company. He conducts an up-to-date barber shop in the other space. Mr. Myers' and Mrs. Stewart's buildings are in the heart of the business district. Mr. Bert Jackson is cotton sampler at the Calexico compress. He is well liked and trusted by his employes.

Mr. Frank Webb and wife, the pioneer real estate owners among our people, have several renting houses on the east side, and good vacant property in the center of the town. The Colored boys, so far, have control of the shine parlors.

Rent houses cannot be had at present. Building rent houses houses would be profitable for someone of our race who has money to spare.

Through the kindness of the Southern California Christian Association. El Bethel Church (Colored) will soon have a church house to worship in. The Christian Missionary Society donated them a lot. They expect to build in a short time. Rev. E. C. Dyer is pastor of this church.

Mr. Emert, the theater manager, has willingly given the use of his building to hold services in until the church is erected. Within ten days Calexico will begin its street paving. This will be the first paving laid in this town.

Sober, industrious race men and women are always in demand and readily find a welcome here. Mrs. Mallory, Mrs. Hayden and Mr. John Connor have private rooming places. They cannot care for all who wish to stop with them over night.

Mr. Shumate, who came to Calexico as an invalid two years ago, is managing his own business and making money. The climate here in winter is mild. Everybody seems to be making money and is happy.

SUCCESSFUL FOWLER RANCHER MEETS UNTIMELY DEATH

Mr. Lee N. Crane, one of Fowler's most successful Colored ranchers, was kicked by a young horse on his own ranch a few months ago, the result of which was temporary insanity. Mr. Crane was confined at the State institution at Patton about four weeks, and passed away there last Tuesday morning at 6:30.

The last funeral rites were observed at the Second Baptist Church, Friday afternoon, Jan. 5th, at 2 o'clock. Smith & Williams, undertakers, were in charge.

Mr. Crane leaves a wife, one sister and two sons to mourn his loss, all of whom are in this city.

GREAT OPPORTUNITY TO SAVE VALUABLE PROPERTY FOR RACE

In Orange county, near Anaheim, G. W. Bright, well known pioneer fireman of this city, at present a lieutenant at Hose Cart company No. 4, owns a tract of land consisting of about 28 acres. In order to save this property to the race and its posterity, Mr. Bright is forming a syndicate to take over one-half of this property, the assessed valuation of which is $800 per acre. This land is planted to orange trees and English walnuts, which are already bearing. Now, Mr. Bright has a splendid plan of selling shares at $5.00 per share, and on this plan lies the hope of procuring enough of our people to buy these shares to save this property for the colored people. We have looked over the papers and we have no hesitancy in commending the same.

For particulars call G. W. Bright, Wilshire 3842, or see him in person.

CONDOLENCE

Mr. Ike Johnson, 749 Ceres Ave. Resolutions of sympathy from Queen of Sheba Chapter No. 7, O. E. S.

Wheras, Our Heavenly Grand Patron, in his all wise providence has called our beloved sister and P. W. M., Sister Fannie J. Johnson from her earthly cares and sorrows to that beautiful land above, where no night cometh and where the light of his presence maketh eternal day, and

Whereas, Her passing has taken another link from our fraternal chain, thereby reminding us of the frailty of all things mortal, and

Whereas, The home of which our beloved friend was the light and joy for a brief span is suddenly darkened and saddened because she is no more, be it

Resolved, That we regret the loss Queen of Sheba Chapter No. 7, O. E. S., has sustained by the death of Sister Fannie J. Johnson and that we express our deepest sympathy to the faithful husband so sadly bereaved. Be it

Further Resolved, That we believe that in our departed sister the Christian graces, embodied in our beautiful star, were exemplified to the highest degree, that earth is made poorer by her departure, and heaven is richer by her entrance. Also, be it

Resolved, That it is the earnest prayer of this chapter that our Heavenly Father give her loved ones the strength to bear their heavy grief, and our sisterhood the will and determination to practice the Christian virtues of our departed heroine, and that her memory be treasured in our hearts until we, too, shall have answered the final call and are reunited with her in that land of perfect day where there is no need of sun, nor moon, nor stars, and where he himself doth rule; and lastly, be it

Resolved, That a copy be sent to the press and a copy to the family

A resume of the work of the National Association for the advancement of Colored People during the past year shows a total membership of 8642 paid members, of which number 7572 are members of locals.

There are seventy locals widely scattered, from Key West, Fla., to Seattle, Wash., holding in their respective treasuries the aggregate sum of $5000.02 for local needs. Their membership ranges from four stalwart adherents of the Muskogee local, in the State of Oklahoma, to the magnificent and powerful local of the District of Columbia, carrying 691 active members.

In the Pacific group are found the Los Angeles local, of Los Angeles, Calif., 77 members; Northern California local, San Francisco, Calif., 205 members; Portland local, Portland, Ore., 25 members; Seattle local, Seattle, Wash., 27 members; and the Walla Walla local, Walla Walla, Wash., 12 members.

The annual meeting of the association will be held at New York City, Jan. 2, 1917. It promises to be the most interesting in its history.

The Northern California branch, of San Francisco, perhaps the most active and healthy organization in the Pacific group, contributed $220.12 to the Anti-Lynching fund, and besides raised $181.85, the proceeds of their annual concert, for local purposes. The Los Angeles branch, of which the Rt. Rev. Joseph H. Johnson, Bishop of the Episcopal Diocese of Los Angeles, is president, contributed during the year $110 to the Anti-Lynching fund, and raised $52.01 for local needs.

SPIRITUALLY REJUVENATED

Department "I" of the Woman's State Convention, of which Mrs. P. Hubert is president, met in regular quarterly session Sunday afternoon at Mt. Zion Baptist church. State President Mrs. A. E. Webber was present, and spoke encouragingly of the work. Mrs. V. Fingers read an interesting paper on Missionary Service, and Mrs. C. A. Bass addressed a few remarks to the Circle.

There were not a great many present, but there was a sort of spiritual rejuvenation, and women went away with a renewed determination to do greater Missionary service.

GETS PSYCHIC WORD FROM MUNSTERBERG—"SPIRIT RETURNS IS A TRUTH," BURDEN OF MESSAGE

Boston Woman Who Says Late Harvard Professor Was Total Stranger to Her, Asserts He Has Conversed With Her Since Death Through Medium

Boston, Dec. 27.—"Spirit return is a truth." This is the gist of a message from Hugo Munsterberg, psychology professor of Harvard, who died December 16, while lecturing at Radcliffe.

The message was received by a Brookline woman—an entire stranger—who says that she did not know Prof. Munsterberg and never heard him speak before. She is Miss Caroline T. Pillsbury, who says that while she is psychic and an explorer in the field of spirit-return, she is not a medium.

She is the editor of a weekly publication in Boston, called Boston Ideas and was formerly assistant editor of the Boston Times. She is also well known as a suffrage advocate.

The message, she says, was conveyed to her unexpectedly by a medium in whom she has complete confidence. The spirit spoke through the medium, saying in part: "When I was an inhabitant of the earth, I always endeavored to be honest with myself and honest with the public and I did not then find any proofs that excarnate beings communicate with their earth friends.

"I am still living and I still endeavor to be honest with myself and the world. I therefore bring this mesage: Although I have been in the spirit-world but a brief time I have received absolute proof that ex-carnate beings can and do communicate with their earth firends.

"However valuable the messages I may bring in future times this one today is important—spirit return is a truth.

"I am Hugo Munsterberg.'"

"These words were spoken with simplicity and directness and expressed a powerful individuality," says Miss Pillsbury. "I am absolutely certainit was he though, I did not know him an d had never heard him speak."

J. A. Cooper of Topeka, Kans., who has been a ten-days visitor with his daughter, Mrs. Shepherd, on East Twelfth St., left for his home on last Thursday evening. He expressed himself as being delighted with his visit.

Dr. J. D. Gordon, pastor of Tabernacle Baptist Church, spent some part of last week at Riverside, but is at his post this Sabbath, with no doubt a new supply of spiritual vim.

The regular Sunday services were held last Sunday at the church. The evening service, which was started a little later than usual on account of its being Watch Night was conducted for the first hour by Bro. W. Z. Hopper.

AT THE FORUM

All-American League Convinces the Public as to Its High Ideas and Ideals of American Citizenship.

An audience that taxed the Forum's capacity Sunday afternoon listened to the discussion and announcements by representatives regarding the ideals, work and plans of the All American League. Prof. H. D. Greer, Mrs. Spear-Bass, Atty. Macbeth and Rev. Cole were introduced by Mr. Lamar as exponents of the All-American League. Attorney Macbeth reviewed the history of the organization and made a few very important announcements. The League is to celebrate its second anniversary with a

DISPLAY AT EXPOSITION PARK
FEBRUARY 22

This occasion, according to Mr. Macbeath, is to be most memorable not only in the big program of address and choral, orchestral as well as solo music, but especially in the exhibits that will be offered and the barbecue to be enjoyed. The affair is planned to display to best advantage the progress of the race in this section during the year and will serve to emphasize the work of the league.

At the Forum meeting Prof. H. D. Greer delivered a remarkable address on the ideals of the All American League. We present our readers the text of this address in full as a means of acquainting them with the All American idea.

The following excerpts from a speech made by H. Douglas Greer at the forum, Sunday afternoon, will be appreciated by those were unable to attend the meeting last Sunday.

PROF. H. DOUGLAS GREER

Address

We are come before you this afternoon to tell you about the objects and purposes of the All American League. We are here with the same determination as had Regelus on his return to Carthage. "I have returned to Carthage," he declared, "that ye may work your wills on me, this mass of flesh and bones which I esteem no worthier than the rags that cover them." The placid courage with which Regelus confronted the High Court of Carthage, has more than half redeemed his fame.

After a general survey of the social, industrial and economic conditions of this country, we surmised that, politically, things were going Democratic.

Long before President Wilson's re-election, the horizon was ominous with dim forebodings of Democracy. Not the kind of Democracy that is filled with humane principles of government, nor one within which there is wisdom and wise consideration for everyone, but a Democracy engendered by prejudice, ignorance and hypocrisy; a Democracy whose patent of wisdom and nobility dates back to the Civil War of 1861, when slavery the scourge of American history, fell from its attitude of supreme power.

The All-American League is an organization of men and women of the State of California who are dedicated to the principle that the purpose of the American government and the purpose of American civilization as intended by the founders thereof, are that ultimately and practically, all men and women who claim America as home shall have absolutely a fair and equal chance, both under the governmental system of America and under the social and economic schemes of the common country.

There is a most urgent need for this business-like and statesmanlike organization. The principles encouched will not encroach upon those of any other or similar institutions, nor will it interfere with the federal principles whose service it hopes to enlist to the end that all races and nations in this country may be fully warranted in proclaiming to the world, "Now we are a part of the government of the United States.

The All-American League will strive to establish by peaceful parliamentary methods, these facts: That it is the inherent right of every man to say how his inheritance shall be used, and how his possessions are to be employed. All that intereferes with customs of laws, labor, domesticity, sanitation, education and religion, should be carefully examined by those whose scrutiny will not be anticipated by those who are jealous of the rapid successes of other races.

In order to be able to breast the storm of the world's hate, in order to maintain our national prestige and honor, in order to avert the impending woes and dangers which are hovering over our realm, we must resolve every citizen, every political unit, into a o-n-e-n-e-s-s.

Calamity, as common to all, has a softening and counteracting effect, yea, even a unifying and wholesome effect, since it boasts no lineage, knows no ethics, and is a stranger even to the impulses of chivalry and refinement. There is no prejudice in the hours of danger. The colored medico, although rejected in an official capacity in some sections, is, however, eagerly sought after when the Grim Reaer is threatening a call. So in the hours of catastrope there is no prejudice of race, cast nor religion, which have found admission into the habits and customs of all peoples. Humanity must build her bridges before the storm and think of fire escapes before her buildings are razed to the ground.

A nation climbs through centuries to empire and becomes enslaved in a night. Through much labor and ingenuity the empire is built up, but by some small blunder it falls. So has it ever been, and so shall it ever be. The giant exertions put forth climbing upwards of a people are speedily undone by some childish effort which proves quite sufficient for the downward journey.

Absolute equality is the only enduring foundations of a political democracy, hence the principles underlying the All-American League are the ever enduring foundations of any political democracy, which in its fullness will be the ever developing crown of glory of this great American nation.

The All-American League teaches that there is but one standard of Americanism, and that standard includes an equal opportunity and an equal obligation for every American

A great republic cannot exist unless built upon the solid foundation of equality.

The temple of democracy must be supported upon the four pillars of equality, of opportunity, of liberty, of justice, and of fraternity. You can not have solidarity of brotherhood without real equality, and you cannot have real fraternity unless the population volntarily and willingly pledge itself to the local and national spirit of patriotism, and patriotism can be engendered only by the establishment of uniform conditions for exercise and enjoyment of manhood rights and citizenship.

The Negro is a patriot of the higer order, He is simple minded in thought and lives the simple life True patriotism belong to the simple minded thought. It is undone by contact with great commercial activities and it dies within complexity

It is because of this fact that we meet with the highest patriotism among Negroes and a spurious patriotism within our great commercial dynasties. The poor have always fought to widen the chasm between the rich and the poor. There is no flesh in hearts of wealth—there is no patriotism save in the savage breast.

When the retrogressive power was most unkind and unjust Negroes proved that they love this country and we find them clinging to it with all the fervency of childish hope. The toil of the day has been continued within that ideal of sweetest simplicity—love of home, country, God and right.

No great republic should wait till calamity conspires against it to drive it in upon the friendship of those who are degraded.

The retrogressive power has had its hand for ages upon certain classes of citizenship—all the more reason then that this All-American League should be welcomed as a ray of sunshine within the domicile of morbidity where the gloomy thought is ever tearing at the hope of the heart, and the progress, enterprises, solidarity and brotherhood of som races is undermined by the suspicions, jealousies and indiscretions of some whose views are dark and dismal.

With the courage of a "Regelus Reincarnate" we denounce this convenience with which some are so deeply in love It has become the custom to excuse what we fear to condemn. Within the habitations of fear truth finds scanty consideration, and what is called convenience is too often made the arbiter of general rule. In all states of society that are dominated by convenience, equitable considerations are associated with dreams of the night rather than with the words and deeds of the day. Because of this, much truth lies hidden between the layers of convenience with which our modern civilization is enamored and many burdens of iniquity are uselessly continued.

The All American League must come through the path of experience, and must be associated with that justice and truth which goeth before the throne.

PASSING THROUGH THE SAN JOAQUIN VALLEY

Editor Visits Clientage at Bakersfield, Visalia, Fresno, Stockton and Sacramento

We left Los Angeles Friday morning at 6:40 over the Southern Pacific R. R. and made a whirlind trip to the bailiwick of many of our readers, while this trip is in no sense our annual pilgrimage in which we stop and have a general round up and speak in public places, it was one in which we simply touched the high places. Traveling thus we arrived at Bakersfield Friday about 1:55 p.m.

The fir[illegible]us at this, the [illegible] Maj. West ar[illegible] who have for [illegible] been faithful employes of the Southern Pacific R. R. Both are forward looking men. Mr. Maxwell is the president of the Colored Citizens' League, which organization takes up all matters affecting the race in this particular section.

Proceeding on we met the genial, energetic and prosperous tonsorial king of Bakersfield in the person of Henry H. Houston, who conducts one of the most modern barber shops on the coast. He has only recently made many improvements which have added greatly to his already excellent place But Mr. Houston is not content to stand still. He believes in progress and for this reason his business is in the front rank of all other businesses of this kind in Bakersfield. He employs four workmen, all of whom are highly capable, courteous and affable, which makes Houston's place the mecca of popularity.

H. E. Simpson and G. W. Winters are still at the old stand conducting the leading second hand store of the city. They explained that the only drawback at this time is that they have been unable to buy goods fast enough for their trade or in other words, there was a dearth of second hand goods on the market.

After making the rounds of many of our patrons we visited the A. M. E. Church, where the chorus under the direction of H. E. Simpson was rehearsing for a grand concert in April. We found a strong aggregation of singers who no doubt will make the welkin ring. Such talent as Mrs. Pearl Lowery Winters, noted soloist; Miss Antoinette Young, also noted soprano, assisted by a galaxy of others who know how to sing, cannot help but be a grand success.

Mrs. S. E. Dyson, the dashing widow, says she is feeling fine and very proud of the fact that she is once and near twice a grandma now.

Mr. and Mrs. F. E. Washington are back on the job as the leading pressing cleaners of the city and are doing a splendid business.

While here we stopped at the beautiful and palatial home of Mr. and Mrs. E. W. Winters, who both made it as pleasant for us as it was possible to do. Miss Antoinette Young of Los Angeles is making her home here for the present and attending school, taking a special course.

On Sunday a.m. we journeyed to Visalia, the county seat of Tulare county, where we spent a few hours with our very good friend, Tony Love, where he and his good wife prepared for us one of those dinners which must be partaken of to be appreciated. All home products if you please, the fruits and all direct from their own ranch. These are very splendid people and are up here in this section doing the things that will eventually solve the problem of emancipation from hewers of wood and drawers of water.

From here to Fresno was a short ride. We met here W. I. Pilkington, one of the prosperous ranchers of Fresno county and Mrs. Pilkington, who are great admirers and boosters for the Eagle. We spent quite an enoyable hour in their company at the home of the Rev. Davies, the new pastor of Bethel A. M. E. church of Fresno. Rev. Davies was transferred here from the Kansas Conference, and is entering upon his work with commendable zeal and vigor. His accomplished wife will be a tower of strength to him in his efforts.

We visited the Second Baptist church of which our good friend, Rev. T. M. Davis, formerly of Oakland, is the pastor. We arrived here late and found them in the midst of a covenant and communion, but Rev. Davis made time for the editor to say a word to his congregation which we appreciated very much.

At the conclusion of the service while waiting for our train Mrs. Davis insisted upon our going to their home for lunch, just think, lunch at 11 p.m., but she would not take no for an answer. We went. You can surmise the rest. The people of Fresno are fortunate indeed in procuring the services of Rev. and Mrs. Davis at this point. Both splendid and well qualified, now with the support of the people this church will thrive like the proverbial green bay tree.

AT STOCKTON

Leaving Fresno we arrived on Monday morning at Stockton. We met here many of our readers, and among them the new mayor, A. C. Oullahan, who is indeed a worthy successor to the lamented Mayor Rubenstein. From our interview with him we truly believe him to be a man who stands for all the people all the time.

We met among others Mrs. J. Hamilton, who is ambitious and aspiring for the advancement of the race. Mrs. Hamilton is both a student and teacher of art, and highly cultured and abreast with the times.

We also met Miss King, who is a prominent fraternal worker. She is well known in the circles of the Household of Ruth and is always present at the annual grand sessions of that body.

Wm. Boykin is still the premiere custodian of the city and holds down the same with grace and dignity. Time would not permit of our completing our Stockton visit. Promising them a return visit in the near future we departed for Sacramento, of which in our next issue you may read.

CAL. MEDICAL LAW IS HELD VALID BY U. S. COURT

Legislature Acting Within Its Police Duties Is Ruling

The state medical law, which exempts Christian Science practitioners from the regulations of the law and which was attacked on the ground that it is "discriminatory" in that the practitioners were exempted, was upheld as valid today in a decision handed down by the United States supreme court in Washington.

The law regulates the conduct of physicians and other healers, but makes exemptions from its provisions of "prayer practitioners."

ISHAM LEWIS, PIONEER CITIZEN, PASSES OUT

Tuesday afternoon when it was time to go on duty at the comfort station, 9th and Main streets, where he was employed by the city and had been for nearly six years, Mr. Isham Lewis, one of Los Angeles' oldest and most respected citizens was found dead in his bed by his daughters, Mrs. Earley and Mrs. Fiafer.

Two months ago Mrs. Hester Wood, the mother-in-law of Mr. Lewis, died in this city and it has been but six weeks since Mr. Lewis laid to rest his loving wife and companion with whom he lived forty-five years.

Mr. Lewis was not only a faithful citizen, but likewise a good churchman, being one of the foundation members of the church of his choice in this city, the Lincoln Memorial church, at which place, because of his activity as a worker, he will be greatly missed.

He was also a 33 degree Mason and will be accorded all the honors of the grand old order Friday at a midnight service at the First A. M. E. church, while the funeral services will be held at the First Congregational church, 9th and Hope streets, Saturday at 2 o'clock. Rev. E. E. Lightner, pastor of Lincoln Memorial church, will officiate.

Mr. Lewis leaves five children and several grand children to mourn his loss.

IN MEMORIAM

Mrs. Lillie Manuel

Farewell, Dear Sister,
We, too, must go
Where sorrows end and
Death is no more.
We know that thou hast
Been good and kind,
We'll always keep thee
In our mind.
We know that thou hast gone
above
To join with those whom we have
loved.
Sleep on, Dear Sister,
And rest in peace,
In heaven there is no pain.
It almost breaks our hearts
To give you up,
But our loss is heaven's gain.

STELLA BARTHOLOMEW,
Sister.

At the evening services the Rev. Price preached. The afternoon service in which Dr. Anderson preached, was an inspiration to all and three big services were edifying to each attendant in our service on New Year's Sunday. Two converts united with the church. Among the distinguished visitors present who were presented to the congregation, were the entire pesonnel of the famous Hahn's Jubilee Concert Co. of Chicago, Ill., and Dr. J. S. Outlaw of our own city. A selection from the Hahn's Jubilee Concert Co. is anticipated at the evening service in connection with the pastor's sermon this coming Sunday.

The Union Revival services are still going on to the glory of Christ. Dr. Robeson is delivering burning messages and closes his series of sermons Sunday at 3 o'clock. Dr. Price of Channing street will be the speaker all next week and then the services close at First church to be resumed at First A. M. E. Zion church, corner Pico and Paloma Aves. FIRST A. M. E. ZION CHURCH
Paloma and Pico Streets

Rev. B. C. Robeson, A.B., S.T.B. Pastor

Zion's star is in the ascendency; we are coming into our own. Last Sunday there was another accession to the fold, Mrs. Shaw of Walla Walla, Washington. This time one from the north, Sunday before last one was from the South—they are coming from every point in this country, drawn by our young, eloquent and capable pastor, Rev. Robeson. We older members looked forward to such a time—the time when Zion would be one of the first churches, if not the first, of the city in influence and membership. Such a day is dawning.

One of the stewards, whilst taking up the offering last Sunday, seeing so many old members out as well as new faces, publicly expressed appreciation and invited them back, to come as often as they cared, also bringing their friends. The invitation struck a responsive chord, as quite a few expressed themselves as being impressed by the hospitality of the members, "that Zion good feeling and fellowship which is found wherever there is a Zion church."

The pastor will talk next Sunday at 11 a.m. on "The Mercy of God—How Great."

At 8 p.m. Rev. J. H. Miller will deliver one of his forceful messages. Sunday school classes for grown ups as well as children. Come out at 9:45 next Sunday and poin a class. Make a start for the year.

Come to the revival services at the A. M. E. church Sunday afternoon. Many blessings are being showered, come and get your share.

THE PEOPLE'S INDEPENDENT CHURCH OF CHRIST
Odd Fellows' Hall, Cor. 8th and Wall Streets

Rev. N. P. Greggs, Pastor

The first Sunday of the new year was celebrated with inspiring services at the People's Independent church. Large, enthusiastic audiences greeted Pastor Greggs at both services and were wonderfully benefited by his vigorous and helpful sermons.

At the morning session he took as his text, Psalms 20:5. "We will rejoice in thy salvation and in the name of our God we will set up our banners." He appealed to his congregation to enter into the battle of 1917 with Faith and courage, and to rejoice in the Salvation of God and set up their banners, knowing that God would make them victorious. He also emphasized the need of Independent Christianity that does not compromise with sin

PHILLIPS CHAPEL C. M. E. CHURCH
1406 Newton Street

Rev. J. C. Anderson, Pastor

The past Sunday being the first of the new year, two splendid congregations were out to commune and participate in the services.

The pastor preached at both the services and the Holy Spirit was present in demonstration and power.

The congregation and pastor worshiped with the congregation of the First A. M. E. church in the afternoon and another glorious service was enjoyed.

The church is taking on new life since the holidays are over. The auxiliaries are meeting regularly now and are planning great things for the new year.

The Sunday school, under the leadership of Supt. Maxey and his very efficient corps of teachers, is taking on new life and new classes are being organized and the work is in a very fine and healthy condition. The Supt. and teachers deserve much credit for the great work that is being accomplished.

Quite a few of the members who have been on the sick list were out to the services on Sunday and were greeted with delight by the congregation We also had a number of visitors and we extend them a cordial invitation to come and be with us again.

WARD CHAPEL A. M. E. CHURCH
1354 Channing St.
Rev. J. W. Price, Pastor

Last Sunday was a great day for Ward; the Sunday school was well attended and highly interesting. A very representative congregation in every respect worshiped with us at the morning hour.

At 3 p.m. we worshiped at First A. M. E. church, 8th and Towne Ave., in the great union services which are in progress there, to the delight of all, souls are being converted and some reclaimed.

At the evening hour Rev. Williams of the Christian church filled the pulpit for us to the delight of all present.

Services for Sunday, Jan. 14th, are as follows: Sunday school at the usual hour, 9:30 a.m. Mrs. S. E. Mann, Superintendent. Preaching at the morning hour, 11 a.m. Allen Christian Endeavor at 6:30 p.m., Mrs. B. F. Bryant, president.

Regular old time revival services at 7:45 p.m. The pastor will speak at both services. All are welcome. Visitors made to feel at home.

WESLEY M. E. CHURCH NOTES

The Rev. A. Lively, pastor of the New Hope Baptist church, will preach at Wesley Sunday morning, January 14th. In the evening Rev. William A. Washington of the Holiness church, and a disciple of the noted Holiness evangelist of Mississippi, C. P. Jones, will deliver the message. Mr. Washington is held in high esteem by his brother ministers of every denomination and served one or two terms as president of the Ministers' Alliance. He is a forceful preacher of the gospel and the membership will profit greatly by availing themselves of the opportunity to hear him Sunday evening.

The Parsonage Committee, under the direction of Mrs. Harding and her, excellent assistants, will give a very unique concert and supper Monday evening, Jan. 14. These good women are doing a very excellent work in refurnishing and making ready the parsonage for the new pastor and his family and we trust that every member of the church will patronize them.

CHURCH AND SOCIAL ACTIVITIES IN CROWN CITY

PRESIDING ELDER AT A. M. E. CHURCH SUNDAY

Rev. J. H. Wilson, presiding elder, will be in charge of services Sunday and will preach morning and evening administering the sacrament during the day.

Services on last Sabbath continued the growth in interest and attendance that has characterized the church this year. The Sunday school is especially interesting in this regard. Rev. Bussey preached at morning service followed by an altar service conducted by the pastor, when numbers came forward testifying a desire for a deeper spiritual life for the new year. At evening service the pastor spoke and welcomed one addition to the membership of the church. The Ladies' Aid Society was entertained by Mrs. Wm. Bunch at her home on West Walnut last Thursday afternoon. Consecration meeting in the Young People's service was led by Mr. Wm. Prince. Next Sunday in addition to the discussion of the lesson, Mr. J. R. Wright will seak on "Ought," and there will be solos by Aramis Fouche and Rev. Bussey. A solo by Mrs. Buell Thomas at the recent concert by the choir was greatly appreciated. Among the sick of the church are Mrs. Norah Boykin, Mr. Booker and Mr. Jenkins of Cypress Ave.

FRIENDSHIP BAPTIST CHURCH

With the annual meetings and reports for the past year over and the officers of the church and many of the auxiliaries elected for the ensuing year, a great movement is being launched to make this year a banner year in the history of the church. Ernest Griffen was again chosen to lead the Board of Trustees while Deacon Dent was again selected as chairman of the Board of Deacons. Ernest Griffen will also continue his duties as church clerk, as will C. Mills as financial secretary and Van Williams as treasurer. Deacon Payne has been chosen as financial collector for the year. The annual reports were more than gratifying to most of the members. Individual copies will be distributed next Sunday if possible. The Sunday school will be under the leadership of Ralph Troy this year. His record as an interested Sunday school worker insures success in this department. The B. Y. P. U., although not completely organized, is planning to utilize every ounce of energy to be gotten out of the young people during the year. Capt. Reynolds has his program so arranged in this department that he considers it unnecessary for the organization of a club of young people to assist in the rally. This leaves the Porto Ricans, Liberians, Abyssians, No. 11, and the Willing Workers to battle for themselves for the supremacy, but the efforts of all of the young people of the church will be reported through the B. Y. P. U. An interesting sermon by the pastor in the morning and a half hour song and praise service, led by Deaon Wilson, followed by a sermonette and the administration of sacrament by the pastor in the evening, covers the services last Sunday.

Next Sunday will mark the opening of a campaign of revival of souls, conducted by the pastor. Meetings will be held each evening beginning with a song and praise service at 7:30 p.m.

MISSIO[redacted] MEETING AT METR[redacted]AN SUNDAY

The 20th [redacted] Club enjoyed a social meeti[redacted] the residence of Rev. and Mr[redacted]es and planned an old time spelling bee to take place at the Social Hall on Monday, evening, Jan. 15, between this club and the members of the Dunbar club. Rereshments will be served.

The monthly meeting of the Women's Home and Foreign Missionary Society will be held Sunday afternoon at the church at 3 o'clock. An excellent program will be rendered.

Tuesday evening all persons interested in the social home are expected to be present to line up for the year's work. The donations last week were greatly appreciated. [redacted]rther donations of jellies, [redacted], canned goods, etc., are [redacted]

Sunday morning [redacted]rs of the Sunday school will be appointed. A large attendance is expected.

The Dunbar club met at the home of Mrs. Harts last Monday. Besides transacting business the club enjoyed refreshments.

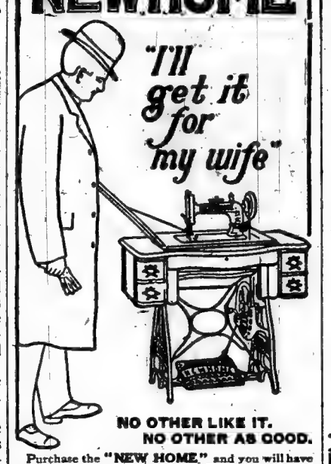
SECOND BAPTIST CHURCH OF MONROVIA
Rev. E. Wilson, Pastor

Our services Sunday were a shower of blessing.

A large and appreciative congregation greeted the pastor Sunday at the 11 o'clock services. The pastor deliver the Christmas sermon that had been prepared for the previous Sunday, but owing to the inclement weather, was postponed. The text was, "And she brought forth her first born and wrapped him in swaddling clothes and laid him in the manger for there was no room for him in the Inn. The beautiful story was told in all of its simplicity, yet with power that stirred the hearts of those that were present.

Rev. L. W. D. Henry of the A. M. E. Zion church preached for the 8 o'clock service. Rev. Henry is a good gospel preacher.

The Lord blessed us with three accessions to the church.



A recess was taken from 9:50 to 10:30, during which time coffee and cake was served. After that time the watch meeting services began and amid great rejoicing the old year rolled out and a new year dawned before the peole of God departed for their various homes.

The B. Y. P. U. had quite an enthusiastic meeting at seven o'clock. Brother S. L. Richardson of Duarte acted as leader for the evening. Activity was the watchword. Miss Wiley of Riverside, who is a guest of Sister Mary Jackson, charmed the Union at the close of the meeting with a solo.

KNOWLEDGE FROM THE UNSEEN

By Florence E. Snyder

Kind reader, I would like to open before you some facts of which no doubt you have never considered. First of all, if you have not been educated and graduated with the higher honors according to man's idea of the present day, you are considered illiterate by th ones who have been so-called fortunate enough to receeive such. Have you ever stopped to think what misery education has brought to many? And it is education that has the world of today in such turmoil. Parents will send sons to military academies. What for? To train and educate them to fight to kill and be killed, instilling in the young and tender heart vengeance against his brother, instead of teaching them divine love. If there were more of divine love taught throughout this world, there would be no wars, nor such human slaughter as we are witnessing at this present day.

Another fact: education has brought forth styles that are absolutely contrary to nature's laws and is the cause of many a one passing out of the mortal body before their time. Why is it? In ages past, men and women lived hundreds of years, and at the present day, if a man reaches past the eighties, it is a very rare thing. There are many things I could set forth whereby education has been the downfall and ruination of many. We read in the Bible: "God is God today and God tomorrow and changeth not." Then it is man's ideas that have changed things. Our greatest achievements have developed from what education would have called an illiterate man or woman, and where do they receive this knowledge from? Spirit. And I want to impress upon your mind, kind reader, that you are as much Spirit today as you ever will be. You only take off mortal and put on immortal at the hour of transmission, and it does not change your condition. You must develop out of the condition either on this side or across the Great Divide. Spiritualist men and women on a high plain have a perfect knowledge of all things and nothing is hid from them. Every man and woman that lives in a mortal body have their Gods leading them, whether they are in the knowledge of it or not, and, let them be high or low, they are leading them, and when you will have unfolded that God part within, you will be able to see the Gods who lead the people, and Spiritualism is the only true religion ever handed down to man and is of a beautiful truth, and truth will make you free. Kind reader, I spek with a perfect knowledge, and not a belief that there is an unseen intelligence which is nothing more than our loved ones, and those whom we have attracted to us as we know.

"Like attracts like;" that returns back to bring us peace, joy and happiness, if we will only but let them. And as I have stated in former writings, never condemn anything until you thoroughly investigate it for yourself. The trouble of the world today is that men and women go too far on merely hearsay. We cannot be true to others unless we are true to ourselves, and most of us fail to be of such.

IN SOCIETY

BY MISS VIVIAN CAMPBELL

Now that the new year has been properly ushered in and all the holiday rush is over, society a bit tired would be glad to welcome a breif respite from all its grand festivities, were it not for the long quiet, each and every society lady and gentleman is bound to respect, and that is Lent, society cannot there lie dormant it seems.

Miss Beulah Hall entertained Sunday afternoon with a very pretty tea, at the residence of her aunt, where miss Hall is now stopping. The house already beautiful was made more attractive with large potted ferns. Dainty refreshments were served to the seven couples honored with invitations. Each young lady appeared most charming in smart afternoon frock and the host exceedingly so in a afternoon frock of chartruse green. The guests departed at 7:30 claiming a delightful afternoon.

Tuesday evening at 8 p. m. is worth marking on milady's calendar, for the young married ladies entertained at the Violet street club house about 50 friends with one of the prettiest dansants of the winter season. Never did society appear more beautiful as on this occasion; each and every one having "oceans" of fun in the merry whirl of the spicy music rendered by Miss Bolds and orchestra. Dancing continued until 12 p. m.

Mr. N. B. Murray entertained at his home on East Eighth St. with a "stag" in honor of eight gentlemen friends.

Several friends called on Mrs. Pembrook one evening last week. It was an unexpected call, but never can a call be made too quickly for this popular young matron to be ready with the daintiest, newest and "bestus" little luncheonette.

Dainty indeed was the dining room of Mrs. Rueben Lewis, Sunday evening, when she entertained several friends at their beautiful little home on Brooklyn Ave. One would never think such a tiny little "wifie" could mix together such big goodies as that served. Yes, Dorthy, the little daughter of Mr. and Mrs. Lewis, knew it better than anyone and really showed her full appreciation of so grand a feast.

Miss Della Dogins is still very ill and her many friends are truly sorry.

Miss Houston and Mrs. Murray were guests of Mrs. Owens at a theater party, Wednesday afternoon.

Complimentary to visiting friends from Chicago, Mrs. V. Williams laid covers at a seven course dinner this week. The table was attractively decorated. A huge basket of China lilies, My Maryland roses and Maidenhair fern forming a most effective centerpiece, at either end of which were Dresden candlabras. Hand-lined place cards designed in unique style furthered the color scheme of pink and green and marked the places of the ten guests. After dinner the game of hearts and whist furnished a diversion until 11 o'clock after which Mr. Williams pleased the guests with several selections on his aew grafonola.

A Record Breaker.

At a record breaking meeting of the Comobabi Mines Co., stockholders held at Roberts parlors. Tuesday night, one thousand fifty-five dollars was raised in thirty-two minutes. This is the final amount of the money needed for the machinery. A full account of the machinery operation will appear in next week's issue.

With the immigration bill now out of the way there is no reason why Senator Jim Reed of Missouri, who developed such antipathy against the dark races, should not subside.

Peace is not desired by either the manufacturers of war munitions in this country or their employees who are receiving a maximum wage for service at this time.

Governor Johnson's message delineating six years of progress is indeed a great state paper and will go down in history as a poignant review of six years well spent efforts on behalf of the people of California.

Mr. L. E. Robinson who is at the head of the janitor service in the hall of records, has demonstrated along the line of efficiency rare capabilities and under his guidance everything for the caretaking of that enormous building moves with clock-like precision.

Darwinism is on the upward trend. At Portland a monkey was the discoverer of an incendiary fire and promptly went to the fire alarm box and turned in the alarm. The department responded and found a real fire.

MUST KEEP ABREAST OF THE TIMES

To say there is too many laws now and that there is no need for the legislature to meet biennially is both nonsensical and absurd. This is a progressive age in which progress is the watchword and to keep pace with the advancement along all lines it is well indeed that the legislatures and the congress should meet to enact laws to protect and regulate the same. the croaker, however, has always got a wail of sorrow to emit, but in the meantime the people demand that we shall keep abreast of the times.

THE IMMIGRATION BILL

After going to conferences in the lower house and senate at Washington, D. C., the immigration bill has been amended to read:

> No alien now in any way excluded or prevented from entering the U. S., shall be admitted to the United States.

This makes the bill, it is said, satisfactory to both houses and will easily pass and with it comes the solution of the Oriental labor problems.

The much vetoed literary test remains intact and it is said that if the president vetoes it as he is expected to do, that enough votes are assured to pass it over his veto.

The effort to prohibit the entering of Africans to this country failed to pass. They will be admitted with the same restrictions as those of other countries.

So it is to be hoped that this much passed and much vetoed bill will finally become a law and that we shall have a demonstration as to how it really works.

The Lincoln Motion Picture Company, one of our Los Angeles race enterprises, is doing a very creditable national business with unlimited possibilities in a world wide field. This enterprise, located here in Los Angeles, the most favorable locality in the world for its kind of business, has made remarkable and rapid progress in its first six months of existence. Begun as an experiment but has found the field immense, with unlimited possibilities not only in the United States but in South America, the island of the sea, and in fact, the world. When we think of the millions of Negroes in this country alone, we can readily estimate the great demand for Negro moving pictures of class and merit.

The Lincoln has proved beyond a doubt that we can produce pictures of merit and credit to the race, and pictures that are entertaining to all races.

The company has succeeded in establishing its own distributing exchanges in the east under the management of race men of experience, ability and influence.

The enormous demand for its pictures in the east is ample proof that the exhibitor and public alike greatly welcome its advent. The press is loud in its praise for the Lincoln productions and the cry of all is for more pictures.

At the Lincoln office, 1103½ Central avenue, can be found numerous testimonials to the above facts.

The Company has nine prints of its two releases running in the east and yet there is a great demand for bookings. Some of the big eastern dealers have not hesitated to buy territorial rights on these pictures and are asking for rights on future releases.

The Company will soon begin wokr on its third release.

All Race people should heartily endorse an enterprise of its kind destined to foster an uplifting sentiment for the Race in the eyes of the world.

With the advent of the new year we wish the Lincoln Motion Picture Company continued success and enormous growth.

Los Angeles, Cal., Jan.—, 1917.
To the Great Army of Readers of The Eagle:

Again I greet you with all the wealth of good wishes for our mutual success and progress during the year upon which we have just entered.

As I said last week, I would probably dicuss the fertility and resources of the land of the Papago Indians in Southern Arizona, which was selected by the Committee as the future home of the race, or as many of them as desire to avail themselves of the opportunity.

We went over the land very carefully; in fact, there was scarcely an acre of the 100,000 that was not personally inspected, as we realized that the object in view demanded a thorough analysis at our hands, as we were the advance agents of a great and growing colony.

We were on the ground on July 26th and 27th and on the latter day went riding through a drenching rain, thus putting to rout the general belief that is a desert country where it never rains at that season of the year, buton the contrary, I must confess that in my native State of Illinois, I never experienced a more thoroughly drenchin rain after which the sun came out in all his warmth, and all nature seemed to teem with growth and beauty. It seemed to me, and I simply echo the sentiments of those who were with me, when I say that in all my experience, and I was raised on a farm, I never saw amore prolific section of country than what we visited at that time.

The land for the most part is level valley land, which is covered with native grasses, interspersed with sage brush and grease wood, characteristic of the West.

The land is is absolutely free from alkali, and is of a rich, sandy color, similar to our soil in California, and will grow everything that can be raised in any other section of the United States, and that for two or three crops per year, and there seems to be absolutely no limit to the depth of the soil.

This is the method of tilling the soil: In the Winter the wheat and barley which are staple crops there, are sown, which ripen in the Spring time, in the later part of May, and early June, and the following month is the time in which small prducts are planted or sown, consisting of alfalfa, corn, beans, melons, pumpkins, and in fact all garden vegetables.

These lands are never irrigated as irrigation is unnecessary, owing to the fact that enough natural rainfal visits this section to insure the best of crops, and we who have ever farmed know that natural water suply is preferable to artificial in every instance, and the crops that are grown are much better in every particular.

Wells are numerous throughout the country, and the water has that soft and palatable taste which is not injurious to the human system the same as that which comes from an alkaline soil.

Taken all in all, we were really amazed at what we beheld, and we wish to emphasize again and again that to be realized and apprecoated, one must see for themselves, and once seing will be forever convinced.

Very sincerely yours,
JAMES H. LONGDEN,
Legal Adviser Progressive Educational Association.

THE A. B. O. U. T. CLUB OF FIRST A. M. E. CHURCH

The A. B. O. U. T. club of First A. M. E. church is composed of the young people of the church and community and is a leading factor in the social life of the church. The club meets twice a month. The first meeting is a business meeting which is always held at the church; the second meeting in the month is a social meeting which is always held at the parsonage of the church. At the last social meeting the club was entertained by the energetic president, Mr. Mason Lewis, and the faithful secretary, Miss Margaret James. The occasion was the celebration of the anniversary of the club. A short musical and literary program was rendered, after which the curtains of the dining room were drawn apart and revealed a table stretched the entire length of the room. The table as well as the room was tastefully decorated in the club colors. In the center of the beautifully decorated table was a huge birthday cake. A delicious two-course luncheon was served to the delight of all. Toasts on "Our Club, Its Relation to the Church and Community;" "What the Club Has Meant to Me;" "The Progress the Club Has Made," were given by different members.

This club has done a great work in the past year, and indication are that a greater work will be accomplished this new year than ever before. The club is planning to present to the public in the near future one of the greatest dramas ever staged in Los Angeles. Watch for particulars.

The A. B. O. U. T. club has proven beyond a doubt that the social life of the young people of the church can be enhanced by wholesome social pleasure. The officers of the club are: President, Mr. Mason Lewis; vice-president, Mr. Payne Middelton; secretary, Miss Margaret James; corresponding secretary, Miss Mary Stanton; treasurer, Miss Leola McKinney; chairman social committee, Miss Emma Sayers; sergeant at arms, Mr. Clarence Curry.

In spite of the fine spun theories of government and sweet sounding phrases about humanity emanating from the White House at well-timed intervals, Mr. Wilson continues to assert an autocratic authority and jurisdiction over the affairs of Porto Rico. At every yell of the black islander, at every twist and turn, the American Eagle sinks his talons deeper into his vitals.

The latest invasion of these rights, contemplated by the administration, is to impose upon them the political conditions which obtain in the South. In true Bourbon style it is sought to take from them the only means of protection left to a people under a Democratic form of government and—mark the subtlety of his method.

The Jones-Shafroth Bill which passed the House of Representatives last month, makes ineligible for election to the Senate, any citizen who is not worth one thousand ($1,000.00) dollars, while five thousand ($5,000.00) dollars is the property qualification for a member of the local House of Representatives. Indeed, no citizen can vote at any election, who,

First, Cannot read or write.

Second, Does not pay on property, taxes amounting to three ($3.00) per annum.

Applied to conditions in the United States, these limitations of the people's right might not seem intolerable; but when you consider that illiteracy is a general condition in the islands and that a five thousand ($5,000.00) dollar property qualification would reduce the native eligibles to the number of fingers on your hand, you will quickly realize that this amounts to practical disfranchisement—only this, and nothing more.

The bill is designed to place the country in absolute control of American adventurers and investors. The avaricious hand of American "enterprise" has already fastened itself upon the wealth and resources of the country and induced labor conditions which amount to peonage; now it seeks to rob them of that last vestige of citizenship which we regard as sacred and for which millions have fought and died—the franchise.

We cannot be a party to this injustice, we cannot stand at a cowardly distance and view this outrage inflicted upon a people whose only offense is that they are blac kand helpless. **We can protest, and this we will do.** The Jones-Shafroth Bill is onw up for consideration in the Senate and if it passes this House, will become a law to be enforced in the

IDLENESS

(By Mrs. C. E. Norwood)

Idleness is a silent and peaceful quality that neither raises envy by ostentation nor hatred by opposition. There are some who profess idleness in its full dignity; they boast because they do nothing, and thank their stars that they have nothing to do—who sleep every night until they cannot sleep any longer, and then rise, only that exercise may enable them to sleep again.

Such a person is an annoyance—he is of no use to anybody—he is an intruder in the busy thoroughfare of every-day life—he is of no advantage; he annoys busy men—he makes them unhappy. He is a confused workshop for the devil to tinker in, and no good can ever be expected from him. In fact he is a nuisance in the world, and needs abatement for the public good.

Idleness is the bane of body and mind, the nurse of naughtiness, the chief author of all mischief; one of the seven deadly sins—the cushion upon which the devil reposes.

Of all contemptible things, there is nothing half as wretched as a lazy man. The Turks say the devil tempts everybody, but the idle man tempts the devil. A lazy man is a dead beat, and he should not be classed among the living—he is a sort of dead man that cannot be buried. We now have those among us, who would rather go hungry, and be clad in rags, than to work. Many an idle man, by means of a fine coat, a lily hand, a graceful bow, has been received into polite society circles with eclat, and walked roughshod over a worthy young mechanic or farmer. A fine dress, in the eyes of some, covers more sins than charity. If thus a young man or woman wishes to be nobody, his or her way is easy. Young man, young woman, if you do not wish to be a nobody, or somebody much worse than nobody, then guard your youth. A lazy youth will be a lazy man, just as sure as a crooked sapling makes a crooked tree Laziness grows on people; it begins in cobweb and ends in iron chains.

If you will be nothing, just wait to be somebody. That man or woman that waits for an opportunity to do much at once, may breathe out his or her life in idle wishes. But take hold of the opportunities that are constantly knocking at the door. Idler, take the foregoing home to yourself! Don't try to persuade yourself that the cap doesn't fit you; honestly acknowledge its fitness; it will be a great point gained to be honest with yourself. Begin the new year with a resolution to do something worth while. Don't be too lazy to get up on Sunday morning and attend Sunday school and morning services, and thereby increase the work of the Master, for there is work for each of us to do. And remember that your reward will be receeived in this world and in the world to come.

The B. Y. P. U. of the Mt. Zion Baptist church is proud to say that it has an enrollment of 44 young people whoare all interested in this noble work. The Union met Sunday evening and elected the following officers for the ensuing year: President, Miss A. Mulholland; Vice-President, Mr. Brooks; Recording Secretary, Miss Emma Mulholland; Assistant Secretary, Miss Katy Langley; Treasurer, Mrs. C. E. Norwood; Chaplain, Mr Ben Brown; Choristers, Miss Exonia Mulholland and Miss Sonnie Mason; Librarians, Master James Langley; Assistant, Miss Mattie Mason. The officers will all be installed by the Pastor next Sunday evening. Visitors are welcome.

Mrs. G. W. Woodby hah postponed her trip to the east owing to the severe weather.

A grand rally will be given at the Mt. Zion church the 3rd Sunday in January in honor of the pastor. An open invitation is extended to all.

Rev. E. M. Mulholland and family have moved back on Logan Avenue.

Mrs. L. E. Goodwin gave a dinner the past week to a few friends: Mr. and Mrs. Lee Brown, Mrs. Pearle and Ethel Howsby, Mrs. E. M. Mulholland and Miss Annie Mulholland. Everyone had an enjoyable evening.

Mr. Al Ramesy, who has been in charge of the public service at the Exposition for the past two years, received a letter of congratulation from the officials for the efficient service which he had rendered.

The opening of the Young People's Social Club at Castle Hall last week was largely attended and everyone reports having had a pleasant time. The Black and Tan Orchestra was the musical feature.

Mr. Huel Brooks returned from the Angel City Sundy after spending several days with his brother and relatives, and renewing old acquaintances.

Master Gather Perry is the only Colored entrant in the annual cross-country-run at the San Diego High School, where he will try to bring home the honors for the Freshmen Class.

The Acme Social Club were entertained by Mr. and Mrs. Humphrey at National City last week in honor of their niece, Miss Belma Williams, of Leavenworth, Kansas. Last Thursday, they were the guests of Mr. Leon Robinson, of East San Diego. The Acme Club is the Junior elite of the city, of which Miss Hazel Scott is president.

The M. E. church has begun its revival services for the salvation of lost souls. Every one is cordially invited to attend these services.

Mr. and Mrs. Melvin White gave a whist party at their residence on Logan Ave. last Thursday to a party of friends: Mr. and Mrs. G. A. Murry, Mr. and Mrs. A. L. Ramesy, Miss Edith Thompson, Mr. Dan Badgett aond Mr. Thnoyd Cunningham.

A very enjoyable evening was spent at the home of Mrs. Woodby last Thursday evening at a so-called lemon social in which each person brought a half a lemon that contained the most seeds won a prize; a good crowd was present and refreshments were served. The proceeds went to the benefit of the Mt. Zion Baptist church.

The friends and relatives of Miss Ida Harper have the Eagle's deepest sympathy in their sad bereavement. It was quite a shock. We knew that she suffered from a long and severe illness, but the sad end came when least expected.

SCRAP BOOK—

Weddings in Morocco

At a wedding in Morocco the women friends of the bride celebrate at her house, the groom with his friends at another. The flutesand pipes ar accompanied by the beating of great drums. The bride scits on a throne of mattresses in the center of the room. For seven days she must sit thus with downcast eyes. The principal guests are costumed similar to the bride. Their faces are painted scarlet, while eyes, under lip, palms of the hands and fingers up to the first joint are stained brown. Rings are worn on the thumbs, and anklets as well as bracelets are worn. Their feet are dyed the color of fresh iodine, and are incased in gaudy slippers. On the seventh day the bride is borne in a sort of a box to the home of her future husband amid the blare of music. If not pleased with her, he has a right to return her to her father within three months, paying again the price originally paid for her.

When the woman of some of the tribes of northern Nigeria becomes a bride she puts off forever the simple girdle of twisted grass that up to that moment had been her sole adornment, and assumes the apron of leaves and the tail or kunnok, as it is called, which is a sign of marirage. This is made of palm fibre, plaited or bound together with a string.

7000-Yer-Old Mine

In the museum at Cairo and also at Maghara, the curious inquirer will be shown certain tablets containing the records in Egyptian hieroglyphics of mining operations at Maghara and other localities in the peninsula ofSinai, extending over many centuries. The earliest tablet records the conquest of Sinai by King Semerkhet, who reigned a small matter of 5,280 years before the beginning of the Christian era, and the turquoise mines at Maghara were then being worked by Ethiopian slaves under the whip of Egyptian taskmasters. When the European war begun the other day—August 14—these identical mines at Maghara were being operated by a French company for turquoise and for copper. Seven thousand years of "liquidation" and not "liquidated" yet, is a pretty fair record, it must be allowed.

Again, the earliest globe-trotter, whose impressions of travel have come down to us through intervening ages, was Herodotus. This grandaddy of all the trained observers—all the reporters who have encumbered the earth since B. C. 430—describes in his own inimitable diction the petroleum springs at Ardericca, near Babylon, which he visited during his leisurely trip through the valley of the Euphrates, as well as the bitumen deposits of the River Is. It was chiefly for the control of this identical oil source and the pipeline from it that the English and the Turks, officered by Germans, fought it out last year in Mesopotamia.

Baku, on the Caspian, where the Persian fire worshippers erected their temple by a spring of burning naptha before the days of Augustus, boasted more than 700 producing oil wells last year, and the mines of Larium, whence ancient Athens drew the

On Monday afternoon a large representative delegation of Colored Citizens called upon his Honor, Mayor Fredric T. Woodman, in his Chamber at the City Hall, in the interest of the Colored Police of Greater Los Angeles. The delegation numbered about forty, and was headed by the "Fighting Parson," Dr. J. Kelly, Editor of the Post; Dr. G. D. Taylor; R. C. Lamar; Revs. W. H. Tillman, R. D. Arline, Geo. P. Brown, John P. Jones, Siduey P Dones, M. C. Pitts, J. H. Howard, G. P. Miller, and H. Young, and others whom the scribe failed to catch their names. The delegation was most cordially received by his honor. The spokesmen were Dr. J. Gordon, Atty. Isadore D. Blair, and R. C. Lamar. They protested against the dismissal of Patrolman W. E. Spencer, who was summerarily dismissed about a month ago by Chief Butler on the alleged charge of his being implicated in a Hold Up in San Diego Chinese Lottery Joint. They also called the Mayor's attention to the discrimination in the Police Department against the Negro Officers, and they are among the best when it comes to the Annual Inspection. The color line is drawn so closely that no Negro Officers in the past few years has ever appeared in the Annual Inspection and Review. The Mayor assured them that no discrimination would be tolerated in any department during his administration.

There are seventy locals, widely scattered from Key West, Florida, to Seattle, Washington, holding in their respective treasuries the aggregate sum of $5,000.02 for local needs. Their membership ranges from four stalwart adherents of the Muskogee Local, in the State of Oklahoma, to the magnificent and powerful local of the District of Columbia, carrying 691 active members.

In the Pacific group are found the Los Angeles Local of Los Angeles, California, 77 members; Northern California Local, San Francisco, California, 205 members; Portland Local, Portland, Oregon, 25 members; Seattle Local, Seattle, Washington, 27 members; and the Walla Walla Local, Walla Walla, Washington, 12 members.

The annual meeting of the association will be held at New York City, January 2nd, 1917; it promises to be the most interesting in its history.

The Northern California Branch of San Francisco, perhaps the most active and healthy organization in the Pacific group, contributed $220.12 to the Anti-Lynching fund, and besides raised $181.85, the proceeds of their annual concert, for local purposes. The Los Angeles branch, of which the Rt. Rev. Joseph H. Johnson, Bishop of the Episcopal Diocese of Los Angeles, is president, contributed during the year $110.00 to the Anti-Lynching fund, and raised $52.01 for local needs.

Rev. H. D. Prowd, pastor of the Second Baptist Church, and who has been quite ill for the past two weeks, is convalesing rapidly.

Los Angeles, Cal., Jan. 11, 1917.
Managing Editor of California Eagle:

Dear Madam—I don't feel that the excellent service your are rendering through the medium of the California Eagle ought to go entirely unnoticed. For my part I have received manifold returns from my advertisement in the California Eagle in the State and in fact, the United States.

But a few days ago I received an order for my hair goods from Marysville, La., a little town I did not know was on the map, and my new customer was frank in stating that it was by way of the Eagle that she became acquainted with my wonderful discovery.

May the Eagle continue to stretch her wings to the four corners of the earth and accomplish as much good in molding better sentiment for the Race along with the awakening of greater business interest in racial enterprises.

Wishing you success in the coming year,

Respectfully,
ROSA L. SAMPSON.

Editor California Eagle,
Los Angeles, Cal.

Dear Sir:—

The colored young men of Southern California are greatly interested in athletics. In drawing the several other cities, well populated by Negroes, it is necessary to have assistance from a well known influential establishment.

You have an active and interested athletic exponent connected with you in Mr. Hilbert Rozier, as he showed during the football season last, when Los Angeles met Pasadena at football.

The first movement is to urge a league between the several cities where your paper is distributed. I am sure, according to the opinion of the young people, a sporting page would very much increase your circulation.

As I am as much interested in the athletics as any one else I hope that you will give us your more sincere help and use your influence in the progress of the younger generation.

Yours truly,
CHARLE BLACK.

Southern White Man Wants to Know Who Started Holy Roller Movement in Los Angeles

Oscar, Ky., Dec. 27, 1916.
County Clerk of Los Angeles, Cal.

Dear Sir—

I want to write you in regards to the Pentecost or Holey Rolly started. I heard they started in Los Angeles, Cal., by a crowd of Negroes.

If you know this to be so, please send me a printed letter stating the facts about it, and oblige,

Yours truly,
G. P. DISMUKES.

Oscar, Ky.

Los Angeles, Cal., Jan. 8, 1917.
Mr. G. P. Dismukes,
Oscar, Kentucky.

Dear Sir—

Yours of the 27th ult. addressed to the County Clerk of Los Angeles County was duly received, and the writer being also an employe of said company, and also having been in the city at the time of said movement's beginning and personally acquainted with its promoter, your letter was turned over to me.

Now as to the crowd—unfortunately it was started by both colored and white together. I think that the responsibility of their error lay not in the fact of the color of their skin, but in their misconception of the Bible.

Their prominent doctrinal misconception was the individual reception of the Holy Spirit, and the evidence as designated the speaking in unknown tongues which they supposed Acts 2:4-8, 11 taught. We call attention first to the fact that it was only the eleven apostles that spoke, Acts 1:24-26, 2:1-4. We next call attention to the fact that this was a Jewish Pentacost and that the Gentiles, all other nations, were not permitted to assemble in the Temple, nor were the Apostles at this time permitted to preach to the Gentiles, Matt. 10:5 and Acts 10:14 and 34, 35, Cornelius being the first Gentile convert. Therefore the people referred to in Acts 2:9-12, could have not referred to Gentiles for Peter was the main spokesman and he said, Acts 10:14, Lord, I have never eaten anything common or unclean, referring to Fellowshiping the Gentiles. That these were all Jews is evident from the following reason, Neh. 1:8 and Lev. 26:33. Jehova told them if they did not obey his law he would scatter them among all nations. That this was carried out is evident, Ps. 44:11. It was while thus scattered that their language became mixed with the nations among whom they were, this is evidenced in the fact that Russian Jews cannot understand German Jews. Verse 7, Behold are not all these that speak Galileans? (Galilean Jews) Verse 5 says that the multitude were Jews, devout men, literally devout Jews, out of every nation mentioned in verses 9-12. These heard the Galilean Jew speaking in the original Hebrew tongue wherein they were born, thus fulfilling the prophecy in Zephniah 3:9. For them will I turn to the people a pure language that they may call upon the name of the Lord to serve him with one consent. Thus the wonder was that the Galileans (Jew) were able to drop their brogue and the others were able to understand the original tongue.

Now our friends both black and white that you refer to, though many of them above the average so far as intelligence is concerned, missed it by reasoning from a false hypothesis. First that there were sixteen different nationalities gathered there. Verse 22. Peter addressed them as "ye men of Israel." Verse 29 again men and brethren. Now if St. Peter preached to all nationalities at this time he certainly would not have objected when called to go down and preach to Cornelius. Acts 10:14. Second, That God's aim at Pentecost was the launching of a movement for the conversion of the world, and that he had gathered representatives of all nations there to be witnesses of the fact, so that out from that one meeting a missionary movement was started that should culminate in the saving the people in Heaven or the damning in a lake of fire and brimstone. (This is perhaps as men would have arranged it) but God planned to gather the church. 1 Cor. 1:2. The body of Christ. Eph. 1:22, 23. The Bride of Christ. Rev. 21:9. The 144,000 who are to be joint heirs and sit with Christ on the throne. Rev. 14:1-5 blessing all the families of the earth. Gen. 28:14, Gal. 3:16 and 29. And when there was not enough Israelites indeed found, God visited the Gentiles to take remainder from these nations. Rom. 11:25; Acts 15:14-17; Acts 3:19-21. Then the earth shall bring forth in one day (a thousand year day) and a nation be born at once. Isa. 66:8.

Thus when the 144,000 is complete then the wilderness and shall be glad for them. The desert shall blossom as the rose and the ransomed of the Lord will return (from Death) and come with rejoicing. Isa. 35 Ch.

There shall be no more an infant of day nor an old man that hath not filled his days for one shall die as a child an hundred years old. But the sinner being an hundred years old shall be accursed. Isa. 65:20. Further described, Zech. 14:6-7 and Rev. 21.

Now about the Baptism or outpouring of the Holy Spirit, there was only two, and these are recorded so that the earnest seeker after the Truth may not be in darkness. Acts 2:2-4. On the apostles, as the representatives of the Jewish part of the church and was not repeated even when Peter preached to that immediate congregation. Acts 2:41. Second, On Cornelius and his household three and a half years later representatives of the Gentiles part of the church of Christ, Acts 10:34-39, of which God is taking out a people for his name. This outpouring of the holy spirit was typified by the anointing oil poured on Aaron's head. Psl 133:2. The oil representing the Holy Spirit was only poured on Aaron's head, and it ran down over the members of his body, with the Holy Spirit, it has been running down on the members of Christ's mystical body, even now to the feet of members.

Yours very respectfully,
DR. J. A. BIGELOW,

Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life

to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

You probably have neglected many a money-making opportunity but dont neglect this one, it means your fortune, and is right within your reach. Seize it now. Write or call in person from 4:30 p. m. to 8 p. m. at 1446 So. San Pedro St, Los Angeles Cal., C. E. Patterson, at once for our large prospectus, giving all the details with map showing location of our field, also let us know how many shares we shall reserve for you.

Make Good Showing

Los Angeles Representatives at the State Capitol.

AT THE STATE CAPITAL WITH THE LAW-MAKERS

We arrived in Sacramento after the Senate and Assembly had adjourned, but soon found our way to the capitol building where the third day's sessions had just adjourned. We met Assemblyman Mouser, who was a very busy man making preparation for the introduction of many beneficial measures for his constituents, but not too busy to greet and make the Eagle's editor welcome and at home. In fact we had come to accept if acceptable to us a position during the session at Mr. Mouser's hand, and after loking over the situation we accepted a position as one of the assistant sergeants at arms and was assigned to the duty which we requested through the kindness of the very affable and efficient sergeant at arms, Mr. W. J. Leflar, who already has demonstrated his ability to fill that office with signal credit and honor.

We also met our genial Senator, Henry H. Lyons, who is also a very busy man and who is sought by many as they recognize in him a man who will do his utmost to assist even the most humble. Senator Lyons, like Assemblyman Mouser, gave a position in recognition to his colored constituent to C. W. Wilson as mailing clerk. Senator Ballard, the old war horse, also placed in a position C. Oliver. So far the only recognition in any shape or form given to the loyal colored brother has been rendered by the Los Angeles county members as mentioned above.

Getting Down to Business

The first week of the session was devoted to perfecting the organization of the two bodies, organizing the committees, etc., and now the real work of the session has begun. One resolution has already passed the Senate and doubtless will pass in the Assembly, which cuts short the first session by about 10 days and provides for reconvening February 26 instead of March 8th. This was not very popular with the attaches, however.

Introduce Many Bills

Assemblyman Mouser on the first day for introduction of bills introduced eight bills dealing on various subjects, probably the principal bill by Mr. Mouser is an Act amending the Motor Vehicle bill passed May 11-15. This bill greatly simplifies and is intended to make the motor vehicle traffic more safe.

Mr. Mouser also introduced the following measures: An Act to Regulate Harvestry Kelp and Other Aquatic Plants; An Act for Semi-monthly Payment of Wages; An Act Describing Who Are Peace Officers; An Act Amending the Workmen's Compensation Insurance Safety Act; An Act Relating to Excusing Jurors; An Act Relating to Jurors; An Act Relating to the number of Names Which Lists of Jurors Shall Contain; An Act to Provide for work upon streets of municipalities; An Act relating to distribution of common property after death of a husband; An Act relating to holidays; A Resolution relating to inferior courts; A Resolution relating to eligibility to judicial office; Concurrent Resolution approving ten amendments to charter of the city of Los Angeles voted for and ratified at a special election at that place, October 24, 1916.

Assemblyman P. C. Phillips also introduced many meritorious measures, viz: The Plumbers' Bill, also bill revising penal code where it will make public identity of all persons under arrest and it will be impossible for officers to hold prisoners excommunica, also bill to make it a felony to carry deadly weapons and other needful measures.

Assemblyman Harry Lyons, C. W. Lyons, Watson, Farmer, Ambrose, Younkin, and in fact all of the Los Angeles contingent, are to the front with progressive legislation and have all fared very well with assignments on committees, etc. Assemblyman P. C. Phillips is on a very desirable committee which is much sought for, that is the Aattaches Committee.

The Eagle will keep its readers informed as to the progress of the legislation, as the session progresses and the part that the various members are playing therein.

In the Senate

This body, only half as large as that of the Aessembly, moves more rapidly in the disposition of the measures that come before it. With only half the time for a roll call and only half the members to be heard as are in the Assembly, it is easier of course, by half to do the business. Lieutenant Governor Stephens presides with rare grace and dignity, he will, however, give way in a few days to take upon himself the highest office within the gift of the people of the State, that of governor.

Senator H. H. Lyons of Los Angeles is a prime favorite in this body and has introduced many meritorious measures. He is chairman of the very important Capital and Labor Committee.

Senator Struckenbrock of Lodi is one of the prominent statesmen of the Senate, who is very popular with all factions.

Senator Kelroe of Humboldt is the chairman of the judiciary committee and is of course one of the leaders in that body.

Senator Luce of San Diego is chairman of the attaches committee and seems to be the right man in the right place.

Senators Crawley and Scott of San Francisco are both among the leaders of the Senate. Both are affable and congenial statesmen who are bent on looking out for the interests of the people of not only their respective city, but the State as well.

LEGISLATIVE NOTES

Senator H. H. Lyon and Assemblyman Mouser have demonstrated their ante election friendship toward the Colored voters by practical demonstration of the same by putting on the pay roll representation from their districts. They have never failed to do so. Assemblyman Mouser is the only Assemblyman in the whole State that has given his Colored constituents recognition. Understand us, the only one in the past three sessions.

The old war horse of Republicanism, the Hon. Hugh Baldwin of San Diego, is ably representing that county in the Assembly. He is a man who stands fairly and squarely for all the people and always deservedly receives from them a strong support.

Chas. W. Goetting of San Francisco is one of the wide awake young members of the Assembly, who is always on the job looking after the interests of his constituents.

Hale, hearty and well met is Assemblyman Jas. J. Ryan, and a man who is popular with the members of the Assembly and will well care for his district and the state at large.

Mr. B. O. Boothby, who was with the State Central Committee at Los Angeles during the last campaign, is chief clerk of the Assembly, and is filling that position with distinguished credit.

V. G. Gelcich, who so successfully conducted the campaign of Thos. Lee Woolwine in Los Angeles, is holding down the position of History Clerk and is making good.

Editor Eagle:—

sincerely hoped that not only all of your readers, but that every colored man and woman in the city of Los Angeles would be present at the meeting at the Forum on Sunday afternoon, Jan. 14th, to listen to the address of the president, Rev. J. D. Gordon, touching the movement and the work of the Progressive Educational Association; still, while the audience was quite large, in looking over the assemblage, I noticed there were a few prominent colored citizens who were not present, much to my regret, as the Doctor gave one of the most lucid talks on this grand movement that one could imagine. Not a single incident was omitted as those who were present can testify. Unfortunately I was compelled to leave the meeting before it closed, having another appointment, but what was said could leave no room for doubt as to the wisdom and advisability of the race taking an interest and procuring some of the land for the Company.

In selecting land for farming purposes one should always take into consideration two things at least, viz: the quality of the soil, and the facility for marketing, or in other words, nearness to railroad or commercial towns.

As regards the land in question both of these propositions outlined above can be readily answered i ntheir favor. The soil is of the very best for agricultural needs, as set forth in a previous letter, and as for the rail outlook I need only say that a road is already projected and the survey made which will traverse right through the very heart of this section, thus insuring a first class market for a first class colony. So many items crowd in on the mind when one begins to expatiate on the wonders of this great country, that I am lost in a maze of bewilderment as to just what phase to touch upon, but suffice to say that no mistake will ever be made by any one who purchases any of the lands of the Progressive Educational Association.

I had desired at the outset in writing these series of articles, to create in the minds of your readers a veritable question mark, and inspire them to greater investigation, as this is the only way tha we can arrive at the point where progress can be made, and now I want once more to invite public discussion of these important subjects, and if any one entertains the least doubt let them so express themselves so that we can get a little nearer the true inwardness and have heart to heart talks, and we will all feel the better therefor.

As regards the title to the lands of the Papago Indians I will merely say at this time that I have seen the deeds that have passed or certified copies thereof, the original of which are on file in the Recorder's Office in Phoenix, Arizona, and their legitimacy can not be questioned. The lands came into the possession of the United States at the close of the Mexican war, or the signing of the treaty at Guadalupe Hidalgo, and are from the Royal House of Spain, so he who runs may read.

In future articles I shall deal with the titles in full, the Indians, natives, characteristics of the people, and other things pertaining to the growth, solidity and legality of this vast enterprise.

Very sincerely yours,
JAMES H. LONGDEN,
Legal Adviser Progressive Educational Assn.

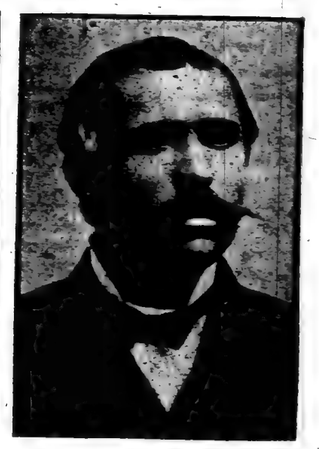
REX BEACH'S GREATEST STORY

"The Ne'er-Do-Well," filmed as a spectacular drama by the Selig Polyscope Company, is considered by many as Rex Beach's greatest story. In "The Ne'er-Do-Well," fascinating Panama scenery is shown, including the work of digging the Panama Canal, the interiors of old Spanish homes, glimpses of the interior of the tropical jungle, and odd and interesting nooks and corners. The cast in "The Ne'er-Do-Well" includes Kathlyn Williams, Eugenie Besserer, Wheeler Oakman, Frank Clark and others. Almost the same cast of stars that added to the realism of "The Spoilers," Beach's other great story filmed by the Selig Company, appear in "The Ne'er-Do-Well." Charming Kathlyn Williams enacts the strongest character role in her career as Mrs. Stephen Cortlandt, the woman diplomat. The role of Kirk Anthony, the Ne'er-Do-Well, is enacted by Wheeler Oakman. This wonderful Selig production has been booked at the Angelus Theater, 1007 Central avenue.

IN LOVING REMEMBRANCE OF MISS LOUISE PHILLIPS

Loved ones, weep not in despair
O'er the blasting of your sweet lily,
Transplanted in love, she's 'tended with care,
Where God's great garden grows.

By the side of the clear crystal water,
She is nodding and smiling so fair,
In the light of His love, blooming above,
Away from all strife and care.



Some day we shall walk in His garden,
If faithful to him we shall prove,
Your lily you will see, in all purity,
And will realise more fully God's love.

Louise was patient and O, so sweet,
When she lay in death, sighed friends' soften'd breath;
"The Lillies bloomed beneath her feet,
She was sweet, she was sweet."

—By MRS. S. M. McALLISTER.

Miss Ellen Prowd, daughter of Dr. and Mrs. H. D. Prowd, will address the B. Y. P. U. Federation at the Friendship Baptist church Sunday afternoon.

The above are the likenesses of Dr. and Mrs. E. R. Drive, who even though they are but juveniles in appearance, but a few weeks past celebrated their twenty-fifth wedding anniversary.

Dr. Driver is pastor, founder and erector of Saints Home church at 20th St. and Hooper avenue, where more than four hundred persons worship from time to time while the bona fide membership of the church is reckoned at something over three hundred.

Dr. Driver is a bundle of energy; so great is his spiritual fervor that he seems never to run down.

At their recent wedding anniversary, persons participating on the program who had known Dr. and Mrs. Driver before they came West; spoke of the excellent accomplishments of these two good people in the highest terms.

The Dr. and his good wife in the community where they are at this time are still carrying on this good work which they started years ago in the Southland, and their efforts are not being wasted.

On the very first page of this journal we publish a little statement which reads, "The People's Forum for uplift—All Men Up, and No Man Down."

Now as a journal this is our motto, and with God's help one that we hope to live up to.

Often we are grieved because out of our experience along our particular line we are forced to realize that many of our people are slaves to their own belief, religious or otherwise, and persons and even newspapers that deviate in any way in their estimation from their way is condemned by them, but this was and is not Christ's way, friend.

On our church page we are going to run a review of the International Sunday school lesson and whether or not you agree with the author, Dr. J. A. Bigelow, at all times remember this, that we are running it for your edification and not your condemnation.

Mr. Milton W. Lewis, one of Los Angeles pioneer real estate men, and best citizens, who at all times is ready to demonstrate the keenest interest in, not only better civic conditions for his Race, but also better housing conditions, is now in charge of the modern Bungalow court at 1214-16-20-22 E. 18th street.

Owing to its nearness to the newly erected Independent church, Mr. Lewis hopes to make this court a pleasant and profitable home for many of the church goers.

We are in receipt of a bit of news from Oakland stating that the promising young attorney, and recent graduate of the law department of Stanford University, Mr. H. Leonard Richardson, has won a discrimination suit in favor of Messrs. Geo. Dunlap and De Cuir against the New T. D. Moving Picture concern of Oakland.

Mr. Richardson's, whose offices are at 222-3 Blake Block, has started well, and The Eagle wishes him abundant success.

Dr. H. D. Prowd, pastor of the Second Baptist church, who has been confined to his home for the past two weeks suffering with pneumonia, has improved to the extent that he is expected to fill the pulpit Sunday if the weather is fair.

The members of the church are looking forward to the pastor's return to his pastorate with expectation of a great spiritual rejuvenation.

JEWELS OF LOVE

By Florence E. Snyder

In the stillness of night
I oftimes ponder,
Will there be for me a freedom,
Oh, I wonder.
Then a sweet voice whispers
All is well,
We will teach lessons
The world to tell.

We will make you a jewel
Ever so bright,
That shall shine forth
Like a radiant light.
We will bring messages
Of love untold,
And each day more of
That beautiful love unfold.

And when, alas, the work
On this plane is through,
And you come to that
Beautiful home so new.
May the angels receive you
In the light,
Ever to be happy with your loved ones,
In that home so bright.

What the Churches are Doing

THE HOLY CITY

(Revelation 21:1-4; 22-27)

The New Jerusalem—The Spiritual Government of the Melennial Age—The New Heaven and Earth Symbolic Expression Indictive of the New Conditions to Prevail Under Messiah's Rule—The New Spiritual Government to be invisible—In another figure Called the Temple of God—The Earthly Representative of the Messianic Kingdom—Those Who Shall Constitute the Heavenly Phase.

Behold the tabernacle of God is with men, and He shall dwell with them, and they shall be His people." Rev. 21:3, R. V.

Paradise, the garden of God, was appliable as a name to Eden, where our first parents resided while they were still in harmony with God before their disobedience. The same name is scripturally applied to the new earth when restitution blessings shall, during the millenium, have brought it to perfection as the abode of those who under divine favor shall then prove worthy of life everlasting.

It was to this paradise the Apostle Paul was in vision caught away when given a glimpse of various features of the Divine plan not then due to be understood by the church in general—things not lawful to be uttered. (2 Cor. 12:4). The Apostle St. John was similarly caught away in vision, and shown some of the wonders of the Paradise epoch. But these were only in in symbols, which he was permitted to report and which have been comporatively misapprehended until now in the Lord's due time, the Holy Spirit is guiding His people into the truth of this subject as well as upon others; "for the time is at hand" and the information is "meat in due season" for the household of faith.

Elsewhere this Paradise of the future is referred to by the Apostle as "the third heaven" and as "a new heavens and a new earth." (2 Cor. 12:2; 2 Pet. 3:13.) They are not referring to new planets, but to the third of these great periods of time, beginning with man's creation and extending into the illimitable future. The first of these periods, termed the first heaven and earth—the old order of things—passed away with the Deluge of Noah's day. The second period, "the heavens and earth which are now," the present order of things, are reserved of God to pass away with the great symbolic fire of trouble, revolution, etc., which will utterly destroy the present spiritual power and the present social arrangement.—2 Pet. 3:6,7; Gal. 1:14; Zept. 3:8, 9.

The third great period is to be a "world without end," under divine administration. This will be the third heaven and the third earth, or the new heaven and the new earth, which will differ from the present condition of things in that they will be righteous, whereas the present arrangement is imperfect, unrighteous. The "new heavens" will consist of the new spiritual ruling power of the future—Christ the head, and the Church His Body. The present heavens consist of the normal religious systems which, while claiming Christ for their Head, nevertheless bow in a very large degree to Anti-Christ, "the god of this world," the prince of this world, "who now worketh in the children of disobedience," and who is captivating and blinding the whole world, with the exception of the few whose eyes of understnading have been opened, who are under special blessing and leading, who are taught of God—the little flock, heirs of the Kingdom."—Eph. 2:2; 2 Cor. 4:4.

"The Paradise of God"

It is to this new heaven and new earth condition, this Paradise of God, that we are now considering. As the "new heavens" do not mean a new place for God's Throne, so the "new earth" does not mean another planet. The "new heavens" are new conditions, the spiritual power and control of Christ and His glorified Church; so the "new earth" means a new social order on this planet—"the new heavens and earth—constituting the world to come—"wherein dwelleth righteousness." 2 Pet. 3:10-13. The declaration of our lesson is that the former heavens and the former earth—which are now—will then have passed away and will be no more. All present institutions are to perish utterly in the great time of trouble with which this age is very shortly to end.

And there shall be no more sea. As we have already seen, the sea is a symbol of the masses of people in a restless and unstable anarchistic condition—just as the land represents the social order, and as the mountains represent the kingdoms of the present time. As there is no reference to the physical earth and the physical heavens being destroyed, so there is no reference to the physical sea being obliterated. The symbol signifies that under the new arrangements, under the control of the new heaven—spiritual power—the reconstructed social order will be so satisfactory, so complete, so thorough that there will be no more sea class—no more restless people, no more dissatisfied masses, no more anarchist. Everything will be reduced to law and order, and under the new regime law and order will secure justice to every creature, obliterating the differences of wealth and power as they now exist.—sIa. 2:12-22.

The New Jerusalem

In the symbolism of the Scripture a city represents a government; as for instance, symbolic Babylon is denominated "the great city (government) which ruleth over the kings of the earth" (Rev. 17:18). The New Jerusalem symbolizes the new spiritual government of the Millennial age. It is not earth-born; it is not reared by men, but, as pictured in this study, it descends from God out of Heaven. That is, it is spiritual in every sense of the word—of God and not of men. It is for this Kingdom, the Government, that our Lord taught His disciples to pray, Thy Kingdom come; Thy will be done on earth, as it is done in Heaven.

The declaration that the city is adorned as a bride for her husband implies its beauty, grandeus and perfection, as a bride's adornment on such an occasion is particular and elaborate to the last degree.

Additionally, the statement reminds us that in the government of the future the world's judges are to be the saints selected throughout the Gospel Age and qualified through faithfulness in trials and tribulations. 1 Cor. 6:2. In the Scriptures these are frequently called "the Bride, the Lamb's Wife," and joint-heirs in the Kingdom.

We are not to think of this Holy City as being composed of literal stones, coming down through the air. On the contrary, we are to remember that the saints of the Gospel Are are "living stones," as the Apostle explains. 1 Pet. 2:4-7; Eph. 2:19-22. This glorious city will not be visible to the natural eye. Neither Christ nor the saints in glory can be seen of men. Only those who are changed from human to spiritual nature will see these matters in full. But the whole world will quickly be made aware of the fact that the new Government has been instituted—a government of righteousness and all power—and that thereafter whosoever doeth righteousness shall be blessed, but that whosoever doeth evil shall be punished porportionately. The entire Gospel Age has been devoted to the preparation of this New Jerusalem. As a whole it comprises all of the saints, from our Lord Jesus Christ down to the last member of the church. Not until all of the members of the body of Christ have been chosen, found faithful, fitted and prepared for their places will this City of God descend to the earth in power and come in possession or control of the earth.

The coming of the New Jerusalem to the earth is symbolic representation of the establishment of God's Kingdom in the earth; for a city is a well known symbol representing government control. Thus Washington City represents the United States government; Petrograd, the Russian Government, Paris the French government; Berlin, the German, London th eBritish, etc.

The Glorified Temple

The third of this study associates this city with the other figure of a symbolic temple which the Lord is now preparing, and of which the saints will constitute the "living stones" and pillars. It is declared that the Tabernacle of God (His Dwelling) shall be ith men in this city (government or kingdom). It will be His Temple; and the world of mankind will approach God in it, to receive the divine blessings, just as Israel approached the typical tabernacle and the Temple in their typical religious services. Thus God represented in His church, the Christ, Head and Body—will dwell with the world of mankind during the millennial age, and they shall be His people; that is to say, all mankind will be treated from the standpoint of reconciliation. The Propitition—price for all the sins of the world having been paid and the due time having come for the manifestation of divine favor, all people shall be treated as the Lord's people. None of them shall be treated as aliens, strangers, foreigners from God and His promises.

While the Millennial Kingdom will be the Kingdom of God; of God's dear Son, and His joint heirs, the Church, will be an absolute accord with the Father; and all that shall be done under their control will fully and completely represent the divine will respecting men. Nevertheless, it will be a Kingdom separate from the remainder of the Universe, as the Apostle Paul indicates. (I Cor. 15:24, 25, 28.) "He must reign until He hath put all enemies under His feet . . . And when all things shall be subdued unto Him, then shall the Son also be subject to Him that did put all things under Him . . . Then cometh the end, when He shall have delivered up the Kingdom to God, even the Father"—at the close of the Millennial Reign.

PHILLIPS CHAPEL C. M. E. CHURCH
1406 Newton St.

Rev. J. C. Anderson, Pastor

The services at this church on the last Sabbath were unusually interesting and helpful. The Pastor preached at the morning service on the general rules of the church and the service was very helpful to the splendid congregation present. Rev. J. L. Trimble preached at the evening service and his sermon was a treat to the members and friends present. The church is alive along all lines and the members are entering heartily into the work.

The ladies of stewardess board number one gave a very delightful house social at the home of Sister Ladye Bowen, the president, on Monday night and despite the inclement weather a very nice party gathered and enjoyed the hospitality of the ladies.

The Epworth League is still growing in interest under the presidency of Brother L. D. Polk and is a factor for good in the lives of those who attend from time to time.

The officers have set the first Sunday in February as rally day for the pastor and they are expecting to make up the deficit on this claim on this day. All the members are urged to be present and contribute as liberally as possible to this cause.

The pastor will continue his sermons on the general rules of the church on next Sunday morning and all are invited to be present.

THE INDEPENDENT CHURCH OF CHRIST

Rev. N. P. Greggs, Pastor

Odd Fellows Hall, corner 8th and Wall Sts.

The sunshine beams brighter and brighter each Sunday in the souls of the members of the Independent church, and in a few days will shine in its fullness in our new home of worship.

The pastor's text for last Sunday morning was from St. John 1:23, "I am the voice of one crying in the wilderness."

Text for evening: St. John 1:29, "Behold the Lamb of God which taketh away the sins of the world."

These messages came from one filled with the holy spirit and much truth and beauty was brought forth. A large and enthusiastic congregation greeted the pastor at both services.

Services next Sunday as usual. All are invited.

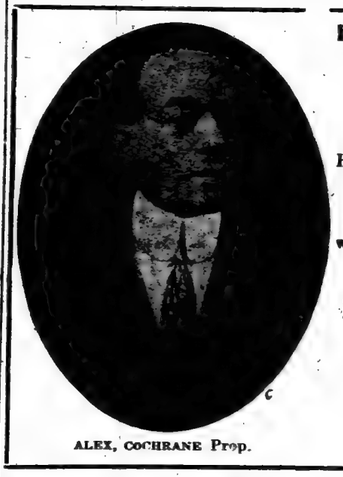
FIRST A. M. E. CHURCH NOTES

Rev. J. Logan Craw, Pastor.

The Hann's Jubilee Concert company will be the additional favor to the thronging congregatioin that will worship at First church Sunday morning in the rendition of a grand sacred quartette selection. The pastor will deliver the sermon and our own superb choir will render special music. The pastor will preach at the evening service at the usual hour. Come early if you wish to get a good pew. Everybody welcome.

Last Sunday was a bright, beautiful day and it taxed the auditorium and balcony to accommodate the metropolitan congregation that thronged First church at the morning service. A very large congregation asembled at the evening service. Madam Florence Cole-Talbert, Lyric Saprano of the Hann's Concert Company, electrified the vast congregation that worshipped at the morning service, in her rendition of "The Cross," by Ware. No correct description can be given of the sweetness of her voice and the beauty of the composure that heralds her as one of our race's foremost artists in the musical world. Mr. Talbert, her husband, was the efficient accompanist. Prof. Hann delivered some pleasing remarks and everybody is yet inspired who attended the services of this day. In response to the invitation by the pastor for soldiers for Christ there were seven who united with the church. Two of these were converts. Don't miss the service this Sunday.

The Union revival closes at First church Sunday at 3 o'clock. Dr. Robeson gave out messages last week that were truly helpful to all and Dr. Price has been uplifting in the messages of this week with telling results. A published statement of the result of this three weeks' series of revival meeting will be made in next week's issue.



The Christian Endeavor Society of First A. M. E. church will hold its second sacred program Sunday evening at 6 o'clock in the main auditorium. Mr. Paul R. Williams, the president, and the program committee are sparing no pains to make this the gratest program of its kind ever given by the society. A short discussion of the lesson, "Seeing the Good in Others," will be led by Miss Leola McKinney. Everybody welcome. Come early and enjoy this great musical and literary treat.

RIVERSIDE

Second Baptist Church enjoyed two fine services last Sunday. Pastor Reed preached in the morning, taking his text from Neh.1: 8; 4: 6, "If ye trespass I will scatter you abroad among the people," "For the people had a mind to work." From these texts he preached one of the strongest sermons that we have been pleased to listen to. Rev. R. H. Wade, of Los Angeles preached at night, and his message was very pleasing to the people.

Last Friday evening the church elected its officers for the ensuing year; Mrs. May Scott was elected Superintendant of the Sunday School, Mrs. Alice Struter, President of the B. Y. P. U., T. Williams, Church Clerk, J. Jordon, and Henry B. Gordon, Trustees.

The church has granted the Pastor twenty days leave of absence to go to Ariz, where he has been requested to come by the Moderator of the Association, to conduct an evangelical campaign among the churches of the Association. He will leave Friday.

The Ladies Aid Society met at the residence of Mrs. E. Dumas last Friday, and an enjoyable afternoon was spent by these present.

METROPOLITAN CHURCH NOTES

The Sunday school is growing rapidly under the recently elected teachers. The nursery is caring for a number of children daily and the Board is planning for a benefit on Jan. 29 at the high school, at which time the Hahn Jubilee Singers will appear. The spelling bee between the 20th Century and Dunbar clubs was postponed on account of rain. The teachers of the Sunday school include the following: Rev. Hughes, R. Cole, Mrs. Ethel Gray, Mrs. W. C. Williams, Miss Donerva Harts, Mrs. Hughes, J. T. Long, superintendent, Mrs. Hughes, assistant. The social hall board including Mrs. Davis, Mrs. Coleman and Mrs. Griffen are grateful to Mrs. Edmunds for a recent gift to the hall. Rev. Archie Williams will preach Sunday morning. Mrs. McMickens has been re-elected president of the B. Y. P. U. The pastor will preach at evening service.

FRIENDSHIP BAPTIST CHURCH

Rev. Riddle conducted both services last Sabbath, using the evening service as the opening of a spiritual revival of the church and the ingathering of souls. Meetings have been conducted each evening at the church this week and will be continued thruout next week. The pamphlet containing the annual financial report and the membership financial roll made its apearance last Sunday. The members present at either service received them. The absent members will receive them by mail if they cannot be located in a few days by those in charge of the distribution. Aside from the morning and evening services next Sunday featuring the continuance of the revival, the B. Y. P. U. Federation is scheduled to hold its quarterly meeting at the church at 2:30. This will be a most interesting service for those able to be present, as representatives of all of the Negro Sunday Schools in the county will be present to take part on the program.

SCOTT CHAPEL M. E. CHURCH

Scott Chapel moved on in its service to the people, and more and more is coming into a larger and more vital ministry. Pastor Kinchen's sermons are greatly inspiring the people. Each department is getting new visions of their work. Last Sabbath several children were baptized. Pastor Kinchen will preach at both services.

QUARTERLY MEETING LAST SUNDAY

The presiding elder conducted two big services at the church Sunday and administered the sacrament to a large number of communicants. Reports from various departments to the quarterly conference Monday night showed the church to be in excellent condition. The Sunday school confirmed the following officers Tuesday evening: Bro. Wm. Prince, superintendent; Mrs. H. I. Hardin, assistant superintendent; Miss Ruby Prince, secretary; Mr. Arthur Prince, assistant secretary; Mrs. Simmons, treasurer; Miss Boyce, organist; Miss Margarete Ransom, assistant organist; librarians, Wesley Prince. Clarence Redgraves, Thomas Anderson, and Carter Gilchirst; chorister, Miss Leila Cook and Mr. J. R. Wright, assistant; Mrs. Elizabeth Bryant, superintendent of primary department, and Mrs. James Gooden, superintendent Cradle Roll. The teachers were re-elected without change. The Christian Endeavor meeting last Sunday was led by Mrs. Bunch. Next Sunday evening Mrs. J. R. Wright will lead and the program will include an address by Mrs. Anderson, a solo by Miss Helen Miller and a reading by Mr. J. Bailey. Mr. Shaw and Mr. Hawthorne are reported on the sick list of the church. The presiding elder expressed satisfaction with the condition of the church and the growth of the Sunday school. In classage and quarterly moneys Sister Tyus led all others. The pastor will preach Sunday at both services.

St. Paul Baptist Church.

Sunday a week ago waw covenent pay, the first Sunday in January, and the greatest meeting in the history of the church witnessed

The pastor Rev. C. N. Moore opened the service, by having the church read in concert, the third chapter of the First Epistle of John the members read in concert while the pastor explained verse by verse to his very attetive hearers. Out of this explination each one present was able to see his or her short coming as christians; after reading the chapter, the pastor had the memders repeat the covenent in concert. The meeting was then turned over to the Rev. Boswell and deacon Coles to endpct the testamony service. When the members began to confess their sins an opening was made for the Holy Spirit and the house was filled with its visitation. The people were constrained to think of that day in Jerusalem when the Holy Spirit began its mission in the world.

At 7:30 p. m. Bro. E. Payne conducted a thirty minute expression meeting after which the pastor an able sermon on "The Bread And Its Emblems The Wine And Its Token." The pastor as it were touched the button and the pople saw the light.

On Christmas eve night pastor Moore officiated at the marriage of Mr James Bagba and Miss Hattie Bell and on Jan. 7th united Miss Alberta Lewe and Mr. Davis All parties concerned were members of St., Paul.

On January 1 at the church celebrated the Emancipation. Some of the leading lovers, and physicians of the city helped the church upon this occasions to make it one of the greatest events of the church history.

Old St., Paul is taking on new life, new members are coming in to every service. Rev. Moore is preaching that good old time gospil and while its crippling some it is healing many.

WESLEY M. E. CHURCH NOTES

Rev. B. C. Robeson, pastor of the A. M. E. Zion church, will preach at the morning services Sunday, January 21st. Rev. L. G. Robison, who always responds to the call of Wesley, will preach at the evening services.

Bethel Church of Christ

1546 Palomares St.,
Rev. Wm. Washington Pastor.

Last Sunday was a grert day at Bethel.

Sunday School was well attended. Both Teachers and Pupils are striving to build up the school, and are meeting with some success.

At 11 a. m. a shower of blessing fell upon us, as Rev. S. E. Edward brought us a message from the throne. His text was taken from Jer. 8: 11-12, "For they have healed the hurt of the daughter of my people slightly, saying peace, peace, when there is no peace. Were they ashamed when they had committed abomination? nay, they were not at all ashamed. It was indeed an inspiring message. Come again Bro. Edwaad.

At 8 30 p. m. our Pastor brought us a soul-stirring message from Phil. 1: 29.

The B. Y. P. U. met at 6 p. m. and had quite a successful meeting. They are moving on and upwarb under the leadership of their faithful president; Bro. L. Lewis.

At 7.30 p. m. Rev. R. A. Garison preached a lovely sermon. The Pastor was absent.

Next Sunday the Pastor wil preach at both services.

The Revival is still going on. Come one, come all.

RACE PREJUDICE

By Florence E. Snyder

Kind Reader, I will try and bring before you knowledge that I receive from the intelligence as you may call it, from the loved ones who return back to me bringing this wisdom and knowledge.

Race prejudice is one of the causes of our terrible warfare today and it is demonstrated among all races of people, but it is developed more among the white or caucasian race than any other. Why should one race rule, lord over God's inheritage when God made us all equal and we are all composed of the same material, and God being the spirit within all mankind, what has color to do with the man? There is good and bad in all races of people, but some races have been suppressed more than others and the ideas of man have made a hell for many. Mnoey may cover scandal on this plane and do the work for an envious heart, but there is a beautiful hereafter where all must be equal. Why is it the white or caucasian race is not as robust and strong as other races? Because our laws of today object to intermingling and naturally the race is bound to grow weaker. I find there is no race that has been suppressed as the Ethiopian race and yet with all they have had to endure, we will acknowledge they are just as intelligent, trustworthy and capable as any other race of people. The wisest man the world has ever known was King oSlomon, and I want to say, kind reader, spiritualism teaches you to see every man and woman as your brother and sister, regardless of race, color, or creed. It teaches you to respect all mankind and to know your self and when you know yourself you know it all.

Almost every religion claims to follow Christ, and yet they would utterly object to a black man coming into their house of worship. When Jesus was on earth he saw nothing but the real man. All were equal with him and spiritualism will make you extend a loving hand to your brother or sister and raise them up out of the lower elements regardless of color, race or creed, and help suffering humanity.

When you are a spiritualist on a high plane you will understand all things and nothing will be hidden from you. The world's growing better; it is this divine truth that will revolutionize and bring freedom to all. It may not be while you and I live in our mortal body on this plane, but we are building a foundation for a younger generation that can never be destroyed and will stand as a memorial for many ages hence.

691 active members.

In the Pacific group are found the Los Angeles Local of Los Angeles, California, 77 members; Northern California Local, San Francisco, California, 205 members; Portland Local, Portland, Oregon, 25 members; Seattle Local, Seattle, Washington, 27 members; and the Walla Walla Local, Walla Walla, Washington, 12 members.

The annual meeting of the association will be held at New York City, January 2nd, 1917; it promises to be the most interesting in its history.

The Northern California Branch of San Francisco, perhaps the most active and healthy organization in the Pacific group, contributed $220.12 to the Anti-Lynching fund, and besides raised $181.85, the proceeds of their annual concert, for local purposes. The Los Angeles branch, of which the Rt. Rev. Joseph H. Johnson, Bishop of the Episcopal Diocese of Los Angeles, is president, contributed during the year $110.00 to the Anti-Lynching fund, and raised $52.01 for local needs.

EDITORIAL SHORT STOPS

Mayor Woodman is making new friends each day and no other name for Mayor is being more than whispered.

Ex-Mayor Sebastian is now the proprietor of a "penny dance" and cafeteria combined, and he says he is done with politics.

There is a strong probability that there will be a prominent Colored man in the race for the City Council. As it is now there is not a single councilman who appeared to be interested in the Negro receiving civic justice.

The Prohibition sentiment is still strong in the City and County, and the plan of a "County unit" now before the Forty-Second Legislature is likely to receive great approbation in Southern California.

The State Senate has but three representatives on its force of attaches, and the Assembly but one. Mr. J. B. Bass is the Race's representative in the Assembly, and the credit for his appointment is Assemblyman Frank H. Mouser. This marks the third session of the California where the Race has had but one of its members in the Assembly as an attache, and the credit of this appointment has rested with Mr. Mouser. Mr. Bass is an Assistant Sergeant at Arms, the position formerly held by Rev. D. R. Jones and Mr. W. E. Easton.

Senator Henry H. Lyon has chosen again a very excellent representative of the Race in his appointment of Mr. C. W. Wilson, who is holding the responsible position of Mailing Clerk in the Senate.

The All American League in its Second Conclave to be held at Exposition Park on the 22nd day of February, will make new and creditable history for the Race.

The people of Southern California are proud of the dignity and firmness with which Lieutenant Governor W. D. Stephens is presiding in the Senate.

Assemblyman Mouser was chosen to handle the Legislative endorsement of the Los Angeles charter amendments, and much credit is due this able and wide-awake legislator for the celerity with which the legislative feature of the work was done. Assemblyman Mouser will come from the Forty-Second Legislature of California with greater honors.

The selection of Hon. B. O. Boothby to the very responsible position of chief clerk of the Assembly was an honor worthily bestowed. In the Forty-First session of the Legislature, Mr. Boothby gave the Assembly an History, daily and weekly, that could not be excellent and that never had been equalled. Of unquestioned ability as man and scholar, Mr. Boothby will and should be remembered after adjournment with a position worthy his acceptance. Watch Boothby grow!

Remember that one of the features of the Second Annual Conclave of the All American League at Exposition Park will be a barbecue with meats raised on the farms and ranches of members of the Race.

The Comobabi Mining Company has organized both men and money, and as a result thereof promises to be a wonderful success.

The Colored citizens of California should by all means make as great a showing as possible at the annual conclave to be held in this city, Feb. 22. Exhibits of the handiwork and industry of our people, showing their progress, are being solicited from all sections of the state. It is a stock taking occasion. Let us not fail in listing our stock.

Poor old San Francisco still tries to jolly herself that she excells Los Angeles in population, but it can't be done. Figures don't lie and it's all up the census bureau now. For information write there.

A goodly number of people gave great credit to the man of frenzied finance, T. Lawson, but now they have about come to the conclusion that he is a big bag of wind.

San Francisco may not be the largest city in California, but she is the biggest thing in this legislature now in session, and lives up to her reputation by taking the major portion of everything that is worth the taking.

We desire to extend to Editor N. Chiles of the Topeka Plaindealer, our former co-worker, friend and foremost citizen, condolence in this his sad hour of sorow, caused by the loss of his faithful companion. For the many years which we have known them, they have worked in a mighty unison for the things that have meant not only their own success, but the success of the Race.

One thing certain and sure, as a result of President Wilson's peace note, all who read can now understand what the Entente Allies are fighting for, even if they cannot solve what the Central Powers desire.

THE NOTORIOUS WHITE SLAVE CASE

The Supreme Court has had its last say in the far famed Diggs Caminetti white slave case and that say is, that the conviction of these two men was just and proper. This is a judgment from our highest tribunal, which all of the citizens of this great nationa who stand for the highest ideals of American citizenship will applaud.

It also is a setback to those who say, there is one law for the poor and lowly and another for the rich and powerful. Owing to the high connection of these two young men it has been said that with their wealth and influence they would surely escape the penalty of the law, but not so. The law in this case was inexorable and there was no way to evade it. Justice with unerring aim found its mark and these two transgressors must pay the penalty exacted for the same.

This case was sometimes compared to the Jack Johnson case. If so, there was not one law for Jack and another for these distinguished sons of wealthy and powerful citizens.

The decision of the supreme court greatly clarifies the Mann Act. Unless it is repealed, for all time the rules have been laid and no one need err. All doubt of its scope is removed.

The law as interpreted by the court means that the traffic for immoral purposes of any kind is a crime and it is for the protection of those who have not yet been on the market as well as for those who ply the trade of prostitution.

No subterfuge would lie in this case. The supreme court has ruled that the law means what it says, and the fate of these two young men will be a lasting lesson and no doubt be the means of making many of those who would trespass within these premises remember the fate of these men who are now perhaps on their way to join the procession behind the grim prison walls at McNeils Island.

If President Wilson should pardon Diggs and Caminetti he would again reverse himself.

After this the members were favored with a beautiful piano selection by Miss Lorenza Jordon, then followed a most excellent paper on "Civics," by Atty. George H. Woodson. The ladies said afterwards that they had never heard civics explained so thoroughly before, and thought it a very rare treat to have him in their presence.

BICKLEY'S PRINT SHOP

Why is it? THAT HE KEEPS SO BUSY? Because he does the best work of any printing shop in the city for the least money, and that is why all the churches have their work done there. Where is the shop?

The officers of the B. Y. P. U. were duly installed on last Sunday evening by the Most Worthy Superintendent of the Sunday School, Sister M. A. Hayden, who rendered her service with all intelligence and eloquence that could be desired. She explained to each officer their respective duties to be performed during the ensuing year, and concluded the installation by turning in adoration and praise to the Almighty, who doeth all things well. Mr. A. Brooks was elected vice-president of the Union.

The Carnation Club of the Mt. Zion Baptist Church, and which is wide awake at all times, will give a contest rally on the second Tuesday night in next month, Feb. 13, 1917, at the church. Each member on that night will show the congregation how they twisted 25c and made a $5.00 gold piese. A program will also be rendered and a Valentine social will be conducted at the parsonage. All are welcome.

Rev. E. M. G. Mulholland announced that it has been rumored that the little mission which he started in East San Diego had ceased to be, but would like to inform the public that the mission is still going on and that services are conducted every Sunday afternoon at 3 o'clock. Al alre welcome to attend at any time.

Mr. and Mrs. M. A. Hayden had as the guest at dinner Sunday, Rev. and Mrs. C. Williams, Mr. and Mrs. S. Freeman. A most pleasant and enjoyable afternoon was spent after dinner.

MRS. NORWOOD RECEIVES LETTER OF THANKS

San Diego, Cal., Jan. 3, 1917.

Mrs. C. E. Norwood.

We, as members of the Sunday School and B. Y. P. U., extend our thanks to you for the kind and accepted offer extended to us in behalf of our Sunday School and B. Y. P. U., as we believe ou gave it with a willing heart. So will God regard you in the end. May God bless you.

Yours in Christ,

For the Sunday School:

MRS. M. A. HAYDEN, Superintendent.

For the B. Y. P. U.:

MISS ANNIE MULHOLLAND, President.

A grand revival for the winning of souls for Christ will be started at the Mt. Zion Baptist Church in February. Rev. C. Williams says that something has to be done in Mt. Zion this year, without fail. The church in general and all of the auxiliaries of the church are doing nicely. The sermons preached by the pastor are all interesting and full of thought and food for the soul. Visitors are welcome at all times.

REV. WILLIAMS, EVANGELIST

Rev. C. Williams, of San Diego, ha sbeen appointed by the National Baptist Convention Evangelical Board as Evangelist of the Western States as follows: California, Oregon, Idaho, Washington, Utah, Nevada. Done by the order of the Board of the National Baptist Convention, unincorporated.

REV. G. W. DAVIS, Chairman.

REV. J. H. WINN, Recording Secretary

REV. W. M. MALLORY, Treasurer.

REV. JAMES S. ANDERSON, Corresponding Secretary.

Rev. Williams, who has been appointed, is now pastoring at the Mt. Zion Church at San Diego, Calif.

Mrs. Maggie Warren has been on the sick list, but we are glad to see her up and around again.

The ladies are all talking about Dr. A. L. Brown's Rose Bud Face Cream. We will hear more about it through an advertisement soon.

Mr. Willie Williams was married last Tuesday to Miss Almayona Jefferson.

LEMON SOCIAL

The lemon social given at Mrs. Woodby's beautiful residence last Thursday evening was a grand sucsece. A number of prizes were distributed to various ones, viz: Each person brought a half a lemon and the ones that contained the most seeds won the prizes. Mr. Brown had seventeen seeds; Mrs. Langley was a close second, with sixteen. The others present were less fortunate. Miss Emma Mulholland had six seeds; all the others were under this. Strange as it was the Misses Lena and Sammy Mason got seedless lemons.

Mr. Arthur Brooks and Miss Annie Mulholland entertained at the piano.

Mrs. Woodby and Mrs. Norwood were give a unanimous vote of thanks for the noble effort in benefitting the church.

Messrs. Odd Goodwin and Charles Vow were pleasant visitors at the Eagle office last Saturday afternoon.

It was rumored that Mr. "Bug" Brown was going on the Pantages in a juggling act, the way he juggled that dish at Mrs. Woodby's.

When it comes to sociability, Mr. "City" Brooks sure is there, but Mr. "Country" Brooks sure can tickle those ivories. A young lady remarked that she could listen to him play the "Texas Blues" morning, noon and night, "'caus' he sho' whips it brown-skin."

Miss Hodgie Hall is reported very ill. She had a relapse last Tuesday evening, but is better at this writing.

Master Gathen Perry finished in the San Diego High School annual cross country run and deserves great commendation for his noble effort. He hopes to win this event next year.

Mr. Harry Hall was singing "I Swear I Ain't Got Nobody" all last week, but since he had several new 30th Street nurses at his house, he is all smiles and is singing "Oh, You Beautiful Baby." Y'can't beat that.

Mr. Bushie was singing, "You Are The Idol of My Dreams." We wonder who he had reference to?

The latest thing out is tying a love knot. We hope the candidates won't tie a love not.

The B. Y. P. U. of Mt. Zion churc has formed several clubs, viz: Busy Bees—Mrs. Breasher, preident; Early Risers—Mis Sammy Mason; Can't Beat It—Miss E. Mulholland; Rope Holders—Miss Annie Mulholland.

The Rope Holders are giiving a social at the home of Miss Mulholland, 2225 Logan Avenue, Friday, February 2. The color sare red and green. We urge all to be present.

Mr. Joe Stanson is taking vocal lesons so he can step out among 'em.

Sojourner Truth Parliamentary Club is growing in interest and numbers each meeting. Class every Monday at 1:30. All women are invited to join.

The reports of departmental work at the Board meeting was very gratifying; yet, they are looking forward for larger work with the increased membership.

Monday, January 22, Dr. Lee, lady pharmacist, of Mound Bayou, daughter of the prosecuting attorney, who has traveled extensively, widely conversant on race affairs, will speak at the Home at 3:00 o'clock. Every one invited to hear Dr. Lee. Tea will be served during the social hour.

Dame Rumor says another of the young women in the Home is to be married soon, and will make her home in Calexico. Congratulations to the gentleman. May the choicest blessings rest upon them.

Join the crowd to Roberts' Hall, better known as ePople's Auditorium, 1119 South Los Angeles St., Monday, evening, January 22, to hear the Hann Jubilee Singers, and especially our own Florence Cole Talbert.

Don't Forget The Big All-American Conclave.

With the announcement of the All-American League that its Second Annual Conclave will be held February 22, 1917, at Exposition Park beginning early in the morning and lasting throughout the day, all interest is focusing itself on that day. While the details of the program have not been announced it is asserted by those in charge that the Second Annual Conclave will surpass even that of last February. It will be recalled by the citizens of Los Angeles and vicinity that the First Annual Conclave of the All-American League, held in Exposition Park February 22, 1916, was the biggest thing of its kind ever given in this part of the country. In addition to the tremendous free barbecue given by the League, the program rendered was of a higher and different order than anything ever attempted heretofore.

This year's conclave will include reports of the progress of the race and of inter-racial progress throughout California during the past year. There will be exhibits of the handiwork and achievements of colored citizens throughout California. Gold medals will be given to those making the best exhibits along particular lines. Certificates of Honorable Mention will be given those meritorious exhibitors in the order of their merit. The free barbecue promises to be more unique than anything of its kind ever given. All of the meat given in the barbecue will be raised entirely by colored citizens in California and all of the preparation and serving work will be done by colored citizens of the State of California and even the eating for the most part will be the work of colored citizens of the State of California. The program will include addresses by the leading colored, white and Japanese American citizens of the State. The one distinguishing feature of all the addresses will be a complete obliteration of the color line.

Every organization among the race in the State will be invited to participate in the exhibits. All individuals and organizations interested in making exhibits along either of the followng lines are invited to address their communications to the conclave Committee of the All-American League, care of 221 Lissner Bldg., 524 S. Spring St., Los Angeles, Calif. The exhibits will include the following range: Domestic Arts—pastry, cooking, and general house-wifery; Industrial Arts—business and commertial activities, tailoring, carpentry work, machinery, sculpturing, metal work, mining, fisheries, agriculture, horticulture, viticulture; Fine Arts and Miscellaneous. A special department of exhibits will provide for sworn statements shown the progress made by various race institutions, such as Lodges, Churches, Societies, Clubs and the like. These articles should be carefully typewritten and accompanied by pictures illustrating the same. To use the words of the Conclave Committee, February 22nd has been set aside as a day of feast and triumph for all of the colored citizens of California. All eyes and faces will be turned in the direction of Exposition Park early in the morning of February 22nd.

Detailed announcements of the classification of the exhibits and medals will be made in next week's paper. In the meantime all prospective exhibitors are urged to communicate with the Conclave Committee by letter immediately, requesting reserva-

MOTON

Principal Moton of Tuskegee Institute, Alabama, has again struck the wrong note, in the opinion of the colored press. The Georgia Baptist confesses, for instance:

That we are tired and sick of the me, too, boss, hat-in-hand "nigger." And we are also sick of the type whose dictum is: "So I get a plenty the devil take the rest of the 'niggers.'"

We are constrained to believe that a serious mistake has been made in electing "Major" Moton principal of Tuskegee. He is attempting to follow the path blazed by the late Booker T. Washington when he has neither the wisdom, the ability, nor the vision to do so.

First, we find him publicly rebuking his wife for riding in a Pullman car, according to The Associated Press's report, which the "Major" has never denied, and now we find him telling Negroes to refuse to accept industrial opportunities offered them in the North and to refuse to try to make better the future for themselves and for their families. So long as no industrial opportunities were offered egroes North, it was well to advise them to remain in the South, but now, with these opportunities opening more and more to our people, it is positively criminal to advise them against accepting them.

A Northern colored paper, the Pittsburg Courier, says:

For the reason that great men of whatever race or color advise those of lesser magnitude to seek the best individual advantages, and having found them to give the best possible service—Dr. Moton has missed an opportunity to achieve still greater personal prominence by the utterance of the advice accredited to him—that the Negro is essentially a Southern product, and should remain in the Southland, and that those who have already cast their lots in the East, the West and the North ould do well to return South.

In this respect we regret that he has not measured up to the expected standard. We have hailed Dr. Moton as the standard bearer for the race, without regard to the locality in which its members may be domiciled. He should be equally as representative of the Negro of the other three points of the compass as of the Negro who is to be found in the South. His spoken word should be the result of deep thought and consideration and his doctrine apply to the Negro's condition, wherever situated. A man with the training of Dr. Moton, both North and South, should be a broad man, and one capable of attracting to his aid and assistance men from everywhere.

The Alabama Urban League, of Newark, New Jersey, sends this open letter to Major Moton, signed by Miss Eva C. Alford, president, and other officers:

A representative from our league, who is no stranger in and around New York City, spent much time trying to locate such alleged conditions as contained in the statement, "huddled together like pigs," and reports that such a condition does not exist and the statement is calculated to do much much harm.

We, therefore, go on record as most bitterly opposing the stand you take in the matter of Negro exodus from the South, the time, place, and manner in which you expressed yourself, from and because of which great injustice will be done the entire race in America.

Mr. Bob shaw of 163 Gloretta St., is reported very ill.

Mr. E. M. Hollowell has opened up a neat little lunch room and restanrant for the accomodation of his many friends, at 21 W. Green St.

WATTS NEWS

The Grant A. M. E. Church began its Sunday services with a goodly represention of young and old people at Sunday School. At the appointed hour Rev. Trigg began his sermon, and each one could witness how much more we could do if we would only try. The Christian Endeavor almost seems like a Bible School, everybody trying to gain more knowledge of God's word. At 8 p. m. Rev. Trigg again filled the pulpit, and after the services everybody went home having gained more knowledge and strength for the ensuing week.

Mr. Cummings on Thaxter St., visited his wife in Santa Barbara for a few days.

Mrs. Henton from Santa Paula Cal., spent several days with her relative, Mrs. Beeks, on Compton Ave.

Mrs. Fox who has been very sick is much better now.

Mrs. George Warner spent Sunday afternoon visiting her friends.

Mrs. Gordon on Villa Ave., was visiting in the city on Sunday.

We are very sorry to learn that Mrs. Niron on Compton Ave., is going to move back to Los Angeles.

Bev. Ramsey and wife, dined on Sunday with Mrs. Weaver.

Mrs. Gale on Thaxter St., has had a very sick baby.

Watts' Christian Club are like so many bees, trying to help and cause sunshine wherever they can. When people praised them for their gift while visiting the sick, they said, "It is more blessed to give than to receive."

BLYTHE NEWS

We were surprised Tuesday to see real snow fall here. It lasted for four hours, and was witnessed by many natives who had never seen snow before.

We are pleased to have with us, Mr. Bellsinger, an Ex-Businessman of Los Angeles. He expects to open up a business here, as soon as he is properly located. Many good opportunities stand open for people with means to operate business, for we are without Hotels, Rooming-houses, and many other businesses of which we are greatly in need. When you come, be prepared to do business, and you will be welcomed by all.

A Record Breaker.

At a record breaking meeting of the Comobabi Mines Co., stockholders held at Roberts parlors, Tuesday night, one thousand fifty-five dollars was raised in thirty-two minutes. This is the final amount of the money needed for the machinery. A full account of the machinery operation will appear in next week's issue.

Prof. Geo. M. McClellen of Louisville, Ky. was called to Los Angeles on Friday last on account of the serious illness of his son, Theodore."

Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life

to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the game opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

You probably have neglected many a money-making opportunity but dont neglect this one, it means your fortune, and is right within your reach. Seize it now. Write or call in person from 4:30 p. m. to 8 p. m. at 1446 So. San Pedro St, Los Angeles Cal., C. E. Furlong Tract Assemblyman Attempts To Pass

Discriminating Measure at First Legislative Session, But is Blocked.

VARDAMAN AND BEN TILLMAN OUTDONE

Bert Farmer of Seventy-Third Assembly District, Which Includes Furlong Tract, Insults the Race by Introducing a Resolution to Reduce the Colored Assistant Sergeant at Arms to a Member of the Whisk-Broom Brigade.

(Special)

Sacramento, Cal., Jan. 19, 1916.

The first part of the bi-furcated Forty-Second Legislature has adjourned. It lasted but three weeks and during that time accomplished some great work by the introduction of bills and constitutional amendments which indicate that progressivism has come in California to stay. Every evidence of reaction was set down on with a dull sickening thud. Ocasionally one of the "old guard" would arise both in the Senate and Assembly to assert the deep rancor of the fellow who knows at the start "that he just has to be good," and after the emission of a little hot air subside into a state of innocuous desuetude. But theer are some fellows who will not sensibly subside, they have to be squashed, and Assemblyman Bert Farmer of the 73rd District is one of this kind.

Like Governor Vardaman and Ben Tillman, Southern fire-eaters, felt the lustre of their political crowns was growing dim, they would invariably burst out with tirades against the unfortunate Negro. They would appeal to race-prejudice and thereby regain their lost popularity. But that was down South, and not in any civilized community. Bert Farmer spurred on by the embryo statesman, Al Bartlett, who when he arises to speak has a characteristic tremor in his voice, because he is not sure, saw an opportunity to slam the single Negro representative in the Assembly's attaches, arose in the Assembly and introduced a resolution to reduce Mr. J. B. Bass, Sergeant at Arms assigned to do police duty in the coat room, to a mere attendant with a whisk-broom. This reduction process was largely prompted because the Assistant Sergeant at Arms was the Editor of The California Eagle a Race newspaper that stands for the policies of Governor Johnson's administration, and will be found advocating Governor Stephens, who will accept loyally the same policies, and carry them out.

From inside information received Farmer was only the stalking horse, and another Assemblyman, Bartlett, the instigator of this effort to humiliate the Race.

Knowing that the present State Administration would be held responsible for the action of the forty-third session, it was the scheme to give it a "color-line" feature, hence Mr. Farmer, young and unripe in legislation, was chosen to do the 'dark act." Farmer forgot that the Black phalanx of his district has practically elected him, and could leave him at the post when he would run again. Now this is great news for the loyal Furlong tract settlement of Colored voters, instead of reading some great oratorical effort of which they in common with his other constituents would feel justly proud, the best they get is this measely resolution to reduce an Assistant Sergeant at Arms, simply because it was believed it could be done without protest, on the score of the intended victim.

But Farmer, Bartlett and their corporal guard reckoned without their host, for Assemblyman Frank H. Mouser, with the Administration forces behind him, whose appointment Editor J. B. Bass was, arose on the floor of the Assembly and made "re-actionaries" look like two-cent pieces. One of the daily papers of Sacramento in reporting the incident had the following to say:

Colored Attache Object of a Row
Refuses to Brush Coats

A resolution asking that "the cloak room attendant be furnished with a whisk broom" drew a laugh in the Assembly when it was introduced Thursday, but later it brought on a hot argument between Assemblyman Mouser and Chairman Smith of the committee on attaches.

The attendant is J. B. Bass, Colored, editor of The California Eagle, a Colored publication, and a college graduate. Mouser brought Bass from Los Angeles and had him put on the job as Assistant Sergeant at Arms. But there were enough assistant sergeants, so Bass was shifted to the cloak room at the same salary. Bass declined to brush off members of the Assembly, and the resolution followed.

Mouser defends Bass, saying he has a better education than three-fourths of the Assemblymen and could make as good a speech as any of them. "In agreeing to have him shifted to the cloak room," says Mouser, "I didn't expect him to act in the capacity of a servant and 'dust off' the assemblymen. I only expected him to see that no hats or coats were stolen."

The result was that Mr. Bass was re-assigned, this time to a position of an Assistant Sergeant at Arms much to his liking, and an honor of the Race he so well represents. It is a great source of pride to all men who believe in fair play to note the Assemblyman Frank H. Mouser again goes to the bat fearlessly for what he believes to be right, and that he is unalterably opposed to unnecessarily humiliating a Race because of its Color.

WHERE CREDIT IS DUE

No man more than Hon. Alexander McCabe, Official Private Secretary to the Governor, has contributed to the six years successful administratoin of the governmental affairs of the State of California than he. Governor Stephens will find when he qualifies as Governor of the State a thorough and efficient body of men who all in their way have helped place the State of California in the forefront. It goes without saying that had it not been for the rare efficiency of the personnel of the present administration the six years of Governor Johnson would not have attained its high place in the estimation of all the people of the United States who believe in humane government and the unending reign of the people. And it is here where Mr. McCabe figures to an eminent degree. It has been accepted as an uncontrovertible fact, that Mr. McCabe has been the Governor's closest adviser not only in all matters of appointment, but his rare ability as a political organizer, his intimate knowledge of men and their records and their known limitations has made him indispensable to any manner of success. Mr. McCabe is nearly as popular in Southern California as he is north, and this is owing largely to the fact that he is at all times affable, reasonable and unprejudiced. It is largely through these qualities he has built up in this state, "a machine," if you please to call it that, that is simply invincible. Governor Stephens is to be congratulated that he will take on the reins of government, finding already erected the safeguards of the best government California ever had. And in this Mr. McCabe had been the veriest Warwick.

AT THE STATE'S CAPITAL OUR WEEKLY LETTER

Sacramento Citizens

Your staff writer had the privilege of visiting the local Odd Fellows lodge and found it a wide awake and businesslike institution which is really doing something. The officers and members vie with each other to keep it up to the highest possible standard, with a treasury of more than $3,000.00 and the funds safely invested. eW said, "Good for Sacramento."

Saint Andrews Chapel

We visited St. Andrews chapel A. M. E. church, found Rev. A. T. Harvey, formerly of San Diego, as its pastor and while he has been here only four months, he is contemplating many improvements and a very successful year. The Reverend is a wide awake and very capable divine, and no doubt will render to this community a signal service.

Business Men

We called on our old friend, Taylor Walker, who is a living demonstration of the old saying, "Sticktoitiveness." For generations Mr. Walker has stuck to the job of shining shoes and conducting one of the leading tonsorial parlors of the city, and has made good with a vengeance. We visited his beautiful home, which is within a stone's throw of the State Capitol building, and for finish and completeness in its appointments it cannot be excelled. From cellar to garret everything is complete, even to the most minute deail. The home is presided over by his charming wife, who is a worthy aide to her thirfty and hustling husband.

Mr. F. J. Butler also conducts one of the leading tonsorial parlars of the city, and has a clientage of the most popular citizenry of the State Capital. The shop is modern in every respect and a high credit to any city.

Mr. Butler himself holds a very responsible position with the State government to the credit of himself and the Race. He is a promient member, and for many years the treasurer of Sacramento lodge of Odd Fellows.

R. J. Fletcher conducts a chiropodist parlor on one of the main streets of the city and has a high class patronage.

The famous Hahn Jubilee Singers will play here Feb. 9, under the auspices of the A. M. E. church and will appear in the hall of the far-famed Tuesday Club. This will be a great occasion and one long to be remembered.

The members and most of the attaches of the Legislature will leave Saturday for their respective homes to return for the long session on Feb. 26.

Ben Cohen, well known in Los Angeles business and political circles, is serving as a committee clerk. Assemblyman Harry Lyons is credited with his appointment.

GREATEST PLAYERS HAVE BEEN DENIED MAJOR LEAGUE UNIFORMS

Some of the greatest ball players the world has ever produced have never worn major league uniforms, though it was their life ambition. This statement seems rather peculiar, but the explanation is simple enough. The color line is never violated in organized baseball. It is a very distinct demarcation. They say there is a little letter carrier in Los Angeles who played third base for two seasons with Rube Foster's Colored Giants and later with the Cuban All-Stars, that McGraw once saw perform.

The famous "Muggsy" told friends that he would have given $50,000 if the boy had been born white instead of black. The Colored man's name is Will Lane. He played third base on the same high school team for which Zeb Terry was the shortstop.

Chet Bost, an Oakland lad, has also cause to complain against an unkind fate, for Chet was two years with the Chicago Colored Stars, and could hold down a high-salaried job right now if it was permissible.

Del Howard, Oakland boss, musing over the subject the other day, recalled some wondeful Colored athletes against whom he has played on Chicago diamonds during practice games. 'Some of them," said Del, "were never equalled by any major leaguer."

McGraw once tried to slip into the Baltimore line-up a second baseman named Grant, claiming that he was an Indian, but the players knew otherwise and they struck. Grant was given his release.—Oakland Tribune.

Baptists Open Old Folks Home.

For a goodly number of years the Baptists of California, but especially Southern California, have labored ardently to erect a home for the aged and infirm members of the race.

Slowly, but step by step, have they moved on until at last the California Eagle, the oldest Negro journal of the Pacific Coast, that has kept vigilant watch over this worthy undertaking is pleased to announce to the world that the Negro Baptists of California have completed a ten room all modern home with all conveniences that goes there with except the furniture for the rooms.

The Board, consisting of Dr. J. M. Riddle, Mrs. S. B. Strickland, Mrs. I. H. Ford, Mr. S. P. Johnson, Mrs. M. J. Davis and Atty. Afue McDowell figure that the cost of furniture for the entire building will not exceed $1,000, and further announce that any person wishing to assist with this last end of the work may do so by communicating with either of these officers.

DISMISSED OFFICER SUES POLICE BOARD

William E. Spencer, a Colored police officer who was dismissed from the police force several weeks ago by Chief Butler, filed suit in the Superior Court to secure his reinstatement.

Petition is made for a writ of mandate, directed against Mayor Woodman, Parley M. Johnson and Frank Owen, members of the Police Commission, and Chief Butler. It is charged that Spencer was not served with a copy of a written statement and that there was no writen accusation filed in his case.

The dismissal of Spencer, according to Chief Butler, was because suspicion was directed toward the officer in the raiding of a Chinese lottery joint in San Diego. Spencer claims that he was guilty of any offense.

LOS ANGELES MUSIC LOVERS THRILLED

The Hahn Jubilee Singers at the People's Auditorium last Monday evening up to date is the season's eventful affair. The great hall was filled to an overflow, and each number was madly applauded, but when Mme. Florence Cole Talbot came forth, so thrilled was the audience with her magnificent propensities varied with her melodied sweetness as a lyric soprano that they whispered "not half was told by the papers."

Mme. Talbot after five years study at Oberlin, Chicago and other Eastern centers, comes back to her home town and is loudly proclaimed the queen of song.

Sojourner Truth Club women came in for much praise for presenting to the public this treat.

LITTLE BOY BLUE MS. BOUGHT FOR $2400

Chicago, January 20.—It was announced at the close of the allied bazar tonight that the manuscript of Eugene Fields' poem, "Little Boy Blue," brought $2400. It went to John McCormack, the singer.

Capt. F. H. Crumbly on Death of Islum Lewis.

Our brother, Isham Lewis, was born in the city of Atlanta, Fulton county, Georgia, on the 3rd day of July, 1851, and was approaching his 66th anniversary at the time of his death.

In his Southern home he was distinguished as a man who lived an upright exemplary life as a Christian citizen, contributing his guota for good to the life of the people with whom he was intimately identified as an earnest colaborer of every movement having for its aim the advancement of his neighbor, society and the Race.

That he might fit himself for a useful life he became a student at the night school conducted by the teachers of the American Missionary Society, who came south in that early period following the close of the Civil War. He applied himself constantly to satisfy his thirst for wisdom and finally become a student at the Atlanta University in which institution he prosecuted his studies as long as circumstances would allow.

About 1878 he was married to Miss Fannie Wood, the esteemed daughter of Mr. and Mrs. Joseph Wood, with whom he lived faithfully until her recent death, and from that marriage he is survived by two sons and three daughters. Leaving Atlanta about 26 years ago enroute to this city, his beloved mother, Mrs. Charity Lewis, declined to separate from her old home, of which she was a pioneer, where there were so many associations of a life time near and dear to her in her old age, and where she was well and favorably known respected and loved by all the people. With all she was an exemplary character, especially known for Christian integrity and her ever increasing devotion to Big Bethel African Methodist Episcopal Church. Her charity for the needy, the splendid sons and daughters she had nurtured into manhood and womanhood under the fear of God gave to her a distinctive place in the hearts of the people. Although many thousand miles away from that mother the subject of this sketch was faithful to her in her old age and in her declining days and comforted her to the end.

He was a Christian, having been one of that little band who met weekly in the old school house for prayer and it was here that he was converted to Christ more than 20 years before coming to this city. This little band of believers soon set about to erect, consecrate and dedicate a house of worship to the God of their salvation and in a few years through the aid of philanthropy they built the First Congregational church of that city. Throughout all this evolution the service of our deceased brother was a potent factor. He served the church in many important positions, being trustee for a long number of years, and at the time of his death was an influential member and officer of the Lincoln Memorial Congregational church of this city.

In the month of December, 1882, he was made a Master Mason in Rising Sun Lodge No. 26, Free & Accepted Masons of the jurisdiction of Georgia. He was a charter member and was its third Past Master. During his administration he conferred degrees upon men who in later years became beacon lights in Masonry, presidents of institutions of learning for higher education of the Race, members of state legislative bodies, ministers of the Gospel and prominent churchmen who in no few instances ascribe much of their accomplishments to the tenets and purposes of that most ancient order. He was a devoted Mason, always charmed with its precepts and examples and was representative of its principles for more than 35 years. He lived the life of a true Mason, devoting more time in searching its storehouse of knowledge through and through than most any man with in our knowledge, for next to God and his family he loved Masonry and he was never happier at any time than he was when in a lodge of justly constitute Free Masons listening to or giving lectures or imparting wisdom to his less informed brethren, to whom he was a living encyclopedia, whose conceptions of the lesser and greater lights of that most ancient order was asknowledged to be equal to any and superior to most men.

Advancing through the Royal Arch Chapter, the Commandery, he became the Illustrious Commander for the past three years of Egyptian Temple No. 5, Mystic Shrine or 33rd degree Masonry. He had been a member of B. F. Tolbert Lodge of this city since its organization and was one of its Worshipful Masters. The members of that lodge testify to his extraordinary ability, soundness of judgment and knowledge of Ancient Craft Masonry. That most ancient department of Mystic Shrine as well as the Blue Lodge all appreciate the great loss that has been sustained by the death of this most honorable Mason, and with all of his extraordinary ability and the high esteem in which he was held by the brethren. He was not puffed up, but one of the most modest of men, never intruding himself upon the society of any one or demonstrating in an unseeming way or manner his superior knowledge of Masonry, modest and quiet as a churchman, husband, father and citizen.

His chief aim in whatever he laid his hand to was simple honesty of purpose, his charity included all mankind and covered the globe. Upon the record of Masonic annals in another section of this country there is chronicled events that tell far greater than any words from our puny lips what he has done for mankind, more especially for a brother Mason. There live today persons in far off Europe enjoying life and liberty who remember what he did for them. He regarded Masonry a universal fellowship that knew no distinctions among men but those of worth and merit, that it was founded upon the equality of man in his inherent and inalienable rights, that its greatest aim was the amelioration in all things of the individual, the family, the neighborhood, the state, the nation and the race of mankind, always reverencing and utilizing the influences of the past upon the living present and ever striving for a more glorious future, welcoming the co-operation of all who love their fellowman, that the order was a grand superstructure erected as the cosmic temple of humanity, that man, the rough ashler, was symbolically taken from the quarry of life—hewn, squared, polished, and made fit for his place in the living temple whose chief foundation stones are truth and right, and whose main pillars as wisdom, strength and beauty, and whose adornments are all virtues the keystone of whose world o'er spanning arch is brotherhood and whose Master Builder is the Great Architect of the Universe, that it inculcated all the mutual duties and obligations of man to man in all the relations of life, of the ruler and the ruled, of the master and the servant, of the employer and the employed, the high and the lowly, the rich and the poor, the learned and the unlearned, the teacher and the pupil, the strong and the weak, the parent and the child, the hale and the infirm, of the living to the dying and the dead and in short that it inculcated and inforced the practice of every moral virtue and every duty which man owes to himself, his neighbor and the Most High.

"Then let us pray, that come it may—
As come it will, for a' that—
. . . . . .
That man to man, the world o'er,
Shall brothers be, for a' that."
So mote it be.

What the Churches are Doing

"CHRIST COMING—AND COMING TO CHRIST"
Revelation 22: 6-14

The Kingdom of God not yet set up in the earth. Trouble for the true church throughout the Gospel Age. Their triumphant reign during the Millennial Age. The marriage of the Lamb is not yet accomplished, therefore there is as yet no Bride. The Heavenly Jerusalem not yet ascended from God out of Heaven, therefore there is no River of Water of Life now. The Golden Text a picture of Millennial conditions.

"The spirit and the bride say some. And he that heareth, let him say come. And be that is athirst, let him come. He that will, let him take of the water of life freely."

Those who claim that God's Kingdom was set up at Pentacost, that it has ever since been conquering the world, that its conquest will still proceed until God's will is done on earth as it is in Heaven; that then the second advent of Christ will take place, and He will commend their work, and that He will proceed to take all the faithful to Heaven and to burn up the world—these, dear friends, must be perplexed when they read the Revelation.

Surely they must admit that the three chapters, containing our Lord's message to the churches imply nothing of the kind enumerated above. The message to the different epochs in the history of the Church suggest nothin gto the effect that the Church of Christ is reigning now. They indicate that down nto the very end of the age it will be a suffering church. The Revelation promises a coming reign to those who faithfully endure the trials of the present time preceding the establishment of the Kingdom. Each message to the church closes with an exortation to the overcomer.

The intereving chapters between the third and the twnetieth deal with the conflicts betwen good and evil, and evidently cover the entire Gospel Age. Yet in all of these presentations the evil is shown to be triumphant, and the people of the saints of the Most High are worn out and cry from under the altar, etc. These chapters do not, describe anything like a Reighn of Righteousness.

It is only at the close of the book of symbols—from the 18th to the 22nd chapter—that the close of this Gospel Age and the inauguration of the Millennial Age is pictured, showing the triumph of our Lord and His saints. The introduction of the Reign of Righteousness is shown, marked by wonderful events connected with our Lord's second advent—the glorification of the church, the binding of Satan, the rising of the Sun of Righteousness, the blessing of the world, the scattering of its darkness, ignorance, etc. One would suppose that, even with no knowledge of the symbols of the Revelation, no thinking Christian would have any difficulty in realizing that the book portrays trouble for the church throughout the Gospel Age and the triumphant Millennial reign at its close.

The River of the Water of Life

The New Jerusalem, the church in glory. The walls are "living stones," such as the Apostle Peter describes (I. Peter 2: 4-7). The foundation stones are the Twelve Apostles of the Lamb (Rev. 21: 14). The throne of God and the Lamb is in the City. From the Throne of God will proceed the River of the Water of Life, of crystalline purity, not muddy traditions with false doctrines. It will be the pure message of the Lord, going forth from the Millennial Kingdom for the blessing, refreshment, rejuvenation and everlasting life of the whole world of mankind, or so many of them as will accept the blessed provision.

Not only will the message of peace and the offer of life go forth from the Throne to the whole world, but there will be trees of life on both sides of the river, bearing twelve manner of fruits and yielding their fruit every month; and the leaves of these trees will be for the healing of the nations.

This symbolic picture suggests nourishment and healing for the sin-sick, starving world, which then may partake freely of all the blessings and privileges thus symbolized.

When the New Dispensation, represented by this symbolic city and its river of the water of life and trees of life with their leaves of healing is made available to man, it will be the beginning of times of restitution spoken of by the Lord through the mouth of all the Holy Prophets since the world began (Acts 3: 19-21).

The Restitution will affect all the willing and obedient, not only physically, but mentally and morally. The uplift will be individual and world-wide. This is the very object of providing the River of Life, the Trees of Life, their leaves and their fruits.

"Whosoever Will May Come."

The call of the Gospel Age is limited. "He that hath an ear, let him hear." Let him come, and coming, be one of the elect. But the majority of mankind cannot hear the message in the present time; hence they cannot be of the elect. The Scripture clearly indicates a reserve in the matter of the Lord's grace at the present time (John 6: 44; 12: 32). This Gospel Age is the period during which the Father is drawing the church to be the Bride of Christ; but as soon as the marriage of the Lamb shall have taken place, as soon as the New Jerusalem, the Church in glory, shall have been established in the earthm, then the drawing of all the families of the earth will ensue. They will not be drawn, however, to the same things to which the Church has been drawn. They will not be drawn to the Heavenly things, to the joint-heirship with Christ Jesus in His Kingdom. They will not be invited to become members of His Bride; for the Bride class, the Kingdom class, will then be completed beyond the possibility of any further addition. The River of Water of Life represents the blessed influence that will proceed humanity from the glorified Christ—Head and Body—from the Kingdom of God's dear Son. When the Sun of Righteousnss shall have scattered the darkness of ignorance and sin, when Satan shall have been bound, when the River of Water of Life shall flow freely, then the invitation which will go forth will no longer be a call of the elect, but an invitation to every member of Adam's race to partake of the blessings and privileges which God has provided in Christ, in order that they may have the everlasting life and the everlasting joy which is to be the portion of those who will avail themselves of the gracious provision in Christ.

"The Spirit and the Bride Say Come"

There will be a Bride then; but there is no Bride now. The Church is an espoused Virgin, but the Marriage of the Lamb is still deferred (II. Cor. 11: 2). The last member of His Church must complete his course, must pass the final examination and enter into glory with Him, before the marriage can be consummated.

After the Marriage of the Lamb, not only will there be the Holy City, representing the Church in her official or governing capacity under Christ, her Head, but there will be the blessed work of the Church—the calling of the world's attention to the River of Water of Life, to the leaves of healing, to the fruits of the Spirit. Then the Spirit, the power of God, will co-operate with the message then promulgated, and the result undoubtedly will be that all the world shall hear, and that all who love righteousness and hate iniquity wil return to life everlasting. It will require the entire Millennial Age for the delivery of the message to every creature, and for mankind to avail themselves of the privilege then afforded to whosoever will.

FIRST A. M. E. CHURCH NOTES

Corner 8th and Towne Ave.
Rev. J. Logan Craw, Pastor

Two magnificent congregations assembled at the morning and evening services Sunday past and enjoyed the messages delivered by the pastor. At the afternoon revival service the Rev Price of Channing street church delivered an enthusiastic spiritual sermon which was very acceptable and one young lady was converted to Christ. There were four accessions to the church membership during this Sabbath day worship.

A new collection of music, a new collection of surplices, a new addition of choir members to our talented aggregation of singers who have already made the Eighth and Towne church choir a world famous organization, is now the order of things under the direction of Prof. Bynum, our efficient chorister. Come and enjoy this especial feature of the services each Sunday morning and evening. Everybody welcome.

The pastor will occupy the pulpit at both services Sunday. Come early if you would get a good pew and derive the benefits of the entire service. All are welcome.

Extraordinary—The Farewell Concert by The Hahn Jubilee Concert Company at First church, Wednesday night, Jan. 31, 8:30 p.m. sharp. Admission 35 cents. You will have to hurry if you want a seat.

WARD A. M. E. CHURCH

1354 Channing St.
Rev. J. W. Price, Pastor

Last Sunday was another day of feasting at this church, the Rev. Dr. S. E. Edwards delivering the message in the morning which was filled with fire, and the congregation feasted.

The Sunday school was well attended, and a great deal of interest manifested, especially since we have a new teacher to assist in the work. On account of having been sick herself and having sickness in her home, our Sunday school superintendent has not been with us for some time, but her very faithful assistant, Mrs. S. A. Lee, has been at her post, and things are moving nicely, and God is leading on.

The evening service was fairly well attended and all enjoyed the message by the pastor. We called on Sister Wm. Galloway in Boyle Heights a few days ago and found her spiritually strong and somewhat improved in health, for all of which we are very thankful to our Heavenly Father.

FRIENDSHIP BAPTIST CHURCH

The pastor brought the message at the morning service last Sabbath and introduced Rev. Archie Williams of Los Angeles as the speaker for the evening service. A good attendance and a generous contribution toward the effort the trustees are putting forth, characterized these services. At 2:30 the B. Y. P. U. Federation of Southern California held its quarterly meeting and election of officers. J. Alen Reese of Venice was again selected to guide the work of this useful organization through another term. The reports of the committees, the missionaries and of each individual Union were most gratifying and sufficient to enthuse those who have not taken the proper interest in this work. The week of prayer conducted last week was spiritual benefit to those who were undaunted by the rain. The services were led by some of the lay members and proved to be valuable as a preparation for the gigantic effort launched this week under the supervision of Rev. F. H. Davis of Los Angeles and the pastor for the saving of souls. Rev. W. H. Tillman is assisting in the work. Meetings are being held each evening this week at 7:30, except Saturday, and will be continued through next week. At the evening service next Sunday the newly elected officers of the Sunday School will be installed.

METROPOLITAN CHURCH

For the benefit of the Day Nursery the Hahn Jubilee Singers will appear at the High School on the evening of the 29th. This will be the only opportunity to hear this company in the city. The Dunbar Club of the church announces weekly meetings on Monday nights while the Booker T. Washington Club meets every Thursday night. The pastor will speak to young people especially Sunday. The "Road to Success", and "How to be Great Men and Women" are his subjects.

A. M. E. CHURCH NOTES

At last Sabbath's meeting of the Sunday School the newly elected officers of the school were installed and a start made on a New Year of endeavor. The pastor preached at morning service and again at night. The Ladies' Aid Society met with Mrs. Jas. Owens last Thursday. Rev. Dyett is busily preparing programs for the anniversary and fair which will be held at the church beginning Feb. 21 and continuing through the 22nd, 23rd and 24th. The captains are also busy lining up their workers for the rally against the church debt. Announcement is made that on the evening of the first Sunday in February the service will be in the charge of the young people with special music. At next Sunday's meeting the Endeavor Society will be led by Mr. Walter Dyett, and a special program will be rendered by the young ladies besides an address by Mr. Kincaid. The pastor will preach morning and evening Sunday....

REVIVAL REPORT

The Union revival meeting under the auspices of the Methodist Ministers' Alliance closed its third week of meetings at the First A.M.E. Church Rev. J. Logan Craw, D. D., pastor last Sunday. The meeting began with much promise and enthusiasm at the First A. M. E. Zion church last Monday night. Dr. B. C. Robeson is the genial pastor here, where the meeting will continue each night for two weeks. The following are the visible results for the first three weeks:

Accessions to First A.M.E. church, 29; to Wesley Chapel, 1; meetings held, 23; sermons preached, 23; prayer meetings, 23. The following pastors preached a week each: Rev. J. C. Anderson, Dr. B. C. Robeson, Rev. J. W. Price. Mr. and Mrs. Robt. True lead the prayer meetings very successfully. The collections totaled $34.40; expenses, $28.00; leaving a balance on hand of $7.40.

REV. E. R. JOHNSON,
Statistician.

SECOND A. M. E. CHURCH

Rev. E. R. Johnson, Pastor

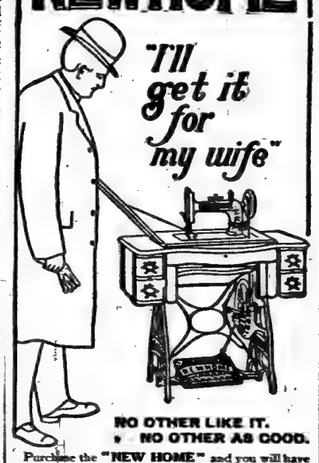
The services were inspiring all day Sunday. Rev. Hartnett spoke for us in the morning.

On next Sunday the trustees will hold a dollar rally for the street paving debt.

The voting contest for the most popular "missionary lady" was a success in spite of the very inclement weather. Mrs. Stella Ross received 745 votes. Mrs. Mamie James with 100 votes was next. Amount presented stewards, $8.45. On the sick list are Mrs. Silvia Martin, Mr. Milton Hicks, Mrs. Baker, and Miss Doris Young.

The pastor is seeing everybody that can possibly be enlisted in the spring rally.

PEOPLE'S INDEPENDENT CHURCH OF CHRIST



Rev. N. P. Greggs, Pastor
Cor. Eighth and Wall Sts.

The Signal light was hoisted high on last Sunday, and several sinners caught a glimpse and got on board the old ship of Zion.

A large congregation greeted the pastor at both services, and the sermons were unusually interesting.

In the morning the pretty and impresive hymn, "Pass It On," was sung by Mr. Emannel Hall ,and by special request, repeated in the evening service, at which time Rev. Greggs added to the enchantment of the solo by asking the question, a portion of the song, "Are You a Star in Someone's Sky? If not, Why Not?" All departments of the church are enjoying the rich blessing from above.

MOUNT ZION BAPTIST CHURCH

The affairs in general at Mount Zion Baptist church seems to exemplify an era of good feeling and prosperity. On Thursday evening, Jan. 11, the church had its public installation of officers of its various departments. Something over seventy-five officers of the various auxilliaries were installed. Rev. George Ramsey installed church clerk, assistant church clerk, treasurer, financial secretary and also the trustee board. The Sunday school officers were installed by Brother T. H. Harris, ex-president of the Baptist Sunday School Union. The officers of the B. Y. P. U. were installed by Brother S. P. Johnson, president of the B. Y. P. U. district convention. Officers of choir were installed by Attorney C. A. Jones. The Deaconess Board was installed by Sister W. H. Williams from Tabernacle Baptist church. Officers of the Benevolent Association were installed by Rev. George Ramsey. Dr. W. H. Tillman was master of ceremonies for the evening. After the installation the guests of honor were served at a special table and all present were recipient of the delicacies and refreshments that a high class public reception consists of. Since the installation all departments of the church have taken on new life. The Sunday School is under the management of Superintendent W. W. Walker and Dr. W. H. Tillman's supervision. The Get Acquainted Literary club is doing great work under its president, Mr. C. B. Jones. The B. Y. P. U. is exemplifying a creditable spirit under its president, C. A. Biggers. The pastor, Rev. F. H. Davis, is delivering his series of sermons on the Lord's prayer for each Sunday morning and evening service. The sermons are filled with spiritual inspiration. The choir under the management of the beneficent chorister, Mrs. F. B. Murray and President Mr. T. H. Torrence, is rendering some of the sweetest music that church worshippers have ever appreciated. The Church Bulletin with the announcement of the year's program will be out in the near future. Watch the columns of this paper for Mount Zion church news each week.

WESLEY M. E. CHURCH

A letter from Dr. A. P. Shaw states that he would leave Little Rock immediately following the close of his conference on the 22nd, in order to reach us for Sunday the 28th inst. He will preach at both services Sunday. The choir is preparing special music and we are sure that the entire membership and many friends of the church will come out to greet him.

BY MISS VIVIAN CAMPBELL

MR. M. D. MATTHEWS RECIPIENT OF PLEASANT SURPRISE

Last Saturday to his great surprise when Mr. Matthews returned from duty at the Broadway Dept. Store where he is employed, his home at 1379 E. 33rd St. was a happy glow of bright lights and merry laughter, for without saying one word to her better half Mrs. Matthews had planned a very pleasant surprise party for his enjoyment. The first half of the evening was spent in the presence of ladies enjoying the dainties of the season.

But afterwards the ladies retired and with his fellow employes of the Broadway Mr. Matthews enjoyed a good old time smoker.

THE KENSINGTON ART CLUB ENTERTAIN OUTGOING STATE OFFICERS IN ITS CONNECTION

The Kensington Art Club gave an exclusive affair for the club members on Wednesday afternoon, Jan. 24, at the residence of Mrs. J. O. Banks, 1235 New Hampshire st. in honor of the outgoing officers and president of the Federated Clubs. The Kensington feels honored to have four of the state officers in its club, President Mrs. M. Bates, Organizer South Mrs. Minnie Davis, Superintendent of Literature Mrs. L. Slaughter, Chr. of Exchange of Southern Division Mrs. G. Bartlett.

Mrs. Banks served the club with an elaborate ten-course dinner such as only Mrs. Banks knows how to serve. Christmas has passed, yet turkey and every other good thing was greatly and abundantly in evidence. Covers were laid for 19. While the entire membership is 25. The beautiful decorations were in club colors, white and gold. Dinner over; the remainder of the afternoon was spent in story telling, acting, reading and singing. Talent was discovered that no one had the least idea existed.

Mrs. Mary Smith sang "The Rosary," Mrs. Lula Slaughter and Mrs. L. Roan gave a two-act original comedy sketch. Mrs. M. Bate, Mrs. G. Bartlett and Mrs. M. Crumbly excelled themselves in reciting from Dunbar and other authors. There were numerous stories told from diverse subjects, like the unwritten law, mother will have to tell the daughter and so on, for those stories will never be forgotten. Each member took part on the program. The gowns were beautiful.

The program was concluded by a valedictory by Mrs. Slaughter. "We deal with the most high potentate of the land, the peace treaty president. So if you want everlasting peace to exist among the members of the club, have treaty drawn by Wilson and have Minnie to Bate the hook with Egg-ls-es-ton, for she is a Skinner and then some. Say, have you noticed that the Johnsons have been keeping up with the Jones in giving luncheons? Do you know that May's the month when sweethearts go Roan in the Brookin? What is that I hear? Oh, the Russell of the leaves. History records that thousands were Slaughtered at Martinez, while Davis was putting the stunt on the new hair dress. And Bartlett made the bread Crumbly to keep the child from Baldwin, made Mary Smithy smile, for she is happy all the while.

If Sherman did surrender not to Lee but to Patten.

Those present were, Mrs. H. Baldwin, O. Wilson, L. Roan, E. Russell, M. Smith, C. Johnson, L. Slaughter, G. Bartlett, M. Patten, M. Davis, I. Sherman, A. Jones, M. Bate, S. Eggleston, Skinner, A. Martinez, M. Crumbly, Mrs. Mays C. Brookins.

SCOTT CHAPEL NOTES

To say that the interest runs high at Scott Chapel along all lines of church activity is to express it very mildly. In the memory of all of the older members there never was a time when the little church was fulfilling its mission as well as now. Every service is one of real worship and the practical sermons of Pastor Kinchen are greatly inspiring the people in the manner of every day Christian life. Services last Sunday brought out large audiences. Next Sunday will be of special interest as this is rally Sunday. The members of Scott Chapel just among themselves and a few friends expect to raise a given sum on next Sunday. The church has not given any entertainments and very little money has been solicited among friends. Chairman Hamilton of the Board of Supervisors will be the principal speaker in the afternoon at 3 00 and a great many friends from Los Angeles and our own Crown City are expected to worship with us at that hour.

Pastor Kinchen will preach morning and evening.

FIRST A. M. E. ZION CHURCH

Rev. B. C. Robeson, A.B., S.T.B.
Pastor
Pico and Paloma Streets

Zion has a large host as her guest this week. The big Union Revival has been housed with us. The Rev. J. Logan Craw, pastor of First A. M. E. church, has preached very able sermons. He is both able and eloquent and many hearts have been deeply touched because of his efforts. Many are heeding the call to service as shown by the large interest and crowds turning out. All sinners and doubters, backsliders, now is your time to be influenced, instructed and saved if you only have a care.

Our poular and capable pastor, Rev. Robeson, was not with us last Sunday. He responded to the call of Wesley Chapel to preach for them, thereby showing his unselfishness toward a good cause and willingness to assist a struggling and pastorless congregation. But he will be back "home" next Sunday to all members and friends, and especially to those friends who came out last Sunday and were disappointed. You are invited to come back next Sunday.

The pastor's subject at 11 a.m. will be, "The Power House of the Christian." At 8 p.m., "Behold I Have Played the Fool."

Visitors and strangers remember that this is the People's Church. You are welcome. Sunday school for old and young at 9:45 a.m.

Sunday afternoon at 3 p.m. Dr. Craw will bring to a close his week of preaching. Don't fail to hear this message. Next week Rev. Johnson of the Second A. M. E. Church will deliver the messages. Good times await those who will drink from the fountain that never runs dry.

Bethel Church of Christ.

The Sunday school was well attended. At 11:30 the pastor delivered an eloquent sermon; Subject "Salvation." He made the Gospel so plain and simple until a child could understand it.

At 3 30 p. m. the Pastor taught a beautiful lesson from 2 Cor. 5: 18.

The B. Y. P. U. met at 6 p. m. the topic being "Santification." Three very helpful papers were read on the subject.

At 7. 30 p. m. the Pastor came before us and again preached a wonderful sermon, the text being taken from Matt. 7: 13-14, "Enter ye in at the straight gate; for wide is the gate, and broad is the way, that leadeth to destruction, and many there be which go in thereat." Showers of blessings fell upon us while he preached, and we all enjoyed ourselves in the Lord.

Come and hear our Pastor next week.

SECOND BAPTIST CHURCH NOTES

Very interesting services are being held at the old Second Church. Last Sunday Rev. Tillman assisted Dr. Prowd, and preached a most inspiring sermon, on "The Triumphant Entry." After the services in the morning, the entire church voted that we go into a ceries of protracted meetings in the interest of souls. The Rev. A. C. Powell, the beloved Pastor of the Abyssinian Baptist Church in New York City, and justly called "The Spurgeon of America," will help Dr. Prowd in the laudible work. Dr. Powell will preach his opening sermon on the second Sunday morning in February, and at night will preach from his greatest, "The Valley of Dry Bones." On the Thursday night of this same week, he will deliver his wonderful lecture—"Broken—But not Off." All members and friends are urged to come out to the meetings which will begin next Sunday night, and continue on through the ensuing week. Dr. Prowd sincerely thanks his numerous friends who have been interested in his indisposition. He is now better, and will preach Sunday morning and evening. Come early.

If you have any of your handiwork worth displaying bring it to the Second Annual Conclave of the All American League, at Exposition Park, February 22nd, and receive for it on its merit a beautiful diploma or medal.

So far in the "police clean-up" nineteen officers have been bounced, three of them being Colored. One of the vacancies of the Colored has been filled by the selection of Mr. Jesse Kimbrough. Let more of our young men go into the examination in February.

President Wilson should start recommending measures for the uplift of American citizenship. How about 11,000,000 native born American citizens who are treated worse than aliens? Why is not the embryo statesman and school teacher we now have at the head of this country a sufficient clear vision to quit his prattle about foreign affairs, and tell the people that governmental brutality is fast making a domestic menace?

No sensible Colored man wants more nor less than his rights as an American citizen.

The All American League, which holds its Second Annual Conclave at Exposition Park, is going to make genuine history for the Race, Feb. 22nd. There will be beautiful medals and diplomas given for exhibits, and there will be a free barbecue of meats all raised by members of this Race. The Governor of the State, the Mayor of the City of Los Angeles and the Chairman of the County government have been invited to be present to make short addresses not on politics, but on the obligation of civic government. Excellent papers will be read by thoughtful members of the Race and the true spirit of Americanism which knows no man or woman by his or her Race and Color will get a great boost.

The word has gone down the line that the superintendent of the Owl drug stores of the Southern District of California, has instructed his hired help at the soda fountains to refuse to serve Colored people. This innovation is not because disorderly poor attired Colored patrons have asked to be served, but it is simply a concession to rabid Race prejudice. Well, the $30,000 that has gone into the coffers of the Owl concerns should be diverted to our only Colored druggist, Dr. Prentice, on Central Avenue near 12th Street. This drug store is modern in every respect, has careful prescription clerks and fresh drugs, and an established reputation for treating the Negro right, and every other Race. Anyhow, neither prescriptions nor trade of the Negro should go to the Owl folks so long as Race discrimination exists in their establishments.

Assemblyman Bert Farmer has gained a little questionable fame for himself in the Forty-second sessions. It seems Editor J. B. Bass had been appointed through the efforts of Assemblyman Mouser, an Assistant Sergeant at Arms, and on the Editor's own request he had selected the coat room as his assignment. An Assistant Sergeant at Arms is appointed to do police duty. In the coat room to see that the personal property of the Assemblymen is not stolen, that there be no lobbying on these premises, to preserve order and to see to it that only certain designated persons can enter and lounge there. In fact, in the cloak room the duties of the Sergeant at Arms is nowise different than his duties at the doors, galleries or lobbies. But it seems Assemblymen Bartlett and Farmer expected because the only Colored attache had he cloak room, to make him do the valet act of brushing off with a whisk broom the clothes of Assemblymen. Mr. Bass, standing within his rights, refused to double up on his job, so Farmer at the instigation of Bartlett, inroduced on the floor of the Assembly "a whisk broom order" for the only Colored Assistant Sergeant at Arms in the Legislature. Mr. Bass stood within his rights and he received another assignment, which probably the enterprising Assemblyman from the Furlong Tract District will not be able to "Jimcrow."

PRESIDENT WILSON'S PEACE MESSAGE

President Wilson in his "swan cry" to the U. S. Senate is not only academic, he is platitudinous. The Allies having answered his monograph on "lasting peace," and the Contral Powers having used the President for self-exploitation, which is self-glorification. As a matter of record Woodrow Wilson has proven he is the one and only chump that has ever occupied the White House. With his special envoys and his "kitchen cabinets," he is now in a fair way to make real red-blooded Americans blush with shame. This "peace message" of Mr. Wilson transcends all boundaries of consistency and decency. In endeavoring to show his profound erudition, his statecraft and his tender sympathies for the European international "mess," he has earned for himself the title of being the boss hypocrite. A single reference to his treatment of a weaker Nation, not Poland, Haiti; his disfranchisement for all practical purposes of the Negro Porto Rican citizen; his lack of sympathy for the two million Afro-Americans in the Southern division of his own country; the injustice of all of his treatment of his Colored fellow-citizen, and his double-dealing with the Suffragists, in addition, his hoodwinking the various labor organizations of this country, is enough to make all of his official utterances questionable and his sincerity doubted. How any one with a memory can consider President Wilson's recent "peace message," anything but the veriest bunk, it is hard to conceive.

ONE OF THE INCONVENIENCES OF BEING A CONVICT

The little evening Record has again displayed the huge development of its colorphobia. In its issue of the 22nd inst., under a flare-head display heading on the front page of this delectable sheet appears: SHACKLE WHITE TO NEGRO. Then follows the story: A white convict was brought from San Quentin to testify before two grand juries, when he had "stool-pigeoned" to the satisfaction of the authorities he needs must be returned to the penitentiary. As is customary convicted men are coupled with irons to another prisoner. In this case it appears that this particular white convict was coupled to "a coal black Negro," and he feels very indignant, very much humiliated, not because he is a convict, but his feelings are hurt beyond repair because of his enforced servitude with "a coal black Negro." It has long since been decided that the "coal black" don't come off, and the odor of an unwashed Negro is no more offensive than the odor that proceeds from a dirty whiteman. The Negro convict, according to the regulations in such matters had to be chained to some one, and we hear no complaint from him, and we cannot see why the other fellow has any kick coming to him. And another thing we cannot quite understand the aversion at this late date of a white man being chained to a "coal black Negro" in the berth of a sleeping car, when it is an uncontrovertible fact that for nearly 250 years the "white gentlemen" of the chivalric South were raising mulatto children by Black women. At least the complaining white convict has the consolation of knowing that he has not been guilty of any gross immorality, though he had an undesirable berth-mate.

On last Sunday the Mt. Zion Baptist church gave a Rally for the benefit of the pastor, which was in every feature a success. The pastor of Bethel A. M. E. church, with a large number of his members, and also the evangelist, Rev. Allen, came out and assisted in the rally with a spirit which showed Christianity, unity and strength. Many good papers were read during the day's program, and three very interesting sermons were preached by the pastor. Mrs. Rev. C. Williams sang a beautiful solo. The collection was taken up in the afternoon by Evangelist Rev. Allen. The total collection for the day amounted to $24.86. We thank each and every one who assisted, even with their mite, in this Rally.

A sight never before witnessed on the Pacific Coast was seen in Tia Juana, Mexico, as water came rushing down the Tia Juana river. You would have thought you were standing on the banks of the river Nile. Yet, thousands of nervous people sat in the grandstand and stood in the drenching rain watching the horses rush by the running stream on a track, which itself looked like the Arizona river. Even horses and jockeys would fall and disappear in the mud. The howling crowd would still be calling for some desired number as they could not tell one horse from another as they did not have to wait until the hereafter to become one color. Casey, Wells, O'Brien and Pool were all one solid mass of mud.

As thousands stood watching the sport of the king and torrents of rain falling from the skies, they were asking their friends the question, if the bridge which divided them from the city was still safe. But on one dared to leave until the last bugle sounded.

Poor old Zukard! In this downpour, tin-canned at last! All the elite of the race were out when "The Shrimp" finally did the trick. The railbirds had nothing on this black flock when "The Shrimp" came sizzing by. They yelled until their voices sank in a whisper. One of them seemed to faint away, but for what purpose, remains to be told. Tuesday and Friday, Ladies' Days, seemed to be a fashion show.

GEORGE RAMSEY

Mr. Geo. A. Ramsey, who has for the past four years handled the political end of The Eagle at San Diego is making preparation for a big fight for the right men for the right places, and will be pleased to reach you in time.

Well, you can't beat a grandmother's love for 'their only grandchild."

CHURCH PRIDE

By Mrs. C. E. Norwood

The church is the representative of Jesus Christ, and in the same love you embrace Jesus Christ, the same love you embrace the church. God said in His Holy Word: "If you love me, keep my commandments."

If you love the church, your first duty is to adhere firmly to all that the church teaches. The church is not only an authority commanding faith and obedience; she is also a mother who loves us and commands us to love her. As Christians, we have many reasons for having pride in and loving the church. Today the church is hated by the world. She is the representative of God and hence she is the personification of good and it is natural that the Devil and his followers would be its enemy. The church has been hated throughout the centuries, but in our day this hatred has attained proportions which history has never known before. Men can be found who make an open and avowed profession of insulting the church and do you not realize that in the face of so great a hatred, you have a sweet and solemn duty to perform? It is your duty to love the church. You must love her the more because she is hated. If we have pride in and love for the church, we will not be neutral on subjects of importance, which might arise in the church. We must enlist in one or the other contending armies. To lean sometimes toward the church, sometimes toward the enemies of the church, is not only weakness, but cowardice. God deliver the church from the paralyzing power of men. The church today has far too many men ready to put the brakes on her progress. Cautious, men; cautious, very cautious—but far too few men of steam power, and when a church is on the downward grade, she not only needs brake power to stop her, but still more steam power to pull her up again. We sadly need in the church, men to tell us what to do, and who go and do it. "I'm going to fish," said Peter. And in a time of paralysisi, when men were eating out theeir hearts with fear and misery, not knowing what to do, or where to turn, there rang out this one voice, saying: "Let us do this," and they did it and God almighty met them, and whenever a band of Christians undertake to do anything in Christ's name, with zeal and with pride for their church, Christ will meet them. The worst thing that can be said of any Christian community is this: "Thou hast a name to live and art dead;" "Thou art neither cold nor hot." Our Lord Jesus says: "I would thou wert cold or hot, so then because thou art lukewarm and neither cold nor hot I will spew thee out of my mouth." A church without life and zeal makes Christ sick. How long must the church live before it will learn that strength is won by action, and success by work? Let us as Christians do all the work we can for God and His church. If we cannot be a lighthouse, let us be a candle, and if each one of us individually let our light shine, all together it will make a great light for Jesus. If we are going to be successful, we have got to take our stand for God, and let the world and everyone know we are on the Lord's side. God's very service is wages. Dear Christian friends, let us do what we can for the church, show our love for and pride in our church by doing something. But remember that you will never be saved by works; and you never will be saved without works.

If we have church pride and love we will not fail, above all things, to give to God the portion of our substance. In the case of the widow there was nothing left. You are not to look at me and I am not to look at you, but each alone, each man and woman, is to look upward before God, and remembering Him and His offering, let each soul give with the keen but kindly eyes of Christ reading us to our bottom thought. Dhen we say, or how often we use the words, with a kind of mock modesty, "I will give my mite," did you ever stop to think that the mite is all, and to know, too, that although man looketh upon the outward appearance, God knows the heart? So let us do our duty to God, to the church, and to all mankind with an eye single to God, and if we are truly Christians, we will reap our reward in the world to come, for at our best estate we are only pilgrims and strangers here. "Heaven is our home." Death will never knock at the door of that Mansion, and in all that country there is not a single grave.

DEATH OF MR. F. L. ANDERNOS

We pause at this time to say a word about our good friend and brother, F. L. Anderson, who died last Friday evening at his late residence, 743 E. 27th street. Mr. Anderson had lived at the Y. M. C. A. building only a few months, but in that short time so endeared himself to the seretary, the dormitory men and all those connected with the association by his beautiful and Christ-like life, that no death in the association ranks during the ten years of its existence has caused more sadness than his. Every man and boy respected and loved Brother Anderson. He was indeed a brother-man in the fullest sense of that word. He was so meek, so sweet in disposition, so scrupulous in word and acts that his very presence made one feel that his claim of righteous and holy living was no idle dream, but a real living fact.

While he was far from a well man during the whole time he was with us there was never a moment that he could not say that everything was lovely with him. His influence for good upon the young men in the building and the older ones, too, will live forever. With all of his goodness and piety he loved to be sociable and agreeable and always enjoyed the jokes, especially when they were directed at himself. In keeping with his modest way of doing things he stole away Christmas day without the knowledge of anyone at the building except the secretary and was married to Mrs. Josephine Williams, a most excellent young woman with rare qualifications and a temperament so nearly like his that they were easily made one, indeed and in truth. But how strange—how incapable are we of understanding an all wise Providence. We had scarcely hailed our good friend when we were called to say farewell. May God bless and keep that wife and those children.

The Y. M. C. A. Dormitory men sent a beautiful floral offering and were the active pallbearers.

WATTS NEWS

Rev. Ramsey was at his post at Macedonia Baptist Church, both mording and evening and delivered splendid messages. He is deserving of much praise for his forceful manner in driving home the truths. At the missionary meeting the president knew just what to do to make each one feel that it was good to be in the house of the Lord. Music was rendered by Mrs. Weaver.

Bro. Simons filled the pulpit for Rev. Trigg Sunday morning. Junior Endeavor met and each one felt he had been benefitted by being present. Christian Endeavor was well attended and if we leaders would get more knowledge of God's word we could do wonderful things in bringing home souls to Christ. Rev. Trigg preached a delightful sermon at the evening service.

The literary was very interesting Tuesday night. We feel that when one sees the danger in cigars and liquor on the system we will never use it again.

Mr. and Mrs. James Steward on Gardner Ave. and daughter. Mrs. James, were proud to have their friend Mr. Chas. West take them out sight-seeing and automobiling Sunday and later partaking of all the latest dishes of the season at their beautiful home on West 35th place.

Thomas E. Judge Laid to Rest.

Mr. Judge, who was a native of Florida, came to Los Angeles California, in 1908, where he has lived during the past seven years.

Last Wednesday morning at 10 o'clock the sorrowing relatives consisting of a mother, wife and three sisters together with a large number of friends gathered at Tabernacle Baptist Church to pay their last respects to their dear dead relative and friend.

Mr. Judge was not a member of Tabernacle Baptist Church, but an ardent admirer of Dr. J. D. Gordon and was often found among the members during periods of service.

Dr. J. D. Gordon's eulogy was masterful and stirred the hearts of those who were left for a greater desire to live well. He said in part:

"That even though Mr. Judge was found out of the church, the fact that he had once professed a change of heart and was always a student of God's word, it is not contrary to God's teaching, to believe him at rest."

The funeral service was in charge of Undertaker E. Russell.

Frank Anderson Passes Out.

Wednesday seems to have been funeral day at Tabernacle Baptist church for scarcely had the funeral cortage pulled well away from it doors bearing the remains of Mr. Judge, when another came bringing all that remained of Mr. Anderson. Smith & Williams had charge of this beautifully arranged funeral service. The Tabernacle choir rendered timely music and after the reading of the obituary, which showed Mr. Anderson to be a native of Missouri, Dr. Biglow delivered the message over the deceased which was befitting and touching.

COLDS ARE INFECTIOUS

You can "catch" cold only from a person who has a cold, according to the California State Board of Health. Acute colds are not caused by overeating, or lack of fresh air and sleep. These are but predisposing factors. All acute colds are due to infection received from another who is so infected.

Dirty hands, soiled handkerchiefs, and infected drinking cups are some of the ordinary vehicles by which the infection is transferred. The promiscuous sneezer, who does not sneeze into his handkerchief, is also a big factor in the spread of acute colds. In order to keep well, one must observe the common rule of hygiene, and to avoid a cold he must keep away from a person who has a cold. This is easier said than done, for there are large numbers of people who are harboring such infections.

Much misinformation regarding the evidence of cold is published. There is no denial of the fact that a person must do all that is possible to keep up his bodily resistance, but it is a mistake to claim that colds are caused by indiscretions in mode of living. —Templeton Times.

FUNSTON SENDS MILITIA HOME

25,243 Guardsmen Are Relieved From Further Border Duty and Will Be Mustered Out

Washington, January 21.—More than 25,000 National Guardsmen now on the Mexican border have been designated by Major General Funston to return home and be mustered out of the Federal service.

All these organizations will be started homeward as soon as transportation facilities can be provided.

Their departure will leave between 45,000 and 50,000 guardsmen still in the Federal service doing border patrol.

Sacramento, Jan. 23.—More than $123,000 was turned loose in this city and vicinity by the Southern Pacific in the form of 5 per cent bonus paid to employes who have had two years' continuous service with the company.

Of the sum $54,000 went as a bonus to the help on the Sacramento division of the road, most of the men living in Sacramento. The bonus to the shop workers was $69,669, all of which is paid to Sacramento men. A similar 5 per cent bonus will be paid in July.

RAILROAD GUARD FOILS SECOND ATTEMPT TO WRECK "THE LARK"

Logging Chain Locked to Tracks Near Salinas, Cal., Halts Southern Pacific Train

Salinas, January 20.—The second attempt within three weeks was made tonight to wreck the Lark, the Southern Pacific Company's fast train from Los Angeles, by tying a logging chain on the railroad track about two miles south of here. The obstruction was discovered about eleven minutes before the Lark was due, by one of the company's guards who have patrolled the track every night since the first attempt.

The guard's motor car hit the chain and was wrecked. It was necessary to stop the Lark for a few minutes, as the chain was locked, and it took some time to get it clear.

Within a few minutes after the discovery of the obstruction a large number of Southern Pacific detectives and special officers were rushed here, and tonight they are searching the countryside for the wreckers.

THE FIGHTING PARSON WILL EXPOSE THE PERNICIOUS DOCTRINE OF SPIRITUALISM, SUNDAY EVENING, AT PASADENA.

Tomorrow, Sunday, promises to be a Big Day at Evangelist McPherson's Gospel Tabernacle, South Raymond avenue, near East Bellevue drive. The Spooks will walk Sunday night. Evangelist McPherson will, in his characteristic style, expose spiritualism and he invites and challenges any of the so-called spiritualists to meet him in a friendly discussion. As hundreds heard his sensational exposure of Russellism, some months ago, it is predicted that a record-breaking crowd will pack the big tabernacle Sunday evening to hear this exposure.

During the week Evangelist R. H. Wade has been delivering powerful messages nightly to interested crowds. Rev. Wade is a plain, old-fashioned Gospel preacher and his sermons have had telling effect. He will preach Sunday afternoon, and the famous Harris-Bilbrew Jubilee Singers will sing, so a big time is promised all day at the tabernacle. on last Sunday afternoon Elder E. R. Driver, of the Saints' Home Church of Los Angeles, preached a soul-stirring sermon that captivated the big audience, and the people are anxious to hear Bro. Driver. Come again, real soon.

Los Angeles, Cal., Jan, 25, 1917.

Editor Eagle: Since our last communication, another mass meeting has been held in the "Forum," which was very largely attended and the results were very satisfying. This meeting like all others that have passed and gone is now a matter of history, and the good that will result therefrom time alone can tell.

In traveling over the lands of the Papago Indian country, we were amazed at the wonderful fertility of the soil, and the immense crops that were being produced on the same. The month being July they were just preparing the ground for the second crop, which but goes to show how very prolific the soil is, and its value as a farming country.

Previous to our going to the land there was a question mark in our minds as to what sort of reception we would get from the Indians, whether they would be friendly or hostile.

To our delight, figuratively speaking, we were received with open arms, and had we been of a smoking type we would certainly have gathered around the camp fire and all joined in a pipe of peace.

They are certainly civilized far beyond expectation, and are a thrifty, peace-locing people.

We are satisfied that whoever takes up their abode in this region and pursues the proper methods, they need anticipate no trouble from these noble "Redmen" as they will meet all new comers more than half way in all overtures of friendship, and furthermore it is the intention of the government to segregate these lands so that a proper division will be made concerning the lands allotted to the Progressive Educational Association and those given to the Indians.

Some doubt has arisen in the minds of some wouldbe critics as to the citizenship of these Indians. We want to say right here, without fear of successful contradiction, that these people are not Indians as pictured in the minds of so many people with the tomahawk, feathers, paint and other accoutrements which go to make up the Indian of history. But they are citizens according to the wording and terms of the Constitution, and enjoy the liberties and privileges of all other peace loving people.

In our next we shall take up the methods of living and other characteristics of this simple minded people.

Again we say, now is the opportunity of a lifetime for the Race to get in on the ground floor and be independent and progress educationally, financially and spiritually.

JAMES H. LONGDEN,
Legal Adviser Progressive Educational Association.

Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life

to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

You probably have neglected many a money-making opportunity but dont neglect this one, it means your fortune, and is right within your reach. Seize it now. Write or call in person from 4:30 p. m. to 8 p. m. C. E. Patterson, 1446 So. San Pedro St, Los Angeles Cal., at once for our large prospectus, giving all the details with map showing location of our field, also let us know how many shares we shall reserve for you.

A CALL FROM THE CROWN CITY

Hundreds will hear "the Fighting Parson" Sunday afternoon, 2:30 o'clock when he delivers his sensational sermon on "Demon Worship or the Spirit World Unmasked," at the big Pasadena Gospel Tabernacle, South Raymond avenue.

Great throngs have attended nightly the old time revival meetings, at Evangelist McPherson's big Gospel tabernacle, South Raymond avenue, near Bellevue drive, and listened to powerful Gospel messages by "Singing Ned," Evangelist R. H. Wade. It can be truly said that Reverend Wade is preaching as never before and the folks are hearing him gladly. The recently organized Baptist Evangelistic team, consisting of the following well known ministers, Dr. W. H. Tillman, Rev. R. H. Wade, Rev. W. M. H. Dickerson, the sweet singer, and the Fighting Parson, Dr. J. Gordon McPherson, will hold a series of evangelistic campaigns throughout Southern California, under the auspices of the Baptist ministers. Dr. McPherson was chosen evangelistic secretary. The object of the evangelistic team is to go among the struggling churches to assist the pastors to put new vim and spirit into the people, to hold evangelistic campaigns, to hold Bible and institutes for ten days. The first of the meetings will begin tomorrow Sunday at the Fighting Parsons' great tabernacle, with three big services and commencing with morning prayer at 11 o'clock. The afternoon service promises to be of unusual interest, as the indications point that hundreds of white and Colored, saints and sinners, will crowd the big tabernacle, to hear the sensational sermon on the subject of "Demon Worship or the Spirit World Unmasked." This will be an exposure of the pernicious doctrine of spiritualism. Evangelist Dickerson will have charge of the big choir, and Dr. W. H. Tilman, the old war horse in Zion, preaches at the evening hour. As next week will be a great reunion of the Baptist forces of Southern California, under the auspices of the Los Angeles Baptist Ministers' Union, President R. H. Rozier and the various pastors will have charge with their choirs each evening, so let the Baptist and Christian workers of every creed come up to the help of the Lord, and make this one of the greatest revivals ever witnessed here in the Crown city. Dr. McPherson is being wonderfully used of the Lord. The sick and suffering are being healed daily, and those that are suffering, evil spirits are being relieved and are going forth happy in their new found freedom. If you are sick, or in trouble, come and see this wonderful man of God and he will do you good. Surely Dr. McPherson is the mystery of the twentieth century.

You will find him daily at the tabernacle, 391 South Raymond ave., Pasadena, Cal.

The people of the Crown city will hold a monster centennial celebration in honor of the birth of Frederick Douglass, "the old man eloquent."

Monday evening, February 12, a monster Lincoln-Douglass day celebration will be held at the big Gospel tabernacle, South Raymond avenue, near Bellevue drive, to commemorate the centennial of the Negro Race's greatest leader, "The Old Man Eloquent" Frederick Douglass, the grandest old Roman of them all. The monster celebration will be under the joint auspices of both Races, as they will honor the memory of two of the greatest Americans that ever lived. While the memory of the martyred President, Abraham Lincoln, will ever be revered as the great emancipator of the Negro Race, who died that the Negro Race might be free and that slavery would be wiped off the statutes of the American constitution, it is that "Black Son of Thunder" Frederick Douglass, whose burning eloquence awakened the nation's sleeping conscience to support Father Abraham and made it possible to break the shackles from four million human beings with one stroke of his pen. The story of these immortal chieftains will be told and retold in song, story and oratory by gifted sons of both Races. Dr. Glenn McWilliams and Prof. W. Edgar Easton, one of the greatest Negro novelists, the author of "Christophe," will tell of his personal recollection of Fred Douglass back in New Bedford, Mass., while Mrs. C. Spear-Bass, the editor of The California Eagle, will tell of the Race's mighty achievements during a half century of freedom, while "Daddy" L. C. Luke will represent the former slave and give a reminiscent talk of the bygone dark days of slavery. The Grand Army will also be represented. Music will be furnished by sweet voiced Colored jubilee singers. The program will be announced in full in these columns next issue. Dr. J. Gordon McPherson is chairman of the committee and this is sufficient to say that neither time or expense will be spared to make the celebration a record-breaking event. All patriotic citizens and Race men and the loyal women are invited to come to Pasadena and make the Douglass centennial day celebration a big success. At the close of the program a "Booker T. Washington Total Abstinence League" will be organized. Light refreshments will be served. Music will be furnished by the G. A. R. drum corps. In order to reach the tabernacle take the Pasadena Short Line car and get off at Center and Fair Oaks, after 7 p. m., and walk one block to Raymond avenue. Come and bring your wife or sweetheart along.

"WATCH YOUR STEP"

In view of the fact that some little two by four marplot has seen fit to advance the information that I have resigned as pastor of the A. M. E. Zion church, which is not in accord with the truth, I take this medium to answer the queries on the lips of an awfully deceived public.

The A. M. E. Zion church is marching to the tune of progress and singing a song of joy. She is shattering all previous records and causing eyes that were once suffused with tears to gleam with hope. She is asking no quarter and giving none but in the name of her Great Leader defying all obstacles and enemies. Above her portals waves a banner weaved with the threads of real constructive labor and achievement, and beneath this glorious escutcheon stands an army of devout, courageous, and earnest soldiers second to none in the city of Los Angeles, lifting the sword of a noble purpose and undying determination.

Why should I resign? Not a man in the city enjoys any three squarer meals in one day. Not a laborer in the divine vineyard gazes upon any fruit more luscious. Not a farmer has ever gathered a harvest more glorious. Not a Minister in the country is treated with any more consideration by his people. Never have the fires of hope and inspiration burned any brighter.

I wish to say that this is a malicious, vile and mawkish falsehood, and that the originator has a heart so vile that if they knocked at the door of the infernal regions Old Nick would send them down so deep that if they had the lung power of a ton of gunpowder Dives couldn't hear them squeal for water to parch their tongue.

Benjamin C. Robeson resign? My dear sinner, you missed your man. I was sent here by God Almighty and God's men never leave until their tasks have been performed. What you mean is that you want something to come in and stop Zion's Beulah bound warriors as they cry out victory, but I warn you now that we shall not falter a single inch as regards our determination and defy you and all the others wolves of Hell to impede our journey. You have had your day and your sun is setting, and before you face the bar of God I admonish you to cry out with David, "Restore unto me, O God, the joy of my salvation."

The A. M. E. Zion church will live as long as God lives and mortal creatures walk the sunlit paths of Los Angeles. B. C. Robeson came here at God's command and only that will cause him to lay his armor down.

REV. B. C. ROBESON.

FAVORABLE REPORT ON THE ELDORADO GOLD STAR MINING CO. BY THE STATE CORPORATION DEPARTMENT OF CALIFORNIA.

After an exhaustive investigation of the affairs of the Eldorado Gold Star Mining Company, from every angle of its claims, including all moneys received, and disbursements made from the date of its incorporation to June 30, 1916, an examination of its properties by Mr. Fred M. SOJOURNER TRUTH CLUB

A large number of the members of the Southern Division of the State Federation of Colored Women's Clubs assembled at the beautiful social center Sojourner Truth Home, 1119 E. Adams st., Wednesday. The Executive Board convened in the forenoon, the President, Mrs. J. H. Bate, presiding. Mrs. G. M. Warner and Mrs. Etta V. Moxley, honorary presidents, were present. A most interesting session was held and business of importance transacted. At the noon hour a basket luncheon was served, giving time for a short social chat. The afternoon session was presided over by the President, Mrs. Bate. Mrs. Warner and Mrs. Moxley were present but Mrs. Warner could not remain.

There were nine clubs represented and 24 delegates.

Mrs. A. Hill, chairman of Reciprocity South, had charge of the excellent program, which she had arranged. The reports of the clubs of the local and other divisions were most interesting and very encouraging. The address by Rev. W. E. Kinchen, who is ever ready to encourage the women in their splendid work, was heartily received. Mrs. Clara Hulbert, superintendent of music, furnished the musical numbers, which added to the excellence of the program. Mrs. Bate is an exacting presiding officer and insists on doing things right. The women are nobly giving her their support.

EVA CARTER BUCKNER,

SING ON! SING ON!

Lines to Madame Florence Cole Talbert

By Eva Carter Buckner

How glad thy returning, how welcome thou art;
We greet thee as greeting the spring.
You venture to rival the sweet warbling birds,
The nightingale's song you dare sing.

In silence and rapture we list to thy voice;
Ah! Would we could have you alway.
But thou, like the migrating birds that we love
Must sing your sweet song, then away!

Sing on gifted charmer, sing on joyous one!
Thy voice to the world doth belong.
As zephyrs waft perfume, the message you give—
Is borne on the wings of your song.

RACE LENDS POLY. QUARTER-MILER

Poly has at last been convinced that she has long been behind in that she has for a long time artfully barred our students from athletics.

We haven't been able to discover who did the convincing, but we do know that Lucian Blackwell has become at Poly what Baker is at Manual.

Besides earning his football letter, Blackwell is out for track and may prove a sensation in the 440 yard dash.

A SUGGESTION TO THE Y. M. C. A.

Young men all over Southern California are beginning to show deep interest in athletics. They want opportunities for competition. The Y. M. C. A. wants their membership. Why not compromise?

If the "Y." would offer such opportunities, and guarantee them and make inducements along competitive athletics, the boys would take a greater interest by 100 per cent. in the organization.

JIM HUNT

Poor old Jim Hunt and his team seem to be down and out. He can't sign any good men and if he does their ability seems to "wane and pass away."

The Giants have had every opportunity to make good and have failed.

Maybe they need what the Angels had to get in Dillon's place.

Nineteen-Year-Old Myrtle Anderson Defends Race.

By request of club women of the city we are publishing this address of Miss Anderson which was published in the issue of January 20 in the Chicago Defender.

The club women felt that this address should be published in the local papers and more widely read.

Miss Anderson Answers Degrading Speech of White Student

This address was made by Myrtle Anderson, a high school student of Los Angeles Cal., 19 years of age, in reply to an address made by a white young man student of the same class. The young man made a violent attack on the Negro Race and boastfully advocated the lynch law:

Miss Nichols and my Fellow Students:—

In answer to Mr. Morrissey's address I wish to comment on his attack on the Negro Race. First, I want to impress upon your minds that I do not and shall not uphold the Negro Race in any of its faults; but shall give facts and justice to whom justice is due. As Mr. Morrissey stated that he was voicing the sentiments of his race, so shall I voice the sentiments of my Race.

In the creation all men were created equal and alike. From the dust of the earth came forth the human family—no black, no yellow, no red but the family of the Divine Creator, the giver of all good and perfect gifts. You are forced to admit, Mr. Morrissey, fatherhood of God and the brotherhood of man. Time brings about many changes, for instance, when your forefathers and my forefathers lived on the banks of the Nile, happy and contented. History tells us they were all of one color and desirous of going beyond their confines, they forsook the Nile, some going north; some going west; some going east; and some going south. Those going north into a climate chilled by snow and cutting winds made it possible that they should be fair with flaxen hair and blue eyes. Those going west where the climate was not so severe was responsible for their olive hue. Those going east where the rays of sunbeam brought another skin and texture of hair. Those going south where the sun in all its grandeur and beauty sending down its' silvery waves in all its effulgency, became the black man. But remember, Mr. Morrissey, all of one flesh, of one blood and of one nativity—the Nile.

Not a White Man's Country

As you so boastfully say, this is a white man's country—I stand ready to dispute every inch of your claim. When Columbus landed on this great American continent did he find its shores lined with white men to welcome him? No, and a thousand times no. But instead he found the red man and in full possession. Did this great land of wealth and plenty remain in the hands of the red man very long after the advent of the white man? No. But through his trickery and cunning devices he robbed him of his wigwam, and his happy hunting ground. Let me bring it closer home than the days of Columbus and the red man. Just across the border the white man has robbed the Mexican of his fertile soil and his rich yielding mines. In his fiendish greed for conquest he has been the means of untold suffering and deprivation; and yet his unrestrained arm goes on, supported by the army and navy of the U. S. and yet you call this a white man's country.

The first blood spilled upon American soil flowed from the wounds of a Negro to free these shores from the yoke of Great Britain and to plant the stars and stripes. The Negroes' voices have mingled with his white brother, meant singing "My Country 'Tis of Thee, Sweet Land of Liberty." He has been inspired by the rattle of the drum and the blowing of the fife rolling out its war tune. The black man's soul has been stirred to its very depths by the sound of the "Star Spangled Banner." It was a gallant charge of the black man that saved Old Glory from trailing in the dust at San Juan Hill, when his brothers in white were falling to the right and to the left; but the black man, indifferent of impending dangers, came up in the thickest of the fray, singing, "There Will Be a Hot Time in the Old Town Tonight." And there was a hot time in that old town. Ask Colonel Roosevelt.

Again the Negro has given account in the battle of Vicksburg under the commapd of General Grant. After unsuccessful attacks with white troops being beaten on every hand by General Farragaut in command of the Confederate troops, General Grant asked for Negro troops. And can you imagine the astonishing results? Down came the flag of the Confederacy and the planting of the Stars and Stripes. Was it not hrough the untiring efforts of the black man that another victory as won, when the efforts of his white comrades had failed? But we see no glowing tribute of his bravery and valor in the histories of today. But the fact remains so.

Never Lacked Courage or Valor

In the battles of Gettysburg and New Orleans the black man never lacked courage or valor, but shed his life's blood for his freedom and citizenship. But does he enjoy it? No. Like other things his brother in white robbed him of his standing as a rightful citizen.

Would not your dear mother hang her head in shame to know that her boy, the pride of her life the happiness of her future, should advocate lynch law for Negroes? Would not that mother by that one single utterance of her darling son, see him lose prestige and standing in the eyes of the fair minded men and women in this and other communities?

Why was the whole world thrown into convulsions when Leo Frank was lynched for his dastardly crime against little Mary Phelan; and at least a dozen more crimes put to his credit? Because his skin was white. And I would advise as a cure for this narrowness and prejudice an expansion of mind.

Why did not the people of Chino, Cal., lynch Rev. Slaughter for his dastardly crime against 15 year old Mary Lawson? Was it because he as better than his brother in black in crime? Oh, no! But because the laws of the land protected him. But the day is fast approaching when there will be an eye for an eye and a tooth for a tooth. May God hasten the day.

Why did not the people of Los ngeles seek to take the life of Kilfoil by lynching him? Was it because his crime did not merit death? Or because the Holy Bible says "Thou shalt not kill?" Or because his crime was of a minor nature? No. Let us go into detail. After robbing the promising little rosebud of its sweetness and purity and leaving her a public charge and forever putting a social blight on her life; not satisfied after accomplishing his fiendish desire, then leaving her to face the cold, cold world alone, unprotected and soon to become a mother of his child sought to have her aid him in cold and wilful murder. Can you imagine anything so heinous? Did Kilfoil deserve summary punishment?

JESUS THE LIFE AND THE LIGHT OF MEN

January 7—John 1:14.

An Epitomized Statement of the Entire Divine Plan of the Age—The Logos—A God with the God—The Great Honor and Dignity of the Sons of God—Everything is of the Father, Through the Son—The Light Still Shining in the Darkness—Even Yet the Darkness Comprehends it Not.

"In Him was life; and the life was the life of men." Verse 4.

Reaching far back into the past, from before the creation of the earth as mentioned in Genesis, and down into the future, to the grand consummation of the Divine plan at the close of the millennial age, our lesson is an epitomized statement of the entire plan of God in most comprehensive form, wide enough, deep enough, to furnish food for thoughts for a score of lessons. In considering it as a whole, therefore, we can touch only briefly upon its various points at this time.

Verse 1. In the beginning. These same words introduce us to the Bible as the record of the earth's creation in the book of Genesis.

But in today's study the reference is to a beginning long before the creation of the earth.

At the beginning mentioned in Genesis, the Lord tells us, "the morning stars sang together, and all the sons of God shouted for joy." (Job 38:4-7.) There were at that time angelic beings, "sons of God," who rejoiced at the further manifestation of Divine power in the creation of the world. But there must have been a beginning, so far as they were concerned, long before; and it is to this beginning that our lesson refers—a beginning before the angels were created.

This beginning is not the beginning of the Divine Being's existence, for respecting the Heavenly Father, Jehovah God, the Almighty, we have the distinct statement that from everlasting to everlasting He is God. He has no beginning. (Psalm 90:2; 106:48.) Hence the beginning mentioned in verse 1 refers neither to man nor angels nor to the Father, but to "the beginning of the creation of God" (Rev. 3:14)—a name or title given to the Only Begotten of the Father, the One who subsequently became our Redeemer and Lord—Jesus Christ. With this thought in mind all is clear. The Apostle's explanation has settled the matter.

This original One or beginning of the creation of God is in verse 1 called the Word of God—the Logos. History informs us that in olden times it was customary to regard the king's person as too sacred to be seen by common people except under special occasions and that when certain great laws or edicts were to be announced it was customary for the king to be screened by a lattice from the gaze of the multitude assembled, while before the lattice stood a person who enjoyed the king's favor and confidence, and who therefore became his representative. This person was called the king's word because he spoke in a loud voice the commands and directions of the king, who communicated withh im in a low tone from behind the lattice.

This illustration gives us a clue to the use of the term Word as one of the titles of the Only Begotten Son of God, and suggests what the Scriptures variously declare—that all of the Father's dealing with all others of His creatures are done indirectly through the Son, His Mouthpiece, His Word, His Representative.

A Misleading Translation

In the beginning, St. John tells us, the Word was alone with the Father. The thought is still more clearly seen when we take the literal reading of the Greek mss., for in them the Greek article appears before the word rendered God in the second clause. This would make the English translation properly read, "And the Word was with the God." Here we see most clearly and beautifully the close relationship existing in the very remote past between the Heavenly Father and the Heavenly Son, between the Almighty God and His Only Begotten Son, in whom centered all the Divine purposes and through whom Jehovah God was pleased to manifest every feature of the Divine power and glory. The next statement of verse 1 "And the Word was God," is not to be understood as contradicting the statement previously made, for the distinction is considerably lost in the translation. In this last clause the Greek article does not appear before the word translated God, hence the thought in the statement is that of a God, as in contrast with the previous one—the God. Thus understood the passage would properly read: "The Word was with the God, and the Word was a God." Ah, now we have the original thought clearly expressed. The word God signifies might one; and in the Scripture it is used not only in respect to the Father, but also in respect to the Son, also in respect to angels and to men. In one instance it is used in reference to the seventy elders of Israel whom Moses appointed, and who in the original Hebrew are designated elohim-gods, mighty ones, (Ps. 86:8, Exod. 7:1; 22:28.) In all these references the word translated god or gods is in the Hebrew Elohim mighty ones. Note St. Paul's sanction of the last quotation as meaning the judges of Israel, in Acts 23:5.

Verse 3 is a grand, comprehensive statement, which gives us a glimpse of the great honor and dignity of the Son of God, "the Only Begotten of the Father," "the beginning of the creation of God." All things were made by Him—by the Logos, the Word. He made angels, worlds, mankind—"all things." "Without Him was not one thing made that was made." How grandly, how gloriously, the dignity, the honor and the position of our great Lord looms up before us as we think of the high exaltation with which the Father had honored Him even before He came into the world, even before He manifested His obedience to the Father's will unto death itself.

FIRST A. M. E. CHURCH NOTES

Corner 8th and Towne Avenue
Rev. J. Logan Craw, Pastor

Sunday proved to be another glorious day at First church. Two splendid congregations assembled and heard the pastor in the delivery of two sermons. There were seven accessions to our church membership. Four of these were converted at the morning service. Prof. Hahn, owner and manager of the Hahn Jubilee Concert Company, assisted the choir in the rendition of several beautiful selections. "The zeal of thine house hath eaten me up" seems to be a truism with the parishioners of First church and the young folks and middle-aged folks as well as the old, are becoming more zealously affected than ever before. You are welcome to our services Sunday. Beautiful music by our grand full choir at each service.

Sunday, February 4th, is Communion day. The pastor will preach morning and evening and administer the Lord's Supper. Morning theme, "Our Hope;" evening theme, "Transgressions." Everybody welcome. Come early to get a good pew.

All auxilliary and church activities pointing to our grand Easter rally will begin at once now and be carried on enthusiastically until that eventful day. Get ready to do your full duty.

Watch for "The Heart of the Hero" by the "A. B. O. U. T. Club" of First church.

PHILLIPS CHAPEL C. M. E. CHURCH

1406 Newton Street
Rev. J. C. Anderson, Pastor

Two splendid congregations greeted the pastor on the past Sabbath and the services were very interesting and helpful. The pastor finished his series of sermons on the general rules of the church at the morning service and also gave some very good news to the congregation.

The choir rendered their regular monthly concert on Sunday night to a crowded house and all went away well pleased with what they had heard. The work of enlarging the church for the new organ is now under way and it will not be long before we will have one of the most attractive and best equipped churches in the city.

The ladies of Board No. 1 gave a very delightful house social at the home of Mrs. J. H. Jamison on Mateo street on Monday night and quite a company gathered to enjoy the hospitality of the ladies.

The ladies of Board No. 2 gave a house social at the home of Mrs. C. S. Brown on East 33rd Street on Tuesday night and a nice party gathered and partook of refreshments served by the ladies.

Sunday is the regular communion day and the pastor and officers are expecting the membership out in large numbers to commune.

The Epworth League continues to grow in interest and attendance.

The public is cordially invited to come and worship with us.

TABERNACLE BAPTIST CHURCH

January 28, 1917.

Sunday marked one of the most interesting services for some time, every auxilliary has put on new life, and the congregation seem to be imbued with a zeal given by power divine.

Dr. Gordan preached two powerful sermons filled with logic and far reaching. Every one enjoyed this spiritual treat. Doctor's armor bearers are always at their post and render such valuable services that much burden is lifted from his shoulders and he can ascend the rostrum with his soul stripped of its vanities and all his passions bare to the finest influences of truth and beauty.

The choir will soon have a splendid orchestra added and then the welkin will ring with music, symphonious, grand. This choir is destined in the near future to be one of the best in the Golden West.

The Sunday School is equal to any in the city. The superintendent is one of the foremost ones in Los Angeles. He is carrying his Sunday School to the highest pinnacle of proficiency. More anon.

FIRST A. M. E. ZION CHURCH
Pico and Paloma Streets

Rev. B. C. Robeson, A.B., S.T.B., Pastor

The Union Revival is adding to the congregation of Zion. Bro. Denny, a retired soldier who was 30 years in the army of Uncle Sam, comes with us and joins the army of Our Lord and Saviour, he says for the rest of his days on the earth. This is our second retired (30 year) army man who has membership in our church, emphasizing the fact that Zion draws from every walk of life unto its fold. The Union revival is and has proven a success in the fullest sense, such a shaking up was good indeed for our city.

Next Sunday our pastor will talk at 11 a.m. services on "The Great Teacher." At 8 p.m. his subject will be, "A Christian Out of Place."

Last Sunday our Pastor was at his best in a masterly sermon. He dwelt upon the subject of church-going, spoke of those members who neglect the class room for lodge meetings, etc., also those members who are trying to go to heaven who attend just the one service for the entire Sabbath and who never come out to class meeting at all. He wound up by saying, "Of course I can't reach you into hell or heaven when you die under such circumstances. I will simply leave you in the air."

It will be a sorry day for some. So begin now to come out to class Wednesday evening at 8 p.m. also. Sunday school at 9:45 a.m. Sunday. Classes for old and young.

THE PEOPLE'S INDEPENDENT CHURCH OF CHRIST

Cor. 8th and Wall
Rev. N. P. Greggs, Pastor

Another Sunday brought tidings of great joy to the members and friends of the Independent Church of Christ. Tidings sent from the fountain that never runs dry and delivered by the messenger who shares his part of the blessings of God with all who come under the sound of his voice.

The usual large and enthusiastic congregation filled the hall. The sermons preached by the pastor, both morning and evening, were glorious. During the latter the attention of those present was called to their record on high, each one having a book of their own to scan page by page, but not one having a book with out some blotted pages.

The songs, "Get on Board, Little Children," and "Steal Away to Jesus" added glory to the day's meeting and all went to their homes rejoicing.

Next Sunday being the first Sunday a big day is expected. If you don't come at all you will have cause to regret.

The First Quarterly Conference met in session last Monday night at the Christian church. The reports from every department of the church were grand and only prove to us that we will ever go onward and upward.

The reports show that we have raised during this quarter $2,519.62 and have a balance of $1,309.20. A membership of 510. We purpose to enter the New Church the first Sunday in March.

LINCOLN MEMORIAL CONGREGATIONAL CHURCH

34th Street and Central Ave.
E. E. Lightner, Pastor

Inspiring services were enjoyed throughout the day by all who worshipped at this church on last Sunday. The pastor's theme at the morning service was "The Use of What We Have." Rev. Howard Folke brought the message at the evening service taking as his text: "Seek ye first the kingdom of God and His righteousness."

The pastor will fill the pulpit at both services on next Sunday. Subject for the morning, "Lazarus at the Table." At the evening service there will be the celebration of the Lord's Supper. Let every member be present. Strangers cordially welcomed.

Christian Endeavor, 6:30 p. m., topic, "Visions and Tasks," Joel 2:28, 29, 2nd Chron. 34:1-7. You are invited.

WESLEY M. E. CHURCH

Services at Wesley M. E. Church will be held Sunday as follows:

11 a. m. Short Sermon followed by Monthly Communion Services.

7:30 p. m. Sermon, "Waiting for Power," by the pastor. Communion Service continued.

The new pastor, Rev. A. P. Shaw, arrived in the city in time to preach both morning and evening last Sunday. He desires to see all the members of Wesley that are physically able, at one or both of the services Sunday. Come praying for God's abundant blessings upon the services and expecting a real communion with Him. Friends and strangers are cordially invited and are welcome.

Christian Church News.

Last Sunday at the Christian Church Bro. Williams preached in the morning, and Bro. Hopper in the evening. Both brought gospel messages to their listeners. The Endeavor services were unusually good. There was a debate the subject being, Resolved: That Pilate, governor of Judea, was guilty and respyneible for the death of Christ Affirmative:- Bro. Coleman and Williams; Negative:- Bro. A. Turnage and Sister Alma Wila. The Negative won the day, and all the speakers did well. Attv. Kelly was present, and in the speech which he gave us, said that we had the liveliest and most wide-awake Endeavor he had ever attended, and of course we felt very proud. We invite the public to all our services.

Pleasant Hill Baptist Church.
Rev. W. H. Rozer.

Beautiful congregations attended all services Sunday.

Ordination of the Deacons interested the afternoon audience.

Rev. J. D. Gordon delivered a wonderful sermon.

The three ordained were:- Hanible Hollins, Alfred T. Hines, and D. L. Williams.

Hilbirt Rozer has has introduced a system in his B. Y. P. U. in which is included a series of lectures on refinement "from the school yard to the church," by the pastor.

BY MISS VIVIAN CAMPBELL

On Tuesday, Feb. 6, a birthday surprise party was given Mrs. J. M. Edwards by her sister, Mrs. M. L. Gottschalk. On the above date 45 friends gathered at the residence of Mrs. C. F. Graves, of East Pico street, and from there wended their way to the home of Mrs. J. M. Edwards. On arriving they made their presence known by singing. Mrs. Edwards, curious to know what was going on on the outside, opened the door. Her gaze fell upon the 45 smiling and cheering faces. To say she was greatly surprised is putting it mildly. Some of the participants on the splendid program rendered were Mrs. C. C. Lewis, Prof. W. T. Wilkins, Mr. Robert Mason, Miss Beatrice Hammond, Miss Hazel Gottschalk. Mrs. Ada Jackson, on behalf of the Iroquois Friday Morning Social and Civic Club, presented Mrs. Edwards with a beautiful silver punch ladle. Mrs. Edwards responded with words befitting the occasion. Delicious refreshments were served in abundance and a happy crowd departed wishing Mrs. Edwards many more years of health, long life and prosperity. As she bid them goodnight her voice, amid tears and smiles, was still saying: "It is a shame; why did you not tell me?"

MRS. C. P. AND MRS. H. H. WILLIAMS HOSTESSES AT AN AFTERNOON

Thursday afternoon at the pretty little home of Mrs. C. P. Williams of 1522 E. Adams St., about forty ladies responded to an invitation extended by Mrs. H. H. Williams who with Mrs. C. P. Williams wanted to pay homage to Mrs. Pansy Whitlock, Mrs. Brishears, Mrs. Davis, Mrs. John Wilson, and Mrs. Wrenn Reed, all of whom have but recently returned from extended Southern and Eastern trips.

The affair which was social in name turned out to be a most interesting review of racial conditions in different sections of our country visited by these ladies.

Mrs. Brishears and Mrs. Whitlock visited relatives and friends in the big state of Texas. While Mrs. John Wilson went direct to her home town, New Orleans, and the country district round about that city. These ladies, who visited the states of Texas and Louisiana impressed their hearers upon this occasion with their keen sensitive powers of close observation. Mrs. Wilson, Mrs. Brishear and Mrs. Whitlock gave narratives of the trip from Los Angeles to their destination in lively fashion. They painted in part of the cruel prejudice of both sides of the picture telling the South as it is practiced through the medium of Jim Crow cars and other public utilities.

They also spoke of the Jim Crow Negro, whom they firmly believe is responsible for this condition.

Mrs. Wrenn Reed then described her trip through the Middle West and the East. Her narrative was exceedingly refreshing, but not more interesting in detail than were the visits through the South. Mrs. Reed had post cards which she passed in describing her visits to points of histrical interest, through the large Eastern and Western cities, including New York, Philadelphia, Baltimore and Washington, D. C.

Mrs. C. P. Williams, Mrs. H. H. Williams, proved to be not only thoughtful, but sweet Christian hostesses, whose objects Christian hostess, whose objects are to lift the standard of social functions in this community.

After a dainty collation had been served, as each guest would pass out the honored guest presented each person with a little white flower, which is said to have been the idea of Mrs. Whitlock, sister-in-law of Mrs. H. H. Williams.

Just as the ladies were about to leave, Mrs. H. H. and Mrs. C. P. Williams stepped forward and asked: "May we repeat in concert, 'And now, may the Lord watch between me and thee.'" And the ladies all departed, thinking, thinking.

Persons having business with me or wishing to interview me can do so at the offices of Sydney P. Dones, 1141 East Eleventh St. Los Angeles, on February 21, 22, 23 and 24.

The Young Peoples' Missionary Society met at the hone of Mrs. J. H. Eldridge last Sunday a week ago, and elected their officers. The new President, Miss Pearl Reed, requests that all the members who have been a little irregular in attendance will please be present at our next meeting, which will be held on Sunday Feb. 11, 1917, at 3 p. m., at the place where they met last, and be numbered with the regulars. Friends and visitors (of whom we hope we have many) are always welcome.

MOTHER WILLIAMS LAID TO REST

At the Tabernacle Baptist church Monday at one o'clock a gathering that filled the house came out to pay the last respect to Mother Williams as she was called by all who knew and loved her.

The Tabernacle choir was assisted by the Second Baptist choir and excellent music was rendered that was befitting for the solemn occasion.

A very timely obituary was read by Mrs. J. D. Gordon and the life and Christian character of Mrs. Williams was vividly painted in a beautiful word picture.

Mrs. Williams was born at Shrieveport, La., but has lived in Los Angeles for the past 12 years.

She reared a beautiful family of eight children, and passed away at the home of her daughter, Mrs. W. Willingham, Feb. 5. Dr. J. D. Gordon, pastor of Tabernacle Baptist church, who delivered the eulogy took for his text, "Let me die the death of the righteous, and let my last end be as his," and beautifully described the Christian life that had departed to the beyond.

LOS ANGELES GOSPEL TEAM AT SCOTT CHAPEL, SUNDAY NIGHT

The Brotherhood of Wesley Chapel will have charge of the evening service at Scott Chapel on Sunday. Attorney Hugh E. MacBeth and Brother Ora Stout will be in charge of the gospel team from Wesley's Brotherhood. Pastor Kinchen will preach at the morning service.

ALLEN DAY AT A.M.E. CHURCH SUNDAY

Special evening service Sunday evening will commemorate the life and work of Richard Allen on the anniversary of his birthday. Douglas and Lincoln will at this service form the theme of addresses by Mrs. J. R. Wright and Mrs. L. E. Williams, respectively. The Endeavor Society will be led by Mr. J. R. Wright. Miss Alberta Dyett is arranging the program.

The Stewards rally last Sunday was quite successful. The pastor spoke at morning service and in the evening yielded to the Glee Club. The young men who compose the organization greatly pleased a large audience with their harmonious rendering of several jubilee numbers. Rev. Dyett is justly proud of these boys and their splendid activity in musical and athletic as well as religious lines. The Glee Club will sing at the Washington Street Methodist church next Sunday evening.

A solemn feature of last Sunday evening's service was the installation of the trustees elected at the midweek meeting of the seventh. Brothers Wm. Bunch, J. W. Davis, F. M. Prince, H. T. Wright, T. Tyus, Walter Bell, Wm. Prince, secretary; A. Burton, assistant secretary, and James Lowe, treasurer.

The Aid Society spent all day last Thursday at the church quilting and sewing for the fair. At supper the ladies were joined by their husbands. The men of the church are with the pastor, preparing a Bishop's quilt, each block bearing a Bishop's name. The fair and anniversary will begin on the 20th with a big anniversary meeting at which a prominent minister will speak and the history of the church by Mr. Wm. Prince will be read and special music by the choir will complete the program. The next night, Wednesday, the Fraternal Societies of the city will have a special program. On the 2nd, Mrs. L. E. Williams will have charge of a musical and literary program. Friday evening will close the fair with a concert by the young people.

METROPOLITAN CHURCH NOTES

The Missionary and Lend a Hand Societies of the church will meet at 3 o'clock Sunday. The program will be furnished by the Lend a Hand Society. Mrs. Pointer entertained the Dunbar Club last Monday. The B. Y. P. U. and Sunday School are increasing in interest and numbers. Each Sunday dinner is served in the lower dining room of the Social Hall by one of the church clubs. On the 14th a Valentine social will be held in the hall. A candy sale and spelling bee will be features of the meeting of the 20th Century Club on the third Monday. The pastor will speak at both services Sunday.

ALWAYS LOYAL

"In every crucial period through which this country has passed no class of its citizenship has been more loyal than the members of the Negro race. Even as they stood in bondage at parade rest as soldiers in the Revolutionary War, when to Gen. Washington was handed the sword of Cornwallis in token of surrender of the British cause, or when they exhibited the greatest valor with Perry at Lake Erie, and with Jackson at New Orleans, or when in the dark days of the rebellion, when at the call of President Lincoln, the answer was echoed back, "We are with you, Father Abraham, 150,000 strong," or when the cause of the American arms hung in the balance in the Spanish-American war at San Juan Hill and El Caney, the black troopers singing "There will be a hot time in the Old Town tonight," rushed the hills and saved the day for the American arms, and even so at Carrizal he gave up his life's blood for the honor of American arms—that same loyalty is a part and parcel of this race today, and notwithstanding the gross neglect of his rights as an American citizen, no class of its citizenship will ever be more loyal to his country than this people. And even now, should this country (as it seems probable that it will) go to war, our only answer is, "the Negro is always loyal, even unto the end."

OUR THIRTIETH ANNIVERSARY

This issue of the California Eagle marks our thirtieth milestone, and while it has been only of late years that it has succeeded in coming into its own it has all these years stood on the watchtower as a mighty sentinel, guarding the destiny of the race in this section of this country.

We shall not go into a general review of the vicissitudes through which we have passed as we shall elaborate on this throughout the year until this date, 1918. We have designated this year as our anniversary year. We will issue a monster anniversary editidn as this paper is strongly entrenched with an established circulation in all sections of this great state we shall meet with our clientage and celebrate our thirtieth anniversary. So look out for the soaring eagle as it celebrates its thirtieth year in journalism.

Those optimists who believed and voted for Woodrow Wilson because they did not want war should conclude that meddlesome verbosity has results without intentions.

Ex-President Taft now advises conscription with the minimum age at 19. We hope this will not be necessary.

In the event of war, the Negro will be found defending American institutions, and probably, as in Mexico, as he was in the Revolutionary War, he will be the first of American soldiers to give up his life.

Lt. Governor Stephens made an excellent impression on the people of the North. Aside from his native dignity he assumed no airs and was as he has always been, a plain unassuming man.

Well, the Immigration Bill was passed over the veto of the President, and Japan feels very sore.

We do not want war; but in the event war comes, we will loyally support the cause of our common country.

We notice since the Kaiser declared the blockade you can purchase three pounds of "frijoles" for a quarter.

Sunday all Christian churches will offer prayer in the United States invoking Divine aid to ward off the great calamity of war. Let all of our race churches do likewise, for in the event of a war with Germany the Negro soldier would be the first as usual to offer up his life in defense of American institutions.

There are today in the United States one million seven hundred thousand American citizens of African descent who would be subject to the first conscription should Congress take the advice of Ex-President Taft. But we dare say with equal opportunity to officer their own troops, the Negro would come to the colors as speedily as the white citizen who has everything to gain.

The blackman if anything is loyal, and we want to see this loyalty rewarded by equal citizenship. We do not believe the loyalty of Labor Unions has been at all strengthened by the broken promises of the Democratic president and his Congress. It is not in the scheme of human nature to love those who abuse us, who maltreat us and refuse us justice. We hope that out of the recent loyal conduct of the Negro in Mexico will spring a keener appreciation for the Negro as an American citizen.

Get your exhibit ready for the All American Conclave. There will be 20 Gold Medals and 100 Diplomas awarded for meritorious displays. Dr. E. W. Kinchen is the chairman of the Committee on Awards which is enoug to convince anybody that these beautiful and valuable presents will be awarded solely on their merits. Miss G. Homer Staples is Secretary for the Committee that will have charge of the exhibits, and if ou intend to have your handiwork on exhibition, get in touch with the Secretary at once. Address Miss Stapler, 221 Lissner Building, or phone her, Main 3239 in the day, and at night phone Boyle 1518.

The official heads of the State, City and County Government have been invited to be present at the Second Annual Conclave of the All-American League, February 22nd, at Exposition Park, not to make political talks but to expound the responsibility of Government to the people and the citizen obligation to American ideals. These responsible heads of Government will learn first hand of the personal worth of the colored citizen who simply demands the same rights he himself enjoys.

The effort the All American League is making to show the efficiency of the race in civic development at its second annual Conclave, should receive the generous approval and support of every race-loving person in the State of California This effort is not for political purposes, and since the birth of the League it has given no evidence of being such. Though unfortunatel there are some narrow-minded people who themselves were never known to do a single thing without a sinister motive, can neither understand nor appreciate manliness in another. The All American League, opposing all racial discrimination in American citizenship, stands for a principle that must underlie the true spirit of patriotism that knows neither race, classes nor national derivations. Help make the second Conclave a success with an exhibit of race handiwork with your presence and heart endorsement.

SAN DIEGO NEWS

Mrs. Eva Smith, Mrs. Stevens, Mrs. M. T. Laws and Mrs. Brooks comprised a party at Tia Juana, Mexico, last Tuesday. In their new gowns and furs, you would have thought that they were going to Vernon Castle ball. They were given a box seat at Tia Juana through the courtesy of theh officials where they were the center of attraction, and viewed the sport of the king. Parties may come and parties may go, but their appearance will live in the eyes of the spectators forever.

Mr. Will Nash, assisted by Miss Annie Mulholland, tuned Mrs. Goodwin's piano at 3050 Martin Ave. The job was entirely satisfactory, but Mr Hary Hall says Mr. Nash is in the heart-tuning business as well.

Miss Emma Mulholland, with her charming looks, has created a great jealousy on the hill among the young smart set.

There is an old saying, when you are trying to shake your old beau, "I tried to forget you, but I couldn't." If you love me, say so; if you don't, write.

The "Early Risers" sure had some entertainment last Friday night. "Spirits Moving" was the great secret fathomed out by a certain young man after many hours of pondering. He was advised not to say "let me see" when he was in a dark room.

Old fashioned games were played to the delight of every one. Refreshments were served. The "Can't Beat It" club promises to have another even more successful Thursday evening; Miss Exzonia Mulholland, President.

The Acme Social Club was entertained last Thursday night by Miss Hunter. Election of officers for the ensuing term was held. Details will be given in next issue.

Mrs. J. R. Kinsey, of Los Angeles, was a visitor in our city the past week, and was the guest of her son, Mr. Reedy Chapman, to see her third granddaughter, Fannie Elizabeth Chapman.

It is said that Mr. King and Miss Gertrude Williams were recently married and will make their home in Coronado.

The Lincoln and Douglass Memorial exercises will be held at Bethel A. M. E. church Monday evening, February 12. Every one s cordially invited.

The Misses Blanche, Addie Belle, and Willie Goodwin, and Miss King, were the pleasant callers on Mrs. V. L. Goodwin Sunday evening.

The "Early Risers" Club, of the B. Y. P. U., gave an entertainment Friday night, which proved to be a decided success for the young people. The "Can't Be Beat" Club will be the next to venture out with an entertainment, which will be at Masonic Hall in the near future. Miss Exonia Mulholland is Captain of the Club.

Prayer meeting service is being held during this week, in preparedness for a great revival, which is to be launched soon at the Mt. Zion church. All membere and Christian friends are invited and are urgently asked to bring some sinner to the meeting. The "fight i s on," and souls must be won for Christ.

Mrs. T. Bolden, of Seattle, Washington, is in San Diego for her son's health.

Mrs. Ophelia Scales gave a supper last Wednesday night. It was a success.

Mrs. Mary Stout has been on the sick list, but is much better.

Mrs. Hariett Marshall is on the sick list.

Mrs. G. W. Woodby, on receiving a telegram that her mother was very sick, left for Washington, D. C.

The home of Mr. and Mrs. G. W. Woodby was partially destroyed by fire Friday morning, but no very serious damage was done.

Mr. Tom Ganes is here from Imperial Valley.

Services were held all day at Mt. Zion Sunday. Rev. C. Williams preached three excellent sermons. The choir sang in the afternoon with Miss Annie Mulholland at the organ. The church in general is doing nicely, and all are praying for prosperity in the church. Most of the members are giving the excellent pastor their hearty support both spiritually and financially. Bro. A. L. Brown, who has joined the Mt. Zion church, has proved to be a whole-hearted Christian, and is of much benefit to the church in all lines. He was elected as one of the trustees of the church.

Sister M. A. Hayden, who is also a wideawake member of the church, and who also stands as a worthy and competent superintendent of the Sunday school, was elected as Treasurer of the Mt. Zion church in the last business meeting.

Rev. and Mrs. C. Williams entertained at dinner Sunday, Mrs. C. E. Norwood and a party of friends.

Mr. and Mrs. M. A. Hayden took for an auto ride Sunday afternoon, Mrs. V. L. Goodwin, Mrs. C. E. Norwood. Mrs. A. L. Brown was also in the party. They called on Mr. and Mrs. Humphrey, of National City, and enjoyed a pleasant time while in the country. Mrs. V. L. Goodwin picked a nice mess of mustrad greens.

Mrs. E. M. G. Mulholland is on the sick list.

Mrs. V. L Goodwin gave an entertainment, Thursday night at her home on Martin avenue for the benefit of the Carnation Club, of the Mt. Zion church. It was a success.

OUR HENRY

There is warm blood in the veins of Henry Ford. He has been classed hitherto as a peace-at-any-price advocate. Now he offers in the event of war to place his plants at the disposal of the government and operate them without charge. May his machine crank easily, and his magneto never get out of order, and his spark plugs be ever successful and his tires never, never bust!

YOUR APPETITE

An average man who has seen 75 years of life has eaten an amount of food equal to some 1500 times his own weight, says the Popular Science Monthly for February. One hundred and ten tons of food he has consumed, of which the bread alone, if it could be piled separately, would occupy a space equal to that of a good-sized building. The vegetables on reappearing would fill a train three miles in length and the bacon when placed end to end in single slices would stretch along a line four miles long. The reappearance of five tons of fish and one-fifth of a ton of cheese would surely haunt him, while 12,000 eggs, 10,000 pounds of sugar and 1,500 pounds of salt would put in their claim. And he has smoked no less than 250,000 cigarets. Let's hope he has saved the coupons.

COMMENT ON THE SITUATION

The situation arising from the severance of diplomatic relations with Germany remains virtually the same as when President Wilson made his momentous announcement to Congress last Saturday. The status of Austria, through her adherence to Germany's submarine warfare, has not yet been determined. Meanwhile the American Ambassador in Germany has demanded his passports and is making preparations to leave Berlin and plans are afoot for the German Ambassador and his retinue to depart for Germany next week. Advices from Manila say that the German vessels in Philippine waters have been seized by American naval officers at the request of the customs authorities, who considered as wanton and lawless the attempts of the German crews to destroy vessels in Philippine harbors.

The Pershing "punitive" expedition returned to the United State yesterday. Villa is still at large and unpunished either by the Americans or the Carranzistas. The outlaws are said to be threatening an attack on Juarez. All orders for troops movements on the border have been suspended.

$30,000 IS FOUND ON BODY

Santa Rosa, Feb. 6.—Money and valuables totaling $30,000 were found by the coroner here in the pockets of John J. Miller of Santa Clara, a mining man, who ordpped dead in the railroad depot at Healdsburg. He was 80 years old and leaves a daughter, Mrs. Nutle of Santa Clara.

DIVING CRUISERS OF LATEST TYPES TAKE OCEAN PATROL POSTS

Three hundred submarines of latest type, giants in size and swift, with a navigating radius that will more than compass the Atlantic, are liberated by Germany in the supreme effort to crush her enemies.

One type of diver in the fleet is of 240 tons, 260 feet long, and the other of 5000 tons, having a length of 400 feet.

These sinister craft will be used against the ships of the world in the campaign to reduce England by starvation.

THE EAGLE AS AN EMBLEM

The first nation to adopt the eagle as a symbol of royal power was the Etruscans of ancient Italy, who bore the image of an eagle at the head of their armies. The figure of an eagle also was borne by the Persians at Cunaxa in 401 B. C. The eagle became the standard of the Roman legions in the time of Marius. The Roman eagle was represented with outspread wings. The Byzantine Emperors had as their emblem a double-breasted eagle, significant of their claim to empire in both East and West. The eagle was later adopted by the German Emperors and by the rulers of Prussia, Poland and Russia. Charlemange added the second head to the eagle for his arms to signify that the Empires of Rome and Germany were united under him. The eagle was the standard of Napoleon and was restored to France during the second Empire. The design for the great seal of the United States, embracing a spread-eagle, was suggested to John Adams, then Minister to Great Britain, by Sir John Prertwich, an eminent English antiquary.—Rochester Post-Express.

CHICAGO DETECTIVES AGAIN HUNT FOR GIRL

Chicago, Jan. 29.—More than sixty hours had passed when detectives today resumed their search for Marjorie Delbridge, the fourteen-year-old white child left by her dying actress mother to "Mammy" Jackson, a Colored woman, from whom the Juvenile Court recently took the girl.

Marjorie knows no mother except the old Negress, who for many years worked hard and kept her foster child well dressed and in school. The girl protested against being taken from her "Mammy," but the Court held that she would be better in the home of persons of her own Race. She was in the home of Mrs. Louis Brock, by permission of the Court, when she disappeared.

WORTH OF MONEY

Last week there was mentioned the death of a Chicago car conductor at the age of seventy-three, who parted with regret from a fortune of half a million. Since then a New York letter carrier has gone the way of all flesh, neglecting to take with him the $300,000 he had accumulated through the wise investment of his New Year tips.

The conductor stayed on the job to the last, but the carrier seems to have become tired, for he took something that carried him across the border.

Now is a man who accumulates large sums "worth" the sums in question? Or may it not be true that such a man may be worth less than 30 cents?

Rev. Ramsey was at his post at Macedonia Baptist Church, both morning and evening and delivered splendid messages. He is deserving of much praise for his forceful manner in driving home the truths. Bro. Simons filled the pulpit for Rev. Trigg Sunday morning. Junior Endeavor met and each one felt he had been benefitted by being present. Christian Endeavor was well attended and if we leaders would get more knowledge of God's word we could do wonderful things in bringing home souls to Christ. Rev. Trigg preached a delightful sermon at the evening service.

The literary was very interesting Tuesday night. We feel that when one sees the danger in cigars and liquor on the system we will never use it again.

SCOTT CHAPEL NOTES

Scott Chapel is greatly rejoicing over the outcome of last Sunday's Rally. With a membership of not more than sixty people; without an entertainment or supper, and very little soliciting, this splendid company of people raised nealy $500.00, and in fact by the second unday in this month the amount will be $500.00.

Pastor Kinchen is singing the praises of his little congregation, and is nerved to take hold of the work as never before. The fine spirit of unity between the colored churches was noticed on last Sunday. Both Doctors Dyett and Hughes were present with their people, and added words of inspiration. Rev. Kinchen will preach at both services next Sunday, and a cordial invitation is given to all our friends to worship with us.

ASSEMBLYMAN BERT L. FARMER IS AN OLD ACE IN THE ROLE OF STIFLING THE PROGRESS OF COLORED CITIZENS.

Since Assemblyman Bert L. Farmer's perfidy has been made manifest by his action in the first session of the 1917 Assembly, it has come to light that this same Bert L. Farmer and his family was one of the forces that fought so hard to keep our honored citizen, Homer Garrott, from occupying his own property in Mr. Farmer's district. We are told that the Farmer family said that no Negro will ever live therein, but Mr. Garrott is living there, owing to the fact that the court and not Farmers had the last say.

There is more coming. Watch The Eagle. Owing to the fact that the rush for extra copies exhausted our supply so early last issue, we are reproducing the same articles in this issue.

VARDAMAN AND BEN TILLMAN OUTDONE

Bert Farmer of Seventy-Third Assembly District, Which Includes Furlong Tract, Insults the Race by Introducing a Resolution to Reduce the Colored Assistant Sergeant at Arms to a Member of the Whisk-Broom Brigade.

(Special)

Sacramento, Cal., Jan. 19, 1916.

The first part of the bi-furcated Forty-Second Legislature has adjourned. It lasted but three weeks and during that time accomplished some great work by the introduction of bills and constitutional amendments which indicate that progressivism has come in California to stay. Every evidence of reaction was set down on with a dull sickening thud. Ocasionally one of the "old guard" would arise both in the Senate and Assembly to assert the deep rancor of the fellow who knows at the start "that he just has to be good," and after the emission of a little hot air subside into a state of innocuous desuetude. But theer are some fellows who will not sensibly subside, they have to be squashed, and Assemblyman Bert Farmer of the 73rd District is one of this kind.

Like Governor Vardaman and Ben Tillman, Southern fire-eaters, felt the lustre of their political crowns was growing dim, they would invariably burst out with tirades against the unfortunate Negro. They would appeal to race-prejudice and thereby regain their lost popularity. But that was down South, and not in any civilized community. Bert Farmer spurred on by the embryo statesman, Al Bartlett; who when he arises to speak has a characteristic tremor in his voice, because he is not sure, saw an opportunity to slam the single Negro representative in the Assembly's attaches, arose in the Assembly and introduced a resolution to reduce Mr. J. B. Bass, Sergeant at Arms assigned to do police duty in the coat room, to a mere attendant with a whisk-broom. This reduction process was largely prompted because the Assistant Sergeant at Arms was the Editor of The California Eagle a Race newspaper that stands for the policies of Governor Johnson's administration, and will be found advocating Governor Stephens, who will accept loyally the same policies, and carry them out.

From inside information received Farmer was only the stalking horse, and another Assemblyman, Bartlett, the instigator of this effort to humiliate the Race.

Knowing that the present State Administration would be held responsible for the action of the forty-third session, it was the scheme to give it a "color-line" feature, hence Mr. Farmer, young and unripe in legislation, was chosen to do the 'dark act." Farmer forgot that the Black phalanx of his district has practically elected him, and could leave him at the post when he would run again. Now this is great news for the loyal Furlong tract settlement of Colored voters, instead of reading some great oratorical effort of which they in common with his other constituents would feel justly proud, the best they get is this measely resolution to reduce an Assistant Sergeant at Arms, simply because it was believed it could be done without protest, on the score of the intended victim.

But Farmer, Bartlett and their corporal guard reckoned without their host, for Assemblyman Frank H. Mouser, with the Administration forces behind him, whose appointment Editor J. B. Bass was, arose on the floor of the Assembly and made "re-actionaries" look like two-cent pieces. One of the daily papers of Sacramento in reporting the incident had the following to say:

Colored Attache Object of a Row

Refuses to Brush Coats

A resolution asking that "the cloak room attendant be furnished with a whisk broom" drew a laugh in the Assembly when it was introduced Thursday, but later it brought on a hot argument between Assemblyman Mouser and Chairman Smith of the committee on attaches.

The attendant is J. B. Bass, Colored, editor of The California Eagle, a Colored publication, and a college graduate. Mouser brought Bass from Los Angeles and had him put on the job as Assistant Sergeant at Arms. But there were enough assistant sergeants, so Bass was shifted to the cloak room at the same salary. Bass declined to brush off members of the Assembly, and the resolution followed.

Mouser defends Bass, saying he has a better education than three-fourths of the Assemblymen and could make as good a speech as any of them. "In agreeing to have him shifted to the cloak room," says Mouser, "I didn't expect him to act in the capacity of a servant and 'dust off' the assemblymen. I only expected him to see that no hats or coats were stolen."

The result was that Mr. Bass was re-assigned, this time to a position of an Assistant Sergeant at Arms much to his liking, and an honor of the Race he so well represents. It is a great source of pride to all men who believe in fair play to note the Assemblyman Frank H. Mouser again goes to the bat fearlessly for what he believes to be right, and that he is unalterably opposed to unnecessarily humiliating a Race because of its Color.

WHERE CREDIT IS DUE

No man more than Hon. Alexander McCabe, Official Private Secretary to the Governor, has contributed to the six years successful administratoin of the governmental affairs of the State of California than he. Governor Stephens will find when he qualifies as Governor of the State a thorough and efficient body of men who all in their way have helped place the State of California in the forefront. It goes without saying that had it not been for the rare efficiency of the personnel of the present administration the six years of Governor Johnson would not have attained its high place in the estimation of all the people of the United States who believe in humane government and the unending reign of the people. And it is here where Mr. McCabe figures to an eminent degree. It has been accepted as an uncontrovertible fact, that Mr. McCabe has been the Governor's closest adviser not only in all matters of appointment, but his rare ability as a political organizer, his intimate knowledge of men and their records and their known limitations has made him indispensable to any manner of success. Mr. McCabe is nearly as popular in Southern California as he is north, and this is owing largely to the fact that he is at all times affable, reasonable and unprejudiced. It is largely through these qualities he has built up in this state, "a machine," if you please to call it that, that is simply invincible. Governor Stephens is to be congratulated that he will take on the reins of government, finding already erected the safeguards of the best government California ever had. And in this Mr. McCabe had been the veriest Warwick.

SHERIFF THOMAS FINN OF SAN FRANCISCO

The presence of the Hon. Thomas Finn from this session of the Senate is missed very much. The former Senator was not only one of the ablest and influential members but was one who could always be counted on to use his very best efforts in behalf of the greatest number of the people. The Colored people recognized in him a staunch friend of whom they could expect at all times a square deal. There is no man in the Northern section of the State that has striven to secure for the Colored voters political recognition. So therefore the criticism of Senator of Sheriff Finn's enemies falls on deaf ears of the plain common people. They know him for his real worth and appreciate his efforts in their behalf.

Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life

to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

You probably have neglected many a money-making opportunity but dont neglect this one, it means your fortune, and is right within your reach. Seize it now. Write or call in person from 4:30 p. m. to 8 p. m. C. E. Patterson, 1446 So. A NEW UNDERTAKING COMPANY

Under the Management of Mr. G. W. O'Bee, Formerly of Omaha, Nebr. Associated With Him Are Messrs. P. M. Hickman and Sidney P. Dones.

Will Establish a Casket Factory and Secure a Sight For a Cemetery.

They Purpose to Put Funerals, Funeral Goods and Graves Within Reach of the Poor.

While visiting the Board of Health office on the 6th inst., we bumped into G. W. Obee, recently of Omaha, and our well known real estate dealer Sidney P. Dones. True to our journalistic calling, we were solicitous of what was going on and in a meager way gathered the following facts:

That they had just been granted a permit to open an undertaking establishment at 202 East Pico street, where they have secured an eight-room private

G. W. O'BEE

dwelling on the southeast corner of Pico and Los Angeles street. Downstairs will be the chapel, show room, office and morgue. The upstairs will be occupied by the manager. While looking around this very palatial building we chanced to meet Mr. P. M. Hickman, who for many years was with the Roberts Undertaking Co. We found out that he was the other partner of this firm.

They were very busy getting the place in shape for business on the 9th inst. The partnership is to be known as the

People's Undertaking Co., Embalmers and Funeral Directors

The name implies the nature of the business, which is so well known that it needs no explanation. However, there will be some new systems of preserving and caring for the dead, introduced by Mr. Obee, who has many testimonials, and is an old embalmer and funeral director. He makes all the principal fluids, hardening compounds and facial cosmetics. He is a specialist on facial expression.

To make your insight clear and to save the editor's brain wear, we copy the following from Mr. Obee's ad, which was run in the Omaha Monitor:

Unequalled conveniences.

Strictly Sanitary Morgue.

Two rest rooms for viewing bodies without entering; so as to prevent exposing our patrons to contagious or infectious diseases. These are kept under Yale locks.

Spacious chapel and a funeral organ.

Metallic lined air tight preservation case, by which we can keep bodies months or years after being treated with our specially prepared chemical compound.

Expert Accomplishments.

We are experts in all the latest and most scientific methods of embalming and are specialists in post-mortem facial expression.

The remembrance of the last look we make most pleasant.

Free auto to and from parlors and to the casket company.

No morgue, chapel or organ charges to our patrons.

Advice on insurance matters, or the appointment of guardians or administrators, etc.

Free memoriam records.

Miscellaneous

Caskets from $10 up. Horse or auto funerals. Special prices to lodges. Liberal credit on good security or to people of good repute.

Sick (able to walk) taken to hospital in auto for $1.00."

Open day and night.

Ring and ring again, Main 2149, until you get us.

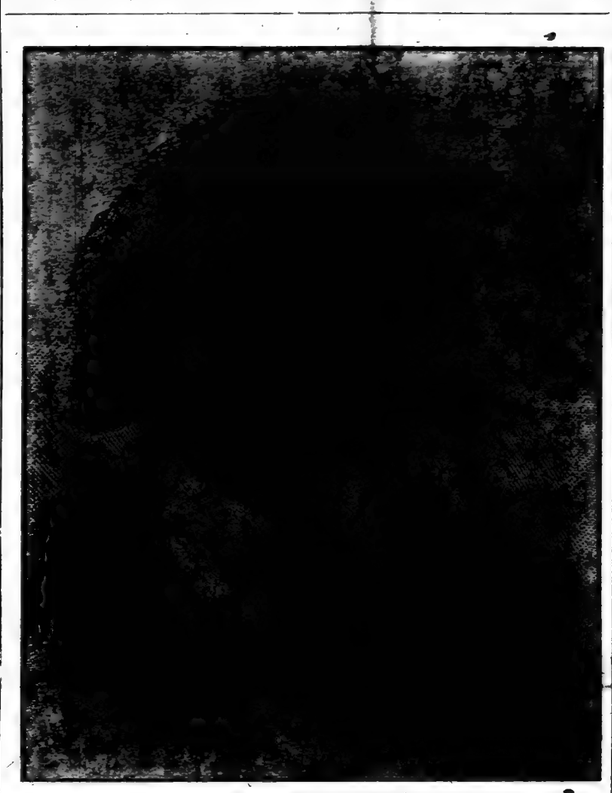
Mr. O'Bee especially requests anyone who may doubt these statements to ask anyone from Omaha, Neb. The company knows and feels that their embalmers and funeral directors are equal to any in the business and an opportunity to demonstrate is all that they ask.

Short Sketch of G. W. O'Bee, Premier Funeral Director

He was born in Nashville, Tenn., graduated from Normal department Central Tennessee College, now Walden University, graduate of preparatory department Morgan College of Baltimore, studied one year at Lincoln University of Pennsylvania, leaving there to go into recruiting service for United States service during Spanish American war and was assigned to the Tenth Cavalry. Made the highest average ever made in the embalmers' examination of Nebraska; was in the undertaking business for 10 years in Omaha

SIDNEY P. DONES

and was deputy coroner for 8 years. He built a large modern brick undertaking establishment at Omaha, which is now conducted by another member of the corporation, was president of the North End Amusement Company, which he organized and built a two story brick building for same 50x120 feet, which is now being operated by said company, was King of the House of U. B. F.; Past Chancellor Counselor of K. P.; Past Dist. Deputy of Mo., and Neb. Masons, member of the Knights and Daughters of Tabor; commissioned by the Governor of Nebraska to organize colored battalion; was president of the local business league of Omaha, and was selected to represent Omaha at the National Business League, 1916, at Kansas City, Mo., licensed by the tSate of California, December, 1916, at a professional embalmer.



Mr. O'Bee was somewhat embarrassed to make the foregoing statement, but the editor, believing the people would like to know something of whom they would want to deal with, insisted.

Lincoln and Douglass day will be generally observed next Monday by the colored people of this city.

On account of the absence of the editor from the city during all of last month the Eagle had to forego its usual effort along that line, therefore we will join with others in observing the birth of these two great characters.

The managing editor, C. A. Spear-Bass, will speak at Bethel church while editor J. B. Bass will speak at Christ's Temple at Pasadena.

Services celebrating Douglass' birth will also be held at the 1st A. M. E. Church, at which Attorney Willis O. Tyler and other prominent citizens will speak, so we urge our citizens to turn out in large numbers on this date.

FREDERICK DOUGLAS S, MOSES OF A RACE

Every Race-loving Colored resident should crowd the Tabernacle Monday evening to learn of the greatness of the old man eloquent, Frederick Douglass. Parents should bring their boys and girls, in order that they may catch an inspiration, as the story of the Race's great leaders shall be told in song, story and oratory. The sweet voiced Jubilee singers will enliven the occasion with plantation songs and melodies, while "Daddy" L. C. Luke will expostulate on the dark days of slavery representing the grand old fathers and mothers of days of slavery, at Daddy Luke is sure some talker it is worth going miles to hear him, as he shall perambulate. The big Tabernacle will be appropriately decorated for the occasion, and everyone is invited to attend.

A. P. SHAW, D. D., NATIVE OF MISSISSIPPI, CALLED TO THE PASTORATE OF WESLEY CHAPEL.

Los Angeles, the metropolis of the Pacific Coast is taking on new life everywhere, and in every walk, new blood is being infused into the very life of the city. In previous years it was thought that in the main the outcasts from other cities flooded Los Angeles, but the tide has certainly changed it course and now the best blood of the States is coming into Los Angeles. Within the past year we have had such men as Rev. B. C. Bobeson of the A. M. E. Zion connection, and now we are called upon to hail with delight the coming of Rev. A. P. Shaw, another young man in the ministry.

Rev. Shaw is a native of Mississippi, a graduate of Rust Collegt of that state and of the Theological Department of Gammon, and a post graduate of the Boston University.

Rev. Shaw has pastored the largest and best churches in his connection in the States of Maryland, Pennsylvania, Virginia, Arkansas and Washington, D. C., and now comes to take charge of Wesley Chapel in this city, which is known all over as being, if not the best, one of the best charges in the entire connection.

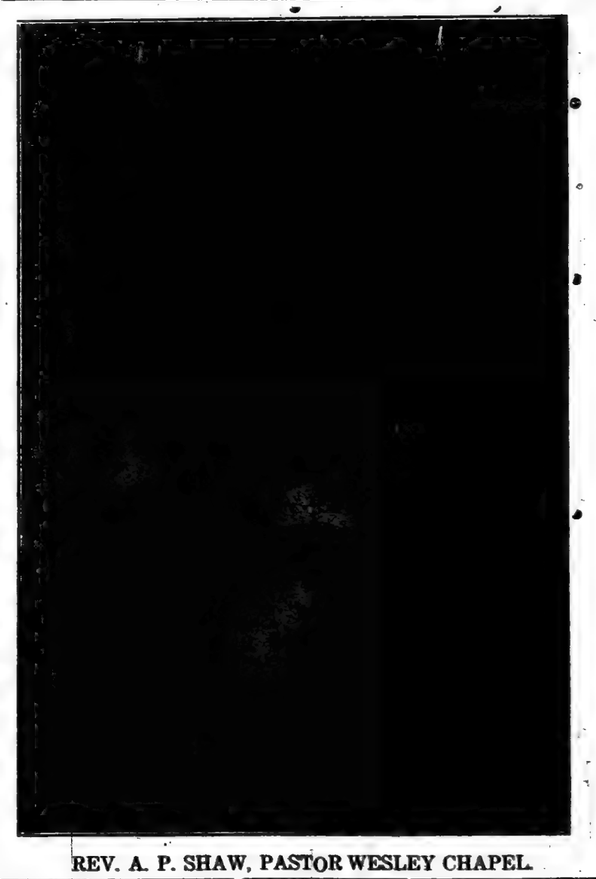
That part of the Race in Los Angeles that's looking and hoping constantly for better conditions in every walk in this city, hails the coming of Rev. Shaw with delight.

Promlnent Crown City Beptist Preacher Passes to the Great Beyond.

At the home of Mrs. S. B. Strickland, where he has been ill for a number of months. Rev. R. W. Johnson, late Pastor of Friendship Baptist Church, passed out last Wednesday at 5 p. m. Roberts and Sons has charge of the body, and the funeral will be held on Saturday, at 1 p. m. from Friendship Church.

DR. A. CLAYTON POWELL OF NEW YORK IN LOS ANGELES

Dr. A. Clayton Powell, pastor of Abyssinian Baptist Church of New York City is a visitor to our city, and will preach at both morning and evening service at the Second Baptist Church, Sunday. Dr. Powell will also give his famous lecture, "Broken, but Not Off" at the same church Thursday evening.



Those of us who reside in the zephyrous climate of California, far away from the icy breezes of the Northern clime, where intellectual awakenings are more frequent, will do well to hear Dr. Powell upon each and every occasion when and where he will speak to large anxious audiences in this city and have our intellectualities stimulated.

The people of Los Angeles are certainly favored by having Dr. Powell in their midst for even a short time, since he is one of the strongest and most powerful preachers in this country, regardless of Race or Color.

Dr. H. D. Prowd, pastor of the Second Baptist Church, who was active in securing the service of Dr. Powell for the church during the major part of his stay here, is to be highly congratulated upon the marvellous work he is accomplishing in lifting the standard of the denomination in this section. And now that we have as a visitor the man who for years has inspired the New England convention we predict that his visit to us will mark the beginning of a new era for the Baptists in this section.

tive of this paper, Evangelist McPherson said: "While I am kept busy here in the Crown City, some of the calls that are coming to me are so flattering that I have decided to make a flying trip over the country and conduct a series of meetings in the near future and will possibly be away from Pasadena for about two months. The meetings at the Gospel Tabernacle are continuing to attract enthused crowds, and Evangelist R. H. Wade is preaching the old gospel with the fervency of spirit that captures his hearers and hold them spell bound with his burning message of salvation." Tuesday evening, Rev. Dr. J. D. Gordon of the Tabernacle Baptist Church, Los Angeles, filled the pulpit and preached a soul-stirring sermon that made a lasting impression on the people of the Crown City, so great was the impression, until the people urged the doctor to return on Sunday and preach. Isast Sunday was a great day at the Tabernacle. Large crowds flocked to hear the "Fighting Parson," Dr. McPherson, who swayed the masses by his fiery eloquence, as he tore the mask from the pernicious doctrine of spiritualism, in his sermon on the subject of the "Spirit World Unmasked," which was said to beone of the most startling exposures of spiritualism ever listened to in this section. The revelations were indeed astounding, to say the least.

Tomorrow, Sunday, promises to be a red letter day, commencing with the quiet hour of prayer and meditation at 11 o'clock, at 2:30 p. m. big old fashioned reunion meeting and platform rally. Dr. J. D. Gordon will be the

Dr. J. Gordon McPherson is the Billy Sunday of the Negro Race. Great Throngs Flock to Hear Him.

The fame of the "Fighting Parson," Rev. Dr. J. Gordon McPherson, has spread throughout the entire country, which is evidenced by invitations for this wonderful man to come and hold old time Pentecostal meetings. In an interview with a representa-

speaker of the hour and a spiritual treat is in store for all that may attend.

At the evening hour's worship, 7:30 o'clock, big patriotic demonstration, Dr. McPherson will deliver a stirring patriotic sermon on the subject, "My Country First, My Country Last, My Country Right or Wrong, it is My Country Just the Same." Rev. R. H. Wade, who has preached during the week, will have charge of the Jubilee song and praise service. The public and religious workers are urged to attend all services that they may catch an inspiration. A warm welcome awaits every one.

What the Churches are Doing

JOHN THE BAPTIST AND JESUS

January 14—John 1:19-34.

"Behold the Lamb of God that taketh away the sin of the world." —Verse 29.

John the Baptist had the great distinction of being the first of God's witnesses among men repspecting the only begotten Son of God. John was a grand character from whatever standpoint we view him; and all of the Lord's people now seeking to witness faithfully may draw some valuable lesson from his course. Additionally, as we shall show, he was a type of all the faithful witnesses of the Lord throughout this Gospel Age.

Although John the Baptist was not an example to us in respect to his manner of speech or dress or in general methods, nevertheless his peculiarties in these respects especially adapted him to the witnessing which the Lord designed him to do. Living in a time of increase of wealth and luxury.

John was all the more attractive as the Prophet of the Lord by reason of his peculiar disergard of the conventionalities of the time and of the evidence which these gave of his complete separation from the world, his complete devotion to his special ministry. The people of Israel, as our Lord pointed out, carefully cherished the memories of the great prophets and garnished their sepulchers, although they were not sufficiently careful to heed the teachings of these prophets. Among the ancient prophets Elijah was one of thet most revered; and the fact that John the Baptist simulated him in apparel and general demeanor and in forceful teaching atracted the people much more than otherwise would have been the case.

Our leson opens with a reference to John's witnessing upon the people to repent because the Kingdom of God was about to be established (Dan. 2:44) and urging them that they would not be fit for a share in it unless theier hearts were fully turned to the Lord and away from sin.

Other Scriptures show us that for some time the nation of Israel had been looking for Messiah, and that false Messiahs had arisen from time to time. (Luke 3: 15; Acts 5: 35-37.) Under these circumstances it is not surprising that the Jews urged the leaders of their nation—priest and Levite—to interview John the Baptist and advise them respecting his message. Our lesson recounts the visit and the testimony which John gave. Apparently it was the expectation of the questioners that John would claim to be the Messian Himself; and it was probably with surprise that they learned from his own lips that he made no such boast —"he confessed and denied not." Their next question was, "Art thou Elias?"—the Greek form of the word Elijah. He replied, "I am not." Remembering the prophecy of Deut. 18: 15, they next inquired, "Art thou that prophet?" He answered, "No." Surprised at his replies, they asked, "Who art thou, then? We must make some kind of report concerning you." Humbly John declared that he was merely a Voice calling attention to the great Messiah and heralding His coming.

John the Baptist Not Elijah

It will be noticed that John distinctly declared that he was not the Elijah. Some have felt perplexed over the matter because our Lord, in referring to John in answer to the query of His disciples about the Prophet Malachi's testimony that Elias must come first (Mal. 4: 5, 6), declared of John, "This is the Elijah, if ye will receive it." (Matt. 11: 14.) The explanation is that John the Baptist was really a finishing out, in a measure, of the type begun in the person and the work of the Prophet Elijah. As our Lord Jesus in the flesh was the forerunner of the Messiah in glory and power, who will take His great power and reign in the opening of the Millennial Age, and as the Christ will be composed of many members—Jesus the Head, and the Church His Body—in the Kingdom glory, so, similarly, John the Baptist was a forerunner of one greater than himself, a more important witness composed of many members, preparing the way for Messiah's Kingdom and announcing it to all who have ears to hear. John the Baptist introduced Jesus in the flesh; but the greater than John, the Elijah of many members, will introduce the greater, the glorious Christ of many members.

The real Elijah, who for nineteen centuries has been fulfilling the prediction of the Prophet Malachi, has been composed of many faithful witnesses for Christ throughout this Gospel Age. Jesus Himself in the flesh was the first of these, and witnessed a good confession before Pilate and before the Jewish nation. The Asposties witnessed similarly; and throughout the Gospel Age the Lord's people in the flesh have witnessed—against sin and in favor of righteousness—have witnessed the necessity for turning from sin to righteousness in order to be prepared for a share in the Messianic Kingdom, have witnessed that the Kingdom of the Lord is to be established in the hands of the glorified Church, and that it will bring in everlasting righteousness and thus fulfill our Lord's prayer, "Thy Kingdom come: Thy will be done in earth, as it is in Heaven."

Result of the True Elijah's Work

The Prophet Malachi declared that one of two results would follow the work of the true Elijah. Either it would turn the hearts of the fathers to the children and those of the children to the fathers—that is, would bring the people into full accord and loving harmony; or else it would result in the bringing of a great curse and of great tribulation upon the people. The world must be made ready for Messiah's Kingdom either by repentance and true conversion to the Lord or else by judgments of the Lord. Other Scriptures clearly indicate that the work of the antitypical Elijah would not succeed, would not convert the world, and that as a consequence the establishment of Messiah's Kingdom would come in connection with a time of trouble such as was not since there was a nation.

The course mentioned by the Prophet Malachi, the great tribulation mentioned by our Lord—Matt. 24: 21. From this standpoint, recognizing John the Baptist as a part of the typical Elijah, we must draw lessons of humility as well as of zeal and faithfulness from John's course.

"Why Baptizest Thou, Then?"

It is the worldly idea, and also the normal church idea, that all associated with religious teaching should make some great boast or claim respecting themselves—that they are wonderful prophets, or doctors of divinity, or something else above the ordinary. It is no wonder, then, that the priests and Levites, accustomed to this sort of thing, were surprised that John made no such boasts and based his preaching upon no such claims. They inquired what right, then, he had to baptize at all, if he was merely a servant, and not a lord over God's heritage. Directing their minds away from himself to Jesus, John declared, "There standeth one in your midst whom you do not recognize. Him I declare. Him I introduce, as so great, so honorable, that I am not worthy even to be His servant, to loose the strings of His shoes." THIS IS THE SON OF GOD. John explained that Jesus was the One to whom he had previously referred in his preaching—the One who would come later and take a more honorable place because of being so much the greater. John explained that the Lord had informed him that he would see a better witness to the Son of God, the Messiah by a certain sign—by seeing the Holy Spirit descend upon the Messiah like a dove and remain upon Him. John saw this sign in Jesus' case just following our Lord's baptism; and he was therefore fully qualified to give this witness that Jesus was the Son of God.

LINCOLN MEMORIAL CONGREGATIONAL CHURCH

34th St. and Central Ave.
E. E. Lightner, Pastor

Beginning with the Sunday school at 10 a.m. all the services were well attended and helpful to the worshipers at this church on last Sunday.

The pastor was at his post at both morning and evening services, bringing a practical message at each service. A large number of members and friends partook of the Lord's Supper at the evening service.

Next Sunday being "Lincoln Day" a special program will be given at the Sunday school hour, which is 10 o'clock.

Among other things Mrs. Charles Alexander will address the Sunday school on "The Work of the American Association." A special offering will be taken for the A. M. A., which will count on our apportionment. Let every member and friend of the Sunday school be present to enjoy this program and to share in this great work.

Other services as usual.

FIRST A. M. E. ZION CHURCH
Pico and Paloma Streets

Rev. B. C. Robeson, A.B., S.T.B., Pastor

The most conspicuous change at Zion is its new or rather its renovated choir, a choir to the number of 40 voices, under the masterly leadership of Prof. H. C. Wheaton—a splendid aggregation it is.

Bishop L. W. Kyle of this district will soon be in our midst and the ladies of Zion are in a fever of expectancy vying with each other in their efforts to make his tour of duty here both a pleasant as well as profitable one. The pastor put a quietus to the rumor of some busy-body who is going the rounds telling the public he has or was to tender his resignation. He disclaimed any intention of such. He spoke this from the pulpit as well as in the press.

Rev. Lofton assists the pastor and as an assistant he is making his services invaluable, besides the interest he is taking in building up the membership. Zion gave a tidy sum to help defray the expense of Father Tipton's funeral.

Being Sacrament Sunday, "large gathering was out, and the pastor spoke on Regeneration, also of the dialogue between the Saviour and Nicodemus, wherein Nicodemus propounded the famous question, "How can a man be born again?"

Next Sunday at 11 a.m. he will speak on "Character versus Circumstances." At 8 p.m. his talk will be "The Call to Service."

Warm church—good ventilation. Friends and visitors are welcome. Sunday school 9:45 a.m. Classes for adults.

FIRST A. M. E. CHURCH NOTES

Corner 8th and Towne avenue. J. Logan Craw, pastor.

A thronging congregation observed communion day services at First Church Sunday. Our grand full choir sang to the delight of all present, while the pastor delivered both sermons of the day. Revs. Hartnet and Rayford assisted in the administration of the Lord's Supper. There were two accessions to membership and with the reception of Miss Laverne Butler and Miss Gladys Riddle during the week the membership roll ran up four notches higher. Three of these were converts. You are welcome to the services Sunday. Come early if you would be benefited. The pastor will preach at both services.

All activities point now toward our Easter rally. We desire to pay all we can on the street debt which is only $2,400.00. This little debt of two thousand four hundred dollars is all the indebtedness that stands against the magnificent First A. M. E. church property. The pastor is calling each auxilliary society, each class and every member and friend to make "a living sacrifice" that this amount may be cut down as much as possible from this special Easter effort. Pledge now and pay in as you can, that this the final effort of its kind this annual conference year may be used to cut down with a substantial payment this indebtedness. "Out of debt" is our slogan.

Everybody is welcome to the services Sunday. Come early if you wish a good pew.

Sunday evening at 6 o'clock the Allen Christian Endeavor Society of First A. M. E. church will celebrate "Young People's Day" with a grand musical and literary program. This is not only the anniversary of the Allen Christian Endeavor League of the A. M. E. Church, but also the anniversary of Richard Allen, the founder of African Methodism. Mr. Elmer C. Bartlett will conduct a 15 minutes song service before the program. Come early and take part in the singing. Let everyone be on time. The public is invited.

Tuesday evening, March 6th, is the date selected by the Women's Mite Missionary Society of the First A. M. E. Church for a grand banquet. Please keep the date in mind. Particulars later.

NEWS OF PHILLIPS CHAPEL C. M. E. CHURCH

1406 Newton Street. Rev. J. C. Anderson, pastor.

Two splendid congregations greeted the pastor at the two services on the past Sabbath. The pastor preached and administered the communion at both services.

The services were of a highly spiritual order and all who attended went away benefited and uplifted.

The carpenters and masons are busy at work this week building the new annex for the organ and choir loft.

The work will not interfere with the usual services on the Sabbath and the pastor will preach as usual at both services.

We are glad to report that the sick of the church are getting better and we hope to have them out again in a few days.

The rally for the pastor netted a nice sum and the membership is to be commended for the handsome way in which they rallied to the support of this cause.

The public is cordially invited to come and worship with us at all the services.

PEOPLE'S INDEPENDENT CHURCH OF CHRIST

Rev. N. P. Greggs, pastor. Odd Fellows Hall.

"Humanity Suffering for the Bread of Life," was the theme of Rev. N. P. ent Church of Christ, on last Sunday, he saying in part:

Sin is incurable by man alone, so is it quite impossible for man to give sight to one born blind. Neither can we call one another forth from the tomb after breath has passed from the body. Man must do more than say to the crippled, "Pick up your bed and walk." When Christ preached here upon earth, He did not search and ponder over books, trying to glean a thought for a subject, as man is forced to do today. He would simply look about him and see, for example, a planter sowing wheat in the field, and from that bring forth wonderful lessons.

Another thought was the Sunday Christian, how many sing, pray and shout on Sunday and will not speak to his neighbor on Monday? Never thinking along the line of Christianity until the next Saturday night or Sunday morning.

During the services in connection with other music, three solos were rendered, which were also sermons in song. There were four additions to the church, namely, Miss Carrie Davis, Mrs. Amanda Abersathy, Mrs. Betty Harris and Mrs. Maggie Sterling.

The day's offering was two hundred forty-nine dollars and fifty cents.

SECOND A. M. E. CHURCH
Rev. E. R. Johnson, Pastor

The services Sunday were well attended and of a high spiritual order. There were a number of visitors in the congregation. You are welcome any Sunday.

The "Helping Hand" will meet Thursday afternoon at the parsonage. Mrs. E. True, president.

The pastor wishes to thank all who helped to make the trustees' rally a success. We were able to meet the street improvement debt on the 1st inst.

The Union Revival, under the auspices of the Methodist Ministers' Alliance will begin at this church, Monda the 12th, and continue all next week. Come and make yourself perfectly at home. Take Watts car to E. 52nd St. and walk one block to E. 53rd St.

WESLEY M. E. CHURCH

Last Sunday was a great day at Wesley M. E. church. Rev. A. P. Shaw preached morning and evening. Two persons united with the church. All services were largely attended; 293 communed.

This Sunday will be observed as Lincoln Sunday. The pastor will preach a special Lincoln Sunday sermon, at 11 a. m. His subject will be "The Hand of God in the History of the Negro." In the evening the pastor's subject will be "The Preacher." A special collection will be taken for the Freedmen's Aid Society. All are wecome.

FRIENDSHIP BAPTIST CHURCH

The members and friends of the church are in the midst of sorrow over the death of Rev. R. W. Johnson, the ex-pastor of the church. Coming to Pasadena from Colorado Springs Rev. Johnson conducted the most successful pastorate in the history of the church. He was obliged to relinquish active work three years ago on account of illhealth, taking with him the love and respect of every member. Funeral arrangements, not yet completed, will be announced in other columns of this issue. The morning and evening services last Sunday were conducted by the pastor, Rev. Riddle. The extension of the Hand of Fellowship and the observance of the Lord's Supper were featured at the evening service. On Friday night last week the Board of Deaconesses met to extend a farewell reception to their president, Mrs. Sarah Lampkin, who leaves for a few months' visit to her home in Georgia. Sister Lampwkin bears an enviable record for faithfulness and service in the church work and was the recipient of many words of praise and commendation as the informal speeches were made. Light refreshments were served. The regular monthly meetings of the Board and the church were held on Monday and Thursday evening respectively. An important item of business was the consideration of the pastor's resignation. Rev. Riddle gave as his reason the desire to see peace restored and the church advance and upon certain

CADILLAC COUNTRY CLUB OPENS AT WATTS

The opening of the Cadillac Country Club at Watts on Thursday evening was a gala occasion and demonstrated the fact that when it comes to big deals of this sort the Colored man can, if given the chance, as successfully launch them as the more favored Caucasian.

Fifteen Thousand Dollar Proposition.

This Country Club is located on the main boulevard which runs through Watts to the Beach and has been built and equipped at a cost of $15,000.00, and George Henderson of Los Angeles is its promoter. Everything about the same is the class, and the interior finish is right up to the minute. It will accommodate about 600 people at a time. In the center of the building is a specially built dancing floor, built of bird's eye maple and there is no dance hall that would excel it.

All around this center is arranged tables which will accommodate from four to six persons. We estimate that there are more than 100 of such tables. At the east end of the building is a raised platfrom from which the famous Black and Tan Band discourses that music which makes even the old feel young.

Opening Made Special Occasion

The opening exercises were made a brilliant occasion. A parade of about 20 autos, headed by the Black and Tan Band marched through the streets of the city at 3 o'clock, wending its way to Watts. The opening exercises were a feature. A steady stream of humanity came and went from 6 o'clock into the wee hours of the morning. There were 20 waiters, who saw to it that all received prompt service. Chappie Henderson, as head waiter, was a busy man. Prominent citizens of Los Angeles by the score were on hand. E. W. Anderson, boss of the White Sox, was a central figure and many other dignitaries. The Watts City Council, including Mayor Lang was present and everything in this large gathering went on like clockwork. The best of order prevailed.

At one time there was more than 75 automobiles parked around the Club House. One thing sure, George Henderson as a promoter has shown himself no piker, and Al Levy, Baron Long and others in the same line of business would turn green with envy at the way George Henderson does things.

The Eagle representative was invited by Mr. Henderson to be present and write an account of his opening and in our line of conducting a cosmopolitan newspaper we are able to give this account of the opening of this enterprise, probably the largest investment of a Race man on the Pacific Coast.

ONE BY ONE THE OLD GUARDS ARE CROSSING THE MYSTIC RIVER

In the passing of Father William Tipton, the pioneer minister of the Christian church, it recalls the words of the prophet that they "Are crossing one by one." In the death of this grand old warrior it can be truly said that a great man in Israel has fallen. Father Tipton in life was indeed a prince, the Race's militant leader here on the Pacific Slope. It was he who made the influence of the old Afro-American council felt in the political affairs of the State and the leaders of Northern California recognized in him a warrior worthy of the steel in the clash of arms for without Father Tipton on the firing line in defense of the Race, many a poor fellow would have been placed behind the bars, but like a valiant knight, the old hero was ever at his post of duty. A few days ago the old chieftain went quietly to his eternal reward, and his remains would have laid in an unmarked grave, unmourned and unwept, had it not been for Editor J. B. Bass and Mrs. C. A. Spear-Bass, of the Eagle editorial staff, who accidently overheard a conversation in a barber shop that this old chieftain's remains would within an hour be buried in the potter's field, Editor and Mrs. Bass got in touch with the authorities at the county hospital and stopped the burial. Their next move was to direct Smith-Williams, funeral directors to take charge of the remains, again these good people got busy and called on the people of Los Angeles, through their ministers, to assist in giving the old warrior a decent burial. In this the ministers and people rallied as one man to the call of the "Eagle" and they responded not with long resolutions, but with money, a spirit which is most commendable and in which the Race honored itself. Much credit is due the editorial staff of the Eagle for saving the body of one of the noblest characters that ever lived, from sleeping in an unmarked grave among paupers and strangers. On last Monday afternoon a few who knew him in life gathered in the funeral chapel of the Smith-Williams Co. and paid loving tribute to his memory. Those who took part in the simple ceremonies were the Rev. Dr. J. Gordon McPherson, a personal friend of many years, who acted as master of ceremonies, while Dr. E. W. Kinchen of Scott's Chapel M. E. church read the Scripture lesson and paid high tribute to the heroism of the fallen chieftain; Dr. W. H. Hughes, of the Metropolitan Baptist church offered prayer for the dead and delivered an eloquent tribute to his memory; Dr. F. H. Davis of Big Mt. Zion church, paid a beautiful tribute to his memory as a neighbor and Race man; Editor J. B. Bass, of the California Eagle, delivered a fitting eulogy to the old hero who is gone but not forgotten, as such men as Father Tipton never die. Mesdame J. H. Shackleford paid a touching tribute to Father Tipton's great worth as a humanitarian; Mother Felix, also with words of simplicity eulogized the memory of the deceased. Dr. McPherson closed with a timely address in which he not only paid a glowing tribute to Father Tipton as a Raceman, a militant leader, whose love for children and the oppressed was almost divine. He extolled the editorial management of the Eagle as the watchdog of the Negro Race on the Pacific slope. As the friends joined in singing "Shall We Meet Beyond the River," the friends took the last look upon all that was mortal of the old warrior, whose achievements were grand in life and noble in death, the funeral cortege wended its way to the beautiful Evergreen cemetery, and as the sun was fading from the western skies Dr. McPherson, in solemn tones pronounced those solemn words, "Dust to dust," as funeral director Smith, scattered white flowers over the casket, and Dr. F. H. Davis offered the closing prayer, all that was mortal of the old hero was tenderly laid to rest to await the trumpet call in the resurrection morning.

JUDGE RONGDON WRITES

Los Angeles, Cal.,
Feb. 7th, 1917.

Editor California Eagle: ffl

Since my last communication to your valuable paper so many requests have come relative to the Arizona lands, title to the same, fertility of the soil and on what terms the land can be purchased, that the proposition has certainly aroused wide-spread interest, not only among the colored people, but also the whites as well, that I am inclined to think that before six months have elapsed, there will not be an unsold acre in the whole vast acreage, which certainly augurs well for the undertaking, as it should, because nothing like it has ever been presented to the race before, and I, for one, am pleased to note the chance that is being offered for those who desire to take advantage of the same to get in on the ground floor, and thus secure for themselves a competence that will absolutely place them on easy street, so to speak, for their declining years, and be the means of giving their children an education that will fit them for any position in life.

This, in brief, is an outline of the grand achievement which awaits the catcher-on in this passing panorama, and one which may never pass this way again. Some of the keenest minds of the race in this city are pressing their queries upon us and have done so since the Forum meetings and since the proposition has been publicly agitated, and I can see the dawn of a great unfoldment for the race in every particular, not only financially and intellectually, but spiritually as well. When we realize that at the head of this great movement is a man whose sole ambition is to leave to posterity as the crowning act of his life, something that will place the colored people on an equal footing with the rest of the world, that they may not be handicaped in any manner.

Rev. Dr. J. D. Gordon, whom we have learned to love for his grand ideas and big and comprehensive brain, is the founder and head, and when we say that it is sufficient, for we find his name in this city is almost a household word.

Someone has had the temerity to lay stress upon the question, which we supposed was settled in the minds of the intelligent world years ago, and that is that the Indians, whose domain this land formerly was, could not do so because they had no rights to it. To those who entertain any doubt in this respect, it is only necessary for me to quote for their benefit Section I of the 14th Amendment to the Constitution of the United States, which says "All persons born or naturalized in the United States, and subject to the jurisdiction thereof, are citizens of the United States and of the State wherein they reside.'

The above certainly needs no further explanation at our hands, as anyone who can comprehend plain English, will have no difficulty in grasping the import and meaning.

It is absurd, to say the least, that an objection of this character should be raised, but we all know the old saying that "a drowning man will grab at a straw" and the objection only came from one who was not aware of the thin ice on which he was treading.

Too much cannot be said of this grand movement, and we only wish that your readers would avail themselves of the privilege and ask whatever questions might come up in their minds concerning the Progressive Educational Association, and we will consider it a pleasure to answer the same.

Yours for Uplift and Advancement,

JAMES H. LOWGDEN,
Legal Adviser, Progressive Educational Association.

Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life

to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

You probably have neglected many a money-making opportunity but dont neglect this one, it means your fortune, and is right within your reach. Seize it now. Write or call in person from 4:30 p. m. to 8 p. m. C. E. Patterson, 1446 So. San Pedro St., Los Angeles Cal., at once for our large prospectus, giving all the details with map showing location of our field, also let us know how many shares we shall reserve for you.

Second Annual Conclave All-American League

Convention at Exposition Park

Thursday, Feb. 22, at 10 o'Clock

Record Attendance Expected

Grand Free Barbecue

With enthusiasm that is greater than anything of its kind ever experienced in the history of the West the colored citizens of Los Angeles and California are pre- February 22nd, when the great Annual Conclave of the All-American League will burst into glory at the Exposition Park, Los Angeles, when the gavel raps for order at the Administration Building, Exposition Park at 9:00 in the morning. The officials of the All-American League who have been working day and night for more than two months to make this second Annual Conclave a record-breaking event, report that the program and exhibits and barbecue, which are to be the features of the all-day gathering, will out-do anything of its kind ever witnessed in the West.

Arrangements have been made to fed a thousand people at the great barbecue which will be held in the picnic grove of the Exposition Park promptly at 12 o'clock—high noon. The officials of the League at a meeting held Wednesday night at the Christian church decided to hold the barbecue at 12 o'clock—high noon—that the hundreds of people who wil lattend the early morning session of the League may be saved the necessity of going home for dinner. The Barbecue Committee of the League, under the leadership of Mr. David G. Baker, and the incomparable chef, Frank Brown, have sent out a notice requesting everybody to be on hand promptly at 12 o'clock. That promise that the Barbecue this year will surpass even that of last year. The feature of the barbecue will be monster barbecued hog, the gift to the League of Mr. R. M. Masey, of Whittier, California. Mr. Masey has anounced to the Barbecue Committee that he will bring in this monster hog fully dressed, on Tuesday evening. It is estimated that it will take 24 hours to barbecue this delicious pork, and the hickory wood which will be used in the barbecue, has been imported from Mississippi for this purpose. Another hog has been promised the Barbecue Committee by Mrs. J. H. Malone, of Monrovia, California. In addition to these gifts, there will be an ample supply of barbecued beef and mutton. The committee assures everyone there wil be an ample supply for each person attending the barbecue, provided they come early. Tickets for the barbecue will be distributed at every Church on next Sunday morning and all persons desiring tickets are requested to get in touch with the pastor of any church or with any of the officials of the League or with the California Eagle.

The exhibits to be seen on this occasion wil outclass anything of its kind ever attempted in the West among the colored people. There will be paintings on exhibition, the work of colored men and women, going as high in value as $1000 each. Some of the finest embroidery and needlework to be seen in America will be on exhibition. Some of the most exquisite china painting to be had for any money will also be on exhibition. The exhibits will include every range of activity, from mining, shoe manufacturing, bag manufacturing, business colleges, wood work, fish culture, agriculture, domestic arts, on to the finer arts. There will be awarded 20 medals and more than 100 diplomas to the various participants displaying the highest ability along their respective lines. These awards will be made a most competent and impartial committee consisting of the very best critics along the several lines that California can afford. The committee will be composed of members of both races. Under no circumstances will any member of the All-American League or any officer thereof be a member of the Committee of Awards.

The music on this occasion will be under the direction of Madam Clara Hulbert and will include some of the finest musical compositions, vocal and instrumental pieces, by colored authors and will be rendered by some of the finest colored talent in California. During the afternoon recess period at 2 o'clock, there will be an elaborate tennis tournament in which some of the finest amateur ability among the race will participate. The program will include addresses, none of them exceeding ten minutes in length, from members of the League and prominent citizens of every walk in life and this program promises to be the most inspiring effort ever enjoyed by a colored audience in the State of California. Speakers will be present from branch Leagues of the All-American League from other parts of the State, San Francisco, Oakland, Sacramento, San Diego, Calexico, Fresno, Bakersfield, and all the centers of colored population will be represented. There is only one plan which every colored resident of Los Angeles and vicinity should have for next Thursday, February 22nd, and that is to get up early in the morning, have breakfast and go to Exposition Park and remain until night. It will be the biggest day of delight—of instruction and inspiration that has been enjoyed in the history of California. All roads point to Exposition Park on Thursday, February 22nd. The keynote of the day is All-Americanism and the colored citizens of California wil show to the world their achievements on this day in such fashion that the fundamental doctrine of the All-American Lague wil stand out in California as never before. It will be a day of absolute equality and personal enjoyment for all Californians and the color line on this day will be completely thrown into discard. Come, see and enjoy for yourself.

So intense is the interest in the Conclave and the Exhibits aof the Race on this occasion that the Board of Dierctors of the Exposition Park on last Wednesday requested the Executive League to hold over all Exhibits from Thursday, February 22nd, to Sunday, February 24th, at which time 5000 white citizens members of another organization have requested privilege of viewing the Exhibits of the All-American League. The Committee has granted this request.

HUNDREDS OF PATRIOTIC CITIZENS OF BOTH RACES CROWD BIG PASADENA TABERNACLE ATTEND LINCOLN-DOUGLASS DAY CELEBRATION SUNDAY EVENING.

The Big Lincoln-Douglass Day Celebration will go down in history os one of the largest and most representative patriotic demonstrations ever held in the Crown City under the joint auspices of the White and Colored residents and much credit is due the "Fighting Parson," Dr. J. Gordon McPherson, the one man on the Pacific slope who is battling like a Trojan to wipe out the color line and how well he has succeeded was clearly demonstrated by the immense gathering of the leading white residents who joined with the Brother in Black, not only to pay tribute to the Memory of President Lincoln, but to commemorate the Centennial of Frederick Douglass, the Grand Old Man Eloquent, no such assembly has been witnessed in the far west, not since the memorable memorial service at Los Angeles in honor of the late Dr. Booker T. Washington, a year ago. On that occasion as on this Dr. McPherson was the publicity man who marshalled the great crowd. Monday evening the whole city was stirred by the memorable sight as the grizzled old warriors of the Grand Army of the Republic marched to the martial strains of their famous drum and fife corps with Old Glory unfurled to the breeze as they passed down the principal streets en route to the Big Gospel Tabernacle. On reaching the tabernacle they were greeted by the "Fighting Parson" with his golden smile. As the drum corps played several stirring selections they were roundly encored. At At 8:15 Dr. McPherson called the vast assemblage to order and the audience sang with much enthusiasm "My Country, 'Tis of Thee" and the Rev. Mr. Sharanfelt offered a fervent prayer, invoking Heaven's blessings upon the nation at large. Dr. J. M. Riddle, the eloquent pastor of Friendship Baptist Church, read the scripture lesson. After singing the "Battle Hymn of the Republic," Chaplain Andrew J. Smith, of the G. A. R., delivered a stirring address, in which he paid a glowing tribute to President Lincoln, as the Great War President. Mrs. I. A. Teat rendered a beautiful selection from one of Coldridge Taylor's masterpieces to the delight of the vast audience. Prof. William Edgar Easton gave an interesting talk on his personal recollection of the late Frederick Douglass, as he knew him in New Bedford, Mass. Editor J. B. Bass, of the California Eagle, reviewed the progress of the Race and presented many interesting facts, such as only one that is conversant with the daily struggles of a people can do. Editor Bass was roundly cheered. Miss Thelma Hill favored the audience with a classical number, and the Harmony Four, male quartet, sang several selections. Comrade E. L. Gains, of the Spanish War Veterans, with enthusiasm spoke of the Negro's patriotism.

Dr. J. M. Riddle was introduced as the closing speaker. Dr. Riddle, with burning words of eloquence, stirred the great audience. He paid a glowing tribute to American patriotism, and in choice words eulogized the life of President Lincoln. Great was the enthusiasm. Dr. Riddle has been requested to deliver the Washington Day address next Thursday evening at the Tabernacle. The celebration has been the theme of much discussion among all classes.

During the week the Tabernacle has had the following visitors as speakers: On Sunday evening Dr. J. D. Gordon, of Los Angeles, preached a soul-stirring sermon, and on Wednesday evening Elder William A. Washington, of the Bethel Church in Christ. The service for tomorrow will be in charge of Rev. Conrad Sharanfeldt, an eloquent Swedish divine, as Dr. McPherson goes to Riverside to lecture and fill the pulpit of the Park Avenue Baptist Church of that city over Sunday.

A movement is on foot to hold a big Racial Parliament in the near future at the Tabernacle, when many of the leading White and Colored men and women will give timely addresses.

MISS LILIAS HART OPENS STUDIO

Miss G. Hart, who is well known in this and other cities by her works as an accomplished pianist, has opened a music studio at 1129 East 12th street, and her many admirers predict for her a brilliant career in her profession.

Miss Hart on one occasion acted as accompanist for the noted violinist Joseph H. Douglass, and in recognition of her talent as a pianist he wrote her when he was about to come to Los Angeles a few years ago, in these words: "I hope you will be my accompanist because I remember with a great deal of pleasure the satisfaction your work gave me when I was at Prairie View, College."

Other commendation from different sources equally as complimentary has reached this brilliant musician, whose future promises to be bright.

Another highly favorable recommendation complimentary to Miss Hart's ability as a musician is this:

Prairie View State Normal and Industrial College
Prairie View, Texas
May 11, 1914.

To Whom It May Concern:

This is to certify that Miss Lillias G. Hart of 1206 Kingsley Drive, Los Angeles, California, was for two years director of music here at the Prairie View State Normal and Industrial College. Miss Hart gave eminent satisfaction as teacher of music and won the respect and confidence of both faculty and students by her excellent work and exemplary life and deportment on the campus. Miss Hart is a young lady of high ideals and one who has received a careful home training and has at the same time enjoyed good advantages of general education as well as of musical training. She is conscientious, thorough, painstaking, earnest and determined in her work and she achieves good results. nAd I commend her to any Board of Trustees of School authorities seeking to employ a teacher either in the general school work or in music or in any other capacity in which she may see fit to engage. Miss Hart resigned her position here and left of her own choice, much against my wishes and those of faculty and students.

Very respectfully submitted,
E. L. BLACKSHEAR,
Principal Prairie View State Normal and Industrial College, Prairie View, Texas.

WM. H. SHORES PROMOTED

No more will the grand old man be required to do menial service of any sort, and truly his last days with this great institution will be his best days.

A Two-Days Visit in San Antonia, Texas, as Viewed by Our Special Staff Writer.

By John J. Jonston.

(Special to The California Eagle)

On a very inclement Sunday morning during the early days of the month of January, I arrived in San Antonio, Texas, for a two days' stay.

Having never lived in or visited the southland, but having heard so many conflicting stories of Southern cities, especially those of Texas, I was somewhat delighted to have the oportunity of making a personal investigation.

Upon my arrival in San Antonio on Sunday morning, I decided to visit the various churches during the course of the day. It will be worth while for the reader to bear in mind the fact that it rained all during the morning until about 1 p. m.

In the rain I made a dash for Bethel A. M. E. church where I found quite a number gathered to hear their much-loved pastor, Dr. Simms. So surprised was I to see so many out in spite of the heavy rain that I decided to see if the same was true of the M. E. church a few blocks distant. Arriving there I beheld a crowded house listening to a masterpiece being delivered by Mr. Wiley Walker, a student of Sam Houston College, Texas, on the life of Prof. Lovingood, the late principal of the above mentioned institution. I was so surprised by the young man that I remained throughout the entire service and will never regret that I did. Upon leaving this place I proceeded to walk down and see the Second Baptist church, a magnificent stone structure, capable of seating 1000 people, and which was erected at a cost of approximately $40,000. Here I found another fairly large number whom the heavy rains did not prevent from serving God. Taking into consideration the fact that San Antonio only boasts a Colored population of 12,000, I must say that the church attendance on this particular day speaks well for San Antonio.

At this time, it being about 2:20 o'clock, the inner man began to speak in no uncertain way, and while I was carried away with what I had seen of San Antonio, I had to make my way to satisfy him.

After making inquiries concerning a place where I could secure a palatable meal at a reasonable price, I was recommended to visit a cafe owned and conducted by one of San Antonio's largest property owners, Mr. Ballinger. Here I enjoyed a delicious repast ordered from a menu that is not surpassed by any menu I have seen anywhere and it has been mine to behold many a good one.

On the principal street of San Antonio, Texas, which is Commerce street, I saw more Colored men than I have ever seen in any one place at any one time, every one of them neatly attired, seemingly not a bum in the bunch. I stood up at different sections in this particular block of Colored men and women and at no time did I see or hear anything that would reflect discredit upon a single one.

The reason for this congregation of our race in this particular block is the fact that Ballinger's cafe and two others are in close proximity and they do a great business on Sunday evenings.

Across the street is located the People's Drug Store, and ice cream parlor, owned and conducted by Professor Lowry and Dr. Cameron, a young man of not more than 26 summers. Well stocked with drugs, patent medicines, and toilet articles, a splendid soda fountain of a beautiful design; 25 marble top tables with four chairs each to match, spotlessly clean and well conducted is the People's Drug Store and ice cream parlor.

I happened to be passing by at about 9:30 Sunday evening and glancing inside I saw every table occupied, every seat taken, including the nine seats at the soda fountain, and many standing waiting to get a seat. This induced me to stop in and to my surprise there was a working force of eight people, I paid particular attention to the different delicacies served and the department of the patrons, and I must say that The Cozy Den—the once-time pride of Los Angeles, under the management of our worthy friend, Dan Adams—did not surpass the People's Drug Store.

While standing in the aisle I was made acquainted with Mr. Thomas Holly, the manual training superintendent of the Douglass High School, through the courtesy and kindness of Mrs. Lowry, and that invited my self to visit the principal and friend assistant during the course of the next day.

Having heard so much talk of the separate schools of the southland, I did not hesitate to accept the invitation.

After enjoying a fairly large-sized dish of delicious ice cream, I proceeded to bed, well satisfied with my visit thus far.

Next morning after walking around a bit, I was again forced to visit Ballinger's cafe, and while there I happened to see a Colored policeman, and after inquiring concerning him, found I out that he was not only a Colored policeman for Colored people, but a Colored policeman for the white people as well—a white officer in plain clothes happened to be passing by and was invited by my friend to tell me something concerning the Colored officers and he politely told me that there were about five Colored officers on the San Antonio force to his knowledge and that two of them were looked upon and known to be among the most efficient and trusted officers in San Antonio.

San Antonio also boasts of a brilliant array of physicians, four of whom I had the pleasure of being introduced to, and don't forget that they ride around in automobiles and show every sign of a lucrative practice.

At about 13 o'clock, I started to walk to Douglass High school. Arriving there, I found the main building to be of fireproof construction, three floors. This building contains eight class rooms equipped exactly alike the schools of Los Angeles, and in the basement is found a workshop for the students who desire to take up carpentering and cabinet making. A variety of household furniture is on exhibition in this department, every piece a model of neatness and beauty.

Adjoining the workshop is a cafeteria, which serves hot lunches of rice, sausage and bread, and other things of a different variety, for five cents. This is prepared by the students of the cooking school and I was informed by the principal, Prof. Sutton, that they realize a profit of between five and six dollars a week from the cafeteria. This cafeteria is as clean as human hands can make it when it is time to return to the class rooms.

The cooking school is located in another building of fireproof construction. This kitchen is equipped with about twelve gas ranges and as many cupboards, all of which contain the very last word in kitchen equipment. Everything spotlessly clean and every pot, pan and cup in its place. It's a dream.

Adjoining the kitchen is what is known as the arts department. This department is under the distinguished leadership of Mrs. L. R. D. Jones, a sister of our respected citizen, Mr. Milton W. Lewis. In this department is taught manicuring, hair-dressing, shampooing, etc. I may be mistaken, but I think the Douglass high school is the only high school in these United States that boasts of such a department. I was invited to have my nails manicured and I accepted the invitation, not because I needed one very badly, but because I wanted to see the class in action and have something tangible to speak about. Miss Audrey Heatherly, if I am not mistaken, was the lass that took charge of me, and I must say that she is an artist at the game. The equipment in this department is similar to those of the hair dressing parlors of Los Angeles.

I next visited the dressmaking and sewing department, which created quite an impression. In this department I saw many different pieces of wearing apaprel, but what I examined closely was the men's shirts. They were of good material; artistically designed and neatly made.

Last but not least, I was ushered into another building of fire-proof construction devoted entirely to manual training, where the boys are taught auto engineering, brick masonary, plastering and blacksmithing. I had the pleasure of scrutinizing shovels and hooks for wearing apparel made by the little smiths. I also had to look with pleasant surprise upon an automobile almost completed by one of the students. A motorcycle engine is being used for the purpose and all that is now needed to finish the job is a transmission which the little engineer is working hard to buy.

After leaving the high school grounds I returned to the People's drug store to render thanks to Mrs. Lowry for her kindness in showing me [illegible]

What the Churches are Doing

JESUS SAITH UNTO HIM, "FOLLOW ME."

John's Gospel was written after the other three, and quite evidently with the view to setting forth matters not given in the other Gospels. Thus we find that it does not attempt to give a full history of our Lord's ministry in all particulars, but deals chiefly either with matters omitted or with details not given by the others. Today's study furnishes details respecting the gathering of the first apostles to our Lord. Much of its interest centers in the fact that it well illustrates the diversity of our Lord's dealings and providence in the drawing of others to Himself, some in one way and some in another.

Notice the quiet, meek, and unostentatious manner in which our Redeemer began the announcement of His mission. Quietly He presented Himself to John for baptism; and after having received the anointing of the Holy Spirit, He went into absolute seclusion in the wilderness for more than a month, studying for forty days what the Divine Plan had arranged to be His course. True, He did not have the Bible, but He had a perfect memory, and for thirty years had heard the reading of the law and the prophets in the synagogues, and was thoroughly familiar with them. He had the entire matter before His mind, and under the illulmination of the Holy Spirit He weighed the various declarations of the law and the prophets, noted the course of sacrifice which these meant, His temptation lying in the suggestion that easier, less sacrificing courses seemed to present themselves as feasible. Our Lord triumphed over all of the Adversary's allurements, however, and determined not to do Satan's will nor even to follow His own judgment, but strictly and implicitly to obey the outlined program which the father had laid down in His word. He returned to John the Baptist, seeking companionship with those who were nearest to the Lord God and waiting for Divine Providence to guide in His affairs.

It was at this time, in the presence of His disciples, that John uttered the words recorded in verse 36. Andrew and John were disciples of John the Baptist, and when they thus heard his testimony respecting Jesus and his declaration that he had a witness from God that Jesus was the Messiah, they sought our Lord's acquaintance.

Following after Him, they overtook Him and inquired where He was staying. Apparently their object was to learn of Him, to ascertain what further blessings the Lord had and what further service than that in which they had enaaged with John the Baptist. They desired the best that could be had. They had not the partisan spirit to say, "We belong to John the Baptist and must stand up for him," as some of the Lord's dear people are inclined to do with respect to the various denominations.

There were some of John's disciples who heard his testimony respecting Jesus, but who did not seek to become followers of the Lamb of God, being content to remain John's disciples We may properly enough suppose that, being content with the lesser blesaings and privileges, they were not so worthy of the higher privileges and blessings. Doubtless they never became apostles, although some of them probably became followers of Jesus after John's imprisonment.

Points Well Worthy of Attention.

John does not mention the other disciple who went with Andrew on this occasion. This seems, however, to have been his modest style of omitting special mention of himself. The two spent the remainder of the day with Jesus, and doubtless learned of Him much to their comfort and joy and to the establishment of their faith. On the basis of that brief acquaintance, John and Andrew started forthwith to bring others to the Master. The [illegible] started out, each to find his own brother and bring him to the Lord, and that Andrew found his brother first, implying that John found his brother—James—a little later.

There are some points here that are well worthy of our attention:

(1) Andrew and John were not content to have the great blessing of fellowship with the Lord alone, but desired to make it known.

(2) They did not attempt to influence others untill they were fully satisfied themselves and could give a definite, positive message, saying, "We have found the Messiah"—the Christ.

(3) They did not go to the benighted heathen, speaking a different language from their own, but thought first of all about their own brethren—brethren according to the flesh, and in this instance also in religious faith and effort. There is a lesson here for us, easily applied. Our first duty lies toward those who are near to us as neighbors, friends, and especially as members of our own family circle. With these we shopld begin the proclamation of Messiah whom we have found. Then, after they have heard or failed to hear, we should proclaim the Messiah to the next in turn; and so on.

This is the very method which we are pursuing at the present time, and to which some of our dear friends in the various denominations object. They say: "Go to the sinner or the heathen!" We reply that the Message should first of all go to those who ought to be the most ready for it. They answer us that they have Moses and the Prophets and the creeds of the Dark Ages. But we reply that the creeds of the Dark Ages disclose but obscurely the real character and the Plan of God, and the real Messiah and His work. We would help all of them to have ears to hear and hearts to appreciate with us the love of God, which passes all human understanding. This is our proper course, too, whether they hear or whether they forbear, and as the testimony goes on, the circle will widen. The knowledge of the King of kings, and of the Kingdom which He is about to establish is scattered throughout the world. We seek to cultivate the best field, and find the nearest homes, but as the number and the implements increase, we extend operation in the name of the Lord, with the first conviction that ultimately during this harvest time He will find everyone fitted to be a disciple.

Knowing Jesus as the Messiah

This word Messiah covers a thought which today is very generally ignored among the Lord's professed followers. The word Messiah signifies the Anointed, and is the Hebrew equivalent for the Greek word "Christos," which also means the Anointed One. Remarkably few Christians know the Lord Jesus to be the Messiah at all — the great Prophet, Priest and King, who is to bless all the families of the is to bless all the families of the earth.

ADDRESS BY ELOQUENT NEW PASTOR TO OPEN ANNIVERSARY EXERCISES

Dr. A. P. Shaw has been secured to speak at the A. M. E. church Tuesday evening. Dr. Shaw is Wesley Chapel's new pastor, an eloquent speaker, appearing in this city for the first time Tuesday night. His theme will be "The Church of Today." A history of the church by Brother Wm. Prince and special music by the choir will be included in Tuesday evening's program. The fair and anniversary celebration will continue through Wednesday, Thursday and Friday nights, with interesting programs by the Fraternal orders, by the Young People and one directed by Mrs. L. E. Williams. Sale of fancy as well as useful articles and refreshments will continue he four nights. A grand rally will conclude the effort on the last Sunday in the month.

Sunday the pastor preached at morning service. At night a special program commemorating Allen, Lincoln and Douglass was held. Short addresses by Mrs. L. E. Williams, Mrs. J. R. Wright and Harold S. Prince and very excellent music by the choir made up the program. Miss Alberta Claggett's program in the Young People's meeting was accounted very excellent. The Ladies Aid met at the parsonage Thursday, preparing for the fair. Mr. Anderson will lead the C. E. Sunday night. The

LINCOLN MEMORIAL CONGREGATIONAL CHURCH

34th street and Central avenue.
E. E. Lightner, pastor.

All the services on last Sunday were unusually good in point of interest and attendance. As a part of the "Lincoln Day" program, Mrs. Charles Alexander gave an illuminating address to the Sunday School on "The Work of the American Missionary Association Among Negroes."

The pastor occupied the pulpit at both morning and evening services, bringing a practical and soul-inspiring message. Today Rev. S. E. Edwards will preach at the morning service. The pastor will preach at the evening service, subject, "Catching Men."

Christian Endeavor, 6:30 p. m., topic, "Using What We Have." Acts 3:1-10. Mrs. J. D. Pettigrew, leader.

A cordial welcome to all services.

MT. ZION BAPTIST CHURCH

Mt. Zion is indeed very much alive. The pastor is in the midst of a series of sermons on the Lord's prayer. He has proven himself master of each text.

On next Sunday he will speak from the text, "Lead us not into temptation."

The public is invited to hear these soul-stirring sermons.

The B. Y. P. U. is taking on new life under the able leadership of Prof. C. A. Biggers.

The Union is divided into two divisions, viz., the "Ever Ready," led by Mrs. M. R. Cayiness; and the "Old Reliable," engineered by Mr. C. P. Dones.

There are excellent programs rendered each Sunday evening alternately by these divisions.

The Mt. Zion Baptist choir is ever awake to the stirring realities of effective and influential church work, and in their reciprocal nature to show gratitude to the source from whence cometh their help, they always find pleasure in expressing their fond appreciation of the practice and training given them by their chorister and director. A few evenings ago, at the regular rehearsal, their chorister, Mrs. F. B. Murray, was more than pleasantly surprised, when, at the close of the practice hour, the various members of the choir had made up a purse of five dollars, and through their spokesman, Mr. C. B. Dones, presented with charming words of high compliments, to the chorister, to which Mrs. Murray responded in a few well chosen words of gratification. Such is a mark of trained choir of harmony and harmonious work.

The Sunday School Union will meet Sunday, Feb. 18, at Second Baptist church at 3 o'clock p. m. An interesting and inspiring program will be rendered. Installation of officers by Dr. H. D. Prowd. The public is invited.

WESLEY M. E. CHURCH

Last Sunday was a great day at Wesley M. E. church. Rev. A. P. Shaw, the pastor, preached in the morning on "The Hand of God in the History of the Negro." Among other things he showed that God was now working as never before in the history of the Negro for racial adjustment. Three things, he said, were working together for the Race's uplift, the war in Europe, cutting off European immigration to this country, the almost total failure of the cotton crop in most of the cotton belts of the South last year, and the great demand for Negro labor in the North, East and West. He told how the Bourbon South was on its knees in repentance of its former ill-treatment of the Negro and predicted that there would be less than twenty-five lynchings in this country this year. Making the astonishing announcement that not one has occurred yet after forty-one days of the New Year. The evening sermon was a practical talk on "The Preacher." Ten dollars were collected for Freedmen's Aid. The collections have averaged over fifty dollars a Sunday since the new pastor's arrival.

The subject of the sermon this Sunday morning will be "Our Heritage." At night the subject will be "Winning One." All are welcome.

WARD CHAPEL A.M.E. CHURCH

1304 Channing street.
Rev. J. W. Price, pastor.

The members and friends of this church had a great week of feasting during the revival here last week. Many able sermons were preached by the various ministers, and the church great revived, three conversions and two accessions.

I am sure that all will be pleased to learn that the choir is to be re-established as a musician has been secured and the work along that line will begin at once. Already persons have begun to offer their services to sing and help out in this work.

Sunday's services were the climax. We had a great day from the morning until the close at night. The attendance was good, and the spiritual interest at its best. Dr. J. C. Anderson delighted a splendid audience with one of his master sermons in the afternoon and all were happy.

Sunday services for Feb. 18th: Sunday School, 9:30 a. m., Mrs. S. E. Mann, supt.; Allen Christian Endeavor, 6:30 p. m., Mrs. B. F. Bryant, president; worship at the morning hour, 11 a. m., and at 7:45 p. m. The pastor will speak at both services. All are welcome.

Lincoln Day Celebrated Under Auspices of the Y. P. C. L. Of This Church.

Even though this is not one of the largest churches of the city, Rev. Washington and his congregation deserve great credit, not only for the arrangement of the excellent program upon this occasion, but likewise for the service they are rendering the community in which this little church is located.

The addresses delivered by Prof. Biggers, Dr. Smith, Mr. McMurray, Mrs. Bass and the life of Lincoln by Mrs. Smith as well as the solos and duets were all good, but when Dr. J. D. Gordon, the brilliant, soul-inspiring orator and pastor of the Tabernacle Baptist Church, had finished his masterly address upon the subject, "What the Negro Owes to the Emancipation Proclamation" the audience as one man was inspired beyond the expression of words.

Dr. Gordon started with the Race when it first landed at Jamestown, and from a vocabulary filled with the best that there is in English usage he painted the Negro in historical rotation, leading him through the dark days of two hundred and fifty years in the school of chattel slavery into the marvellous light of fifty-three years of civilization, from which he is just now emerging.

The doctor told how the Black sons of America had ever stood by the flag and how he had been recompensed with prejudice and jim crowism for his loyalty.

The audience which was part white and part Colored, said that this emancipation address was the best they had heard in Los Angeles.

This Mr. Donaldhon from Kansas City has won himself a home in our little "Angel City." He arrived Sunday morning and was played in left field in the game. Mr. Donaldson is supposed to be a pitcher, but take it from us, he is some classy fielder, and oh, my, how he can hit the horsehide, and incidentally he is a son of Mercury, being as fast on bases as greased lightning on horseback.

Mooney had to show off because there was a real pitcher watching him, and he just "chunked" that ball so that it looked as if he and "Handsome" Baker were playing catch.

Next Sunday the Pale Hose will meet the comets from San Diego and Donaldson is going to pitch. Not cod.

THE PEOPLE'S INDEPENDENT CHURCH OF CHRIST

Odd Fellows' Hall
Rev. N. P. Greggs, Pastor

At the People's Independent Church of Christ on last Sunday Rev. Greggs, pastor, took as his theme, "Christ Talketh With the Woman of Samaria," or "Wayside Ministry." Text, St. John, 4th chapter, 4th verse. And he must needs go through Samaria. He said in part:

"The real motive of Christ's journey from Judea to Galilee was to save sinners. That being his mission upon earth. Having to pass through Samaria on his way, he sat by Jacob's well wearied with his journey. A Samaritan woman came to draw water. Jesus asked her for a drink. She marveled at this, but Christ told her of the life that she was living and offered her the water of life that he had for all, that she might thirst no more. She became curious at this and hastened to tell her kinsman, saying, 'Is this not the Christ?' And thusly the Gospel was spread over Samaria.

"We all have a chance to spread the Gospel, and to do wayside ministry. While at our daily labors in the home, and even the busy thoroughfare of Broadway is not to be eliminated."

There were six additions to the church, namely: Miss Connie Clifton, Mrs. Anna Barnes, Mrs. Annie Jamison, Mrs. Simpson, Mrs. Ella May Detweiler and Mr. J. H. Cuffee.

Birch St. Christian Church.

The same faithful band attended the usual seavices last Sunday, and the day was enjoyed by those present. Bro. Williams preached a very fine sermon in the morning, and Bro. Hopper preached one exually as good in the evening. Sunday eveniug, Feb. 18th at 6:30 Mr. Henry, of Oakland will lecture at the Endeavor, and we invite all to hear him.

"BROKEN BUT NOT OFF"

Was the subject of a lecture given by Dr. Powell at the Second Baptist church, Thursday evening.

The subject of this lecture seems to have been taken from the statue representing the race at the Atlanta exposition.

In connecting his subject matter with his subject, Dr. Powell explained that the title of the statue was well taken in that the chains of slavery had been broken, but not off. That even though the 13th, 14th and 15th amendments made the Negro a free man, gave him the right of suffrage and the right to citizenship, Jimcrowism and prejudice as it is practiced on every hand denies him the rights of true citizenship, and yet in the face of this sort of handicap the Negro has made greater progress along all lines than any other people subjected to a similar period of bondage.

In reviewing the 53 years progress of the race the Doctor gave statistics showing that the Negro has not only played a leading roll in every crisis that affected the interest of the nation, but was helping to build up the treasury department of the nation in that he is paying taxes on $1,000,000 worth of property in this country.

For his bravery and success in capturing the bandit, the patrolman was given recognition in the official daily bulletin.

THE LITERACY TEST

(Springfield Republican)—The literacy test would have kept out of this country a good many of the forefathers of whom Congressmen who will vote to override the President's veto are not ashamed. And many a man who can read and write, as well as many a one who can smile and smile, may be a villain.

A RUINOUS INVESTMENT

(Baltimore American) — The war debt of Europe is $49,000,000,000. Yet any man would be considered insane in recommending nations to go to such a huge expense for peaceful and constructive purposes. This sum was invested in ruin and destruction everywhere, and will be practically a total loss as far as realization in any profit is concerned.

SOLDIERS ACCUSED OF KILLING NEGRO

Colored Cavalry at Border Station Said to Threaten Revenge on Whites

Douglas, Ariz., Feb. 11.—Sergeant William Riggs, K company, Thirty1fifth Infantry, and Private O. S. Wratchford of B company, Eleventh Infantry, were arrested today for shooting Moses Walker, a Negro chauffeur, whom the arrested men say was driving a car containing five soldiers through a district of town recently proscribed to soldiers.

Riggs and Wratchford assert they fired in the air after Walker had failed to obey several orders to stop. Walker's body was found at a point several blocks from the place they say the shots were fired.

Members of the Tenth Cavalry (Colored), which arrived here today on its way from Columbus to Fort Huachuca, are said to have threatened reprisals, as a result of which the guards have been reinforced.

NO FOREIGNERS WANTED BY VILLA

Juarez, Mex., Feb. 10.—Proclamations were posted on the dead walls and distributed on the streets here last night signed by Francisco Villa, warning everyone against traveling on passenger trains between Juarez and Chihuahua City and urging foreigners of all nationalities to keep out of Northern Mexico, according to a Carranza official here.

The proclamation added that foreigners would be given the same protection as nationals, but if they were robbed or were wounded during any fighting they would be victims of their own carelessness.

VILLA IS MOVING NORTH TO JUAREZ

New York, Feb. 10. — Gen. Francisco Villa, with a force of 25,000 men, supported by 30 cannon of 65 and 75 millimeters each and 75 machine guns, is occupying territory vacated by the forces of General Pershing and gradually advancing northward to take Juarez, according to an official communication received here today by John J. Hawes, Villa's representative in New York, from Hipolito Villa, brother of the leader, who is making his headquarters in San Antonio.

THE MINISTER'S SON

No matter where we travel, we find the general sentiment that ministers' sons are fated for a bad end. Perhaps this is due to the desire of humanity to see all things assume a final balance, and when the minister is so worthy and immaculate of conduct, it is probably natural that his son should fall correspondingly below the standard. Yet if one cares to go into the history of the affairs of this country, says the Philadelphia Ledger, one will unearth a vast array of individuals who were ministers' sons, but nevertheless made a mark of considerable brightness in the world. Instead of furnishing the nation with a galaxy of scalawags, if we are to credit the account, the clergy have made of their sons men of distinction and no small prestige. We are told:

"Who's Who" shows that one-twelfth of all the men whose biographies appear there are sons of clergymen. England's "Dictionary of Biography" shows an even greater preponderance of clerical forebears of noted men.

Sons of clergymen are nearly double the number of sons of lawyers and physicians combined.

Who in American history were the sons of preachers?

Of famous writers there stand Emerson, Holmes, Lowell, Bancroft, Parkman, Sloan, Gilder and Henry James.

In politics the answer to the roll call is equally impressive. Sons of ministers include Henry Clay, President Buchanan, President Arthur, Senator Quay, Senator Beveridge, Senator Dolliver, President Wilson and Justice Hughes.

Then there is the immortal Field family, embracing Cyrus W., who laid the first Atlantic Cable; David Dudley, the renowned lawyer, and Stephen J., the United States Supreme Court justice.

And equally renowned is the Beecher family, which includes Henry Ward Beecher and Mrs. Stowe, author of "Uncle Tom's Cabin." The father was a minister.

Agassiz and Samuel F. B. Morse, inventor of the telegraph, and Otto Mergenthaler, inventor of the linotype machine, were sons of preachers.

The list is inexhaustible, and in it blaze such names as Oliver Goldsmith, Linaeus, the naturalist; Jenner, the father of vaccination for smallpox; Ben Jonson, the poet Cowper, Sir Joshua Reynolds, Charles Spurgeon, Lyman Abbott, Addison and President Grover Cleveland.

Instead of being amiable vagabonds, the sons of clergymen come pretty close to the rank of top-notchers, in every field of human progress.

OBITUARY OF REV. R. W. JOHNSON

Rev. R. W. Johnson was born in Lunenburg county, Virginia, in 1878. In boyhood he moved with his parents, Rev. and Mrs. C. C. Johnson, to Blackstone, Va. At an early age, after finishing the public school training, he entered the teaching profession, teaching in the State College at Petersburg, Va., of which his brother was principal.

He then became principal of the public school in his home town, holding this position with marked credit for four years. He was the first Negro of his district to pass the Civil Service examination and to receive a position in the U. S. Government service at $1000 per year.

Feeling called to the Gospel ministry he gave up this position and in 1900 entered the Virginia Union University at Richmond, from whch he graduated with the degree of B. D. He led his class in many subjects and was valedictorian at graduation.

In the Autumn of 1904 he was recommended by his college professors to take the presidency of the Baptist Industrial College located at Dermott, Ark. In this new field this gallant young leader proved to be a man in every respect. He won the hearts of both white and black. In less that 18 months he had installed several hundred dollars' worth of new apparatus, built the industrial shop, a new large dormitory, fitted the institution with tools.

His health failing him, he went to Colorado. Impressed by his quiet demeanor and Christian dignity, the St. John's Baptist Church of Colorado Springs called him to the pastorate in 1906.

During his eventful and busy career he was most admirably assisted by his capable wife. He was united in wedolck to Miss Christine Garret, who taught in Hartshorn Memorial College most successfully for four years.

No eulogy to Rev. Johnson is complete without due mention of her helpful, Christian career. Not only was she most splendidly equiped for her work by training and edncation, but she loved the work, the people and never tired seconding her companion's efforts. Faithfull did she serve until called to that greater reward in December, 1912.

Rev. Johnson came to California in August, 1909. Sept. 5 he was installed pastor of Friendship Baptist Church. Faithfully did he serve his charge. He was a fervent Christian minister, careful in business details and thoughtful about his members and his pastorate stands out prominently as one of the most successful.

As in Colorado he revived the Association, so in California he was called to lead the Christian forces. For two years he guided the destinies of the Western Baptist Association, and during his incumbency did much to bring together the Christian forces and place aloft the banner of Christ Jesus.

He did well whatever his hands found to do. No task was too small for Rev. Johnson to complete; no task too large for him to undertake.

When on account of ill health he sought the clime of his boyhood days in 1913 and, finding his health fast waning, he returned, and in August, just five years after assuming the pastorate, resigned. Most touching was the parting of churches and pastor.

His sister Saphronia accompanied him to California then and has faithfully ministered during his illness. Whether in Arizona seeking a recovery of health or with him in California, she was ever faithful and never tired in her services.

His spirit returned to its maker Tuesday evening, Feb. 6, 1917. He leaves one a young man at the early age of 39, but what a glorious, useful life!

The weakness of the body so recently made him strong in the spirit. From baptism until his death he worked arduously for the Master, and great has been his reward in souls brought to the Master. To the church he leaves the message, "Be faithful unto death." To the ministers "Brethren, preach the whole gospel." To the loved relatives the farewell, "Meet me over yonder."

We join Helen, Margaret, the aged parents, the sisters, brothers and other relatives in rejoicing with him in his final triumphant expression, "The victory is mine! Praise God! Praise God!"

TWO DAYS IN SAN ANTONIO, TEXAS

one of during my stay. After organizing myself thus, I was informed to my surprise that San Antonio boasts of five Grade schools in addition to the Douglass High school, many more business enterprises and number of some of the most comfortable and modern homes in the southland. Let me say, in consideration, that San Antonio and its surroundings have convinced me beyond the slightest possibility of a reasonable doubt that conditions in the southland are far better than the average southerner is prone to believe; and I am inclined to doubt whether many northern or eastern cities are of such opportunities for any sort of city development.

Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life

to join us in the Oil Land Development Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

You probably have neglected many a money-making opportunity but dont neglect this one, it means your fortune, and is right within your reach. Seize it now. Write or call in person from 4:30 p. m. to 8 p. m. C. E. Patterson, 1446 So. San Pedro St., Los Angeles Cal., at once for our large prospectus, giving all the details with map showing location of our field, also let us know how many shares we shall reserve for you.

A Mighty Triumph!

Was the Second Conclave of the All-American League.

The second annual conclave of the All American League, which convened Thursday morning at Exposition Park of this city, will go down in history as one of the most successful and far reaching meetings ever promoted by the Colored citizens of California.

It was inspiring as well as educational and its slogan, "ALL AMERICAN" receives an impetus that will forever carry is over the shoals and make for it a clear sailing on the mighty sea of progress.

It was with misgiving fears and trepidation that those who were at the head of the All American League faced the continued rainfall that seemed to mean disaster in so far as attendance was concerned, but they nobly stuck to their colors and Thursday morning notwithstanding the inclement weather, the people began wending their way to the park and as the day progressed the people filled the great exposition building to the utmost and, examining the beautiful and wonderful exhibits and in attendance to the business session of the All American League.

The morning session was taken up with the routine business of the League. Many noted visitors in and out of town were present.

Rev. Lightner offered the invocation, Miss Hilda Baker played a solo, the audience sang America, and Dr. Pettigrew made address, after which they adjourned to partake of the well-cooked barbecue, prepared by Mr. Frank Brown and carved to a queen's taste by Mr. B. Baker, the hero of the barbecue, as Mr. Baker was chairman of that very important committee. A bevy of beautiful lady members of the League waited upon the people.

The afternoon session began with moving picture scenes, and the following program:

Meeting called to order by the President.

Chorus—"Steal Away."

Reading of communications by Secretary.

"Objects and Purposes of the League"—W. E. Easton.

Address by Supervisor Hamilton.

Piano Solo—C Minor Prelude by Rachminnoff—Miss Fannie Wilson.

Remarks by H. D. Greer.

Recommended that the Chairman of Executive Committee retire to bring in report on State organization.

Report of Executive Committee.

Moved and seconded that the report of committee be accepted and adopted. It was so declared.

Paper by Mrs. L. V. Stewart, "A Woman."

Motion that all who purchased membership tickets be declared bona fide members of the League. Voted and so declared.

Motion that H. D. Greer be awarded a certificate of Merit.

Annual address of President Hugh E. MacBeth.

Motion to adjourn until Sunday, 2 o'clock.

Remarks by Hon. Frank Mouser.

The following officers of the State organization and local League were elected to serve for the ensuing two years and year respectively.

President State Conclave Hugh E. Macbeth; Vice Pres. A. P. Alberga; Secretary H. L. Prince, Nat'l Representative W. E. Easton

Local League

President J A Colly
Secrataay H. D. Greer

Complete list of officers in our next issue.

Exhibits

The crowning feature of the great conclave was the exhibits of the handiwork of the works of art and science by Colored men and women. The same is worth going miles to see and they will remain at Exposition Park until Sunday, when at 3 o'clock the prizes, medals and diplomas will be awarded. We advise all who have not seen these wonderful exhibits to do so. The Eagle next issue will give full account of the same.

Special mention of the musical arrangements under Mrs. Clara Hulbert is in order, and of the Exhibit Committee, composed of Rev. G. W. Kinchen, Mrs. W. E. Easton and Mrs. H. E. MacBeth.

ANNUAL ADDRESS OF PRESIDENT HUGH E. MacBETH

To the Members of the Second Annual Conclave of the All-American League of California, Men and Women:

Again we are met in Annual Conclave.

At no time in the history of the All-American League have the wisdom and purpose of its founders been more evident and more urgent than at the present moment. The future seems but to unfold its record as further proof of the eternal verity of that doctrine of our League which holds as follows:

"There is but one standard of Americanism and that standard includes a common opportunity and a common obligation for every American citizen."

It requires but the briefest survey of the happenings of the past twelve months to convince one that the only safe plan for the development of any people is a plan based upon the broad and sound fundamental principle of an adequate and equal chance for the development of all peoples.

Europe yet writhes in her blood because her peoples have ever refused to concede to each other a fair and equal chance in the game of existence and achievement. Millions have weltered in their blood for this refusal, and other millions march headlong to a bloody death until Europe rights her wrongs in this regard.

Because of their categorical denial of the fundamentals of true democracy, Caucasian Europe is losing its strength by millions of its finest manhood and the darker Races of the world are looming more and more to the front. And therein lies the hope of true democracy.

While Europe pours its blood in unending streams, America has experienced her first skirmish of a bloodless revolution. Resenting the inadequacy and inequality of opportunity in the Southern States, thousands of Colored American laborers have abandoned their Southern homes and have sought the labor market of the North and East, where the spirit of true Americanism finds truer expression.

And in the meantime America pays the price of permitting in her borders organizations whose reference is to foreign allegiance in that while on the verge of war with a European power, our nation finds itself in the grip of a system of foreign espionage whose agents exist in numbers to the extent of over a hundred thousand.

And lynch law continues to find a place of security in the American governmental functions. From this place of security it launches its cowardly attacks upon its helpless and ofttimes unoffending victims.

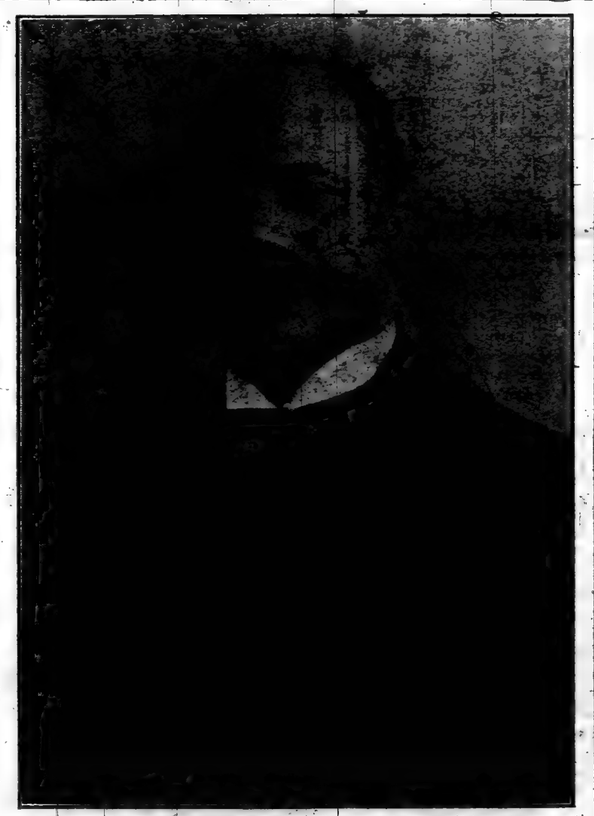
From a local standpoint the past year has been one of decided progress along the line of true Americanism.

The spirit of racial tolerance has begun to find a lodging place in the policies of our State and municipal governments.

A well directed and intelligently conceived movement to increase the working efficiency of the colored American laboring class has met and growing results.

The increasing number of business ventures among the Negroes of California argue well for the future. In Los Angeles, California, the best organized, best serving and best paying exclusive lunch counter business in the city is the result of the enterprise and ability of a colored man.

However, the greatest challenge which the Negroes have ever given the future and the deepest evidence of their sense of citizenship responsibility, are found in the intelligent, methodical and persistent manner in which they are setting themselves to the gigantic task of turning to their own use the practically limitless wealth of the mineral resources of the great Southwest.



The Future Looms Large Before Us

From the international standpoint it is—America First!

(Continued on page 2)

THE HON. GEO. H. WOODSON OF BUXTON, IOWA, WILL ADDRESS THE FORUM SUNDAY

The citizens of Los Angeles are to be highly favored on next Sunday by hearing an address by Attorney Geo. H. Woodson of Buxton, Iowa, at the Forum Sunday afternoon at 4:30 o'clock. We urge upon the people to fail not to turn out and hear this eminent citizen. The writer has known Mr. Woodson for many years and his great work for the advancement of this people, so while here for his health during the winter, the editor and others have prevailed upon him to address the citizens of Los Angeles along the lines dearest to his heart, "The Need of Organization of Money."

ATTORNEY OSCAR HUDSON OF SAN FRANCISCO

Prominent among the delegates to the All American League is the Hon. Oscar Hudson, leading attorney at law from San Francisco. Mr. Hudson is well known in Los Angeles, he established the New Age here. On leaving here for the north he sold his interest to G. W. Hill. As a member of the bar Mr. Hudson stands in the front rank and is the only Negro member of the California Bar Association. He has one of the most complete libraries of any lawyer in the West, the same consisting of more than 1000 volumes.

Mr. Hudson is also counsel for the Republic of Liberia. Before coming to the coast he served for some time as official interpreter for the government in Cuba.

In San Francisco he takes a lively interest in all things that tend for a better and higher citizenship. He was elected as Grand Representative of the All American League at its second annual conclave Thursday in this city.

At this meeting he was the accredited representative of the San Francisco League and had the honor of delivering the keynote address which was a feature of the day.

Mr. Woodson is one of the really successful Colored barristers of this country. By straightforward practice he has earned for himself a competence and has the highest esteem of the community in which he lives and there is no axe to grind on his part. So you will be favored with what we predict will be a remarkable address.

For the news of the week, see to it that the California Eagle is in your home.

A Disgrace to the Race

Unfair Treatment of the Public by Notoriety-seeking Quacks,

By WALT. L. GORDON
(Special Correspondent)

In every large city and small town of this country where Colored people are found in considerable proportions, there are also found the quacks—quacks in every avenue of endeavor, of which our Race has ventured. Quack doctors, quack lawyers, quack industrial school promoters and professors, quack politico-statesmen, quack editors and newspaper promoters, quack preacher, revivalists and ad infinitum. The specie of quacks of which I am about to dissect and discuss will be the last named one, the quack preacher, of such tribe there are an innumerable host. The Pacific coast is no less pestered with them than the Atlantic side.

At most they are an itinerant, peripatetic, droll gad, without any visible means of support and of limited schooling, if any at all, and most times of questionable character. Sometimes preaching, sometimes following varied occupations—at times the very opposite of his doctrine.

A description of the type: Usually large and powerful of physique; looks, tolerably prepossessing or in the language of the street, "passable," and glib of tongue; talks, limited to politic, Bible and the Race, especially racial, but not absolutely sure of any of them. His talks are shaded by the sentiment of the community and as his hearers would have it.

His method of entry into a community is in this manner, "Benn sent," he has his emissaries to pass this out. "Has a new vision," "A new message," may I add also a new method fully understood to himself as to how to acquire notoriety and to insure support. Also styles himself as a Black Spurgeon or a Black Billy Sunday. I have never heard of a white man calling himself a white C. T. Walker or a white Dr. Carey nor Ransom, though they are human, same as Colored men. I have often wondered—maybe they have self-respect and respect and respect for their followers. They feeling that it is not necessary simply to have a bombastic title or high sounding name, that it is more essential to be of good character, of proven honesty and a devout follower of the cross, than merely a sensationalist or a seeker of applause. I have often wondered that if to say that he is a "Black Billy Sunday" that it is to be emphasized that he talks in a fashion similar to Billy Sunday and possesses some of his thunder, and the stress of the information is upon these points and not upon the most important and essential qualities, such as upright character, a thoroughly inspired Christian, and of some training so essential for leadership, is to be considered as points of preference. Am I asking too much? Or is it sufficient or enough simply to be able "to stir them up," and not necessary that pastors be men of clean lives, honest, sober and capable. Which do we prefer? Men of Billy Sunday antics and logic of indifferent morality. Or men with the fundamentals of Christian virtue whether with or without eloquence? I feel satisfied about your answer.

Why call oneself Black Billy Sunday? Do we care to put a higher value on eloquence or talk than on doing or living the part of a Christian? What if I called myself a Black Spurgeon or a Black Billy Sunday and my character was so notorious and my reputation so rotten that even the man in the moon would hold his nose when I passed by. These quacks let us cease to support or follow. Cease to speak kindly of them, and unite to drive them from the community. As to their entry into a community, they slip in on the eve of a revival, labor with much zeal, have a glorious supply of "Amens," hallelujahs and the like. These revivals carry them over with much assistance by the "good sisters" till election time. Now they have arrived at the most eventful and busiest period of their career, such as seeing the candidates, putting a price on their support and work (usually taking any price they can get) emphasizing the number of votes he has in his vest pocket.

A veritable leader of the Black populace, of course he lines up with "Vice," he makes conciliatory speeches in its behalf. Oh, yes, for pay. Perhaps and occasionally, he starts a newspaper, secures subscriptions from candidates and others that are easily duped, gets "write ups" and "ads" for "Vice" and candidates.

He is feathering his nest in due season, no regard for honesty. When he takes a year's subscription and knows well he won't publish after election. No regard for honor—makes gross misstatements when he says he represents Colored people on the side of issues that are of questionable character. And is un-Christian and foul, when his very acts hurt our generally clean ministry, and the

FIRST A. M. E. CHURCH NOTES

J. Logan Craw, Pastor

Sunday's services were up to the usual high standard. Many visitors were present at the morning service, among whom was Dr. Powell, pastor of Abyssinia Baptist church, New York City, who expressed himself as highly pleased and decidedly benefited in this worship.

The pastor delivered both sermons and including the class night addition there were two accessions to membership. The choir sang beautifully. You are welcome to our services on this coming Lord's Day. The pastor will deliver both sermons.

The annual services of the Mutual Aid Society will be conducted at the First church, Sunday morning at 11 o'clock. The pastor will deliver the annual sermon. Our metropolitan choir will render special music. Everybody welcome to attend. Come early for a good pew.

Many pledges have been made toward liquidating the mortgage street bond indebtedness and many more are expectd to follow. Sister Fannie Askew, one of our faithful members sojourning for a little while at Redlands, Cal., sent $10.00 in cash last Sunday to be applied on this effort that comes off on Easter Sunday. Other out of town members will send funds to the pastor, 1466 Griffith avenue, and be given due credit for the same while each member at home and every friend who would see all our indebtedness "lifted," will make a real sacrifice to give a substantial pledge in this, the last effort of its kind this annual conference year.

Rev. B. C. Robeson, S.T.B., Pastor

The Stewardesses came together and put in fine shape the vestry painting both floor and wainscoting, beside putting down a new carpet and clearing out old dilapidated furniture and trimmings. This is a manifestation of the new spirit which has taken hold of Zion since the advent of the new pastor. Now the Trustees, not to be outdone, are going to have necessary repairs to the basement made and new window lights installed. Zion believes in doing things and to look after its constantly increasing crowds she is making progress her watchword day and night.

The choir is still advancing under the leadership of Prof. H. C. Wheaton. The pastor is still making the call to sinners. Last Sunday his sermon was a special appeal to them. Miss Bertha Miller, the organist, is doing effectual work at the organ. She is quickly familiarizing herself with all its parts and accompanies the choir's beautiful anthems with telling effect.

The pastor's subject at 11 a.m. will be, "The Religion We Can Taste." At 8 p.m., "Thou Shalt Be Missed."

Well heated, good ventilation, strangers and visitors welcome.

Don't forget Sunday, March 4. Bishop L. W. Kyles, D.D., will hold the fort at Zion. Come and hear this great man speak. The Pacific Coast has already felt the effect of his telling work. Watch for him.

INDEPENDENT CHURCH OF CHRIST

Rev. N. P. Greggs, Pastor

Rev. N. P. Greggs, pastor of Independent Church of Christ, took as his theme Sunday morning, "Christ brought success out of apparent failure in days gone by; many doubt his doing the same today." Text Luke 5:5. He said in part: Master, we have toiled all night, and have taken nothing. Nevertheless at Thy word I will let down the net. The practical and beautiful thoughts brought out by the pastor were faith, determination and patience. These are qualities so undeveloped by us as a people.

The band of men referred to in the text were professional fishermen. At this particular time they had fished all night without results, and as the morning dawned, they were washing their nets and just about to give up in despair. But Christ sees them and speaks to them, saying, "Let down your nets," and through faith they obeyed, and their nets were filled with fish.

Sometime victory comes at the last moment, for the earnest faithful worker there is always victory over the hill.

There were two additions to the church, namely, Mrs. Mary Wynn and Phillip Brown.

WESLEY M. E. CHURCH
Cor. 8th and San Julian Streets

Last Sunday was a great day at Wesley M. E. church in spite of threatening weather. The pastor, Rev. A. P. Shaw, preached morning and evening. The subject of the morning sermon was "Our Inheritance," and that of the evening sermon was "Winning One." Both sermons were strong, practical, and helpful messages that were well received.

Three members had died during the week, Mrs. Hart, Mrs. Addie L. Boyer and Brother George Green.

The pastor addressed a large audience of young people at the meeting of the Queen Esther Circle at 4:30 p.m.

This Sunday is "Get Together Day." At 11 a.m. the pastor will preach a special sermon to the officers and members of the church on "Team Work."

In the evening the pastor will preach the first of a series of sermons on "Preaching Christ."

An offering is expected from every member of the church, those present and those absent. We want at least six hundred persons to contribute something. Will you be one. Shall your name fail to appear on the list? Contributions from our friends will be expected and appreciated.

SECOND A. M. E. CHURCH

Rev. E. R. Johnson, Pastor

The Union Revival Meetings held here, under the auspices of the Methodist Ministers' Alliance, were a great success in every respect and a splendid help to this church and community. There was a fine attendance at each session and the telling spiritual messages delivered by Rev. J. W. Price, Dr. A. P. Shaw, Dr. J. C. Anderson and Dr. B. E. Robeson, inspired the people to higher ideals and greater usefulness in the Redeemer's kingdom.

There were three conversions during the week which brought the number of conversions for the union meeting up to 37. The pastor will continue to preach evangelistic sermons each Sunday.

NEWS OF PHILLIPS CHAPEL C. M. E. CHURCH

Rev. J. C. Anderson, pastor.

The services at this church on the past Sabbath were of a very high order and were very much enjoyed by the two splendid congregations present. The work on the church is rapidly nearing completion and we hope in a few days to have the organ in and in service.

All the departments of the church are alive and are doing a great work. The ladies of Board No. 1 will give a "Martha Washington" party at the home of Mrs. Ladye Bowen, 735 East 17th street, on Thursday night and a great time is assured all who attend.

The choir will give their regular monthly concert on the coming Sunday and the public is cordially invited to come out and enjoy this treat with us.

LINCOLN MEMORIAL CONGREGATIONAL CHURCH

Rev. E. E. Lightner, Pastor

Rev. S. E. Edwards was the speaker at the morning service on last Sunday, and brought to us a warm spiritual message, taking as his text: "Make the multitude sit down."

The pastor was at his post at the evening service and spoke, taking for his subject, "Catching Men."

Services for Sunday, Feb. 25, as follows: Sunday School, 10:00 a. m.; preaching, 11:15 a. m., by pastor, subject, "An Unwise Choice;" Christian Endeavor, 6:30 p. m., topic, "The Home Missionary Boards of My Denomination, What They Are and What They Are Doing." Isa. 35:1-10.

At 7:30 p. m. the Missionary Society under the presidency of Mrs. Charles Alexander will give its first monthly missionary program, consisting of short addresses and special musical numbers. A rare treat for everybody.

A warm welcome awaits you.

PASADENA
FIRST A. M. E. CHURCH NOTES

Continued rain this week made advisable the postponement of the programs of the Fair and Anniversary until Tuesday, Wednesday, Thursday and Friday evenings of next week. Tuesday night Rev. A. P. Shaw, the eloquent pastor of Wesley chapel, will speak as will Mayor Hamilton. Prof. Hamilton, chairman of the City Commissioners, will speak upon the progress of the Negroes in Pasadena as he has observed it. Wednesday evening the Fraternal societies, Thursday night a musical and literary program and Friday night the young people will entertain.

Services last Sunday were well attended. At morning the pastor preached, while in the evening service, Rev. Bussey pleased the audience with a well directed message. At the Young People's meeting a patriotic program was a feature. Mrs. Bell read a paper on George Washington. Miss Boyce rendered a vocal solo and patriotic songs were enjoyed. Next Sunday Miss Silmon will lead, Mr. Bell will sing and Jay Bailey read. The Glee Club of the society will have charge of the evening service at the Washington Street Methodist church on Sunday, March 18. The singing of this group of young men is becoming very popular. The regular choir of the church has been invited and will sing at the Lincoln Avenue Methodist church Sunday morning, March 11, at 10 o'clock, giving time to return to regular morning worship at the church.

The Fair and Anniversary service opened on Tuesday night in spite of inclement weather. Attractive booths were in charge of the following ladies: Mrs. Bell in charge of the Domestic Booth; Mrs. Harding in the Fancy Work Booth; Mrs. Edward Fouche in the Ice Cream and Candy Booth, and Mrs. Bussy in charge of the lunch.

The Miller musicale on Thursday night last week presented to an appreciative audience not only well known talent, but new talent as well, delighting the large number present.

FRIENDSHIP BAPTIST CHURCH

Rev. R. Arline conducted both services at the church last Sabbath, assisted by Rev. J. Fleming and Rev. H. Jones. The morning sermon centering upon the thought of "Prayer," was an able one. Its sequel "How to Pray," was presented in the evening. The Wednesday evening prayer services are becoming very popular with a large portion of the membership. Rev. Jones led a most spiritual meeting last week and Deacon Payne was the leader for this week's meeting. Rev. F. Davis, pastor at Mt. Zion Baptist church, has been secured to preach next Sunday. Rev. Davis and his work is still fresh in the minds of those who attended the week of prayer and revival during last month. In the afternoon the laymen of the church will conduct their Sunday afternoon meeting from 3 to 4:30. An interesting program is being prepared. A paper by A. H. Evans and a musical offering by Miss Alfretta De Rousselle were the numbers presented by the program committee at the B. Y. P. U. service. Mr. Ford as chairman has been most faithful in this work, with the result that it is impossible to attend a B. Y. P. U. meeting and miss hearing a commendable program; 6:30 p. m. is the time, every Sunday evening.

METROPOLITAN CHURCH

Last Wednesday evening the choir gave a surprise luncheon in honor of the chorister, Mrs. Wm. Hicks. A silver fruit spoon was presented on this occasion, to further demonstrate the esteem the choir holds for its leader. The Valentine social by Mrs. I. A. Teat at the Social hall Thursday evening proved a very pretty and unique aairff, greatly enjoyed by the number of young people. The rally date of the membership of the church was fixed for the third Sunday. Next Sabbath at morning service the pastor will speak on "The Pharisee's Reception of Christ." At evening service Rev. Hughes will preach on "Christ at the Pool of Siloam."

SCOTT CHAPEL NOTES

Last Sunday was a full and inspirational day for Scott Chapel. There was a wonderful demonstration Sunday morning at the close of Pastor Kinchen's sermon. The altar was crowded with the people seeking a closer relationship with God. The message last Sunday was on "Taking a Chance," based upon the life of Abraham Lincoln. On Sunday afternoon there was a splendid audience to witness the exercises by the Harriet Tubman Club in charge of Mrs. Fields. Mr. Harold Prince delivered an address on the life and works of Frederick Douglass. In spite of the rain on Sunday evening a large audience was present to hear the program on Abraham Lincoln and the Southern educational work. Mrs. Katie Lee was in charge of this program and Mr. Perry acted as master of ceremonies. Next Sunday will be another great day.

At the morning service a foreign missionary will bring the message in the interest of world movements. In every way Scott Chapel is on the upgrade and the pastor and members are working as one man in the interest of Christ's kingdom in this community.

HOW SAD

Was it for a gray-haired mother, a sister, or a brother, is she wasting all the many tears in vain. I think that is the way the song runs, anyway it fits in nicely in the case of Mrs. Maude Stallings this week, and the answer is, No, none of these, it's "Princess," Mrs. Stallings' little water spaniel dog, was run over and instantly killed by a naukhty auto. I truly sympathize, because Princess has been in the family almost twelve years.

SUDDEN CHANGE

Miss Ethel Park suddenly taking a dislike to her name "Parks," this is quite common, so between her and Mr. Reaves they managed to change it to Mrs. Ethel Reaves. Ethel sighed, O! that's so much better. I never stopped to ask whether she was referring to the names or the single and married life, but whatever it is she is due congratulations.

The concert given by the young ladies of the Anti-Cant Club turned out to be a wonderful success. Each and every girl appeared at her best and the program was enjoyed by all.

BRIDE TO BE

Quite a surprise was tendered the friends of Miss Lottie Taylor when the dansant given in her honor by Mr. R. Mabre, turned out to be an announcement party. About 35 friends of this young lady were busy enjoying themselves in the Parish Hall, which had been transformed into an ideal spring garden of choicest flowers, when they were interrupted by Father Cleghorn, who announced that he would like to speak to them for just a few minutes. Of course, it must be concerning Lent! was what every guest said, with a little pout, but father proved that he could speak of other things, if he was but given such topics as this one. For when his oration was finished and summed up it was but the announcement of Miss Taylor.

BIRTHDAY DINNER

Sugestive of the spring time were the decorations used by Mr. B. Davis in her entertaining ten guests in honor of her husband's birthday, Saturday last. The color scheme of pink and white was caried out through the beautiful rooms, set off here and there by large potted ferns. The table, which was the most artistic of the season, had as a center ferns with choice pink carnations. At each place were hand-marked place cards. First was served fruit punch, after which were the following courses: Turkey á la mode and vegetables, salad, hot coffee and cute little biscuits, ice cream and cake.

The ten guests present pronounced Mrs. Davis the queen of entertainers.

And last but not least was the beautiful birthday cake with a large candle sitting majestically in the center. Places were marked for Mr. and Mrs. Miller, Mr. and Mrs. Maloney, Mrs. White, Mrs. B. Davis, Father Cleghorn, Mrs. J. B. Bass.

(Continued from page 1)

Europe is weak from loss of blood, burdened with unimaginable debt, and generally disheartened.

In the Far East, ambitious and sensitive Japan for reasons of expediency, would challenge the necessity of democracy's fundamental requisite of an adequate and equal chance for all peoples—accordingly she reaches out for the mastery of the entire Far East.

But Europe's misfortune and Japan's necessity furnish America her big opportunity to lay the foundations of a world democracy. May America not lose the opportunity.

No prospect of the future from a national standpoint could be made with clearer vision than by reference to the following cardinal principle of Americanism:

"Every organization or classification which limits the activities of American citizens, or inspires the development of American institutions by an arbitrary reference to Social class, race, or foreign allegiance will undermine the foundation stones of true Americanism."

America is doomed, if the present practices of organizing its citizenship into societies whose central idea refers to a foreign allegiance, are not discontinued. It should matter little to a true American that the Kaiser has a birthday or that Lloyd George, Premier of England, seeks a new war loan. Our allegiance is entirely and exclusively to America.

America is in immediate need of an effective system of national defense, both naval and military, and in this system of defense every meritorious citizen should have an equal responsibility for service, an equal chance for training, and an equal chance for meritorious promotion. This applies alike to the Home as to the National Guard. The present system of denying colored American citizens the opportunity of service in the Home Guard and denying them the opportunity of training at West Point and Annapolis, is entirely un-American, defenseless and damnable. It must be relegated to oblivion along with those wh oare responsible for this bit or near-treason.

Lynching must be abolished, and that right soon, or the South will experience such an exodus of Negro laborers, as will leave it industrially helpless.

However, it is from the local standpoint that the future is full of opportunity for true Americans. California is indeed America's Golden Ray of Hope. Already has she begun the task of interpreting the true spirit of Americanism into the conduct of her people. The work is but begun.

Some of the Tasks Immediately Before Us

Union labor must adopt a program of absolute equality of all all men, white and colored. The present policy of denying colored workmen full membership and benefits in the Union must be reversed.

The present practices of State, County, and Municipal Civil Service Commissions discount applicants because of color or race must cease. The League should make exhaustive inquiry to the end that these practices do cease.

No department of government employ, whether National, State, County or Municipal, should be composed exclusively of one race, or color of Americans. All present customs and future efforts along these lines should be made the subject of an insistent campaign of education and pressure.

Immediate investigation should be made into the customs of banks discounting collateral because of colored ownership. An insistent campaign of education should be waged among banking men along this line.

A searching investigation should be made into the primal causes of the refusal to serve colored ptarons by hotels, restaurants, soda fountains and cafes.

A campaign of education should be waged among the proprietors of these necessities.

The present arbitrary limitation of colored Americans on the matter of jury service should be carefully inquired into by the several grand juries or otherwise.

A campaign of Christian education should be inaugurated among the certain and numerous churches who hold their doors of fellowship open to either white or colored citizens exclusively.

A thorough investigation should be made of the attempt in Southern California to institute Jim Crow schools and a campaign of education to the folly of such procedure should be inaugurated in the several afflicted communities.

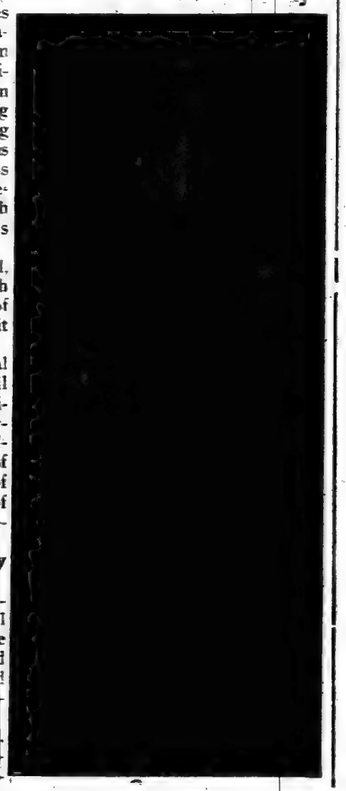
The exhibits which have been assembled for the enlightenment of this Conclave are a challenge to this nation in so far as this nation or any part of it denies the fundamental principles of the All-American League, the principles of adequacy and equality of opportunity for every man, woman and child under the American flag.

Let every man and woman in California swing in to the great task of developing the tremendous resources of California and the great South West, let every one assume his responsibility to the full. Let every one enjoy his rights to the full. Let no man beg others for his rights.

Let no man protest to others for his rights.

Let no man whine to others over the denial of his rights.

Let no man assume his rights as a matter of course.



Put the burden of proof upon those who seek to deprive you of what is your right.

Look the debuachers of true Americanism squarely in the eye, and look "plumb through them."

Be a man. America is the place for freeman and not the place for serfs.

And remember always—the man who feels that the privileges of one division of American citizen are greater than his, has failed to grasp the full meaning of his own American citizenship.

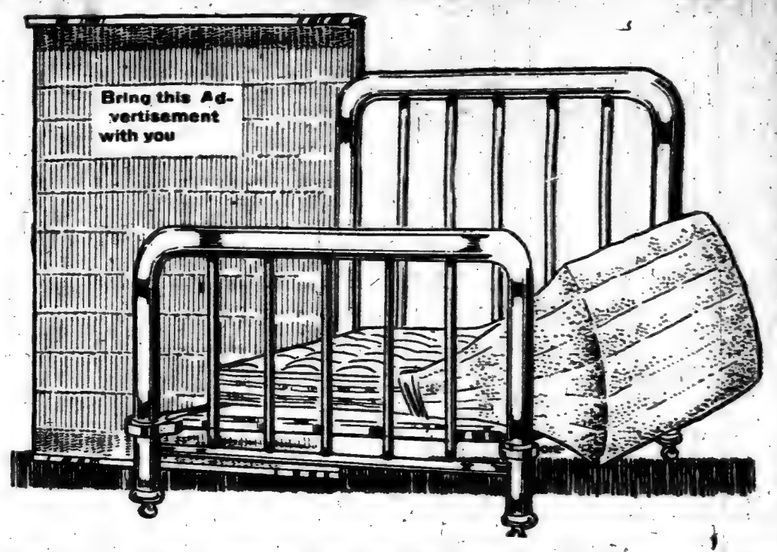
DR. A. CLAYTON POWELL HONORED BY VIRGINIA STATE CLUB

The Virginia Club on last Tuesday evening, Feb. 20, met at the residence of Mr. and Mrs. Scott Kinney, 972 Austin street. This was a very special occasion for the purpose of entertaining one of Virginia's favorite sons in the person of the distinguished pastor of Abyssinia Church of New York City, Dr. A. C. Powell.

It was indeed a memorable occasion for the Virginia Club, which held aloft the banner of their native state and aside from the purely social side a splendid program was rendered and both happy and timely addresses were made by leading citizens who are members of this club. In the absence of the president of the club, Vice President Mr. A. D. Lacy made the address of welcome and of course all who know Mr. Lacy know that if words can express a welcome Lacy will find the words and so in a hearty old Virginia style was Dr. Powell made welcome. And responded in the same spirit and said of all the places in the galaxy of states was especialy glad to see that out here on the Pacific coast the banner waving high. He spoke of the great hospitality of the state, its great men and his comparisons made even the writer envy the Virginians.



After Dr. Powell's address a short program was rendered by the members of the club. Among those who took part was Mr. Lavine; duett by the Moree Sisters; readings by Mrs. C. Barr, Dr. Stovall and Mr. Andrew Brown; visitors addressed the club with words of encouragement.

After which a delightful lunch, such as only these people, natives of Virginia, can prepare, was served; salads, sandwiches, Virginia coffee, ice cream and cake, and we mean cake, just like they make in Virginia. This feature was in every way fit.

There were more than sixty members present who came out in a downpour of rain in honor of Virginia's distinguished son. The splendid home of Mr. and Mrs. Kinney was appropriately decorated for the occasion and with these two and the other officers of the club this occasion was made one of the real social affairs. We are proud to note that the Virginia Club is right up to the front when it comes to real progress and qualifies in the front rank of the many state clubs in this great city.

The mighty triumph of the All American League as to prestige is apparent and now let us have the lasting results that this movement stands for.

The Hon. William Edgar Easton who is one of our foremost thinkers and public spirited citizens, has been a valuable asset for the All American League and his speech on last Thursday was one of the very best numbers on the program.

MOUSER RECEIVES OVATION AT THE GREAT MEETING AT EXPOSITION PARK

Assemblyman Mouser was presented to the people on last Thursday at Exposition Park and received an ovation. As the only Assemblyman in the whole of California that sees to it that the Race gets recognition and also who will protect them to the utmost. We are proud of the fact that we still have left at least a few men like Mr. Mouser and that his efforts on our behalf is duly appreciated.

WE TRUST REASON WILL PREVAIL

We do not know just what grounds or the source of the movement to make a change in the head of the janitor force at the Hall of Records, but we regret very much to even think that this position is about to be made a pawn in some political intrigues. We admire cleanliness, we admire honesty and industry and S. L. Robinson is the embodiment of these great requisites, and in addition can qualify as an expert on efficiency, and when we have a man of the high character and executive ability of Mr. Robinson it is too bad that his tenure to this position must be contingent on the uncertainties of the turn of some political exigency. We hope this is not true and that Mr. Robinson and his able corps of assistants will not become the victims of a ruthless political decapitation.

CIVIL SERVICE A WALL OF STEEL—COLORED ASPIRANTS NEED NOT APPLY

In so far as our worthy Colored citizens are concerned under the present regime of the City and County Civil Service Commission, a WALL OF STEEL surrounds the opportunity to qualify for the various city and county positions that are under its control and a higher wall of special tempered steel first wall.

This is not a general statement without facts to back it up. Time after time well qualified persons who are fit for far higher positions than they were examined for, have by some hook or crook failed to make the required per cent to be placed on the eligible list, and if perchance they made the per cent and it is found out that they are Colored, they put up the "Nothing Doing" sign.

Now then, Attorney H. E. MacBeth struck a responsive chord when he asserted that this procedure must be met and corrected and to that end we are calling on all fair-minded people who stand for justice, fair play and common decency to meet this Civil Service proscription and either make it tote fair or go out of business.

NOW HE WANTS TO BE A COUNCILMAN

Nomination petitions for Assemblyman Bert L. Farmer as a candidate for the City Council are being circulated. He no doubt feels that in his great stunt at the Assembly when he attempted to humiliate a race of people by the introduction of a resolution that was so insignificant that the speaker ruled it out of order, but which was an insult to the lone Negro attache of the Assembly. On this record in keeping with the tactics of old Vardaman of Mississippi, Cole Blease and Hoke Smith, he will no doubt appeal for support in the coming city campaign. Of course no member of the colored race with one ounce of race pride will for one moment give him their support and that old play that takes in Mississippi will not go in Los Angeles. The fair minded white voters will not stand for it, they believe a man who will in his office as an official for the people do a small snide and cheap thing where a black man is concerned, is none too good to do the same thing for a white man and so is not to be trusted. So we predict that this embryonic statesman in his aspirations as a member of the council will go down to an ignominious defeat and that he will never hear the drum tap and will even fail to qualify at the primaries.

HON. GEO. H. WOODSON DELIVERS A NOTABLE ADDRESS TO LOCAL BRANCH OF THE N. A. C. P. LAST EVENING

The local branch of the N. A. C. P. met in large numbers Thursday night at the neighborhood hall of the Episcopal Mission on Paloma street, and was favored with an address by the Hon. Geo. H. Woodson of Buxton, Iowa, who spoke on the life of "Frederick Douglass and Humanity." Mr. Woodson in every way lived up to his reputation as one of the most forceful and convincing speakers of this country. And in a masterly manner presented his ideal, his hero, Fred Douglass, but on human rights he reached the heights and convincingly and with telling effect clinched point after point to the delectation of all those present, and at the conclusion of the same he received an ovation. All who failed to hear Mr. Woodson missed a rare treat. The local Association is doing a great work and from the routine of correspondence we noted that they are doing their part in this section of the great propaganda of this great National Association. Dr. J. A. Somerville is president and Mrs. B. Thompson, secretary.

Why certain young couples seem to join the "war-bride" column?

Why the girls are so jealous of Miss E. B.?

What's holding the boys away from Point Loma; carfare?

Why Master G. P. i sthe only Colored boy ot the High School?

Why so many people want to read the Eagle, but do not want to pay for it? They do not consider the high cost of paper.

Mr. Al. Ramsey has moved his residence to East San Diego.

Mrs. Jack Oliver is the guest of her mother, Mrs. Shannon.

Miss Maud Winston should let those eyes behave, as she is sweet and cute enough without so much temptation. If those things can make her fly, what's keeping her down?

It seems as if all of Los Angeles and Southern California were in San Diego Thursday and visited Tia Juana, Mexico, where they enjoyed seeing the running of the $5000 handicap. Some came away weaker and wiser; others wiser and weaker.

If some milk and soda create acid, what will it take to create excitement on 30th and Greeley?

The Patriotic Ball was a grand success, as the music echoed from the walls from 9 p. m. until 2 a. m. People seemed eager to meet their friends and many strangers as well as to tripple over the floor. Oh, but it was real joy to sit and watch them enjoy themselves, mad with excitement for pleasure. The "crowned heads" couldn't have been more pleased had it been a function of the proclamation of World-Peace, satisfactory to all.

Mr. Fraisier, of Los Angeles, the tallest employe of the Pullman service, was in town last week, and every one thought he was the new footman at the Grant Hotel.

Several of thhe porters off the Limited paid their respects to the Eagle last week.

Everybody knows "Silent Joe," by his "lady" hand-writing. Mrs. Phillips says the Eagle reporters couldn't rest and fixed it so he can't rest; provisdo!

Mr. Eli Nickerson, of Klamath Fals, Oregon, is spending his vacation in San Diego, visiting his old time friend, John Wilson, better known as "Atlas Frisco."

POLITICAL GEMS

By Geo. A. Ramsey

Now for the big fight in the Council race. Who's who?

Mrs. Emily A. Naylor, candidate for Councilwoman, is gaining many votes from all classes. She possesses the grit and determination that make a first-class candidate. Her winning personality will also help her receive many votes.

Mrs. Naylor has been in California 35 years, and has had 18 years' actual business experience. A vote for her is a vote for efficiency.

Mr. Albert V. Mayerhofer announced himself a candidate for the City Council. It gives us great pleasure in introducing Mr. Mayerhofer to our people, especially to those who may not know him. To find a cleaner man than Mr. Mayerhofer, we are half tempted to say it is impossible. Born and reared in California, and one of San Diego's staunch boosters, Mr. Mayerhofer stands for a square deal for all. His efficiency and competency is far above reproach. We heartily endorse Mr. Mayerhofer. Vote for him at the primaries.

L. J. Wilde says Hughes talked himself out of the Presidential chair. Let us hope Wilde talks himself into the Mayor's chair.

Candidates are springing up like mushrooms after a hard rain.

Voter, be careful of the Woodle candidate. Don't let them talk their way in. Make them show you.

The Eagle will inform the people about the candidates running for office. Watch the Eagle fly!

A big surprise will be sprung in next week's paper regarding some candidates aspiring to offices. We are fearless and are going to make them speak up. No more of this slick tongue oratory to win our vote. Or inother words, "bull candidates," that want our vote must be clean and fearless, and give us justice.

Watch for the Eagle ticket; it will be selected and announced two weeks before the primaries, and an appeal will be made to vote the ticket straight.

Master Kenneth Johnson is confined to his home suffering with the mumps.

Mrs. Bazille, who has been visiting her sister, Mrs. Joseph Tucker, for several months, has returned to her home in Boulder, Colo. She was accompanied home by Mrs. Tucker, who will visit her for several weeks.

Mrs. T. W. Andrews and Mrs. W. S. Johnson were the guests of Mrs. F. W. Cooper, of Riverside Sunday.

Rev. F. W. Cooper, and Mr. W. H Harrison were the dinner guests of Mr and Mrs. James Alexander Sunday.

Mrs. Raffell and baby son, of Santa Barbara, are visiting during the Orange Show at the residence of Mr. and Mrs. Arthur Sandford.

Mr. and Mrs. Muller, of Los Angeles, are visiting Mr. and Mrs. Taylor Swan.

Miss Florence L. Harrison spent Thursday evening in Redlands.

The New Hope Baptist Circle was entertained on Feb. 8th by Mrs James Alexander. Eleven ladies and six of the juveniles were present. Mrs. Richard Belsinger entertained the society on Feb. 5. Twelve membere and one visitor were present. After several hours of sewing dainty refreshments were served. The next meeting will be held Thursday afternoon, February 22, at the residence of Mrs. K. D. Brock, in Redlands.

The Sons of Allen of theh A. M. E. church gave an entertainment Tuesdayevening at theeir church, when thhe musicale club of Riverside gave the concert and play, "Rock of Ages." A large crowd filled the church and heard the splendid program. After the play refreshments were served at the residence of Mr. and Mrs. H. D. Ingraham.

Mr. and Mrs. Bee and Miss Hannah Miller, of Colton, attended the entertainment at the A. M. E. church last Tuesday.

FRESNO, CALIFORNIA

The Allen Endeavor League of Bethel A. M. E. church celebrated Allen' Day, Feb. 14, with an excellent program and valentine social. This being the first time Alen's Day has ever been celebrated here. Much credit is due the pastor, Miss Lottie Truitt, the President of the League, and her co-workers for making the affair such a success.

A large crowd from Bowles motored to Fresno to attend the evening's entertainment.

The following program was rendered, which was made up of talent from Bowles and Fresno.

MRS. NANCY ERVIN, W. M.

Los Angeles, Cal., Feb. 20, 1917.

Editor Eagle and All Your Readers: It seems as though the Progressive Educational Association was fast making history, not only for itself, but the Race at large, as so many inquiries have found their way to us personally and in other ways concerning the "back to the land" proposition, that we are forced to the conclusion that the people are getting their eyes opened to the vast possibilities that have been slumbering for lo, these many ages; and now the millenium is in sight, and the Colored man can see his own, realize the good time coming, when want and desolation will no longer stalk abroad, but opulence and plenty will reign in their places..

I am informed upon good authority that the leading people of the Race are availing themselves of the opportunities for getting in on the ground floor of this gigantic proposition, because there have been so many obstacles in the path of progress in the past, that now the door is opened, it will not be long until more land will be required to satisfy the demands and there will practically be no limit to the vast achievements which will not only be possible, but highly probable.

The most important question with which we are confronted seems to be the character of the soil of the lands secured, and by what means can a purchaser know the particular acreage that he selects.

The first question has been thoroughly explained in previous articles, so as to leave no room for doubt in the minds of reasonable men and women, but I will reiterate the statement made before that the soil is of the very best quality, and will produce anything that can be grown in soil of a similar climate and with similar conditions any where on earth.

As to the second question, we will say that the government will have at a very early date the lands resurveyed, and an allotment made whereby it will be made known just exactly where a particular body of land is located. As the writer is associated with the Torrens Title Registry Company, and in fact has made land law and registrations thereof a specialty for many years, he feels that he is in a position to speak understandingly concerning the questions at issue, and when I assure you that the land will be divided into townships, and then subdivided into sections, and quarter sections, and smaller divisions of the quarter sections, you will at once see that there will be no difficulty in ascertaining the exact location of whatever land is selected, and furthermore, those that make early selections will be further rewarded by getting adjacent and contiguous to the city of Gordonia, which will be the principal city of the colony, and destined, at no distant day, to be known throughout the civilized world for its advancement in all the arts and sciences, and for its industrial and scholastic attainments.

This fact alone should be an incentive for every man, the head of a family, to avail himself of the chance which offers itself but once in a life time.

Now if any of your readers desire further enlightenment all that is necessary is for them to make it known through the medium of The Eagle, and we will be only too glad to be the medium through which the public can be furnished with thei nformation.

Yours for larger growth and progress,

JAMES H. LONGDEN,
Legal Adviser, Progressive Educational Association.

REVERENCE OF JESUS FOR HIS FATHER'S HOUSE

Jan. 28th, Lesson, John 2:13-22

We are aware that many scholars believe that our Lord cleansed the Temple twice. All admit that one cleansing occurred at the las Passover which our Lord attended, a few days before His crucifixion, for this is well attested in Scripture. (Matt. 21:12; Mark 11:15; Luke 19:45.) Today's study is taken from John's Gospel, and because the incident is grouped with others which occurred in the beginning of our Lord's ministry.

Although it is claimed that under the law any Jew had the right to do as Jesus did in the matter of driving out the traders, yet very evidently no Jew had previously attempted it; with the small cords He may have driven out the animals, the owners of which would follow them. It will be noticed that He did not set the doves at liberty, but permitted their owners to take them away. The overturning of the table of money-changers would not only stop their usuries exchange business but keep them busy looking after their coin.

Time and again our Lord had visited the Temple and had witnessed these same scenes, but did not interfere with them. This we consider to be a proof that the occurrence took place but once, after our Lord had assumed the office of king, just before His crucifixion. Thus the statement, "The zeal of Thine house hath consumed Me," was fulfilled.

The Cleansing in the Antitype

Our thought is that the antitypical cleansing of the Lord's Temple has been in yrogress since the spring of the year 1878. Within the precincts of the normal Temple of today are many who long have made merchandise of their privileges, opportunities and knowledge. All intelligent people well know that religious matters are made merchandise or to a large extent. Among Roman Catholics everything possible is hedged about with penalties, prohibitions and limitations, so that the people are led to believe that they can present nothing acceptable to God unless they receive it through their priesthood.

As for Protestants there are many evidences of the same spirit among them but as they represent a more intelligent class, the exaction which the clergy put upon them are the more refined. Although the collection plate is passed with regularity, the strong appeals are frequently made for money, sometimes with the announcement that nothing inferior to a silver piece will be accepted. It is to the credit of the Protestants that they do not tax the living for prayers and masses for the dead, as do Roman Catholics. Nevertheless it is strongly impressed upon all that membership, either in the Catholic church or in some one of the numerous Protestant denominations is necessary to salvation, and that liebrality to the church of one's choice is also a necessity. Although rarely so stated, the implication is that eternal torment is the alternative for all delinquents.

"The Temple of His Body"

The Jews demanded of our Lord by what authority He set up so high a standard as He required of them in the cleansing of the Temple. He answered them, Destroy this Temple, and in three days I will raise it up." (Verse 19). Of course they could not understand that this reply was one of the Lord's dark sayings, which is even yet comprehended by only a few. (Matt. 13:10-17.) The Jews thought our Lord spoke slightly of the Temple of which they were so proud, and which they had been forty-six years in building. They were incensed at Him, and we recall that this statement was one of the charges brought against Him a few days later. Matt. 26:59-62, verse 21, indicates that the disciples got the thought that our Lord referred to His fleshly body as the Temple of God, and supposed that this prediction was fulfilled three days after His crucifixion. (Verse 22.) But we cannot so view the matter. To our understanding the Lord spoke of the church, the body of Christ, the Temple of His Body. Of this Temple the Apostle Peter subsequently wrote that we as living stones are built up a spiritual house; and St. Paul declared that we are building together for a habitation of God through the spirit. (1 Peter 2:5; Eph. 2:20-22.) To suppose that our Lord spoke of His fleshly body as the Temple, and to suppose that His fleshly body was raised on the third day, would be to suppose that our Lord did not fully provide the necessary for our redemption.

Moreover, such a view would contradict His own statement, "My esh I will give for the life of the world." (John 6:51.) He gave His flesh not only for three days, but forever; and by the Father's power He was raised from the grave the Lord of glory. (Acts 2:23, 24.) As St. Paul declares, "Now the Lord is that Spirit;" and again, Though we have known Christ after the flesh, now know we Him so no more." (2 Cor. 3:17; 5:16.) He was put to death in the flesh, but quickened in the the Spirit. (1 Pet. 3:18.) At the beginning of our Lord's ministry His flesh was consecrated to death; and this great sacrifice was symbolized in His baptism. There the New Creature was begotten of the Holy Spirit, a fact to which John the Baptist bore witness. This New Creature crew and developed during our Lord's three and a half years of ministry, and was born of the Spirit in the third day after His death, when He arose from the dead. So then our Lord's body of flesh, which was destroyed by the Jews at Calvary, was not restored on the third day. No restitution work was accomplished in Him, but a complete change, for, as the Apostle declares, "Flesh and blood cannot inherit the Kingdom of God." 1 Cor. 15:50.

But, on the other hand, we have the Scripture declaration that the Church is the body of Christ, of which the consecrated faithful are "members in particular," (1 Cor. 12:27; Eph. 1:22, 23.) We see that as human beings our Lord, the Head of the Church, and all the members of His body have been sacrificing their human nature throughout this Gospel Age; and that in due time this glorious church, the New Creation, will in the First Resurrection come forth a glorious Temple of God composed of living stones and filled with the glory of God.

This will be upon the third day also; for if we consider the past six thousand years as six days of a great week, and the Millenial Age as the seventh or Sabbath day of that week, we find that it was early in the fifth day that our Lord sacrificed; that many of His followers suffered likewise during that and the following sixth day; and that the seventh day, into which we have chronologically entered since 1872, is thus the third day, very early in the morning of which the entire Body of Christ, the King of glory, will be complete, prepared for the great work of the Millenial Age, the blessing of all the families of the earth.

A RACIAL DISGRACE

Unfair Treatment of the Public by Notoriety Seeking Quacks.

integrity and support of our bona fide newspapers and editors, besides injuring the good name and standing of the Black citizenry. Now comes his exit. Feeling that his conduct and reputation is most generally known, the public seems friendly, but not over anxious to fall in with him as of yore. His coffers are now full for one of his kind, election is over. He looks about, sees no one looking and vanishes. No, not from this earth (happily if he did) but to another field to ply his black art anew.

Let us continue to support our good churches, our good clean ministers, of which Los Angeles is well supplies, though there are some quacks within the city's gate. Our old and respected cititens know them. They must be cleaned out. Are we willing to do it? I believe we are. Can we do it? I am certain we can. Then let us not stop till we rid ourselves of the Black Spurgeons, the Black Billy Sundays and the other quacks—and God will bless us.

Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life

to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

You probably have neglected many a money-making opportunity but dont neglect this one, it means your fortune, and is right within your reach. Seize it now. Write or call in person from 4:30 p. m. to 8 p. m. C. E. Patterson, 1446 So. Brazilian Settler Urges Negroes to Come to South America

Bahia, Brazil, Feb. 11, 1917.
To the Los Angeles California Eagle, Los Angeles, Cal., U. S. A.

Dear Sirs: I beg this liberty with you just as I have with several others, hoping to persuade you into forgiving after you have heard my story. I beg to announce to you and your friends that having acquired the deeds of a block of land about 14 leguas north of this city, containing about 1,200 hectas of land, equal to about 3,000 acres, upon which after reading that story of lynching at Waco, Texas, I decided to establish a colony for Colored Americans, whereupon I beg both your approval and co-operation. And though I have often thought of this matter, I am now beginning to realize more and more the need for such a thing. Some of which I will try to explain to you to see if you do not agree with them. First the Colored people, after having been in those Southern states nearly 300 years, they are not given the rights of the courts of justice in which to establish their social standing before the courts by the laws which are supposed to regulate matters of this kind. And it appears that their rights will never be respected until they strike out for themselves independently. They must show those white people there that they actually can live elsewhere and without their help. Then the worst of it is that such matters humiliate the whole Colored Race in all parts of the world not speaking of all of you in said country alone. And if one should pause to think what this means no common thing would pacify said person again. Again, here is Brazil, the second largest country on the face of the glome, very sparingly populated, where the people are a complete mixture of Races, where no question of Color or Race is tolerated if not by foreign influence or the Roman Catholic friars. Here is one of the finest climates in the world, plenty of rich earth of the most virgin kind. Where planting and housing can be done every day in the year, where Colored people occupy such positions in the government service as they are able to fil, and that is about all of them. The people here do not work so hard as the Americans, since nature does not require it of them. This is undoubtedly the next great country to be developed, where riches lie upon the surface of the earth, fairly calling men to take it and make use of it, etc. And there is much more which I could easily say without exaggerating one bit, but suffice it to say that this is one of the great American countries which must be populated and developed. And if one remembers the Monroe doctrine it is right in line with these ideas. Then remembering that the only way for a people to expect all of their respect, is to have their people live independent of other people or in a colony until they have established their capability as an efficient people and acquired a thorough working knowledge of the country and its people. As it is never good for a people to throw themselves helplessly upon the mercy of another until everything has been done to retain their independence and social equilibrium. And here is just what inspires them to always work hard to obtain and then to maintain a dignified relation with their neighbors. And for the Colored people to come into a country where both the language and customs of the people are strange without them possessing much capital or officially representing their government for a time, puts them at the mercy of the natives in a way that even in the midst of great prosperity it would be hard for them to redeem themselves for a long time. Unless they were permitted to live in a colony to themselves where their acquaintances could be gradually made. Immigration from or emigration to a country to be successfully done, or carried out, should be systematically managed. Although the black man is to be found in about every civilized country in the world, he is seldom playing a leading role. And therefore, seldom enjoys the same respect of another people of similar condition. And every generation makes it worse and worse, until they actually leave their old haunts for a place where they are not known. And even going there without liberal training they can seldom take full advantage of their opportunities. Because they are wholly without training or experience. And every time they make a mistake it simply shows them up all the more. And before that they have learned how to act they have children whom they actually cower, before the child can form an independent view of its surrounding. And there it goes for another generation with everybody taking advantage of their condition. Now to destroy all of this at one stroke, I have decided that a colony in a country like this, where the people of the land are not accustomed to better living and not experienced in any higher civilization, even if they have more liberty than the emigrant. And again our emigrants will not be subject to the dictations of their new neighbors while they make a living in the country, during which time they are growing accustomed to dictate for themselves and to correctly assert their opinions in public affairs. And once they have become confidential in their own selves and people, it would be hard for another people of equal strength to disconcert them. And all the while they are learning how to shift entirely for themselves in every walk of life. The government will learn to respect them for their progressiveness and grant important conditions whereupon to help them teach the natives, such as they could never have hoped for at home.

Now, having made this point practically clear to you, it remains for me to tell you more about my immediate plans and the land which we have to do it on. Our land consists of about 2,000 acres of open land and 1,000 of woodland. All of it is pretty handy to the sea. There are about 80 individual land renters living about on this estate. But we would remove them if our colonizing plans are participated in. Yet this would not have to be done in great haste, as their houses and modes of living and working would not do for our colonists, nor do they render any profit from the property as it is now conducted. Hence we must buy modern machinery and tools generally for farming, lumbering and building, etc. Our new comers would be the people to do this work. And as our own money would be used they would be paid by the day, week or month, while they worked for us; or given the opportunity to buy from us and build for themselves or let us build for them. Most of our product would bring handsome prices right here, in this city. And if we found is wise we could export such things as would pay us to and import from you there such things as this market needed from you. We should do whatever paid best, while producing as much of the necessities of life as possible from the land.

One of the first things we need is a small boat to do our own freighting. We need stock, cattle and fowls to work, eat and breed on our estate, to sell.

We have a magnificent pasture in which to keep cows, for milk or meat. As both of these products bring quick sales and good profit here. We hope too to establish a fine brickyard there, a saw mill and probably some other manufacturing which we know to be of value here. And here is how we calculate on paying back the money we borrow with an interest, whether it is done as a colony or as an individual firm. We would like ever so much to establish the colony but we should not remain idle, waiting for colonists after having the money in hand. The business will go on just the same and we shall keep our promises to our creditors just as we have done so far. So that to borrow the money is our first object, to develop what we already own is the next. And the colonists can come when they learn that it is to their advantage to do so. However, it delights us to have them. Not that we have anything to give them nor do we expect anything from them for nothing; as some might take it. It is nearly forty (40) years now that I have been slaving in this way and cause. And not yet have I asked anything of others in their name or anything from them in the name of some good I was doing them. And even now we take this means rather to be able to build up the colony quickly. And no man will be permitted to dominate the rest. Colored people go from place with white people and when the heavy work is over they are sent about their business with nothing more than what they consumed or received while there. The strength of the Germans lies in this kind of co-operation in every country in the world. But with every people who goes into a strange country must do this or be ever at the mercy of others. And if all other people find it profitable to leave one place for another; why not those Colored people from those states where their lives and liberties do not counterbalance the whims of others. Our plans are simple. We are willing to accept the money in sums ranging from $100 up. And would rather have it from Colored people who wish to see us succeed with our plans. But their money would be loaned upon a basis of from 3 per cent to 10 per cent interest. Or they could buy interests in what we have and help us develop it. We must change everything there anyway, as it is now running on a backward system which does not pay well.

Hoping now that we have satisfied you that our boldness was not for an entire selfish nor idle purpose, and that we shall have your sympathy if not your co-operation. And that we may hear from you soon with whatever questions you choose to ask. I beg to say that I am

Respectfully yours,
I. S. MOORE,
Bahia, Brazil.

P. S.—I am of the opinion that the Colored or Black Race does not need to be given anything but their rights, and a faithful leadership from among them. We are not an idle or cowardly people, nor are we common parasites and loafers any more than any other Race. But we have been the constant prey of unscrupulous people who were well organized for the purpose. And so soon as we are well organized for self defense, then will be begin to shake them off. And all of our rights with some others will be forthcoming. I am not fighting anything more the absolute social, civil and political equality to all who deserve it. And this is the foundation of all civil laws and good government.

Those white Southerners may learn some day to respect a Mexican, or even a West Indian, but a Negro, never! unless there shall come a great struggle between them and the Negroes become the victors. And the disrespect they hold for those at home will attempt to show itself abroad.

I. S. MOORE.

SEEKS TO BE SCHOOL TRUSTEE

Terre Haute, Ind., Feb. 16.—For the first time in the history of this city a member of the Race is a candidate for school trustee. Dr. Dennis A. Bertha has announced his intention of entering the race on a nonpartisan ticket. Dr. Bertha is a graduate of Princess Anne Academy College and stood first in his class at Jenner College, Chicago, Ill. He is a post graduate of Harvard University and won the Philomathean assay prize while at Harvard. Besides being well known in the medical profession, he is director of the Anti-Tuberculosis Society and president of the Epworth eLague. He is a member of the Vigo Medical Society and has the promised support of a large number of physicians in this city.

NEGRO UNDERTAKERS AND BUSINESS MEN OF NO. CAROLINA TO OPERATE $50,000 CASKET FACTORY.

The Colored undertakers and business men of North Carolina have incorporated a $50,000 casket factory to be located at Fayetteville, N. C., which will employ about 75 or 100 Colored people. It has behind it the co-operation of the Colored Undertakers' Associations through the United States. It is the only institution of its kind among our people and it is hoped that it will stimulate the Negroes to undertake other new institutions of employment for our people, doing away with much idleness which is a curse to the Race.

The men behind the organization are reputable business men of great experience. Much of this stock has been sold among the undertakers at the par value of $25 per share and there is $10,000 worth of the stock the concern is offering the public at $25 on the terms of 20 per cent cash and the balance at $2 per month. It is one of the best investments that could be made because of the fact nature has created a demand for caskets and funeral supplies which will continue so long as time goes on.

Circular matter pertaining to the stock on sale will be sent to the address of any desiring the same. The day has arrived when the Negroes must learn to become producers as well as consumers, and there is no better time nor any better way than through the effort being put forth by the Fayetteville Coffin and Casket Company. For circular matter, address the Fayetteville Coffin and Casket Company, Fayetteville, N. C.

REV. A. O. D. STEELE DEAD

Sometime Tuesday night after 11 o'clock at his home, 938 Washington street, Long Beach, Calif., Dr. Steele, pastor of the A. M. E. church, died. Dr. Craw of First A. M. E. church, this city, was informed of his death early Wednesday and in company with Revs. Johnson and Price journeyed to Long Beach Wednesday afternoon. Rev. Frank Myers, local preacher in Dr. Steel's church, who lives at 1142 California ave., Long Beach, and other faithful members of this church then imparted the information of Dr. Steele's death as well as they could. Dr. Steele suffered from heart trouble and Tuesday afternoon had an attack of indigestion that took him to his bed for a few hours. He got up later feeling quite well and was up as late as 11 o'clock at night visiting in the home of Mrs. L. C. Davidson, a faithful member and the owner of the parsonage. He left and went home apparently in good condition. Next morning Mr. Myers and Cartwright called by to see him and finding no signs of life they went in and found him dead. The body was taken to the E. H. Cleveland Undertaking Co. and is there now awaiting instructions from his mother at Kirkwood, Mo., who was informed of his death by Dr. Craw. No funeral arrangements will be made until Dr. Craw gets a hearing from Dr. Steele's mother. Dr. Steele formerly pastored the First A. M. E. churches at Pasadena and Oakland, Cal.

THE LAW MAKERS GETTING DOWN TO BUSINESS

(By the Staff)

Promptly at 12 o'clock Speaker Young of the Assembly on last Monday with a resounding whack of the gavel called the second semester of the 1917 session of the State Assembly of California to order, and while there were a few absentees the major portion of the Assembly was present and in readiness for the sixty days of legislative milling.

Mouser Draws Again

In the announcement of committees Assemblyman Mouser was named as the chairman of the committee on introduction of bills.

Patriotic Resolution

Assemblyman Hawson of Fresno County introduced a resolution upholding the President in the pending crisis, which motion was ably seconded by Assemblyman C. W. Watson of Los Angeles and the same was passed by a unanimous vote.

The first session was purely a formal one and set the scenery for the subsequent session of Tuesday.

Tuesday's Session

Among the first resolutions of this day's session was one which brought joy to the hearts of the attaches when they were placed back on the pay roll.

At this session a resolution was introduced eulogizing the life and character of the late Major General Frederick Funston and Assemblyman Wishard spoke most eloquently on the same, he being a resident of the same state that General Funston hailed from (Kansas). He was well acquainted with the facts of his career.

Wednesday's Session

The bill which provoked the most discussion of any measure so far considered was the tidelands bill, championed by Assemblyman Smith, floor leader of the majority. A great deal of discussion was brought out. Assemblyman Ambrose of Los Angeles spoke at length on the same and made a favorable impression.

Legislative Notes

Assemblyman C. W. Watson, although a member of the minority, commands the respect of the entire Assembly. There is nothing small about Mr. Watson and he is a true representative in every sense of the word.

Assemblyman C. W. Lyons of Venice is a coming statesman and has no trouble whatever in making himself understood on the floor of the Assembly. He has the voice, the personality, and in fact, all the requisites for a successful law maker.

Edward J. Sullivan of the public employment bureau at Los Angeles has been a visitor at the capitol for a few days.

Mr. Sullivan has recently become a resident of the 39th Senatorial District and expects when Senator Henry H. Lyons is elected to the City Council, to be a candidate for senator from that district.

Assemblyman J. J. Ryan, who is also the speaker pro tem of the assembly, is one of the strong forces of the assembly. He is popular with all the members and a man of the people.

W. J. Leflar, sergeant at arms, is one of the most popular officials which has ever filled this very important position. He plays no favorites, and his entire force appreciate and respect him for the same.

Arthur A. Ohnimus, who is the chief clerk for the sergeant at arms, is one of the most painstaking and obliging officials of the assembly. He is necessarily popular as all of the members as well as attaches, depend on Mr. Ohnimus to keep their accounts straight and to receive their warrants. He conducts the business of this department in a straightforward business manner.

Henry H. Yonkin of Los Angeles is one of the Los Angeles members who is making friends and is always looking forward to support measures in the real interests of the people.

Senator Henry H. Lyons is a busy busy man as chairman of the very important committee on capital and labor. He has a man's work and then to look after his political fences in Los Angeles, where he is a candidate for the council, makes his task a double one, but he gets there just the same.

ADDRESS DELIVERED BY PROF. H. D. GREER

At All-American League Second Annual Conclave.

The Indispensable Factors in the Building of a Nation

A nation climbs through centuries to empire. Through much labor and ingenuity the empire is built up, but by some small blunder it falls. So has it ever been and so shall it ever be. The giant exertions put forth in the climb upwards of a people are speedily undone by some childish effort which is quite sufficient for the downward journey.

History affords magnificent examples of the rise and falls of the empires of Europe. We have noted the passing of the world's scepter from Rome down to Germany.

All Races, like all individuals, were not always great. Once upon a time the ancestors of the most powerful Races of mankind that govern the nations of this earth were lower in the scale of civilization than we.

Even Africa is a dark continent to all but its inhabitants. The ruins that lie upon its surface speak of an enlightened past, a time of good order and good government even while Europe lay steeped in ignorance.

The first indispensable factor in the building of a nation is the home. The home is the rallying place of affection. It is around the paternal hearth that children begin to observe. It is from this fireside that they must go into the world to battle for a place for themselves and those who love them. The future of the child should be the chief concern of parents. All the affections of a kind loving father and mother, lavished upon a son or a daughter, all the self-denial, repression and deprivations will in their final and best results return to the home from which they emanate. If you have done your duty as parents in the home, you will feel no fear in throwing your children broadside into the arena of life, for they will play their part well, and fulfill their mission agreeably to you, to themselves, to God. The Hebrew child was given to God through circumcision in infancy. He was taught the most useful lessons of life. It was required that they learn a trade. Even the lowly Nazarene was the son of a carpenter.

Even so, this nation must provide for the education of its youth, nor does the charge end there, it must provide suitable and adequate facilities for the manuel, industrial and philosophic education of its boys and girls.

Upon the civilization of the minds of our women depends the wisdom of our men. Mothers see to the conduct, the education and character of your daughters. And you fathers, see to the training in selection of a trade or a profession for your boys. The mothers and fathers of Israel were good men and women and that partly accounts for the Hebrews producing such great men as Moses, Joshua, Sampson, Samuel, etc.

A nation must build local and national schools for its boys and girls. The national school is the ship of state whereon the student is taught national pride, honor, prestige and valor. This ship of state must be built of finest timber, selected from the fields of virgin pine, her hull and keel must be made of the hardest steel plate, while her riggings must be of lasting stuff if the old ship must face the storms and blasts of the wintry winds and tempestuous seas.

Editor J. B. Bass left the city Sunday for Sacramento, where he will resume the duty of Assistant Sergeant at Arms at the Assembly.

What the Churches are Doing

JESUS FEEDS THE FIVE THOUSAND

March 4.—John 6:1-14.
Text—"Give us this day our daily bread."—Matthew 6:11.

Mark 6:33. Tell us that when the multitude which had been listening to the teachings of Jesus, seeing His miracles, etc., learned that He had gone to the other side of the Sea of Galilee, many of them went afoot in the same general direction in which he had gone, seeking Him. At this particular season many had made arrangements to go up to Jerusalem to the feast, and therefore were on a holiday journey.

Excited by Herod's conduct, bewildered and wondering as to the Messiah, turned aside from their journey to hear more from the lips of the great Prophet, Jesus of Nazareth, and to see for themselves whether He possessed the qualifications for the Messiahship, for the deliverance of their nation, for the establishment of the Kingdom of God. Our Lord who had already planned the miracle, led the minds of His disciples up to the point by inquiring, "Whence shall we buy bread that these may eat?" This question was addressed to Philip, one of the Apostles. Our Lord's reason for addressing Philip seems to have been that he was of rather a business turn of mind, and although this is an excellent disposition to have among the Lord's followers, nevertheless it is inclined to think of earthly means rather than to exercise faith in the Lord. Probably the Master wished to awaken Philip's thought and especially to bring him profitable instructions and faith through this miracle.

Philip's answer, that it would require two hundred pennyworth of bread (about $32.00) to supply the multitude even a light luncheon, shows his business traits. While all the various casts of mind are to be found among the Lord's people, the business head is amongst the most useful if kept under proper restrait of love and faith-love, that it may not permit business instincts to take sole charge of spiritual affairs, and faith that it may be able to realize that although business methods are excellent in all the affairs of life, yet they must not be permitted to ignore faith in the Lord and in the power of His might, and in the loving interest which He takes in all the affair of His church, the new creation.

The Use of Means Illustrated

Andrew, whose mind seemed to have been less practical than that of Philip, suggested that one of the company had five little barley cakes and two small fishes. Hardly had he made the remark when he felt ashamed of it and added, "But what are they among so many?" Our Lord, however, had use not only for the broader mind of Philip, but also for the more simple and less logical mind of Andrew. Consequently He used the latter's suggestion by calling for the small supply. The lesson here is that miracles are to be expected only after we have done all in our power and with the means at hand. The old sailor said if he was certain that the Lord had commanded him to jump through a stone wall, he would jump at the wall and leave to the Lord all that was beyond his power. So it is with all the affairs of life. We are to make sure that we are in the Lord's way, that we are following His directions; and then we are to leave all the results to Him, assured of His ability to work any miracle. Nevertheless, the greatest miracle with which any of us have to do are of a quiet and unostentatious kind. In nature we see these miracles in the growing grain, which under Divine providence supplies our needs in response to our labor. The increase of the five barley loaves and the two little fishes was, we may be sure, not more of a miracle than that which is continually going on in nature. It is merely of a different kind, to which we are not accustomed. Nevertheless as our Lord used the barley cakes and the fishes as the nucleus for this miracle, so in nature He uses the seed wheat as the basis for the miracle of the crop which is gathered in the time of harvest.

In other words, He always uses means to an end, and the fact that we may see and understand the means does not make the miracle either greater or less. A proper view connects the Lord with all the affairs of this life as well as with that to come. Then the disciples distributed to them the five little cakes and the two fishes in pieces, which apparently grew as they were broken, much after the manner of the widow's cruse of oil. (Kings 17:10-16.) As the oil flowed incessantly until all the pots had been filled, so under the Lord's blessings the little supply of food increased until all the multitude were filled, satisfied, wanted no more. Here was a miracle which astounded not only the disciples, but also the thousands that partook of the food. It was what John called a sign, an evidence of our Lord's supernatural power and authority—a proof that He was indeed the sent of God, the Messiah. This was the object of the miracle, not the feeding of the five thousand. At that same time there were doubtless in various parts of the world hungry ones whom the Lord could have fed without any trouble to Himself; but He came not to feed the world. He come not to stop the pain, sorrow and dying, but to redeem the world and to give evidence which would enable all Israelites, indeed, in whom there was no guile, to accept Him by faith as the Messiah-evidence which coming down to us of the Gospel Age, has been the foundation of our faith.

Wealth and Economy Blended

Although our Lord was rich before He came into the world, and although He realized that through the power of God in Him He could still have all that was necessary for His well being and could provide for His followers, as shown in the miracle before us and also on other occasions, nevertheless, with all this wealth at His command, our Lord was a great economist. From His standpoint nothing should be wasted. It was in harmony with this principal of His character that, after the multitude had been thoroughly fed, He instructed the disciples to gather up the fragments that nothing be wasted. Thereupon they took up twelve haversacks full. Each one of them gathered the full of hig bag, or satchel, or haversack, called in our lesson a basket. There are two lessons for us; one of generosity, and one of economy. To some this lesson may come more easily than to others, but it is a usual experience in life that wilful waste brings woeful want. This does not teach us that we should be miserly, however; for the Scripture declares, "There is that scattereth, yet increaseth; and there is that withholdeth more than is meet, but it tendeth to poverty." (Proverbs 11:24.) Those who had scattered to others had in the end their haversacks full and had gained a supply for themselves.

We can apply this lesson to spiritual things.

Y. M. C. A. NOTES

The Men's Meeting Sunday at the Second Baptist church was a monster meeting in truth. Every seat in the auditorium of the church was taken by men only. Dr. Powell sustained his reputation as an orator and a "fisher of men," for every man in the great audience seemed to catch the inspiration of the hour. Men left the meeting more determined to live better and purer lives in the future. One such meeting is planned by the management for each month the balance of the year. The secretary and committee feel under lasting obligations to Dr. Powell for this great service.

The Y. M. C. A. will join in the meeting to be held at Mt. Zion Baptist church Sunday afternoon, instead of holding a meeting at the Association. Dr. Powell will be the principal speaker at this meeting.

MT. ZION BAPTIST CHURCH

Excellent services were held all day last Sunday in spite of the inclement weather.

Pastor Davis preached from the seventh division of the Lord's Prayer. Subject, "Lead us not into Temptation."

On next Sunday he will speak from the subject, "Deliver Us From Evil."

The whole city should hear this series of sermons.

The Sunday school and choir are busy getting out their Easter music.

Dr. A. Clayton Powell, pastor Abyssinia B. Church, New York City, will deliver his farewell lecture here at 3 p.m, subject, "Little Foxes."

The public is invited to hear this great man of God.

He is indeed wonderful.

We fell sad to note the very serious illness of Mrs. C. B. Fletcher's daughter and the indisposition of Mrs. T. R. Roberson and Mrs. J. R. Richardson.

The pastor's getting around and getting acquainted with people all over the city has a telling effect on the congregation each Sabbath.

Class No. 2, instructed by Mrs. F. B. Murray, having raised the highest amount of money in the last quarter of 1916, was entertained at the expense of the Superintendent, Mr. W. W. Walker, on last Saturday evening.

The B. Y. P. U. under the able leadership of Prof. C. A. Biggers, is "on to victory."

Prof. Biggers thoroughly understands how to do things and he is sparing no pains in making ours the best union on the coast.

The church at large is looking forward to a great revival meeting.

The whole city is being organized into six fighting forces.

We ask the prayers and co-operation of the entire Christian family.

The meeting will begin on the third Sunday inst.

The name of the minister will be announced later.

Our watchword is "Los Angeles for Christ."

LINCOLN MEMORIAL CONGREGATIONAL CHURCH

34th street and Central avenue.
E. E. Lightner, pastor.

Beginning with the Sunday School at 10:00 a. m., all the services at this church were well attended and helpful to all who worshipped with us on last Sunday. "An Unwise Choice" was the subject of the pastor's message at the morning service. A unique and inspiring missionary program, consisting of music and short addresses, was given at the evening service, under the efficient leadership of Mrs. Charles Alexander. The presence and words of Prof. and Mrs. Dart, formerly of Talladega College, Alabama, but more recently of Mt. Silinda, Africa, gave an added interest to the meeting, as they told of their work and experiences in Africa.

Next Sunday, March 4th, there will be the regular monthly Communion service in the morning. In the evening Dr. Geo. W. Hinman, secretary of the American Missionary Association for the Pacific district will be present and address us. He will also exhibit some large attractive charts illustrating the work of the A. M. A. in its various fields. These charts were on exhibition at the Panama Pacific Exposition and received a silver medal in the Department of Education and Social Service. Every one should grasp this opportunity to seeing these charts and of hearing this great man of God.

A cordial welcome to all. Christian Endeavor, 6:30 p. m. Topic, "Service." Jas. 1:19-27. Mrs. A. E. Shankle, leader.

WARD CHAPEL A. M. E. CHURCH
1354 Channing St.

Rev. J. W. Price, Pastor

Last Sunday's services were a success in every way. The attendance was good all day, and as a whole, all was well, the members and friends were elated over the return of Sister S. E. Mann to her post again after the indisposition of herself, and the long illness of her late son.

We are getting ready for our next great Sunday school review to be held here on the afternoon of the fourth Sunday in March, the close of the quarter, to be conducted under the auspices of Mrs. J. C. Slaughter, the very enthusiastic Sunday school worker, aided by some of the most able workers of the city.

Services Sunday, March 4th:

Sunday school at 9:30 a.m., Mrs. B. F. Bryant, president.

Preaching at the morning hour, 11 a.m. and 7:30 p. m. The Lord's Supper will be administered at both services; all members and friends are invited to worship and commune with us. A hearty welcome for all.

We are very grateful to the street car company for the car service each Sunday night for the convenience of those who wish to attend services in this part of the city. They make a special trip to get the church people after service Sunday nights. We hope the people will avail themselves and make this an object to the company so they may keep the car on.

Then I Could Rest.

If I could take me to my bed
And Garner every word I've said,
Remember every word I've read,
And find no dream within me dead;

If through each hour each word word had been
Unselfish, clean, and free from sin;
If I had listened to the din,
And found some secret way to win;

To win myself and other men,
Back to the ancient truths again;
If I could note with golden pen,
One perfect day's more perfect end;

Whose sun had set on men at peace,
Where each was wont to take his ease,
Beneath his wine and fruiting trees,
Whc hildren played about knees;

If I could feel that all the best,
Of thoughts or deeds within the breast,
Had been performed with fervent zest
Of Brotherhood; then I could rest.

SOJOURNER TRUTH HOME

Sojourner Truth Doings

Our Employment Department is still calling for all classers of workers.

MRS. M. E. SCOTT, Pres. MISS LOUISE WILLIAMS, Sec.

The capacity of the Sojourner Home was taxed last Monday, to listen to the narrative of the Life of Sojourner Truth, which was so pathetically yet beautifully told by Mrs. J. H. Wilson. Everyone who heard the stories of this noble mother, must have asked themselves if they were measuring up to the opportunities and requirements for helping others.

Mrs. Ethel Miller Thomas sang with much pathos the beautiful song, "Oh Eyes That Are Weary," that brought heart-throbs, and tears to the eyes of the audience. A Piano Solo by Miss Fannie Wilson, a pupil of Prof. Wilkins' School of Music, was heartily applauded and appreciated, and the predictions are that she is one of the coming pianist of the race.

The Club was honored with the presence of several distinguished visitors:- Mrs. Blaine Brown and Miss Newton, of the Y. W. C. A.; Dr. Powell, of N. Y. City; Dr. Prowd; Atty. Hudson; and Mr. Henry, of the North; all of whom spoke words of encouragement to the women.

The president called attention to the silver chain and its significance, several silver and one gold link was added to the chain.

As an incentive to the members, and a reward for earnest work, Mrs. Reed Williams, our Modiste, will make a dress or gown for the member raising the highest amount over $50. Mrs. M. E. Elbert will make a one piece dress, and Mrs. Nettie Taylor a fancy waist. The members are working earnestly, and hoping that their friends will lend a hand.

Monday March 5th, will be Business Meeting. All members are asked to be present, at 3 o'clock.

CLAUSON DOWNS VIOLET BASEBALLERS

By Hilbert L. Rozier.

MANUAL ARTS

In the track meet between Manual and U. S. C. Frosh last Friday, two dusky "sons of Ham" attracted the attention of the enthusiastic fans.

The elongated Emmit Wyndom took third place in the half mile, much to the chagrin of the "pea-greens."

Howard Patrick defended the honors in the weight events, to the best of his ability and although he did not place, he has no alibi. We're for you, Pat.

We hear that the honorable Dewy Johnson would do better to get down to hard training instead of talking so much. We could easily look over his failure to place in the broad jump had he not puffed us up with expectation with his confident boasting.

L. A. HIGH

Pillow, Lewis and Dickinson had their chance last Wednesday, but as this was the first appearance of the Blue and White Sons of Mercury, there was nothing spectacular in the results, but we all know "Bill" and his friends and we wish them the compliments of the track season.

JEFFERSON HIGH

Despite the fact that this is a young school they are filled with "pep" and are enthusiastic over athletics.

We have the assurance that at least three of our boys are making high bids for positions on the baseball team.

"Chuck" Black looks good for a Julius Baker berth, Peterson has third base about cinched and Rozier aspires to be a shortstop.

Eulogy To My Father.

A Pilgrim and a Stranger, Papa,
You journeyed here below;
Far distant is your Country,
The home to which you go;
Here you must toil and travel,
Oft weary and opprest,
But there your God shall lead you
To everlasting rest.

You met with storm and danger,
Even from your early years,
With enemies and coflicts,
With fighting and with fears,
There's nothing here that temps you
To wish a longer stay,
So you must hasten forward,
No halting or delay.

tt is a well worn pathway—
Many have gone before:
The Holy saints and prophets,
The patriarchs of yore,
They trod the toilsome journey,
In patience and in faith;
And them you fain would follow,
Like them in life and death.

Farewell Papa, you are going forward,
You want the end to come;
This land of your sojourning
Is not your destined home,
The foes must be encountered,
The dangers must be past,
Only a faithful soldier
Receives the crown at last.

Farewell Papa, there you shall dwell forever,
No more a stranger guest, with all
Thy blood-bought children in everlasting rest.
The pilgrims toils forgotten,
The pilgrims conflicts over,
All earthly grief behind you,
Eternal joys before.

TOOK REVENGE FOR DEATH OF HIS WIFE

Mob Hung Her to Tree, but He Killed Six and Made His Getaway

Atlanta, Ga., Feb. 2—Two little boys (one white) got to fighting in a town a few miles from here and the result was that the mother of the Race boy slapped the white one. Twelve men formed a mob and took her to the outskirts of the city and lynched her. They hung her body to a tree and then went to where her husband was working and asked him to come and help them cut down a cow which was too heavy for them. He went and was dumbfounded when he saw that it was his wife. He humbly begged of them to allow him to go home and get a sheet to wrap it around her. They consented. While in the house he put his Winchester under the sheet and came back. They waited to watch him, but he had beat them to it. Approaching them, he opened fire, killing six. Before they could get to him he made his escape. The Associated Press never said anything about the matter.

TIRED OF SOUTHERN JUSTICE

Chicago Defender News Service.

Birmingham, Ala., Feb. 2.—W. H. Alexander (white), 2204 Fifth avenue, has written a letter to the Birmingham News about the red-haired white men not being protected, and that the police be given more power to arrest members of the Race. He did not say one word about the white men that have ruined and ravished women of the Race and nothing done about it. He did not say one word about white men who were guilty and not even taken to court. Such injustice is the cause of the sweeping drive of our people north; many becoming tired of the white man's justice. The article in the daily paper was answered by Rev. T. J. Moppins, pastor of the Metropolitan A. M. E. Zion church.

PASTOR PREFERS GOOD NEGRO TO BAD WHITE MAN FOR DAUGHTER

Startling Statement by Pastor of Euclid Ave. Baptist Church—Fashionable West End Congregation Shocked

St. Louis, Mo., Feb. 16.—Those who attended a meeting of the patrons of the Euclid Avenue Baptist Church Tuesday night of last week were fairly taken off their feet when the pastor, Rev. George L. Hale (white), in prescribing "dont's" for the marrying girl, declared: "I would rather either of my daughters kept company with the blackest Negro in St. Louis, if he had a pure character, than the whitest white who was a scorner of religion and immoral." Rev. Hale reiterated his statement, but refused to make further comment on it.

His list of don'ts for girls contemplating marrying emphasized the following:

Don't marry a house and lot.

Don't marry a clothes horse or a loafer.

Don't marry a man for money, but marry a man with money.

Don't marry an immoral man. By that I mean youths who stand upon the street corners and make remarks about passing women.

Don't marry a man who belittles your ability to help him or has no regard for your mental powers and your heart.

Don't marry a man who has no regard for religion.

Don't marry a perfect man, or the man who believes himself perfect. His microscopic eye will enlarge your faults.

Then he continued: "A girl should hang out a sign over her door which should be inscribed: 'Wanted—a man who is gentle, just, upright, true to his trust, sober, earnest, merry and gay; none others need apply.'"

CRADLE EMPTY OR FULL

Is the subject of an address that will be delivered by Dr. Eugene C. Nelson at Wesley Chapel, Sunday afternoon, March 11, at three o'clock. All women are urged to be present and join in the after discussion.

OLD FOLKS' HOME OPENS ON FOURTH SUNDAY

Money and Furniture Needed

The Old Folks' Home will be opened and dedicated on the fourth Sunday, March 25th, with auspicious ceremonies at the new building on Linwood Road, near Abila station in Watts.

Non-Sectarian

The home is built for old people, and for that reason will be strictly non-sectarian. Qualified persons will be welcomed as inmates, without regard to whether they belong to any church or society. Admittance fee will be one hundred dollars ($100.00) payable in advance. Arrangements are being perfected so that different societies, lodges, association, churches and other organizations may maintain inmates on as elaborate plans as may be desired.

Money and Furniture Needed

$2,000 is urgently needed to complete the building fund, and to provide a furnace and furniture. Donations of money should be made payable to the Building Fund of Western Baptist Association, and sent in care of Afue McDowell, secretary of directors, 256-8 Wilcox Building, Main 1935, Los Angeles.

Donations of furniture and bedding are needed. As a uniform style of furniture has been decided upon, it is requested that before purchasing furniture, donors will confer with any of the directors, or with any of the following named committeemen: S. P. Johnson, Mrs. J. Davis, 176 South Utah street, Boyle 2660, Los Angeles; Rev. F. W. Cooper, East 11th street, Riverside; Rev. J. M. Riddle, 160 So. Vernon; Mrs. S. B. Strickland, 849 Worcester Avenue; Mrs. W. E. Ford, 912 South Pasadena avenue, all in Pasadena.

The programs, and especially the splendid exhibition of the All-American League at Exposition Park last Thursday and Sunday afternoons, were heartily approved by crowds of both races that attended. Sunday afternoon musical numbers were announced by Mrs. Hulburt and in addition to the repetition of the President's annual address, there were addresses by Rev. E. W. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

Gov. Hiram W. Johnson

Makes Touching Farewell Address As He Vacates Office of Governor of State

HIRAM W. JOHNSON

AT THE STATE CAPITAL
(By Our Staff Writer)

The crowning feature of this week's session was the ceremonies incident to the resignation of Governor Hiram W. Johnson and the inauguration of Governor Wm. D. Stephens, which took place at high noon on Thursday. Long before the hour set for the exercises to begin the assembly was filled to its utmost capacity, all eager to hear the parting words of the governor and to see and hear the new one.

After the Senate had been ushered into the Assembly chamber, the roll of both houses was called, a quorum of each house announced, when Speaker Young turned over the gavel to Senator Breed, the president of the Senate, who in turn presented Gov. Johnson.

At the conclusion of Gov. Johnson's remarks, President Breed made an eloquent address commending the great work of the ex-governor and bidding him God speed in the wider field in the U. S. Senate and predicted that he would yet attain the presidency. As he made this prediction the vast audience gave vent to their approbation by applauding for several minutes.

The president then summoned the sergeant at arms of the senate and the house and commanded them to carry the resolutions adopted by the joint body and the resignation of the governor to the office of the secretary of state and there to file them.

At this time President of the Senate, Senator Breed, introduced Governor Stephens who took the oath of office as governor of the great state of California. In a brief address he pledged himself anew to California and to perpetuate the principles of his distinguished predecessor, he received an ovation from the vast assembly.

THEY GET UNDER COVER

The Gelder Bill was passed with amazing alacrity on Wednesday my by the Assembly. This bill makes it a misdemeanor to solicit an advertisement, sell a ticket or to approach a candidate for any office with any proposition that means that he must spend money. Only fifteen voted against the measure. Among the Los Angeles delegation that voted against it were Messrs. Harry Lyons, Phillips, Merriam, Farmer, Bartlett and Wright. This bill will make hard pickings for some of the easy livers who wait from campaign to campaign for work and on this basis eke out a miserable existence.

Our New Governor

On last Thursday at high noon Gov. Hiram W. Johnson relinquished the reins as chief executive of the great state of California and turned over to Lieut., now Governor W. D. Stephens that exalted position, the great record made by Gov. Johnson is one of marvelous progress and we verily believe that Gov. Stephens is the one man who will be equal to the occasion, a man who will not only carry out the forward policies of Gov. Johnson, but who will even do the things that will in a measure bring to the state a uniting of forces to the end that even greater results may be achieved, and with Senator Johnson in a wider field in the United States Senate, may give of his ripe experience to the end that California shall for years to come stay in the front rank in the mighty march of progress in promulgating the principles that mean the most good for all of the people.

War as well as politics can now be said to make strange bedfellows.

NEGRESS MURDERED

Body Mutilated Beyond Recognition.

About three months ago, Mrs. Mary Parker and husband left Los Angeles to seek their fortune in Yuma, Ariz.

After being there a while, the husband, Mr. Parker, succeeded in securing some work in a small neighboring town, about ten miles from Yuma.

At this time it was not convenient to have Mrs. Parker with him at his place of work, so she remained in Yuma, and boarded and lodged with a Mexican family there.

For some reason or other, as yet unknown, Mrs. Parker decided that she wanted to return to Los Angeles, so she packed her grip last Wednseday a week ago, March 7th, and was quite ready apparently to leave. Before doing this, however, she called the Mexican woman to her and offered to pay her up for her board and lodging while there, but as the woman had no change, her husband (the Mexican) told her (Mrs. Parker) to try and get the money changed at the nearest grocery store, which was a mile away. The shades of night had already begun to steal across the town, for it was now after six o'clock, but the poor unfortunate woman did not stop to consider this, but agreed readily, and was off on the mission which fate had decreed should be hers. She never returned to the home of the Mexican with the change. No one as yet knows if she ever got to the grocery, but everyone did know that she was missing.

Saturday morning's sun rose high in the clouds that day with a purpose, for later during the day it disclosed the body of the missing woman within a thick brush. There she lay, a most horrible sight for any one to behold, much less for any one to have committed the deed. Her tongue was completely out of the mouth almost, showing signs of choking; her eyes, there were none, only the places for them were there; her skull was a pulp; her hands tied together behind her, and nowhere could a trace of any of her clothes be found.

The husband had been assisting in the hunt for the missing woman, and immediately upon discovering the body, he brought it to Los Angeles, where the funeral took place on Friday, March 16th, at Smith & Williams undertaking parlors.

Further investigations are to be made by the family and relatives of the woman, along with the authorities.

DUTY OF NEGRO SOLDIERS QUESTIONED BY SOUTHERN WHITES

While interviewing Sgt. Thomas Jordan a few days ago, The Eagle man was told that some days ago while conducting 21 white prisoners taken from Fort Huachuca, Arizona, to Fort Leavenworth, by a detachment of the 10th Cavalry with Supply Sgt. Thomas Jordan in charge, and Sgt. Paterson of Troop "K" of the 10th Cavalry, who was captured at Carrizal, Mexico, with him. "The trip," said Sgt. Jordan, "was pleasant while in Mexico, but when the troopers with their prisoners reached Texas at the Southern Pacific station where Southern whites were lined up, they questioned why Colored soldiers should be detailed to transfer white prisoners, causing considerable confusion, but Sgt. Jordan knew his business and soon quelled the confusion.

The Los Angeles Branch of the N. A. A. C. P. will give a grand musical contest and concert Friday evening, April 13, at Blanchard hall. Some of Los Angeles best talent will participate on the program, which will contain many novelties.

Remember the date, Friday, April 13, and the place, Blanchard Hall. Good music in attendance. Admission, 35c.

CAPITOL CITY

Scene of Many Activities This Week

Mr. and Mrs. J. Brindson journeyed to Oakland on last Sunday to be present at the birthday of their married daughter in Oakland.

Mr. H. Shannon and Ernest Burr of San Francisco were visitors in our city on last Monday.

Mrs. E. Wilson, 1015 Fifth St., has been on the sick list.

Hon. Oscar Hudson, leading attorney of San Francisco, was a business visitor Wednesday.

St. Andrews A. M. E. church had a banner crowd to its evening service on last Sunday. Rev. Harvey preached a memorable sermon and truly the old church is moving on.

Mr. Stephen Thompson, his parents, Mr. and Mrs. Scott of 406 22nd St., entertained on last Thursday evening in honor of Editor J. B. Bass and C. W. Wilson, who are attaches at the state capital during the legislature, a delightful evening was spent, the whist kings from Los Angeles met their Waterloo at the hands of R. Pankey and E. Johnson. Those present were Mr. and Mrs. Flood, Mr. and Mrs. E. Johnson, Messrs. Frank Kinney, Geo. Morton. Refreshments were served and Stephen Thompson and his parents certainly proved themselves capable of making the tsrangers feel at home to the utmost.

The Young Men's Assembly Club are very busy making ready for their grand Easter ball.

The Sacramento Whist Club held their regular meeting last week at the residence of Mr. Peck.

Dr. R. J. Fletcher and Powell were given a whist lesson on last Wednesday by the kings from Los Angeles.

The old war horse and his very estimable wife, Jacob Soreas, entertained at dinner Wednesday evening, Editor J. B. Bass and C. W. Wilson. It was an enjoyable evening to both the visitors and hosts. Mrs. Soreas is an epicurist of no mean ability and her distinguished husband excels as an entertainer. It was one of those good old at home affairs which will live long in the memory of all present.

At the informal reception given in the executive office after the exercises in the Assembly, Rev. Harvey, pastor of the A. M. E. church said to Senator Johnson, "Senator, we as a race put our trust in you."

The colored citizens of Sacramento are not up on the issues of either state or national government as indicated by attendance on such a momentous occasion as on Thursday, by actual count there were only three representatives of the race present and two of those were attaches of the legislature.

Spaniard Tells of Negro Valor and Bravery In the Early Days of San Domingo.

REPUBLICS OF HAYTI AND SAN DOMINGO
Historical Data

By Dr. J. Zeigner Uriburu

The Spanish island of San Domingo was the place of the first Spanish settlement in the New World; it was also, three centuries later, the scene of a bloody revolution, after which there was formed two independent states.

The excursions of English, French and Dutch filibusters compelled the government of Spain to send squadrons to fight them.

After many alternatives, a French marine, Bertram D'Ogeron, formed the first dwelling of the island (1664). D'Ogeron placed, little by little, the French domination in the western region, which was not recognized officially by Spain until the treaty of Rysweek (1697).

The island remained then divided in two portions, unequal by its extension and the surrounding conditions. The French possessed in the west almost a third of it, while the Spanish possessed the rest.

The administration of the French colony was similar to that of the Spanish.

It established a violent line of demarcation which produced profound hate among the islanders.

In the meantime the French revolution made a famous declaration of the "Rights of Man" (Aug. 20, 1789) which produced a deep impression and perturbation in the colonies. The land owners believed that they were going to be deprived of their slaves, which constituted their wealth.

The mulattos and slaves thought that the time had come for their freedom and very soon they would be the equal of white people.

The inhabitants of the northern province established assemblies which claimed the right to revise the laws which governed the land.

Gov. Conde de Peynier decreed this dissolution, accusing his members of a plot of rebellion. This was abandoned and only 85 of them embarked for France (Aug. 8, 1790).

In the meantime the French National Assembly issued a decree (May 15, 1791), by which it was declared that all Negroes and mulattoes, residents of the colony, had the same rights as French citizens.

This declaration produced in San Domingo a profound indignation among white men. The three-color emblems were trampled under foot by soldiers and replaced by white plumes, the symbol of adhesion to the cause of law.

In the meanwhile the Negroes and mulattoes were infuriated on knowing the resistance which that decree was meeting and on the night of the 22nd of August they killed without pity all the whites they could find in the environs of Cabo Frances.

The rebellion was general. The resistance which the colonies wanted to offer was inefficient and the mulattoes and negroes performed the most frightful cruelties. Blood flowed in torrents; 2000 white of every age and sex were assassinated. More than 10,000 insurgents perished in the combat, or of hunger, and some few hundred were sacrificed on the gallows.

The city of Port San Luis was captured and looted. Port Principal, where the rebels met a vigorous resistance, was burned October 22. It seemed that the two races had sworn the extermination of their rivals.

France was alarmed and organized an expedition of 8000 men, who marched to the Indies with ample means under the command of Ailhaur, Santhonax y Polverel, who suppressed the colonial assembly and created in place of it a commission which confounded equally the whites and the blacks.

The irritation of the proprietors of the colony knew no limit. On the 20th of June an army of 1200 men marched defiantly against the capital which was occupied by the commissioners, but the struggle remained undecided. The commissioners then called to arms all Negroes and mulattoes and waged terror upon the whites.

The colonists who succeeded in escaping embarked some for the U. S., others for England. The latter presented themselves to the English government, asking ships and troops in order to take possession of San Domingo in the name of Great Britain. These propositions awoke the covetousness of the English.

A force of 700 men under command of Col. Whitlock (the same who 1807 led an expedition against Buenos Aires) accompanied by five warships, occupied the city and port of Jeremiah (Sept. 29, 1793) assisted by the colonists and rebels they took possession of the city and many other ports and a great extension of the coast. The commissioners of the republic returned to France, cowardly abandoning the island.

The troops of the island recognized for their general, Toussiant L'Overture, a slave before in one of the colonies, but possessed with a rare intelligence and of extraordinary valor. He is the Spartan of the black race. Under his command the war between the men of color and the colonists and allies of the English was lively and tenacious and lasted two years. The Negroes repulsed constantly the attack of the English with admirable valor.

The French government then turned over the command of all troops to Toussiant L'Overture with the title of "General of the Republic," who had conquered by his valor.

In this new position Toussiant L'Overture continued to display all his activity. In vain the English government was sending to the island new reinforcements of troops and changing its generals. At last the English general, Mailand, saw the necessity of forming a treaty with the Negro General, May 9, 1798, by which he surrendered all points then occupied by his troops and recognized San Domingo as a neutral and independent power.

Since then Toussiant L'Overture acquired in the island an almost limitless power. He reprimanded with moderate energy the ambitious plans of some of his comrades and restored their properties to many of the old colonists, declaring, nevertheless, that slavery shall never be reestablished. The Negro chief displayed in the management of governmental affairs of San Domingo the same zeal and activity which he had displayed in the war.

RACE WOMEN HUMILIATED

Mrs. K. M. Lee, who is maid for Myrtle Steadman, complained to one of the Eagle reporters a few days ago in this fashion:

"I have been all over the country with Miss Steadman and have always received the best treatment at her hands. A few days ago, however, in the western section of this city where I was with Miss Steadman, a colored brother appeared on the scene and offered to assist Miss Steadman in solving what is a problem in Los Angeles, that problem was to provide for my lunch. This colored brother, whose name is Campbell, told Miss Steadman that he would conduct me where I could be served. I started out in good faith with my guide, who lead me through dark allies and close places until we landed on a little corner of the back porch of the Green Room Cafe, and after some grease had been wiped from a dilapidated stool just over the swill pails, I was invited to partake of a sumptuous repast upon a dirty newspaper table cover.

I am told that my colored brother gets a commission from the green room on such swill. Well, this was the worst I had ever experienced and I refused to be served.

What the Churches are Doing

OLD FOLK'S HOME RALLY DAY, SUNDAY

Dedication, Sunday, 25th

Baptist churches throughout Southern California will observe Sunday, the 18th, as Old Folk's Home Rally Day, to raise the balance of the money due on the contract for the erection of the new building, now nearing completion. All churches and organizations will raise funds, and take subscriptions, for bedding, furniture, and other things, to be presented for the use of the home, at the dedicatory and opening exercises, which will be held in the chapel of the new building on the home grounds, at the corner of Linwood Road and Willow avenue, near Abila Station, Watts.

Furniture Needed

The home is in dire need of furniture and bedding for the eleven bedrooms, the parlor, office, and kitchen, and needs dishes, cooking utensils, carpets and curtains.

Mrs. E. J. Brent, wife of the proprietor of Brent's Furniture Store, and the Allensworth Literary and Industrtial Club, have arranged to furnish two of the eleven bed rooms.

Donations of money should be sent payable to the order of Board of Directors of Old Folk's Home and sent in care of Afue McDowell, secretary, 256 Wilcox Bldg., Main 3935, Los Angeles. Furniture for the home should be of the style selected by the directors.

LINCOLN MEMORIAL CONGREGATIONAL CHURCH
34th Street and Central Avenue

E. E. Lightner, Pastor

The Ladies' Missionary Society of the church held a very enthusiastic meeting on last Thursday evening in the missionary room of the church, at which time plans were laid for the addition of the much needed seats in our church.

All the services were interesting and well attended on last Sunday. Rev. W. W. Smith brought a practical message at the evening service on, "A Modern Prodigal Son."

The services for Sunday, March 18, at follows: Sunday School, 10 a. m.; preaching, 11:15 a. m. and 7:30 p. m. Christian Endeavor, 6:30 p. m. Topic, The Curse of Cowardice. John 18: 15-27. A cordial welcome to all.

THE PEOPLES INDEPENDENT CHURCH OF CHRIST
Corner 18th and Paloma

Rev. N. P. Greggs, Pastor.

"The Wages of Sin" was the subject of Rev. Greggs, pastor of the Independent Church of Christ, last Sunday. He saying in part:

Self denial is one of the first steps toward the kingdom. In fact, the kingdom is only won by self denial, by a true, honest religious life. Not a life that fits one to join in with any crowd, and enjoy their follies. That is the sign of a cheap religion, a cheap religion, like a cheap suit is not worth having. It soon wears out.

How many of our young people and some of the old who have joined the church, who were loved and honored by all, and great things were looked forward to come from them, but alas, it was found that they had the cheap religion that wore out and now they have become slaves to some sinful habit of the world. It is true that the world may make a good looking man of most any one for a while, but a leper may be dressed up to look good, but he is a leper just the same. The cheap religion is highly varnished, but the true religion is plain.

PHILLIPS CHAPEL C. M. E. CHURCH
1406 Newton St.

Rev. J. C. Anderson, Pastor

Sunday was quarterly meeting day and we had three services and a glorious outpouring of the Holy Spirit at all of them.

Presiding Elder Seldon was at his best and the congregation was edified and uplifted by his two sermons. Rev. E. R. Johnson preached at the afternoon meeting and he preached some of his great sermons to the delight of all his hearers.

The new organ is now in and will be in use the coming Sunday. The pastor will preach at both the morning and evening services.

The reports in the quarterly conference were good and showed the work to be in a good and healthy condition.

All departments of the church are working as never before and we cordially invite the public to come and worship with us at any or all times.

Presiding Elder W. M. Seldon of the Los Angeles District of El Centro was in the city over Sunday. His visit to the parishoners of the section has been an inspiration to the people and the Dr. left Wednesday for his field, greatly encouraged.

FIRST A. M. E. ZION CHURCH
Pico and Paloma Streets

Rev. B. C. Robeson, S. T. B. Pastor

Zion church will conclude Sunday, March 18, the biggest and most successful revival under the leadership of Bishop L. W. Kyles and Rev. Fred D. Douglass ever held within the walls of this glorious edifice. Successful as to souls, successful as to the increase in the church, and successful as to attendance. A crowded house every night and as to monies raised it was most encouraging.

It has been said that as an evangelistic team Bishop Kyles and Evangelist Douglass cannot be equalled in the A. M. E. Zion church. After once hearing and seeing them in action nobody would gainsay the statement. Rev. Douglass is a very unique personage. His singing and acrobatic feats stamp him as the most engaging speaker heard along the Coast in years.

The Second Quarterly Conference will be held Friday evening, March 17, by Presiding Elder W. W. Matthews. The choir of the A. M. E. church sang for us very beautifully at the afternoon service. Bishop Kyles preached a wonderful sermon, subject, "The Glorious Gospel of the Son of God."

Next Sunday morning at 11 a. m. Bishop L. W. Kyles will preach his farewell sermon. It is certain that a large host will be out to hear him and tender him a farewell long to be remembered. At the afternoon service Evangelist Douglass will hold a mothers' meeting, the most unique ever held in any part of the country. Come and enjoy the blessings to be administered.

The services will come to a close Sunday evening when Evangelist Douglass will deliver the last of the sermons that have made him famous. Come and see the last. Come and enjoy the feast.

WESLEY M. E. CHURCH
8th and San Julian Sts.

Last Sunday was a great day at Wesley M. E. church. At 11 a.m. the pastor, Rev. A. P. Shaw used as a theme, "The Secret of Immortality." I John 3:2 was the text. "It doth not yet appear what we shall be."

Among other things he said: "Immortality is not so much a special gift from God as it is the natural sequence of a life lived in such a manner as to endure forever—it is the natural sequence of a life that looks forward to the future. Whenever a man, a race, or a nation thinks that its best days are behind it, that in itself indicates that the forces of death are in the mastery. Three things," he said, "keep men and races and civilizations alive. Looking forward out of difficulties, looking forward from the mountain top of success, and looking forward to the attainment of the lofty goal of the future seen by faith."

Many of those present stated that never before had they seen a whole congregation so visibly moved by a sermon. Six persons united with the church and two came to the altar for prayer.

At 7:30 p.m. Dr. Pettigrew delivered very eloquently and effectively his lecture-sermon on "The Hand of God and the Open Door to the Race."

The services at the Pullman Mission were very effective under the leadership of Brother O. C. Stout. One person was converted.

This Sunday the pastor will preach morning and evening. The morning subject will be, "The Church's Feast of Good Things." The evening subject will be, "The Lost Christ." These are both great messages. Pray that God may make them very effective in saving the unsaved. Come and bring the unconverted with you.

FIRST A. M. E. CHURCH NOTES
Corner 8th and Towne Avenue

Rev. J. Logan Craw, Pastor

Services Sunday were up as usual to the very high standard that is always enjoyed at this metropolitan church. A beautiful congregation assembled at 11 o'clock, and while the rain came on at night just as this service began, still there were those who disregarded weather conditions and made their way to the house of the Lord. The pastor delivered both sermons. Many new, loyal donors subscribed to the Easter rally. Many distinguished visitors from all parts of the country were present and a thoroughly edifying worship was experienced by every one in attendance. You are always welcome to the First African Methodist Episcopal church.

Extraordinary services will be held Sunday, both morning and evening. The full choir will greet distinguished visitors at each of these services. A great expected treat at 11 o'clock. Come early for a good pew. At 6 o'clock the Allen Christian Endeavor Society will hold forth. At 7:45 p. m. Dr. W. W. Smith of Ohio will give an illustrated talk on "The Modern Prodigal of Chicago," with 2 5life size free hand pulpit paintings and sacred songs. The Sunday School and Endeavorers are urged with all others to attend this special evening service. Everybody invited. Be punctual.

"Baptismal Day" with baptising at the altar at the 11 o'clock service will be observed the fourth Sunday in March, viz., March 25. The pastor's subject will be "Baptism." Many babies and many converts both old and young will be baptised at the altar at the morning service. Baptising by immersion will be conducted at 3 o'clock by the pastor in our pool at Second A. M. E. church at Furlong Tract. The choir will re-adorn its robes on this day and appear henceforth in their surplices and robes.

You are welcome to each and all of our services.

SECOND A. M. E. CHURCH

Rev. E. R. Johnson, Pastor

The services Sunday were up to the usual standard. Rev. T. Wilson, D.D., and wife, of Spokane, Wash., worshiped with us in the morning at 3 p.m. The pastor delivered the message to an appreciative congregation at the C. M. E. church "beautiful." Monday at 3 p.m. a splendid crowd greeted Bishop F. W. Kyles and Evangelist Fred D. Douglass, who with Dr. Ben Robeson and Rev. Matthews, P. E. of the A. M. E. Zion church, visited Furlong Tract as guests of Rev. E. R. Johnson.

Bishop Kyles, assisted by Dr. Douglass, conducted an edifying service which resulted in four conversions.

The third quarterly meeting will be held next Sunday at 3 p.m., the Methodist Alliance having charge of the service. Dr. J. W. Anderson will deliver the sermon.

The Helping Hand Society, under President Eliza True, is very active entertaining many visitors and getting out a new quilt.

RALLY AT METROPOLITAN SUNDAY

Special services at the Waverly Drive church will attract crowds Sunday. Visiting ministers will preach at the services of the day.

The missionary society will install its recently elected officers at a meeting Sunday afternoon. Sunday school and choir are preparing speciay Easter programs. The Etude Choral Society is meeting with great success and under its energetic president, Capt. Wm. Reynolds, is increasing in membership. All persons musically inclined as well as those interested in dramatics, are invited to join. Meetings are held at the social hall on the 1st and 3rd Tuesdays of each month. A grand musical concert will be given at the Social hall on the 22nd, for the benefit of the B. Y. P. U., an "Orange Social" will be given and will afford an interesting entertainment to all who attend.

METHODISTS REJOICE IN SUCCESSFUL RALLY

Sunday, long anticipated by the loyal members of the First A. M. E. church, has been set down as a day of joy in the annals of the church, not that the rally brought more money than other rallies, but because of the triumph of self sacrifice for the good of the church that was manifest in the day's offerings. The pastor expressed himself as greatly pleased with the work of the loyal members of the church. The final service of the rally day were held at night at which time the six clubs through their chairmen reported the total sum of seven hundred and ten dollars. This amount is to be augmented by payment of $50.00 by a gentleman who pledged it on condition that one of the clubs should raise one hundred and fifty dollars. The Ladies' Aid reported the sum of $102.40 raised just from the sales during the fair. Their report was presented with a poem by Mrs. E. Bryant and was a source of much pleasure to the congregation. A complete report of the rally will be made through these columns next week, showing the success of each club. The choir on last Sunday morning sang at the Sunday School service at the Lincoln Avenue Methodist church. The occasion was Perfect Attendance Day and brought over four hundred pupils out. The Glee Club is to sing at the Washington Street Methodist church next Sunday night. These young men are also preparing for an appearance in Los Angeles on April 3rd. Both Sunday School and choir are busy preparing Easter music for the second Sunday in April. The Stewards of the church and the class leaders are cooperating in a rally on the first Sunday in next month and expect to announce an interesting afternoon service for that date. Sunday the pastor hopes to conduct both services. The Young People's meeting will be led by Miss Ruby Prince and will enjoy a short program.

The success of last Sunday's rally has enabled the trustees to reduce the building debt to $2100, clear up certain current indebtedness and pay insurance on the buildings for next three years. Thus leaving the church in splendid condition financially and in a position to devote its energies to its spiritual and social interests.

SCOTT CHAPEL NOTES

It is a great pleasure to pastor a church in which 90 per cent of the membership are interested in the work of the kingdom. The pastor is able to keep tab on each member. Scott Chapel affords this pleasure to her pastor and this serves to inspire him to greater effort. A wonderful spirit in on in this church. Every service and each department of the work have caught a new vision.

Last Sunday was a day of rare and gracious blessings. Nearly every seat was occupied at the morning service to hear Pastor Kinchen on the "Reality of Conversion." Among the many visitors present were several distinguished men, Grand Master T. A. Harris, Past Grand Master Kimbrough, Grand Commander and Grand Mentor Paul Alexander, and the Hon. Geo. H. Woodson, the prominent attorney from Iowa. Every one of these distinguished men thrilled the great congregation by brilliant addresses.

Next Sabbath promises to be another great day. Rev. S. B. Danley, the founder of the church, will preach at the morning service at 11 o'clock a.m. and Evangelist Cuddy of Washington, D. C., will deliver his wonderful prophetic sermon on the war and the after happenings.

RUSSELL & CONNER DISCLAIM OUTSIDE CONNECTION

New Undertaking Corporation Not Connected With Other Undertakers

Because of a report which is being circulated, to the effect that Russell & Conner, a newly formed Negro undertaking corporation, with parlors at 1400 E. 17th St., Los Angeles, is connected with Pierce Bros. & Co., of this city, and J. P. Finley Co. of Portland, Oregon, the Russell & Conner corporation, denying, has just issued the following affidavit:

State of California ss.
County of Los Angeles

Ernest H. Russell, president, and Charles D. Conner, secretary, of Russell & Conner (incorporated) each being duly sworn, on oath deposes and says: That neither said Ernest H. Russell, nor said Charles D. Conner, nor said corporation of Russell & Conner, is in any wise connected with Pierce Bros. & Co. of Los Angeles, or L. P. Finley Co., of Portland, Oregon, or any other undertaking firm or establishment whatever.

(Signed)
ERNEST H. RUSSELL,
CHARLES D. CONNER.
(Seal)

Subscribed and sworn to before me on this 14th day of March, 1917.

AFUE McDOWELL.
Notary Public in and for the said County and State.

The report objected to seems to have grown out of the facts that before the formation of Russell & Conner corporation, Ernest H. Russell, president, was for seven years in the employ of Pierce Bros. & Co., leading funeral directors of Los Angeles, in which employment he gained wide experience in the business, and came into direct contact with funeral arrangements of many prominent people of this city, while Charles D. Conner, secretary, was for several years head mortician of the J. P. Finley Co., the leading undertakers of Portland, Oregon, and was in full charge of the County Morgue, where he handled and came into direct contact with thousands of csaes of various kinds, descriptions, and forms.

The association of these two men with those prominent undertaking establishments, accorded them honor and experience that few colored men have attained, and places them far advanced in the science of embalming and the art of funeral directing, thereby well earning for the corporation of Rusell & Conner the title of "Distinctive Funeral" directors.

CARD OF THANKS

Mrs. Ruth Cuttrear and Mr. James Cuttrear wish with all their hearts to thank the many dear and kind friends for the many expressions of sympathy and help at the passing of their dearly loved husband and father, Mr. Washington Cuttrear.

A HARD BLOW TO THE POLITICAL GRAFTER AND THE MUSHROOM NEWSPAPERS

The Gelden Bill ,which passed the assembly at Sacramento and which bids fair to pass the Senate and become a law, is a hard blow to the political parasite grafter and curb stone politician, and also to the mushroom newspaper, the kind that springs up with a political campaign and dies when the campaign is over.

This bill makes it a misdemeanor to solicit anything from a candidate that requires the payment of money, this includes advertising, sale of tickets or as a political worker. This law, therefore, will hit a terrific blow on the easy livers who have been getting by by laying for political campaigns to come and go, and as a ocnsequence among this gentry there will be a wailing and gnashing of teeth.

WELCOME GOVERNOR STEPHENS!

Southern California is proud that at last it has for Chief Executive a favorite son. Not since the days of Governor Gage has the Southern section of the State had a Governor, notwithstanding its great wealth and its great population. Southern California has been generous in giving its votes to the candidate irrespectvie of sectional consideration who in its opinion was the best man. On tow conspicuous occasions, 1914 and 1916, has Los Angeles County abashed the individuals who have presented their candidates for Governor and United States Senator solely on the grounds their candidate was from the Southern section of the State, and the South should have the position. If anything the Southern Californian is patriotic, and just, and in the past it has been neither compelling nor overbearing. And now that it has had its long delayed hopes realized by having one of its truly representative citizens at the helm of State, it will no wise change nor disappoint all fair-minded citizens. We of Southern California who for years have been the close neighbors of William D. Stephens feel that California's great Governor could not have had a better successor, one whom he himself selected and one in whom he and all patriotic citizens of California can trust to further every plan of government that means good for all the people of this great domain, the Commonwealth of California. God-speed to Governor Stephens, who we believe will come up to all of the requirements of his exalted position and because of this, two years hence will be Governor-elect, the undeniable choice of California, North, South, East and West.

"THE NEW SENATOR FROM THE GOLDEN GATE"

Our esteemed contemporary and namesake, the Washington, D. C., Eagle, under the above caption has the following anent California's new U. S. Senator's advent in the Capitol City:

"The convening of Congress in extraordinary session, which at this writing seems imperative, will bring as a new member of the upper house the distinguished son of California, Hiram Johnson. His entrance into the national life of the nation as a member of the U. S. Senate heightens the hopes of colored men, as well as of all men who hope for those wise enactments of legislation in the approaching national and international crisis that will have regard for the homes and business of all classes of American men and their homes.

"Colored men of California who stand for the highest ideals for the race inform us that the personal as well as the public attitude of their Senator exemplifies that kind of progressiveness which holds that the greatest asset of the nation is in her robust citizenry whether under black or white skins. We have always felt that way about the great governor of the Golden State and the additional assurance that comes to us from stalwart, manly colored men who helped by their votes to send him to us, makes us feel to welcome him with a confidence that our race as well as our nation will have another fearless advocate for every right with all his might, for every American who lives up to his every duty to his country."

It is needless to state Editor J. Finley Wilson, editor of the Wahsington Eagle, has our hearty indorsement of every line so eloquently expressed.

JESUS SAVES FROM SIN

March 18—John 8:12, 31-37, 56-58.

"If therefore the Son shall make you free, ye shall be free indeed." Verse 36.

The incentive to enter the school of Christ is the Heavenly Father's invitation issued to believers who approach His throne of grace by the new and living way—Christ. To such He etends a high calling, inviting them to become sons of God, and if children, then heirs, heirs of God and joint-heirs with Christ, if so be that we suffer with Him, that we also may be glorified together with Him. Rom. 8:7. This school of Christ may be considered a school of self-denial, of self-sacrifice, prompted by love and maintained by devotion. The Teacher of this spiritual school appointed by the Father to instruct those who shall ultimately be accepted as His brethren, was Himself educated in this school, under the Father's inspection and direction. Of Him it is written: "He learned obedience by the things which He suffered, and being made perfect (acceptable to the high station to which He was called—the Divine nature), He became the author of eternal salcation unto all them that obey them."—Heb. 5:8, 9. We have the plain declaration that we are called according to a predestination on God's part that we might become copies of His Son, and thus be "meet for the inheritance of the saints in light," as joint-heirs in the Kingdom.—Rom. 8:29; Col. 1:12. From this we see that in joining the Lord, through faith and consecration, we are not proclaiming ourselves graduates and heirs, but students, disciples, who desire to be prepared to inherit "the things which God hath in reservation for them that love Him."

Moreover, we are to remember that it is not our flesh that has entered the school of Christ and which is under His instruction and preparation for the Kingdom. (1 Cor. 15:50.) Our acceptance of the Divine call to spirit nature meant the sacrifice of the earthly nature in every sense of the word; it meant our begetting as new creatures—"sons of God." (John 1:12.) It is the new creature, the new mind, the new will, that is in the school of Christ and that is to be perfected—to be brought into full accord with the Divine will, to be a copy or likeness of our Redeemer. In proportion as the new mind develops in likeness to the mind of Christ it will increase the effort to keep the body under, to keep the will of the flesh dead. This course is Scripturally termed "walking in the light," and not stumbling about in the darkness. This course is the understanding of the Divine purpose and acting upon the Divine arrangement, in harmony with the will of God. It is viewing of matters as God views them, and as He presents them in His word of grace.

Continuing under the Master's direction, under the direction of His word of truth faithfully and preservingly, that the grand object of this school shall be attained. Nevertheless, at each step of the journey it may be our privilege to see that we are making progress, that we are coming to know more and more of the truth, and that it is more and more making us free. But we are not to expect an instantaneous knowledge nor an instantaneous freedom.

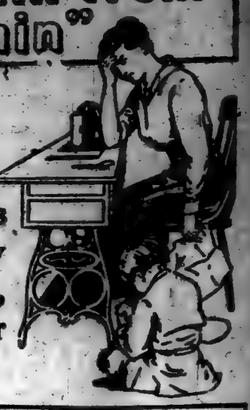
Knowledge and Its Results

The general effect of the light of truth is to break the shackels of superstition and to make people independent. But the effect is of questionable profit to those who are not disciples in the school of Christ. To others the light of knowledge and freedom are apt to bring nearly as much bane as blessing; for often they lead to arrogance, dissatisfaction and general unhappiness.

Heeding the great Teacher's word, and in all things continuing to be His disciples we are set free not only from superstition and ignorance, but also from the service of sin.

"His Servants Ye Are Whom Ye Serve"

Our Lord pointed out that those who commit sin are the servants of sin, and are not free. St. John declares, "He that committeth sin is of the devil," and, "If we say that we have no sin we deceive ourselves, and the truth is not in us." 1 John 3:8, 1:8. How shall we reconcile these statements and how understand the Scripture which declares, "Being made free from sin," ye become the servants of righteousness." Rom. 6:18. We answer the Scriptures ascribe no sin to the new mind and no perfection in righteousness to our fallen flesh. The new creature whose flesh is reckoned dead, is begotten of God and is represented by the new mind. This new creature cannot sin, for in its very essence as the seed, or germ implanted by the truth, "the spirit of truth," it is opposed to sin. This new creature is so in accord with righteousness, so fully imbued with the spirit of the Lord of spirit of holiness, that it delights in holiness, not n sin, and this must be the case so long as this begotten condition continues. I John 3:9, 5:18.



Two Houses of Sons of God

(1) The sons of the Gospel age, begotten of the Father to joint-heirship with Jesus Christ, our Lord, as His brethren (1 John 3:2, Heb. 3:6.) This house of sons, begotten to the spirit nature, will soon be complete and will never have an addition to its members. These obtain the Divine nature.

(2) Another house of sons will shortly be started, for the declaration is that our Lord Jesus shall become a Father, life-giver, to the world—to whosoever will accept of this gift of God under the terms of the New Covenant during the Millenium. These will be the sons of the after resurrection, while the church are to be sons of the first resurrection, the first-born ones referring to these sons of Christ who will be born to full sonship at the close of the Millenial age, the apostle declares that they shall be delivered "from the bondage of corruption (death) into the glorious liberty of the sons of God"—freedom from sin, death, sighing, crying, pain, etc. These the common privileges of all the sons of God, they will inherit through the great sin-offering. This class will receive perfect human nature.

SADLY RUN DOWN.

"I had become greatly run down and my nerves were in terrible condition. I had frequent headaches and became very weak and was unable to do anything. I bought a bottle of Dr. Miles' Nervine. I soon began to feel better, my nerves were quieted. I recovered my strength, and have since recommended Dr. Miles' Nervine to many of my friends who have used it with satisfactory results."

POLITICAL GEMS

Wilde for Mayor is our slogan.

Vote for your interest Tuesday.

Give all candidates careful consideration before you cast your vote.

The people are wild for (Wilde) a certain mayoralty candidate.

The Eagle wishes all candidates much luck and may the best win.

A. V. Mayhofer is making a whirlwind finish and may land at the City Hall.

We have made a clean cut campaign for candidate. Now watch us fly.

Mrs. Emily Naylor will be on the ticket. She is progressive and deserves it.

Hans Marquardt will receive strong support from all classes as candidates for Board of Education.

P. J. Benbough, the handsome candidate for re-election to the Council, is making a winning fight with his "Perpetual Pep."

L. J. Wilde will be nominated by a large majority Tuesday. The Eagle has been strong for Mr. Wilde since his announcement. So let all get together and give him the largest majority ever given a Mayor candidate.

By Geo. A. Ramsey

Tuesday and we will know who.

Mrs. Marian Pounds, candidate for member of board of education appeals to the political editor to the extent that he has pledged his support for her, and believes she will at all times give us justice when in her power to do so.

MRS. POUNDS IN SCHOOL BOARD RACE

Member of Board of Health Announces Candidacy this Morning for Education Board.

Mrs. Marian Pounds, wife of Dr. T. C. Pounds, of this city, is a candidate for election to the Board of Education. Mrs. Pounds has been endorsed by a committee of 100 women who have organized for the purpose of putting three women on the school board. Mrs. Pounds has been very active in the civic life of the city. She was president of the women's civic center, was a member of the executive board of the social service society of the state of California, and has served for the last two years on the Board of Health.

Among the many measures Mrs. Pounds has worked for are: The daily analysis of water, the cleaning up of the watershed, the filtering and care of the reservoir water, the protection of hawsers for the prevention of rats passing from vessels to the shore, the abatement of the nuisance created by the Olive street sewer, the draining of the slough of the Hardy's slaughter house, and the extension of the sewer to the bay, improved sanitary conditions in the public schools, such as the daily collection of garbage and the provision of paper towels for the teachers and pupils, improved housing and plumbing conditions in three of the schools, four comfort stations at La Jolla, improved sanitary conditions at the isolation hospital such as providing a laundry at the hospital so that the infected clothing can be taken care of at the hospital, the establishment of a free municipal milk station and provision for a municipal nurse to visit the tubercular poor of the city. Mrs. Pounds is now working hard with the women of Ocean Beach to procure a proper sewer system for that suburb.

The lion did not escape in San Diego from Al G. Barnes circus last Thursday night, but those band boys did escape with that teasing music, and made their way to the Kastle Hall and joined Prop. Bob Evans in entertaining the large crowds of people. We all agree that we never heard such teasing music in Kastle Hall before. Everybody reported having an enjoyable time.

The Exposition Jubilee Singers, composed of Mr. E. O. Harris, C. C. Rosemand, I. H. Browning, John C. Payne, sang at the Pantages the past week.

The Tia Juana races have been extended indefinitely. The Sunday feature is something never before heard of on the Coast, a race known as the Dark Town handicap, which will be composed solely of Colored horse owners and jockeys.

Mr. and Mrs. G. W. T. Thompson, 720 3rd. street, who had part of their home destroyed by fire last week have had their home repaired and are all smiles again. Mrs. Eva Smith assisted them in re-decorating.

Mr. B. Kemp of Los Angeles spent several days in the city. While here he was a guest of the Thompsons of Coronado.

Mr. and Mrs. John Cloude entertained Mr. and Mrs. Al Ramsey, Mr. and Mrs. Melban White, Mr. and Mrs. Murry last week at a dinner party.

Mr. and Mrs. Loza Landsom and Mr. and Mrs. James Lyons spent their honeymoon in San Diego.

Attorney Hugh E. Macbeth was summoned to San Diego Thursday. Thursday night he addressed a large and important gathering of Colored San Diegans.

BAPTIST MINISTERS ALLIANCE HONORS THE "FIGHTING PARSON" ON THE EVE OF HIS TRANSCONTINENTAL TOUR

Rev. J. Gordon McPherson Will Deliver Farewell Address Monday, 11 O'clock, at Second Baptist Church, Maple, near Eighth Street

On last Monday at a very enthusiastic meeting of the Baptist Ministers' Union, the the "Fighting Parson" Rev. Dr. J. Gordon McPherson, the famous revivalist and soul winner, announced that he would soon leave the state on a trans-continental evangelistic tour, there were genuine expressions of regret among the ministers of the Union, a strong resolution of commendation was unanimously voted Dr. McPherson, comemnding him to the world as an evangelist of high reptite, as a further mark of esteem President W. H. Rozier requested Dr. McPherson preach farewell sermon to his old co-laborers here in California, no next Monday.

The suggestion met the approval of the Union, as the Union meets in the auditorium of the Second Baptist church, Maple avenue, near East Eighth street, of which the genial Dr. H. D. Prowd is pastor. It is predicted that a large audience not only of the Baptist clergy, but of the ministers of Los Angeles, also the ladies, will be out in full to hear the parting message ofthe eloquent Fighting Parson, the sermon will be preached at the noon hour, after which a photo will be taken of the memorable farewell gathering.

On Tuesday evening the people of Monrovia and Duarte will honor Dr. McPherson with a reception at Shiloh A. M. E. Zion church, Monrovia, and he will give his famous humorous lecture on "The Sunny Side of Easy Street." Wednesday and Thursday evening will be spent at Riverside and San Bernardino, and thence to Phoenix, Arizona, where he is billed to preach Sunday and give his famous lecture on the "Charge of the Black Troops at San Juan Hill." Dr. McPherson plans to be absent about three months and will visit the scenes of his childhood, and will hold a revival in the Old Church in which he was converted thirty years ago. Meetings are being arranged in many sections of the country for the Fighting Parson, and he will make good is the opinion of all.

Pasadena will tender the "Fighting Parson" a big testimonial Sunday at the Gospel Tabernacle, in appreciation of his great work here in the Crown City, on the eve of Departure on his transcontinental evangelistic tour throughout the country.

Rev. Dr. J. Gordon McPherson, Pasadena's great old time revivalist, has yielded to the demands from many sections of the country that he would come and lead a big revival meeting, has at last bowed to the mandates of the people and on tomorrow, Sunday afternoon and evening will preach his final sermon before leaving on his trans-continental tour. At 2:30 o'clock a great testimonial meeting in which the citizens in general will give expression of Dr. McPherson's work in Pasadena, Madame E. Monroe Beavers will sing; also Comrade E. L. Gaines, representing the Spanish War Veterans, will give an address and sing a baritone solo, "The Holy City." Ministers from the different churches with their choir will be asked to join in the testimonial. Dr. McPherson will conclude with a timely address.

At 7:30 p.m. Dr. McPherson will preach his farewell sermon on the subject, "The Angel Leading Righteous Lot Out of the Burning City." It is predicted that a large crowd will pack the Tabernacle to hear the closing words of the gifted "Fighting Parson," the man that stirred Pasadena.

During his absence Evangelist W. E. Booth Clibborn, the grandson of General Booth, founder of the Salvation Army, will conduct a series of Holy Ghost and Fire Revival Meetings.

Candidate for the City Council.

In announcing my candidancy for the council I state my platform to be:

"The development of industry, the promotion of the interest of the man who works, and economy on little things as well as big.

The expansion of the city's commerce and the illimination of heavy taxes for unnecessary improvements.

Efficieecy and practical economy."

Having been a workingman all my life, the interest of the man who works will receive the first consideration from me. I will not be unfair in any act to favor the workingman; but shall see that his interest is not abused because he has not the time, the money or the knowledge to care for it himrelf.

As a lifetime observer of the civic management of this municipality I have noted necessity of more efficient management and application of practical economics. I therefore, welcome the support of all who are in favor of efficient management and practical economy.

Pastor E. R. Driver was able to fill his pulpit at each service Sunday, after being ill for more than a week. The Lord wonderfully blessed the services all day. We were surprised at the full attendance for Pastor Driver had advised as many as could to go and be with Dr. Gregg, but it seemed that the Lord sent as many strangers and visitors as there were saints missed. Pastor Driver delivered two wonderful sermons Sunday, his morning sermon being from Is. 12:3; afternoon he preached from the subject, "God Winked at Ignorance," which was helpful and uplifting. Next Sunday will be a high day at the Saints Home Church. All the babies of the congregation will be brought out, anointed and prayed for that God might bless and cause them to be reared in His fear. The deacons will be ordained also. All are invited to come and join in the the feast. Be sure to hear the pastor's sermon to mothers, before blessing the babies. The babies will be blessed on the afternoon service. Services updated to 3.30 p. m.

THE ILLINOIS CENTRAL R. R. IMPROVES ITS SERVICE IN BEHALF OF NEGROES—WALT L. GORDON ADVISED

The traveling Negro public will be agreeably impressed with the information that the Illinois Central, which runs out of Chicago to New Orleans, has put on better cars for colored patrons south of the Mason Dixon line. Heretofore one or a part coach, a common toilet, a space for the butcher boy to spread his luggage and a lounging place for the conductor and his "guest" were prevalent conditions. Now the "I. C." has put on its best trains —steel coaches—one whole car, separate toilets for men and women; part of car is used as a smoker for those who care to. The car is kept clean and the butcher boy has found a place in a car other than that used by colored patrons.

This change was made under the direction of Mr. T. J. Foley, general traffic manager of the I. C. R. R.

This movement for better accommodation to colored patrons of railroads was begun under the leadership of the late Dr. Booker T. Washington as President of the Negro Business League. The efforts of Dr. Washington developed into a movement by colored people of the southland known as "Railroad Day." On a certain day in each year the people met and protested because of the unfair treatment of the railroads of the South who demanded equal pay for unequal accommodations. It is likely other roads will follow suit, because of keen competition, or else the loss of patronage.

"THE CALIFORNIA BOOSTER"

On the Southern Pacific over the Shore Line Limited en route from Los Angeles to San Francisco, the other day, there were as usual a great many tourists from the East and also from Canada. Among them were a party of California lady boosters who took great pride in comparing Los Angeles as a summer or winter resort with other resorts of the same kind. One lady told of the great natural advantages Los Angeles had over other Southern cities with its very exhilarating atmosphere which is so essentially conducive to good health and which is one of the greatest features that is attracting tourists to Los Angeles from all parts of the world.

She said that there was none of those natural causes, so dreaded in most warm climates such as malaria, sun stroke, thunderstorms, hydrophobia, etc. Another said California is renowned throughout the nation for its magnificent highways, picturesque scenery and delightful climate. Every man, woman and child in the east desires some day to either visit or reside here.

Another lady declared she had lived in California for thirty years and cannot recall a single instance of the death of a native son or daughter and that if elderly people came here it would insure a new lease of life for them.

While another lady called their attention to the fact that it mattered not how hot the day might be, by going over on the shady side you would be cooled off at once and that you can use the same bed clothing every night in the year with comfort, and there is bathing at the beach at Venice every day in the year.

There was an old gentleman who sat near by and was a very attentive listener. He spoke up in a drawling tone of voice, saying:

"Wal, I don't know about all that, but I do know that California has more rivers and less water, more cows and less butter, more flowers with less fragrance, more fruit with less flavor, and that you can look farther and see less than in any other State in the Union."

Those that heard him, including the boosters, heartily cheered him.—By J. D. Reynolds.

At "The All American League" at its recent conclave, held at Exposition Park, February 22nd, 1917, J. D. Reynolds was awarded first prize, a Gold Medal, for free hand crayon drawings and a diploma for plain and ornamental pen and ink lettering.

OPPOSES DR. SPINGARN'S SEPARATE MILITARY SCHOOL

Editor of the Amsterdam News:

Allow me space in your widely read juornal to voice my protest against the movement headed by Prof. Joel E. Spingarn to establish a separate Military Training Camp for colored men. I am utterly opposed to such a step, and I want to urge men of my race with any backbone and manhood to ignore any request that seeks to belittle them, or to make them subject to any special legislation. If the United States is anxious to have us fight (and we have never been cowards), then let them give us the same training given to white men at West Point, Annapolis, and other training stations, where necessary preparation is given to prepare soldiers for service. The idea of a Jim Crow Military proposition cannot but help be revolting to men of my race with red blood in their veins, and if allowed to go by unchallenged would brand us as set of weaklings, not worthy of the best contact with other people These same colored people who would go to this Jim Crow camp, would fight by the side of their white brothers in the event of war, and since this is the case, what is the wisdom in separating them in the matter of military training. I cannot understand the motive that prompted Prof. Spingarn to accept this proposition, and if it is to be taken as expressing the sentiment of the National Association for the Advancement of Colored People that organization is fast losing the high and uncompromising ground it has always taken. No, by no means, do we want a Jim Crow Training School such as this proposition calls for.

"PUNISHED" FOR KILLING A NEGRO

The Morning Tribune detects a change in the attitude of southern courts and juries toward lynchers and other murderers. They are becoming critical of the practice of homicide. They are even disposed to look disapprovingly on white men who seek recreation through the killing of negroes. Indeed, the revolution in sentiment is so sweeping in character that presently a closed season on negroes may be established covering the entire year.

As to every rule, there are exceptions; so, of course, the new order will not be enforced with cruel severity. For instance, if the killer can show that he was feeling cross, or that time was hanging heavy on his hands, or that he was testing a new gun, or was moved by other heasonable motive, justice will be tempered with mercy. Generally speaking, however, it is felt that negroes ought not to be killed—not while cotton is selling at 20 cents a pound and labor is scarce.

In proof of the change that has occurred, we offer the case of a West Virginia business man, who, being on trial for manslaughter, admitted that he had killed the Negro he was charged with killing. Under the circumstances of the case, of course, the jury had no option save to find the defendant guilty as charged. The dispatches state, however: 'It included a recommendation for extreme mercy.

The presiding judge fortunately was not a hard-hearted man. His merciful nature responded to the jury's appeal. He held with Portia:

The quality of mercy is not strain'd.
It droppeth as the gentle rain from heaven
Upon the place beneath. It is twice blest;
It blesseth him that gives and him that takes.

Nevertheless there was the law to be executed and justice to be fulfilled. The newly developed social consciousness that after all the Negro is a human being, possessed of certain inalienable rights, among them life and liberty, was to be taken into account. It was manifest that the offending murderer must be punished in such fashion as would give effect to the recommendation for mercy and at the same time impose some restraint upon the practice of negro killing. Accordingly the West Virginia judge sentenced the murderer to serve half an hour in jail.

It will be seen, therefore, that a new day has dawned for the negro in the south. It is not so long ago that the defendant would have been acquitted and escorted to his home by a procession of citizens headed by a brass band. Is there not danger that the judicial pendulum now set in motion will swing too far the other way? The constitution of the United States prohibits the infliction of "cruel and unusual punishments." Think of it! A whole half hour in jail! "Just for killing a nigger."

Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life

to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

You probably have neglected many a money-making opportunity but dont neglect this one, it means your fortune, and is right within your reach. Seize it now. U. S. Support in Case of War

WITH THE LAW MAKERS AT THE STATE CAPITAL

The present week thus far has been void of anything out of the ordinary in the chambers of the Assembly and Senate, the daily legislation grind with the many roll calls went on at a lively clip. However, the Rominger Bill, which if passed is due to come up in the Senate late in the week. There is an intense anxiety as to the fate of this measure, the wise ones here on the ground assert that it is sure to pass in the Senate. So far we have heard no one with the temerity to predict the outcome of this measure in the Assembly, but there is a well defined and growing opinion that the measure will pass.

Tuesday was a gala day, the Legislature declared a half holiday and went out to the ball park to witness the baseball game between the Seals of San Francisco and the Chicago Cubs of the National League. The Seals were trimmed by a score of 5 to 2. The day had been designated as Governor Stephens Day and the Governor received an ovation by the 3000 fans who journeyed to the park.

He pitched the first ball and put it right over the plate, while Congressman Curry landed on it for a base hit.

Employment Bill Fails

The bill to put out of business the pay for job employment agencies failed of passage by a vote of 19 for to 44 against. This bill proyoked much discussion but the employment agencies won out with votes to spare and for a while longer at least you must pay for your jobs if you get one through the medium of the employment agency, except that you go to the free employment bureau. The bill aimed to put all the employment business under the control of the state free employment bureau.

By a report of the joint committee appointed for that purpose the legislature will in all probability adjourn sine die on the 27th day of April.

Assemblyman Watson took a leading part in the fight against the free emplyoment measure and helped save the day by its defeat.

Attorney Oscar Hudson of San Francisco was an interested spectator at the Assembly on last Wednesday. Mr. Hudson stands high in his profession and was at the capital on a hurried business trip.

Assemblyman A. Bartlett of Los Angeles was the victim of a motor vehicle accident this week and as a result, his optical vision is decoratd with much color but no doubt he feels lucky that it was not more serious.

Assemblyman Frank Mouser has several measures up for third reading this week which will without doubt be passed.

A PATRIOTIC APPEAL TO OUR COLORED FELLOW CITIZENS

March 22, 1917.

Chrisman Apartments,
1328 E. 21st St.
Los Angeles, Calif.

To all Patriotic Colored Americans of the Republic of the United States of North America, and especially to my Colored fellow citizens of the States of Virginia, Iowa, Minnesota, Montana and California. Virginia, because it is my beloved native State—the place of my birth. Iowa, because it is the state of my adoption and the place of my permanent home, Minnesota and Montana, because I formerly served as a soldier and lived as a citizen in both of these great commonwealths. California, because it is and has for the past three months been my temporary residence, and here in Los Angeles I have been received with helpful kindness and good will by legions of new friends.

And to all the brave, patriotic Colored women and men of the country: I beg you to send me by Postal Card at once, the names of fifteen hundred women for the "Red Cross" and the Navy and the names of fifteen hundred men for the Army from which a volunteer regiment of Infantry may be formed. I shall be too busy to answer letters or cards at this time and will not be able to publish names sent to me.

Sign your name on the card in your own handwriting and send the card to me at the Chrisman Apartments, No. 1328 E. 21st St., Los Angeles, California, until March 29th, 1917. After that time, write to me at my permanent address, Lock Box 535, Buxton, Iowa.

I want men from 18 to 45 years of age and women from 16 to 35 years of age and all must be single.

Captain F. H. Crumbly, No. 785 San Pedro St., Los Angeles, California, who was an officer of command during the Spanish-American War and the Philippine Insurrection, my comrade and friend, will give all the explanations and assistance he can to patriotic inquiries made of him in good faith by persons who are eligible and desire to serve. Both he and I have tendered our services to the United States War Department and as we have seen service in the Army we, or either of us, may be called at any moment to take actual steps to organize our people into a military reserve to guard and care for the interest of our country at home, should the regular army and the organized militia be needed to defend the country against a foreign foe.

No mortal can ever contribute greater or better service than those who serve and sacrifice for the honor of our country and the glory of our God.

While we are known to be on the very brink of war, let us hope and pray that "Peace with honor" may still be maintained. But the most fervent religious patriotism is the need and demand of the hour.

This is not the time for adverse expressions and arguments of non-Patriotic sentiments and none such will be considered. No true American, white or black, will suffer himself or herself to lend encouragement in any way or manner to any proposition that is against his own Nation. Every Negro of this land is an American first, last and always and it is his duty to defend his flag. Colored citizens have never been traitors. The splendid illustrious record of the "Black Phalanx" from Crispus Attucks and Bunker Hill to Carrizal must be maintained.

I urge you to held God and our country by sending in your names at once.

GEORGE H. WOODSON,
Patriot, Lawyer and former member of Company "I," 25th United States Infantry, permanent address Lock Box 535, Buxton, Iowa.

I hereby concur in the above.
F. H. CRUMBLY.

COLOR LINE BOBS UP IN HIGH SCHOOL AGAIN

The Color line has again bobbed up at the Wendell Phillips High school in Chicago. This time it is in the military training department. However, before we go any further we will state that a Defender reported called on Mr. Spencer R. Smith (white), principal of the school, and was informed that he would not nor has ever sanctioned such a move.

Sergt. George Kaiser (white), from the regular army, who was sent there to form a company, suggested to the principal forming a separte company for members of the Race. Principal Smith at once told him that the "Colored boys" were in the orchestra and in the band, played on the school teams, and that if the officer wanted to separate them he would have to take it to the board of education.

Boys Won't Wear Buttons

Surprisingly on Tuesday morning the Chicago Tribune and the Chicago Herald came out with a story conspicuously displayed, saying that the boys of the Race there had requested separate companies formed. The Defender was on the job. We could not see how it was possible in this part of the country that our boys were asking Jim Crowism and we did not believe it. We located Edward Bostic, 3717 State street, and Elmer Davis, 3447 Dearborn street, two students who had called a meeting before school after seeing the infamous article in the daily papers. The entire school was against the segregation movement. The members of the Race signed papers to fight it. Young Mr. Bostic waited on Principal Smith and was told the principal's side of the story. All the members of the Race removed their buttons which were insignia of the high school volunteers. Usually there are some slackers in every movement of this kind. Walter Hughes and Carl Saunders refused to remove theirs. Among those who stuck with the Race are Maurice Heywood, Thomas Watts, Jack Talbert, Nap Smith, Adolph Sims, Jr., LeRoy Sorenson, Edward Proctor, Leon Peyton and Horace Kelly. There are others whose names could not be learned.

There are two Japanese in the companies, plenty of Jews and Irish. Sergt. Kaiser at first intended to hold an examination for officers, but when he saw that some of our boys would take the examination he appointed temporary officers, naming all whites and Jews. The action of this man has aroused the Race in this neighborhood and it only brings out the demand of the Chicago Defender that our Race needs a man on the school board. We are glad that Mr. Smith would take no hand in the matter.—From the Chicago Defender.

MISS LILLIE CRANE LAID TO REST

Miss Crane, whose body reached the city from Atlanta, Ga., Thursday, a week ago, was buried from the Second Baptist church last Saturday at one o'clock.

The funeral service was solemn and beautiful. Si xyoung men served as pall bearers, while six young girls in white served as honorary pall bearers.

Dr. H. D. Prowd spoke comforting words from the text, "She is not dead, but sleepeth," and several beautiful solos were sung. Smith & Williams were in charge.

SOUTHERN PROPAGANDA INVADES HYDE PARK

Whites Try to Keep Church Members From Building

The Hyde Park Herald (white) an organ of the defeated Alderman Merriam and the once defeated candidate for mayor of Chicago, is up in arms because Hyde Park A. M. E. church is making an effort to build a new church in the Hyde Park district, 5626 Lake Park avenue. There are at least 2,500 reputable members of the Race employed in the district without adequate facilities for their moral, social and religious improvement. The Rev. Wr. Griffin, pastor of the church, is making a strenuous effort to create a higher moral atmosphere and give life and vigor in the community where they are to live, rear and educate their children. The church people purchased a piece of property at 5262 Kenwood avenue. Men and women of both Races subscribed toward the fund and outlook is very bright for a neat church to be erected. Now comes the Hyde Park Herald with its un-Christian, heartless endeavor to raise the Color question and trying to keep a people from serving God in a community where they have bought and paid for property upon which to build their church. The Herald says that the white people are satisfied with members of the Race doing their work, but Great Scotts, don't have a church to be instructed how to live clean moral lives; you can be our chauffeurs, but don't have a Sunday school to train your children. The wives of chauffeurs may do the work, but no day nursery can be maintained in the Hyde Park district. The Herald and Merriam, known to all Chicago as the "Jim-Crow" Alderman, may scare some with headlines in their new weekly journal, but the members of Hyde Park A. M. E. church are determined to have a church. Every member of the Race in that section works and are substantial citizens and will not stand to be kept out of a part of the city where they contribute to its success. Why should we be kept out any more than a Catholic, Lutheran or Christian Science church? The Herald has struck a "snag" by fostering such devilish idea among the fair-minded people.—From the Chicago Defender.

THE EAGLE CAFE AT 816 CENTRAL

For more than two years the Eagle Cafe at 816 Central Ave., held forth as the leading Central Avenue cafe. All over Los Angeles it was whispered, "If you want a good home cooked meal, go to the Eagle Cafe." For the past few months, however, the Eagle has passed through a hand changing period. It seems that this revolution had to be, for at last the pendulum has fallen on Mesdames B. Brooks and F. Henkles and these two splendid women have not only changed the appearance of the Eagle, but likewise the bill of fare, and now you may secure the best home cooke.l meal, the biggest variety, the most polite treatment and the greatest quantity for less money at the Eagle than at any other cafe in the city.

This Palatial Home Will Open Sunday

The twenty years of effort and hope, of Southern California Negro Baptists, has been realized in the completion of their new $5,000 Old Folk's Home building. To celebrate the event, Baptists, Methodists, Episcopalians, and all other denominations, are coming from all parts of Southern California, to attend the dedicatory and opening services to be held at the home, on this coming Sunday, March 25. The home is located on Linwood Road, at the corner of Willow avenue, four blocks east of Abila Station, Watts, which is reached by Pacific Electric cars running to Long Beach, Newport and San Pedro.

Dedicatory Services

The dedicatory services will commence promptly at 1:30 p.m. and the pastors of most of the churches have arranged to dismiss their congregations early enough to allow prompt arrival on the grounds; and some of the smaller churches will not hold any morning services at all, but will devote their entire day to worship at the home. The program has been arranged, and includes representatives of other denominations, besides Baptists, to carry out the non-sectarian principle of the home, as the home will receive inmates without regard to religious affiliations.

Four Acres

The home grounds consist of four acres of fertile soil, which produces abundant crops each year. Water is so plentiful, that it flows, without pumping, from an artesian well.

New Building

The new building is a beautifully arranged two-story frame structure, with eleven bed rooms, kitchen, dining room, living room, chapel, reception room, four bath rooms, four large spaicous sun porches, basement, screen porch. Every room is equipped with modern gas and electric connections, and outlets for heat from a hot-air furnace, which is to be installed in the basement. A special feature in each room, is an electric push button by the pressing of which, the matron can be instantly signalled to any room to the aid of the inmates. All modern conveniences are installed for the comfort of the inmates. The land and buildings are valued at twelve thousand dollars.

Furniture

The cost of the building, $5000, was so great, that the Association has to apply to the public for assistance in furnishing the home, and as results, several liberal donations of furniture have been made; among these are the donations made by Mrs. E. J. Brent, the Allensworth Art and Industrial Club, the Christian Aid Club of Watts and several other organizations, each of which furnished a separate bed room. More furniture is needed for other bedrooms, for the kitchen, reception room, chapel, and matron's office. Bedding, lace curtains, cooking utensils, dishes, provisions, and many other household supplies are very much needed, and the Association has invited all persons and organization to donate these things at once. Many organizations and individuals have arranged to take their donations of money, etc., to the home on Sunday, at the dedication.

Inmates

Applications for admittance of prospective inmates are receiveable now, and application blanks may be obtained on request, from Afue McDowell, secretary of the board of directors, 256 Wilcox Bldg., Main 3935, Los Angeles, or from any of the officers of the Association. All inmates will be required to pay, in advance, an admittance fee of $100, which will be used towards the support of the home, as besides such fees, the home will be supported exclusively by donations, and by funds raised by the Baptist churches.

The successof this home is the result of twenty years of hard work on

What the Churches are Doing

WARD CHAPEL A. M. E. CHURCH

1354 Channing St.

Rev. J. W. Price, Pastor

The work at this church is progressing very pleasingly; at the close of last Sunday's services three accessions were recorded, two of them converts. The audience on last Sunday morning was somewhat unusual showing a marked increase in attendance. We called to see Sister Wm. Galloway this week and found her much improved; so much so that she anticipates coming to church on next Sunday morning, the Lord being willing. While there we baptized her little godchild, the infant babe of Mrs. L. Parks.

Sunday, March 25, is the day for the grand quarterly review to be held here under the direction of Mrs. J. C. Slaughter, assisted by Prof. Hale, the Rev. Dr. Eason and others. You can not afford to miss this. It is indeed interesting.

Our third quarterly meeting will be held Sunday, April first, and according to the arrangements of the Methodist Ministers' Alliance the Rev. Dr. Shaw will preach the sermon, unless there is some change. The services will be at three p.m. sharp.

Services, Sunday, March 25—Sunday school at 9:30 a.m.; Christian Endeavor at 6:30 p.m. Preaching 11 a.m. and 7:45 p.m. All are welcome.

Y. M. C. A. NOTES

The subject for the Y. M. C. A. meeting Sunday is "The Value of Time." Read before coming, John 9:4-5 inclusive. All Y. M. C. A. fellows who wish to take part in the 1917 baseball teams are asked to meet at the Y. M. C. A., Monday evening, 7:30. Many improvements in the physical department are contemplated.

ST. PAUL'S BAPTIST CHURCH

The St. Paul Baptist church had a great day last Sunday. Bro. A. J. Williams preached an able sermon. In the afternoon the B. Y. P. U. Federation met and had a great session. In the evening the Hall Jubilee Singers were with us and gave an enjoyable program, so you see we are getting along nicely.

On Sunday, March 25th, the Sunday school will take up at 9:30 a.m., at 11a.m. there will be preaching, at 6:30 p.m. the B. Y. P. U. will hold their session, and at 7:30 p.m. there will be preaching.

FIRST A. M. E. ZION CHURCH
Pico and Paloma St.

Rev. B. C. Robeson, S.T.B., Pastor

By all means be on hand Sunday to enjoy the revival spirit now at fever heat around you. All of the new converts will be on hand to make further strides along the Christian pathway.

The pastor will preach at 11 a.m. from the subject, "Who Put You in the Ditch"

8:00 p.m.—"A Great Rock in a Weary Land."

Sunday school at 9:45 a.m.—Classes for adults. A real live Christian Endeavor challenges your attention at 6:30 p.m. If you want to be helped, if you want to enjoy the Sabbath day, come and sit around the bulwarks of Zion. Welcome to all.

FIRST A. M. E. CHURCH NOTES
Corner 8th and Towne Ave.

Rev. J. Logan Craw, Pastor

Sunday proved to be another big day at historic 8th and Towne Ave. church. Rt. Rev. L. W. Kyles, A.M. D. D., the distinguished prelate and Bishop of Seventh Episcopal District, A. M. E. Zion church kindly came over out of reciprocation of the fellowship existing between these sister churches and the zeal for the unification of Methodism and preached an ever-to-be-remembered sermon at the morning service. The text was from Matt. 7:25. "And it fell not, for it was founded upon a rock." There were fifteen accessions to our membership at this service. Nine of whom were converts. Young men, young ladies, professional men, business men and steady, industrious people of our city made up this galaxy of noble recruits for the service of God and humanity. There was one accession also Friday night, which gave a total of sixteen additions in the Sunday service. Two large congregations worshipped at both services. Long live Bishop Kyles to continue the splendid work he is now doing. We will be glad to have him come again.

Sunday will be another big day at First church. It is "Baptising Day." The pastor will deliver a sermon at 11 o'clock on the subject, "Baptism." At 7:45 the subject will be "The Christian's a Militant Life." Baptising by immersion at Second A. M. E. church, Furlong Tract, at 3 p. m. You are welcome to all.

Three big services Easter Sunday. The Sunday School will hold forth with special program at 3 o'clock in our spacious church auditorium. Get ready for the rally. Get ready for these services.

LINCOLN MEMORIAL CONGREGATIONAL CHURCH
30th Stree and Central Avenue

E. E. Lightner, Pastor

The usual good services were held at this church on last Sunday. The pastor spoke at both services, taking as his text in the morning, "Thy kingdom come;" in the evening, "An Indomitable Witness."

The membership has been divided up into clubs and all are working zealously in the interest of the big rally that comes the first Sunday in May, for the purpose of making improvements in the church and parsonage.

The evening service of next Sunday, March 25th, will be under the auspices of the Missionary Society of the church, of which Mrs. Charles Alexander is the efficient president. Prof. and Mrs. F. S. Dart; formerly of Talladega College, Alabama, but more recently of Mt. Silinda, Africa, will be the principal speakers of the evening. Every one should grasp this opportunity of getting some first hand information about this great continent and its people.

"Christ, the Restorer" will be the theme of the pastor at the morning service.

Beginning next Monday evening, March 20, at continuing through Easter Sunday, April 8, a special series of evangelistic services will be held each evening except Saturday. Let every loyal Christian soldier enlist in this battle against sin and wickedness. Let no one stay away. The battle is the Lord's. Good preaching each night, by some of the ablest divines in the city. You are invited to all these services.

PHILLIPS CHAPEL C. M. E. CHURCH
1406 Newton Street

Rev. J. C. Anderson, Pastor

Two very spiritual and helpful services were had at this church on the past Sabbath and were very much enjoyed by the two large congregations in attendance. The new pipe organ was in service for the first time and the people were charmed with the sweetness of the singing of the choir. The choir will render their regular monthly concert on Sunday evening and it goes without saying that it will be a treat to those who avail themselves of the opportunity to hear them.

The Sunday School and Epworth League continue to grow in interest and numbers.

The ladies of Board No. 1 are putting in a beautiful carpet for the pulpit and choir stand and when it is completed and the new seats are in, which will be soon, the church will be a thing of beauty. The public has a standing invitation to worship with us at any time

THE PEOPLE'S INDEPENDENT CHURCH OF CHRIST
Corner 18th and Paloma

Rev. N. P. Greggs, Pastor

"Christ our Teacher," was the theme of Rev. Greggs, pastor of the Independent Church of Christ, on last Sunday. He said in part:

"The Christian army of this world is daily attending a University of learning in which Christ is the teacher. He, not like the instructors of the material university who impart knowledge to their students, along with that they teach and preach, living a pure honest and upright life. But they themselves are not examples. They do not practice what they preach. Christ is the perfect teacher, the one from whom you may accept his teaching and also take his life as your example and follow in his footsteps. In the University conducted by man, by some the examination day is looked forward to with dread. That is the student who has mixed too much play in with his work. He is not ready for the examination. So it is in the University conducted by our great teacher, and when the examination day comes, there will be some who have mixed too much of the world in with their Christian training and they will not be ready. The commencement day marks the beginning of a new life for man's university student. So does the commencement day of the greatest of all mark the beginning of a new and everlasting life for the one who has followed the directions of his teacher, Jesus Christ.

WESLEY M. E. CHURCH
8th and San Julian

A. P. Shaw, Pastor

Large congregations attended the services at Wesley M. E. church last Sunday. The pastor, Rev. A. P. Shaw, preached morning and evening. Both sermons were well received. Three persons united with the church, two of whom were converts at the altar. Not a person who attended any of the services went away without being helped in some way.

This Sunday is Young People's Day. At 11 a.m. the pastor will preach on the subject, "Safety First," a special sermon to young people but of great value to those of all ages. At 3 p.m. the pastor will preach the annual sermon for the Knights of Pythias. His subject will be "Building a Race." This is one of the pastor's greatest sermons. Every person who can be accommodated in our large auditorium ought to hear it.

At 7:30 p.m. the young people will render a sacred concert. Come and spend the day with us. The ladies of Rally Club No. 5 will serve dinner at the church. Mrs. Lund is captain, Mrs. S. H. Greer assistant. The "Old Reliable" cook, Mrs. Wilkerson, will preside in the kitchen.

Come and bring your unconverted friends. The pastor is glad to have such splendid helpers in his local preachers, among whom are Brothers Warren Majors, Stout, Adkins and Jones.

These brethren will conduct a series of house prayer meetings next week preparatory to our Passion Week revival services.

Rev. Mr. Danly of Fowler, Cal., was with us Sunday night and spoke encouragingly of our work.

All are welcome.

FRIENDSHIP BAPTIST CHURCH

In the absence of Rev. Newman of Sth Francisco, who was expected to preach last Sunday morning, Rev. Tillman, the supply pastor, offered a very excellent sermon upon "Freedom by continually abiding in the Truth."

"Ye shall know the truth and the truth shall make you free," was the Bible reference used.

As usual Dr. Tillman presented phases on this subject not usually brought out in the average sermon. At 4 o'clock a special called meeting of the Women's Home and Foreign Missionary Society was held to clear up matters relating to this organization's part in the Old Folks' Home project. The B. Y. P. U. service and program were of usual merit. The evening service consisted of a powerful sermon upon "The Dry Bones," by Rev. Tillman. Mrs. Tandly of Los Angeles rendered a sweet vocal solo preceeding the sermon and Mr. O'Neil of Los Angeles was heard in music and reading after the sermon. Dr. Tillman in his discourse indulged very lightly in the sensational fervor usually accorded this subject, but rather dealt wholly with its intrinsic value from a Biblical and historical standpoint. At all services appeals were made in behalf of the Old Folks Home opening and the church rally on Sunday, June 10. Excellent sermons, good music, large attendance and contributions with increasing additions to the church roll, sums up the average service to which the public is cordially invited. Mrs. Correy, president of the Young Women's Missionary Auxiliary, was hostess to her organization on Thursday evening of this week at her home on Garfield avenue.

METROPOLITAN CHURCH NEWS

The Etude Choral Society is enjoying increasingly interesting meetings on Tuesday evenings. Serious work has begun and some time in May fixed for the first public appearance of the society. Some of Verdi's operas have engaged the club's attention so far.

The Rally at the church last Sunday was a gratifying success. Services will be conducted as usual Sunday. Everybody receives a cordial welcome to this church.

RALLY REPORTS SWELL TOTAL

Interest at the A. M. E. church Sunday centered about the final reports of the Rally begun the previous Sunday. The total announced was $789.15 raised as follows:

From the fair and Ladies' Aid, $102.67; from Mrs. Harding's Club No. 1, $218.81, including a donation of $50 from Mr. Harry Adams; from Club No. 2, J. W. Davis, leader, $100.62; Club No. 3, Miss Silman, leader, $64.59; No. 4, Edward Fouche, leader, $70; No. 5, Mr. Andrew Burton, $103; No. 6, Miss Jennie Robinson, leader, $108.78. When the bulk of this money was taken to the bank to be applied on the note, the National Bank of Pasadena gave the officers $15 and announced $98 more would clear and enable the church to burn the note. Bro. Wm. Bunch has taken charge of an effort to raise this $98 in six weeks. Rev. Dyett is justly elated over the results of the rally, the church is proud of its showing and delighted with the pastor who has led them out of financial distress into a condition where no debts press.

The Ladies' Aid met with Mrs. Robert Young of Mountain St. last Thursday and enjoyed a very pleasant session. Bro. Burton will lead the Young People's meeting Sunday night. Choir and Sunday school are preparing for Easter. The school takes the morning service hour. At night the choir will give a sacred concert.

Zion Pastor to Preach

Rev. Robeson of the First A. M. E. Zion church, Los Angeles, will speak at 3 o'clock of the first Sunday afternoon in April. Dr. Robeson will speak under the auspices of the Stewards who are in need of funds for their department. At night on that Sunday Rev. Henry of the Zion church in Monrovia will preach. This strenuous effort is being made to aid the steward's department.

SCOTT CHAPEL NOTES

Last Sunday Scott Chapel was blessed with wonderful messages. At 11 o'clock the former pastor, Rev. S. B. Danley, preached. In the evening Evangelist Cuddy of Washington, D. C. opened the eyes of the people with his remarkable prophetic messages. Wednesday morning Pastor Kinchen addressed 300 white ladies at the First Methodist church and was assisted in this service by Mrs. M. Moore and Mrs. Levi Mills, who rendered vocal selections. At the Pasadena Presbyterian church, one of the finest churches in America, the quartet from Scott Chapel in charge of Mrs. Monroe Beavers, inspired a large company of leading missionary women of the Presbyterian church by the songs of our fathers and mothers. The Missionary Society met at the home of Sister Wilson last Thursday night and planned for a definite program of community work. The Queen Esther Circle has taken hold of the young people and Miss Zenobia Duncan supported by the superintendent, Mrs. E. Monroe Beavers, have hopes for the young people not only of Scott chapel, but of this entire community. Pastor Kinchen will preach at both services on the Sabbath.

BY MISS VIVIAN CAMPBELL

Atty. W. O. Tyler Entertains Ministers of City.

The home of Attorney W. O. Tyler, 1200 E. Adams street, was the scene of a brilliant reception and dinner party last Saturday evening. The occasion was a dinner given in honor of the local clergy by Emma Lottie Williams, sister of the attorney. The house was tastefully decorated with green carnations, in keeping with the commemoration of St. Patrick's Day. Mrs. Vernon Robinson and Mrs. E. T. Ellsworth stood with Mrs. Williams behind a table from which the dinner was served to the following assembled guests: Presiding Elder, Rev. J. H. Wilson and wife, Rev. J. Logan Craw and wife, Rev. E. R. Johnson and wife of Spokane, Washington; Rev. E. R. Johnson and wife, Rev. J. W. Price and wife, Rev. H. D. Prowd and wife, Rev. J. D. Gordon and wife, Rev. F. H. Davis and wife, Father Clegborn, Mr. A. L. Tilton and wife, Mrs. White of Seattle, Washington, and Attorney I. D. Blair.

A very pleasant social hour was spent after dinner and everyone expressed themselves as having enjoyed both the occasion and the menu.

Last Monday evening the Dining Hall of Peoples' Independent Church contained about 50 young people in one of the regular social meetings of the Young Peoples' Advancement Club. A most excellent program was rendered. Among the numbers was a solo by Miss C. Albritton, and Mr. J. Russell; an instrumental solo by Miss L. Street and short and spicy addresses by Mr. C. Dones, Mr. H. Prince, Dr. L. Stovall, Mr. Walder, Mr. D. Johnson, and others.

After the program, the remainder of the evening was greatly enjoyed in playing several new games.

Tables were stretched in the Dining Hall, and the young men who acted as waiters, wore snowy white coats while waiting on their guests, the club being the guest of L. Hickman, Wm. Streets, and Wm. Edmonds.

Miss Grace McDowell of West 11th St., is at home sick with a touch of la grippe this week.

The Girl's Club of the westside gave a barn dance on Wednesday night at the home of Miss Jennie Warren of W. 36th St.

The Booker T. Washington Hotel has changed hands again and is now owned and operated by Allen Bros. who have promised to make it one of the best and cleanest on the Pacific Coast.

The New Angelus theatre is soon to be opened under new management, but we do not know as yet who the new proprietor will be, but save your nickels for the opening.

The Young People's Missionary Society of the Second Baptist Church will meet Sunday, March 25th, at the home of its superintendent, Mrs. J. A Eldridge, 1355 W. 35th St.

Mrs. Sadie Chandler-Cole has moved from her home, 459 East 29th St. to 927 East 12th St., where she will be pleased to meet her many friends.

Mrs. J. B. Bass and Miss Ellen Prowd, daughter of Dr. and Mrs. H. D. Prowd, spent Wednesday and Thursday of this week at San Diego, and were house guests of Mrs. Cabell of National Ave.

Upon their return to the city Thursday evening Miss Prowd and Mrs. Bass report a very pleasant stay at San Diego.

Dr. Eugene Nelson delivered a very timely lecture at the Forum last Sunday upon the greatly discussed subject of "Birth Control."

Dr. Nelson's usage of the subject matter showed him to be well read, and thoroughly acquainted with his subject. After the address the subject was ably discussed pro and con by the Forum goers.

The supposed street of gold in Bagdad it seems turned out to be only filthy lanes.

J. G. Growes, the potato king of the Kaw Valley, if he has not lost his cunning, is the man of the hour.

It is not only our duty to be loyal to the American flag, but it is to our interest to tell everybody that we are.

The extraordinary session of Congress has been advanced two weeks. The extra session will meet on the second proximo.

At any rate Francis J. Heney will have the everlasting gratitude of the small publishers of this country if the price of paper really goes down.

This city, Los Angeles, has no doubt a large number of German sympathizers, but we dare say there is not a single Negro in the city or State who is other than a warm supporter of the United States.

And now the experts declare that this nation is at war with Germany and that such war began with the sinking of our ships by the German submarines. This month can be justly termed the hoodoo month, for in the month of April began the revolutionary war, also the Mexican war, the Black Hawk war, the Civil war and the Spanish American war.

The All American League will have a public session Monday evening, March 26th, at the Congregationalist church, Dr. Lightner, pastor, and the newly elected president, J. A. Colley, will preside. Exhibitors at the recent Conclave at Exposition Park who have not received their diplomas will receive them at this meeting, and also have an opportunity to become members of the League.

We are informed that the Negro National Educational Association in its session at Kansas City, Mo., addressed resolutions to President Wilson pledging its 56,000 members to sustain him in his declaration of war on Germany. Good, the California Eagle will proceed to editorially pledge the entire Negro population of the United States to any and all wars the nation has on hand at present and likely to have in its history. Now!

In a patriotic speech in New York, Theodore Roosevelt calls for volunteers to go into the trenches of Europe at once. This is not a very encouraging invitation to enlist. In the trenches is largely the "waiting and watching" inactivity that takes all the enthusiasm out of fighting. Why not invite the American boy to enlist for some genuine "scrapping," that is the true American way.

Now that ex-Mayor Snyder has shied his caster into the ring something will be doing. The Socialist Party also has entered a ticket for Mayor and Councilmen. The way the line-up appears now the candidacy of Snyder will be the "liberal sentiment," which would have included a large proportion of the Union Labor vote were it not that the Socialist ticket will as usual receive a large proportion of that vote. The successful effort Mayor Woodman is making to throttle the "high cost of living" by establishing municipally owned and controlled food markets gives the friends of the Mayor hopes to elect him in the primaries. With fair minded men no reason can be shown why Mayor Woodman should be held responsible for the councilmanic conditions he found when he became the chief exetive of the city.

MAYOR WOODMAN HAS MADE GOOD

The regime of Mayor Woodman as the executive head of the city government of Los Angeles has challenged the admiration of all the people who stand for real progress. He has proved his worth by giving to the city a straightforward business administration and out of the chaotic state in which he found the city's affairs the best of order now prevails and it can be truly said that the highest ambition of his honor, the mayor, has been to render the most good to the greatest number of its citizens.

It would be impossible to please everybody, there are even individual instances from a personal standpoint that we could say that things have not been decided to our liking, but way above that we have seen a man who has demonstrated exceptional executive ability, and who has absolutely made good, who has set a standard for business methods and honesty in the government of this great city and on this record the California Eagle desires to endorse Mayor Woodman and to tender our support for his election to succeed himself at the coming primaries.

THE TRUE AND DEPENDABLE AMERICAN

We have before us a letter received from Mr. C. F. Easton, who was at one time chancellor of the K. and P.'s of the New England jurisdiction of the E. & W. H. division of that order, wherein he says:—**"The only dependable elements here after all is the Afro American. Patriotic, unflinchingly loyal and incomparably courageous, he is the true American."** This last paragraph after he had expressed himself thus: "I hope that the railroad strike does not materialize; it would be both inopportune and disastrous. Never did the United States need concerted efforts of all its elements more than at the present time. The resourceful German would quickly profit by resuling disorders of a strike." Mr. Easton speaks with some authority. The Colony and State of Mass., in the Revolutionary war and in the Civil war, received eloquent testimonies of the Negro's loyalty, patriotism and courage. Here but recently a German statesman is reported as saying, "deprive the United States of her fighting Negro population and Germany would have nothing to fear from a war with the United States." However true or false this may be, the man who spoke those words has had an opportunity to witness the fighting qualities of the Singalese, Turcos and other of this dark race on the battlefields of Europe, and their magnificent charges upon the embattled works of the enemy have been incomparable. The Negro sleeps now upon his wrongs and they are many, brutal and infernal, may he never in a spirit of reprisal awake to a sense of his great possibilities as a soldier, soldiering distinctly for himself. May he remain as he is today, "patriotic, unflinchingly loyal and incomparably courageous.

AN APPOINTMENT LOS ANGELES WOULD APPRECIATE

No man worked harder for the magnificent vote for United States Senator Johnson than the Hon. Joseph Crail, who was chairman of the Campaign Committee of the "Hughes, Fairbanks and Johnson" campaign in Southern California. In close touch with Mr. E. A. Dickson, the little Warwick of Southern California politics, and all of the workers for humane government, Mr. Crail should be a powerful factor in the administration of Governor Stephens. He has the happy faculty of knowing how to meet men of all classes, winning and retaining their confidence, and a discernment that properly "sizes up" their efficiency and reliability.. Governor Stephens made a happy selection when he appointed Executive Secretary Madsen his private secretary, signifying that the very effective machinery of government that for six years so successfully combatted reaction, will continue on the job for at least two years longer, when it is to be hoped the same tremendous majority that applauded with their vote the record of his distinguished predecessor, will elect Governor Stephens for the four years term. Now Governor Stephens has an opportunity to repeat himself by the appointment of Mr. Crail, an eminent attorney, to the position of executive secretary and by increasing the pay of that office to a par with the salary of the private secretary, not only reward a deserving man, but also retain for the State a thoroughly capable servant. There is no certainty that Mr. Crail would give up his large and lucrative practice to accept any political position, and this editorial is written without any knowledge whatever of his disposition along these lines, but the people of Southern California would gratefully acknowledge this deserved recognition of the governor's home section of the great State which has so frequently honored Mr. Stephens by sending him as their representative to Congress, which gave him the opportunity to show his eminent fitness for the exalted position he now holds.

An Exciting Time.

Mr. J. R. Manning, Reporter for the California Eagle, was standing on the corner of 52nd and Holmes Ave. about 4:50 o'clock on Thursday afternoon, when a bunch of about a half-a-dozen grow up children came running towards him, hollowing Fire! Fire!! Upon getting to where he stood they requested him to turn in the alarm, which he readily and hastily did. While the Fire Deparment was responding to the call, which it immediately did, our reporter followed the children to the scene of the fire, and found himself on 54th St. where he saw everybody hollowing and crying, All that seemed to have been in the house, was now on the street. He was informed that the lady had gone to the grocery, but he was not satisfied, for he could see no real cause for the excitement, so he went on into the house to make further investigations, and there he found the lady of the house standing in the middle of the floor, and telling her story in these words, "Hey i is all skeerd to det, an moved out on da stret, wen da aint no fish but in da chimney." The reporter offered his sympathy.

Miss Bailey Laid To Rest.

Miss Jessie Bailey, who died at her home, 1017 E. 9th St., last Friday, March 17th, was buried on Tuesday, March 20th. The funeral service was held at the home of Miss Bailey's mother, Mrs. Ruth Bailey. Rev. J. Logan Craw officiated, and the ceremony was simple but pathetic.

Miss Bailey was a native of Missouri, but was reared at Topeka, Kansas, and for the past eight years has lived in this city. She was a splendid christian character, and a member of the First A. M. E. Church.

She leaves behind a loving mother, Mrs. Ruth Miller, a sister, Mrs. C. McDonald, and two brothers.

Roberts & Sons was in charge, and the internment was at Rosedale Cemetery.

Dept. of Forestry of Womens' State Federation.

BY MRS. GRAHAM.

The first of a series of articles which will appear in this paper from the Forestry Dept. of the State Federation. Gardtns are not luxuries, they are as essential to a home as a dress is to a woman. They belong to the category of necessities, such as bath and breakfast, rather than to that of superfluities like clubs and candy,—and they cost less,

To live in a country or city and not be surrounded with flowers or vegetable gardens, is contrary to nature. Every home should have, if not a garden, then blooms and greenery, color and background. The size of our place and of our pocketbooks are the first points to be considered in laying out our lot or back yard. But even if the start be small we know that year by year we can add a few plants or a new shrub, and have the delight of watering the growth of one garden.

Our previous instruction under the head of the Forestry Dept. has dealt mostly with the flower gardens; but this year, since the complaints of hard times and high cost of living are every where; the vegetable garden would be quite interesting and helpful to the many who have back yards.

Three popular members are in the Contest for Mrs. Reed William's gown, Mrs. V. C. Williams, Mrs. E. L. Williams, and Miss M. V. Cunningham. There are others to be heard from.

DARK TOWN DERBY COPPED BY MURPHY

Tia Juana, Mexico, center of attraction for the followers of the sport of the king last Sunday, Feb. 18, features were the Dark Town Derby, which brought thousands of spectators of all Races, as it was the first feature of the kind ever staged on the Coffroth track. It was comical and entertaining, as all the horses were owned by Colored men, with all Colored jockeys, which brought out the largest crowd of Colored people ever entered. Kid Nort said all that was lacking was his friend, Mr. Shanon of San Francisco, but the handicapper, Mr. Frisco, was there with glad smiles when Murphy on Calabrator caught the eyes of the judges first, 199 lengths in the lead of the last horse. Mrs. M. T. Laws occupied the press box for this occasion, where she chattered with the press men and listened to them phone and wire the news to different parts of the country.

The jockeys taking part were, Murphy, Goodwill, Earl, Malts, Shelton, Batiste, Ace, Wilkinson.

L. J. WILDE NOMINATED. SMOKESTACK CANDIDATE IS SLOGAN

Now the primaries are over with L. J. Wilde (Smokestack) candidate leading the ticket. The Eagle predicted Mr. Wilde's victory, and was at all times seeing that the voters were casting their ballots for the right man in the right place.

The people of San Diego express the appreciation for all the good deeds Mr. Wilde has done by giving him the majority.

But the battle is not over. We will still continue until victory will be paramount.

Now let all work together and send L. J. Wilde to the City Hall with the feeling that we are all with him. The same as we are with the President.

CREOLES OF LOUISIANA

Harris Dickson, who knows a great deal about New Orleans, declared in an article published some years ago that outside lower Louisiana the word "Creole" is still misunderstood, and added this definition of the term: "A person of mixed French and Spanish blood, born in Louisiana."

Between the dialect of the Louisiana Cajun (Canadian) and that of the French Canadian of Quebec and Northern New York there is a strong resemblance—the Creole negro language is a thing entirely apart, being made up, it is said, partly from French and partly from African word sounds, just as the "gulla" of the South Carolina coast is made up from African and English.—Colliers.

SIX CITIES YOU SHOULD SEE

There are at least six cities on this continent which everyone should see. Everyone should see New York because it is the largest city in the world, and because it combines the magnificence, the wonder, the beauty, the sordidness and the shame of a great metropolis; everyone should see San Francisco because it is so vivid, so alive, so golden; everyone should see Washington, the clean, white splendor of which it like the embodiment of a national dream; everyone should see the old granite city of Quebec piled on its hills above the river like some fortified town in France; everyone should see the sweet and aristocratic city of Charleston which suggests a museum of tradition and early American elegance, and of course everyone should see New Orleans.—Julian Street in Collier's Weekly.

More than 100,000 well-to-do people from every state of the Union are wintering in Southern California, there being 30,000 in Los Angeles alone, 15,000 in Pasadena, 5000 in Santa Monica and the west beaches, 12,000 in San Diego, 7500 in Long Beach, 1000 in Redlands, and 1200 in Riverside, not counting the thousands in Santa Barbara and in Orange and San Bernardino counties. The problem of getting these visitors back to their respective homes is the big one that the railroads have to contend with; but that is in the future, and at present the easterners are having the time of their lives, motoring, golfing, dancing and some of them, flirting—so let the future take care of itself.

"SMOKESTACK"

Candidate for Mayor

ANOTHER FOUR YEARS, MR. WILSON

Woodrow Wilson, against the desire of the Colored people of this country, you have been re-elected and returned to power. Although against our wishes and what we consider the best interests of the country, we submit to the rule of the majority (?) which is or should be the guiding principle in a Democracy.

Mr. Wilson, during your last term, while you have, in time and out of time, preached "humanity," you have done nothing to lessen the oppression or to right the wrongs of ten million loyal Colored Americans. Conceding that you have dealt humanely with Mexico, if rashly and drastically with Haiti, what have you done to lessen the burdens or to encourage the game struggle against mighty and almost overwhelming odds of ten million native Americans?

Mr. Wilson, the Colored people of this country have been and continue to be ever ready to give their best blood in defence of the Stars and Stripes. This country is now facing a serious crisis in both her foreign and domestic relations. Should war come, Mr. Wilson, you will be surrounded by traitors and spies, but these will all be white persons, Mr. Wilson. Wherever danger threatens the Colored people are with you, Woodrow Wilson. Not because they love you, but because as President you represent the Flag.

And, Woodrow Wilson, we want you to understand clearly that we consider you false to your great trust as President of all the American people, and we are watching you keenly to see whether that great "humanity" you have so much prated about will be for another four years withheld from the Colored man by your friends in Dixie and with your silent approval. We are wondering, Woodrow Wilson, whether as Chief Magistrate of the land you will allow another term to pass in silence and inaction on the wrongs of ten million loyal Americans.

Woodrow Wilson, we are of the mind that obligation without rights is just as ridiculous as taxation without representation.

the part of the Southern California Baptists, and the work dates back into the nineties; when Rev. C. H. Anderson, late pastor of New Hope Baptist church (Los Angeles); Rev. Shields, of San Diego; Mrs. Dent, of Pasadena, and others, launched the idea of the Home. After the women of the women's missionary department of the Association had ably assisted in raising the necessary money to finish paying for the four acres and for starting the new building, the work of erecting the new building was reposed in the directors, whose building committee has faithfully stuck to the work of attending to the many details of the business of letting the contract, seeing that the work was properly done, and of arranging for the dedication. The building committee is now composed of Rev. J. M. Riddle (Pasadena), chairman; Mrs. W. E. Ford and Mrs. S. B. Strickland (both of Pasadena); Mrs. J. Davis, Mr. S. P. Johnson, and Mr. Afue McDowell, Attorney for the Association (Los Angeles).

GLORIOUS OPPORTUNITY FOR SERVICE

Sunday, March 25, has been set aside by the churches of this city as a day to help the "Women's Day Nursery" in the performance of the tasks to which they have assigned themselves. These noble women are doing a great work. They are satisfying a need in this community that will result in the proper rearing of many to be numbered among future generations. They are helping mothers facing the arduous struggle for existence by taking their little ones and giving them the nurture without which their lives would be sadly neglected.

Talk about unselfishness—talk about a love for humanity—talk about serving your fellowmen. What a beautiful picture these women make as for no compensation other than the satisfaction of duty well done they give their time, talents, possessions and gifts to properly direct the energies of these budding plants. I have no doubt that the angels often make glad the City of God as they see them walking in the footsteps of Him of whom it is said, "He went about doing good." I can see some soul borne down amid the loads of envy, selfishness and avarice, about to lose faith in humanity, thrilled with joy as it sees written over the portals of this nursery, "Our hearts throb for the welfare of mankind. Here are pure unselfish, loyal and devoted souls laboring to make the world better and mankind happier."

All that these noble women ask is the unstinted support of those who benefit by their ministrations. All they ask is that at such times as now we give them a concrete expression of our appreciation and gratitude for their self-sacrifice and devotion to a worthy cause.

Shall we answer the call? Shall we respond to their appeal? Let us heartily answer yes. Let us give a contribution that will make their hearts glad. Let us enable them as they bind up broken hearts, help to fill aching voids, wipe the tears from anxious eyes, and bear the burdens of many mothers, feel and know that they have the loyal and appreciative support of those who hail them as Christian benefactors.

"We shall reap great joys in the by and by,
But what have we sown today?
We shall build us mansions in the sky,
But what have we built today?
'Tis sweet in the idle dreams to bask,
But here and now do we do our task?
Yes, this is the thing our soul must ask,
"What have we done today?"

Frank J. Horner

Candidate for the City Council.

In announcing my candidancy for the council I state my platform to be:

"The development of industry, the promotion of the interest of the man who works, and economy on little things as well as big.

The expansion of the City's commerce and the illimination of heavy taxes for unnecessary improvements.

Efficieecy and practical economy."

Having been a workingman all my life, the interest of the man who works will receive the first consideration from me. I will not be unfair in any act to favor the workingman; but shall see that his interest is not abused because he has not the time, the money or the knowledge to care for it himrelf.

As a lifetime observer of the civic management of this municipality I have noted necessity of more efficient management and application of practical economics. I therefore, welcome the support of all who are in favor of efficient management and practical economy.

JESUS THE WAY, THE TRUTH AND THE LIFE

March 25—John 14:1-4

"Jesus saith unto him, I am the Way, the Truth and the Life; no man cometh unto the Father but by Me."—Verse 6.

For three and one-half years our Lord had been making Himself known to His disciples, and had been acquainting them with the Father's character. Hence when He now informed them that He was about to return to the Father, they were to feel that they knew the Father better than ever, and could better than ever appreciate such a Home of righteousness and true happiness as he would provide and maintain. Moreover, their experience with our Lord, together with His instructions and teachings, had made them acquainted with the way to God, even though they did not recognize it as such. Hence our Lord's declaration, "I am the Way the Truth and the Life; no man cometh unto the Father but by Me."

Our Lord is the way in that through His sacrifice He has provided the ransom price. But the work of redeeming Adam and his race includes more than merely the providing of the ransom price, it includes the recovery of Adam and his posterity from the power of sin and death. Manifestly this work has not yet been accomplished, in fact, it has scarcely begun. The only disposition thus far of the merit of the ransom has been its imputation to the church. For nearly nineteen centuries—ever since our Lord's death and His appearance in the presence of God for the church—the ransom price has been in the hands of Divine Justice, unapplied as respects the world, and only imputed to the church, called out from the world during the Gospel Age, and it will require additionally the entire thousand years of the Messiah's reign to recover fully from the power of sin and death Adam and all of his posterity. Our Lord is the Truth in the sense that only through His words, His instructions, His guidance, could there be any hope of coming into harmony with the Spirit of God, the Spirit of Truth. He was the life in that all the race was dead, was under Divine sentence, had forfeited the right to life, and none could come into life conditions again except through Him—through the life which He gave for ours. Thus He is our ransom, our Way, our Teacher, our Instructor in righteousness, in the Truth, the One through whom we obtain life. Acts 4:12, John 14:6. So also Christ will be the Way, the Truth, the Life to the world of mankind during the millennial age. No man need hope for any place in any of the mansions of the Father's House by any other way, by any other truth or by any other life. As our Lord by His sacrifice and offering opened for the Gospel Church, His Bride, an abode in the Divine division of God's House, the Universe, so by the same sacrifice He will restore whosoever will of mankind and give them a home in the earthly division of the Father's House.—Acts 3:19-23.

The Very Image of God in the Flesh

Much as the Apostle esteemed the Master, it was difficult for them to grasp the thought of His perfection, to realize that He was the very image of God in the flesh. I Tim. 3:16. They had heard Him tell what they already knew from the law—that "God is a Spirit," not flesh and hence invisible. They had already heard Him declare previously, "No man hath ever seen God at any time; the Only Begotten Son . . . hath revealed Him." John 1:18. But they never grasped the thought that in seeing Jesus they saw the most that was possible to bee seen of the divine character—its likeness its perfect image in the flesh. It was therefore necessary that the Master should call their attention to this fact, saying, "He that hath seen Me hath seen the Father." He did not mean for them to understand that He was the Father, for this He had repeatedly disclaimed, telling them that the Father was greater than He, and the works which He did were accomplished by the Father's power. John 14:28. Nor did He mean them to understand that seeing Him they had seen an invisible being, as God is invisible. But He did mean them to understand that in seeing His character, His motives, His love, they had seen that which faithfully represented the Father in all these particulars. He would have them understand the unity subsisting between the Father and Himself, understand that His will was buried in the Father's will, that He desired no other will. He would have them understand that the Father, by His power, by His spirit, dwelt in the Son also, so that His words and His works fully and completely represented the Father. He declared to them that the works which they had witnessed during His ministry fully attested this power of the highest resting upon Him and operating through Him. His statement seems to have satisfied them and to have brought rest to their hearts.

His Followers to Do Greater Works

As a further explanation of the necessity of His going to the Father, our Lord said that as a result of His departure His followers should do greater works than He had done. Verse 12. Perhaps it may be proper to think that some of these greater works will be accomplished after the kingdom has been established—the great work of awakening mankind from the death-sleep and of restoring the willing and obedience to the full perfection of human life. Truly this will be a great work than our Lord Jesus accomplished at His First Advent; for then His greatest work was the awakening of a few sleeping ones without bringing them to full perfection of human nature! But this is not the only sense in which the Lord's followers are to understand that their work shall be greater than those of the Master. The Lord's work was on the human plain as a matter of necessity. The Holy Spirit had not yet come—could not come until He had given the ransom price and had presented it to the Father, and it had been accepted, consequently, since those to whom He ministered, including His Apostles, had not been spirit-begotten, they could not be instructed from that standpoint. Their ears were heavy enough as respecting earthly things; but in regard to Heavenly things they could understand nothing; for "the natural man receiveth not the things of the Spirit of God; for they are foolishness unto him; neither can he know them, because they are spiritually discerned." Only since Pentacost is it that "God hath revealed them, spiritual things, unto us by His Spirit," which "searcheth all things, yea, the deep things of God." I Cor. 2:10, 14; John 3:12.

Our Lord could do and teach on no higher plane than the earthly, except as He "spoke unto the people in parables and dark sayings," which in due time the church would understand, under the leadings of the Holy Spirit. It was in consequence of this that our Lord's miracles were all physical, and that His plain teachings were all of a nature appreciable by the natural man.

Upon the broad promenades of this park are found the people of all races and tongues passing to and fro enjoying the exuberant tropical sunshine with which only Southern California is distinctly famous. Here one sees the people in summer attire of the finest and lightest texture and where wraps are only needed after the master illuminator has hid himself behind the western hills, lying and resting upon the grassy swards are the rich and the poor, the pleasure seeker and the one of sorrow, captains of industries and the laborers, clerks and accountants, philosophers and student, old and young, white and other shades of people constituting this cosmopolitan population. All and in all, Eaastlake park is an aslyum well worth while and the money spent on its maintenance is multiplied millions over paid in the pleasure and comfort afforded the people. F. H. C

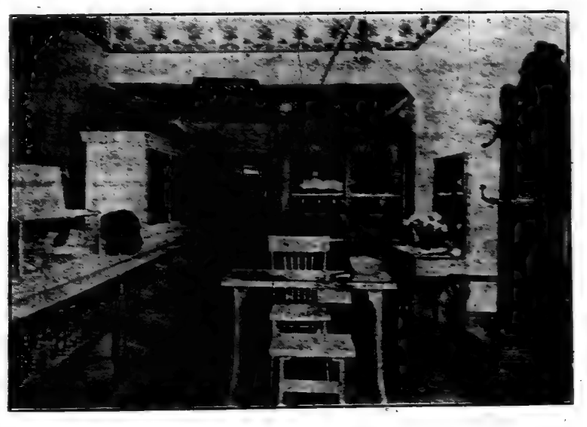
This is Your Opportunity—The Chance of Your Life



to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

AGGRESSIVE YOUNG MINISTER

Offers Argument in Favor of Negro Press.

REV. B. C. ROBESON

THE LOS ANGELES NEGRO WEEKLY PRESS

Of all the institutions in our City none exceedes in influence and continuous, service regardless of their nature, the Negro Press. The Negro Editor is the miracle of miracles. He does everything and anything essential to the life of his weekly; manages, edits, and many times even sets the type. From morning till night, week to week, month to month, year to year, he toils and labors and struggles to place on our tables a concrete idea of what he terms real service.

How he thrives nobody can tell. Receiving but meagre support from those whose battles he fights, burdens he bears, and crosses he lifts; he plods on uncomplainingly, anxiously waiting and watching for the dawn of a brigher day. Churches lift their spires heavenward and often fall to the ground as they strike the rock of dissension and strife. Fraternal Orders marcn joyfully along only to smoke the pipe of disgust eventually as a result of their own actions. Other organizations bob up over night and as quickly slide into the valey of forgetfulness, but the Ngro Weekly chronicles all these happenings and lives to place inscriptions on their tombs.

There must be a reason for this ability to win against great odds, to smile when the way is rough and walk erect when the feet are sore. I verily believe it can be found in the fact that at all times it remains true to its ideals and standards. It never forgets, only in rare instances, its purpose to lift up the race, to clarify its vision, and lead it into the paths of truth. Because its cold type burns with the fire-blood of human action. It constructs no barirers and sings no song of partiality. It recognizes all men as human beings and gives all a square deal before the bar of public opinion. It cerates no scandals, and countenances no slanderous assaults. Born because of a deep, vital need in the life of our people, it lauds the hero, condemns the criminal, encourages the worthy and assails with a peculiar force every doer of wrong.

We have four weekly papers here, viz: The Californa Eagle, The New Age, The Los Angeles Post, The Citizens' Advocate. They strive to help us climb the ladedr of progress; they warn us of the snares and pitfalls along the way; they cry out against the wrongs directed at us until Justice often lifts its voice and says: "Let them alone!" They have not and they do not receive the support to possible that we shall sit by and which they are entitled. Is it not say a word of encouragement? Shall we refuse to accept what they so freely give, their time, talents, and gifts for such a paltry sum? Let us say nay!

They open their columns to receive our essays, mnuscripts. Church magazines without a murmur. Other papers are dying with heart trouble at the high cost of paper and many not dead are on the border land of nervous prostration, but our Negrao Weeklies plod on and never fail us. They come with amazing regularity and lift no distressing voice. In a time like this when it is so earnestly teaching us the principles of patriotism, love and justice; when it is blazing the trail along which we shall surely have to travel and creating an atmosphere of happiness and peace, let us rise with one accord and stretch out a helping hand. Let us urge our friends and constituents to take one if not all of them and keep posted on the happenings of the day and drink from the fount of inspiration they afford.

"How much a little word of praise
Will keep a fellow going!
How much a little compliment
Will keep the sunlight flowing!
A word of cheer will do it, too.
So fellow man and woman,
Let's try today along the way.
To be a little human!"

NOTES OF INTEREST FROM PHOENIX, THE METROPOLIS OF THE MIGHTY FAR SOUTHWEST.

The "Fighting Parson," Dr. J. Gordon McPherson, Sways Great Crowds, as He Tours the State in Triumph. Racial Progress Seen Along All Lines.

By Staff Correspondent

National Negro News Service.

Phoenix, the queen city of the great Salt River valley, where once the burning sands of the desert held grim death and sway, where naugh of verdure gladdened the eye of man by night or day, there stands the bustling, busy city of Phoenix, metropolic of the mighty Far Southwest; there orchards vast and surrounded by fields of greenest grain, with beautiful homes and thousands of happy, contented, prosperous citizens. Phoenix is the county seat of Maricopa county and the capital of the Arizona, and has a population of about 23,000, and among them some of the most industrious and prosperous Negro citizens that can be found in the United States. Phoenix is a city of permanence and plentitude, surrounded by 200,000 acres of cultivated land, large producing mines, also enormous cattle, sheep and lumber industries, and offers a fine opportunity for the industrious Negro home seeker, the professional man, lawyer, merchant or farmer. There are three well established churches, namely the Second Baptist church, which is the leading and most influential, over which the Rev. Dr. F. T. Walker presides as pastor. Dr. Walker was formerly of Bakersfield, California, and is doing a great work here in Arizona, assisted by his accomplished wife, Mrs. Louisa Walker. Dr. Walker is leader of the Negro Baptist host of Arizona, moderator of the Paradise Baptist Association.

The African Methodist Episcopal church, is doing a great work under the pastorate of the Rev. Mr. Herring, who is caring for African Methodism in the mighty Southwest.

The Phillips Chapel Colored Methodist Episcopal church is pastored by Rev. A. C. Norris, a splendid young man, who is lifting high the standard of Colored Methodism.

The educational facilities are the best with separate school system, and has a beautiful modern, well equipped school building known as the Douglass school, with a faculty consisting of a principal and three teachers, Prof. P. Landry, an old New Orleans boy, formerly principal high school, Bryant, Texas; the assistants are the Mesdames Annia Maroney and E. C. Clayton. If there is any question as to the wisdom of having Negro teachers to train Negro children a visit to the Douglass school would convince the most skeptic, for the pupils of Douglass school are among the best informed the writer has had an opportunity of witnessing their work in class room in many a day. Principal Landry and his able assistants are to be commended for the high standard of efficiency among their students. The writer's attention was attracted by the announcement that the "Fighting Parson," Rev. Dr. J. Gordon McPherson, California's noted Black preacher, would speak at the Second Baptist church on Sunday evening. It would seem that the whole town had gone wild over the California preacher, both white and Black. It reminded one of the days of the late Booker T. Washington. When he visited a town he was the man of the hour. On Sunday evening it seemed as if all roads lead to the historic Second Baptist church, when the writer reached the edifice it was packed with a most cosmopolitan crowd of both Races that came to hear the much talked of "Fighting Parson," and in the language of the street urchin, "Der Parson was there wid de goods." He preached one of his famous sermons on the subject, "Where did Cain get his wife?" and from the moment that Pastor Walked introduced the famous Black preacher he was master of the situation and swayed the vast assemblage at will with his wit, humor and logic. His message was pronounced one of the most forceful ever listened to in Phoenix. So great was the demand for Dr. McPherson to give his famous war lecture on the "Daring Charge of Black Regiment at San Juan Hill," until he consented to deliver the same on Tuesday evening before packed house. Many were turned away long before the hour for him to speak. While in the city Dr. McPherson was pleasantly entertained by Rev. and Mrs. F. T. Walker, and was taken out sight seeing both in automobile and horse and buggy. The good Dr. Walker and his excellent wife did much to make the parson's stay pleasant. On Friday evenig, Dr. McPherson gave a powerful address on the subject "The Battle for Decency," under the auspices of the Clean Government forces and the meeting was attended by many of the leading civic workers in Phoenix, who applauded the forceful utterances as he plead for civic purity in clean government.

One of the prominent Race physicians that has a lucrative practice is Dr. W. C. Haskett.

Phoenix offers a splendid field for a good Negro lawyer and weekly newspaper as the organ of the progressive Negroes of the mighty Far Southwest. Homeseekers who contemplate coming to Arizona, would do well to correspond with Rev. Dr. F. T. Walker, 1114 South 3rd Avenue, Phoenix, Arizona.

The Man For the Place

"A plain man of the people, with a heart and conscience." Above is a sentence which the writer has used when asked as to his opinion of James C. Borton, our "Jim," as everybody knows him, and no one has ever known him to be anything but kindly, unselfish, public-spirited, generous and square as a brick. When benefit performances are to be pulled off for peope burned out, sick or crippled, everybody here says, "Let Jim do it," and he does it "to the queen's taste" and that of the public. When weak and weary members of a spineless organization are ready to have it pass in its checks, some one suggests that Jim can make it and the public sit up and take notice, and he does it, as at the recent meeting at the library auditorium. When a fraternal society gets "that tired feeling," it elects Jim to be president, and he injects into it lots of "pep" and "ginger," plays Santa Claus with the children, supplies candy and good cheer, being the "Sunny Jim" of every gathering where the plain people assemble.

With a fair amount of education, judgment and hard horse sense, men like Jim Borton keep in close touch with everything discussed in the community, and with good conscience and character, few men are better able to size up any situation.

We have as leading members of our city council a plaster molder, a carpenter, a dentist and an oil man, all more alert and more valuable because they, like Lincoln, are plain men. Bishop McIntyre, best beloved of Los Angeles Methodists, was for years a bricklayer, and the very best men in public life came from business, the farm or the trades, rather than from the professions. What is needed here and elsewhere are men who are unselfish, thinking how to help others and make life more cheerful for the workers rather than the shirkers.

James C. Borton has hundreds of friends among all classes and conditions of men. He has the respect of women and the love of little children. If elected councilman, he will do his duty manfully, and be everlastingly at it. He now holds the office of president of the Knights and Ladies of Security, Angelino Council No. 1543, and there, as elsewhere, he is the man for the place.

In answer to a broadcast appeal five or six hundred persons were present last Sunday afternoon to join in the formal celebration of declaring the Old Folk's Home open.

The home is situated on Linwood road, the longest and busiest highway leading into Watts, and is the culmination of a twenty years' effort by the Baptists of Southern California.

The idea of this Old Folk's Home was conceived by the late Rev. C. H. Anderson, who was the first colored preacher to build and maintain a church for the race in Los Angeles. It is said that for a number of years Rev. Anderson nursed his idea single handed until the sense of the great need impressed itself upon the women of the churches known as "The Women's Home and Foreign Missionary Society." Then with the proper encouragement from such ministers and laymen, some of whom represent the early days, while others the latter, as Rev. J. D. Gordon, the late editor, J. J. Neimore, Rev. J. F. McCoy and Rev. H. B. Thomas, the work actually began.

Sunday's Program

A feature of the program was the singing of old familiar hymns by the big congregation, which gathered in a semicircle before the building, and was addressed by speakers who used the front balcony for a platform. The singing was conducted by William Reynolds.

After an opening prayer by the Rev. W.H. Hughes, and a Scripture reading by the Rev. A. P. Ramsey, the new building was formally turned over to the board of directors by the Rev. J. M. Riddle, of Pasadena, chairman of the building committee. The Rev. F. W. Cooper, of Riverside, made the speech of acceptanceon behalf of the directors. Other speakers were Mrs. S. B. Strickland, the Revs. J. D. Gordon, E. W. Kinchen, H. B. Thomas, Mrs. M. J. Davis, Mrs. C. N. Moore, and Mrs. W. C. Dent. The Rev. W. H. Hughes was master of ceremonies.

The new home was designed and built by colored workmen, namely, Olive O. Byd & Co.

Mrs. S. B. Strickland, who for five consecutive terms was president of the W. H. and F. M. Society gave a glowing report of the work accomplished by the toilers of the age.

It is impossible to give credit to all who labored ardently in behalf of this work, but we are giving as fa ras possible a record of the accomplishments of some individual and organization efforts.

These are some of the individuals and leaders of societies who labored in paying off the mortgage and building this home: Individual work: S. B. Strickland, Mrs. Fanny Johnson, Mrs. Lula Hubbard, Mrs. P. E. Edwards, Mrs. Ausborn of 1st San Diego, Mrs. M. Sweet, Mrs. L. Gillians. Leaders with their societies: Mrs. M. J. Davis and 2nd Baptist Society, Mrs. S. C. Cole and Tabernacle Society, Mrs. Jenks and Mrs. Fouse of New Hope Society, Los Angeles, Mt. Zion, Los Angeles, Mrs. Johnson and Society, Mrs. I. H. Ford, Friendship Society, Mrs. M. Reynolds of the Y. W. A., Mrs. M. E. Scott, secured the $1000.00 from Mrs. Brooks, Mrs. Hayden with her Society, Mt. Zion, San Diego, Mrs. B. Conway and Society, Santa Barbara; Mrs. Woodly and 1st St. Baptist Society, San Diego; New Hope, San Bernardino Society; 2nd Baptist Society of Riverside; Mrs. Hulbert and Allensworth Club.

Money Raised

1912, $300.00.
1913, $400.00.
1914, $2,225.00.
1915, $470.00.
1916, $563.00.

Raised in five years, $3,958.00.

The followings organization are furnishing the home: The Woman's Home and Foreign Missionary Convention District furnishes living room at cost of $115.00; New Hope Society Chapel approximate cost $175.00; Mt. Zion Society, Los Angeles, 1 bed room, $55.00; Watts Christian Aid Club, $50.00; Mrs. Brent, 1 room; Allensworth Club, 1 room, $50.00; Virginia Club, 1 room, $50.00; Tabernacle Art Guild, reception hall; 2nd Baptist Society, 1 room. Mrs. H. Owens was also one of the early laborers.

MATRON

Mrs. M. J. Davis, who has been been selected first matron of this beautiful little home, which is the personification of neatness is certainly properly fitted to the position, since Mrs. Davis, even before she reached her majority, has labored with the effort untiringly.

Mrs. Davis announces that the home will be open for the reception of inmates April 15, and here are the requirements.

Inmates must be at least fifty-five years of age, must be in fair health, and must pay an admittance fee of $100 in advance. Application blanks may be obtained from Afue McDowell, secretary of the board of directors. The Home is strictly non-sectarian in its operation; and inmates will be accepted without regard to religions.

The new building is arranged to accommodate both men and women; but some of the inmates prefer separate buildings for men and women. To meet this situation, the Association has not sufficient finances, but it is expected that in the future an effort may be made to erect separate building for the old men, as a surprising number of applications have already been received.

SACRAMENTO NEWS

Mr. J. H. Sykes entertained the Los Angeles attaches of the legislature on last Thursday evening.

B. A. Johnson, leading caterer, prosperous and highly respected citizen of this city, informally entertained at his magnificent residence on las Friday, F. J. Butler, W. Peck and J. B. Bass, editor of the California Eagle.

Stephen Thompson is visiting for a few days in Woodland.

Everybody is very busy getting ready for that grand Easter ball.

Editor Bass has consented to deliver his famous lecture at Woodland and at both of the churches in this city during the coming month. His first date will be at Woodland, Tuesday night.

WOODLAND, CAL.

The editor on last Sunday for the first time visited the bustling community of Woodland which place is a 45 minute trolley ride from Sacramento. We found here during our short stay a people who are in every way up to the standard as representative citizens. We found them apparently appreciative and truly hospitable. We found the Second Baptist church and found a splendid well appointed edifice which would do signal credit to a town much larger than Woodland. We found in Rev. Danrije a man who is wide awake to the interests of his people and who has the confidence and respect of the people to the utmost.

We were prevailed on to stay over to the evening service and never regretted the same because Rev. Dadrije is a speaker of great ability and we enjoyed an able sermon.

We addressed both the B. Y. P. U. and the congregation at the conclusion of the evening service. Special arrangements were made for us to lecture at this church Tuesday evening, April 3rd.

The legislature is steadily grinding out measures which will ultimately adorn the statute books of the great State of California, since our last letter there

THE HEART OF A HERO

Many of the churches and Sunday schools are constantly complaining because so many more people deposit their nickels and dimes in the movie picture than in the church. A brilliant idea has been conceived in the active brain of Mrs. Lillian Craw, who is determined to counteract this condition of affairs. Come and see for yourself on next Tuesday evening under the auspices of the A. B. O. U. T. club and directed by Mrs. Craw. "The Heart of a Hero" a clean, spicy drama, will be presented at the First A. M. E. church Tuesday.

This drama will contain no feature that will be demoralizing to the sanctity of the church, but in the meantime contain enough ginger to make it fascinating.

What the Churches are Doing

LINCOLN MEMORIAL CONGREGATIONAL CHURCH

Rev. E. E. Lightner, Pastor

34th St. and Central Ave.

"Chirst the Restorer," was the subject of the pastor on last Sunday at the morning service. In the evening Prof. and Mrs. F. S. Dart, recently from Africa, told of their work in the "Dark Continent." Their message was the means of deepening the interest in missionary activities.

The pre-Easter Revival Services had a good setting on Monday night when Miss Barrell, a reclaimed "white slave," told of how she had been rescued from a life of ruin and shame. She will speak at some of the subsequent meetings, which will continue through Easter. Among those who will speak at the meetings next week will be Dr. H. D. Prowd, Rev. B. C. Robeson, Rev. J. C. Anderson, Rev. E. R. Johnson and others. Every Christian is invited to come and bring his or her unconverted friends. "The victory may depend on you."

There will be three services on Sunday, 11:15 a.m., 3:00 p.m. and 8 p.m., with communion at the morning and evening services. Sunday school 10 a.m., Christian Endeavor 7:00 p.m.

PEOPLE'S INDEPENDENT CHURCH OF CHRIST

Rev. N. P. Greggs, Pastor

High religious fervor marked the past Sabbath's services at this church, culminating in the evening meeting when in addition to the usual powerful sermon by the pastor and a solo by Manuel Hall, a short address by Capt. F. H. Crumbly on the declaration of principles upon which the church was founded aroused an enthusiasm among the members and friends that was splendid testimony of their loyal devotion to movement which this church represents.

Before the regular evening service a meeting of the young people of the church effected an organization of a society of Christian Endeavor with the following principal officers: Miss Ruby Walker, president; Miss Cornelia Leggett, secretary; Miss Ruth Walker, treasurer.

Next Sunday will undoubtedly prove the biggest day since the opening of the new church. The usual first Sunday services will be given especial significance by the observance of Palm Sunday in sermons and choral music. At 3 o'clock the annual Sunday sermon will be preached to the Masonic lodges in the city, by extended all the people to all services.

SAN FRANCISCO PASTOR AT FORUM SUNDAY

Rev. Allen Newman of San Francisco will address the Forum Sunday afternoon, 4:30, Odd Fellows' Hall. Rev. Mr. Newman is an interesting speaker and general public should avail themselves of an opportunity to hear him.

WESLEY M. E. CHURCH
8th and San Julian

Rev. A. P. Shaw, Pastor

Last Sunday was a great day at Wesley M E. Church. The pastor preached at 11 a.m. on "Safety First." Four persons united with the church by letter and seven young people were converted at the altar. The sermon in the afternoon on "Building a Race," to the Knights of Pythias, was well received by all who heard it.

A splendid sacred concert was rendered at 7:45 p.m. by the young people.

Palm Sunday will be observed this Sunday. The pastor will preach at 11 a.m. on "Who Is This." At 7:45 p.m. the pastor will preach his second sermon to the young people, "The Young Man With a Purpose."

Passion Week will be observed next week with revival services every night. The pastor will preach every night as follows: Monday night, "Ezekiel's Vision of Dry Bones in the Valley;" Tuesday night, "The Saved Family;" Wednesday night, "Naaman the Leper;" Thursday night, "The Prodigal Son;" Friday night, "He Died for Me." These are all great messages. The Christian workers in all the churches of the city are cordially invited to take a part in the services. Come and bring your unconverted friends. Next week will also be observed as self-denial week. Every member of the church is urged to deny himself or herself in some way and to present the money thus saved to the church as an offering to apply on our annual May rally.

The Wesley Brotherhood held special services at the Pullman mission last Sunday afternoon and also at Mason's Chapel in the evening.

The pastor will preach at Mason Chapel at 3:30 p.m. this Sunday.

PHILLIPS CHAPEL C. M. E. CHURCH
1406 Newton St.

Rev. J. C. Anderson, Pastor

The services at this church on the past Sunday were very interesting and helpful and were very much enjoyed by the two congregations present. The pastor preached at the morning service on "Fear," and the sermon was very much enjoyed by the people.

At the evening service the choir and Epworth League had charge and rendered a most excellent program. The address on "Leadership," delivered by Attorney W. O. Tyler, was a masterpiece and was earnestly listened to and faithfully reecived by the congregation.

All the departments of the church are very busy preparing for Easter and from present indications the services on this day are going to be a record breaker.

SECOND A. M. E. CHURCH

The services last Sunday were well attended and a goodly interest manifested. The pastor preached both morning and evening at 3 p. m. Dr. J. Logan Craw baptized two young men. The service was highly spiritual and impressive. The congregation taxed the capacity of the church. In closing the service Dr. Craw called upon the stewards of the First church to lift an offering, which they did with splendid success, the people giving cheerfully. The same was presented to the pastor of the Second church and gratefully received. The "candy pull" at the parsonage Tuesday was a great success socially and financially, much credit is due the ladies of the "Helping Hand" for the splendid program. Next Sunday being the first in the month, two splendid services are arranged and the Lord's Supper will be served.

Let us see you at "The Heart of a Hero" at the First church Tuesday, April 3.

CHRISTIAN CHURCH NEWS

Last Sunday services were held as usual at this church, Bros. William and Hopper preaching during the day. The Endeavor services were unusually good, the topic being "The Saloon, the Foe of Society." Bro. Hopper also had charge of this, and Bros. Turnage and Ashcroft gave well timed talks. Mrs. Lees read an appropriate piece and Miss Lynch wrote a paper on the saloon as a foe and also a foe to all that is honest and good. The meeting was unusually good.

ST. PAUL'S BAPTIST CHURCH

The services were well attended Sunday morning and evening. Rev. G. W. Hill preached able sermons and those present greatly enjoyed his messages.

The members are expecting a preacher from the east in the near future who will help St. Paul to move on and a good old time revival will be started in the near future.

Among the sick of the church are Sister E. Payne of 1659 Compton Ave., and Sister Mitchell of 1425 Velvin Ave.

Sister Mitchell has been ill for a long time and several members visited her Monday evening last and not only revived her spiritually, but likewise contributed to her needs.

Parents are urged to send their children to Sunday school at 9:30 a. m. and B. Y. P. U. at 6:30 p.m. Bro. McMillen is president and an able young Christian.

FIRST A. M. E. CHURCH NOTES

Rev. J. Logan Craw, Pastor

Sunday was an ideal day and served toward the enhancement of an ideal service at First church. The pastor preached both morning and evening. At the morning service there were nine accessions to membership, four of which were converts. After this the regular offering was taken and rusalem. Sunday is also the regular communion day and the pastor is expecting every member to be at his post. Quite a few of the members are on the sick list and we are earnestly praying and hoping that they will be out in a short while.

The public has a standing invitation to all the services of this church. then Mesdames Barr and Thornton, representing the Day Nursery Association, received a cheerful offering for laudable work. The pastor then proceeded to baptize and obligate thirteen converts and received them into the full membership. It was a beautiful and impressive service. At 3 o'clock two more converts were baptized by immersion at Second church, giving a total of 15, who received this rite during the day. Equally as many more converts are yet to be baptized during the month of June. Everyone who attended services last Sunday are talking of the real benefits that came to them. You are welcome to our big communion day service Sunday coming. Be on time at each of these services.

Our superb Metropolitan choir will appear this first Sunday in April again in their robes. New ones have been artistically made by Mother Tucker and Prof. Bynum and the augmented orchestra and choir will inspire the souls of every worshipper who frequents First A. M. E. church at each Sabbath service. It is both communion day and Palm Sunday. The pastor's themes are, "The Triumphal Entry," and "The Best Preparation." At 6 o'clock the Allen Endeavor Society will render a special musical and literary program. Everybody is welcome to these services.

At 8:15 o'clock sharp on Tuesday night, April 3rd, "The Heart of the Hero" will be presented by the "A. B. O. U. T. Club" in our church auditorium. You must be in your seat at 8 o'clock to hear the glee club and the orchestra in the opening selection. The crowd will be here and if you want a seat you will have to hurry for the same.

Easter is just about here. Three big services on this day at First church. It is rally day. Every member and friend will truly do the very best you can in this rally. The Sunday School will render the Easter program at 3 o'clock. Our unexcelled Metropolitan choir will render the sacred concert at 7:30 p. m. Mesdames Craw, Middleton, Clarkson and Fanner will serve a chicken dinner benefit of Easter rally. Get ready now to spend Easter all day at First church.

THE FIRST A. M. E. ZION CHURCH
Pico and Paloma Sts.

Rev. B. C. Robeson, S.T.B., Pastor

Last Sunday Zion was blessed with a message much out of the ordinary. The pastor was in splendid mood and every point in his sermon went to the mark will telling effect, as every member sat as if enraptured throughout the whole discourse. Among other things he said, "It were better for a man never to have given his heart to God than to give it to Him and then turn back." He spoke of such a person as being doomed to an awful fate. He assailed those walking around with a grouch and chips on their shoulders and of the trouble makers, all of these people wanting to be considered Christians. "It was generally agreed that many would be searching their hearts this week and getting right with God and their fellow men.

What Mother Zion is to the A. M. E. Zion connection in the east on the Atlantic seaboard this church will be along the Pacific Coast as is indicated by the strides it is making in these last few years. Every member is found at his or her post of duty prosecuting earnestly the tasks assigned them. The Trustees are planning shortly to build concrete steps at the Paloma street entrance to the church.

The Pastor will preach Sunday morning, April 1, from the subject, "Who Is He?" At 8 p.m., "The Sympathizing Jesus."

Good ventilation, well heated, splendid choir. Sunday school at 9:45 a.m. Visitors and strangers are cordially invited. Services are prompt and not extended.

WARD CHAPEL A.M.E. CHURCH
1354 Channing Street

Rev. J. W. Price, Pastor

Our services Sunday were up to the standard, and we were pleased to greet many visitors. The members and friends enjoyed the presence of Sister Wm. Galloway so much, this being the first time she has been able to be out during our administration.

The young people's organization launched a few evenings ago with the following officers elected to serve the first six months: President, Miss Esther Pettigrew; vice president, Miss Lillian Broughton; secretary, Miss Corrine Maddox; assistant secretary, Miss Lillian Bisco; treasurer and organist, Miss Sarah Dennis; assistant, Ellwood Rector; sargeant at arms and librarian, James Hudson and Wm. Bisco. At the next regular meeting of the club, which will be known by the name of the T. C. A. H. W. club, they will have a public installation of officers. Mrs. Effie White, under whose direction the club was created, has been styled as mother matron of same. All are looking forward to Sunday the first as a great day. The pastor has prepared a special sermon for the morning hour, subject, "The Greatest Sight of All Ages," Luke 23: 33. A 3 p. m. will be held our third quarterly meeting and according to the agreement of the Ministers' Alliance the churches will unite at this service, and one of the visiting ministers will deliver the sermon. All are welcome.

MT. ZION BAPTIST CHURCH
Third and Traction

Pastor, Rev. F. H. Davis

Great times at Zion. The service for Sunday morning was of the best. It was very impressive and also very inspiring. Sunday night Rev. Cooper preached a wonderful sermon, and the meetings are being very readily attended. Old fashioned revival meetings are being held every night in the week with the exception of Saturday night. Many souls have been saved in the last week. Come one! Come all! And hear the pastor of Mt. Zion. His sermon for Sunday morning is, "It is worth while."

The Daniel Band

"Dare to be a Daniel,
Dare to stand alone,
Dare to have a purpose firm,
And dare to make it known."

This is the Daniel Band's motto. These children are striving for the best and not the worst. Come out and hear them Easter Sunday. Miss Gertrude Fraicis, president; Miss Fannie Wilson, secretary.

METROPOLITAN CHURCH NOTES

Rev. Archie Williams was the speaker at morning service last Sunday. The Rev. Allen Newman of San Francisco was also an honored guest of pastor and congregation on this occasion. Next Sunday the pastor will speak at both services choosing "Avoiding the Occasion to Offend" for his morning subject and at evening service will speak briefly preceding the communion. At the quarterly meeting of the Board of Women's Home and Foreign Missionary societies the church was represented by Mesdames Teat, Harts, McMicken and Mrs. W. H. Hughes. Capt. W. H. Reynolds, Mrs. N. F. McMicken and Mrs. Hughes represented Metropolitan church at the Old Folk's Home last Sunday.

BY MISS VIVIAN CAMPBELL

A UNIQUE SURPRISE

One day last week Rev. Ramsey received a call asking him to be present at the church to marry a couple.

Rev. Ramsey is pastor of the church and accordingly hastened to his post, and at the appointed hour was at the altar, no suggestion of deception ever crossing his mind, for as soon as he had taken his stand the organ began to play a wedding march and a couple appeared and marched towards the altar, but instead of taking the stand they rushed as it were, as did the congregation, upon the modest Rev. Ramsey, showering him with tokens of appreciation.

This was the method used by the good people to demonstrate the deep seated devotion for their pastor, and his family.

* * *

Mrs. Scott Kinney entertained at her home with a reception last Friday afternoon in courtesy to Mrs. W. H. Johnson. Invitations were extended to seventy-five guests. All responded bu a wee number.

The ladies arrived promptly upon the first hour and continued until the parting hour. All expressed themselves as having spent a very pleasant afternoon.

MISS RUBY WILLIAMS HOSTESS

* * *

Sunday afternoon last Miss Bennett of Memphis, Tenn., who is house guest of her aunt, Mrs. Minnie Reed of 3676 Griffith Ave., was delightfully entertained by Miss Ruby Williams, 636 N. Bailey St. Eight young ladies were present, and a most enjoyable afternoon was spent by the guests.

Dainty collation was served.

DR. H. D. PROWD ROYALLY ENTERTAINED BY THE MEMBERS OF HIS CONGREGATION.

Thursday evening, nervous from a shock caused by a car accident on Wednesday, Dr. H. D. Prowd wended his way to the Second Baptist church during the early part of the evening in response to an invitation from the members of the church, who wanted to do him honor

This reception marked Dr. Prowds first year's anniversary with the Second Baptist church and his permanent call to the church.

The following program was rendered:

1. Scripture reading by Rev. Ramsey.
2. Address, Mr. J. D. Allen.
3. Address by Mrs. P. Hubert of Missionary Society.
4. Address, S. S., Mr. J. D. Groves.
5. Young People's Missionary Society, Miss P. Reed.
6. Address, B. Y. P. U., Mr. Pollard.
7. Trustees' Board, Bro. Willingham.
8. Ministers' Union, Rev. Arline.
9. Address on behalf of the Citizens, Pro. T. A. Greene.
10. Deaconess Board, Sister Barber.

In response to these timely numbers, Dr. Prowd spoke upon the subject, "Love, Labor, and Loyalty," and so fitting were his remarks that the people as never before realized that God had sent them a shepherd that will lead them in unto success, spiritually and temoprally.

The affair, which was arranged by the ladies of the church was a credit to them and to the community.

A SURPRISE SHOWER

Last Wednesday afternoon Mrs. D. L. Smith of 733 Ceres Ave., gave a shower for Mrs. S. W. Green, Jr., who resides with Mrs. Smith. About twenty ladies were present each of whom brought a little token of appreciation for the little newcomer who is expected in the little Green family soon.

The ladies spent a very pleasant afternoon with Mrs. Smith as hostess and Mrs. Green as honored guest. They were served as Mrs. Smith knows how to serve with the dainty collations of the season and went away announcing the affair a splendid and pleasant surprise.

Throughout the country the race have pledged themselves to go to war if it be necessary to save the honor of the nation.

It is pleasant to note that every Afro-American is loyal to the Government.

Nothing is to be gained by exaggeration. Let us be truthful when we give numbers who are dependable for any purpose.

There is now a great peace movement on in Washington and throughout the nation, but does not mean a let-up on Preparedness.

Mr. Vincent Gelcich, who will be the "big man" at the Woodman Campaign Headquarters is a real "live man," and the committee is to be congratulated.

Read the California Eagle and be posted. All of its candidates are not only worthy men, but they are winners. We have to live after the election.

The published list of the campaign committee of Mayor Woodman is a compliment to him. The list contains the names of the ablest men and women in this city.

In the contest for mayor this is no time to swap horses while crossing the stream of material progress and a continued advancement of the affairs of this mighty metropolis.

When Mayor Woodman's opponent was mayor of this city the population was barely 200,000; it is now between 500,000 and 600,000. Los Angeles is now a large city and it needs a big man for its chief executive, and that is the kind of a man Frederick Woodman is.

Mr. Chas. Gordon of the U. C. is a son of our highly honored and respected H. B. Gordon of Riverside and we are pleased to chronicle the fact that he is making a high mark with his studies at that university as indicated by his progress in athletics.

We note that Mr. McNulty of the Stanford University athletic squad refused to box Charles Gordon of the University of California on the alleged ground of Gordon's color. We expect if the truth was known it was not Gordon's color so much as the fear of the lacing he was sure to receive at Gordon's hands, for side-stepping the color line is really convenient to those small narrow and measley specimens of the McNulty type.

THE MESSAGE OF GOVERNOR STEPHENS

The pronouncement of Governor Wm. D. Stephens before the Legislature had the true ring of sincere patriotic thought and stamps his administration as a great success from the very beginning. There is in that message every indication that Governor Stephens is a statesman of a very high order and every way capable of safely carrying this State through the great crisis that now confronts the whole country. He pladges himself to necessary economies and a friend to every beneficent measure now in force in the State. In assuming the responsibilities of the office of Governor of the State he says most earnestly, "I do so in full accord with the great governmental and humanitarian doctrines that have been written into our laws during the last six years." He then proceeds to partially enumerate those politically progressive measures we now enjoy which give the electorate so much real voice in the government of California, thereby indicating very thoroughly that there shall be no reaction such as was expected in certain quarters. The great majority of the people of California hail with delight the first message of Governor Stephens to the people of the State through their representatives in the Forty-first Legislature.

WHY FREDERIC T. WOODMAN SHOULD BE ELECTED MAYOR

The reasons are many and sufficient why Mayor Woodman should be elected mayor of Los Angeles, but no reason is more sufficient than that in the short term he is now filling, HE HAS MADE GOOD. Mayor Woodman has done more than this, if it were possible, hindered with an unpopular number of councilmen, he has thus far made the best mayor this city has ever had in the memory of the great majority of its citizens, that too, at a period that has furnished innumerable difficulties, and not the least of them is the present high cost of living. In the short period Mayor Woodman has been in office he has gained a large asset for the city at its harbor, he has placed in excellent shape the consolidation of the telephone services, he has advanced nearly to the point of consummation the light and power deal for more thorough service and economy in cost. He has perfected plans for a lowering of taxes, and has thrown his wonderful efficiency and energy behind a multitude of measures that in a two year term he will have worked out to perfection. The municipally controlled, if not owned, city markets have already worked havoc with high prices on several food necessities, notably fresh fish, butter, potatoes, eggs and a number of groceries, notably tea, beans, fruit and other staples. The city don't own these markets? What of that, Mr. Critic? The people are getting cheaper food-stuffs, and the grocer bulletin and other advocates of profits at the expense of the people are kicking because they see that the death knell to the high cost of living is cigned, in the event Mayor Woodman is elected to continue his good work. And he will be elected, perhaps, in the primaries. Get into the "band-wagon," and go on record as having helped with your votte the continuation of our city on the road of progress.

"BIRTH OF A NATION" WINS AGAINST WILL OF CITIZENS

Editor Manning of the Indianapolis World and Editor Knok of the Indianapolis Freeman Appear in Interest of Film

DAYTON, Ohio, March 23.—Notwithstanding the fact that the best citizens of this city were against the "Birth of a Nation" being shown, the mayor consented to allow it to run. Members of the Race went to some expense putting their protests up in printed form, only to be called "black politicians," in editorials by the white press, who were playing for heavy advertisements. Last Wednesday morning a bomb was thrown into the camp of those against the film play when a hearing was granted in the rooms of the movie commission.

Knox and Manning on the Scene

Unannounced, unheralded, came two members of the Race, Editor Knox of the Indianapolis Freeman and Editor Manning of the Indianapolis World, who were ushered into the room and sat with the "Birth of a Nation" people, who had come to fight any move on the part of the citizens to try to prohibit the showing of the play. Imagine the surprise of those men who had fought so hard to have the play barred, to find that two of their own race were playing the part of Judas. Knox stated that the "film was purely educational and in none of its parts reflected upon the Negro; that the film portrayed the devotion the Negroes had for their masters and the love of the black "mammies for young white soldiers." Manning acted as an asset by his silent influence. Of course the members of the Race lost the fight after two of their own had sided in with the film company. In view of their testimony and information the movie commission did not feel justified in passing an emergency ordinance.

In angels really do weep over earthly trials, surely the scene depicted above was the occasion for a lacrymal overflow. But despite the treacherous actions of such spurious race defenders, the fight for justice and civil rights will be continued under the direction of such stalwart race journals as the Chicaggo Defender, the Cleveland Gazette and a score of other race journals which time and time again have been weighed in the balance and never found wanting. Verily the love of money is the root of all evil.

Scrap Book Continued.

commences to close. It requires detail and a great deal of system to handle this department of the hotel.

There are between eight and nine hundred colored employes of the two hotels. Their physical condition is taken care of by Berkley C. Waller, a negro physician, and graduate of Howard University, Washington, D. C. There has never been a death since Waller has been in charge for the past fifteen years.

This great hotel is practically five hotels. Has one general housekeeper, five assistants, and about 100 chambermaids. It has two assistant managers, Martin Sweeney, who looks after the accounting department, and H. M. Wing, who is in charge of social affairs.

This great hotel entertains more world wide and national celebrities during the season than any other hostelry on earth. The Washington ball, given each year on February 22, is the greatest social event in the whole world.

BILL ENDS TIPS FOR EMPLOYERS

Measure Intended to Stop Practice in Hotels and Cafes Is Introduced

SACRAMENTO, March 22.—The Lyon bill prohibiting employers from soliciting or receiving fees as a condition of giving employment was passed by the Senate today, 29 to 1, and sent to the Assembly. Ballard of Los Angeles cast the negative vote.

Senator Lyon said his bill was aimed to stop the practice of persons owning tipping privileges in hotels and cafes, hiring men and women at small wages and requiring them to turn in the money they receive in tips.

PATRIOTIC MEETING

At the same hour and place Columbia Circle, No. 24, will present Mason Chapel the ensign of our country. Good singing and speaking. Everybody welcome.

INSURANCE COMPANY REFUSES TO PAY

Mrs. Clara Franklin engages Willis O. Tyler and sues the American National Insurance Company, 831 Marsh-Strong Bldg.

On March 20th, Mrs. Clara Franklin, of 1240 E. 9th St., brought suit against the American National Insurance Company, a Corporation, with its principal place of business at Gaveston, Texas. This company maintains an office in this city at 831 Marsh-Strong Building, and E. A. Rees is its division superintendent and has charge of its office and business here.

The American National Insurance Company insured Robert Hubert, uncle to Mrs. Franklin, in April of 1915. Robert Hubert died September 23, 1916, and the benefit due under his policy has never been paid. This company has many hundreds of colored policy holders and from what Mrs. Franklin says it makes many excuses when the time comes for it to pay benefits to its colored policy holders.

Wilis O. Tyler, attorney for suit will be prosecuted vigorously and the full facts published for the enlightenment of the many colored people who hold policies in this company. Mrs. Ella Colins and several other race folk, also complain against this company.

THE POLITICAL TREND

The big item in political circles at the capital this week was the appointment of J. C. McFarland of Los Angeles as executive secretary to the governor, he was a dark horse and not one of the talent even made a guess at this appointment.

Some of the big dailies have been trying to start something with tax commissioner E. A. Dickson, but they could not get anywhere with it. Mr. Dixon is too experienced and knows the game too well to be picked up by the wise owls of the daily press of the northern metropolis.

Senator Breed of Alameda, who also fills the office of lieutenant governor sinc Gov. Stephens has assumed the duties of governor, is filling these dual positions like a veteran and if he enters into the race for second place on the ticket next year there is no question but that he will draw a strong support from all classes. The Senator is a man who makes friends and his affable manner and his natural executive ability especially fit him for this most important position.

As we mail this letter the much talked of Rominger bill which would put out of business the saloons ,has failed of passage by one vote, 20 to 19.

SUCCESS

Success is about the biggest word in the English language.

"Busy people do not have time to be miserable. You are not more than half alive until you are wholly in earnest. Lack of ambition accounts for more failures than lack of opportunity."

"Different people have different ways of working. One uses his brain, and another his hands. The poet may be busiest when, from the standpoint of the street cleaner, he in entirely idle.

"We must work along the line of our endowments, but everybody must be a worker of some sort, or be worthless. The young man whose ambition is to be left without a care, without a worry, without a duty, is aspiring to a most ignoble sort of existence. Every life worth living has a place in the great brotherhood of workers. There are few satisfactions to be compared with getting the better of some hard task, mastering some difficulty which seems insuperable in the beginning. And no young man is a success until he learn to do someone thing well."

"Success is not dependent upon geographical situation. It depends entirely upon you. There is no such thing as fate, or luck, or providence in your career if you are willing to start at the bottom and climb.

While we are known to be on the very brink of war, let us hope and pray that "Peace with honor" may still be maintained. But the most fervent religious patriotism is the need and demand of the hour.

"This is not the time for adverse expressions and arguments of non-patriotic sentiments and none such will be considered. No true American, white or black, will suffer himself to lend encouragement in any way or manner to any proposition, that is against his own Nation. Every Negro of this land is an American first, last, and always and it is his duty to defend his flag. Colored citizens have never been traitors. The splendid illustrios record of the "Black Phalanx" from Crispus Attucks and Bunker Hill to Carrizal, must be maintained.

"Idlers die young. It is only the workers who survive. Indodence spells poverty, and means that after a brief stay on earth, you will shuffle off into the Great Unknown, unwept, unhonored and unsung."

The above subject to be discussed at the Y. M. C. A. next Saturday, 8 p.m., April 7th, 1917, by Mr. D. M. Mathews to the young men and also on preparedness or military training, discipline, etc.—From the Scrap Book by J. D. Reynolds.

BORTON FOR COUNCIL

N. R. A. C. P. HOLDS MUSIC CONTEST

On Friday evening, April 13th, Easter week, the Los Angeles Branch of the National Association for the Advancement of Colored People, will hold a music contest at Blanchard Hall, 231 S. Broadway, between the several schools of music in the city.

Each school will be represented in the contest by a carefully selected and prepared student. Among the schools participating in the contest will be:

William T. Wilkins School of Music.

Lillias G. Hart Studio of Music.

H. Douglas Greer School of Music.

Gertrude Kelly School of Music.

Two prizes, a gold medal and a silver medal, will be awarded, to the successful competitors, the former constituting the first prize to be bestowed upon the most artistic and efficient performer; the latter, constituting the second prize, to the next in order. These prizes will be awarded each year at a contest to be held annually under the auspices of the National Association for the Advancement of Colored People.

The Right Reverend Joseph H. Johnson, president of the local branch, has donated these prizes and they are to be known as the Bishop Johnson prizes of music for that year. The good bishop is expected to be present on that occasion and will present the prizes in person.

Other attractive features go to make up what is sure to be a delectable program. A popular orchestra will enliven the occasion and contribute its share to make this evening one of unusual pleasure, and which will be well remembered. The price of admission, thirty five cents, 35c, is placed within the reach of all.

Let us encourage art in music and develop the latent abilities of our race.

General Election April 3, 1917

VOTE FOR

VIRGILIO BRUSCHI, SR.

Candidate for Member COMMON COUNCIL

General Election April 3, 1917

My Platform—A honest, harmonious, efficient and businesslike administration. Meet all conditions fairly as they arise.

FRED A. HEILBRON

Candidate for COUNCIL

Election April 3,1917 Practical business methods applied to City affairs.

By Geo. A. Ramsey

Virgilio Bruschi, Sr., has made a clean, open fight for councilman and will be elected by a large majority. We have been with Mr. Bruschi since his announcement and will be the first to congratulate him after Tuesday. All together now and put Virgilio Bruschi, the man for all the people, in the city hall Tuesday.

Hans Marquart will receive our support. Mr. Marquart has always been fair and square, and that's all we ask for. Vote for Hans Marquart is our last appeal.

When people learn the difference between knocking and eulogizing San Diego will have a clean election.

See that those that did not vote in the primaries vote April 3rd, for L. J. Wilde, the man for all the people.

Fred A. Hulbrun has made a winning fight for the council and will receive a large vote from all classes. Mr. Hulbrun has a business record in San Diego to be proud of and we think he would make a good councilman for all concerned. He believes in harmony and efficiency, justice to all.

P. J. Benbough is making a whirlwind finish and we are with him strong. Mr. Benbough should have our support, and we are going to give it to him.

If any one has any past grievance, let's forget it and vote for P. J. Benbough.

Whenever you hear a Marstin's man talk Marstin that means more votes for Wild.

"WHAT YOUR CHOICE?"

Marston and Adversity

or

Wilde and Prosperity

Voteds, you have this question staring you in the face Tuesday. I hope you will look and think before you cast your ballot. Mr. Wilde is a man that has made a success at everything he has attempted, rising from a newsboy to his present vocation.

Marston's supporters, as you can see, are playing small politics by trying to defame the character of a man like L. J. Wilde.

Mr. Marston's hobby is boasting what he has done for San Diego. He is too clever to boast what San Diego did for him. It is true that Mr. Marston has been here over 30 years and if it is true that he has done so much for San Diego why didn't he build or help to build the American Nat. Bank? Why didn't he help complete the Grant Hotel? Did he ever give the city anything that would beautify or be admired by thousands?

Still they say Marston is the logical candidate. Well, if he is, we can't see it that way.

Good deeds that Mr. Wilde has done are too numerous to mention.

Mr. Wilde does not believe in mud-slinging. Mr. Wilde indorsed Mr. Marston in 1915 because at that time he looked to be the best man in the field. But today it is different. Mr. Wilde is running for the office and will be elected despite the dirty work Marston's supporters are doing.

My closing appeal is to give Wilde the largest majority ever given a candidate for mayor.

Mrs. Rev. C. Williams is still very sick.

Mrs. G. S. Belt and Mrs. J. E. Freeman are also on the sick list this week.

Mrs. M. A. Hayden, superintendent of the Mt. Zion Sunday School, and Miss Annie Mulholland, president of the B. Y. P. U., were guests of Mrs. C. E. Norwood at lunch Monday noon. At 3 o'clock all of the children of the Sunday School and B. Y. P. U. met and received their recitations for the Easter program.

The Rousseau family of musicians have moved to 3054 Greely avenue.

Mr. Willie King, who has been working steady in Coronado for the past eight or nine months, took a two days vacation this week.

Mrs. P. Hornsby and Mrs. A. Hornsby left Wednesday night to join their husbands in Elsinore.

Mrs. Tom Brown met with an accident by running a needle through her finger. She is doing nicely.

Mrs. Ade Zollcoffee is still confined to her bed with a sprained ankle.

When the three bugles sound their trumpet in Tia Juana Sunday for the closing day of the meeting, if the Duke would break thousands would be caught in the jam, as it is predicted the largest crowd of the previous meetings will be out. Purses, sweepstakes, handicaps, hurdles, with second event of the Dark Town Derby, which created so much excitement some Sundays ago.

Mr. Blaky Wliliams shipped his big blue car to Seattle, Wash., where he has previous business.

CUPID COLUMN

The Acme Social Club was at its glee last Thursday night when they met on the beautiful island that Robinson Crusoe and his man Friday would have lived forever, at the residence of Mr. Edward Thomason. Miss Hazel Scott seemed to have been the Easter butterfly, as she was the chosen sweets of the party. Master Gatheren Perry, who was absent, has failed to make good in his studies and has been talking to himself ever since. Mr. Leon Robinson, the heart breaker of the young smart set, is now heartbroken, since Mr. Wm. Collins, Jr., has merged into society. Mr. Ira Scott prefers walking, but the ice had melted on the bay.

Mr. Jess Aldrige motored down from Los Angeles.

Mr. Willie Gibbs, who has been employed at the U. S. Grant Hotel for several months, left for Elsinore on his vacation on account of ill health. Mr. Hardwick is holding his position during his absence.

Miss Ashby and Mrs. Hamilton were among the theatre party at the Savoy Theatre last week.

Rev. Robinson, usher in Union station, has moved to their new residence, 1352 State street.

Mrs. Sarah Austin of Los Angeles, mother of Mrs. M. T. Laws received the sad news that the home of her mother in Oklahoma was destroyed by fire.

Mrs. Watson of Los Angeles has returned home after spending several days in this city.

has been no measure up of special note; but all are on the tiptoe of expectancy for the special order of business in the Senate on Wednesday when the much heralded Rominger Bill comes up for passage on the floor of the Senate. Then the big oratorical effects will be staged to a capacity house, there seems to be no question but what this bill will pass in the Senate.

Among other bills which are scheduled to appear in the immediate future, is the Workingmen's Compensation Act, the Sunday Closing Bill, etc.

LEGISLATIVE NOTES

Senator H. H. Lyons returned after a brief visit to his home at Los Angeles only to learn that his brand new Chevrolet automobile had been stolen the preceding day. It had been in use by Mrs. Lyons and was purloined from the grounds of the State Capitol.

Assemblyman Peter Phillips returned Tuesday from Los Angeles where he had been looking after his political fences in the councilmanic race. He told the Eagle man that everything looked good. We want to say that Mr. Phillips is a tireless worker and is deserving of a hearty support for the position which he seeks at the hand of the voters of Los Angeles.

Assemblyman C. W. Lyons is really one of the leading forces of the Assembly and it falls his lot to champion many of the most prominent measures which he does in a masterly manner. He is a high credit to his district and represents the same to the utmost.

Assemblyman F. H. Mouser is as busy as a bee and by tireless work and unremitting hustling succeeds in keeping his measures to the front, He sponsored the Kelp Bill, which occasioned quite a bit of acrimony in debate and with amendments will eventually pass.

Assemblyman C. W. Watson takes quite an active part in the consideration of the measures before the Assembly. He is a strong proponent of the Sunday closing law and will play an important part in the presentation of the same.

Floor Leader F. Smith of Alameda county is a Trojan and not infrequently does he come to the rescue of some of the measures before the house which he thinks worth while. He has his eyes open at all times on "what's going on," and is a power in the assembly.

Assemblyman Gilder of Berkeley is the premier orator of the assembly, but on most of the legislation for which he spell binds he gets an adverse vote, so his oratory it seems is futile. But his one best bet went through with flying colors, viz: the measure which puts a quietus on the mushroom newspapers and the grafters in political campaigns and that certainly helps some.

Assemblyman Wishard's Eugenic marriage measure is having hard sledding. It prvides one to enter the holy state of matrimony must submit to a physical examination, it seems to be alright as to the men, but they balk when it comes to medical and physical examination for the females.

ROYAL POINCIANA HOTEL

By Joe Earman in The Palm Beach Post

Some interesting facts about this great hotel:

One of the state's largest assets. The pride of Palm Beach county.

It covers five acres of ground, and if stretched out would cover ten New York city blocks ten stories high. It has 1200 employees.

Watchmen pass every point every fifteen minutes in the daytime and every six minutes at night. They are never out of sight of each other.

It has an electric power plant equal to one for a city of 10,000 inhabitants.

Has its own ice and refrigerating plant with cold storage that is used throughout the hotel. Ten tons of ice are chopped up every day for drinking water, etc.

Has its own incinerating plant in which 200 cans of swill are burned daily and all other rubbish.

Used sixty tons of sugar in two and one-half months, and will be compelled to buy more before the season finishes.

The steward's department is under the management of Mr. Stephen C. Meigher, a young man thirty-five years old, who feeds from 2300 to 2600 people three times a day. The daily consumption in this hostelry is eight barrels of flour, thirty boxes of oranges and grapefruit twenty crates containing 7200 eggs, a hudnred and fifty pounds of coffee, four hundred bottles of Bedford and Poland water. Four thousand pounds of spring chickens used for one meal, 1700 squabs used for dinner alone. One hundred and fifty cooks and that many more scullions and roustabouts in the kitchen.

Has its own bake shop and ice cream plant.

Five hundred gallons of maple syrup used for griddle cakes alone during season.

Ten bags first class mail received daily, and has it own postoffice.

Discipline of this great hotel is strictly enforced, and it is ruled with a rod of iron in all departments. It is managed by one man, Henry Ellsworth Bemis, a master of detail. He is an early riser, and is on the job continually during season. His desk is always clear. He personally handles all complaints, and this is explained by stating that they are few.

He knows the cost of every meal two hours after being served. The dining room is under the management of Head Waiter Joseph McLane, with thirty-two assistants and 500 waiters. McLane is an organizer of ability. To bring this immense number of waiters is necessary to recruit them from all over the United States. They are brought here as needed and let out as the season

Dr. Robeson, of the Zion A. M. E. Church, will preach and there will be addresses by local pastors in the evening Rev. J. W. Price; pastor Ward Chapel will preach. All are invited.

SCOTT CHAPEL NOTES

The Lord wonderfully blessed the congregation on last Sabbath at all services. The sunrise prayer meeting brought out a goodly number of earnest seekers after God. The Sunday School entered into the review of the last quarter lesson and the least scholar showed a wonderful grasp on the life and teachings of Jesus. The church was filled at 11 o'clock a. m. and greatly enjoyed the message of Pastor Kinchen on "God's Fortune Tellers." There has been many a day since there was such a wonderful outpouring of the Spirit as was witnessed in the Bible Study class conducted by Sister Wilson at 6:30. The Epworth League had one of its best services last Sunday. Brother John Bragg was leader. A congregation equally as large as that in the morning was out for the evening service to hear Pastor Kinchen on "Lessons from Nature."

Next Sunday will be a great day. Holy Communion will be administered at both services and Pastor Kinchen will preach both morning and evening.

More and more Scott Chapel is coming into its own as one of the churches of the community and led by the pastor she is seeking to be of genuine service not only to the people of the congregation, but to all the people in the city. The earnest prayer of both pastor and people is that this church shall be looked upon as God's station for salvation.

Candidate for the City Council.

In announcing my candidancy for the council I state my platform to be:

"The development of industry, the promotion of the interest of the man who works, and economy on iittle things as well as big.

The expansion of the city's commerce and the illimination of heavy taxes for unnecessary improvements.

Efficieecy and practical economy."

Having been a workingman all my life, the interest of the man who works will receive the first consideration from me. I will not be unfair in any act to favor the workingman; but shall see that his interest is not abused because he has not the time, the money or the knowledge to care for it himrelf.

As a lifetime observer of the civic management of this municipality I have noted necessity of more efficient management and application of practical economics. I therefore, welcome the support of all who are in favor of efficient management and practical economy.

JESUS GIVES SIGHT TO THE BLIND

April 1.—John 9:1-38.

"I am the light of the World."—Verse 5.

The light shone among them to reprove the evil and to encourage the good for another six months, up to the time of our Lord's chucifixion; but He left behind Him some who were receptive to the influence of the light, His Spirit, and who were illuminated by the Pentecostal blessing. To these He said: "Ye are the light of the world." "Let your light so shine before men that, seing your good works they may glorify your Father in Heaven."—Matt. 5:14, 16. Thus, as St. John declares, "as He is, so are we in this world"—lights shining in the darkness, appreciated not, comprehended not, understood not, repulsed by the great mass, even by those who claim to be the people of God, but whose hearts are not in sympathy with the light as to permit them to receive the illumination of the Holy Spirit. For be it noted that there is quite a marked distinction between having the Holy Spirit and being so illuminated by it as to let our light shine and, on the other hand, being of those upon whom such illumination shines. Our Lord let His light shine upon many. But no one has the light within him unless he has been begotten of the Holy Spirit.—Heb. 10:32.

Lessons for Ourselves

In the various features of this incident, we today find a lesson along higher lines. Some of us were born blind—blind to the Lord and His true character—blind to the truth of His Word. The blindness upon us was neither our fault nor the fault of our parents; for they as well as ourselves, were honest-hearted toward the Lord. Our blindness therefore was not a chastisement for sins. The darkness, the blindenss, which has so long overspread Christendom entrapped us as well as others. But the Lord had mercy upon us. He pased our way, and made eye-salve for us. He took the clay of human agency and mixed it with His Word, the fruit of His lips. With that combination He gave us the anointing of the eyes of our understanding, and bade us wash in the water of His Word of truth and grace.

We followed His instructions, and now we can see. A new world has opened before us. "Wonderful things in the Bible we see!" The Scribes and Pharisees of our day wonder, criticize, and try to acount for the blessing which has come to us. Of course they find fault with every agency which the Lord has used in connection with our blessing; for their hearts are not in the right attitude to appreciate the favor of God. It is now for us to take a stand similar to that which the blind man took—to confess the truth, confess the light, confess the miracle which the Lord has wrought upon the eyes of our underhearts.

The Sabbath and Its Antitype

A further lesson to be drawn from this incident is that the blind man received his sight on the Sabbath day. Jesus did many of His miracles on the Sabbath day, partly no doubt to emphasize the fact that the anti-typical Sabbath, the thousand-year day, the seventh thousand-year day of man's history, will be the time of His kingdom. It is when we come to understand that the miracles of Jesus pictured forthcoming blessings during His Messianic Kingdom that we get the proper view of matters, and may rejoice accordingly that a good, glad day is coming for all the blind, all the lame, all the deaf, as indicated by Isaiah's prophecy. (Isa. 35:5, 6). During that time all the blind eyes will be open to the goodness, to the greatness, the love, the power of God. Thus the world will come to know God, whom to know is eternal life.

A SQUARE DEAL FOR ALL

Read My Platform.

First—I think membership in the CITY COUNCIL a place of honor and trust and if elected, I shall try to treat all classes justly so that at the end of my term I shall feel that I have been worthy of the honor bestowed upon me.

Second—I consider that the smallest wage earner pays his share of taxes, either directly or indirectly, and his interests should be protected just as carefuliy as those of the more wealthy or influential.

Third—I mean to look upon all matters with fairness and equity toward all classes, with the best interests of LOS ANGELES always in view.

Fourth—Laws that are beneficial to the public in general should be enforced without fear or favor, and those laws that are not for the public welfare should be changed to meet present conditions.

Fifth—Any new radical laws should have the fullest consideration, and the advice of able and competent men who have been accustomed to handling large affairs.

Sixth—Licensee should not be placed so high as to breed dishonesty or crime and any business for which the payment of a license is required should have the full protection of the government under which it operates, within its legal rights.

Seventh—I do not believe in so burdening the city with indebtedness, causing excessive increase in taxation, as to discourage new-comers to invest their money in homes here, or discourage wage earners in their ambition to own their own homes.

Eighth—I believe in municipal ownership in all instances based on thorough business principles, where the benefit and profit to the public are assured.

MONROVIA, CAL.

Second Baptist Church
REV. E. WILSON, PASTOR.

The Lord was in our midst last Sunday, and blessed our services throughout the entire day.

A goodly number attended the Sunday School, and the quarterly review was interestingly carried out.

The eleven o'clock services were overshadowed with a spiritual wave. The pastor was at his best, and took his text from 1:Peter 4:16, "If any man suffer as a christian, let him not be ashamed, but let him glorify God on this behalf," and as the inspiring discourse was so logically delivered, the words found a lodging in the hearts of the hearers, and many returned home saying, "surely the Lord was in this place, and we knew it not."

At 8 p. m. a musical was rendered under the direction of Mrs. A. Richardson, and was one of the best programs ever witnessed in the city. Among the out of town talent that participated was, Grace Hutson, of Pasadena, Miss Isabelle Stovall, of Los Angeles, and Mrs. J. L. Deaver, of Watts. At the close of the program a free-will offering which amounted to $10.00 was taken, and presented to the pastor, as a token of appreciation, in recognition of the great work that has been accomplished during his stay in Monrovia.

Mr. and Mrs. Robert Wilson, of Los Angeles, were the guests of Mr. and Mrs. S. Lockett, on Sunday.

Little William Engi, and Katherine Kinsy are both very sick.

Mr. Kenneth Taylor, of Los Angeles, is in the city, visiting his father.

Miss Isabelle Stovall is spend a week with her sister, Mrs. Lockett.

Mrs. Annie Green is still on sick list.

URGES NEGROES TO WAGE BLOODLESS WAR FOR THEIR CONSTITUTIONAL RIGHTS.

The Negroes of the United States should wage a bloodless war for their rights at this crucial period of the country's history, was the opinion expressed from the pulpit by the Rev. A. Clayton Powell, pastor of the Abyssian Baptist Church, at Sunday's services.

The speaker referred to the demands made by the 400,000 railroad workers, who threatened to walk out at a time when America needed every car and the services of every railroad man; of the fight of the Irish for home rule during the present European conflict, and of the overthrow of the Romanoff dynasty in Russia by the common people.

Dr. Powell's views follow:

"In my opinion, this is the proper time for us to make a special request for our constitutional rights as American citizens. The ten million Colored people of this country were never so badly needed as now. They are not only needed in the factories, business firms, and on the farms, to produce the necessities of life, but they are needed to help keep the Mexicans quiet, to help sweep the commerce destroying submarines of the Central Powers from the oceans, to help crush German militarism, and perhaps they will be needed sooner than some people expect to prevent the Japanese from landing on these shores to ask for a redress of their grievances which have been piling up for the past few years.

Get Assurances of Better Treatment

"As a Race we ought to let our government know that if it wants us to fight foreign powers we must be given some assurance first of better treatment at home. Perhaps some will say that this is an inopportune time for such talk. Some may argue that to demand our rights now, when the nation is perhaps facing the greatest crisis in its history, would show a lack of loyalty and patriotism. Those who make such arguments are not acquainted with the rise and development of Races.

All history will prove that most oppressed people have secured their rights when their oppressors were facing a crisis.

The Irish people thoroughly understand this philosophy of history and they are now making a supreme effort for home rule. This effort is being made at a time, too, when the English government needs all of its men and all of its resources to fight enemies on land and sea; and everything indicates that the Irish are going to get the independence for which they have been seeking for years, because they know how to seek at the proper time.

"Four hundred thousand railroad employees secured eight hours work with ten hours pay the other day because they threatened to walk out on a day when America needed every single car and every railroad man in the country. At a normal time the American people would not have yielded so readily to their just demand.

"For centuries the common people of Russia have been depressed and crushed by plutocracy and absolutism. In vain they have attempted to secure their liberties in times of peace, but a few days ago when surrounded by foreign foes these people rose up en masse and accomplished the complete overthrow of the colossal rotten superstructure of the Romanoff dynasty, and in twenty-four hours succeeded in abolshing all racial, social and religious distinctions. The new government has already assured the entire Russian people of their political freedom and equality before the law.

Government Has Stood by With Arms Folded

"Why should not the colored Americans make a bloodless demand at this crucial time for the rights we have been making futile efforts to secure for the past fifty years, instead of hurrying telegrams and special deliveries to Washington assuring the government that has persistently stood by with folded arms while we were oppressed and murdered that the ten million Negroes may be used as targets for German bullets and shells?

"It would not cost the President, governors and representatives a single cent to ask, in their speeches and messages, the American people to abolish 'Jim-Crowism, segregation, and the awful lynching institution, and give to colored men political equality; but it would mean a new birth of freedom for ten million people who have always stood ready to give their life's blood to perpetuate American institutions.

"In spite of all that the big Negroes are saying to the contrary, this is the psychological moment to say to the American white government from every pulpit and platform and through every newspaper, 'Yes, we are loyal and patriotic. Boston Commons, Bunker Hill, Gettysburg, Fort Pillar, Appomattox, San Juan Hill and Carrizal, will testify to our loyalty. While we love our flag and country, we do not believe in fighting for the protection of commerce on the high seas until the powers that be give us at least some verbal assurance that the property and lives of the members of our race are going to be protected on land from Maine to Mississippi.' Let us have the courage to saye to the white American people, 'Give us the same rights which you enjoy, and then we will fight by your side with all of our might for every international right on land and sea.'

"If this kind of talk is not loyalty, then I am disloyal; if this is not patriotism, then I am unpatriotic; if this is treason, then I am a traitor. It is not that I love Caesar less but these black Romans more, who have been true to the flag for two hundred and fifty years. It is infinitely more disgraceful and outrageous to hang and burn colored men, boys and women without a trial in the days of peace than it is for Germans in time of war to blow up ships loaded with mules and molasses."

AT MISS LILIAS G. HART'S STUDIO

Last Monday morning while on my business round I chanced to drop in Miss Hart's Studio at 1129 E. 12th St. I had but put one foot on the step when I heard a sound that was so voluptuous that I was struck by two impulses, one to stand still, and the other to rush in, but scarcely before I had time to accept the one and reject the other did the tone subside into an appealing sweetness that caught me with awe; however I crept gently to the door, and even more gently touched the bell; as by magic a smiling face appeared at the door and bade me enter. So filled was my soul with rapture that I could scarcely speak, but after two or three long breaths I managed to ask Miss Hart, "Who was the singer?" She did not answer but pointed to a sweet faced maiden who stood by her side and smilingly repeated, "This is my pupil, 15 year old Edna Heard of Santa Monica."

Well, all I have to say is that Miss Heard has within her the making of a rare genius and she has a most competent teacher.

A SERMONETTE ON EASTER

Easter comes at this season of the year when the earth is carpeted in its brightest and most beautiful shade of green and when the violet, pansy, daisy and forget-me not rival each other with their beauty and fragrance, but Easter is not symbolic alone of these but marks the day or historical period that our Lord rose out of His grave defying death, hell and the grave, and ascended into heaven. What a beautiful impression the significance of this picture would make upon our future lives if we could upon this very day, realize why Christ was and is, as did Mary and the other women, who wended their way to the tomb on that first Easter day, and because of the Christ already in their lives were able to believe instantaneously as it was revealed in their own words when they said tearfully, "Our Lord is not here but risen and gone."

A Wrong Conception

As the pages of history grow dingy with passing years and generations come and go, invention and discovery increase the wealth of the world, men's minds are reverted more and more away from godly to worldly things.

Tomorrow morning when the sun creeps out from the horizon, makes its stately bow to the glittering shores of the deep blue ocean, and dazzling mountain peaks—how many family altars will tender praise and thanksgiving to the Maker of Earth and the Ruler of Heaven?

It is right and proper that we should bedeck our persons with beautiful garments and cast flowers about the altar, but not only should the house be beautiful, but likewise the soul that abides therein. As the poet puts it, keep the house where God must dwell beautiful entire and clean," hence if our bodies upon this Easter day are bedecked in order that we may receive the praise of men, and not as a sign or token of our appreciation for God's goodness in sparing us to see this another Easter day, we are seeking the praise of men and not the blessings of God.

ORDER OF EASTERN STAR HOLD ANNUAL SERVICES

Last Sunday, April 1st, marked the celebration of the annual services of the Order of Eastern Star.

The Independent Church of Christ, where the service was held, was crowded, and everyone that was there benefited greatly.

Dr. H. D. Prowd, pastor of the Second Baptist Church, was chosen by the Order to preach its annual sermon, and took his text from Romans 8:37, "More than conquerors." He chose for his headings, "The Significance of the Star," "Obedience," "Faithfulness," and "Loyalty." Under these heads this most eloquent scholar brought home to the hearts of those present what the Order should represent.

The other numbers, rendered by members of the Order, were timely, and very much appreciated by the audience.

"THE HEART OF A HERO"

"The Heart of a Hero," the title of the drama staged by the A. B. O. U. T. Club under the direction of Mrs. Lillian J. Craw last Tuesday evening was unanimously voted by the overflow audience at First A. M. E. Church as being one of the most brilliant affairs of the season.

The amateur artists under the direction of Mrs. Craw demonstrated excellent natural ability in the "Heart of a Hero," which was a clean but snappy love drama.

THE ANGELUS THEATRE

Central Ave. is, if not the busiest, one of the busiest thoroughfares in Los Angeles where a goodly number of our people reside either as representatives of the best citizenship or as controllers, owners, and managers of some of the most alive businesses.

When the duties of a strenuous day are ended even the most austere business man appreciates a little recreation, in other words, he is willing to adhere to the little saying, "All work and no play makes Jack a dull boy."

Some years ago in order to save these people on this end of Central Ave. time and money, the Angelus Theater was established, a suitably located, well ventilated picture house where the cleanest and best pictures are shown was established. For three years the Angelus ran on giving satisfaction to the fullest extent until some months ago when it closed down for repairs.

Now, again the Angelus throws open its doors and promises to serve an even greater purpose, and it will be to the advantage of those of us living on this end of Central Ave. to assist the efficient and genial manager, Mr. James Webb, in making the Angelus one of the very best moving picture houses in the city where our young and old may spend a pleasant evening in the very cleanest possible atmosphere.

THE KATHERINE J. BARR EMPLOYMENT AGENCY

A Brand New Enterprise Opens Its Doors

By Walt L. Gordon

(Special Contributor)

Colored Los Angeles, ever awake to its interest and the needs of the times ,launches another enterprise to meet the demands of the incoming hordes caused by the exodus of our people from the Southland.

The people are coming in singles, coming in doubles, and coming in droves. Yes, they are coming. They are workers. They are poor. They must have work to live. It is to the credit of Black Los Angeles that it has such an agency as the one J. W. Coleman conducts, to guide and assist in placing our wage earners. It is to the credit of Black Los Angeles, also, that another agency under the management of Mrs. Katherine J. Barr, who opens up offices at 262-263 Wilson Block, 102 S. Bpring St, to assist in his large and commendable work.

Perhaps some might say that The J. W. Coleman Agency can amply take care of the work situation as far as the colored people are concerned. As enterprising and as efficient as Mr. Coleman has shown himself to be as an agent for labor, as large as hi sclinetele is, and as many as he reaches, it is felt that there are enough that he does not reach or could possibly satisfy who could well support the Barr Agency and possibly even a third like enterprise. This contention is supported by the fact that the Japanese, with a city population of 7000, have 28 of such agencies. Our boast is that the Negro population runs from 15,000 to 35,000 souls. (U. S. 1910 census under 8000.)

The 7000 Japanese support 28 agencies, we ought to support two such places.

Mrs. Barr is the best known of her company, and of her particularly will we discuss. She has been a resident of this city for 19 years, coming here from Chicago with her husband, Dr. E. E. Barr, who was in quest of his health. He sought in vain, as his life terminated after a short residence in our city.

Mrs. Barr being a graduate nurse, she took up nursing for a livelihood and made a splendid success, at the same time rearing an only son (Elmer) and caring for an aged mother. She is favorably and widely known in church, social, and social welfare work. Her large following of friends in both races peculiarly fits her as an intermediary—a spokesman for those who hire and those who desire to be toilers. Success is predicted for her and her company.

Pleading for a broad, fair and efficient city government and seeking to restore the confidence of the peopel in the management of public affairs, Thomas W. Roulo, 722 East Adams Street, well known pioneer of Los Angeles, has entered the race for the City Council, and his many friends predict for him a heavy vote at the May primaries.

FOR CITY COUNCIL LOS ANGELES IN NEED OF A FIRST CLASS HOTEL

The building formerly known as the Booker T. Washington hotel, has changed its name and management. It is now known as the "Lee and Henry Hotel" and under the efficient management of the Allen brothers promises to be the leading hotel of the Pacific Coast.

Los Anglees is in need of such an enterprise and it is believed that these young men who have enjoyed the widest possible experience in this particular line will be able to maintain a large up-to-date cospomolitan hotel in this section, one that will contain all the modern equipment needed to make a first class hotel.

Los Angeles is growing and it is predicted that she will soon take fifth place in the United States.

In their effort to establish a first class hotel in Los Angeles, one that will take foremost place in this country and section, it is believed that these young men will have the unstinted support of all the people not only in Los Angeles, but likewise in the State of California, and traveling public.

It has always been and always will be the Eagle's object to encourage such movements, especially by young men of the race.

San Francisco, Cal.,
March 27, 1917.

Mr. George H. Woodson,
Chrisman Apartments,
1328 E. 21st St.
Los Angeles, Calif.

I have just written Captain Crumbly offering to raise four companies in Northern California here to muster into the proposed regiment which you and Captain Crumbly are in the act of forming. I have also suggested to Captain Crumbly that he secure the consent of the governor to enroll names for this proposed regiment so that we can be in better shape to muster them in should action be required.

I would like very much to have you come to the northern part of the State and deliver a series of addresses. I think I could arrange a satisfactory itinerary for you in case you decide to come.

Hoping that you are well, I beg to remain,

Yours in patriotism,
OSCAR HUDSON.

Mr. J. L. Baker is a friend of the colored constituency, and should receive their support in the coming election.

During this particular crisis through which the country is passing, prudence suggests that the motives of each and every citizen be actuated by a spirit of patriotism rather than passion. The demands of the hour are for men, not whining and complaining, selfish individuals whose scope of vision does not extend beyond the limits of their own conception of issues and doctrines but broad minded, big hearted, brave men who are willing to spend and be spent for the common good of all. The colored men are to be commended in their effort to encourage men of the race to enlist to help uphold the honor and dignity of the nation. In response to the appeal which appeared exclusively in the California Eagle, Attorney Hudson has taken the initiative to have the race properly represented in the northern part of the State, for which action he should receive the hearty commendation of all.

A Man of the People for the Peo-p e.

Few men in this city are better known than Mr. Roulo. Much interest is being manifested in the outcome of his campaign. Already a strong committee of prominent people from different parts of the city has been formed to wage an enthusiastic effort in his behalf.

Headquarters are being opened in different sections of the city and an aggressive speaking program will be pursued in an effort to reach the voters with his message.

Mr. Roulo says he is in favor of the principle of District Representation in the City Council and proposes a fair and honest administration of equal justice to every citizen of whatever condition or race. He is in favor of taxing the entire city to pay for public improvements that are a benefit to the city as a whole, instead of placing the burden upon the property owners in any immediate vicinity.

He believes in the conservation and beautifying of Los Angeles' natural facilities and public institutions. The reduction of the burden of taxation by the lessening of bond issues and sane business management.

He favors all logical measures for the upbuilding of the social, moral and economic welfare of the people.

He is a friend of all the people and his record for many years past is a sufficient guarantee of his favorable attitude towards the laboring class. He has always been the friend of labor, and in the payment of wages has benerally exceeded even the prevailing scale. He is opposed to child-labor and favors the establishment of a minimum wage and hours for women.

One of the biggest sensations among the Colored people of Los Angeles was caused on Thursday when Miss Carrie Davis, well known to many of the oldet Los Angeles folk and of one of the finest Colored families in Los Angeles, filed suit for slander against W. G. Finch, a wealthy white real estate dealer, for $5,000 plus the costs of suit.

According to the complaint, which was filed by Attorney Hugh E. Macbeth, Finch wrongfully accused the plaintiff, Miss Davis, of running a disorderly house.

This is the first time in the history of the Race when a Colored woman wrongfully accused, has had the nerve to fire back at her accusers. The outcome of the case is awaited with keen interest among the Colored citizens of Los Angeles and vicinity.

What the Churches are Doing

PHILLIPS CHAPEL, C. M. E. CHURCH
1405 Newton St.

Rev. J. C. Anderson, Pastor

Sunday was a high day at this church. Being the first Sunday in the month it was Communion day and the membership was out in large numbers. Palm Sunday was also observed and the pastor preached a special sermon on the "Triumphal Entry" to the congregation. There were two conversions at this service. The evening service was also highly spiritual and several came forward for the prayers of the church.

There will be three services at this church on the coming Sabbath, and we are expecting to have the banner day of the year so far.

There will be preaching at the morning service by the pastor. At three o'clock the children of the Sunday School will render their program and at night there will be a sacred concert rendered by the choir.

All departments of the church are alive and the church seems to have taken on new life along all lines. Come and worship with us.

FIRST A. M. E. ZION CHURCH
Pico and Paloma Sts.

Rev. B. C. Robeson, A. B., S. T. B., Pastor

After the biggest rally and the most successful revival ever held within the walls of "Zion," the grand old church has settled down to normal and the routine of the work has been picked up where it was dropped. The choir has been "habilitated," now we have engaged Prof. Bynum of the First A. M. E. to train this splendid aggregation. Prof. Wheaton retires because of impaired health. Now it will be going "bigger" than ever.

Father Mucker was out to sacrament Sunday. He officiated and partook of the same. Many of his old friends and admirers were delighted to have him with us again after his prolonged illness.

The pastor continues to impart the necessary information to sinners and backsliders. Last Sunday among our ever increasing number of worshippers were a group of white people visitors. They stayed throughout service. Our pastor's fame is reaching all classes and people.

Sunday he will address on "The Empty Tomb" at 11 a. m. services, and at 8 p. m. Easter exercises by the Sunday School. Good ventilation. Free pews. Visitors and strangers are especially wecome. Sunday school at 9:45 a. m. Classes for grown ups.

MT. ZION BAPTIST CHURCH
Third and Traction

Rev. F. H. Davis, Pastor

High religious fervor marked the past Sabbath's services at this church. The pastor preached a powerful sermon from the text, "It is worth while." Sunday night, Dr. A. A. Newman of the Third Baptist church of San Francisco preached a very inspiring sermon. Dr. Newman will also participate in the revival services which are now being held at this church. Come out Sunday morning and hear the pastor preach from the subject, "Divine provision for human need." Also Sunday afternoon at 3:00 the Daniel band will have their Easter exercises. Come out and hear them as they are planning to have a splendid program for Easter.
are welcome.

WARD CHAPEL A.M.E. CHURCH
1354 Channing St.

Rev. J. W. Price, Pastor

Sunday was truly a glorious day for Ward, every service carried with it a large degree of interest and spiritual helpfulness.

In the afternoon at our third quarterly meeting, at which the Rev. Dr. J. Logan Craw acted as presiding elder in the absence of Rev. Dr. Wilson, Dr. Craw and his good people came in goodly numbers and met the Rev. Dr. E. R. Johnson and many of his congregation of the Second church and other visitors.

All are looking forward to Easter as another day of refreshing. A splendid program is being arranged by the officers of the Sunday school, a part of which will be rendered at the morning hour. Other numbers will be carried over to the evening service. The pastor will speak at both services.

Sister S. E. Mann has been on the sick list for several days, but is somewhat improved. Sister Galloway is much improved. We are pleased to state in connection with our services Sunday we had one accession in the morning.

The Etude Choral Club with a membership of 42 is rehearsing the first and third Tuesday nights for a musical on or about May 31st. The roll is still open for new members until 50 is reached.

A GREAT MEETING AT ST. PAUL BAPTIST CHURCH

Rev. R. N. Holt of Tulsa, Okla. has arrived and St. Paul is 'on fire." Dr. Halt is preaching each evening to an appreciative audience. Dr. Holt comes to us highly recommended. Not only is he a preacher of rare ability, but a pedagogue of rare attainments. Los Angeles will do well to hear him at the St. Paul Baptist Church 545 E. 23rd St.

Next Sunday, Easter, is promised to be a high day at the Saints Home Church. A feature program is arranged for the occasion. The Sunday school and Y. P. W. W. will entertain all to attend who will not be in attendance at their own churches. All the people afternoon and evening. The pastor will deliver his Easter sermon at 11:30 a.m. You will do well to hear him. He will deliver a short message at 8:30 p.m. At an intermission of the program all are urged to be present.

A RARE TREAT

The Y. M. C. A. will enjoy a rare treat Easter Sunday, 3 p. m., when Miss Ida K. Hinds of New York City well known lecturer and author, will read and speak. Miss Hinds captivated the members of Ebell Club recently and is highly spoken of by the great dailies of America and Canada. This meeting will be open to all, as we are anxious for the women of the city to have the opportunity to hear her.

THE PEOPLE'S INDEPENDENT CHURCH OF CHRIST
Corner, 18th and Paloma

Rev. N. P. Gregg, Pastor

Palm Sunday at the People's Independent Church of Christ was indeed a glorious day. The pastor's theme both morning and evening was "Knowing Jesus." Text from the 12th chapter of St. oJhn. He saying in part: The people of the church must know Jesus to be able to introduce him to the sinners who come seeking him. As Jesus entered Jerusalem he was greeted with song. The Greeks hearing of him came hither seeking him, saying, "We would see Jesus. We have heard of his great works, but we would now see him and know him for ourselves." So comes the sinner to the Christian or to the house of God, which should be in close companionship with Christ as the introducer must know the one introduced.

In the afternoon the sermon of the Eastern Star was preached by Rev. H. D. Prowd, pastor of the Second Baptist church. This was a masterly sermon and eloquently delivered.

On Easter Sunday the children's Easter program will be at 11 o'clock. The sermon of the Knights Templar will be preached by Rev. Greggs, pastor, in the afternoon. All are invited to come and spend the day with us, as dinner will be served in the basement during the afternoon.

WESLEY M. E. CHURCH
8th and San Julian

Rev. A. P. Shaw, Pastor

Annual Decision Day was observed in the Sunday School last Sunday and more than 50 children and young people decided to profess Christ openly and begin the Christian life. These were received into preparatory membership. At 11 a. m. the pastor preached a Palm Sunday sermon on "Who is this?" At 7:45 p. m. a very interesting sermon on "The Young Man with a Purpose," was preached by the pastor. Four persons united with the church.

Plans are arranged for great services Easter. Early Easter morning prayer and praise meeting at 5:30 a. m. Baptismal services at 10:30 a. m. Parents are urged to bring their unbaptized children to this service. 11 a. m. Easter sermon, "Death's Conqueror" by the pastor. Special Easter music by the choir.

1:30 p. m., baptism by immersion in the pool.

At 7:45 p. m. an Easter cantata, "The King Immortal" will be rendered by the Sunday School. Special offering for missions.

On April 11th an "all men's" concert will be given for the benefit of the annual May rally.

We hope all our members are observing self-denial week this week and will report the funds thus saved at one of the services Sunday.

Do not forget our soul rally Easter. Work earnestly to persuade some sinner to accept Christ or some person who has not joined the church to unite with the church. Win one for Jesus.

FIRST A. M. E. CHURCH NOTES
Corner 8th and Towne Ave.

Rev. J. Logan Craw, Pastor

Last Sunday's services were very large and thoroughly edifying. All in attendance were presented palm crosses. The pastor delivered the two sermons and there was one accession to the membership. Our vested choir presented an unusually inspiring appearance and sang to the perfect delight of both our large congregations. The musical and literary program by the Endeavor Society was one of the best ever heard and every participant is deserving of special praise.

Easter services will be observed with three great big meetings Sunday. Processional by our vested choir promptly at 11 o'clock. Miss Edna Heard of Santa Monica, and a pupil of Miss Lilias Hart, will sing at this time. The pastor will deliver the Easter sermon. The Easter rally will then ensue. Come prepared to do your very best in this effort at the morning service. Chicken dinner in our banquet hall, only 35 cents, as long as it lasts. At 3 o'clock the Sunday School will appear in special program that has been prepared by Mrs. Lillian J. Craw and Miss Isadore Steward and under the direction of Superintendent Hale they will "open the Easter eggs." Don't miss seeing, hearing and helping the children in the afternoon of Easter day. At 6 both the Allen Endeavor society hold forth and makes its donation to Easter rally. At 7:30 p. m. sharp our full vested choir will render it's superb Easter concert and the rally will close with the summary of the day's collection given out.

Everybody is welcome to spend all day at this church Easter. The pastor would use as final words to members and friends these: "To do good and to communicate—forget not; for with such sacrifices God is well pleased." Heb. 13:16.

LINCOLN MEMORIAL CONGREGATIONAL CHURCH
34th St. and Central Ave.

E. E. Lightner, Pastor

Glorious services were enjoyed throughout the day by all who worshipped at this church on last Sunday. Attorney Geo. H. Woodson, of Buxton, Iowa, a loyal Congregationalist, was introduced and he gave some inspiring and encouraging words in the opening service. The pastor was at his best and brought a practical mestage on the Triumphal Entry, taking as his text: "The Lord hath need of them," Matt. 21:3.

"Seek ye first the kingdom of God and His righteousness," was the text of the pastor at the evening service. The Lord's Supper was celebrated at the morning and evening services. One accession to membership was made.

The special meetings which have been in progress the past week promises to be of unusual interest tonight when Dr. H. D. Prowd of the Second Baptist church will bring to us the message.

Sunday will be a great day for us. The pastor will bring the Easter message at the morning service. At 3:00 o'clock Rev. B. C. Robeson, the efficient pastor of the A. M. E. Zion church will break to us the bread of life. The evening service will be given over to the Sunday School, at which time their Easter exercises consisting of songs and recitations, will be given.

You are cordially invited to all these services.

SACRED CONCERTS AT A. M. E. CHURCH SUNDAY

Choir and Sunday School at the A. M. E. church are striving to make this Easter's services the best as they are the last in the five years' pastorate of Rev. Dyett. The Sunday School will meet at 10 o'clock and at the regular morning service hour, eleven o'clock, will present the Easter story in recitation and song. Parents especially are invited to this service. The Young People's meeting will be led by Rev. Bussey at 6:30. The choir at 7:30 will present a sacred concert for which they have been preparing for weeks. This will be the last big concert by the choir under the direction of Mrs. Dyett and will well repay the big crowd of members and friends expected at the church Sunday night.

The Steward's rally last Sunday was a splendid success, following as it did upon the heels of the recent building fund rally. The pastor at morning service, Rev. B. C. Robeson in a splendid afternoon sermon and Rev. J. W. Price at night preached to large audiences. Rev. Kinchen and Rev. Fleming also Rev. and Mrs. Judkins of Duarte and their congregations united with the church in the afternoon service. A total of $119.08 was raised by the class leaders as follows: Class No. 1, Wm. Bunch, Mrs. Hardin and Mrs. Robinson in charge, $29; No. 2, H. T. Wright, leader, $14.25; No. 3, Mrs. Tyus, $19.05; No. 4, M. Burton, $18; No. 15, Mrs. DePugh, $8.55; No. 6, Mr. Fouche, $13.05; Ladies Aid, $7.00; Stewardesses, $8.00; collection, $2.90. This effort leaves the church with pastor paid up. The rally proved a testimonial of esteem on the part of the congregation for a devoted and efficient pastor. Rev. Dyett expressed deep appreciation for the loyalty and kindness and untiring efforts of the members.

METROPOLITAN BAPTIST CHURCH, PASADENA

Services at the Metropolitan Baptist church Sunday were a source of inspiration all day.

The pastor preached at the morning service. One addition to the church at this service.

At the Sunday School hour a Brotherhood class was organized with an enrollment of 12.

The pastor announced that at the June rally he would through his influence raise a dollar for every dollar that would be raised by the church, provided that the church raised $500.00 or more.

In the afternoon the O. E. S. of Pasadena held their annual Palm Sunday services at the church, the sermon being preached by the Rev. D. J. D. Gordon of Tabernacle Baptist church of Los Angeles.

At the evening service a short sermon by the pastor created such a spiritual atmosphere that three men renewed their covenant with God, making four additions for the day.

The services for Easter Sunday will be carried out in keeping with the day. Sunday School at 9:45 will study the Easter lesson, and the morning service hour at 11:00 o'clock will be given over to the specially prepared program of the children, under the direction of Mrs. Hughes and the Misses Grey and Harts.

At the evening service the pastor will preach from the subject, "The Resurrection." The choir will sing special Easter anthems.

The B. Y. P. U. will hold an interesting meeting from 6:30 to 8:00.

Women's Home and Foreign Missionary Society regular meeting at 3:00 p. m.

The home of Mr. and Mrs. Lewis C. Dials was thrown open to their friends, last Monday, 28th ult. when they entertained in honor of their 20th anniversary. It was indeed a scene of beauty and a welcome to all. Never before has such encouraging words been given in the home. The matrimonial paper by Mrs. Pearl Johnson was indeed a treat to all who heard it, and the response by Rev. N. P. Greggs was fitted for the occasion and was indeed commendable. The sweet music by Misses Pearl, Nadine and Wilma Bratton was unsurpassed and much praise was given them for their excellent talent. The fruit game was enjoyed by all. The prize was won by Mrs. Edward Brown after which punch, chicken salad, sandwiches, coffee, vanilla and strawberry ice cream was served in orange, chocolate and carmel cakes. Quotations were in order. Many beautiful gowns were worn by the ladies which added to the beauty of this cozy home. Many beautiful pieces of hand-painted china were received with great pleasure several being from friends who could not be present. After congratulating the cyuple on their long and happy married life and wishing to live to celebrate another, the guests departed, acknowledging an evening well spent.

WHITE SOX ENTERTAINED AT ELABORATE BANQUET

..Last Thursday evening at the Cadillac Cafe where walls and ceiling were beautifully decorated and where a table was laden with good things of the season that satisfy the inner man, 20 persons, members of the famous White Sox Baseball Team sat down to a service that was for a king.

The management of the cafe spared no pains in the matter of decoration and service in making this a splendid affair.

The White Sox has won national fame as one of the leading teams of this country.

The Memorial Season Approaching.

On Tuesday, April 5th, after 6 p. m, the beginning of the 14th day of Nisan, according to the Jewish calculation, God's truly consecrated children who are following in the Master's footsteps and fully desirous of doing His will in the light of present truth, will celebrate the Memorial Supper. This season is especially sacred to Christians, because it commemorates the death of our Lord Jesus, and forcefully brings to mind that we are to die with Him as a part of His sacrificial Body—the Church Eph. 1:22-23.

It was on the 14th day of Nisan that the Master instituted the Memorial Supper. According to Jewish time, each day began at 6 p. m. It happens that on this year, Thursday April 5th, 6 p. m. is the beginning of the day which marks the anniversary of that important event.

The days of the week just preceding the institution of the Memorial Supper recorded events of great importance, culminating on the 14th day of Nisan with the greatest event of the world's history—the death of the Son of God, that He might thereby become the Redeemer of the whole world. The world knew nothing of the importance of the passing events, and even the Apostles comprehended them but vaguely.

Likewise the importance of the present hour is not comprehended by the world, and cannot be fully appreciated by any of us in our present state. The order of things that have existed for many centuries are now passing away with great confusion, and the Body of Chaist—the Church, is being completed and the glorious Kingdom is coming in. Under the Law the Israelites were required to take the pascal lamb into their homes on the tenth day of Nisan, preparitory

Our Employment Department is still calling for all classes of workers.
MRS. M. E. SCOTT, Pres. MISS LOUISE WILLIAMS, Sec.

SOJOURNER NOTES

Sojourner Truth Club women deserve the heartiest support and co-operation of all citizens in their fourth annual rally. They need $1000.00 to complete payment on the home, and if the citizens do their part by these loyal women they will celebrate their fourth anniversity May 19th with their home free from debt, and claim a reward of $100.

Let all who can buy a link in the silver chain (which is $1.00 toward the rally) when the members approach them, and rest assured if the $1000.00 is realized the women of the club will not appeal to the public for some time. With the liquidation of the debt, a broader scope to the work can be accomplished.

The Home was opened in May 1913 at a cost of over $5000 all of which has been paid, except $1000 aside from its maintainance which has been quite an item.

In these few years of its operation hundreds of girls and women have accepted its hospitality and made it their home during their stay in the city. The home has furnished employment to all of its members who needed work and placed competent help in the best homes in the city at the best prices paid. It has also given employment to many outside the home and is willing to help all women who need encouragment. The members of the club who understand its purpose, feel that the finest membership privilege is the privilege of serving others and the home's greatest need is the co-operation of all citizens for its maintainence. Last Monday, March 26, was Educational Day. Dr. Stovall gave an address on health; Mrs. V. E. Moxley a talk on Sojourner Truth; Mrs. M. D. Scott read the poem and Mrs. L. V. Stewart rendered a beautiful vocal solo after which sandwiches and tea were served by the Social Committee.

Many entertainments are being planned for the raising of funds for the rally. Encourage the members by patronizing them.

As we go to press, the very latest news seems to be the President's call for volunteers.

It is believed that the thoughtful among our people will unite in their support for Mayor Woodman, whose probationary term has been successful in every way.

It is said that German spies tried to line up Negroes in certain Southern States, but as was said by Thursday evening's Herald, they remain loyal to the U. S.

We believe that ministers of the Gospel and congregations should mingle their prayers and tears on tomorrow in a petition that the Divine hand might rule in behalf of peace.

This seems to have been a very busy week for the law makers at Sacramento, even our Staff Writer, it seems, has been carried down the stream, for we have been unable to get his weekly contribution.

We are publishing on our front page a sermon delivered by our own Dr. Powell to his great New York congregation last Sunday evening, in which he urged members of the Race to wage bloodless war for constitutional rights.

We publish this sermon not only because of its merit and timely advice, but also because Dr. Powell but recently visited California and because we have in hand even now a letter expressing his high appreciation for the treatment accorded him by Dr. Prowd, members of Second Baptist Church and the citizens at large while in Los Angeles. And we believe that this message will strike a responsive chord in the hearts of our people in this section.

This being the Thirtieth Anniversary of The California Eagle, which mission has ever been the promotion of Racial enterprises, the establishment of a greater bond of union between all people of the earth and the establishment of a record of the doings of our people, we propose to some time during the year bring out a monster edition showing not only our own progress but the progress of the Race in this section.

Los Angeles, Cal.
April 4, 1917.

ESditor Eagle—

Lest your readers think that we have forgotten them in our pursuit of the principal topic of interest, viz: The Progressive Educational Association, permit us to say that an absence from the city for some weeks has prevented our prosecution of the work nearest our heart, and we are now taking up the pencil again in the work and we trust that the enthusiasm manifested on previous occasions in reference to this gigantic and farreaching proposition will again be in the foreground and receive the attention that the plan demands, and we wantt to again get in touch with the readers who are tired of barely subsisting in this glorious Southanld, because they are hampered in their efforts, and have not the opportunities that their best efforts warrant, consequently on every hand we see failures where there could otherwise be luxury and plenty, and the sooner we all realize that there is somethng better for all of us, and pull for the highest attainments, then it will be the greatest success along all lines of endeavor.

Since our last communication history has been in the making in the glorious land of Arizona, for what is believed the highest price ever paid, in the United Sates, for cotton since the Civil War, has just been recorded for forty-four bales of Pima cotton, grown near Tempe, Arizona, when a price of 84.6 cents a bale was paid. Tempe is in the immediate neighborhood of the land secured by the Association for colonization purposes, and augurs well for the future price of that commodity here in this section of the United States, and when the fact is taken into consideration that this territory is merely in its embryonic stage, we ask what will be the future of this industry, when it becomes fully developed? A safe prediction can only be presumed, but it certainly admits of the greatest possibilities, and what is true of one branch of farming will be true of all others when once under the magic wand of the true and earnest soul, intent on getting the best results and satisfied with none other. Just like every other calling to obtain the very best results, one must specialize and study soil and conditions to the best advantage, and when this is done immense crops will be the inevitable rule in this country which God has blessed, and which we really believe was reserved in this glorious twentieth century for our people to come into their own. As has been well said, "Who knows what a day may bring forth," and this sayingg is being verified every day many times over, and to our mind we are just on the eve of great accomplishments in our work.

We have been asked so many times during the past month, what the resources were and what steps were being taken to the commencement of the building of the schools and institutions of learning whereby the colored boy and girl may receive that nec-ssary training that will prepare them for life's work; to this we will say adequate steps are being pursued that will result in the greatest good. More in your next issue.

Yours for larger growth and greatness,

JAMES H. LONGDEN,
Legal Adviser Progressive Educational Ass'n.

A Lesson In Horticulture.

If amateurs would plan out their garden before they start to sow the seeds, they would reap bigger crops and fewer disappointments, also buy your seeds from reliable seedman, as seeds are very scarce this year.

Rotation of crops is needed to economize plant food and help avoid plant disease. Tomatoes, lettuce and cabbage, for example, may be planted this season where peas and beans grew last.

Double cropping will double the total yield. That means that beets, cabbage or celery will go in as soon as early pease are off, that turnips will follow early beets and that lettuce will be sowed wherever a vacant space appears.

It is a wise plan to start peas, beans, corn, radishes, beets and lettuce at intervals of a week or ten days all through the spring. Then there will be a long season of each kind.

The earliest seeds to go in are peas, radishes, lettuce and spinach, which may be planted as soon as the soil is fit to work.

Tomatoes in the back yard garden are best trained to stakes or supported on frames to economize space and keep the fruit clean. When you set out tomato plants which have long thin stalks, if a shallow trench be scooped out and a large part of the stalk bent lengthwise and buried along with the roots, scores of new rootlets will be formed and the strength of the plant greatly increased.

Tomatoes may be stimulated by sinking a tin can in the ground at the base of each plant and partly filling it with manure, holes having first been made in the sides of the can. When water is poured into the cans the roots will get a fertilizer that they can use immediately.

In last week's issue of this paper there was an announcement stating that Wm. T. Wilkins School of Music would appear in the contest given by the National Association for the Advancement of Colored People, at Blanchard Hall, Friday evening, April 13, 1917.

Mr. Wilkins hopes there will be no disappointment as he is preparing an unusual program this year for the recital to be given at the Lyceum Hall, formerly known as the T. M. A. Hall, 231 S. NEGRESS WINS $630 DAMAGES FOR INJURY TO HAND FROM FALL

Mrs. Mary Neff, Colored, who was said to have attempted to buy a "jack" to throw in the defendant's yard so she would be sure and win her damage suit, was awarded $630 damages by Judge York today against Dr. J. L. Jones and the Los Angeles hospital.

Mrs. Neff declared that she fell while passing the hospital grounds and lacerated her hand on a barbed wire fence stretched about the grounds. The injury became infected and caused her to become ill and lose time from her work, she said. The action was based on a city ordinance which forbids the maintenance of barbed wire fences on street lines.

DISAPPOINTMENT FROM AN EXALTED HEIGHT

In a speech in which he opposed granting additional powers to the United States Supreme Court, John Randolph said: "The Book of Judges comes before the Book of Kings." It is a historic fact that a majority, and often a bare majority, of the Supreme Court has sometimes sought to extend its jurisdiction to the enunciation of political doctrines. Yet it is also true that the American people have vigorously opposed this tendency. In the famous, or rather infamous, "Dred Scott" decision, Chief Justice Taney said: "A Negro has no rights which a white man is bound to respect;" and fifteen States precipitated the Civil War in an endeavor to form a nation based upon this inhuman sentence.

The "Dred Scott" decision was rent to fragments by Union bayonets, and at the ballot box, as well as on the battlefield, the nation declared that, although distinctions of Color might be made in business, in social life and in the church, yet when it came to the ownership of his own muscles and brains, the power to order his own life, the Negro had rights which all men, of whatever caste or Color, must respect.

It is a grievous mistake to place upon the Supreme bench of the nation a lawyer who may be justly suspected of a tendency to subordinate his judicial functions to his secret or avowed political aspirations, for such a man, however able and however honest in other respects, will be sorely tried, and may yield to the temptation of dragging his ermine, which should be spotless, into the unclean pool of politics. The nation was unfortunate when Justice Lamar died, and more unfortunate when Justice Brandeis was appointed to succeed him, for the tendency of the court to lean towards Socialistic theories was thereby accentuated to a degree that made possible the recent decision affirming by a bare majority the constitutionality of the Adamson law.

The power of the judiciary over legislation, either by nullification or approval, is a power that is rarely exercised and when exercised its result can only be reversed by the slow processes of death, resignation and appointment. The Legislature can repeal a law that has been validated by the court, but it cannot re-enact a law that has been nullified.

It is as much the duty of the court to nullify as it is to validate class legislation. It requires probably more courage and greater conscientiousness to nullify than it does to validate a statute.

In the case of the Adamson law Congress is the only power that can, by a repeal of the law, remedy the mischief it has wrought. But the great and growing power of the Gompers-dominated labor unions is much more likely to be exercised in additional class legislation, enhancing the wages of all railroad employees and possibly providing for an increase of wages to operatives in mines, in factories, in furnaces and in forges.

The decision in the Adamson law case shows that a majority of the United States Supreme court is poisoned by the virus of Socialism. In rendering that decision the august body either deliberately or unintentionally laid a tangled network for its future footsteps—a network that will almost surely "throw" it when it is not looking.

Our State Supreme Court has also occasionally exhibited weakness and something approaching demagogy—a disposition to follow the fads and follies of Socialis mrather than the dictates of common fairness and common sense. What the end will be, no man can foretell.

RIVERSIDE

A mixed audience responded to an invitation to hear Mrs. Carrie Jackson and daughter Pauline in their second recital on last Monday evening, March 26th, at Eagle hall auditorium.

Mrs. Porter, teacher of Pauline is given the credit of bringing these two talents before the public. In a very pleasing and encouraging way Mrs. Porter said she discovered latent talent in Pauline some years ago and realizing this fact she accepted the little Miss as a pupil.

Although only a Miss of sixteen summers, Miss Pauline shows a marked distinction of a great future pianist of the race.

Mrs. Jackson, the charming mother of Pauline is preparing herself vocally. She is under the instruction of one of the best teachers in Los Angeles.

At the request of her former pastor, Rev. H. C. Evans, Mrs. Jackson was able to give two numbers of S. Coleridge Taylor's compositions. Mrs. Jackson sang both selections very sweetly.

Aside from these special trainings, both mother and daughter are active in church and club work.

Miss Pauline is one of Riverside's school girls and very popular among the younger set.

At the close of the program Miss Pauline was awarded a certificate of proficiency from Western Conservatory, Chicago, Ill.

SCOTT CHAPEL NOTES

Last Sunday was a busy day for Pastor Kinchen. Aside from his own regular services which number five on the Sabbath, he addressed the great Sunday School of the First Methodist church. An audience of nearly 2000 people greeted him and were pleased with his address in the interest of the work among the Colored people of the M. E. church.

The services were up to the usual high water mark all day Sunday and a great inspiration came to all who were present.

On last Thursday night another storm struck the parsonage, resulting in a table laden with valuable groceries for the pastor and his family.

Next Sunday will be a great day for the church. The pastor will preach

A recitation by Master Paul Ford and instrumental and vocal musical numbers by Miss Marie Ford were among the features on the program. After a short talk by Rev. Candidate for the City Council

In announcing my candidancy for the council I state my platform to be:

"The development of industry, the promotion of the interest of the man who works, and economy on little things as well as big.

The expansion of the city's commerce and the illimination of heavy taxes for unnecessary improvements.

Efficieecy and practical economy."

Having been a workingman all my life, the interest of the man who works will receive the first consideration from me. I will not be unfair in any act to favor the workingman; but shall see that his interest is not abused because he has not the time, the money or the knowledge to care for it himself.

As a lifetime observer of the civic management of this municipality I have noted necessity of more efficient management and application of practical economics. I therefore, welcome the support of all who are in favor of efficient management and practical economy.

MEMORIAL SEASON APPROACHING.

to the Passover, to be celebrated on the 14th. Thursday must have been a day of keen interest to all of the Jews, because between that evening nnd the evening following (Ex. 12: 6, margin) was the time for the slaying of the lamb, and the roasting for the Passover.

Six o'clock that evening would mark the beginning of the 14th day of Nisan (Friday) during which day the passover lamb must be killed and eaten. As the day drew on, Jesus said to His disciples, "My time is at hand." He then gave directions to His Apostles for the making ready of the Passover Supper; "and the disciples did as Jesus had appointed them, and they made ready the Passover." It was incumbent upon the Lord, as a jew, under the law arrangement, and also upon His disciples, to observe the Passover Supper. At the conclusion of the Supper the Lord instituted a new thing.

Institution of the Memorial

The type of the slaying and eating of the pascal lamb was now about to be fulfilled. It would never be proper, therefore, to have another observance of the Passover, the antitype being the sacrifice of Jesus as "the Lamb of God which taketh away the sin of the world." Our Lord there instituted the Memorial of the fulfillment of the type, by the breaking of bread, which He gave to His disciples, and by the drinking of the wine, which was to be a commemoration of His death.

Why Jesus Died At That Time

The Israelites had been for years in the land of Egypt, where they were in bondage. God sent Moses to be their deliverer and Aaron to be his mouthpiece. Under the pressure of the plagues Pharoah declared that he would let the children of Israel go, but each time he broke his word. Now God purposed to send the tenth plague, which would cause Pharoah even to hurry the Israelites out of Egypt.

God directed Moses to prepare for the tenth and last plague, informing him that at mid-night, on the 14th day of Nisan, the Death Messenger of the Lord would pass through Egypt and every first-born of every family should die. His agreement was that on the tenth day of the month each household should take a lamb, and if any household was too small, his neighbor should join with him; that the lamb should be a male of the first year without blemish; that it should be kept in the house until the 14th day of Nisan, when it should be killed, and the blood sprinkled upon the side door-posts and on the upper post; that the lamb should be roasted with fire; that no bone should be broken—it should be roasted whole; that it should be eaten with unleven bread and bitter herbs; that those eating it should do so with their loins girded, their shoes upon their feet and staves in hand, and that they should eat it in haste; that when the messenger of the Lord should pass through Egypt, upon every house where the blood of the lamb had been sprinkled according to the direction given by the Lord, the first-born should be passed over unharmed. As they carried out this arrangement, about midnight the first-born of all Egypt died, even to the first-born of Pharoah, the ruler of Egypt.

Hats Off to the All-American League.

Some months ago as the war lords whistled from the blood-soaked shores of Europe and thousands were being crushed beneath the cruel juggernaut of hatred envy and malice, there sat a few liberty-loving, justice-craving souls wrapped in the mantle of deep meditation. Viewing with apprehension the grim spectacle being enacted across the national life, heard the newsboys yell of a few days ago, "war is here," and America calling for patriotism, fealty and love.

With hearts that beat in unison with the principles of righteousness, truth and justice they longed for the day when America could pull down the flag of deceit, prejudice and discrimination and wave in the breeze old glory, emblematic of liberty and freedom. Not willing to stop there they bound themselves together to hasten its dawn. The results of their labor and the clearness of their vision are being daily inscribed upon the banner of progress.

It takes faith and fearlessness to break into new spheres. You must believe in yourself and the field you would plow. You must stifle all fears and defy all obstacles. These noble souls with the perspiration of conviction heavy on their brows, the gleam of faith in their eyes and the blood of courage coursing through their veins consecrated themselves to the task of opening the flood gates of despotism and cruelty and allowing a torrential stream of equality, brotherhood and equity to baptize this land which we hold so dear.

This league has made a name of which it should be proud. Its principles find an echo in every vibrant heart and all eyes eagerly watch its signboard for instructions. It has lifted a voice of fairness, impartiality and love. It has sung a refrain of persuasion, suggestion and diplomacy that has helped make happy many sad and despondent souls and cleared away the rubbish in many mental backyards.

Arousing the sons of Ham from a state of lethargy it led us to our beautiful Exposition Park where we could place on exhibition some evidence of the talent we possess and the work we are constantly doing. There amid California's sun-kissed palms many eyes were opened, many minds visibly touched and many hearts deeply impressed. Faith, pride and inspiration were deepened and many earnest vows made that the banner should never trail in the dust, and the All-American League should never die until its purpose should be gloriously achieved.

Our city, state and country are blessed when such forward-looking give their deepest consideration to the inculcation of the principles upon which national solidity is founded in the minds and hearts of all citizens of this grand republic. We believe in our country, and know that it should be steered around the whirlpool which threaten its destruction. We believe that when she stands upon the platform erected by this league, and when all shall declare undying allegiance thereto, that all nations of the earth will be blessed.

Fight on, noble men and women; lift high your glourious escutheon. All true-hearted American citizens will encourage, support and aid until the advent of that day when every man, woman and child that owes allegiance to the star-spangled banner can sing our national hymn, "My Country 'Tis of Thee" without one disquieting thought or one disturbing reality to mar the harmony of their satisfaction. When the blonde-haired Caucasian can grasp hands with the despised progeny of Abraham and the dusky, but loyal sons of Ham, and side by side they can uphold the glory of Uncle Sam, not only when the circumstances reveals the brotherhood of man, but in time of peace when the strength of the nation is conserved, that mutually they may strive for the realization of our country's dream, that the stars and stripes may represent a republic where every man is a king, and where the supreme law is the conscience of a God-fearing people.

Candidate for City Council

A SQUARE DEAL FOR ALL

Read My Platform.

First—I think membership in in the CITY COUNCIL a place of honor and trust and if elected, I shall try to treat all classes justly so that at the end of my term I shall feel that I have been worthy of the honor bestowed upon me.

Second—I consider that the smallest wage earner pays his share of taxes, either directly or indirectly, and his interests should be protected just as carefuliy as those of the more wealthy or influential.

Third—I mean to look upon all matters with fairness and equity toward all classes, with the best interests of LOS ANGELES always in view.

Fourth—Laws that are beneficial to the public in general should be enforced without fear or favor, and those laws that are not for the public welfare should be changed to meet present conditions.

Fifth—Any new radical laws should have the fullest consideration, and the advice of able and competent men who have been accustomed to handling large affairs.

Sixth—Licensee should not be placed so high as to breed dishonesty or crime and any business for which the payment of a license is required should have the full protection of the government under which it operates, within its legal rights.

Seventh—I do not believe in so burdening the city with indebtedness, causing excessive increase in taxation, as to discourage new-comers to invest their money in homes here, or discourage wage earners in their ambition to own their own homes.

Eighth—I believe in municipal ownership in all instances based on thorough business principles, where the benefit and profit to the public are assured.

Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life

to join us in the Oil Land Development Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit-sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the field near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

You probably have neglected many a money-making opportunity but dont neglect this one, it means your fortune, and is right within your reach. Seize it now. Write or call in person from 4:30 p. m. to 9 p. m. C. E. Patterson, 1446 So. Negro Attorney

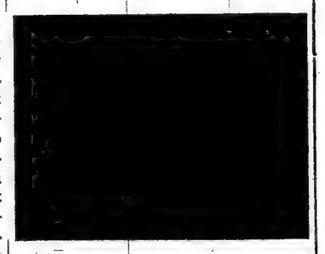
Makes Memorable Address

A GREAT DEMONSTRATION FOR MAYOR WOODMAN

Thursday Night the Woodman Headquarters not large enough to Seat the Vast and Enthusiastic Voters. The Great Speech Made by Attorney Hugh E. Macbeth. The Mayor to be Elected at the Primaries.

Never before in the political history of this city was there ever so much enthusiasm shown in a ratification meeting of any candidate for the position of Mayor, as was shown Thursday evening at the Woodman headquarters, 409 So. Hill street. Hon. Russ Avery presided in his usual excellent manner and there was not a hitch in the program. The thousands present represented the earnest people who intend that Los Angeles shall have a Mayor worthy her importance as the future metropolis of the Pacific coast. The Pacific coast, as one of the eloquent speaker said, is bound to become the commercial region of the whole country as the result of the present war. There were a number of very eloquent speakers, among them the very eloquent former assistant District Attorney Joseph Ford; Mrs. Beatty most eloquently presented from the womans' side the absolute necessity of continuing Frederic T. Woodman on the job of making a "greater Los Angeles;" W. M. Bowen, a veteran in municipal government, and who at one time was president of the City Council, who among many other things worth pausing to think over spoke with authority when he said that in the short time Mr. Woodman had been Mayor he had actually accomplished more in a constructive way than any other mayor this city ever had. Lon Rector spoke for labor and he spoke as one whose heart was in his words. Mrs. Rufus Bowden received applause for hearty and at times witty speech. All of the speakers were generously applauded, but it was reserved for the last speaker, Attorney Macbest, to receive a perfect ovation at the conclusion of a short seven minute speech, which for force and compelling argument was not equalled by any speech made that night. Mr. Macbeth received throughout his plea to the higher intelligence, the patriotism and hopes for the future of this city, and his tribute to Mayor Woodman's demonstrated efficiency was greeted with marked approval. He had the single honor that few speakers receive at the conclusion of his oration, to have to arise and stay the torm of applause by bowing again and again in acknowledgement of the great applause that was given him. Every Race man and woman present, and there was a considerable number of them, felt proud at the demonstrated ability of their representative on the platform, and Mr. Macbeth's stock as the recognized leader of his people in Southern California took a new impetus. A man of the Race who has the appreciative ear of the dominant Race is worth while in the great uplift work to which Mr. Macbeth's whole heart is devoted. The Race have great cause also to be proud of the delightful singing furnished by the Union League Quartette, under the leadership of Mr. Overton. It was the consensus of opinion that this quartette furnishes the sweetest music furnished by any quartette white or Colored in the city. The meeting was a great success for Mayor Woodman. The astute leader and campaign manager, Vincent Gelcicho, has no equal in Southern California, and the able men and women composing the committee, and above all things for the Colored Race who scored heavily. Now get busy and make the election of Frederic T. Woodman final in the primaries!

ICE CREAM FACTORY TO BE ESTABLISHED IN LOS ANGELES



Business enterprises owned and operated by members of the Race are becoming more diversified every day. Once upon a time the Colored citizens were accused of staying in exactly the same line, but we are proud to state that our people are branching out into every available avenue of business.

MR. E. P. MARSHALL
208 N. Savannah St.

We have today grocery and dry goods stores, cafes, barber shops, hair dressing parlors, meat markets, shoe stores, hotels, laundries and apothecaries. Now we are to have an ice cream factory owned and operated by Mr. E. P. Marshall of 208 N. Savannah street.

Mr. Marshall was for 12 years in the ice cream business in Chicago and so successful was he as an ice cream maker that his fame was sung not only in Chicago, but has also preceeded him into the West, and it is believed that he will build up the same reputation as an ice cream maker in Los Angeles that he enjoyed in Chicago, and that also he will receive the overwhelming support of his Race in this section.

The Marshall Ice Cream Factory at Chicago.

Already Mr. Marshall has his ice cream factory established at 208 N. Savannah, where he has the most modern machinery for ice cream making.

A Champion For All The People.

THE TRIBUNE A TRUE FRIEND TO THE RACE

Immediately following the publication in the Daily Times of what purported to be a direct wire from Greensboro, N. C., calculated to do great injury to the Colored American, the President, Hugh E. Macbeth, and National Representation William E. Easton of the State Executive Conclave of the All American League of California addressed all of the daily papers of this city the following defense of Race loyalty:

Under caption "Plot to Incite Blacks Reported from the South," appears what purports to be by "direct wire—exclusive dispatch" from Greensboro, N. C., April 3rd, in the Daily Times of this city, the rawest piece of manufactured lie as ever appeared in any newspaper in the United States. This article states that the German government has agents in the South, promising the Blacks if they "rise against the whites and government," that the Kaiser "will then place them on a par with the whites." Not satisfied with his bold statement, it is further stated that "the citizens of Greensboro are laying their plans against the Black menace." How? "Responsible citizens about Greensboro have admitted that plans have already been laid to bring back to life the Ku Klux Klan." It is an infamous lie to charge that the American Negro could under any circumstances be prevailed on to be disloyal to the United States government. In his three hundred years residence in this country he has never been a rebel, a dynamiter or a traitor to American institutions. He has suffered, at times complainingly, but he has invariably submitted tamely to the rankest kind of injustice. As a figure in American life his condition is truly pathetic, never striking back, never conspiring to tear down, his ways have always been constructive. This dispatch was sent out with a purpose. For the last two years conditions have become so galling in certain portions of the South, that the Negro has been migrating to the Northwest in large numbers. In the South cotton is king, and the Negro makes him king. This migration from the South means a great loss to the owners of the "cotton patches," those vast plantations of the staple that mean prosperity to the wealthy planters. It is reasoned this must be stopped. Every Negro who prepares to leave these plantations is to be charged with a conspiracy to go somewheres North to mobilize for the Germans. By intimidation and ruthless murder it is planned to keep their cheaply paid labor at home. This "exclusive dispatch" is to provide an excuse for premeditated murders. It is an endeavor to provide an alibi. It is a shameless attitude of self-defense, when no defense is necessary. It is calculated that a miscalled "Negro uprising" will keep the chivalric tarheelians so busy at home potting unarmed and inoffensive Negroes they will not have time to enlist and go gunning for Germans. That dispatch is founded on deliberate lies, no German spies are approaching Negroes. They are too busy approaching white men, North and South. The Negro's very blackness is his best armor, for beneath a black skin there never was known to have been the heart of a black traitor and all the world knows this.

With the bare exception of the Morning Tribune the attention called to an effort to great disaster to the Race throughout the nation by claiming good and sufficient reasons to question the loyalty of the Race, never before questioned in all of its history, was ignored by all of the city papers. The Tribune that at all times has been the consistent friend of the Race again proved equal to the occasion and published in its issue of April 10th the following beautiful tribute to the Colored American:

Loyalty of the Negroes of America

"Until the nation shall have steadied itself and settled down to the mighty task it confronts, the sensation mongers will take license to give unrestrained rein to their activities. The truth about conditions is menacing enough without the gratuitous interventions of these gentry whose loose-hung tongues are babbling the weird tales their excited imaginations supply. Ephemeral as is the life of such injurious inventions, they are capable of working considerable evil. Some are so foolish that they carry their own contradictions. Witness the absurd tale that the German propagandists in the South are inciting Negroes in the tobacco and cotton fields against the United States government.

"If there is one quality to which the Negro rightly may lay claim, it is that of loyalty. Whatever other charge may be brought against the Black man, no sane person can accuse him of disloyalty to the nation or the flag.

"In a recent address delivered by Dr. Roscoe Conkling Simmons, himself a Negro of education, culture and refinement, speaking for his Race, he declared:

"'We have but one country and one flag—the flag that set us free. Its language is our only tongue, and no hyphen bridges or qualifies our loyalty. Today the nation faces danger from a foreign foe; treason stalks and skulks up and down our land; in dark councils intrigue is being hatched. I am a Republican, but a Wilson Republican. Woodrow Wilson is my leader. What he commands me to do I shall do. Where he commands me to go I shall go. If he calls me to the colors I shall not ask whether my colonel is Black or white. I shall be there to pick out no color except the white of the enemy's eye. Grievances I have against this people, against this government. Injustice to me there is, bad laws there are upon the statute books, but in this hour of peril I forget—and you must forget—all thoughts of self or Race, or creed, or politics or Color. That, boys, is loyalty.'

"When, during the Civil War, the South was drained of men capable of bearing arms going to the battlefields, they left their homes and wives and children in the custody of the very Race whose slavery they fought to make perpetual. With what loyalty did the Negro respond to the unrequited trust that was committed to his care! Is it to be doubted that the free man is less worthy of confidence than was the slave? There is no class

Always Makes Good

SENATOR H. H. LYONS FOR THE CITY COUNCIL

To the great masses of the voters of the city of Los Angeles there has been no announcement for their suffrage in the pending councilmanic race that has been received with the enthusiasm and unanimous accord as the fact that our popular Senator is in the race for a seat in the city council. That he will have hearty support from all classes of our citizens and will be triumphantly nominated and elected, goes without saying, no man in public life in this great city and state has a better record for real service on behalf of the great masses than Senator Lyons. His name among them is a household word; they know him by his deeds and the people will rally to his support with a rare zeal and an undaunted enthusiasm and while the senator is absent attending his duties at Sacramento as a legislator, his many friends will not allow that as a handicap and are voluntarily doing yeoman service to acquaint all of the people with the fact that he is in the race and will roll up for him a record vote.

The Eagle has no hesitancy in commending the candidacy of Senator Lyons for the council and when he takes his seat in that body in the future as in the past the great masses of the people, regardless of race, color or status in life, will always have a friend at court.

EASTER SUNDAY AT THE CHURCHES

Splendid Easter programs were rendered at the churches Sunday. Perhaps in no other land or country where the flag of Christian civilization floats to the breeze was there a demonstration of whole-heartedness such as that displayed by the Los Angeles church goers.

Each church, it seems, was transformed into a garden of roses and sweet voiced birds joined with the innumerable choirs as they chanted "He is not here but risen."

At the First A. M. E. church in a special Easter rally over $1,200 was raised.

The First A. M. E. church choir under the direction of Prof. Bynum presented one of the most elaborate musical programs ever witnessed by the people in the city.

At the Second Baptist church with Prof. H. D. Greer as director one of the grandest musical programs wound up the Sunday School children's Easter program under the direction of Supt. J. D. Groves.

Prof. Greer's choir of 50 voices presented in tantata form the Crucifix. For nearly three-quarters of an hour the great audience was thrilled with this wonderful word picture in song.

The vested choir at the Tabernacle Baptist also presented a rare musical program and Wesley Chapel was up to its standard.

FOR THE CITY COUNCIL

Peter C. Phillips, who has so well served the people of his district in the Assembly for two terms, has at the solicitation of his many friends entered the race for a seat in the City Council, and is receiving a hearty support from all classes for that position. Mr. Phillips is in every sense a commoner and in this position he would at all times be at the service of the great masses of our citizens. He stands for the things in the conduct of the city government that the plain common every day people most need and desire. In the Assembly he has made an enviable record and has consistently worked and voted for the measures that stood for progress and has made an enviable record in that body. The Eagle has no hesitancy in commending the candidacy of Peter Phillips to the favorable consideration of our large family of readers, and while he is at his post of duty at Sacramento the people who really appreciate his service and who wish our City Council to be composed of men who stand squarely for the great common people can pay themselves no higher compliment than to work and vote for the nomination and election of Peter C. Phillips for the City Council.

What the Churches are Doing

WESLEY M. E. CHURCH
8th and San Julian

Rev. A. P. Shaw, D.D., Pastor

Easter was a great day at Wesley M. E. church. A goodly number came out to the early morning prayer and praise meeting, led by Brother Stout.

At 10:30 a.m. the pastor baptized twelve converts and eight babies, and in the afternoon at six o'clock he baptized three converts by immersion.

At 11 a.m. the pastor preached an Easter sermon on "Death's Conqueror." Four persons were converted and united with the church and four others joined by letter.

The Easter cantata, "The King Immortal," was rendered by the Sunday school to an audience that taxed the seating capacity of the church, Sunday school room and galleries. The cantata was well rendered and brought hearty applause from the whole audience.

The decorations were elaborate. Mr. Hubbs received much praise for his work in the decorations.

This Sunday will be one of unusual interest. At 11 a.m. the pastor will preach on "What Shall the Negro Do and Expect in This Present War." Do not fail to hear it. At 2:30 p.m. the Annual Sermon of the Pioneer Club will be preached by the pastor.

At 4:30 the pastor will address the Forum on "Building a Race." (Requested.)

The evening service will be in charge of the local preachers of Wesley and the city. Brother J. A. Warren will preside. Talks will be made by Rev. Majors, Brothers Adkins, Stout, Jones and Hall and others.

WARD CHAPEL A. M. E. CHURCH
1354 Channing St.

Rev. J. W. Price, Pastor

Easter Sunday was the greatest in the history of Ward. From 4 a.m. until the close of the day. Before 5 a.m. the pastor was delivering his Easter message which continued throughout the day.

At the regular morning hour for the Sunday school a short review of the lesson and the young people's program was rendered. Among the very interesting features were the numbers rendered by the blind singer and his wife, Mr. J. W. O'Neil, who have been engaged to assist the choir in the future in their work.

At the close of the day's work we had nine persons to unite with the church during the day.

Services Sunday as usual; Sunday school, 9:30 a.m., Mrs. S. E. Mann, Supt.; Christian Endeavor, 6:30 p.m., Mrs. B. F. Bryant, president.

Preaching at the morning hour, 11 a.m., and at 7:45 p.m.

President Colored Campaign Committee of One Thousand.

FIRST A. M. E. CHURCH NOTES
Cor. 8th and Towne

Rev. J. Logan Craw, Pastor

The three big Easter services of last Sabbath were thoroughly enjoyed. The Easter message by the pastor at 11 o'clock was cheerfully received. The exercises at 3 o'clock by the Sunday school scholars were entetrtaining and uplifting, while the sacred program at evening by our own vested choir was a fitting climax to the day's services. There was one accession to the membership.

This Sabbath was also designated "Rally Day." Through the sacrifice made by those who responded to this rally appeal there was one thousand two hundred and twenty-five dollars ($1225.84) and eighty-four cents in cash money laid on the tables during the three services. The rally is continued to Sunday, May 13th, the second Sunday in May, that other pledges may be paid and all others who desire may have this opportunity of sharing in the success of this noble effort. Pay your pledge or donation into the pastor at your first convenience, so that when our financial condition is announced the second Sunday in May, you too, will be properly accredited as a faithful helper and loyal member. The record is being made now. Do your duty.

Third Quarterly Meeting services will be conducted Sunday at both services by Presiding Elder J. H. Wilson. Do not miss this communion day service. Quarterly conference on Tuesday night, April 17, at 8 p.m. You are welcome to all.

FIRST A. M. E. ZION CHURCH
Pico and Paloma Streets

Rev. B. C. Robeson, S.T.B., Pastor

Easter Sunday was a big day at Zion. The altar and rostrum were beautifully decorated with palms, ferns, calla lilies and roses, also caged singing canaries. The designs and arrangement were unique. The song service was very impressive. The large outpouring of members and friends were favorably surprised at the enterprise displayed in the Easter decorations.

The children of the church and Sunday school had Easter exercises Sunday evening under the leadership of Prof. J. C. Banks, Sunday school superintendent. Their training was emphasized in the rendition of their excellent program.

The convocation at Fresno, California, under the leadership of Bishop L. W. Kyles of St. Louis, Mo., was a complete success.

The Los Angeles Home and Foreign Missionary Society led all of the churches on the coast in mission aid. Mrs. Hattie Sykes is president and Mrs. M. Young is secretary. They are the recipients of much congratulation from all directions.

Zion will baptize its new converts in the near future, date will be announced in church notices.

The pastor's sermon was appropriate for the day. "The Resurrection of Christ." The life of Christ depicted as an example or pattern. All believers were admonished to follow in His steps.

Next week, April 15, the pastor will talk on "Baptism—The Proper Way." At 8 p.m. his subject will be, "Account for Thy Stewardship." All seats free. All are welcome. Sunday School at 9:45. Classes for grown-ups. The people's church. You are invited.

PHILLIPS CHAPEL C. M. E. CHURCH

Rev. J. C. Anderson, Pastor

Easter was fittingly celebrated at this church on last Sunday. The day began with a service at sunrise and inspiring and spiritual services continued throughout the day. The pastor preached at the morning service from the subject, "Christ the First Fruit." The sermon was very much enjoyed and at the close of the sermon several came forward for prayer. Revival services started at the morning service and will continue for two weeks. The preaching will be done by the pastors of the city and the public is invited to come and worship with us in these services.

The Sunday school rendered their program in the afternoon to a very appreciative audience and at night the choir rendered a special Easter program.

All the services were inspiring and helpful and the heads of the various departments are due unstinted praise for the manner in which Easter was observed.

LINCOLN MEMORIAL CONGREGATIONAL CHURCH
34th Street near Central Avenue

E. E. Lightner, Pastor

Easter Sunday was fittingly and profitably observed throughout the day at this church. The pastor occupied the pulpit at the morning service, taking as his text, "And they said among themselves who shall roll us away the stone from the door of the sepulchre?" Mark 16:3. At 3:00 o'clock Rev. B. C. Robeson of the A. M. E. Zion church brought us a splendid message on: "He is not here; He is risen as He said."

At the evening service the seating capacity of the church was taxed when the children of the Sunday school presented their excellent Easter exercises.

The pre-Easter meetings were exceptionally helpful in creating a deeper spiritual awakening in the church. There were three who accepted Christ as their Saviour, and one accession by letter.

The pastor who is spending this week at Catalina Island will be home for all the regular services on Sunday, April 5. Services as follows: Sunday school, 10:00 a. m.; preaching, 11:15 and 8:00 p m.; Christian Endeavor, 7:00 p. m. A cordial welcome to all services.

SECOND A. M. E. CHURCH

Rev. E. R. Johnson, Pastor

The services last Sunday were impressive and inspiring. The pastor and wife with a party of friends attended the great Easter service at Mt. Lowe and came with renewed vigor and inspiration to the morning service, where he edified the people as he spoke from the text, "That I might know Him and the power of His resurrection."

At 7:30 p. m. the Sunday School, under the direction of Mrs. E. R. Johnson and Supt. Clarence James, presented a splendid Easter program to a crowded house. The church was beautifully decorated with American flag and a profusion of spotless Easter lilies. On Thursday night the stewardesses will hold a social evening at the residence of Mrs. James on Holmes avenue.

Next Sunday the pastor will speak in the morning and Rev. R. F. Jones will bring the evening message. All are welcome.

MT. ZION BAPTIST CHURCH
Third and Traction Ave.

Pastor, Rev. F. H. Davis

The service for Sunday morning was very inspiring. The pastor spoke from the subject, "Divine Provision for Human Need."

There were four people who joined the church, namely: Mrs. Wallers, Mr. White, Mr. Walter White, Jr., and Mr. Young.

Sunday afternoon the Sunday School rendered their exercises. Sunday night at 8:00 the choir gave a sacred concert.

THE PEOPLE'S INDEPENDENT CHURCH OF CHRIST

Easter Sunday at the Independent Church of Christ was one rounded day, filled with good things for body, soul and mind.

The day's program started by the Sunday School children's program, which was composed of about 15 excellent numbers, music, instrumental and vocal, dialogues and chorus. Mrs. George Beavers cannot be given too much praise for the excellent program as the children showed in every movement the thorough training they had received.

In the afternoon about 3 o'clock after many had enjoyed dinner in the basement of the church, the Knights Templars' annual sermon took place. The sermon was preached by Rev. Greggs and was one long to be remembered. Aside from the sermon all other parts of the program were inspiring, uplifting and enjoyed by all.

In the evening the choir gave several pretty numbers, after which the pastor preached a short but masterly sermon. Eleven persons connected themselves to the church during the day, and the offering for the morning and evening was $203.79.

METROPOLITAN BAPTIST

The Easter services were thoroughly enjoyed at all services. At 9:45 the Sunday school canvassed the lesson in each class and was reviewed by Rev. J. M. Riddle. The S. S. is rallying for 25 new scholars by convention time.

The brotherhood class launched out Sunday with 10 present out of an enrollment of 12 and more coming next Sunday.

The class elected Bro. Wm. Reynolds as teacher.

The exercises by the children at 11 o'clock were very fine. Every number was splendid, and called forth much favorable comment.

In the afternoon the men of the church met and elected officers for the strong men's club, that is to try and raise more money in the June rally than the women of the church. The contest has created quite a deal of interest, the women will meet on next Sunday afternoon to further their plans. Capt. Wm. Reynolds has been selected to lead the men and Mrs. Calmore to lead the women.

The program committee, of which Prof. R. Coles is chairman, announces a splendid program and entertainment at Social Hall for Thursday evening, April 26, and they solicit the public to attend.

The Rev. J. M. Riddle preached the evening service from the subject, "Resurrection." The choir was highly complimented for its rendition of the Easter anthems.

On next Sunday the pastor, Rev. W. H. Hughes will preach both morning and evening and the choir which now has a full compliment of all voices and will render good music at each service.

The W. H. and F. M. S. will hold their regular meeting at 3 o'clock Sunday afternoon, having been postponed from last Sunday.

RECORDS BROKEN AT A. M. E. CHURCH

The fifth and last Easter of the pastorate of Rev. and Mrs. W. W. S. Dyett in Pasadena eclipsed all others in every way. The morning was devoted to the children as in a short session of the Sunday school at 10 o'clock they were taught the Easter lesson by Rev. Bussey and at regular morning service they sang and recited the Easter story to a large audience of parents and friends. Over one hundred children joined in the service. At this time the rite of christening was administered to the infant daughter of Mr. and Mrs. Porter Ballard and the infant daughter of Mr. and Mrs. James Gooden. The Sunday school at this Easter raised forty-four dollars for missions.

At night the choir pleased an unusually large audience with an unusually excellent program. Besides the music of the choir, directed by Mrs. Dyett, readings by Mrs. Lillian Turner and Miss Ives Madison were enjoyed. Miss Marie Ford participated in the program accompanying Mr. Walter Dyett in a delightful violin number. The pastor in sincere terms voiced the opinion of the officers and members in complimenting the choir not only upon this excellent program, but especially upon the five years of faithful service of his pastorate.

Sunday's collections were the source of wonder to both pastor and officers. Added to the collection of the Steward's Rally of Palm Sunday and the collection of the Building Debt Rally on the Sunday preceding, totaled $969, nearly one thousand dollars raised by a total active membership of less than 250.

Quarterly meeting will be held on Sunday. The Lord's Supper will be served morning and evening.

FRIENDSHIP BAPTIST CHURCH

"The Risen Lord" was the subject chosen by Dr. Tillman to portray the suffering and final triumph of Christ at the morning service last Sabbath. Those in attendance were given a rare treat by the beautiful floral decoration, prettily arranged by Messrs. Smith, Evans and Williams. Mr. Macey and a few co-workers in the Los Angeles Day Nursery was present to make a few remarks concerning the work and to lift an offering. The evening service was given over to the members of the Sunday school for the rendition of their annual Easter program. The commendable manner in which the children played their parts speaks volumes for the energy and patience of Sister Fields and her assistants in this work. Less than a month remains from now until the spring rally which is scheduled to take place on the second Sunday in May. Each of the clubs are clearing their decks for action and conditions point towards a successful effort to aid the trustees. The Women's Home and Foreign Missionary Society is holding its weekly meeting with Sister Evans. Their plans are complete to hold a bazar in the near future. The young Women's Missionary Society held its meeting this month as guests of Mrs. Rosa Harris at 44 Allessandro Place. Their plans are also complete to con- St.. The public is urged to bear these events in mind. The next meeting of the auxiliary will be held at the duct a "Cooked Food and Apron Sale" on May 5, 1917, at 24 Dayton home of Mrs. Crump, 794 Winona St. Dr. Tillman will have charge of services next Sunday.

Elect Woodman mayor, and get into the band wagon.

It would be a good idea for our people to go up with a winner and not down and out with a loser.

It is well to let well enough alone. Mayor Woodman is making the ablest mayor this city has ever had.

The last time Mr. Snyder ran he was defeated. Had his two terms in office proved such a howling success, why was he not re-elected?

Mayor Woodman doesn't have to notify the public in case he is elected that he will not be in favor of "the redlights" and the "underworld." He was never mayor when there was such.

Mayor Woodman made his record as President of the Harbor Commission, and it was that record that first called attention to his excellent qualifications for mayor of a city as large as Los Angeles is now.

When the opponent of Mayor Woodman was in office Los Angeles had the "spoils system," a system that WILL NEVER COME BACK. There are ten times the Colored men in office of some kind today, than there were during the time of Mr. Snyder.

Peter C. Phillips is also a strong man with the people. He is hale, hearty and well met and stands for the people all the time. With him in the council the people at all times will have a friend at court.

Senator H. H. Lyons is known as the special friend of the common everyday people and for that reason there is such a unanimity for his election. He is receiving a strong support from all classes.

Assemblyman Bert L. Farmer, who is a candidate for the City Council, certainly does not expect or even think of receiving the support of any of the Colored voters if so their self respect would not permit them to do so. He has never even attempted to offer any explanation as to his attempt to humiliate the lone Colored attache at the beginning of this legislative session.

We must stand for human progress, or we will get left in the long run. The people are satisfied with the efficiency of Mayor Woodman. They know too that when he took charge, he found a Councilmanic Board, and members of the City Commission who were not of his selection, and he has been able to make a remarkable record for good and satisfactory government. The people know this and Mayor Woodman having made good with handicaps, will when elected by the people demonstrate just what he can do to make Los Angeles what it should be, the foremost business center in the West.

LINCOLN COULD NOT HAVE QUALIFIED

If a bill introduced by Assemblyman Bartlett becomes a law it will revolutionize the practice of law in California, insofar as the admission of members of the bar is concerned. It provides that one of the qualifications to even take the examination to practice shall be that the applicant is a high school graduate. If such a law had been in effect in 1850 the world would never have known Abraham Lincoln as a lawyer, or many others who have reached the highest pinnacles in legal lore. The self made man would have to bow down his head and would be denied the opportunity of qualifying in this profession. Then if you were too poor to graduate from a high school, have no ambition to digest Blackstone. We believe that this legislation is a decided step backward and it should not be placed on the statute books of this state.

WHY WE SHOULD ELECT MAYOR WOODMAN

We should elect Frederic T. Woodman mayor of Los Angeles because this city needs just such a man of a broad vision, untiring energy, and proven ability. First as President of the Harbor Commission he has saved thousands of dollars to the taxpayers. He has started to build for the growing needs of a growing city. In his scheme of government he has mapped out plans for still greater betterment of economic conditions in this city. Because, he is the man needed in these war times whose ancestral patriotism can not be questioned. A son of the Revolution and the Grand Army of the Republic he can best realize what Americanism means for all the people. He is no smirking, smiling politician who believes the Colored man is fitted alone for the most ordinary hard work. He is being supported by the people who stand for the very best in this community, and was not chosen by a close corporation of banks, booze, lighting and gas to place new burdens on the people. He should be elected mayor to continue the good work he has so well began bringing down the high cost of living. He should be elected mayor because all of his endeavors are in behalf of the people and not that kind of big business that means the smallest returns to the people. Mr. Woodman will be elected very probably in the primaries. Let us work to that end.

The headquarters of Mayor Woodman are located at 409 South Hill street, in charge of Mr. Vincent J. Gerlich and an able corps of assistants who will welcome you and give your enquiries a cheerful answer.

Let us be in a position to ask the newly elected mayor, the man we helped elect, to protect us in the enjoyment of our citizen rights.

Frederic T. Woodman is from that section of this country that produced William Llyod Garrison, Wendell Phillips and Charles Sumner. Do not fear but that we will have the fairest deal we ever had in this city.

LEGISLATIVE NOTES

Assemblyman Mouser at last scored a touchdown with his famous Kelp bill which was passed by the Assembly Wednesday morning. In a few days he expects to have his big bill go through, viz., the Motor Vehicle Act.

The Ashley Bill, backed to the limit by the saloon interests, was passed by the Assembly on Wednesday, by the hurried enactment of the bill it is said the San Francisco contingent hoped to defeat the Rominger bill and at this writing it seems as though they will succeed.

Wm. Vacher, Assistant Sergeant at Arms of the Senate, will leave on the 21st to assist in campaigning for several of his friends, who are up for the primaries on May 1st.

JESUS THE GOOD SHEPHERD

April 15—John 10:7-18

"I am the Good Shepherd; the Good Shepherd layeth down His life for the sheep." Verse II.

The parable of today's study divides itself into two parts, representing Jesus first as the door into the sheepfold, and then as the shepherd. The fold described in the first five verses of our context was a place of safety from robbers, etc. Into this fold there was but one doorway, and it was guarded by a porter who knew the true shepherd and would admit none other.

The porter who could thus discriminate between the false and the true was the Mosaic Law Covenant. He who could answer the requirements of the Law, was the true Shepherd, the Messiah. Our Lord met this requirement fully, "In Him was no sin, neither was guile found in His mouth." He found Jehovah's flock, approximately twenty thousand millions, torn, bleeding, dead and dying. Verse 2 and I Tim. 2:6. He gave his life for all the sheep. Thus He calls them His sheep, and calls them by name, but some are in the tomb and cannot hear, some are so near dead that they can neither hear nor see, so our Lord said, If any man hath an ear to hear let him hear. He said of the multitude, ears they have, but they hear not, but blessed are your ears for they hear. So we see that no sheep can come into the fold at this time unless they can hear the call of the Good Shepherd. These our Lord called a little flock, Luke 12:32. These are gathered during this Gospel Age.

Verse 16, Our Lord said and other sheep I have, which are not of this fold; them I must bring (during the Millennial Age) and they shall hear my voice; and they shall be one fold, and one shepherd. "Hear His voice." John 5:28. For the hour is coming, in the which all that are in the tomb shall hear his voice and shall come forth (revised version). Then the eyes of the blind shall be opened, and the ears of the deaf shall be unstopped.

Matt. 25:31-49 describes the work of developing the sheep of the Millennial Age, saying, when the Son of Man comes in His glory, then shall He sit upon the throne of His glory and before Him shall be gathered all nations from the last man that lived back to and including Father Adam. For Heb. 2:9 says that Jesus Christ by the grace of God tasted death for every man and I Tim. 2:6 says He is to be testified to all in due time. So then will be the due time for all who did not hear the testimony and become sheep in the Gospel Age. Matt. 25:44-46 shows the result of the Thousand years' work, calling those who develop an obedient sheep like spirit, sheep, and those to the contrary, goats. Then He will have gathered together all the sheep into one Fold. Eph. 1:10. Then He will be Lord of All.

J. H. SYKES MAKES PURCHASE

In spite of the cry of hard times and the unsettled condition of affairs, Mr. J. H. Sykes, former proprietor of Sam's Dairy Lunch Room, has purchased a 1½ acre ranch at Bell Station, where he proposes to establish a modern chicken ranch and go in the poultry business in up-to-date fashion.

Mr. Sykes has on his ranch a modern 6-room cottage, which he proposes to fashion into a palatial residence.

The Eagle reporter upon interviewing Mr. Sykes a few days ago learned that he is planning to make this proposition bigger than any other effort.

Mr. Sykes has promoted several business projects in this city all of which have been a success.

ENTHUSIASM RUNS HIGH AS EDITOR OF CALIFORNIA EAGLE ADDRESSES CITIZENS OF WOODLAND

The large gathering which greeted Editor J. B. Bass of The California Eagle at the Second Baptist church on last Tuesday night in this city, are loud in praise of his timely address and from the frequent applause which greeted the speaker, they demonstrated their patriotism both to their Country and the Race. At the conclusion of the same he received an ovation. In connection with his address a musical program was rendered which also was of the highest merit. Rev. Dandridge is to be commended for presenting to our citizens the distinguished journalist from the Southern metropolis of the state.

St. Paul Baptist Church Has a New Postor.

Acting upon a wise suggestion the members of St. Paul Baptist Church and many friends voted solidly for Dr. R. N. Holt, of Tulsa, Okla. for pastor. A most excellent spirit prevailed and all are extremely anxious to have Dr. Holt remain with St. Paul.

The few nights meeting has brought many to posts of duty while others are expressing great hopes for the future of Zion. We are confident that under the leadership of this great man, St. Paul will take her place among the great factors in the establishment of the kingdom among men.

Dr. Holt has virtually accepted but compelled to return home and prepare for this unexpected change. He will leave for Oklahoma within a few days to return with his family at the earliest possible date. We purpose to keep the fire burning until he shall return. Service each Sunday. All are invited.

He Offers Something Better.

Are you people tired of Ring Rule and high taxes? Are the east side people mad at having no representation in the City Council? Are you ready to put Business Men into the Council instead of politicians? Then get busy and use your ballots. Most of you know me and that I stand for District Representation and anti-Invisible Government. Take my name to the polls and your friends with you.

T. J. Naylor Benefit Program at the Forum Sunday, May 6th.

The First Sunday in May has been set aside by the Forum at which time they will give a fitting program for the benefit of our fellow-townsman and unfortunate co-laborer, De. T. J. Naylor. Dr. Naylor is well and favorably known at the Y. M. C. A. of which he was a resident and member and a faithful and active member of the Second Baptist Church. He is a member of the Tuskegee Club as well as the Forum. For more than one and one-half years he has been on the verge of going blind. He has been under the care of specialists and occulists but to no avail. As a last resort he was taken to the county hospital with the intention of operating as a final remedy, but so serious was the condition of his eyes it had to be abandoned. Now he is back home under the care of his mother, who comes all the way from St. Louis, Mo. to nurse him.

The Forum's Committee knowing of this young man's worth to the community and the race, felt that it would be fitting and proper that the friends and acquaintances would manifest their friendship in the Forum for a benefit, feeling that it would be appreciated in his hour of affliction and sorrow. A splendid program is being arranged by T. W. Troy, Chairman, assisted by W. L. Gordon, Secretary. The best talent will participate. The public is invited to make this commendable effort a success.

Read the Eagle and be happy.

Mr. B. Jones of Los Angeles, motored down for a short stay.

Many people enjoyed themselves at the Easter ball, Monday night.

Don't forget the Smokestack ball at Castle hall Thursday night, Apr. 26th.

Mr John Wilson and many others will leave shortly for Pheonix, Arizona.

Speed Brooks, as they call him has speeded to Los Angeles where the girls can all make a fuss over him.

An entertainment given at the residence of Mrs. Goodwin for the benefit of the church was a financial success.

Mrs. M. T. Laws has been confined to her room since last week, suffering with tonsilitis. We hope to see her out in a few days.

We know now why many people op at Mrs. DeFrantz's for their mid-day lunch. Had you been in on that chicken dinner sent out to one of his friends by the "Count" you would say that he is some cook all right.

Mr. John Clark, chef on the Santa Fe private car spent the week in San Diego. While here he was especially entertained by his friend, Mr. M. T. Laws. They spent many hours together.

Mrs. Donihue entertained Mrs. A. L. Gray of Los Angeles at her residence last week. The host of friends who were present made the evening an enjoyable one. Mrs. M. T. Laws who was invited took sick at the eleventh hour and could not attend.

Easter Sunday was well observed by all the churches throughout the city. Speaking of them all as a whole, the young people in the various churches deserve much credit for the services which they rendered, as it was heard spoken on the streets that the young peoples' talent was a surprise last Sunday, and especially the Junior Choir of the A. M. E. Church.

SACRAMENTO NEWS

Rev. T. Allen Harvery, pastor of the A. M. E. church of this city, veteran of the Spanish American war, is taking the lead in forming a company of Negro soldiers to offer President Wilson in the present crisis. He informs the Eagle reporter that he is making rapid progress and will enlist a full company of more than 100 men which is a good showing for Sacramento.

Mr. F. J. Butler informally entertained J. B. Bass, W. E. Peck and B. A. Johnson at his beautiful residence on F street last Thursday evening.

Mr. H. Shannon of San Francisco is a visitor in our city this week.

Sunday was the scene of a memorable sacramental service at St. Andrews A. M. E. church. The morning service will long be remembered. In the evening Rev. Harvey preached the annual sermon of the Eastern Star, the ladies turned out in a body and in their costumes of immaculate white they indeed made a highly creditable showing.

On next Friday evening Editor J. B. Bass of the California Eagle will address the citizens of Sacramento at the A. M. E. church. Subject, "Patriotism." On the evening of the 17th he will deliver an address at the Second Baptist church on the same subject.

The citizens are looking forward to the coming to our city of the Hon. Hugh E. Macbeth of Los Angeles, who will speak on the subject, "Marvelous Opportunities for the Negroes of California." Mr. Macbeth's fame as an orator and his great executive skill has preceded him and no doubt he will receive a royal greeting on the occasion of his first visit to Sacramento.

The grand Easter ball given on last Monday night by the members of the Assembly Club was a magnificent success. The ladies were all out with their handsome Easter gowns on and one to look on at the latest efforts in the modiste's art would imagine that indeed they were in gay Paris.

Many visitors were present from Woodland, Marysville, Colousa, Chico and other northern points. Mr. Stephen Thompson is president of the Club and Mr. Frank Ray its secretary. The young men are entitled to great credit for the excellent manner in which they pulled off this grand Easter dansant.

The effort of Rev. T. A. Harvey to enroll members of the Race for military duty received a great impetus on last Monday evening when at a meeting held for that purpose quite a few new signatures were obtained. The following visitors were present and spoke words of encouragement: C. W. Wilson of Los Angeles, H. Shannon of San Francisco and Editor J. B. Bass of Los Angeles.

Will Show, the genial secretary of the Eureka Social Club, aside from having a sort of a philosophical mind is one of the men who encourages racial enterprise, and is always at the command of the press to assist the same in their line of effort. And we always appreciate these courtesies and we do not hesitate to say so. Mr. Snow has quite a following and is much sought for by the politicians of all factions.

Tuesday evening Editor Bass will address the citizens in mass meeting assembled at the Shiloh Baptist church. Subject, "Patriotism of the American Negro."

All are looking forward to the coming to the capital city of the Hon. Hugh E. Macbeth of Los Angeles, who will speak at St. Andrews church on Monday evening the 23rd inst. also the Hon. Oscar Hudson of San Francisco.

WITH THE LAW MAKERS AT THE STATE CAPITOL

This has indeed been a notable week with the two houses of the legislature. Foremost among the the measures considered was the Rominger Bill, which was defeated last week, but like Banquo's ghost, would not stay down. It came back on Monday, was reconsidered and passed before the shades of evening of that day. The reason for this remarkable change of front, was that some Senators had heard from home in no unmistakable tones and as a result they changed their votes, to be in strict accord with the wishes of their constituents. The measure now comes to the Assembly and there will indeed be a hot time in the old town when the measure is taken up for consideration in that body. At this time no one can even hazard a guess as to what the outcome will be.

The Sunday Closing Bill

Assemblyman Morris seems to have hard sledding with his measure for a Sabbath rest of divers of occupations on Sunday, in fact, every line of industry, except those of necessity, and in enumerating the various occupations of necessity the saloon was included as one of them, but an amendment was offered by Assemblyman Pettus of Mendocino county, cutting out the saloon as a business of necessity, and the amendment was adopted. The measure comes up Thursday as a special order for passage as amended and then again the fur will fly.

The eugenic marriage law which appeared to be defeated in our last letter passed the Assembly on last Thursday. If this bill passes in the Senate and is signed by the Governor, in the future in this state no couple can unite in the bonds of holy matrimony except they can produce a certificate from some reputable physician that they are free of contagious or transmissable disease.

Legislative Notes

Assemblyman Ryan of San Francisco and Mouser had quite a set to over a measure which Mr. Ryan was championing on last Monday.

The Daily Union of this city seems not only small in its physical make up, but small in its cheap attempt to ridicule by innuendo. A real live big paper of course cannot afford to stoop to small things.

Easter services were rendered at the Zion A. M. E. Church on Sunday, at 3 p. m.

Mr. and Mrs Hayman of Los Angeles were in the city on Sunday in the Eldorado Gold Star Mining Co. The Stockholders held a meeting Monday evening at the residence of Mrs. Annie Green.

A large crowd attended the Easter services at the Second Baptist Church on Sunday evening. A beautiful solo was rendered by Miss Margaret Shaw, and a whistling solo by Miss Bessie Malone, both being Monrovia's leading vocalists.

The Easter services held at the A. M. E. in Duarte on Sunday afternoon was largely attended.

Patriotism reigns supreme especially so in the Assembly. In opening the session the members and attaches stand and with fervor sing, "My Country 'Tis of Thee."

C. W. Lyon, Assemblyman from Los Angeles, is a strong force in the Assembly, and thus far has successfully championed more measures on the floor of the Assembly than any other member.

ST. ANDREWS A. M. E. CHURCH

Rev. T. Allen Harvey, Pastor.

At the least it was a record-breaker in the history of the church in many instances. Sunday morning at 10:45 the pastor delivered his Easter sermon to a full house on the text, "He is risen, He is not here." The Reverend truly made those present think that the Lord was risen then. The church was decorated by the Superintendent of the Sunday School, Mrs. Harvey, it had the resemblance of an earthly heaven. After the sermon the Reverend baptized the younger daughter of Mr. J. Saresi. At 1 o'clock the Sunday School rendered its program. The superintendent and teachers gave credit to themselves as well as to the full house present. At night was the crowning point of the day. The pastor gave a short sermon on the lily. Afterwards the choir rendered a grand musical program. Seating room in the church was at a premium, even to the balcony. Total collection for the day was $32.35. The editor of The Eagle graced the church with his presence. A great day in Zion it was.

SCOTT CHAPEL NOTES

The blessings of Easter fell upon Scott Chapel in common with all God's churches. The early morning prayer meeting brought out about 30 people who entered fervently in prayer and testimony to the blessings of Christ upon their lives. Pastor Kinchen preached the Easter message. This was followed by exercises by the Sabbath school in charge of Mrs. M. Moore and Mrs. Levi Mills. This was followed by an open air service lead by Superintendent Bragg on the beautiful lawn of Mr. Henry Harris, closing with an egg hunt. The Epworth League last Sunday was lead by Mr. J. C. Tate. Our splendid choir directed by Mrs. E. Monroe Beavers excelled itself in the wonderful message brought of Calvary and in the other features of the evening program.

Pastor Kinchen is not only putting his church in touch with the community life and bringing it in touch with the white people, but the Sabbath school as well. Wednesday of this week a group of young Sunday school scholars weer sent to First Methodist church to give their little message in the interest of the Colored people in America and those in Africa. Pastor Kinchen will preach at both services on next Sunday. The pastor and his family have moved to the parsonage at 663 South Raymond which has been beautifully renovated by Mr. J. Y. Bernard.

BETHEL A. M. E. CHURCH NOTES

San Francisco, Cal.

"The Easter services at Bethel surpassed any ever held and the decorations the most artistic." This statement was made by the old timers, those who have stood by Bethel through thick and thin. The church is alive. This was proved when nearly fifty persons enjoyed the six o'clock services when the pastor delivered a soul stirring sermon. At eleven o'clock a full house enjoyed a heart to heart talk on Easter by the pastor. Three adults and two children were baptized at this service.

At two o'clock Bethel was still full when the children rendered an excellent program under the direction of Mr. J. H. Fisher, assisted by Mr. Dean. With record breaking crowds all day, in the evening a large audience was highly entertained by Bethel Choir, in an excellent program. Mr. Dean, chorister. The collection for the day was $43.29 from the four services.

The committee that so beautifully decorated the church was Mrs. Sullivo, chairman; Mrs. White, Mrs. Moultrie, Mrs. Guschott, Mrs. Bryant, Miss Herendon and the pastor.

Rev. Jas. Washington, pastor; Miss G. White, church reporter.

Candidate for the City Council

In announcing my candidancy for the council I state my platform to be:

"The development of industry, the promotion of the interest of the man who works, and economy on iittle things as well as big.

The expansion of the city's commerce and the illimination of heavy taxes for unnecessary improvements.

Efficieecy and practical economy."

Having been a workingman all my life, the interest of the man who works will receive the first consideration from me. I will not be unfair in any act to favor the workingman; but shall see that his interest is not abused because he has not the time, the money or the knowledge to care for it himrelf.

As a lifetime observer of the civic management of this municipality I have noted necessity of more efficient management and applicatlon of practical economics. I therefore, welcome the support of all who are in favor of efficient management and practical economy.

of citizens in all the land among which foreign propaganda as hopelessly would be attempted as among the Negroes of America. The Tribune can always be depended upon to do us justice and there is no reason why it should not be a messenger in the home of every Negro. The Tribune is a clean sheet giving all desirable news with accuracy and editorially advocating good and wholesome things fit to be thought over in families. POSITIONS OF TRUST ARE AWARDED NEGRO SOLDIERS

The points about the nation's capital that need to be most carefully guarded, have been placed under the watchful eye of the First Separate Battalion, the Negro branch of the National Guard of the District of Columbia, under command of Major James Walker.

This batallion is already mustered out, and it even now has charge of the six reservoirs, the power plants of the city, Long Bridge, Chain Bridge, and the railroad bridge which stretches across the River Potomac at Washington.

There is no question as to whether these men will do well the duty intrusted to their care and keeping.

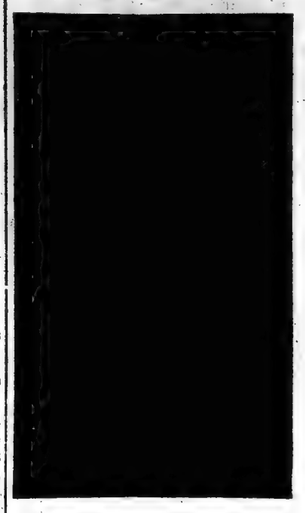
"He is not here; for He is risen as He said."—Matthew 28:6.

Once again the cycles of time have reached the festal season at which we commemorate the tragic death and glorious resurrection of our Lord, the founder of Christianity. The past twelve months have had their trials and sorrows, but they have vanished in joys and pleasures of Eastertide. Winter with its icy blankets, chilly winds, dreary blasts and sombre hue has gone. The grass and flowers have awakened from their slumbers and dressed themselves in the garments of spring. All nature is pulsating with life, revealing the blessed assurance that sorrow is followed by joy, sickness, pain and death by health, strength, vigor and beauty.

A few months ago we enjoyed the Christmastide when faith began to burn brightly; when the old earth was traveling away from the sun. But this glorious season we add to faith, hope. We pluck a new gem from the heavenly diadem. This same old earth switched her course and started back toward the sun and the birds of hope twitter in the tree tops with notes that are divine.

At this glorious season when joy is filling every heart, I ask you to walk with me to the graveyard. It is ever a place full of sweet memories and associations hallowed beyond description. As we wander pass the marble statutes and recall sadly the memories of the dear ones that are gone, we look into the distant future and long for the glorious day when the steel-bound gates of the inexorable past will be unlocked and we shall fondly embrace those for whom we have wept..... But the grave we visit at this season is unlike that of any of the children of men. We find no bones, no dust, no ashes. The lifeless body has burst asunder the bonds of death and instead of gloom, despair and sadness we behold white-winged messengers of heaven sitting on the stone of the sepulchre empty and proclaiming to a fallen world, "He is not here; for He is risen as He said. Come see the place where the Lord lay."



The lesson for us in this glorious resurrection period is this. As Christ arose so shall we who lives in Him and with Him. As Christ broke the shackels of death, unbarred the prison of the grave and glorified God, so may we if we have the mind in us which was in Christ Jesus. Many of us now need a resurrection. Many souls are wrapped in the graveyard of iniquity. You are struggling against the strong ties of some degrading habit- you are casting away yovr manhood and womanhood. You long to look up from the valley of misery, woe and sorrow to the mountaintops of honor, glory and joy. I hear a voice this blessed Easter morn that sounds like the voice of God. From across the gulf of nineteen centuries it cries out "I am the resurrection and the life; he that believeth in Me, though he were dead, yet shall he live. And whosoever beleiveth in Me shall never die. Believeth thou this."

My friends, if the resurrection means anything, it means just this: That the sinful and guilt-stained transgressor if he wills can arise and be a new creature in Christ Jesus the Lord. Can't you walk by the gilded saloon and leave the cursing goblet alone? Are you rolling down the hill of sinful pleasure? Are you lying in the cold and weary graveyard of blasted effort? Arise and shine for thy light has come. Walk out on the platform of Jehovah's promises—switch your course and walk toward Jesus—put your eyes on the bright and morning star and some beautiful resurrection morn we shall gather up the skirts trimmed with the lace of righteousness. We shall bring in the sheaves and have no chaff; we shall cut down the tree and leave no stumps; we shall pull the lillies and drop no petals; we shall rake through the soil and find no stone and in the choir loft of eternity sing our resurrection anthem, "All Hail the Power of Jesus' Name."

A SQUARE DEAL FOR ALL

Read My Platform.

First—I think membership in in the CITY COUNCIL a place of honor and trust and if elected, I shall try to treat all classes justly so that at the end of my term I shall feel that I have been worthy of the honor bestowed upon me.

Second—I consider that the smallest wage earner pays his share of taxes, either directly or indirectly, and his interests should be protected just as carefuliy as those of the more wealthy or influential.

Third—I mean to look upon all matters with fairness and equity toward all classes, with the best interests of LOS ANGELES always in view.

Fourth—Laws that are beneficial to the public in general should be enforced without fear or favor, and those laws that are not for the public welfare should be changed to meet present conditions.

Fifth—Any new radical laws should have the fullest consideration, and the advice of able and competent men who have been accustomed to handling large affairs.

Sixth—Licensee should not be placed so high as to breed dishonesty or crime and any business for which the payment of a license is required should have the full protection of the government under which it operates, within its legal rights.

Seventh—I do not believe in so burdening the city with indebtedness, causing excessive increase in taxation, as to discourage new-comers to invest their money in homes here, or discourage wage earners in their ambition to own their own homes.

Eighth—I believe in municipal ownership in all instances based on thorough business principles, where the benefit and profit to the public are assured.

Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity--The Chance of Your Life

to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit-sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

You probably have neglected many a money-making opportunity but dont neglect this one, it means your fortune, and is right within your reach. Seize it now. Write or call in person from 4:30 p. m. to 8 p. m. C. E. Patterson, 1446 So. San Pedro St., Los Angeles Cal., at once for our large prospectus, giving all the details with map showing location of our field, also let us know how many shares we shall reserve for you.

WANTED! WOODMAN FOR NEXT MAYOR

Editor of California Eagle:

Voters, remember, as we are at war with Germany we have many trouble makers. We have a police force now under good discipline and being rapidly put into an effective fighting machine under Woodman and Butler. They are armed with 400 rifles and 2 machine guns, are being drilled every day, and will be a power in protecting the city from mobs, and if need be from armed enemy.

If you elect Snyder, it means a new Police Chief, and demoralization of the force. Probably that is the aim of some of Snyder's supporters. Our police force is keeping close tab on alien enemies, too close for comfort in some quarters.

Voters, better play safe and put only good, well known Americans on guard. Come out in force May 1st and vote solidly for Woodman for mayor.

E. S. BLAINE.

In making a campaign for the position of a member of the Board of Education, Mrs. Cecilia A. Greenbaum makes it clearly understood that she is allied with no ticket, and stands on her merit as a teacher and a business woman.

Six years' experience in the Purchasing Dept. of the Board of Education has fitted Mrs. Greenbaum peculiarly for the position she seeks, and with a working knowledge of the detail work, it is argued that she may be a valuable adjunct to the incoming Board.

If elected, and her many friends assure her of a splendid showing at the Primary, she will devote her energies toward an economic expenditure of the school money as only a woman can who has maintained herself and family for fifteen years. She has a son and daughter who have completed the high school of this city. A heavy vote should be given Mrs. Greenbaum as a tribute to a woman who has been the bread winner and companion of two wholesome children.

Mrs. Greenbaum will be in a position to see the view point of both employer and employe, and with her life spent almost exclusively with young people, she will be in harmony and sympathy with child life which is so essential for one whose aim and ambition it may be to make school conditions safer and better.

Mrs. Greenbaum deplores the fact thtat the janitors' salaries have been cut, in as much as this affects the pure and deserving members of society and she refers with shame to the fact that $14,000 approximately has been cut from these workers' pay checks during the past year, when food and clothing have soared in price beyond the reach of so many. This is not the kind of economy she advocates.

"THE BUILDING OF A RACE"

Was the subject of an address given by the Rev. A. P. Shaw, pastor of Wesley Chapel Sunday afternoon.

Several assailant as well as interesting points necessary as the fundamental basis in the building of any Race was developed by Dr. Shaw.

"Be proud and not ashamed of our Racial identity," said the Reverend.

The great trouble with most of us lies in the fact that we want to be everything but what we are. There is no reason why the Negro should be ashamed of his connection. He does not seem to know that the early Egyptians, the very founders of this world civilization, were Black men, and our forefathers. Then let us be proud of our ancestry.

The best way to demonstrate our pride in our Race is by having confidence in each other. We can never hope to succeed by scattering our strength. Here in Los Angeles we are scattering our strength. For instance, said the Reverend, it seems to me that we could support two Colored newspapers and build up these in a creditable manner and other enterprises that are crowded by over-ambitious people who think because others are succeeding in one line that they can help by jumping in upon the same proposition.

Our success in business, and other walks of endeavor depend not upon the great number of commodities we have but upon our support of the ones already established, said Mr. Shaw.

There are few men in public life in the city of Los Angeles who are so deservedly popular and who command the respect of their fellow citizens more than does State Senator Henry H. Lyon. In every walk of life his friends are legion. Senator Lyon has at the request of a large number of prominent and influential voters announced his candidacy for the City Council at the primaries on May 1st, and it is safe to say that his nominatiton is absolutely assured.

Senator Lyon is no stranger to the citizens of Los Angeles every year of his useful life has been spent within its borders. He has seen its wonderful growth and development, and he has taken an active part in every public and popular movement that meant its development and the betterment and happiness of its people. In asking the support of his fellow citizens in the coming primaries he is actuated with the highest ideals in rendering them that efficient service which the years of training and activity in public life has pre-eminently fitted him for.

In 1908 and 1909 he was a member of the City Council, and during those years his industry and fidelity to the needs of all the people won for him their hearty esteem, and the many public improvements he was instrumental in having enacted is sufficient evidence of what can be expected of him when he occupies his place in the City Council.

As a member of the Assembly of his native state (California) he won for himself the plaudits of the press and people, and the many humanitarian laws he was instrumental in placing on the Statute books stand as a monument to his ability, integrity and industry.

The people, recognizing his services to them, sent him a step higher and for eight years he has represented them as State Senator. There are, and need not be, any misgivings as where Senator Lyons stands on public questions. He has been the author of more humanitarian legislation during those years than all other Senators combined. He is well known as the champion of popular rights and the men and the women of this State owe him a debt of gratitude. As Deputy Labor Commissioner he has been known as the staunch and steadfast friend of the toiling masses, and they have never sought his aid or counsel in vain. This is the man who now seeks the votes of the people whom he has served with such fidelity. He is prominently identified with several social benevolent and patriotic organizations.

I AM A CANDIDATE FOR THE CITY COUNCIL. MY PLATFORM

I will use my best efforts to reduce the expense, and increase the efficiency of the city government in all its branches, and will show no favors in the conducting of the city's business along the lines of economy, efficiency and sound business principles.

I will endeavor to represent the citizens of the entire city and will attentively listen to suggestions and opinions from all, and will govern my action on every question with these suggestions and opinions in mind; and in all cases where the rights and interests of the citizens are at stake, will confer with the representatives of both sides, and make my decisions after I am thoroughly convinced what the majority of the citizens want.

In all contracts with the city I will demand that the specifications be lived up to in every respect, and will not sanction unnecessary delays in public works or overlook mistakes and irregularities under any circumstances, and will insist that the city's rights be safeguarded just as carefully as though they were my own.

I will work untiringly for the city's welfare and do my share to keep it the cleanest, safest and sanest city in the world, where the best people from the four corners of the earth may live, enjoy their surroundings, gain wealth and fame, and rear their families in perfect security with the true American spirit.

I will support the Constitution of the United States and the State of California and obey the provisions of the city charter, and perform the duties of the office to the best of my ability.

O. P. CONAWAY.

LEGISLATURE COMING TO A CLOSE

The end of the 1917 session of the legislature of the great State of California is in sight and a week from today the session will adjourn "sine die."

At this time there is a rush on the part of both houses to get their measures through and they are holding day and night sessions. Thursday's session promises to be an all night affair.

Most of th ebig legislation such as the Rominger Bill, the Ashley Bill, et al, are out of the way in so far as the Assembly is concerned and now the minor bills are the chief concern of the members.

Senate Using the Pruning Knife

Over in the Senate the pruning knife cut off five of the attaches on Wednesday and promises to fall again on next Monday. In the Assembly rumors of the knife falling are extant but up to this writing no such move has been made. Economy seems to be the watchword and n osurprise would be sprung in case such a proposition would come forth.

Assemblyman Mouser is having a very strenuous time in securing the passage of the Mouser Mototr Vehicle Bill and as the time is limited even the hustling member from the far famed 74th Assembly District mut outdo all previous efforts to get his bill passed.

All of the members of the Assembly and attaches as well, extend condolence to Assemblyman Henry Younkin in his sad bereavement, the passing of his wife in Los Angeles last Monday.

Assemblymen Peter C. Phillips and Bert Farmer returned Tuesday from Los Angeles where they went to look after their political fences as each of these statesmen are candidates for the city council of that city.

William Vacher, Asst. Sergt. at Arms of the Senate, will leave on next Saturday for Los Angelesto assist the campaign to elect Senator Henry Lyons to the city council.

W. C. Wilson, the only colored attache of the Senate, is holding down the position of mailing clerk and performing the duties thereof with neatness and dispatch.

WHY WE SHOULD ELECT MAYOR WOODMAN

We should elect Frederic T. Woodman mayor of Los Angeles because this city needs justsuch a man of a broad vision, untiring energy and proven ability. First as president of the Harbor Commission he has saved thousands of dollars to the taxpayers. He has started to build for the growing needs of a growing city. In his scheme of government he has mapped out plans for still greater betterment of economic conditions in this city. He is the man needed in these war times whose ancestral patriotism cannot be questioned. A son of the Revolution and the Grand Army of the Republic, he can best realize what Americanism means for all the people. He is no smirking, smiling politician who believes the colored man is fitted alone for the most ordinary hard work. He is being supported by the people who stand for the very best in this community, and was not chosen by a close corporation of banks, booze, lighting and gas to place new burdens on the people. He should be elected mayor to continue the good work he has so well begun, bringing down the high cost of living. He should be elected mayor because all of his endeavors are in behalf of the people and not that kind of bi gbusiness that means the smallest returns to the people. Mr. Woodman will be elected very probably in the primaries. Let us work to that end.

The headquarters of Mayor Woodman are located at 409 South Hill St., in charge of an able corps of assistants, who will welcome you and give your inquiries a cheerful answer.

Let us be in a position to ask the newly elected mayor, the man we helped elect, to protect us in the enjoyment of our citizen rights.

Frederic T. Woodman is from that section of the country that produced William Lloyd Garrison, Wendell Phillips and Charles Sumner. Do not fear but that we will have the fairest deal we ever had in this city.

The primary election is approaching when a mayor will probably be elected. A few facts concerning our city and its present chief executive are worth your consideration.

REMEMBER PRESENT CONDITIONS:—The country, of which Los Angeles is an important unit, is passing through a great crisis. It is of prime importance that our city giverment be at its highest efficiency. Preparedness, co-operation, public economy, and stability in civic affairs are of the greatest necessity.

Mayor Woodman has no time for politics. His time is taken up in the doing of THE BIG THINGS A REAL MAYOR SHOULD DO.

He is making it his business to see that when Los Angeles is called upon she shall not be found wanting.

We have the opportunity now to build here a great commercial center with a payroll that will help all of us. The harbor is ready, conditions are favorable. Let us do our part.

MAYOR WOODMAN IS ATTENDING TO OUR BUSINESS. Let us do our duty by electing him at the primaries on May 1st.

WHAT ABOUT YOUR HEALTH?

In accordance with the idea of our great leader and benefactor the late Dr. Booker T. Washington, the week of April 22-28 is to be known as National Negro Health Week. Efforts will be made to bring this important subject before all of our people and urge them to blend their energies for its conservation. Life itself is almost summed up in this word health. Without it life is miserable and existence intolerable.

The medical spirits of this community (and no city can boast of any better) have offered their time and talents freely and fully to speak as they only can speak along this line from the pulpit. In view of this great interest and from such a noble set of men it behooves us one and all to respond with our united forces and make this a memorable week in our city.

As the late Dr. Booker T. Washington said in 1915, "Without health and until we reduce the high death-rate it will be impossible for us to have permanent success in business, in property getting, in acquiring education or to show other evidences of progress. Without health and long life all else fails. We must reduce our high death-rate, dethrone disease and enthrone health and long life. We may differ on other subject, but there is no room for difference here. Let us make a strong, long, united pull together."

There are many alarming conditions calling in stern tones for our attention. The vultures of disease and sickness are feasting sumptuously upon too many carcases strewn upon the field of neglect. The hearse as it rolls along the evergreen paths often sighs, "My burden would be lighter if the laws of health had been regarded." It is easier to cut now with the knife of prevention than wait until our bodies are racked with pain, swamped with disease and prepare instructions for the undertaker.

This is a vital matter and concerns every member of the community. Let us not be recreant to our trust. Let us not stand idly by and fail to perform our duty. Let us ask and demand an answer to the queries, "Is it well with thee? Is it well with thy husband? Is it well with thy child? Let every pulpit shout the message. Let every health-loving soul answer to the call.

REV. B. C. ROBESON,
Pastor A. M. E. Zion Church.

SECOND BAPTIST CHURCH

Taking for his text the latter part of the 16th verse of the 3rd chapter of St. John last Sunday morning, Dr. H. D. Prowd stirred his overflow audience up to a state of not spasmodic but genuine spiritual emotion.

There was one convert and two accessions to the church, and it seems that as never before the people of the Second church are beginning to realize that God has entrusted to their care as pastor a man who is eminently able to lead them on to victory.

The pastor and members in order to accommodate the great crowds that are constantly coming as visitors and the growing need of a larger church house have already laid their plans for a larger and more complete church house.

AT SACRAMENTO

Mr. and Mrs. Scott of 22nd St. visited in Woodland last Sunday.

The Men's Whist Club met in their closing meet for the season on Monday evening at the residence of B. A. Johnson on G St. They will give their closing smoker next week at which time the prizes will be awarded.

Everybody is interested in the big conclave to be held at St. Andrews church on next Monday evening. The out of town speakers will be Hon. Hugh E. Macbeth of Los Angeles; Hon. Oscar Hudson and A. P. Alberga of San Francisco and Editor J. B. Bass of Los Angeles.

Mr. H. Shannan, after a few days' stay left Saturday for his home in San Francisco.

Editor J. B. Bass addressed the citizens of Sacramento at the Shiloh Baptist church last Tuesday evening and the same evoked the greatest enthusiasm, especially his plea for loyalty to this country.

Mrs. Jacob Soreas entertained at dinner on last Thursday evening C. W. Wilson and Editor J. B. Bass, and while we mentioned on a previous visit the dinner given by Mr. Soreas, we must say here and now that the old war horse was put down for the count. Mrs. Soreas' feast makes her better half look like a selling plater.

Mr. Presby S. Winfield is also a new young man in town.

What the Churches are Doing

FIRST A. M. E. CHURCH NOTES
Eighth and Towne Avenue

Rev. J. Logan Craw, Pastor

The quarterly communion services last Sunday were up to the usual high standard, with a large number of members in attendance and many distinguished visitors present. Dr. J. H. Wilson, our Presiding Elder, delivered two masterful sermons to the edification of all present.

The pastor baptized little James Otis Stanton and there were two accessions to membership, including the class night addition. On Tuesday night Dr. Wilson held the third quarterly conference session and the reports showed spiritual and financial conditions of the church in the very best condition during the history of this great church. There were added to the church this third quarter 64 members, 23 converts, 2 infant baptisms and 15 adult baptisms. The Sunday School raised during this third quarter $107.82. The Stewards raised this quarter $599.70, while the Trustee department raised this quarter, $1,594.63. Each auxilliary society in the church did a magnificent work. There were four deaths in the membership and the record shows the present membership to be 898. This progressive record of the third quarter elicited the highest commendation of the Presiding Elder and all members of the quarterly conference.

Sunday the pastor will preach at 11 o'clock. Subject, "Sowing and Reaping." Sunday evening at 7:45 o'clock, this being "Health Observance Week." Our unexcelled vested choir will render rare sacred selections at both services. Everybody welcome to historic Eighth and Towne Avenue A. M. E. church.

THE PEOPLE'S' INDEPENDENT CHURCH OF CHRIST

Corner 18th and Paloma

Rev. N. P. Greggs Pastor

The joyful Easter spirit still reigned at the People's Independent Church of Christ during last Sunday. At 6 o'clock a. m. the first wedding that has been in the church took place. After the 11:30 o'clock sermon, which was enjoyed by all, a large American flag was presented to the church by a member of the Grand Army of the Republic. Response in behalf of the church by Capt. Crumbly.

The pastor took as his theme at 7:30 o'clock service, "Making a Beautiful Character," he saying in part: The three elements of a beautiful character are meekness, fruthfulness and kindness. The art of being meek in the twentieth century has been forgotten. A meek person is called by the world soft, easy and foolish. But it is the promise of God that they shall be blessed.

It is one's character that makes him beautiful. Beautiful eyes are not those that are bright and sparkling, but those that look out from a beautiful soul.

Beautiful feet are those that go swiftly with messages of love and peace. Beautiful hands are those that do loving deeds. The world may look down on the real true beautiful character, but when the stars have left their silver sockets and the mist has rolled away, the beautiful character will then be crowned with God's glory.

LINCOLN MEMORIAL CONGREGATIONAL CHURCH

34th Street and Central Avenue

E. E. Lightner, Pastor

All the services were well attended and enjoyed by all at this church on last Sunday. The pastor was very much refreshed from a week's rest at Catalina and filled the pulpit at both services, taking as his text in the morning, "If ye then be risen with Christ, seek those things which are above." Col. 3:1. At the evening service the subject was "A Bruised Reed." The Sunday School continues to grow in interest and attendance, last Sunday being a record breaker. It is inspiring to see these young people gathering each Sunday for religious instruction and training.

"Seeing Jesus" will be the subejct of the pastor at the morning service on next Sunday. Next week being health week the observance will have a fitting beginning at this church when Dr. L. Stovall will address us at the evening service along the lines of health. Everyone interested in his own health and in the health of the community should hear this address. Christian Endeavor 7 p. m. A cordial welcome to all.

REV. W. Z. HOPPER CALLED TO BIRCH STREET CHRISTIAN CHURCH

Our services were very good all day. Rev. L. G. Robinson preached our morning sermon on "Faith." His illustrations were fine. This young man should be in the field of labor for the Master. In the evening Brother Hooper brought us the message. At the close of this service it was decided to call Brother W. Z. Hopper to take charge of the church indefinitely. We hope now to do a good work and ask every member to cooperate with us to make all departments grow. Our Sunday School still improves. We are using the graded lessons. On Sunday the 22nd, Brother Hooper will preach. Morning subejct, "Faith and Works;" evening, "The Family Name of God's Children." All are welcome.

TULSA PREACHER CALLED TO ST. PAUL BAPTIST CHURCH

We are making great preparations for the grand rally to be held on the fourth Sunday in May. The pastor expects every member to do his or her whole duty. The glee club of ths A. M. E. church of Pasadena has been secured to give one of their fine entertainments Tuesday evening, May 22nd. You will hear more about them later. The captains of the various clubs have been appointed and are starting out very enthusiastically

Preaching at the morning hour, 11 a. m., subject, "The Just Weighmaster." At 8 p. m., subject, "A Good Soldier." The pastor will speak at both services. All are welcome.

PHILLIPS CHAPEL C. M. E. CHURCH

1406 Newton Street

Rev. J. C. Anderson, Pastor

Revival services were held at this church all last week and have been very helpful and uplifting to the congregation and friends in attendance. The preaching was done by Dr. Price of Ward Chapel A. M. E. church and Dr. Craw of the First A. M. E. church. Rev. Edwards of the A. M. E. church filled the pulpit on Sunday morning. The meetings were very enjoyable and are being largely attended. The singing of the famous choir of this church continues to be a source of pleasure to the worshippers and they are continuing to improve. The new organ has added much to the appearance and spiritual life of the church. The pastor will preach at the morning service on the coming Sunday and at the afternoon service Dr. A. P. Shaw of Wesley Chapel M. E. church will preach. The public is cordially invited to worship with us.

FIRST A. M. E. ZION CHURCH
Pico and Paloma Streets

Rev. B. C. Robeson, S. T. B., Pastor.

"Baptism by Water Unnecessary"

The pastor's text last Sunday was an enlightening discourse on baptism. He proved conclusively from a Biblical standpoint that to enter heaven it is not essential that one should be baptized by water as so many think. Some are too prone to think that even to be baptized you must not be sprinkled but must go under the water, complete immersion. Such was proven conclusively is not a truth. Many saw the light and went away with wiser heads and satisfied hearts. He quoted the dying thief on the cross, who one the day the Savior was crucified called upon Our Lord to have mercy, and the answer of Our Savior, saying, "On this day will you stand with Me before My Father in heaven." He asked, "Was this thief baptized?" etc. Zion is indeed awakening to the tune of progress, under our able pastor. Prof. Bynum has taken over the management of the choir. He will open a training school for a period of six months. This school will be in the vestry of the church, for the training of our young and adult singers. The church will invest $14 or more in books for the use of the new choir. The job for the building of the steps was let to a mason of the firm of Chas. Blogetts & Co. These steps are to be concrete at the Paloma entrance.

11 a. m., Lay sermon by Dr. W. C. Gordon on the subject of "Health. At 8 p. m. this subject will be "War in the Camp." Next Sunday is "Dollar Day" all members are to give one dollar. A special rally fund. Come eary. Free seats. All are welcome. Sunday school at 9:45 a. m. Classes for grown ups.

MT. ZION BAPTIST CHURCH

Rev. F. H. Davis, Pastor
Third and Traction

The pastor preached from the subyoung people and the old as well. ject "Dried Bones." The revival which was held at this church was very successful, having about fifteen new members added to the church. At 6:30 p. m. the Baptist Young People's Union meets each Sunday. The president requests that all be present, as these meeting are very helpful for Programs are rendered at these meetings under the leadership of Mrs. M. R. Caviness and C. B. Dones. The Sunday School opens at 9:30 a. m. Sunday mornings. Get Acquainted and Literary Society of this church will give a tea at the residence of Mrs. Caviness of East 21st street on the evening of April 24. Light lunch will be served. Come out and patronize these young people as they are striving very hard to make their auxiliary a success. The pastor, beginning with Sunday, May 22, will start a series of sermons on the "Ten Commandments." The church is now preparing to celebrate its 25th anniversary next month. Brother C. H. Van Norton, one of the pioneers of Zion, and a committee is planning this celebration. Zion extends a cordial invitation to all.

SECOND A. M. E. CHURCH

Rev. E. R. Johnson, Pastor

The services last Sunday were inspiring and well attended. There was one accession. The Stewardesses will entertain this week at Mrs. Wotens on 52nd street, Thursday night. The gathering at Mrs. James last week was a splendid success socially and financially. The pastor requests that every member prepare to do his or her full duty in the spring rally, as this will be the last effort this year on the mortgage debt. Remember every dollr paid reduces interest. Interest works will you sleep, even while you shout and sing on Sunday. Next Sunday we observe national health day. Dr. W. A. Tarleton will speak to us at the evening service.

FRIENDSHIP BAPTIST CHURCH

Services at the church were quite well attended and up to the usual standard. Dr. Tillman preached morning and evening. The B. Y. P. U. service at 7:30 was of unusual interest. Mr. J. Allen Reese of Venice, president of the Southern California B. Y. P. U. Federation, was present as a visitor. The program committee presented the young boys' glee club in their initial public appearance. The club is being fostered by Mr. J. Harrison and Mr. Ford. Every indication points to success. The trustees are beginning to direct their entire attention now towards the gigantic rally scheduled for June 10. Regular and special meetings of the clubs are being announced so frequently that it is evident that the major portion of the membership is also interested. Success depends upon the loyalty and action of every individual member. The ladies of the Young Women's Missionary Association are also mindful of their food and apron sale to be conducted at 24 Dayton street, May 5th, for the benefit of their treasury. Sunday School, B. Y. P. U. and preaching services at the usual hours next Sabbath, Dr. Tillman in charge. A cordial invitation extended to all.

GLOWING QUARTERLY CONFERENCE REPORTS OF A. M. E. CHURCH

Services of quarterly meeting day were, in the absence of the Presiding Elder, conducted by Rev. J. Price of the Channing street church in Los Angeles. Rev. Wilson, himself, however, presided at the quarterly conference which was held Monday night. Reports showed the church and its auxiliaries to be in splendid condition spiritually as well as financially. During the past quarter the trustees had raised $840, the stewards $376, the Aid Society $125 and the Sunday School $78. The pastor and officers expressed especial delight in the success of the Aid Society and the Sunday School. Sunday the pastor will speak at morning service. Mrs. Sadie Wright will lead the young people's meeting and in the program of this hour Mr. John Wright will sing. Mrs. Clifford Prince read and Miss Arbozine Lee please with a piano number. A large number of ladies met with the Ladies' Aid Society at Miss Sharnette Boyce on Mountain st.

Miss Helen Lucas was the hostess of a retty dinner party Sunday afternoon. Those present were Messrs. Fortson and Winfield; Misses Campbell and Bolds. During the conversation Miss Lucas became aware of the fact that she and Mr. Fortson were old schoolmates.

* * *

Mrs. L. J. Davis entertained in honor of Rev. R. N. Holt, pastor of St. Paul Baptist church, Thursday, April 12, other than the honored guest, Rev. Holt, the others present were Mrs. T. S. Botts and Miss L. Street. The house was charmingly decorated and Mrs. Davis upon this occasion established her reputatiton as a delightful hostess.

* * *

CHARMING

Since Lent is over there will be a general shifting of releasing and distributing condititons are imminent judging from all signs. The dinner dance given last Monday night was a blinding array of genius. The hall was indeed beautiful with its numerous tables, each distinctively decorated. A five course dinner was served. Between courses the guests danced. Many beautiful gowns were n evidence. Mr. Waugh and attending young men were to be complimented for the originality of the whole affair and the clever way in which is was carried out.

* * *

MISS HALL ENTERTAINS

Miss Hall proved herself a most charming, as well as a most artistic hostess when she entertained in honor of two visiting friends from San Diego. Hand painted place cards marked the places for the twelve guests who enjoyed the occasion. The table had as a center a large crocheted basket laden with large bows of wisteria. The five course dinner which was prepared by Miss Hall's sister, Mrs. James, bespoke of her talent as a housewife. The guests enjoyed cards and dancing during the evening.

Mrs. Thomas Houston of 1244 E 34th St., entertained on the 6th of April with a recetion in honor of Mrs. Alonzo White of Seattle, Wash. The affair was quite unique, the house being beautifully decorated, the color scheme being Easter lilies, pink and white roses and green fern. The color scheme was also carried out in the refreshments.

* * *

Mrs. Motley Jones Williams and Surlock were in the receiving line. Miss Lorenza Jordan entertain upon the piano, Miss Dora Williams presided at the punch bowl and Mrs. Corey and Mrs. Jackson served from the table. The reception was well attended and all the ladies were looking their best in their gowns. Everyone reminded Mrs. Houston of being an A No. 1 hostess and expressed themselves as enjoying the affair.

The Eagle's Candidate

ONE OF MANY

Of the many candidates for city councilmen there is one who should have the support of all voters. That candidate is George H. Duvall. Mr. Duvall has been a resident of Los Angeles twenty-nine years; has lived in the Vernon avenue and Central avenue district, where he was engaged for many years in the mercantile business, and where he now will have a large vote from his many friends. Later, Mr. Duvall engaged in the building business, and built many modern houses and several business building in this section. Mr. Duvall is now in business at Twelfth and Central avenue, where he has made friend by his fair and courteous treatment. One can easily see that Mr. Duvall is much interested in this city, and with your help in electing him to the city council you will have a chance of getting service for your district. Remember him at the primaries, May 1st.

Mr. R. P. Benton, former Republican assemblyman from the 66th district, and who conducted the campaign last year for the referendum petition against nonpartisanship, and the initiative measure against a member of the legislature holding two positions, is now a candidate for the City Council. He resides in Boyle Heights, and is backed by some of the most influential men and women in the city, and asks you to give him your support. Mr. Benton has always been a friend of our people, and can be depended on to do the same if elected to the Council. He has a campaign committee of 172 names, and among them appear those of some of our most prominent people. He asks you to give him one of your nine votes, and he is Number Five on the ballot.

Among the many that have announced themselves as a candidate for the city council, few possess the ability and sterling qualities necessary for the position as does W. H. Gilbert of 630 West Eighteenth street. He has been a resident of Los Angeles for many years and has done much for the upbuilding of this community. He has been engaged in the building and real estate business to a large extent and many of the fine improvements throughout the residential section are the results of his efforts.

As a builder and contractor efficiency and not class or color has been Mr. Gilbert's slogan, and it is believed by those who have in past years labored with Mr. Gilbert that if he is elected to the City Council he will be ambassador for all of the people.

He Offers Something Better.

Are you people tired of Ring Rule and high taxes? Are the east side people mad at having no representation in the City Council? Are you ready to put Business Men into the Council instead of politicians? Then get busy and use your ballots. Most of you know me and that I stand for District Representation and anti-Invisible Government. Take my name to the polls and your friends with you.

Charles H. V. Lewis.

SIDNEY P. DONES AS CANDIDATE FOR THE COUNCIL

In years Sidney P. Dones is but a boy. He has not had time in point of years to acquire all of the virtues or vices that there are in life, however, as a very young man Mr. Dones has been fairly successful as a business man. Now inasmuch as Mr. Dones has courage enough to get head over heels in the race for City Council, let's get together and give him our support down here in the 74th district.

Some of the members of the present regime in the councilmanic circle are accused of stealing and doing all sorts of things, but "they should worry."

Some of our good people are saying they can't possibly support Mr. Dones for various reasons, but chiefly on the ground that he is not the right man, without being able to give you any reason as to why he is not the right man.

Now, friends, whatever your objections are, let's put up the hammer and support Mr. Dones just for this one time. It will serve as a wedge and if he doesn't make good, never, no never again will we lift our pencil in behalf of this spunky Black man who dares to float Dones' banners same as the white folk; and think of it, has headquarters and branch headquarters and cards, circulars and even white folks boosting for him.

Don't forget, just vote for him this one time.

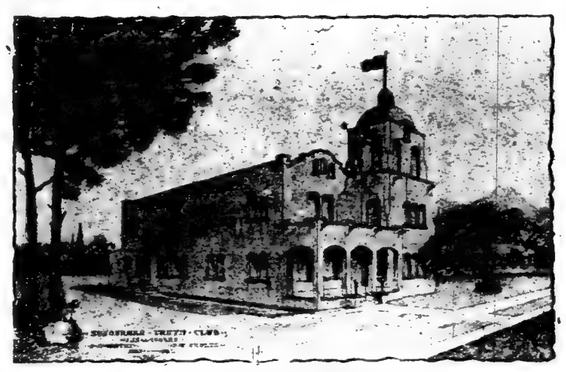
The California Eagle Reporter.

Shiloh Baptist church under the leadership of Rev. L. H. Washington, the church is at peace and is doing a great work.

Last Sunday was a great day, the morning service was grand, the sermon was edifying and a large congregation listened to a wonderful sermon by the pastor. He chose for his subject, "Contend for the Faith Once Delivered the Saints." And at two o'clock the pastor and several members went out in the West Temple neighborhood and organized a Baptist Sunday school with forty-one scholars, and the following officers were elected: Rev. L. H. Washington, Supt.; D. M. Jennings, Asst. Superintendent; Daisy Vanmeter, Secretary; Ruth Parker, Asst. Secretary; D. M. Whitehead, Treasurer; Mrs. Myrtle Williams, Chorister; Mrs. Albritton, Asst. Chorister; Mrs. D. Jennings, Missionary, and the teachers were apointed to the five classes.

We met in the home of Mr. and Mrs. O'Brien and were named the West Hynes St. Baptist Sunday school. And it is an annex to Shiloh Sunday School. We have enrolled for both schools seventy-two scholars.

We cordially invite one and all to attend from time to time.



Rev. L. H. Washington, Pastor.
Mrs. D. Jennings, Clerk.

Mr. Easton will address the Parents Association of the Mt. Zion Baptist church, Sunday, Aril 29th at 8 p.m. Mr. Easton is one of our representative men, having filled several government positions with credit to himself and the race. He is an author and educator. Everyone is welcome.

A NEW HOTEL ON OLD SPOT

What was formerly the Booker T. Washington Hotel, 1013 1-2 Central Avenue is is now "The Lee & Henry Hotel, taking this title from its new and efficient managers, Mr. Lee Allen of Omaha, where he was prominent as a successful business man and his brother, Mr. Henry Allen an Alaskian financier. These brothers upon coming to Los Angeles saw that the greatest need of this great city for our peuple was a first-class Colored Hotel and have united their efforts to develope the same, and with their varied but successful experience as young business men, it is believed that the Allen Brothers will develope this commodity to the satisfaction of all the people, if they are given the proper support.

"The Lee & Henry" is modern in every way and the management plans to keep it up to the standard as a first-class orderly conducted hotel, and as Los Angeles grows and developes, the "Lee & Henry" must keep pace.

Be a winner! Vote for Frederic T. Woodman for Mayor!

After all, this great world's war may be God's way of making a real democracy both in spirit and in fact, whereby all Races and all nations shall come absolutely into their own.

Mayor Woodman don't have to notify the public in case he is elected that he will not be in favor of "the redlights" and the "underworld." He was never mayor when there was such.

Mayor Woodman made his record as President of the Harbor Commission, and it was that record that first called attention to his excellent qualifications for mayor of a city as large as Los Angeles is now.

It is well to let well enough alone. Mayor Woodman is making the ablest mayor this city has ever had.

When the opponent of Mayor Woodman was in office Los Angeles had the "spoils system," a system that WILL NEVER COME BACK. There are ten times the colored men in city office of some kind today, than there were during the time of Mr. Snyder.

It would be a good idea for our people to go up with a winner and not down and out with a loser.

The last time Mr. Snyder ran he was defeated. Had his two terms in office proved such a howling success, why was he not re-elected?

The so-called "good old days" are done and passed, which is probably not good grammar, but it is a fact that the politically dead cannot come back again.

Many of the same "leaders" of the Race who enthusiastically "speeched and scribbled" for Rose and Sebastian in the past days, are now busy doing the same for Snyder. What a mess they make of things.

Remember Mayor Woodman became Mayor of this city when it was already provided with Commissioners and Councilmen. He has already proved his ability, give him a chance to prove he is our friend.

Those probably good intentioned Race men who are trying to make "a record" of Race friendliness for "pinky," should look up the written history of "pinky" and "his bunch" when they were in control, and they will learn why they were turned "down cold" at their last General Election that failed to elect them.

The rallying cry after the Fort Pillow massacre in the Civil War was, "Boys, remember Fort Pillow." In the city campaign it should be "Remember Bert L. Farmer," who is running for the City Council. His efforts to humiliate a Race at Sacramento and his connections with preventing Homer Garrett from living on his own property should be enough for all self respecting members of the Race, and by no hook or crook give him a single vote.

Los Angeles is now a large and progressive city. It is advancing in population and it should advance in its manifold industries. There were times when the political arbiters of the fate of this city were "booze" and "publilc utiity companies" that were not utilities; there was a time when "the people be hanged or worse" was the slogan. That time is happily passed and the people now in the saddle will see to it May 1st, that there shall be no reaction. Mayor Woodman represents the hopes and inspiration of newer and greater Los Angeles, and the thinking Colored citizen is no less vitally interested.

A WELCOME VISITOR

It is pleasing indeed to have visitors to come amongst us, and especially is this true in the case of the Hon. Geo. H. Woodson of Buxton, Iowa, who has indeed rendered during his brief stay here signal service for racial uplift. His great vision for the organization of capital alone has been an inspiration, and his earnestness for organization and loyallty to our coutry are indeed worthy of our highest consideration, and we therefore appreciate very much the visit of Mr. Woodson in our midst and regret that his stay could not be longer.

EVER LOYAL

There is absolutely no question at any time as to the loyalty of the Colored citizins of this country. In every crisis through which this country has passed no class of its citizenship has demonstrated a greater loyalty or performed more meritorious deeds than this people and now in this great war with the issues clean cut as they are, no part of the country's citizenship will prove more loyal than this class. We have no other country. We want no other. This is our home which we shall ever maintain and defend unto death if need be. The brightest pages in the history of this nation record the heroism and valor of the Negro soldier and if given a chance in the history yet to be made similar deeds of even a greater lustre will testify to this **Ever Loyal** class of its citizenship.

It seems that ex-mayor M.P.Snyder was called on to present badges to a very creditable institution of the Race, and his little presentation speech showed his estimate of the Race. After listening to some very excellent music, he informed his hearers that their performance reminded him so much of his Southern home and its banjo playing. In fact he became so reminiscent of his beloved Southern institutions that he gave his intelilgent audience a chill. In fact, Mr. Snyder has all of the 'hall-marks" of his kind. He likes "the Negro in his place." He has yet to learn we have long since abandoned "cat gut" music and have pianos in our homes.

The California Eagle was so busy with the glorious present and the great possibilities of the future, and knowing that Mr. Snyder's repudiation at the polls nearly fifteen years ago settled him, it did not place him among the glorious possibilities of the future. The Eagle intended to let him severely alone; but it seems that mis-information is running riot, and Mr. Snyder is being given credit for things he never did. Elsewhere in this paper you will read over the signature of reputable Colored citizens, some of them tax-payers during "pinky's incumbrance," incumberance is the word for it, the things that "pinky" really did, and some of the things he NEVER did.

Mayor Fred Eaton, who preceeded "pinky" was the man who first placed the Colored man in the fire department and on the police. What Mayor Snyder did was to SEGREGATE the Negro firemen, and this was done over the protest of the Afro-American Council and a kindred Race organization gotten up for the specific purpose of destroying "pinky's Southern institution of unmixing the Races in civic institutions.

During the second term of Mayor Snyder signs were plentiful about this city informing the public that "Negro trade was not wanted." And positively "pinky" did not have them taken down. And during McAleer's single term the gratuitous insult became aggravated. And it was for the reason that the sign insult beginning in Snyder's last term of mayor and continuing through McAleer's, that the Colored voters voted nearly as a whole for Arthur C. Harper, who up to date had been the best mayor for the Race that this city had ever had.

The Eagle, at that time the property of the lamented J. J. Neimore, was not an organ of "pinky" when he ran last. He was repudiated by many of his former supporters because he was getting too much of an advocate of his dear old "Southern institutions."

That is just what is the matter with "pinky," all of the Negro's music sounds to him like the twang of a banjo and he loves us in but a little different manner than he loved his dear "ol' black mammy and his uncles and auntys." Thank God, there are a majority of the Race in this city who insist on being treated like men and women, like freemen and American citizens and resent the patronizing airs of any man.

The California Eagle is loyally supportig Frederic T. Woodman because we sincerely believe him to be the best man for Mayor of this city; we believe he will in some tangible way show his appreciation of our Race support, and mark you, THE CALIFORNIA EAGLE HAS NEVER RECEIVED A CENT FOR ITS SUPPORT. Can the papers that are now supporting Snyder so ardently truthfully say the same?

RIVERSIDE

Easter Sunday was appropriately celebrated at the Second Baptist church. In the morning, Pastor Reed preached an excellent sermon from the text, "He Has Risen" (thre witnesses). First witness that testifies is the Angel. Second withness, the empty sepulchre. Third witness of the risen Christ is Christ himself. He appears in person to the women. Speaking along these lines he mightily unfolded the truth of the risen Saviour.

In the afternoon he preached an edifying sermon to the deaconesses. In the evening Easter exercises were brilliantly carried out by the Sunday school. The church was crowded to witness the program, which was so well gotten up under the management of Miss May Goodwin.

Last Sunday was another delightful day of service at Second Baptist. Rev. Reed again edified the mind and caused the soul to rejoice as he talked to his hearers on "Patience."

The church is making great preparation for the coming of the Baptist State Convention in June. No stone is being left unturned to make everything pleasant for the large crowd that is anticipated.

The Ladies' Aid Society enjoyed a pleasant meeting at the home of Mrs. Aaron Wiley last Friday. A splendid program was rendered.

Mrs. A. E. Webber, president of the State Woman's Home and Foreign Missionary Convention, was the guest of Mrs. L. Dumas during her visit to this city in the interest of her work. She attended the services at the Second Baptist and spoke at the Deaconess meeting.

Mrs. Alice Streeter made a flying trip home from Los Angeles last Friday. She returned to Los Angeles Saturday, where she will be for some time.

THAT ROMINGER BILL

If the proponents of the Rominger Bill had of known that the wines which the bill sought to protect were even more pernicious than the over 21 per cent alcohol, they would not have sought to pass the bill. The sweet wines produce the wine head and this specimen borders on the dope fiend and if we had a preference we would prefer straight drunkenness to a generation on wine heads which excel as degenerates. On the whole the defeat of the Rominger Bill will prove a blessing in disguise.

This oration was delivered by him a few weeks ago before the student body at the high school and caused quite a deal of comment in the local papers, because of its thoroughness and the splendid delivery.

Mrs. J. H. Mendelhall and daughter, Miss Lucy Mendenhall, were hostesses at a reception given at their home on West Seventh street, Tuesday afternoon from 3 to 5 o'clock in honor of Mrs. L. E. A lovely spring suggestion was carried out in the decorations. The dining room was beautifully decorated with the dainty Cecil Brunners arranged in low bowls, and their color, repeated in the other appointments of the afternoon. A charming basket of waxy pink and white tulips decorated the library table. A short program intermingled with conversation was the diversion. A dainty collation of salad, sandwiches, bon bons, ice cream and cake was served. Mesdames W. S. Johnson and R. J. Venerable poured the tea and chocolate. Mrs. Mendenhall was assisted by Mrs. E. Beck. Misses Ruth Ingraham, Fay Jones, Lucy Mendenhall, Florence Harirson, Mrs. Ralph Johnson and Mrs. Thelma Mannway served the guests, who numbered about forty. Pueblo, the beautiful city of constant sunshine, lies in the center of the great Arkansas Valley and is one of the most productive manufacturing centers in the Rocky Mountain West. Pueblo county is situated in the south-central part of the State of Colorado and contains a large area in the fertile Arkansas valley agricultural district through which flows the Arkansas river. The county has played an important part in the history of the State for it was in this county near the present site of the city of Pueblo, that Captain Pike's exploring party camped in 1806 and from here he set out on his famous attempt to reach the summit which is now called Pike's Peak. During the early part of the Nineteenth Century fur traders and trappers made Pueblo their headquarters. As Pueblo is the second city in Colorado it is an important railroad center; and is one of the largest manufacturing cities in Rocky Mountain West. It has over 100 manufacturing plants representing 30 different lines of industry giving employment to several thousand colored men, which are among the most industrious and progressive in this section, the opportunities for the business man and the craftsman are unequaled among the thrifty racemen are many beautiful and cozy homes.

There are more than 56,000 inhabitant. The city is in the midst of a mighty spiritual and moral awakening under the lead-

Frank J. Horner

Candidate for the City-Council

In announcing my candidancy for the council I state my platform to be:

"The development of industry, the promotion of the interest of the man who works, and economy on iittle things as well as big.

The expansion of the city's commerce and the illimination of heavy taxes for unnecessary improvements.

Efficieecy and practical economy."

Having been a workingman all my life, the interest of the man who works will receive the first consideration from me. I will not be unfair in any act to favor the workingman; but shall see that his interest is not abused because he has not the time, the money or the knowledge to care for it himrelf.

As a lifetime observer of the civic management of this municipality I have noted necessity of more efficient management and application of practical economics. I therefore, welcome the support of all who are in favor of efficient management and practical economy.

After the general routine of business the program committee gave a short program. At the 8 o'clock services Rev. Archie Williams of Mt. Zion Baptist church of Los Angeles occupied the pulpit. Friday night the willing workers of the church will give a benefit social for the pastor at the residence of Mrs. E. Woods. Everybody come out.

SCOTT CHAPEL NOTES

The services on last Sabbath were marked with spiritual fervor and patriotic zeal. The impression made in behalf of the nation's spiritual needs in the morning as a result of the fervent message of Pastor Kinchen on the subject "The God of Our Fathers Our God in this Crisis, All Men Our Brothers," will be lasting.

The people who attended Sabbath night service were thrilled with the sentiment of the occasion. This was a patriotic service, which reached its climax in the raisng of a large United States flag. Little Paul Kinchen recited "My Flag and Your Flag," by Nesbit. Our choir, directed by Mrs. E. Monroe Beavers, rendered patriotic songs.

The Ladies' Aid Society of which Mrs. Evelina Reeves is president, is proving to be a strong right are for the church. Mrs. M. Moore entertained the society on last Thursday evening. Pastor Kinchen will preach at both services on the Sabbath.

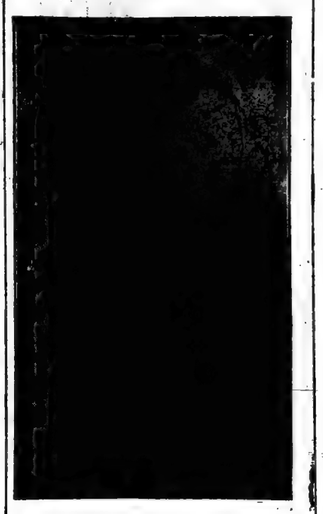
ership of the "Fighting Parson," Rev. Dr. J. Gordon McPherson, California's famous unmatched black evangelist, philosopher and humorist. He is thundering against the mighty power of sin at Bethlehem Baptist church, corner Arroya and Spruce avenue, of which Rev. G. W. Henry, D.D., formerly of the Second Baptist church of Topeka, Kansas, is the popular pastor and one of the most influential leaders in Colorado. Bethlehem is one of the mostt influential religious congregatitons in the city, and nightly is crowded with hundreds of the leading citizens and ministers of both races, the white people are attending the revival meetings as never before Evangelist McPherson is widely known as the "Black Billy Sunday" because of the immense crowds that attend his revival services. Many backsliders and sinners are falling under the mighty power of God as this giant of the far Pacific Slope drives home the gospel truths. Evangelist McPherson has just closed a successful tour through Arizona and New Mexico where he addressed great crowds from from Pueblo. The Fighting Parson will tour throughout Kansas and Missouri, southward.

The other congregations are the St. Johns A. M. E. church, Rev. R. H. Harbert is pastor. Dr. Harbert, was formerly a pastor and presiding elder, of California conference of the African Episcopal church. Dr. Harbert, while in California erected a beautiful mission style edifice at San Diego. Since coming to Pueblo, St. John has become a leaderof African Methodism in the Arkansas Valley.

St. Paul A. M. E. church is pastored by Rev. John Adams, who is also a practicing attorney, and has a large clientele and St. Paul has a new edifice which was erected under the supervision of Dr. Adams, a large, commodious pressed brick structure seating 500, the Eighth Street Baptist church has a large influential membership, a splendid edifice. They have just recently called to the pastorate of this splendid congregation the Rev. Mr. Chiinn of Popular Bluff, Mo.

Scotts Chapel M. E. church is another one of the thriving congregations here among the colored Methodists. It is pastored by Rev. A. B. Blakemore, formerly of Chicata, Kansas, the new appointee for this conference year.

The fraternal orders are well represented. There are flourishing Lodges of Masons, with the higher branches; Odd Fellow, Pythians, U. B. F. S. M. T. Courts of Calanthe, Household Ruths, Orders of Eastern Stars. In the business world the brother in black is well represented; one weekly newspaper, the Megaphone, edited by T. L. Cates; one large furniture house, Samuel Nelson, proprietor of this firm doing an immense business to the extent of $35,000 per annum.



One grocery, operated by C. W. Carson; two cafes and restaurants, one hotel, five barber shops, all doing good business. One physician, Dr. S. P. Douglas; one attorney, John Adams; one high class job printing office, the Enterprise Printing Co., G. W. Henry, proprietor; Mrs. G. W. Henry has a first class dress makers' estatblishment. Two cab lines, two colored carriers, and several clerks in the post office department, one janitor of city library. The colored people are making a fine showing along all lines here in Pueblo, the sunshine city of the Rocky mountain regions.

A SQUARE DEAL FOR ALL

Read My Platform.

First—I think membership in in the CITY COUNCIL a place of honor and trust and if elected, I shall try to treat all classes justly so that at the end of my term I shall feel that I have been worthy of the honor bestowed upon me.

Second—I consider that the smallest wage earner pays his share of taxes, either directly or indirectly, and his interests should be protected just as carefuliy as those of the more wealthy or influential.

Third—I mean to look upon all matters with fairness and equity toward all classes, with the best interests of LOS ANGELES always in view.

Fourth—Laws that are beneficial to the public in general should be enforced without fear or favor, and those laws that are not for the public welfare should be changed to meet present conditions.

Fifth—Any new radical laws should have the fullest consideration, and the advice of able and competent men who have been accustomed to handling large affairs.

Sixth—Licensee should not be placed so high as to breed dishonesty or crime and any business for which the payment of a license is required should have the full protection of the government under which it operates, within its legal rights.

Seventh—I do not believe in so burdening the city with indebtedness, causing exeessive increase in taxation, as to discourage new-comers to invest their money in homes here, or discourage wage earners in their ambition to own their own homes.

Eighth—I believe in municipal ownership in all instances based on thorough business principles, where the benefit and profit to the public are assured.

It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

You probably have neglected many a money-making opportunity but dont neglect this one, it means your fortune, and is right within your reach. Seize it now. Write or call in person from 4:30 p. m. to 8 p. m. C. E. Patterson, 1446 So. San Pedro St., Los Angeles Cal., at once for our large prospectus, giving all the details with map showing location of our field, also let us know how many shares we shall reserve for you.

The Truth, The Whole Truth and Nothing but the Truth

About the Man Who Was Twice Mayor,

And Who Was Repudiated at the Polls by the Voters When He Ran for a Third Term.

The Negro Owes Absolutely No Gratitude to the Man Who Jimcrowed the Fire Department in Los Angeles.

His Action at that Time Was Protested by Colored Civic Bodies.
Let Every Colored Voter Read These Facts Gathered From the Written Records.

The records there show that M. P. Snyder was mayor of Los Angeles filling the following terms, 1897-1898 and 1901-1904, and it is shown by this official record that Officer W. W. Glenn, who was taken from the Fire Department where he had made a most excellent record, and placed in the Police Department, is the sole appointee of Mr. Snyder, who is now on the Police force, out of a total of 15 Colored officers. The Official Record of Colored Officers on Police Department of Los Angeles and the date of appintment:

The Negro and the Fire Department

Mayor Fred Eaton was the first mayor to place men in the Fire Department. Prior to Snyder segregating the Negro in a separate Engine Company and in an engine house where they would all be to themselves, we had the following Colored Firemen: W. W. Glenn, who was stationed where there was no color-line. Also Engine House No. 4: Fireman Webb, who worked out of Chemical No. 1, and Fireman Bright, who was a driver of the same company. It was left to Snyder to hearken to the objection of the close and intimate association necessarily brought about by dwelling under the same roof, sleeping there, to "jimcrow" the Negroes in a company and company house to themselves: C. C. Flint, G. W. Hawkins and L. C. McClinton composed a committee representing Colored voters and proceeded against the segregation of the Colored firemen. Mayor Snyder was actuated by the same identical motive in giving the Negro an Engine House to themselves, that the advocates of separate schools have who wish to "jimcrow" our Public Schools. M. P. Snyder was the first mayor of Los Angeles to advocate and establish "jimcrowism" of the South in the public institutions of the State.

Conditions Under Snyder and Now Not Comparable

When Snyder was mayor of this city there was something slightly over two dozen Negroes on the city payroll, today we have the following apportionment of Negros employed in City's public service:

Power Department—6 Negroes
Police—15 Negroes
Engineer's Monthly and Weekly—143 Negroes
Janitors—10 Negroes
Playground—8 Negroes
Parks—25 Negroes
Street replacing—16 Negroes
Fire—8 Negroes

And there are others. For instance, Sergeant A. Hill received the appointment from Mayor Woodman as the Harbor Watchman. It is not true that Mayor Woodman intentionally slights any one, but we all do know that he is now a very busy man with the business of the city to which is added the City's Defense in time of war and the making of proper provisions for a vast amount of economic affairs contingent on a state of war. He can be depended on to treat the race with justice. He is a native of old New England that produced a Wendell Phillips, William Lloyd Garrison and a Charles Sumner. He is a son of the American Revolution and a descendant of those who fought for freedom, our freedom, and though a registered Republican, he is a candidate of all the people who desire Efficient Government for this great and growing city. Mayor Woodman has made good, first as President of the Harbor Commission and next in his short term as Mayor of the city with a complete Board of Commissioners already appointed, and a Councilmanic Board nearing the conclusion of their terms. Study the figures furnished here and verify them, the best way to nail lies is to confront them with facts.

* * * * *

Facts vs. Gossip.

Under the Charter the office of Mayor of the city of Los Angeles is non-partisan.

However fortunately or unfortunately, the two most prominent candidates for Mayor of Los Angeles are representatives of the two great political parties. Hon. M. P. Snyder, a registered Democrat, and the Hon. Frederic T. oWodman, a registered Republican.

There can be no question in the mind of any honorable, right thinking, sane Colored citizen as to which party or candidate for Mayor he should support now, and vote for on May 1st **—which should be Mayor Frederic T. Woodman.**

No truer sentiment has ever been uttered than that of our great Frederic Douglass, when he said: "The Republican Party is the ship, all else the sea."

Senator Vardaman, a few days ago in the United States Senate said, "If it is necessary every Negro in the South will be lynched. . . . The 15th Amendment ought to be wiped out."

Mayor Woodman's opponent, the Honorable M. P. Snyder, a North Carolinian, a registered Democrat, is said to have appointed the first Colored firemen and policemen in Los Angeles. The records of the Fire and Police Departments show and prove the statement untrue. The records of the Fire Department show that Sam. Haskins, Hiram Webb, L. L. Bright and Officer Glenn were members of the Los Angeles Fire Department and were not appointed by ex-mayor Snyder. The records of the Police Department show that Bob Stewart and Joe Green were members of the police force before ex-mayor Snyder's time.

The records of the Fire Department of Los Angeles show that Mayor Snyder did take all of the Colored firemen working in the several fire houses out of the fire houses and **segregate** them away out on Loma Drive. The Colored citizens know too well what a Democratic Mayor means, to be beguiled by the smooth talk of paid workers.

Ex-mayor Snyder favors the Jitneys.

There were more than 20,000 Colored private soldiers in the Spanish-American War. They served under Colored officers, commissioned by a Republican President, Wm. McKinley.

Frederic T. Woodman was born at Concord, N. H., educated in free public mixed schools, and at Albany, N. Y., his grandfather gave six sons to his country and to liberty. Five are sleeping on Southern battlefields, one, Mayor Woodman's faher, came back from the Four Years War.

Today, under the regime of Mayor Woodman, 365 Colored citizens are employed by the city of Los Angeles.

Frederic T. Woodman is the one man in recent history of Los Angeles on whom the Colored citizens acn rely to administer justice, and to help the development of our civic betterment.

In Mayor Woodman, we have a steadfast and loyal friend whose every act in the past has been characterized by the loftiest ideals of equity and justice. Since he has assumed the high office and exacting duties of Chief Executive of Los Angeles, no Colored man has approached him with a right and just cause but has been received with the utmost courtesy and his pleas have been given every consideration.

We exhort you in the name of honor, in the name of appreciation, in the name of all that you hold high, holy and sacred, to give your unstinted support to this good man, loyal citizen, and staunch Republican, **Frederic T. Woodman.**

Respectfully,

THE EXODUS OF THE NEGRO FROM THE SOUTH

By Rev. A. P. Shaw

At the Forum, Sunday, April 29, 1917.

Rev. A. P. Shaw, the very capable pastor of Wesley Chapel, has been invited by the program committee to address the Forum on this vital subject from personal observation and first-hand information. For those and others who would care for an introduction, we will let you know something of the calibre of this notable character. To begin with, he is a native of the commonwealth of Mississippi, the home of the Colored U. S. Senators B. K. Bruce and Hiram Revels—also of Jno. R. Lynch, M. C., Jas. Hill and others of the Hametic tribe, men of national fame. He has seen his 37th winter and is an alumnus of Rust University at Holly Springs, Miss. After finishing at Rust, he attended Gammons Theological Seminary at Atlanta, Ga. By the way, he made the highest average during the course ever attained up to his time at this school. Finishing there he took up a post-graduate course in philosophy at Boston University. After leaving this school he joined the Washing, D. C., conference. He pastored in Virginia, Pennsylvania and Arkansas. His last charge before coming to Los Angeles was at Wesley Chapel, Little Rock, Ark.

While pastoring there he taught philosophy in Philander Smith college, a conference school. The committee of Wesley Chapel of this city, who was authorized to select a pastor, scoured the country, took in consideration some of the "biggest" men in the country, but he above all others was selected, with the feeling that of the many he was the most capable. The Forum feels itself honored in being able to present him to the public Sunday.

PETER C. PHILLIPS FOR CITY COUNCIL

As announced heretofore in these columns Assemblyman Peter C. Phillips is receiving a strong support from all classes for a seat in the City Council, and no doubt will come in under the wire as one of the winners at Tuesday's primaries. In selecting men as public officials the fact should never be overlooked that those who serve us best are those who are acquainted with the conditions which exist among the masses, and as a result thereof are able at all times to voice their sentiment and stand for their needs in such office. Peter Phillips is one of the common every day citizens who appreciates all of these things. He has been honored time and again by the citizens, who have elected him to the Assembly and having so faithfully served them in that capacity the people should with one accord say, Well done, come up higher. Vote for him for the City Council.

HON. FREDRIC T. WOODMAN

VERY SPECIAL

It is not often that we make any personal appeals through these columns for obvious reasons, but in this instance, owing to enforced absence from the city, and having been associated in the State Legislature for three months with the Hon. Henry H. Lyons and Peter C. Phillips and learning even more of their keen interest on behalf of the plain, common, every day citizen, we are asking our many readers who reside in the city of Los Angeles to give their support to these gentlemen for the City Council at Tuesday's primaries, as they are absolutely worthy in every respect of your confidence and support.

EDITOR.

MRS. DURLIN FOR COUNCIL

Mrs. Adeline C. Durlin is a candidate fo rthe City Council with headquarters at 227 Coulter building, where backed by a live committee she is arranging to speak in all parts of the city, conducting a whirlwind campaign. Her residence is at 4340 Russell Ave., which is four blocks east of Vermont in Hollywood. She is a firm believer in district representation, in municipal ownership of public utilities, in purchase of light and power system, if with favorable contract. She is a member of the City Club, Wednesday Morning and Million Clubs, of the Harry League and of the Custer Ave. P. T. A. With thorough knowledge of the city affairs, clear convictions as to public policy and straightforward, earnest and intelligent manner of presenting her views as to city progress and development.

A DEMONSTRATION OF REAL PROGRESS

Friday morning, April 19th, the Friday Morning Iroquois Club, which was organized but a few months ago by Mrs. Elizabeth Edwards put itself on record as one of the most progressive women's clubs in this city.

Last Friday morning at the home of its president, Mrs. Edwards of Newton St., the Friday Club made a public demonstration of the work accomplished in fancy and art work within so few months.

It would be an injustice to the other members to mention any particular person's exhibit, but the Eagle's reporter upon examination of the many exhibits from a very small doily to hand crocheted headgear, pillow tops, bed spreads, table covers, and hand painted and carved bric a brac was dazzled with the symmetry in the blending of colors, and variety of designs. Truly a more beautiful layout could not be found in the most pretentious Japanese Art Store in Los Angeles.

The Eagle is optimistic as to race progress, but this was progress from an angle we had not anticipated.—The Sidewalk Reporter.

Foster C. Wright—A candidate for re-election to the council of which he has been a good working member. Mr. Wright is an uncompromising advocate of municipal ownership of the aqueduct electric power and has from first to last adhered to the faithful majority which under trying conditions and over many obstacles, has maintatined the people's cause. Mr. Wright was formerly a newspaper man, was secretary to Mayor Snyder, has a valuable acquaintance with city affairs generally and is qualified to render ever more valuable service in a second term than during the past two years.

Theodore Summerland — Formerly for 8 years a member of the council. Assessor for 4 years and Railroad Commissioner for 4 years. Was at one time president of the council. Has lived in Los Angeles for 35 years.

IN NEXT ISSUE

A full account with the remarkable address of Attorney Oscar Hudson on the occasion of the conclave held at Sacramento last Monday by the All American League will appear in our columns of next issue. Space forbids the same in this number.

PROF. WILKINS, HEAD OF THE WILKINS SCHOOL OF MUSIC, GETS UNEXPECTED RECOGNITION

As is announced in another column of this paper, Prof. Vonstein of the Vonstein School of Music, after visiting his former pupil, Mr. Wilkins, was so greatly impressed with Mr. Wilkins' work as a musician that he is willing to permit Mr. Wilkins to adopt his system and make the Wilkins school an actual part or branch of the Vonstein Academy of Music and upon graduation the Wilkins pupils will receive Vonstein certificates. In fact, Mr. Vonsteine has offered to back Mr. Wilkins in his effort to any extent and in any way.

HER INITIAL RECITAL

The initial pupils' recital given at the studio of Miss Hart Sunday afternoon to a capacity audience, is reported a brillian success.

Miss Hart is doing excellent work in the music realm as was demonstrated upon this and every occasion where she or her pupils appear in concert or recital.

What the Churches are Doing

PHILLIPS CHAPEL C. M. E. CHURCH

Rev. J. C. Anderson, Pastor

Sunday closed the Union revival meetings. Three services were enjoyed by large congregations. Dr. A. P. Shaw preached at the afternoon service and there were two conversions. Dr. A. C. Garrott lectured to the congregation on Sunday night on the subject of the proper care of the teeth and mouth. The lecture was a part of the program on the observance of National Negro health week.

The choir continues to thrill the congregations from time to time and the air of hospitality which characterizes this church is becoming more and more marked.

The pastor will preach at both the morning and evening service on the coming Sunday and the door is always open to visitors.

BIRCH STREET CHRISTIAN CHURCH

Fourteenth and Birch
Rev. Hopper, Pastor

Rev. Hopper preached a strong sermon on "Faith and Works," Jas. 2:14. Faith without works is dead. Evening subject was the "Family Name of God's Children," Acts 11:26. The morning subject next Sunday will be, "The Right State of the Heart," and at evening, "Divine Providence."

MT. ZION BAPTIST CHURCH

Third and Traction Avenue

Pastor, Rev. F. H. Davis

Sunday morning at 10:15 the Sunday School rendered a beautiful little concert. At 11 o'clock the pastor spoke from a series of sermons on the ten commandments. All that attended were inspired and benefited. At 5 p. m. the Get Acquainted Literary Club had a most excellent meeting and had a most helpful discussion on the subject of the people getting together and being neutral. Those who do not attend these inspiring meetings are missing a great literary uplift. At 7 p. m. the B. Y. P. U. met. At 8 o'clock Rev. Riddles preached a wonderful sermon, his subject was, "The Burning Bush."

The meetings are being well attended. All are welcome.

THE PEOPLES' INDEPENDENT CHURCH OF CHRIST

Rev. N. P. Greggs, Pastor

Both services at the Peoples Independent Church of Christ Sunday were up to the usual high standard. The pastor took as his theme in the evening, "Receiving and Giving," by following the example of Christ when upon earth. When Christ took simple things of nature as illustrations and brought forth wonderful lessons of truth. So did Rev. Greggs take as illustrations two lakes, one located in Minnesota, the other in Utah. The one that flows on and on, emptying into other waters, beautifying the trees and foliage on its banks, as it passes, and in the end becoming a large body of water, where great steamships sail on her bosom. The other lake gives up none of her water. No grass adorns her banks. Not even a bird sails over her waters. As these lakes are, so are people. One class living for self, the other class living for others. He that saves his life loses it, as the Great Salt Lake has lost all power to even a spray of grass on her banks.

We all are receiving rivers of blessings every day. Let us pass them on.

LINCOLN MEMORIAL CONGREGATIONAL CHURCH

E. E. Lightner, Pastor

The usual good services were held throughout the day on last Sunday. The Sunday School continues to grow in interest and attendance. The pastor spoke at both services to appreciative audiences. The morning topic was "Seeing Jesus," the evenig, "I am debtor," Rom. 1:14. On next Sunday at the morning service, Dr. L. Stovall will address us along the lines of health. Every health loving man and woman, boy and girl should hear this address, by one of the city's foremost physicians. The evening service will be under the auspices of the Missionary Society of the church. Christian Endeavor, 7 p. m., topic, "Missionary Opportunities in Latin America," Isa. 60:1-5. Mrs. Hawkins, leader. A cordial welcome to all.

FIRST A. M. E. ZION CHURCH

Rev. B. C. Robeson, S.T.B., Pastor

Zion observed National Negro Health Day last Sunday instead of the regular religious services. This movement for the betterment of the Race's health was begun under the leadership of our lamented Dr. Booker T. Washington, and is now generally observed throughout the country. Dr. W. C. Gordon occupied the pulpit and discoursed the topic of health. He specifically discussed tuberculosis or consumption. He emphasized the necessity of fresh air by night and sunshine by day in sleeping apartments. He decried the folding bed, because folding beds do not allow of ventilation or the sunning of bedding. He concluded with the admonition "That it is better to have an open window than an open grave." Zion is in deep sorrow this week. Last Saturday, April 21, 1917, Louise D. Bynum, a faithful, devout and zealous member and Sunday School teacher, passed away. Death was due to acute indigestion. Her husband, Rev. W. M. Bynum, was once the pastor of Zion. He died at his post over ten years ago. He left her in good circumstances, and she remained single. She will be missed at Zion, as she was one of her pillars. Her place in the choir was vacant. Someone so thoughtfully draped her chair with a purple wreath. May she rest in peace and sweet be her reward. She will be buried Thursday from the church.

11 a. m. service Sunday, an illustrated lecture, "The Prodigal Son," and at 8 p. m. he will talk on "War in the Camp." Come early. Services are prompt and not prolonged. All are welcome. Free seats for everybody.

STATE RALLY AT WESLEY M. E. CHURCH

All this week there has been waged a financial war between the states at Wesley M. E. church. On Monday night Texas led off with a splendid program and a good collection. On Tuesday night, Dr. N. P. Greggs of the Independent Church led the forces of Tennessee to victory over Arkansas, Kentucky and Virginia, the Tennessee collection alone falling only a few cents below the standard set by Texas the night before. Wednesday night was California night. Reports of the same will appear in our next write up. Sunday, April 29, is to be a great day. Then the decisive battle will be fought. Texas is determined to raise as much as the other states combined. Sunday night will decide. Come and see and hear. The pastor will preach two of his best sermons Sunday. At 11 a. m. his subject will be "The Spirit of Christian Service." The evening subject will be "Walk About Zion."

We extend a cordial invitation to all of the people in the city to be present at one of the services on Sunday and help your native state make an excellent showing. We are in the midst of a great financial effort to reduce our debt. Come and help us. Save our very valuable property to the Race and pay off the last cent of debt on it. All are welcome.

A. P. SHAW Pastor

THE BAPTIST MINISTERS' UNION

The Los Angeles Baptist Union meets regular every Monday morning at the Second Baptist church. The meetings are well attended by the members. During the last three months Dr. R. D. Arline has been lecturing on Homeletics. We are anticipating in the next three months having subjects discussed which will benefit the Race our denomination and also our religious life. Strangers and friends are always welcome at our meetings. The Baptist Union voted in our last meeting to dispense with our meeting on the fourth Monday and meet with the Interdenominational Alliance.

FIRST A. M. E. CHURCH NOTES

Rev. J. Logan Craw, Pastor

At the morning service the sermon was [illegible] last Sunday there was one accession to membership. The [illegible] meeting was enjoyed by young and old from 7 to 8 p. m. At the evening service Dr. Eugene C. Nelson delivered a practical and masterly address on the subject, "Health Week and Health Weak." The pastor will preach both morning and evening in the Sabbath services coming. You are welcome.

The "A. B. O. U. T. Club" met at the church Tuesday evening and elected the following officers for the ensuing six months: Miss Marguerite L. James, president; Roy Sheely, vice-president; Miss Alma E. Dreyfil, secretary; Miss Leola McKinney, assistant secretary; Miss Mary Stanton, treasurer; W. L. Strong, sergeant at arms; Miss Della Dogan, first volunteer critic. The president appointed as committee on program, Misses Leola McKinney, Mary Stanton, Etta Morris and Ruth Woodruff. Other committees will be appointed later. The next meeting will be a social meeting at the parsonage, Monday evening, May 7. Mrs. Lillian J. Craw, the pastor's wife and general superintendent of this club, will leave the next day for four weeks' resuscitation with parents and relative in Topeka, Kansas, her old home.

The Ladies Aid Society met Tuesday night and made a donation of twenty-five ($25.00) dollars to the Easter Rally. Next meeting on Tuesday night, May 15. The second Sunday in May winds up the efforts on our church indebtedness for this annual conference year. And every member who has not yet contributed to this very successful endeavor is urged to do something before or on this Sunday of May 13.

FRIENDSHIP BAPTIST CHURCH

A soul stirring gospel message entitled "The Efficacy of Prayer," was earnestly presented by Rev. Dickerson last Sunday morning at the church. The salient points so clearly brought out touched the hearts of those present and a general testimonial meeting followed. Rev. Dickerson through conscientious effort and close application to his calling is making rapid strides towards a successful ministerial career. The evening service was ably taken care of by the tried and true veteran Dr. Tillman. "Steady progress" sums up the situation in reference to the Sunday School and the B. Y. P. U. This condition is being attained by the faithful followers who are always found at their respective places in these organizations. With an increase of attendance and interest of the rest of the congregations, much more could be accomplished. The Young Women's Missionary Society is still calling the attention of the public to their cooked food and apron sale May 5 at 124 Dayton street. The trustees are expressing gratefulness towards their members for the loyalty shown during the last quarter and are very optimistic concerning the coming rally. The clubs are meeting regularly now and an earnest appeal is made to all members, particularly those joining since the first of the year, to be identified with one of these fighting units.

METROPOLITAN BAPTIST CHURCH

Waverly Drive near Pasadena Ave.

The services last Sunday were well attended and of exceptional inspiration. The pastor's sermon at the morning service was a very pointed appeal to men and women to be strong, steadfast and conscientious in all their dealings.

The B. Y. P. U. session at 6:30 was very interesting. A paper by Mrs. W. C. Williams and a solo by Mrs. R. C. Calmore were well received.

After a sermon on "Labor and Reward," there were three additions to the church, who were joyfully received.

The services next Sunday will be as usual in the morning. Sunday School at 9:45, and preaching by the pastor at 11 o'clock, a solo by Miss E. Grey, good singing by the choir. The Women's Rally Club and the Strong Men's club will meet in the social hall and church respectively at 5 o'clock on Sunday afternoon.

At 8 o'clock p. m. the choir will offer the following program in sacred concert: Organ voluntary, Miss Dnnerva Harts; song, choir and congregation; prayer and chant of the Lord's Prayer, choir and congregation; responsive reading by pastor and congregation; song, "Dwelling in Beulah Land," Mr. Wm. Reynold and choir; prayer; reading the Bulletin; anthem by the choir; instrumental selection, Mrs. I. A. Teat; vocal solo, Miss Alberta Bracket; reading by Miss Lela Harts; bass solo, by Mr. Wm. Reynolds; Jubilee selection, by the choir, led by Mrs. W. C. Williams; selection by the Etude Choral club male quartette; vocal solo, by Madam C. B. Hicks; chorus by the choir; silver offering; benediction.

Wm. Reynolds, chorister; Miss Donerva Harts, organist.

SCOTT CHAPEL NOTES

The people of Scott Chapel listened to a very searching message last Sabbath at 11 a. m., the subject, "Our Veneered Claims Inquired Into." At the evening service Pastor Kinchen preached on "The Flag and the Cross."

The Woman's Home Missionary Society met at the parsonage on Thursday evening. The influence of this society is being felt in the community for real good.

The Queen Ester Circle, Mrs. E. Monroe Beavers, superintendent, and Miss Zenobia Duncan, president, met at the church on Monday evening, making preparation for their public installation and the entertainment which is to be given next Tuesday night.

Pastor Kinchen will occupy the pulpit at both services Sunday. In the evening he will preach on "Christ and His Little Ones Sold Out for a Dollar per—Flute and Dance and Drink—Were You There?"

St. Paul Baptist Church

Services were good last Sunday. Rev. Archie Williams of Mt. Zion Baptist Church preached for us both morning and evening. Every department of the church is looking forward to the arrival of the new pastor. The officers, members and friends are putting forth every effort to meet the demands whatever they might be to defray the expenses of the pastor and family. An inspiring letter from Dr. Holt tells us he will be here at the earliest date possible. Don't forget the big rally on the first Sunday in May. Everybody invited.

Surprised

Mrs. Murry entertained fifty guests with a surprise party in honor of husband's birthday Monday evening.

The home was beautifully decorated with Ferns, red Carnations, and American Beauty Roses. Among those present were Mr. Rufus Hite and the Waldof entertainers, and the Cadillac entertainers. The guests spent a pleasant evening listening to the melodies and new songs of the different ones.

After a bounteous repast was served, Mr. Bell surprised the guests with one of his new delights, Champagne Violet.

Mr. Murry received many useful and beautiful gifts.

Shower.

Mrs. Callie Lewis was hostess at a Liuen shower in honor of Miss Bulah Ecton, one of seasons' Brides-elect. Mrs. Lewis' home might well be compared with a fairy land so wonderful was the assortment of beautiful roses that adorned every nook and corner of the living rooms. About twenty-five guests enjoyed the occasion. Dancing and card playing formed the evening's pastime.

Cupid.

O my! how busy cupid is now that it is getting near Summer and June. But every one can't wait until June, and Mr. Leon Fotier was one of these, for he was married on Wednesday evening.

Judging from the large crowd that filled the Assembly Hall last Monday night and enjoyed dancing by the irresistable music of the Angle Trio, the young people will be glad to welcome the opening of the dancing club by the Buggs, on May 14th.

The Boyle Heights Whist Club entertained last Monday night at the beautiful hall in the Lewis home. About fifty guests were preeent, and lent a charm to the hall which was decorated in the club colors. Later in the evening dancing was enjoyed, followed by the daintiest of refreshments.

On April 19th at the Home Saints Church, Twentieth and Hooper, Mr. Augustus Majors and Miss Gertrude L. Johnson were united in marriage. The church was beautifully decorated. Mrs. A. Driver being the designer, assisted by many ofhers from different churches. The bride was gorgeously gowned in a creation of satin and lace. The maid of honor and bridesmaid were also beautifully dressed. The bride was given away by her father, Mr. J. W. Johnson, and was united by Pastor Driver, the ceremony being witnessed by a packed house. There was a lovely reception given at the home of Mr. and Mrs. Hutchins on West 36th St. in honor of the bride, which also was fuly attended.

The Eagle's Candidate

ONE OF MANY

Of the many candidates for city councilmen there is one who should have the support of all voters. That candidate is George H. Duvall, Mr. Duvall has been a resident of Los Angeles twenty-nine years; has lived in the Vernon avenue and Central avenue district, where he was engaged for many years in the mercantile business, and where he now will have a large vote from his many friends. Later, Mr. Duvall engaged in the building business, and built many modern houses and several business building in this section. Mr. Duvall is now in business at Twelfth and Central avenue, where he has made friend by his fair and courteous treatment. One can easily see that Mr. Duvall is much interested in this city, and with your help in electing him to the city council you will have a chance of getting service for your district. Remember him at the primaries, May 1st.

Mr. M. L. Hugo is against the Jitney bus. He believes that all citizens should be treated alike, and if he is elected to the Council will represent all people. Don't forget to vote for him at the primaries.

Among the many that have announced themselves as a candidate for the city council, few pos-

ness the ability and sterling qualities necessary for the position as does W. H. Gilbert of 636 West Eighteenth street. He has been a resident of Los Angeles for many years and has done much for the upbuilding of this community. He has been engaged in the building and real estate business to a large extent and many of the fine improvements throughout the residential section are the results of his efforts.

As a builder and contractor efficiency and not class or color has been Mr. Gilbert's slogan, and it is believed by those who have in past years labored with Mr. Gilbert that if he is elected to the City Council he will be ambassador for all of the people.

He Offers Something Better.

Are you people tired of Ring Rule and high taxes? Are the east side people mad at having no representation in the City Council? Are you ready to put Business Men into the Council instead of politicians? Then get busy and use your ballots. Most of you know me and that I stand for District Representation and anti-Invisible Government. Take my name to the polls and your friends with you.

Charles H. V. Lewis.

FOR THE CITY COUNCIL

Peter C. Phillips, who has so well served the people of his district in the Assembly for two terms, has at the solicitation of his many friends entered the race for a seat in the City Council, and is receiving a hearty support from all classes for that position. Mr. Phillips is in every sense a commoner and in this position he would at all times be at the service of the great masses of our citizens. He stands for the things in the conduct of the city government that the plain common every day people most need and desire. In the Assembly he has made an enviable record and has consistently worked and voted for the measures that stood for progress and has made an enviable record in that body. The Eagle has no hesitancy in commending the candidacy of Peter Phillips to the favorable consideration of our large family of readers, and while he is at his post of duty at Sacramento the people who really appreciate his service and who wish our City Council to be composed of men who stand squarely for the great common people can pay themselves no higher compliment than to work and vote for the nomination and election of Peter C. Phillips for the City Council.

THE CLOSING DAYS OF THE 42ND SESSION OF THE CALIFORNIA LEGISLATURE

[illegible] the readers of The Eagle [illegible] the opportunity of reading these lines the 42nd session of the Legislature of the State of California will have adjourned sine die, thereby closing one of the most important sessions ever held, made so by the general sentiment which prevails in this great crisis which confronts the country, that all factional feuds should be buried at least for the time being, and it has been generally along these lines that the two houses of the present session have worked. The greatest measure enacted, to our minds, was the "Counsel of Defense." This measure was presented and passed without a dissenting vote. Other measures passed was the Eugenic marriage bill in the Assembly, the Compensation act and Social Insurance measure, also many others, too numerous to mention.

During the last week of the session all of the attaches expect daily to hear that they have been disconnected with the pay roll. However, even those who have no complaint in the closing days it is expected that the great majority will be taken from the pay roll before the closing day, however, up to the time of this letter, two days before adjournmentt in the two houses, there has only been about 25 dropped from the pay roll.

LEGISLATIVE NOTES

President of the Senate Senator Breed, gave a banquet to the attaches of the Senate on last Monday at the Sacramento Hotel. Mr. C. W. Wilson was prominent among those present.

Senator H. H. Lyons left for his home in Los Angeles Thursday by auto. The Senator is one of the most popular members of the Senate and all wish him success at the primaries next Tuesday.

Col. Wild Bill Scott, Senator from San Francisco, is one of the popular members of that body. He is truly a friend of the people. He dug long and deep to find a law authorizing the enlistment of a Colored regiment in this State and he found it, and as a head to this regiment no better man could be found.

Assemblyman F. H. Mouser has been very successful with his measures as a whole. However, with his motor vehicle bill, some of his friends cut corners on him and the fate of his measure in the closing days hangs in the balance.

SACRAMENTO NEWS

The conclave of the All American League held at St. Andrews church Monday night will long be remembered by those who attended the same. The splendid outpouring of the people was not in vain. Editor Bass and Attorney Hudson made good and the preliminary remarks by Mr. Bass and the masterly address by Mr. Hudson enthused our people to the utmost. At the conclusion of the addresss a temporary organization was formed by the following selection, who are among the most prominent and representative citizens of our city. President, F. J. Butler; vice-president, D. A. Johnson; secretary, E. D. Johnson; treasurer, Mrs. Kinsley Brown; counselor, Mrs. R. J. Fletcher.

The funeral services of the grand-daughter of Mr. and Mrs. J. Brundson was held from Shiloh Baptist church on ast Monday. It was indeed a touching scene. Rev. Harvey officiated. An immense crowd was in attendance.

Mr. and Mrs. Oscar Hudson, prominent attorney, were welcome visitors in our city this week.

Mr. and Mrs. Kinney of 1520 G street entertained friends at their home on last Friday evening in honor of Messrs. J. B. Bass and C. W. Wilson of Los Angeles, these good people proved themselves most genial host and hostess and all present enjoyed themselves to the utmost.

Messrs. R. J. Fletcher and Ellington entertained Messrs. Bass and Wilson, Tuesday evening to the delectation of all present.

Warren L. Williams

Mr. Williams is a consistent Republican as his registration will show.

Warren L. Williams—Appointed by Mayor H. H. Rose to the position of city prosecutor four years ago. Mr. Williams has naturally given larger attention to criminal than civil law. He has been reared in Los Angeles and is a graduate of the Los Angeles High School. He is an Ann Arbor academic and law graduate. He formerly served two terms as police judge.

Mr. Roulo is an exponent of the broadest personal liberty, restricted only by laws compatible with public decenoy. He believes in the restoration of the principle of election of Councilmen by Districts, and in equal oaxation and a square deal to every citizen regardless of rase, color, or creed.

He believes in a visible government phere every act of each public official shall be made known at all times. Mr. Roulo is broad minded; he is a lover of the home; a genuine friend; a man of high ideals; and so liberal in ordinary activities as to be known as the man who befriends the laborer by his deeds more than by public expression.

Give him your vote and send him to the City Legislature Halls with such a tremendous vote as will nive him power to work for the masses with zeal and ardor.

TYLER DEFENDS TURNER

Frank Turner, the proprietor of the Chicago Tailoring Co., accused of assault with a deadly weapon and shooting with intent to kill, appeared in Judge Cassidy's court in Huntington Park, Tuesday, the 24th of April, for arraignment. Attorney Willis Oliver Tyler, with offices in the Germain building, is counsel for Mr. Turner and will conduct his defense. It will be remembered that on Sunday, the 15th of April, there was a resort to fire arms by certain persons who were then witnessing a baseball game at Vernon by the White Sox and the Tufts Lyon teams. Two bystanders were shot in the melee and one King and also Mr. Turner. Attorney Tyler is preparing a vigorous defense for Turner and is convinced that he will establish the complete vindication of Mr. Turner's part in the affair.

COLORED TROOPS FOR CALIFORNIA

Attorney Oscar Hudson Brings Results at State Capital

As one of the results of Attorney Hudson's visit to Sacramento where he addressed the great conclave of the All American League, has been the authority granted to raise a regiment of colored troops for the State of California, said regiment to be officered by colored officers save and except the position of colonel and that was agreed upon tentatively as a reward of the splendid service rendered by Senator Wm. Scott of San Francisco, who dug long and deep and finally brought out of the cobwebs the Act of 1911, which

Thomas W. Roulo is a candidate for the Gity Council. He is campaigning in the interest of a broad, faig, and efficient government.

He believes thaf the confidence of the people should be restored by an administration founded upon sane, economic business principles.

Mr. Roulo has been a resident of Los Angeles for seventeen years. He was born in Detroit, Michtgan in 1864; and has made his own way by his own strength and will. For more than twenty years he was a commercial traveler, representing leading business firms in the east.

Mr. Easton will address the Parents Association of the Mt. Zion Baptist church, Sunday, Aril 29th at 8 p.m. Mr. Easton is one of our representative men, having filled several government positions with credit to himself and the race. He is an author and educator. Everyone is welcome.

Who is furnishing the large "slush fund" that gives so much campaign work to so many of tender years, unmatured political acumen and no memory of facts.

Don't be deceived, the Race absolutely owes ex-mayor Snyder nothing. Snyder owes them and will continue to owe the Race, who kept him in office for four years.

The streets have been flooded with little handbills eulogizing the mythical record of ex-mayor Snyder. In every instance the data given is in error. Snyder was not "thrice" mayor of this city. He was elected twice not serving "6" years, he served but four years, the two years more he wanted to fill he was defeated. This campaign has been remarkable for several things, but nothing more so that the number of brilliant Negro minds that have gone off half-cocked.

One of the brilliant Colored Snyder orators avers during one of his speeches intended to be for Snyder that he was never yet paid for a political speech. If the "speeches" he is making for Snyder is a specimen of his efforts along these lines, we would not be surprised that in the future he will not only receive no pay, but that he will be suppressed.

Do you know one thing which you can easily verify: **The California Eagle has not charged a single penny for any matter appearing in its columns of this paper advocating the retention of Mayor Woodman, not a single cent.** What does this mean? It means after the election is over and Frederic T. Woodman, the best mayor this city ever had is for two years mayor, having selected his own Commissions the machinery of city government, The Eagle can demand for the Race those things it has wanted and wanted badly for the last twenty years and **get them for the Race.**

It is absolutely indefensible to attach the names of people to circulars without their consent. It only shows the desperate condition of the Colored end of the Snyder campaign when we see floating about with lots of other jetsam, the names of Revs. J. G. Edmonds, B. C. Robeson, H. D. Prowd, Mme. Spivey, Mrs. M. L. Gottschalk, Howard Folkes, Attorney Leroy D. Barnett, Prof. E. L. Chew and T. J. Hooper, who gave no authority for the use of their names and we are generally understood to be for Woodman. Such tactics are not only wrong, but they are absolutely dishonest.

MANAGER VINCENT G. GELCICH

The California Eagle unsolicited publishes this short sketch of the responsible manager of the Woodman campaign. Mr. Gelcich is a veteran political manager and has always been implicitly trusted by those who have placed in his hands the fullest responsibility for their political fortunes. To our knowledge since 1912, at a time when the Progressive party was in the making no man more than Mr. Gelcich who had constantly in hand the tedious detail work of the seevral brilliant campaigns of the period intervening between that date and 1915, was responsible for enduring success. Only quite recently a tribute was paid to the well known managerial qualities of the man, by District Attorney Lee Woolwine, who entrusted to the care of Mr. Gelcich the management of his campaign. Mayor Woodmans' campaign is being well taken care of by Mr. Gelcich and his able corps of assistants, and we have every reason to believe that Mayor Woodman will be triumphantly elected in the primaries of next Tuesday. Cool, calculating and resourceful when left largely to his own devices, Mr. Gelcich **usually wins out** in the finals.

WHAT WOODMAN'S ELECTION MEANS TO THE RACE

The election of Mayor Woodman means first that the people of this great and growing city are not willing to take a single backward step. It means for our city more smokestacks, more industries and employment of more men and women. It means honest business, civic decency and no disposition to encourage and foster vice. Personally it means a qualified man for mayor who has no inherited race prejudice, who stands for that variety of American citizenship which includes you and me. Mayor Woodman has given the race in Los Angeles signal evidences of his appreciation, or his genuine appreciation for the intellectual worth of the Negro, when he appointed one of that race, Attorney Macbeth, the orator of the day at South Park, on the Fourth of July, a year ago. He did not pick out this eloquent Negro to simply orate to members of his own race, he sent him where his ability, with which he already was well acquainted, woudl be more generally known and he would speak officially for the city of Los Angeles. There were thousands of white citizens in that great gathering on our national natal day who proudly declared afterwards that they had enjoyed the best oration of all the city, and there were but a few members of the speaker's own race present, but each and every one of them felt pround and inspired. During the term of office Mr. Woodman will surely fill, the result of the election, we will have accorded to us, individually and collectively, every right of a citizen and a man. We ask no more and we demand no less.

Los Angeles is now a large and progressive city. It is advancing in population and it should advance in its manifold industries. There were times when the political arbiters of the fate of this city were "booze" and "publilc utiity companies" that were not utilities; there was a time when "the people be hanged or worse" was the slogan. That time is happily passed and the people now in the saddle will see to it May 1st, that there shall be no reaction. Mayor Woodman represents the hopes and inspiration of newer and greater Los Angeles, and the thinking Colored citizen is no less vitally interested.

EVER LOYAL

There is absolutely no question at any time as to the loyalty of the Colored citizins of this country. In every crisis through which this country has passed no class of its citizenship has demonstrated a greater loyalty or performed more meritorious deeds than this people and now in this great war with the issues clean cut as they are, no part of the country's citizenship will prove more loyal than this class. We have no other country. We want no other. This is our home which we shall ever maintain and defend unto death if need be. The brightest pages in the history of this nation record the heroism and valor of the Negro soldier and if given a chance in the history yet to be made similar deeds of even a greater lustre will testify to this **Ever Loyal** class of its citizenship.

niscent of his beloved Southern institutions that he gave his intelilgent audience a chill. In fact, Mr. Snyder has all of the 'hall-marks" of his kind. He likes "the Negro in his place." He has yet to learn we have long since abandoned "cat gut" music and have pianos in our homes.

The California Eagle was so busy with the glorious present and the great possibilities of the future, and knowing that Mr. Snyder's repudiation at the polls nearly fifteen years ago settled him, it did not place him among the glorious possibilities of the future. The Eagle intended to let him severely alone; but it seems that mis-information is running riot, and Mr. Snyder is being given credit for things he never did. Elsewhere in this paper you will read over the signature of reputable Colored citizens, some of them tax-payers during "pinky's incumbrance," incumberance is the word for it, the things that "pinky" really did, and some of the things he NEVER did.

Mayor Fred Eaton, who preceeded "pinky" was the man who first placed the Colored man in the fire department and on the police. What Mayor Snyder did was to SEGREGATE the Negro firemen, and this was done over the protest of the Afro-American Council and a kindred Race organization gotten up for the specific purpose of destroying "pinky's Southern institution of unmixing the Races in civic institutions.

We must stand for human progress, or we will get left in the long run. The people are satisfied with the efficiency of Mayor Woodman. They know too that when he took charge he found a councilmanic board, and members of the City Commission who were not of his selection, and he has been able to make a remarkable record for good and satisfactory government. The people know this and Mayor Woodman having made good with handicaps, will when elected by the people demonstrate just what he can do to make Los Angeles what it should be, the foremost business center in the West.

The Young People's Missionary Society met at the Second Baptist Church Sunday afternoon, and after transacting their regular business a most important matter came before the members, the resignation of their superintendent, Mrs. Eldridge, and the matter of suggesting the name of some other person whom they would like to take the responsible undertaking. The first and most appreciated name that came up was that of Mrs. C. A. Bass, who was in turn interviewed by Mrs. Hubert and accepted willingly. The meeting adjourned to meet at the home of Miss Alma Brown, 2719 New Jersey St

THE FIRST MARRIAGE IN THE INDEPENDENT CHURCH

Last Sunday at 6:30 o'clock Miss Mattie Shackelford stole a march on her friends, when to the soft strains of a wedding march she glided gently down the newly paved aisle of the Independent church and became the charming bride of Mr. Will McKnight.

Rev. N. P. Greggs performed the simple ceremony and the couple departed as unceremoniously as they entered.

Beware of the Gossip.

The report has been circulated that Mrs. L. D. Bynum and myself were poisoned by something eaten at the home of Mrs. Chaney Jones last Friday evening—I wish to say this is nothing at all but idle gossip, and very unjust to Mrs. Jones—

My illness cannot be attributed to that home, because I did not eat—There were others who ate and had not pain—In an hour like this when gloom fills all hearts, let us not intensify the sorrow of any soul by such false thrusts—"For he that will love life, and see good days, let him refrain his tongue from evil, and his lips that they speak no guile."

REV. B. C. ROBESON.

LOVE'S TRIBUTE.

The grim monster death entered the ranks Saturday, April 21, 1917 and robbed this community of one of its brightest and loveliest characters, Mrs. Louisa D. Bynum. A woman crowned with Christian graces. A life radiant with loving deeds. An influence hallowed and benign.

This was not a ripe sheaf that was garnered for she had reached that stage in life when reason is salted with experience; when life is purified by sorrow; when faith is strengthened by answered calls. Ready was she to ably assist many souls struggling beneath the burdens of life when nature with some rudeness in her touch in the solitude of her chamber disengaged the vital cord and she passed serenely to the great beyond.

It was a blessing to live in a community touched by her exemplary life. She seemed to say when she met you, "I will gladly help you if I can." A faithful soldier, an earnest Christian, a cosmopolitan character. Steal if you will the alabaster white of the lily, the blended hues of the rose, the serene brightness of a star, the clear, dazzling light of the sun, the taintless beauty of the pearl and diamond, and yet still more is needed to render due homage to such a life.

Los Angeles, you have lost a true and tried friend—a citizen of the highest type. Her body rests in yon graveyard, but the life she lived and the death she died will serve to fortify your bulwarks as long as one spark of life remains in the breast of a mortal soul. Her life, deeds and acts can never die. Let us drop a rose of appreciation upon her tomb. Let us bow in humble reverence before the Sovereign will.

Now, though our tears unbidden course the the cheek
And though we grieve because we miss her so
We would not call her back nor would we seek
The hidden things of God to know
'Tis ours to trust the will that must be done
And know He giveth His beloved sleep:
"Safe in the arms of Jesus" God's own Son,
Now rests a faithful shepherd of His sheep.

Exchange of the Art Club of the Southern California Federation will hold their exhibit at the First A. M. E. Church, May 14, 15, 16. We ask each club to take part to make this the largest demonstration in art.

Mr. Senegal is in San Diego for a short stay.

Miss Emma Mulholland, who is visiting in Ventura, sends her best regards and hearty wishes to the members of the B. Y. P. U. of Mt. Zion Baptist church, of which she was secretary.

They say the way to a man's heart is through his stomach. Well, there would be less divorces if some men would try this idea.

Miss Annie and Miss Exonia Mulholland are contemplating a visit to Los Angeles. Their presence will be greatly missed at Mt. Zion.

Mr. A. L. Brown is the newly elected president of the B. Y. P. U.

Mr. S. P. Johnson, president of the B. Y. P. U. convention, came to pay an official visit to the B. Y. P. U. on last Sunday. He gave the B. Y. P. U. a most intellectual talk, and many, many good thoughts were brought out for consideration. On Monday some of the members of Mt. Zion entertained Mr. Johnson with an auto ride. Mrs. M. A. Hayden gained the notoriety of Barney Oldfield for driving and turning corners.

The Carnation Club have again resumed their art meeting, which was entertained Tuesday evening by Mrs. C. E. Norwood. Mrs. V. L. Goodwin gave the ladies a lesson in hair dressing, which was very much appreciated, all present enjoyed a most delightful evening. The next Art meeting will be at the home of Mrs. King on Greely Ave., next Tuesday evening.

On Sunday afternoon the missionary society will have a sermon preached. The A. M. E. choir has been asked to furnish the music. The proceeds will be given towards helping to furnish the reception room at the Old Folk's Home.

Mrs. Lucy Davis of New Orleans is visiting with Mrs. L. L. Alexander on Commonwealth Ave.

Mrs. Allie Henry is on the sick list.

Mother's Day program will be rendered at the A. M. E. Methodist church the 2nd Sunday in May.

Mrs. Hodge is on the sick list.

Mrs. C. Williams who has been confined to her bed for two months is very much improved. We hope to have her out with us soon.

Mrs. M. T. Laws, who underwent an operation at the residence of her mother in Los Angeles, for tonsilitis, is reported much improved.

The czar was dethroned in the poppy city last Wednesday night when the Elites of San Diego were hosts to a swell ball and we must say it was an Eagle nest on the Island.

RIVERSIDE

The Second Baptist church was the scene of two fine services last Sunday. Pastor Reed seemed to have been in unusual high spirits. He held his audience at rapt attention at he talked from Mark 2:1, "And it was noised that he was in the house." Taking as his subject, "Jesus As a Drawing Card."

Beginning by asking the question, "is the present day slackness in church attendance due to Jesus losing his influence as a drawing card? or is the world looking for something which excites the passion more, or something more entertaining in its estimation than the name of Jesus?" Answering his own question in the negative he proceeded, saying that the name of Jesus has as much magnetic power as ever; that the present condition in reference to small attendance at church is due to there being more of something else being in the house than Jesus. That when it was noised that Jesus was in the house, "so many were gathered together, so that there was no room in the house, no, not teven about the door." That the name of Jesus today is not the heart of most sermons, instead, we have long essays drolly read from the pulpit, with hardly the name of Jesus mentioned.

The concert given on last Friday night by the Young Ladies' Missionary Society of the Second Baptist church, was a decided success. Each participant played her part well. Miss May Goodwin, president of the society, is to be commended for her generalship manifested in getting up the play.

SCOTT CHAPEL NOTES

From the Choir-box to the Dance Hall, Drinking and Eating, What Do You Think About That?

Revival? Yes!—one of subtraction and not of addition, until better conditions in churches.

Easy to get kind of religion welcomed by drinking and dancing folks--Is it conversion?

What's the difference in drinking and dancing at a swell society affair on Monday night, and doing the same at the cluds at Watt?

Does the presence of business men, some of whom are church leaches, purify the atmosphere of a social ball where drinking and dancing are a past time?

Would it be too severe to charge the mothers who took their daughters to a combination of a social hell, with contributing to the delinquency of their children?

Are those who paid a dollar for their meals, drinks, dance, and a near approach to the knee dance, any better than the performers?

Hear Rev, Kinchen at Scott Chapel on Sunday evening as he answers the above questions, and rip the social vipers who would even sell our Lord's Church.

VOTE AGAINST FARMER FOR THE COUNCIL

This city could ill afford to have in its membership a man of the proven caliber of Bert L. Farmer, who by his action when in the Assembly introduced a resolution which was a deliberate slap of humiliation to a race. If he is so narrow and small this the city council is no place for him, so do not fail to register your protest by voting against Bert L. Farmer.

Wednesday, April 18th, the Allen Allensworth Club was royally entertained by Mrs. Lambert at her pretty little home. On account of illness, the president, Mrs. C. Hulbert, was absent, and the vice-president, Mrs. Sunshine Miller, presided in her absence.

The afternoon was spent in a splendid business session; refreshments of the rarest variety were served by Mrs. Lambert, and a short address, subject, "Why Woodman Should Be Our Next Mayor," was given by Mrs. J. B. Bass.

NEGROES PLAN S. F. REGIMENT OF OWN RACE

W. A. Hayne, attache of the quartermaster's office at the Presidio, and who served during the Spanish war with the "fighting" Tenth Cavalry in the capacity of private, corporal, sergeant and sergeant major, is organizing a Negro infantry regiment for service in the present war with Germany.

According to Hayne's plans the regiment, four companies of which have already been signed up, will have regular army officers in the capacity of colonel and lieutenant-colonel. The balance of the officers are to be Negroes.

The majority of the men who have signified their intention of joining the regiment are from San Francisco and many have had previous experience in the army.

It is understood that two officers of the regular army, well known here, have applied for transfer to the command of the regiment, which will soon be ready to be mustered into the service of Uncle Sam.

Negro Offfcers Barred?

Dear Editor:—

My understanding from all I have read in the papers concerning the physical preparations now being made by the War Department which has the approval of the President, is that no Negro will get recognition from the present administration in the conduct of the war, the selective conscription provides for a ninety days' camp school for the instruction of men who are to be officers of the volunteer or conscripted armies.

No call has been made for Negro troops and no opportunity will be given negro men to make application to enter this school. The red tape employed by the measure afford ample ways and means to the examining board to reject any man and I doubt not but that this will be the practice when it comes down to applications by men of the race. I fear that all that talk that has been reported in the press during the past few years concerning the doing away with the negro in the army by men in high and exalted positions at the seat of the national government is made effective in the bill now offered the congress for adoption by the machinery of the administration, our only chance will be by the adoption of the old rule that has been used in all past wars, in which men have not been forced to arms but have volunteered their service when the country has needed them and out of whose ranks has come the officers to command them. With all white men in the seective 90 day schooling camp, who shall be the officers of the volunteers? There will be no chance for our men to obtain commissions as lieutenants, captains, majors, lieutenant-colonels or colonels. In France the black soldiers have been given a chance, they have their own officers and know that they will be rewarded for special services in which they distinguish themselves for bravery, heroism and extraordinary conduct in time of imminent danger. This will not be if the rule of officering negro troops with white men as in the case of the four colored regiments now in the army. Right here in Los Angeles little or no attention is paid to the splendid negro citizenry in arranging for the Home Guard. They seem to forget that we are on the map. Will we be remembered by and by when another San Juan must be taken? Then why not give us a square deal?

Frank J. Horner

Candidate for the City Council

In announcing my candidancy for the council I state my platform to be:

"The development of industry, the promotion of the interest of the man who works, and economy on iittle things as well as big.

The expansion of the city's commerce and the illimination of heavy taxes for unnecessary improvements.

Efficieecy and practical economy."

Having been a workingman all my life, the interest of the man who works will receive the first consideration from me. I will not be unfair in any act to favor the workingman; but shall see that his interest is not abused because he has not the time, the money or the knowledge to care for it himrelf.

As a lifetime observer of the civic management of this municipality I have noted necessity of more efficient management and applicatlon of practical economics. I therefore, welcome the support of all who are in favor of efficient management and practical economy.

SIDNEY P. DONES AS CANDIDATE FOR THE COUNCIL

In years Sidney P. Dones is but a boy. He has not had time in point of years to acquire all of the virtues or vices that there are in life, however, as a very young man Mr. Dones has been fairly successful as a business man. Now inasmuch as Mr. Dones has courage enough to get head over heels in the race for City Council, let's get together and give him our support down here in the 74th district.

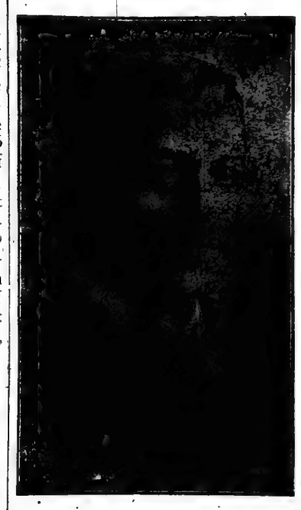
Some of the members of the present regime in the councilmanic circle are accused of stealing and doing all sorts of things, but "they should worry."

Some of our good people are saying they can't possibly support Mr. Dones for various reasons, but chiefly on the ground that he is not the right man, without being able to give you any reason as to why he is not the right man.

Now, friends, whatever your objections are, let's put up the hammer and support Mr. Dones just for this one time. It will serve as a wedge and if he doesn't make good, never, no never again will we lift our pencil in behalf of this spunky Black man who dares to float Dones' banners, same as the white folk, and think of it, has headquarters and branch headquarters and cards, circulars and even white folks boosting for him.

Don't forget, just vote for him this one time.

The California Eagle Reporter.



SENATOR H. H. LYONS FOR THE CITY COUNCIL

To the great masses of the voters of the city of Los Angeles there has been no announcement for their suffrage in the pending councilmanic race that has been received with the enthusiasm and unanimous accord as the fact that our popular Senator is in the race for a seat in the city council. That he will have hearty support from all classes of our citizens and will be triumphantly nominated and elected, goes without saying, no man in public life in this great city and state has a better record for real service on behalf of the great masses than Senator Lyons. His name among them is a household word; they know him by his deeds and the people will rally to his support with a rare zeal and an undaunted enthusiasm and while the senator is absent attending his duties at Sacramento as a legislator, his many friends will not allow that as a handicap and are voluntarily doing yeoman service to acquaint all of the people with the fact that he is in the race and will roll up for him a record vote.

The Eagle has no hesitancy in commending the candidacy of Senator Lyons for the council and when he takes his seat in that body in the future as in the past the great masses of the people, regardless of race, color or status in life, will always have a friend at court.

Mark G. Bunce
Candidate for City Council

A SQUARE DEAL FOR ALL

Read My Platform.

First—I think membership in in the CITY COUNCIL a place of honor and trust and if elected, I shall try to treat all classes justly so that at the end of my term I shall feel that I have been worthy of the honor bestowed upon me.

Second—I consider that the smallest wage earner pays his share of taxes, either directly or indirectly, and his interests should be protected just as carefuliy as those of the more wealthy or influential.

Third—I mean to look upon all matters with fairness and equity toward all classes, with the best interests of LOS ANGELES always in view.

Fourth—Laws that are beneficial to the public in general should be enforced without fear or favor, and those laws that are not for the public welfare should be changed to meet present conditions.

Fifth—Any new radical laws should have the fullest consideration, and the advice of able and competent men who have been accustomed to handling large affairs.

Sixth—Licensee should not be placed so high as to breed dishonesty or crime and any business for which the payment of a license is required should have the full protection of the government under which it operates, within its legal rights.

Seventh—I do not believe in so burdening the city with indebtedness, causing excessive increase in taxation, as to discourage new-comers to invest their money in homes here, or discourage wage earners in their ambition to own their own homes.

Eighth—I believe in municipal ownership in all instances based on thorough business principles, where the benefit and profit to the public are assured.

Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life

to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the game opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

You probably have neglected many a money-making opportunity but dont neglect this one, it means your fortune, and is right within your reach. Seize it now. Write or call in person from 4:30 p. m. to 8 p. m. C. E. Patterson, 1446 So. San Pedro St, Los Angeles Cal., at once for our large prospectus, giving all the details with map showing location of our field, also let us know how many shares we shall reserve for you.

THE EAGLE'S Candidate Wins

WOODMAN RE-ELECTED AT TUESDAY'S PRIMARIES

By a Majority of Over a Thousand Votes.

Mayor F. T. Woodman ran true to form and on last Tuesday won handily by receiving a majority of more than 1000 over the entire field of candidates. The people have thereby put their seal of approval on his record, and believe that he is the one best fitted to preside over the destinies of this city for the next two years.

Notable Victory for the Eagle

At the outset of this campaign The Eagle, in the face of an apparent support of Mr. Snyder by 95 per cent of our people, and recognizing Mr. Woodman as the man who would best serve all of the people, faced the proposition of winning enough of this support to Woodman with fear and trepidation. But with head erect and ever looking forward we opened up the fray with our light artillery and schrapnel, and then with our machine guns, and at the proper time we lauched our big 42-centimeter guns and the victory was won. An analysis of the vote cast will show very clearly that the Mayor would have been many votes shy of election had this battle for the colored vote been lost.

As a journal single handed and alone The Eagle triumphantly marched not unlike a plumed knight in the victorious procession, however, we feel that the victory was so complete, so decisive and so grand that all of the forces which brought it about may well share in the radiant glory of the same.

PATRIOTISM BRINGS RACE TOGETHER AS NEVER BEFORE

Incipient Organization of Regiment to Be Offered State and Nation.

If any person would doubt for a moment the loyalty of the colored citizens of Los Angeles, that doubt would have been speedily removed had they been present at the meeting held at the Y. M. C. A. on last Wednesday evening. On the call of many of our foremost citizens the rooms were crowded to hear the plans for the formation of a colored regiment in California. After a statement of the history of the efforts of Attorney Hudson, of San Francisco, and Editor Bass at Sacramento, to forward this movement and highly patriotic addresses by Attorney Hugh E. Mac Beth, Attorney Willis O. Tyler, J. W. Williams, Attorney Kelly and others, it was the unanimous sentiment of the meeting that the work of recruiting this California colored regiment be undertaken at once and that six companies be formed at once, five in Los Angeles and one in Pasadena.

A letter was read from Attorney Hudson that the formation of two companies in San Francisco and Oakland was well under way. The following temporary officers for the Southern battalion were agreed upon:

Capt. Wm. Reynolds, Major; Lt. H. F. Wheaton, Captain; Sergt. D. M. Matthews, Captain; Sergt. A. J. Haines, Captain; Lt. F. W. Butler, Captain; E. L. Gaines, Captain. These officers are to temporarily name their First and Second Lieutenants. All of these officers have military experience, having served in the regular and volunteer service.

Patriotism at this meeting reigned supreme and as a prominent attorney remarked to The Eagle man, this meeting certainly is a harbinger of great things to see so many of our folks together for common weal. It means that they will not only defend our country to the utmost, but that we will instill the highest possible patriotism that ohers may well take notice.

The meeting adjourned by singing "Columbia," to meet on next Wednesday evening at the same place, and all who stand for this sort of patriotism are cordially invited to come out, as the various companies will be formed and drilling commenced.

NOTABLE ADDRESS DELIVERED BY ATTORNEY OSCAR HUDSON OF SAN FRANCISCO AT THE RECENT CONCLAVE OF THE ALL-AMERICAN LEAGUE AT SACRAMENTO, APRIL 23RD.

The Colored American and the Present War Crisis

Essentially a Man of Peace

Mr. Master of Ceremonies, Ladies and Gentlemen, Fellow Citizens:

Inasmuch as I, in my address, will assume the atitude of espousing the entrance of the United States into

the seeming great world crisis which is now being enacted upon the different stages of the Universe, I deem it proper and eminently befitting that I first define what my attitude was before the 5th day of April, in the Year of our Lord, One Thousand Nine Hundred and Seventeen, when our Natinal Congress saw fit to declare war upon its enemy, the Imperial German Government, and to assume an at titude of belligerency toward said Government, and also to define what my attitude shall be when this my native land, shall once more be at peace with the other peoples and nations of this world. I have always assumed that there is only one thing in this world worth having, and which has been the ultimate quest of mankind, to-wit; Peace, and whether mankind has been in pursuit of this quest, consciously or unconsciously, matters not, for if mankind is in quest of gold, military power, political power, commercial power, or what not, he desires the thing of his quest, only for the comfort and peace of mind that he has been led to believe that the acquisition of his quest will bring to him and to those whom he holds most dear, and I believe that the day is not far distant when mankind will realize that he cannot have peace as long as he entertains an enemy, and as long as he himself is possessed of the Elements of War, some of which are: Anger, Envy, Passion, Hate, Malice, Greed, Evil Speaking and Strife; that mankind will realize that he will always entertain an enemy so long as he acquires by force of arms; that a peace acquired by arms or by subduing an enemy by force of arms, only remains a peace until the subjected has acquired sufficient force or strength to overthrow its subjector. I believe the day not far distant when the Christian Nations of the world who pray "Our Father Who Art in Heaven" cannot any longer pray so without fully acknowledging the brotherhood of the whole Race of Mankind, for there can be no fatherhood without a subsequent brotherhood, and to deny one is no less infidelic than to deny the other. Race upon top of Race and Nation after Nation have tried to make right by might, only to find that they have been standing upon sinking sands and that the thing that they had seen to acquire only remained theirs until the Race or Nation from whom it had been acquired or some other ascending Race or Nation had acquired sufficient might to deprive them of their coveted possessions. Friends, I believe that the human race is growing better. I do not believe that the wall of war and want shall be heard forever. I believe that the time will come when Liberty and Law and Love, like the rings of Saturn, will surround the World. I believe that the time will come when the Human Race will cease making the mistakes of warring upon his brother, but until that time comes, just as primitive man was forced to use a rock axe to hue his wood, and a tom-tom to produce his music until he learned better, just so will man in this age continue to use the vehicle of war to attain so-called Peace, until he learns of the Law of Love as condensed from the Ten Commandments and handed down to posterity by our Lord and Master, Christ Jesus, to-wit: Love God with all thy heart, with all thy soul, ani with all thy might, and thy neighbor as thyself. So that my attitude before the 5th of April, 1 17, was essentially that of an advocate of Peace for all mankind, but upon that day, as already stated, our National Congress declared war upon the imperial German Government, and I, first, last, and at all times being an American citizen and claiming this land of ours as that of my nativity, and owing alegiance to the Government of these United States and claiming a full measure of citizenship in this Government, which also carries with it the right, yes, the duty, to bear arms under its flag, I say I have been since the 5th day of April, 1917, and I am now, for War, and my present position in this matter will not permit of debate, and I have no desire nor inclination to consider any sound or expression that may be made by any person in this country or anywhere in this world that is in any degree antagonistic to or against the welfare and best interests of this, my native land, when this land is at war with another power.

I stand first, last, and at all times for the honor of the Government of the United States, for the dignity of the citizens of the United States and for the maintenance of the flag of this country in the highest degree of National honor.

Discrimination

Now in discussing any problem it is always well for those who have the matter under discussion to eliminate, if possble, all matters which enter into the controversy which will not permit of debate, and one of the matters which quite justly may enter into the subject concerning the American Negro in this great War's crisis is his treatment at the hands of the Caucasian American. There is no doubt but that the Colored American has been greatly discriminated against; there is no doubt that he has not wholly received a full measure of justice in the Courts of the land; there is no doubt but that he has ben discriminated against in educational facilities; in transportation facilities; in the exercise of his suffrage in the Southern States and that he has been subjected to many other discriminations and humiliations; so that this subject will not permit of debate; upon this we are agreed; in this we know that the so-called Colored American has a just grievance, so that our difficulty comes only in agreeing upon a remedy that we shall apply to the condition. The danger of Racial discrimination is not limited to the Race that suffers, but is aways a threatening menace to the life of a whole nation. The spirit of injustice, fraud and unfairness never has and never will be limited to any Race or class of people, for if you can steal, mob, or hang a man today under the protection of the law because that man happens to be black, then there is no reason why you should not steal, mob, or hang a man tomorrow because that man happens to be poor and for some other cause or condition; this principal has been proven to be true in the hanging of Frank, in the State of Georgia, in the year 1915, and the countless number of other White men who have been mobbed and hung in other States of this Union within the last few years. A few years ago, every White man in this Union, regardless of how poor or lowly he was, and regardless of the heinousness of his crime, was accorded a fair and impartial trial by a jury of his peers, but the flames of mob violence, hatred, malice, brutality, greed, revenge and egotism began to

POLITICAL FLIGHTS

Senator Lyons a Winner

The splendi race made by Senator H. H. Lyone for the City Council means that he will be one of the winners at the election in June. All of the people are for Lyons first, last and all the time.

And now the political line-up for the councilmanic fight will be well worth watching and we shall no doubt in our next issue give our readers food for thought.

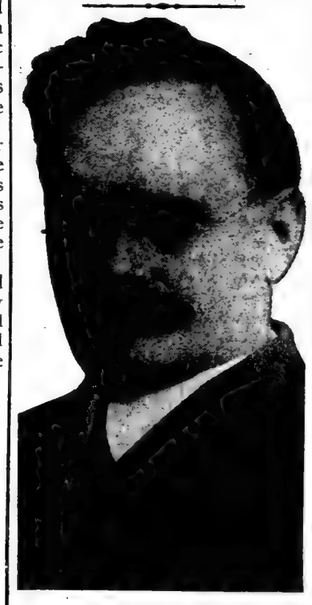
S. P. Dones with his back to the wall almost single handed and alone garnered more than 2000 votes in the councilmanic race, and with a united and organized front of all of the forces that should have been for him he would have won hands down.

Very well, Mr. Be t Farmer qualified to run along toward the tail of the ticket. Perhaps it is well that he has. Yes, voters now have a fair and square chance to swat him if you care to.

The new leaders who declared themselves such had a stormy beginning and hence their burial was so complete that they will only be remembered as prize jokes.

"HITTING IN A PINCH"

Have you ever held your breath and glued yourself to the seat while watching intently the game in an exciting moment? With victory about to elude the grasp of your prides and sorrow about to yank at the heartstrings, have you seen a fellow step to the bat with determination written on his face, gritting his teeth and swinging with portentious majesty his bat? Have you seen the pitcher smile as he anticipates triumph and send the spheroid sailing across the plate? Bam! In scampers the run that wins the game. Hats off to the pinch hitter.



It takes a fellow with a stout heart to hit in a pinch. It takes nerve, courage and grit to fight with a vim when the score is against you. Doing your best, ringing true under fire, making a hit in a pinch stamps you as a thoroughbred.

Life is a game that calls for pinch hitters. Calls for men who can see disaster, defeat and humiliation sweeping down upon them and lift the bat to stick-to-it-iveness and knock a home run. You can win if you remain undaunted. If you keep your heads when the odds have turned, if you hold yourself together and steady your nerves.

This country is now under fire. Despotism, plutocracy and militarism are struggling with all their might to gain the victory, to steal the game, to cop the pennant. America is now at the bat. You have your part to play and I have mine. The tension is great, the fire is hot, the pinch is here. Have you made a hit or have you lost your head, courage and valor? Know loyalty is inscribed upon our banners. I know loyalty is inscribed upon our banners. I know that our every heart-beat is for Old Glory. I know our general average is good, but boys, the game is hanging in the balance and we need pinch hitters. Can you answer the call?

Listen! If the boys in the trenches would win we must wallop these backyards with a spade. If autocracy must die a few bushels of potatoes will kill it quicker than a heavy dose of chin-oil. Plant your gardens—prepare to reap a harvest—Reileve the tension—Hit in the pinch.

Holt came to us and after being here five days was called to the pastorate and five days later gave us an answer which was acceptable and inspired with the spirit to build up St. Paul. He returned to his home at Tulsa, Okla., and is now ready to return with his family. The officers, members and friends are lined up to give him a hearty support.

S. B. BATTEY PASSES OUT

S. B. Battey, well known in fraternal and church circles, and for his general worth as an all around broad gauged and liberal citizen, passed away at the county hospital on last Saturday after an illness of only two weeks.

The funeral was held on last Wednesday from the C. M. E. church where many friends and acquaintances came to pay their last respect. The funeral was conducted by Alpine Lodge A. F. & A. M., Golden Rule Lodge of Odd Fellows, the Household of Ruth and O. of Eastern Star of which he was a member, attended in a body. Resolutions from the trustee board of the church was read as well as from the O. E. S., the Ruth and Odd Fellows, many beautiful floral pieces adorned the casket. Mr. Battey was an ex-soldier and the casket was draped with the American flag. The Spanish-American War veterans acted as a guard of honor. The Eagle appreciated very much the stirling worth of Simon B. Battey, and he was one of its staunch supporters. We extend condolences to his bereaved brother and sister and the fraternal circles to which he belonged. The funeral was largely attended and was conducted by the Smith Williams Company.

IN LOVING MEMORY

of Rev. D. L. McMickens, Who Died May 4, 1916

Tears have flown, hearts have ached,
Since you went away.
Often have we wished you back
When we knelt down to pray;
But "the prayer of the righteous availeth much."
Has meant much to us.
They have brought us peace and comfort
When we were sorely distressed.
Though a year has passed since you left us,
Your presence has been with us still;
All we have done, you have helped us,
So devoted to your church, you have been.
So patient were you when we had you,
So loving, so gentle so kind;
We were naughty, and ask God's forgiveness
And may you peace and eternal bliss find.
A heavenly home was prepared, we know
For you a servant of God.
A home where changes never come,
Whence you received your reward;
A reward which was merited here below
Amid suffering, toil and strife.
But praise the Lord, He caused you to know
'Twas for Him you labored, not us.

—Susie Jean Lynch.

PROMINENT CITIZEN VISITS ITS CAPITAL CITY

The Hon. Geo. H. Woodson of Buxton, Iowa, was a visitor over Sunday and Monday, the guest of Editor J. B. Bass of the California Eagle. Those who were fortunate enough to be present at the Sunday morning service at St. Andrews will never forget the words of this gifted speaker on that occasion. Mr. Woodson is a man of national reputation as a leader of his race and Sacramento feels highly honored on having had him in our midst.

What the Churches are Doing

FIRST A. M. E. ZION CHURCH
Pico and Paloma Streets

Rev. B. C. Robeson, Pastor

The illustrated lecture given by Rev. Dr. Smith (white) of Pasadena, Calif., known as "The Prodigal Son," will long be remembered. Every phase of a man's life was depicted, from infancy to full manhood, watched over by a tender mother, with a mother's care and anxiety. He depicted sin in a great city such as Chicago, and the downward path so many young men follow after leaving a Christian home. The return showed a sad but wiser man, aged from dissipation and sin, but repentful and wiser. His kind mother very near the brink, all brought on by an only son's waywardness. It will long be remembered. A pertinent question he asked, Should a person visit a park or a ball game or a motion picture house on Sunday? His answer was emphatically "No." He said, "There will be no good girls unless there are good boys, and if the church saves the girls it must save the boys, as the girls follow the boys wherever they go.

Miss Louise Davis of Alexandria, La., joined church when the pastor opened the day. Zion has inaugurated a rally for July to pay on the mortgage. The clubs are named after the Bishops of the A. M. E. Zion church. Each club is to raise $100. All seem jubilant and success seems assured.

The pastor will talk on Sunday at 11 a. m., "The Question that Has Never Been Answered." At 8 p. m. his talk will be, "The Woman with a Backbone." Communion Sunday. Come out early. Plenty seats. All are welcome.

MT. ZION BAPTIST CHURCH
Corner Third and Traction

Rev. F. H. Davis, Pastor

The pastor preached a very enthusiastic sermon from the 52nd chapter of Isaiah. At the evening service Prof. Easton addressed the Parent-Teachers Association, which meets the fifth Sunday in each month. The Sunday School opens at 9:30 a. m. Sunday mornings. At 5:00 o'clock p. m. on the second, third and fourth Sundays the Get Acquainted and Literary Society meets. This is very hospitable for the young folks and helps them to get better acquainted with each other. At 6:30 p. m. the Baptist Young People's Union meets each Sunday. Come out and help to encourage these young people, as they are trying very hard to make their auxiliary successful. Zion is now planning to celebrate her 25th anniversary on the 27th of May. A committee of seven are doing all that is in their power to make this day a success. Our motto, "A Greater Zion the next 25 years." Zion will spare no pains in making this anniversary one of the best (if not the best) that has ever been held. All are welcome.

FIRST A. M. E. CHURCH NOTES
Corner Eighth and Towne

Rev. J. Logan Craw, Pastor

Two thoroughly edifying services were enjoyed by each worshipper who attended First church last Sunday. The large congregations are continuing to grow and the messages delivered by the pastor are strengthening to all. There were three accessions to membership. One convert. The choir sang beautifully at both services. You are always welcome to our services.

Communion day is this Sunday, May 6th. The pastor will deliver both sermons. Morning subject, "Life Out of Death." Evening subject, "Watch." At the morning service several infants will be baptized. Splendid music by the choir and administration of the Lord's supper at both services. Come on time to get a good pew.

Sunday, May 13, is the "Gleaning Day" on Easter Rally effort. All unpaid pledges are expected in and every loyal African Methodist of Eighth and Towne Avenue church who has not as yet contributed to this worthy cause should at least give one dollar at this time. This day closes up the effort on church indebtedness for this annual conference year. And without doubt the bonded debt will be cut down this year more than twice as much as last year with all the current expenses paid up to date. Have it said to your credit that you did your part in this magnificent work.

WESLEY M. E. CHURCH
Eighth and San Julian Streets

Rev. A. P. Shaw, D. D., Pastor

Last Sunday was state rally day at Wesley M. E. church. Texas led with $150, the largest amount raised by any one state. Iowa led in the largest per capita, giving with $15.25 by two persons. In proportion to the members contributing all the states did remarkably well. The following is the amounts raised by states: Louisiana, $51.72; California, $31.45; Mississippi, $45.20; Arkansas, $11.10; Alabama, $16.80; Tennessee, $17.95; Tennessee, $17.95; South Carolina, $22.70; Kentucky, $10.00; Virginia, $20.55; North Carolina, $2.50. The Northern states, including $15.25 from Iowa, $11.25 for New York, $2.50 from Illinois, $4.50 from Missouri, $5.00 from Kansas and Ohio, raised $42.50. Other colection $20.00, making a grand total of $475.71 for the day. This was only a helper in our big rally which closes May 27. There were two conversions at the Pullman Mission Sunday afternoon.

Sunday is Communion Sunday. At 11 a. m. the pastor's sermon subject will be "A Forsaken Savior." In the evening his subject will be "Sin." In connection with this subject the "Unpardonable Sin" will be discussed.

We are now on the last lap of the great financial race which closes up the last Sunday in May. The rally captains are all expected to be present Sunday and also Tuesday night to arrange for a whirlwind close up of the rally. Let every member get ready for concerted action. Let us have over 300 communicants Sunday.

CHRISTIAN CHURCH NEWS

Last Sunday was another favorable day at our church, both morning and evening service being well attended.

Brother Hopper's sermons were unusually good. His text in the morning was "The Right State of the Heart," and in the evening "Divine Providence."

On next Sunday, Brother Robinson will fill the pulpit in Brother Hopper's absence, as he is compelled to be in Calexico on that day. The choir, under the direction of Prof. Haynes, is growing and making wonderful progress. Our doors are always open to visitors.

THE PEOPLE'S INDEPENDENT CHURCH OF CHRIST
18th and Paloma Sts.

Rev. N. P. Greggs, Pastor

Rev. N. P. Greggs, pastor of the People's Independent Church of Christ, took as his theme Sunday morning, "True Religion and Where It Is Found," he saying in part:

The true religion is found wherever Christ is found, for He is the way, the truth and the light. The man who has found this true religion is the one who has icked up the cross in his heart and followed Jesus daily, not the one who comes to church on Sunday, kneels at the altar, sings and shouts, and on Monday returns to his usual work of grafting and cheating his brother in every way possible. The man with true religion lives unspotted from the world. He lives the live of a true Christian and is trusted because he is a true Christian.

We all should watch our Heavenly Compass and see that the needle always points heavenward.

At the evening service Bro. Emanuel Hall preached his initial sermon. His text was "The Prodigal." This was indeed an excellent sermon coming from a young minister of God's word, one whom the members and friends see many blessings for in the near future.

Don't forget that Sunday is the first Sunday. Come and help us lighten the burden by giving what you can.

The Quarterly Conference took place Monday night. Every member was much inspired by the many excellent reports given by the various church organizations. The following will give you an idea of what the church is doing: Total cash receipts for quarter, $7,540.63; total cash balance, $784.67; conversions during the quarter, 24; present membership, 596.

Bros. Jackson was elected to serve the unexpired term of Bro. H. G. Walker.

Brothers A. E. Osborne and Edward Carrington were elected to the deacon board. Full reports can be had in print soon.

THE BAPTIST UNION

The Los Angeles Baptist Ministers' Union met at usual at the Second Baptist church. The meeting was filled with interest and enthusiasm. One particular feature in these meeting was the manner in which Dr. R. D. Arline has conducted his lectures on Homoletics. These lectures, which have been simple in their presentation, have been very helpful and inspiring. His lectures have shown that they have been carefully prepared, which have been an untold blessing to all who have had the opportunity to hear him. These lectures have also shown that the God man of today must be a carrier of good news, a man with a message of truth, a man endued with the Holy Spirit.

Last Monday was the election of officers for the next three months. The Union voted to retain its present officers which are as follows: Rev. W. H. Rozier, president; Rev. F. H. Davis, vice president; W. H. M. Dickerson, secretary; Dr. R. D. Arline, treasurer.

The program committee have spared no little pains to make these meetings a success. Next Monday Rev. R. A. Wade will discuss the subejct, "Does God Hear Sinners Pray?" We are expecting a lively discussion of this subject, which is a vital one in evangelism. Deacons, trustees, members, visitors and friends are all welcome to these meetings.

LINCOLN MEMORIAL CONGREGATIONAL CHURCH
34th Street and Central Avenue

E. E. Lightner, Pastor

Dr. L. Stovall was the speaker at the morning service on last Sunday to an appreciative audience. His address which was along the lines of prevention and cure of disease, was well received.

The pastor occupied the pulpit at the evening service, speaking on, "The Great Commission."

The Christian Endeavor meeting under the leadership of Mrs. Hawkins was of unusual interest, the topic being, "Missionary Opportunities in Latin America."

On next Sunday will be the rally for making some needed improvements in our church. Every one is asked to worship with us and aid in this worthy cause. Rev. L. E. Edwards will be the speaker at the morning service. In the evening there will be the regular Communion service. Christian Endeavor, 7:00 p m., topic, "Love," 1 Cor. 13:1-13. (Consecration meeting). Mrs. Dennis, leader. A cordial welcome to all services.

PHILLIPS CHAPEL C. M. E. CHURCH
1406 Newton Street

Rev. J. C. Anderson, Pastor

The services at this church on the past Sunday were very enjoyable and two very appreciative congregations were present to worship with us. Aside from the regular offering of the day the ladies of Stewardess Board No. 1 had a rally for the carpet and chairs they are installing in the church. The result of this effort was $57.00. The ladies of this board are a wide awake and working band. All departments of the church are alive and are as busy as bees. The spiritual life of the church is very much awakened as the result of the recent revival and we are regularly having accessions to the membership.

Sunday is Communion day and the pastor and officers are expecting the membership and friends out in large numbers to partake of the sacrament of the Lord's Supper.

Friends and visitors always welcome.

A BEAUTIFUL WEDDING

The church at 8th and Towne St., was crowded to the gallery, to witness the wedding of Mr. Vernon Curtis Kelso and Miss Jessie Ruth Lishey, at 8 p.m., on the 20th. On arrival of the party, Mrs. Dr. Nelson, accompanied by Prof. Bynum, on the organ, sang a most touching wedding selection entitled, "God Gave Thee to Me." After Mrs. Sidney Dones, also accompanied by Prof. Bynum, had played a most delightful and befitting selection on the violin. The march to the altar was then taken up by the party with order steps performed this part of the exercise with precision. The ministers, Rev. Dr. Craw, pastor of the church, and Dr. H. D. Prowd, of the 2nd Baptist, entered the altar and awaited the bride and groom. The page was a very little oy, who performed the duty in the most excellent manner, to the amazement and with commendation of the whole assembly. On arrival at the altar, Dr. Prowd who performed the ceremony, assited by Dr. Craw, audiably and solemnly addressed the assembly, and began the ceremony which was most beautifully done. Dr. Craw's solemn prayer preceeded the actual tying of the knot, by Dr. Prowd. Thus closed one of the most picturesque affairs of the season. We wish the bride and groom happiness and success and hearty congratulate the parents.

BIRTHDAY ANNIVERSARY.

At the home of Mrs. Rosa Woodens, on 1157 E. 31st, on last Sunday afternoon, a charming at home reception was held in honor of the birthday anniversary of Mrs. Wooden. During the afternoon 130 guests were present, the house being beautifully decorated with flowers and ferns. Dainty refreshments an punch were served, and it was declared by all who attended as one of the most unique affafffirs ever held in this city.

A startling but pleasing, surprise was in store for all, as on this occasion was the announcement of the coming marriage of Miss Lorenzo Jordan to T. A. Cole, of Seattle, who formerly lived in this city. Miss Jordan is one of our most estimable and talented young folk, and her friends are legion in this community, and Mr. Cole is one of our splendid young men who has made good in the northwest. He will come in September to claim his bride.

Those who were in the receiving line on this occasion were Mesdames Gottschalk, Viola Hill, R. L. Hudson, A. Jordan, P. J. Thomas, and Mrs. Rosa Wooden, the hostess. Receiving at the door were Mesdames F. W. Kegler, C. Thomas. Assisting in the diningroom were Mesdames Viola Hubbard, Flora Johnson, R. H. Hall, Agnes Marirn, C. Fanner, A. Oliver, R. Harris, H. McGee, J. A. Moore, and C. L. Bilbreed.

Mrs. Eliza Warner made an excellent address on the Red Cross, which was well received; also Mrs. M. Bates, president of the Federation of State Clubs.

GIVENS-WILLIAMS WEDDING A BRILLIANT EVENT

If dreams come true and one dreamt of fairyland with all the beautiful maids and flowers and dazzling and brilliant hues of the rainbow, Tabernacle Baptist Church was a fairy scene on Wednesday evening last when the marriage of two of our most popular young people, Mr. Paul R. Williams claimed as his bride the beautiful and talented Della Givens.

The church was packed to the doors with beautifully gowned ladies and well groomed men and with the beautiful gowns of the bridal party made the affair the one event of the season.

Just before the entrance of the bridal party, Mrs. Ruth Lisley-Kelso, a bride of a week, sweetly sang "Because."

Miss G. Baker delighted the assemblage with a beautiful violin selection, after which Miss Lorenzo Jordan at the piano struck the first strains of the familiar Mendelssohn's Wedding March.

First came the matron of honor, Mrs. Virgil Lee, sister of the bride, gowned in a beautiful creation of turquoise blue beaded with gold irredescent beads and a picture hat to match.

Then came the bridesmaids, Miss Ruth Rogers was a beautiful picture in apricot Georgette crepe with trimmings of gold lace and picture hat to match.

Mr. Ballinger Kemp as usher walked with Miss Rogers.

Miss Cora Campbell, also a bridesmaid, was charming in creme lace over pink satin and walked with Mr. Woodley Lewis.

Next came Miss Erma Fields, who was handsomely attired in pink Georgette crepe and charmeuse and walked with Mr. Payne Middleton.

The maid of honor, Miss Irene Givens, sister of the bride, was a lovely little doll in pea green Georgette crepe and silver lace beaded.

After which the two little flower girls, who were as sweet and cute as angels, Miss Marie Marvin in white over pink slips, with her basket of rose petals, and Miss Catherine Hall in white over pink slips, came, preceded by Master Arnold Watson as ring bearer.

Then came the bride on the arm of her father. She was a perfect dream of loveliness in white duchess satin and chiffon cloth with trimmings of irredescent beads. Her bridal veil was caught from the back of the hair with orange blossoms and was en train. She carried a beautiful shower of lilies of the valley and orchids.

The maid of honor carried a shower of Cecil Brunner roses and the bridesmaid pink bride's rose buds. Her picture hat matched her gown.

A beautiful pergola, a creation from the brain of the groom, Mr. Williams, who is an architect, was erected across the back of the church andwas a dream of beauty and green decorations and tall featherlike palms in the back ground. Here the bride and groom plighted their troth, Revs. Gordon and Craw officiating.

Chester Williams, brother of the groom, stood as best man.

After the ceremony Mr. and Mrs. Williams and the bridal party led the way to the side under one wing of the pergola where tables were tastefully decorated and set for the party, who partook of light refreshments.

The balcony of the church was the refreshment room for the large number of guests.

Mr. and Mrs. Williams quietly slipped away and are spending their honeymoon at Coronado, after which they will be at home to their friends at 1536 E. 21st St.

Many useful and handsome gifts were sent to this charming couple, which attest the high esteem in which they are held.

Gonsouland Car Toilet Device
(PATENTED)
Comfort and Convenience While Traveling
The laws of sanitation make it compulsory that toilets on all passenger coaches be closed while in the city limits and while being transferred across all bodies of water, Especially in the State of Colorado.
The traveling public has suffered patiently from this inconvenience with the belief that the railroads could find no remedy for the causes that required such stringent SANITARY MEASURES.
The Gonsouland Toilet Hopper and Improved Water Heater and Flushing Device is the outcome of over thirty-five years experience of a Railroad Employee, who has not only seen and studied the expense railroads are under in consequence of the present UNSANITARY methods of operating toilets on all cars, whether Pullman, Private or Regular Coach, but has witnessed the many hardships and inconvenience the traveling public is put to—particularly women and children—at all time, and especially during LAYOVERS and train delays.
The Necessity for some more modern comfortable and sanitary relief from the present ANTIQUE and UNHEALTHY arrangements now in use has always appealed to the Railroad Officials who constantly study the comforts of their patrons, but it so happens and quite naturally, that the practical and permanent relief has been devised by a man whose daily occupation brought him forcibly in contact with these long-felt needs.
IN CONCLUSION
Everything that pertains to the comfort and convenience of the traveling public in the toilet, coupled with facilities for keepiug clean the cars with a minimum of trouble and a maximum of hot water, and the possibility of avoiding delays, losses of pocket-books and rings, etc., of passengers, financial losses and litigation to the Railroad, is all combined in these two devices working as one, and I respectfully submit same to the human factors who are constantly studying the interests of the public and the roads they reprsent, and hope for a favorable consideration and adoption of my patents.
The use of these patents may be leased separately if desired.
May be used on street cars, overhead trains and suburban electrie trains. No removal of present equipment required. Will fit all trains and will meet the approval of the traveliug public, Board of Health and Railway Comm ission.

We appreciate very much the courtesy and appreciation being shown to our managing editor on her flight across the continent as well as to the folks at home who inquire as to her progress and welfare.

Dr. Chas. P. Jones of Jackson, Miss., who is preaching nightly at the big tent, corner of 25th and Compton, is indeed a credit to his high calling. He is not only a preacher of rare power and magnetic force, but his sincerity and human love is always apparent. If you have not heard him it will be worth while to do so, as you will go again and again.

Contrary to an abiding faith, the exemption boards were named this week, without the name of a single representative of the Race coming forth, notwithstanding the fact that there are nigh unto 1500 Colored men in the draft. And we again pause to remark that the cards are up to this moment stacked against us, and for relief we are forced to ask, "Lord How Long! How Long!"

WORTH WHILE

Great praise is due the noble band of women who compose the Sojourner Truth Club for their indefatigable work, so well accomplished, that on last Monday they publicly burned the mortgage and with the flame and smoke incident thereto, the last vestige of debt is removed from the home which will always stand as a lasting monument to, not only the ones who actively accomplished this feat of building the home, but to the Race and community as well, and the Eagle extends to these noble women, who make up the membership of this Sojourner Club, congratulations for doing the things worth while.

WORTHY OF CONSIDERATION

Now locally let's consider things along business lines from time to time. The Eagle proposes to put before its readers more business propositions to the end that we shall be in a position at all times to give all the elements worthy of consideration their just dues. We shall insist that the Central Avenue Business Protection League get busy and carry out the purposes for which it was organized, and to that end we are asking all of the members of the same to meet with us next Monday evening at this office. If there ever was a time for concentration of effort in this city, it is now and all things that tend for progress and the uplift are at this very time worthy of consideration.

CALL FOR TENTH ANNUAL CONVENTION OF THE B. Y. P. U. AND SUNDAY SCHOOLS OF SOUTHERN CALIFORNIA

Los Angeles, Cal., May 31, 1917.

To all Baptist Young People's Unions of the Western Baptist Association, Greetings:

You are hereby notified that the 9th Anual Convention of the Baptist Young People's Union will convene in joint session with the Sunday School Convention, Tuesday, Wednesday and Thursday, July 10th, 11th and 12th, 1917, with the B. Y. P. U. Sunday School of the Tabernacle Baptist Church of Los Angeles, California. (See program for arrangement of sessions).

Dear co-workers, we are desirous of making this Convention the greatest in every respect, since our organization, and this can only be done through the leadership of our Heavenly Father, and before the close of the meeting at which this communication is read, we request that your Union offer a special prayer, invoking God's blessing upon our coming session, and with the assurance of His guidance, let us do our whole duty.

We take this opportunity of calling your attention to the small contribution sent up each year from the various unions and schools. To succeed in our work we must carry out the business part of the church, and the business part is the financial end, we therefore urge upon every Union and School to send to the Convention not less than ten cents per member for every member on your roll, and more if possible, and may we suggest that on the 2nd Sunday in July that each Union and School hold a special rally to assist in their financial returns to the convention if you find it necessary.

Trusting that we will meet a full delegation from your nion and School at the coming Convention, made up of earnest Christian workers, we remain, yours for the Master's cause, and for the advancement of the Baptist Young People of Southern California.

CITIZENS WILL BE FAVORED WITH A RARE TREAT

The management of the Day Nursery are fortunate indeed to procure a date at Blanchard Hall on the evening of July 2nd, for the far famed and original Fisk University Jubilee Singers.

The singers are unsurpassed and are travelling in the interest of Fiske University and it goes without saying that the hall will be filled to its utmost capacity to hear this wonderful band of singers.

They have been booked throughout the country by the leading churches and organizations and the Day Nursery was indeed fortunate in securing the same for a date at Blanchard Hall on July 2nd.

A MOVING DAY CLEAN-UP OF UNDESIRABLES ASKED FOR

Bunko and Confidence Men Brazenly Work on Central Ave. It Is Claimed They Are Well Known. Citizen Calls on Police Officials for Relief.

The two Negro bunko and confidence men who worked the old pocket book trick on Mrs. Phillips and Mrs. Alexander for $1000 and $500 respectively, are still at their nefarious work and right in the jaws of the Eagle office on Thursday attempted to work the same old trick on Mrs. W. B. Brooks, who conducts the Eagle Cafe at 814 Central Ave. But Mrs. Brooks was from Missouri, had to be shown, and when she went to the bank the crooks seemed to fathom her thoughts and made their get-away, as Mrs. Brooks went with the view of having them turned over to the officers.

The boldness with which these men work has stirred up the wrath of this community such as never before, and they are demanding that the authorities take some steps in the premises, that it is a strange proposition that these men can rob and steal unmolested. A well known citizen informs the Eable reporter that both of these men who are so extensively working this bunko game in Los Angeles are well known. It is indeed a reflection on somebody that they are not suppressed.

Los Angeles, Cal.
June 21st, 1917.

Editor Eagle:-

I am today resuming the opinion of the Court in the Arizona land case where I left it last weey, and I desire your readers to preserve thees copes of the Eagle that they may have a complete and unbroken chain as to the legal titles of these valuable lands.

"It is also averred that in 1909 the then Secretary of the Interior designated plaintiff's lands as subject to entry under the Enlarged Homestead Act of February 19, 19109; that in 1914 plaintiff petitioned defendant Secretary setting forth its grievances, and prayed that he and his agents "should abstain from listing for entry or sale as part of the public domain of the United States any part of said parcel of land belonging to the plaintiff and from recommending the issuance of any patents covering any part of said land and from surveying or making allotment surveys within the boundaries thereof." The Secretary on June 11, 1914, replied, denying plaintiff relief, "stating among other things that if the tenure of the holding of the Indians is not by grant emanating from the Government of Spain or Mexico, it is not such a property right as was provided for and protected by the treaty, and that the mere possession of the land as Indian country with the right of use, did not prevent it from passing under the dominion of the United States as public land, whatever the obligation of the United States to the Indians might be and that no claim was presented by the Indians with reference to the lands in puestion to the Surveyor General of Arizona under the act of July 15, 1870, and that by the act of March 3, 1891, a Court of Private Lands Claims was created for the abjudcaton of all private land claims in Arizona and that no claim appeared to have been presented to said court by the Indians, although it is provided by section 12 of said act that any claim not presented to such court within two years from the date of the act shall be deemed to be abandoned and shall be forever barred and that said coruse having expired by limitation of law on June 30, 1904, any claim that the Indians may have, can now be confirmed only by an act of Congress."

The prayer in broad terms is that defendants be restrained from treating the land as part of the public domain and exercising authority over it as such.

Defendants moved to dismiss the bill on the grounds that plaintiff is incapable of bringing or maintaining this suit, because not a body corporate; that it does not own the lands, but merely occupies them by sufferance as part of the public domain ceded to the United States by the Republic of Mexico as part of the Gadsden Purchase; that this, therefore, is a suit against the United States, and that the bill seeks to control the discretionary action of defendants.

From the decree sustaining the motion to dismiss this appeal was taken.

The history an character of the Papago Indians may be gathered from a reference to certain public documents.

In 1865 the first superintendent of Indians for Arizona states that "the early Spanish explorer found the Papagos here in 1540 and ruined houses of grand proportions attest their occupancy for thousands of years before the Spaniards came." Ex. Doc., 2nd. Sess., 38th Congress, Vol. 5, Rep. Sec of Int., p. 296.

In 1865 the Indian Commissioner in a report to Congress said: "The Pueblo Indians maintain their character as peaceable, industrious communities. Some of them have lost the title papers for the grants of land obtained by them from Spain and Mexico. In such cases their agent has taken testimony in their behalf. They deserve the fostering care of the Government, and Congress will no doubt confirm their titles. About five thousand Indians are embraced within the Gadsden Purchase. They are mostly Pueblos, and reside in six different villages. They have houses and flocks, and rise wheat and other products of the soil." Rep. Sec. of Int., Doc., 3rd Session, 34th Congress, Vol. 2.

In the report of the Commissioner of Indian Affairs of 1856, at page 183, the following statement appears: "A large portion of this acquisition to our Indian population consists of Pueblos situated near Tucson. They reside in permanent villages, have comfortable houses built of adobe, have flocks and herds around and rely upon the cultivation of the soil for subsistence—raising wheat, corn, cotton, and other vegetables. They are divided into six pueblos, or villages, but whether or not they hold their lands under grants from the former government of their country, I am not informed; but presume they do, as they have been permanently settled for a great number of years."

Chief Counsel Progressive Educational Association.

THE SOARING EAGLE

By Miss S. Lynch

I was once a tiny little thing
An infant, so to speak.
But as days went by, I grew and grew,
Till now, I am quite complete.
For many years I struggled alone,
Fighting prejudice, envy and strife.
I was scorned, Iwas buried alive,
But to-day, I have risen again,
Months and months, did I toil alone,
In my little log house by the road,
In pain and joy for the sake of my own
Race who added more weight to my load
Days came and went and I advanced
Till I was pressed for room and space
On Central avenue, number eight-fourteen,
I roamed and am still at my task.
Peruse my sheets! Consult my size!
Speak truly and say I have grown
Yes, I've grown in volume, in quality, in bulk
Just read me and see for yourself.
I'm the soaring Eagle with outstretched wings
Shielding the good and devouring the bad
I stand for loyalty, purity, and right
When my aim is accomplished,
I'll be glad.

"Nervous exhaustion—blinding headache"

Striving to satisfy the demands of everyone is apt to affect the nerves, and continual standing may weaken the Heart.

Dr. Miles' Nervine is invaluable for Nervous troubles, and for the Heart

Dr. Miles' Heart Treatment is highly recommended.

LIVED IN MISERY.
"I suffered greatly from nervousness and headaches. The least excitement gave me dreadful pain. I began using Dr. Miles' Nervine and a few days later started to take Dr. Miles' Heart Treatment. I soon got so much better that I was encouraged and continued taking the two remedies until I was so well that work was no bother to me at all."

Under caption "Plot to Incite Blacks Reported from the South," appears what purports to be by "direct wire—exclusive dispatch" from Greensboro, N. C., April 3rd, in the Daily Times of this city, the rawest piece of manufactured lie as ever appeared in any newspaper in the United States. This article states that the German government has agents in the South, promising the Blacks if they "rise against the whites and government," that the Kaiser "will then place them on a par with the whites." Not satisfied with his bold statement, it is further stated that "the citizens of Greensboro are laying their plans against the Black menace." How? "Responsible citizens about Greensboro have admitted that plans have already been laid to bring back to life the Ku Klux Klan." It is an infamous lie to charge that the American Negro could under any circumstances be prevailed on to be disloyal to the United States government. In his three hundred years residence in this country he has never been a rebel, a dynamiter or a traitor to American institutions. He has suffered, at times complainingly, but he has invariably submitted tamely to the rankest kind of injustice. As a figure in American life his condition is truly pathetic, never striking back, never conspiring to tear down, his ways have always been constructive. This dispatch was sent out with a purpose. For the last two years conditions have become so galling in certain portions of the South, that the Negro has been migrating to the Northwest in large numbers. In the South cotton is king, and the Negro makes him king. This migration from the South means a great loss to the owners of the "cotton patches," those vast plantations of the staple that mean prosperity to the wealthy planters. It is reasoned this must be stopped. Every Negro who prepares to leave these plantations is to be charged with a conspiracy to go somewheres North to mobilize for the Germans. By intimidation and ruthless murder it is planned to keep their cheaply paid labor at home. This "exclusive dispatch" is to provide an excuse for premeditated murders. It is an endeavor to provide an alibi. It is a shameless attitude of self-defense, when no defense is necessary. It is calculated that a miscalled "Negro uprising" will keep the chivalric tarheelians so busy at home potting unarmed and inoffensive Negroes they will not have time to enlist and go gunning for Germans. That dispatch is founded on deliberate lies, no German spies are approaching Negroes. They are too busy approaching white men, North and South. The Negro's very blackness is his best armor, for beneath a black skin there never was known to have been the heart of a black traitor and all the world knows this.

COLORED AMERICANS AND THE WAR

There is little in the reports of German attempts to incite Colored Americans to armed revolt against the United States Government that the guilty conscience of the white man need get excited about. (And even that little would be obviated were his conscience less guilty or entirely free from guilt.) The Colored man has suffered much at the hands of his white fellow citizens, but he is not yet prepared to change bed fellows or to help the Kaiser's guilty government against the democracies of the world.

It was not to be expected that Colored Americans would be omitted in the German propaganda of inciting to strife and sedition in this country. But we fail to see how German gold, red with the blood of women and children and defenceless Colored muleteers, can accomplish that which neither lynching, segregation, jim-crowism nor numerous other injustices have been able to effect. The Colored American is almost blindly loyal to "Old Glory," and devoted to the only country that he knows—his country no less than the white American's.

Minor individual lapses there may be. Race groups far better treated in this country than the down-trodden Colored Race have been productive of such instances. America has had its Benedict Arnold and its La Follette as well as its Lincoln and its Roosevelt. But on the whole, the Colored American will be free from the mistake of allying his cause with losing Teuton barbarism. The cause of humanity that France and her allies are supporting against the Hohenzollerns and Hapsburgs lies nearer to his heart.

With America at last entered in the fight for freedom and democracy, intelligent Colored men must recognize that this fight is as much in their interests as in those of the small nations or other ethnic groups. What America fights for and supports in Europe she cannot consistently deny to the Colored man in America. If Belgium is to be protected, Poland reconstructed and other European oppressed nationalities freed, then in the Western Hemisphere Haiti and San Domingo must be left to enjoy their hard-won independence and the Colored Race in America given equal political and economic rights or be allowed to exercise its talents in nation building in the rich and healthy island of San Domingo or in some other quarter of its choice. Therefore only the ignorant and the vicious (with us as with other Races) will allow themselves to be misguided by German agents and so do aught that would embarrass America and her allies in the prosecution of war against the Teuton attempt at world domination.

HOMEWARD BOUND

Notable Reception to Editor of The Eagle at Bowles

Agreeable to our promise and of many requests to do so, the editor of this paper stopped off on his homeward journey to visit the thriving farming community of Bowles, about 12 miles from Fresno, on last Sunday, where he addressed the citizens of this section on last Sunday afternoon.

Arriving there, we found our very able and busy presiding elder, J. H. Wilson, who was there for the purpose of holding his quarterly meeting, but on hearing of our arrival he yraciously gave way in the afternoon for us to delifer a long looked for address to the citizens of this vicinity. We felt flattered at uor reception and we have every reason to feel that our efforts on this occasion left an impression which will do much toward causing the good people of this section to take on anew the great principles that mean ultimate success along all the lines of effort.

They Appreciate The Eagle

Owing to the great interest and the patronage of The Eagle in this community, the editor while here appointed Miss E. V. Clark as correspondent and agent for the same. She is duly authorized to solicit subscriptions, advertisements, and to gather news. Parties in this vicinity may do business with this paper by seeing Miss Clark.

Miss Clark is one of the splendid young women of this community, and The Eagle bespeaks for her your earnest and hearty support, to the end that the great California Eagle shall render the very best service in this particular part of its field.

Leaving Bowles

While in Bowles we stopped with our good friend, the Hon. C. E. Orr, who is one of the leading and most prosperous farmers in this section, and who is wide awake to the interests of his people. He takes a lively interest in everything pertaining to their success. We also beg to acknowledge the kindness of Mr. J. D. Pelkinton, who was so good as to motor us out to Friend Orr's ranch, about four miles from Bowles. He is also a staunch supporter of The Eagle, as well as Messrs. Eason and Abernathy, two other prominent and prosperous tillers of the soil. In fact, our stay was one continued ovation, and after a day's stay, our good friend Orr turned us over to our other staunch friend, W. I. Pelkinton, who in his Studebaker touring car, breezed us out to his ranch in jig time, where we again were made to feel at home, while Mrs. Pelkinton prepared a repast for us, and presented us a box of raisins of their very own make as a token to our good wife. They proceeded with us to the city of Fresno, where we landed at the A. M. E. Church, where we again worshiped, and before leaving we were glowingly presented to the audience by Rev. J. H. Wilson, our very own presiding elder.

We found him a great big, broad-gauged man, who, with all of his strength, pushed our cause to the forefront, and on Sunday afternoon, with a great big gathering present, gave way for the editor to preach a lay sermon. Some man, sure enough!

SOME OF SACRAMENTO'S SUBSTANTIAL AND PROGRESSIVE CITIZENS

We shall never forget a 90 days visit in California's capital city, because of the fact that the citizenry thereof recognizing in us one of the units which endeavors to do what we can for racial uplift made every effort to make our stay a pleasant one, and we shall always carry with us the fondest recollection and appreciation for the same.

Among the organizations that so recognized our efforts was the Sacramento Lodge of Odd Fellows, the St. Andrew's A. M. E. Church, Shiloh Baptist Church, Second Baptist Church of Woodland, the Mothers' Club, the Sacramento Whist Club, and others.

Individuals were the well-known caterer and substantial citizen, B. A. Johnson; Mr. Fred Butler, state employe and business man; Mr. and Mrs. Jacob Soreas, Past Grand Master of Odd Fellows; Taylor Walke prominent and successful bu ness man; Robert Pankey a Mr. White, prominent busine men; Mr. E. D. Johnson, pos employe; Mr. and Mrs. Scott a son, Stephen Thompson; M and Mrs. Kinney, Mr. and M Morton, Wm. Slaughter, Rev. Allen Harvey, J. H. Sykes, R. J. Fletcher, and Mr. Arli ton, Mr. Frank Powell, J. Brinkson and others.

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity—The Chance of Your Life

to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit-sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

You probably have neglected many a money-making opportunity but dont neglect this one, it means your fortune, and is right within your reach. Seise it now. Write or call in person from 4:30 p. m. to 8 p. m. C. E. Patterson, 1446 So. San Pedro St, Los Angeles Cal., at once for our large prospectus, giving all the details with map showing location of our field, also let us know how many shares we shall reserve for you.

The Passing of John Norman King

LAST SAD RITES PAID TO PROMINENT YOUNG MAN OF THIS SECTION, JOHN NORMAN KING, AT WESLEY CHAPEL, WEDNESDAY AFTERNOON.

The last sad rites, the funeral of John Norman King was held at Wesley Chapel, corner 8th and San Julian street, on last Wednesday afternoon and a multitude of friends and acquaintances gathered at that time to pay their last respects to this splendid young man who by his sterling worth and high character had become one of the integral parts of the progress of the race in this section of this country. It was indeed a pathetic occasion when gathered around his bier these relatives, friends and acquaintances, they could hardly realize that the great service of this young man was not at their command, but recognizing that God knows best and that it was His will all bowed in humble acquiescence to the same, and consoled themselves that he died strong in the faith and left behind him a testimony which leaves no doubt and will guide others safely to a harbor of peace before it

is too late. Rev. A. P. Shaw, pastor of Wesley Chapel, officiatel and spoke beautiwully of the high character of Mr. King and his work for the church and humanity. Rev. Dr. Former of the Seventh Day Adventist church assisted Dr. Shaw and he also spoke most beautifully of the deceased and his high Christian character.

Obituary

John Norman King was born at Evansville, Indiana, December 12, 1891. His mother, a devoted Christian, was not spared to him many years, but before passing, her earnest prayers had left their impression upon his heart. In his early teens he gave his heart to the Lord and joined the church. A few months later, November, 1907, he came to California to live with his sister, Mrs. Carrie Patton. In 1908 he joined a Bible class and became deeply interested in studying the word of God, and allowing it to mold his life.

To prepare for service, he decided to go to Loma Linda for medical evangelistic training. He completed a course covering three years and graduated. Being very ambitious for knowledge and a large field of service, he spent another year at the Pacific Union College, commencing a preparatory ministerial course.

August 13, 1915, he was united in marriage with Geraldine Overton. These new responsibilities brought into full play the manly qualities. He labored diligently to provide for his family.

While his hands were employed with the daily toil, his mind was busy seeking to devise some way by which he could carry out his cherished plan of giving himself wholly to the work of the gospel minister.

During the past year three definite calls to work as an evangelist came to him from the Southland, and he was planning to have all his affairs in shape to answer these calls this coming fall. Here in Los Angeles his sweet voice has often been heard singing the songs of devotion, consecration, and entreaty.

When sudden illness overtook him and he learned the seriousness of his condition, he felt that he was not ready because of duties not yet done, and work still unfinished.

Later, when told of his near approach to death, in prayer he plead for just one more chance. A few hours later, in earnest prayer with loved ones at his side, he said, "Lord, I have sinned, I have transgressed, I'm sorry; forgive me. Then he waited for the answer. Presently he announced as all waited in quietness, "The Lord has forgiven all my sins, but he will spare my life no longer. I must die."

The closing hours of physical agony were wonderfully tempered with moments of relief through prayer. In perfect peace of mind he waited for death. He recognized its presence when it took hold of him. Without a struggle he yielded to its claims Sunday morning at 8:40, May 6, 1917, aged 25 years, 4 months, 24 days.

He leaves a wife and babe, a father living in Chicago, and sister, and a host of friends who will miss his presence, and the music of his voice.

He rested his case in him who is the resurrection and the life. He believed that the day of His appearing was near. His hope was that when Christ does appear he also will appear with him in glory.

Resolutions

Resolutions were read from Wesley Chapel, where Mr. King was the chorister so long, also from his fellow employees of the Broadway Department Store, which were as follows:

WHEREAS, God, the maker of us all, has seen fit in His infinite judgment, to call from our midst, our friend and co-worker, Mr. John King, whose sterling Christian qualities, his ever readiness to do a favor, his kind words and smiling face, have made a lasting impression upon us all, and he will ever be held in our memory, be it

RESOLVED, That we extend to his dear wife and relatives our deepest sympathy, relying on the bright hope that we will meet him again to part no more.

Therefore we say to you with the poet, "So live that when the summons come, you may be able to wrap the drapery of your couch about you and lie down to pleasant sleep."

Respectfully submitted,
The Porters and Operators of the Broadway Department Store.

The floral offerings were many and beautiwul and he was laid to rest at Rosedale Cemetery.

DR. H. D. PROWD, PASTOR OF SECOND BAPTIST CHURCH TO STAND SOLID AGAINST JITNEY SERVICE

In view of the fact that the jitney bus driver discriminates against our people in this city, and in many cases have heaped insult upon insult upon us when we have been mistakenly picked up, only to be dumped when our nationality has been discovered, we are asking the pastors of our several churches with their congregations to sign the petitions being circulated, and if necessary, as loyal Americans vote against such Jim Crow practice June 5.

Signed, H. D. PROWD,
President of the Interdenominational Ministerial Alliance.

GOLDEN WEST LODGE NO. 86, ORGANIZE DAUGHTERS OF THE ELKS

Friday evening, May 4th, will go on record as one of the most eventful dates in the history of Golden West Lodge.

In their brightest and prettiest regalia the exalted and regular members of Golden West Lodge met at Masonic Hall where they were joined by fifty-three ladies beaming in spotless white, who by their very expression declared their intention of becoming loyal Elks.

After preliminary preparation, to the time of a lively march played by Miss M. Busby, the ladies were escorted to the assembly room by the Elks, where a program consisting of a piano selection played by Miss M. Busby and an address on the tenets of the order was given by the Hon. E. Burton Ceruti to the newly formed lady Elks under the title of Hiawatha Lodge No. 91, after which the newly made officers were installed into their several offices by Mr. Hicks, who demonstrated upon this occasion that he was thoroughly acquainted with the job.

The officers were as follows:
Mrs. Victoria Fingers, Daughter Ruler.
Mrs. A. Suttonton, Vice Daughter Ruler.
Mrs. Eliza Warner, Financial Secretary.
Mrs. M. Ross, Treasurer.
Mrs. M. Sims, Escort.
Mrs. Allen, Chaplain.
Mrs. T. White, Assistant Vice Ruler.
Trustees, Mesdames Atkinson, Lester and Murray.
Doorkeepers, Mesdames Barnes, J. J. Grant and Miss M. Busby, organist.

After the installation members of the order and friends were ushered into the dining hall which had been most artistically decorated by Mr. Ross, who takes pride in whatever he does, but it seems that upon this occasion his artistic taste was thoroughly awakened, and his decoration transformed the rather plain compartment into a thing of beauty.

Golden West Lodge is to be congratulated upon the excellent work accomplished in this one stroke, and Hiawatha Lodge, under the efficient leadership of Mrs. V. Fingers and the galaxy of officers associated with her promises to be one of the best in the city.

MEN'S CO-OPERATIVE CLUB OF THE 1st A. M. E. CHURCH

The Men's Co-operative Club of the First A .M. E. church has reached the high water mark of progress when in the less than 1 year's time they have purchased, put down and paid every dollar for the beautiful velour carpet which adorns the floor of the Metropolitan 1st A. M. E. church located at 8th and Towne avenue. The amount paid was $421.89. We submit this as a record to be proud of. A few of the male members saw the need of a carpet for the church and they banded themselves together in the above organization. Shortly thereafter the editor of the Eagle was asked to address the club and he adopted the slogan, "Be Something, Have Something, Do Something." On this theme they have accomplished much. They are not going to stop, but they are going on and with the above slogan to do even greater things. They have demonstrated what can be accomplished by co-operation. The club is entitled to great credit and we shall faithfully watch it in its onward flight. Its officers are E. Bartlett, president; E. Trailer, vice-president; J. T. Burgess, financial secretary; J. T. Norris, recording secretary, backed by a sturdy and determined set of men who set a high mark and were satisfied with nothing short of the same.

SHE IS A SUCCESS

For a goodly number of years Mrs. Van C. Williams has been engaged in the hair business of Los Angeles. So successful has she been that she has neither found it expedient nor has she found time to announce to

her customers that she highly appreciates their patronage and that she is constantly increasing her business facilities.

Mrs. Williams' Excelsior Hair Grower is making inroads on the market as an absolute success as a hair producer.

Mrs. J. Logan Craw and several ladies, who are using Excelsior pronounce it the very best preparation that they have ever used.

Excelsior may be reached at 1747 New Hampshire street, or by ringing West 2947.

"I am grieved to note that some of our leading professional people are so bitter against encouraging Race enterprises that they refuse to even allow the Colored shoe makers to mend their shoes.

"I am conveniently located at 1406 Central avenue. I am a graduate of Tuskegee, the perfected dream of our idealized departed Booker T. Washington; and above all I am prepared to do the same work on shoes that can be done anywhere. Now all I ask is that you give me a chance to make good."

Yours for more business,

ALBERT B. CONRAD CANDIDATE FOR CITY COUNCIL

Receiving more than 11,000 votes at the recent primary race for the City Council on the strength of the popularity of his name and the long and creditable service he has rendered the city, Albert B. Conrad, the retiring city tax and license collector, has a right to expect he will be elected at the coming city election.

Mr. Conrad's election to the council will bring to the legislative branch of the city government a man who is thoroughly in sympathy with the small taxpayer and one who has a complete fund of knowledge of the various city departments and the governmental machinery. He is fully equipped with experience in tax collecting and assessing and he has always given the little fellow a square deal.

Conrad is a long time Republican, having served for years on the county committee and as secretary under some of the old stalwarts. He is a mining man and has won a respect for hard labor by experiencing it. He is a native son, a mineralogist, and a man of deep human sympathies.

With Conrad in the council, anyone can feel at ease in carrying to him the problems that arise in municipal life.

IT AFTER ALL MAKES A BIG DIFFERENCE WHOSE OX IS GORED

The Eagle does not for one moment stand sponsor for such institutions as the Country Club at Watts, which has just been closed by the authorities. As a matter of fact we do not believe that such propositions have a leg to stand on from a moral standpoint, and representing as we do, the highest ideals of citizenship, we would be very much out of our place espousing the cause of such places as heretofore referred to.

But we cannot help but notice the different manner in which vice is handled by the authorities and we have come to the conclusion that after all it makes a great difference whose ox is gored.

Now we all know that the great big Examiner with its paid artists sent out, is won't to illumniate wherein the colored brother is concerned and as that report great allowance must be made. So the Eagle, detesting all vice as we do, we cannot see wherein the line of demarcation rests if viewed from an unprejudiced standpoint, as a matter of fact we think vice is, if anything, more to be condemned with the white race, because the blacks have not had the opportunity in the race of life that the Caucasian has had.

The nightly revels which have taken place in various resorts near by this city, the murders which have been traced directly to these places, the accidental deaths from joy riders, with their drunken orgies returning from these road houses, have been such as to have long ago sent the Examiner's special writer out for the purpose of exploiting the same to the public. We do not believe in this difference. There should be no difference in the treatment of vice no matter whether he happens to be fair as a lily or as dark as the coal.

Wilkins' Pupils in Recital

The Wilkins Music school will present a greater program, with more novelties than has ever been presented on a music program before in our city.

Mr. Wilkins has gone to great expense to make it possible for you to witness this unusual affair.

Mr. Wilkins is receiving phone calls and letters every day from our best colored and white citizens, not only wishing him success, but assuring him of their presence at the recital.

All the colored ladies' clubs, the Ministerial Alliance, the heads of the Los Angeles and Poly High School, Mr. Arthur Letts of the Broadway Department Store, Mr. Bullock, Prof. Carl Bronson, Prof. Von Stein and others too numerous to mention.

Among the ushers, all in full dress, will be Miss Lorenza Jordan, Miss Lilias Hart, Miss Maudetta Rosemond, Mrs. Gertrude Kelly, Mrs. Murdock, Prof. H. D. Greer, John A. Gray, Malcolm Patton and Mr. Elmer Bartlett. The flowers will be taken care of by the Misses Tony McKinney, Cornelia Leggett, Carnie Clifton and Mrs. Juanita Patton.

The spacious Lyceum (T. M. A. Hall) has been retinted and renovated for this occasion.

The special lighting, stage effects, decorations and designs are being prepared by Mr. Edward Hubbs. The Southern California Music Company is lending the biggest Chickering concert grand on the coast. The Birkel Music Co. will place their big Steinway grand on the stage for Mr. Wilkins also.

Now you can readily see from the few things we have mentioned about the program, if you fail to see it you will miss a treat of a life time. Although there are nearly 1000 seats, don't come at 9 o'clock and expect to see the beginning of the program. General admission 25c-35c. Reserved seats 50c. Tuesday evening, May 15, at 8:15, 231 So. Spring St. near Second and Spring streets.

Mrs. Dora Gamble entertained last Tuesday evening at an entertainment for the benefit of Sojourner Truth Club. About fifty guests were present. The evening was spent in music and games and a goodly sum was raised for Sojourner Truth.

GOV. ESTEBAN CANTU OF LOWER CALIFORNIA A MAN OF THE HOUR

Gives Colored American Same Chance as to any other Race Friendly to U. S.

Huge industrial developments of international importance are at present developing and we are pleased to note that Gov. Cantu is in his big and broad manner has well in hand the situation of construction of highways and of enlarging the piers at Ensenada. Also that he has seen fit to give to one of our own colored Citizens of this country the contract for this work. Mr. J. N. Littlejohn is the contractor for the highway from Ensenada to Calexico and is now at the Capital getting ready to begin active work.

Mr. Ochoa who has the main contract for the work is also represented here by Attorney Hugh E. MacBeth,

Quite a few of our people have alredy gone to the country and are doing well, we are reliably informed that special efforts are to be made for a select number to get in on the ground floor in the development of this rich country. We are glad to see hands across the border and we hope for much good to our people as a result thereof.

AN OBJECT LESSON ON BUSSINESS EFFICIENCY

On the 14th of this month Mr. and Mrs. J. R. Scales abandon their business at 243 E. Second St. Scales Biscuit Lunch, and leave for Tucson, Ariz. to engage there in the restaurant business anew. Their departure will create an honest void to a very large trade who for exceptionally small expense received an unusually well cooked meal for a rediculous small expense. In the order of rare efficiency of service these people held first rank in Los Angeles, and the best evidence of their appreciation by the general public is the fact that though only in business here for eighteen month, their income from the business for that time was over Forty Thousand Dollars, and their net profit was $4250. This great success should stand forth glowingly in "team-work," as this succes was owing largely to the fact that Mr. and Mrs. Scales worked together assisted by an excellent co-operative help. Mr. Scales acting as the sole cook and his intelligent and devoted wife being one among the number who waited on the large patronage. The Scales gave work to from six to nine members of the race, fed a mixed patronage and gave them the best cooked food in the city at the most reasonable price. The question was constantly asked how could they do this for from 10 to 15 cents charge. They leave our city because of great inducements to go in business elsewhere and their departure causes real genuine sentiment of regret because also of their uniform courtesy and sense of fairplay. We bespeak for Mr. and Mrs. Scales warm appreciation wherever they go.

I AM A CANDIDATE FOR THE CITY COUNCIL MY PLATFORM.

I will use my best efforts to reduce the expense and increase the efficiencq of the City Government in all its branches, and will show no favors in the conducting of the City's business along the lines of economy, efficiency and sound business principles.

I will endeavor to represent the citizens of the entire City and will attentively listen to suggestions and opinions from all that will

What the Churches are Doing

FIRST A. M. E. CHURCH NOTES
Corner Eighth and Towne Ave.

Rev. J. Logan Craw, Pastor

Sunday's services were up to the usual high standard with large attendance at each worship. The pastor delivered both sermons and there were nine accessions to our church membership. Five of these were converts. One infant baptism, and one adult baptism in the person of our highly respected citizen Chas. Lewis. A very large number of faithful members communed at the altar. The choir sang beautifully.

You are welcome to the services "Mother's Day," which is this Sunday. At 11 o'clock the pastor will preach on the subject, "Mother." At 3 o'clock the G. U. O. of O. F. will hold forth in their annual sermon exercises. At 7:45 p. m. the pastor will preach again, theme, "Broken Vows and Their Consequences." Allen Christtian Endeavor meeting at 6 o'clock. Come on time.

"Gleaning Day" from the Easter rally will be observed Sunday. All auxilliary societies will make their final appeal and reports at this time. Every member and friend who would help forward the work of the church and especially those who did not contribute toward the Easter rally are prayerfully urged to do something in a financial way of aiding in this the final effort of its kind this annual conference year.

FIRST A. M. E. ZION CHURCH
Pico and Paloma Streets

Rev. B. C. Robeson, Pastor

What shall a man profit if he should gain the whole world and lose his own soul? was the subject of a masterly discourse by the pastor, Sunday at 11 a.m. He showed plainly that there is something of greater moment than the mere getting of food and raiment, and that after all, contentment counts more than wealth. That the way of contentment lies in salvation and righteous living. The wealth of Carnegie or Rockefeller was incomparable to a saved soul in the eyesight of God.

Quite a gathering of visitors flocked to the church, the pastor invited them collectively and individually to come again, as Zian ever welcomes stranger and visitor. Class No. 3 is leading in the class room meeting.

Mrs. Chaney Jones' Club leads in the rally race, but she is having a hard time holding place. The pastor will talk next Sunday at 11 a. m. on "The Light That Never Fails." At 8 p.m. his subject will be, "A Tribute to Mother." Baptism of the new converts will be performed at morning service. It is predicted that a large crowd will be out, as this occasion ever lends interest both to the saved as well as unsaved. Come out early, get a good seat. Everybody welcome. Splendid choir. Sunday school at 9:45 a. m. Classes for grown ups.

WESLEY M. E. CHURCH
Eighth and San Julian Streets

Rev. A. P. Shaw, Pastor

Sunday was communion Sunday at Wesley M. E. church. In the morning the pastor preached on "A Forsaken Savior," and in the evening by special request he preached on "Sin," discussing the "Unpardonable Sin." Large congregations were present at both services, 270 persons communed.

The services at the Pullman mission under the leadership of Brother O. S. Stout, were very effective. Many such missions have been established throughout the country on account of the effective work done here.

Sunday will be observed as "Mother's Day." At 11 a. m. the pastor will preach a special Mother's Day sermon. All worshippers will be expected to wear a white flower in honor of mother.

In the evening the pastor will preach his fourth and last sermon in his series of sermons to young people. It will be on "Amusements." Every young person in the city ought to hear this sermon.

Every member and friend is urged to contribute at least one dollar in honor of mother, to be applied on the May rally.

Come praying and expecting that God will abundantly bless the services of the day. Special music by the choir.

PEOPLE'S INDEPENDENT CHURCH OF CHRIST
Rev. N. P. Gregge, Pastor
Corner 18th and Paloma

The first Sundays in each month are always banner days at the People's Independent Church of Christ, and this first Sunday in May did not fall below the standard.

The pastor took his text for the morning service from the Sunday school lesson, from which he brought forth very clearly and beautifully the necessity for Christians to pray often. As all must come in contact with the sins of this world, only by the help of God can one keep his garment of Christianity unspotted. This was made clearer by the illustration of the Jews who always on entering the home of their neighbor or their own home, washed their feet that they might be clean after coming in contact with the sand and dirt in which they had walked.

Pretty solos were rendered during the day and nine persons connected themselves with the church. The collection for the day was $239.74.

Morning services next as usual, in the evening Dr. W. C. Gordon will come with a message from the Medical Association. A hearty welcome to all.

LINCOLN MEMORIAL CONGREGATIONAL CHURCH
Thirty-fourth Street and Central Ave.
E. E. Lightner, Pastor

Two splendid services were enjoyed by the worshippers at this church on last Sunday. Rev. S. E. Edwards brought the message at the morning service, taking as his text, "Thou therefore, endure hardness as a good soldier," 2nd Tim. 2:3. Following the sermon, Brother Homer Garrott was duly installed as a deacon of the church, filling the place made vacant by the passing of our sainted Brother Lewis.

At the evening service, the pastor occupied the pulpit, speaking on "The Two Cups." The Lord's Supper was observed at both services.

It is gratifying to note the number who paid their full pro rata in the special effort for making the needed improvements. This effort will be continued through the first Sunday in June, by which time it is hoped that every club will have raised its due apportionment.

The thirty-first annual meeting of the Southern California Congregational Conference was held this week with the Bethel Congregational church of Ontario. Our church was represented in this conference by the pastor and Prof. Charles Alexander.

Next Sunday being "Mother's Day" the pastor will preach at the morning service a special sermon to mothers. Let everyone be present, and it is hoped that all will wear a white carnation in honor of the best mother who ever lived, viz., your own.

Christian Endeavor, 7:00 p. m., topic, "Fellowship with God." Ps. 119: 97-104. Mrs. Pettigrew, leader. All welcome.

CROWN CITY FRIENDSHIP BAPTIST CHURCH

Acting in accordance with the terms of his agreement with the church, Rev. Riddle returned to the pulpit last Sunday to deliver his farewell sermon. Love and unity were the principal topics discussed. So thorough was the preparation that the morning and evening service were both utilized. Administration of the Lord's Supper followed the service. Besides regular Sunday school and B. Y. P. U. services the missionary society enjoyed a helpful afternoon service. Mrs. Weber, a prominent missionary of Indianapolis, was the principal speaker. The Young Women's Missionary Auxiliary reports quite a success at their annual food and apron sale last Saturday.

Rev. Tillman has kindly consented to serve the church as supply pastor until a regular pastor can be secured. He will have charge of the services Sunday and will present the sermons.

FIRST A. M. E. CHURCH
Rev. W. W. S. Dyett, Pastor

A large Sunday school, nearly 100 children present to study the lesson. At 11 o'clock a very large congregation was present to greet the pastor who spoke at both morning and evening services. There were a number of strangers present. The pastor preached a very strong sermon which was very uplifting. There were two accessions to the church. Wednesday evening was Go to Prayer Meeting Night. There were two persons joined the church and a good attendance. Sunday will be Mother's Day. A special service for mothers at 11 a.m. The children will have a special part in the service in honoring mother. Young People's meeting at 6:30. A program has been arranged for this meeting.

At 8 o'clock a Mother's Day program will be rendered. Among those that will assist on the program are Mrs. K. L. Lee, Mr. H. Jones. The Ladies' Aid Society had a very interesting meeting at the home of Mr. and Mrs. Joseph Utley on South Raymond avenue. After the regular routine of business was over a social time was enjoyed by those present.

METROPOLITAN BAPTIST CHURCH

At 11 o'clock the Rev. W. H. M. Dickerson delivered a very spiritual message. At 8 o'clock p. m. a short sermonette was delivered by the Rev. Eldridge, from the 2nd Baptist church of Los Angeles. The communion service followed in which the pastor was assisted by the Rev. Dickerson and Rev. Eldridge.

The services next Sunday will be as usual. Sunday school at 9:45 a.m., preaching at 11 o'clock and 8:00 o'clock p. m. The Woman's Home and Foreign Missionary Society will meet on the afternoon of the 3rd Sunday instead of the 2nd Sunday on account of the annual sermon of the Household of Ruth at the A. M. E. church.

The B. Y. P. U. at 6:45 will hold an interesting session, and very helpful discussion is anticipated.

The choir is working hard weekly to assure good singing at every service, and you will enjoy hearing them.

MT. ZION BAPTIST CHURCH
3rd and Traction Ave.
Pastor Rev. F. H. Davis

Sunday morning the Sunday School met at 9:30. At 11 o'clock the pastor preached a most enthusiastic sermon. He is still continuing the series of sermons on the Ten Commandments. At. 5 o'clock covenant meeting was held, which meets the first Sunday in each month. This meeting is one of the most inspiring meetings held. At 7 o'clock B. Y. P. U. met. At 8 o'clock the pastor spoke from the subject. "The Court of our God. "If you come once to hear these sermons you'll come always."

Don't forget the 25th Anniversary of Mt. Zion Baptist Church to be held May 27, 1917.

BY MISS VIVIAN CAMPBELL

MRS. MOXLEY OF GLADYS AVENUE HOSTESS AT LUNCHEON

Last Monday Mrs. Lillian J. Craw in company with Rev. Craw, Mrs. T. Little and a few other friends, were entertained at a luncheon by Mrs. Moxley.

Mrs. Moxley enjoys the distinction of being one of the most charming hostesses on the East Side, and upon this occasion she spared no pains in making this as beautiful as were her other social affairs of this season.

The house was charmingly decorated in Cecil Brunner roses, and the good things served are beyond the description of any pen.

A very pretty wedding was celebrated April 25th at the home of Mr. and Mrs. H. P. Page, 443 East 46 St. when their sister, Miss Bessie Gardner became the bride of Mr. Leon Fortier. The Rev J. C. Anderson officiating. The attendants were Miss Ramona Lewis maid of honor. and Leonelle Fortier brother of the groom best man, and Miss Rae C. Kennand and Bescal Bruce. The beautiful strains of mendelshons wedding march was played by Miss Peal Bratton at the piano accompained by Malcolm Harvey Patton on the violin, Miss, Juanita A. Patton sang, "The Sunshine of your smile." The living room where the ceremony was performed, was beautifully decorated, with pink and white carnations and pink roses. The bridal couple stood beneath an arch of pink and white carnations and fern. In the dinning room the same color scheme was carried out.

The brides maids were beautifully gowned, Miss Lewis in pink silg taffeta anl ace, and Miss Kennard in blue silk taffeta and net, both carried a shower of Cecil Brunner roses.

The bride was attired in a beautiful gown of white satin charmeuse trimmed in real lace, and carried a shower bridal roses. and maiden hair fern, her tulle veil was held in place by a wreath of orange blossoms. A recption was held after the ceremony. Mrs. Page was assisted by Mesdames, J. P. Bratton, F. Spurlock, J. K. Johnson, A. Kenny, R. H. Brooks V. Stovall, R. Galbreth, Holly Robinsin, V. M. H. Patton. Many valuable and useful presents were received especial note, being the house furnishing gifts of the groom's parents and sisters. and a large money gift from the bride's parents in Sherman , Tex. Mr and Mrs. Fortier are at home to their friends, at 2814 Boulder St.

There was a great Birthday party given for J. L. Davis last Wednesday night.

Was I there? Most assuredly and those who wer'n't missed and evening of perfect delight.

The Bratton family furnished sweet music which was pleasing to the listening ear, And Mr. Bratton talked on war so strongly until we all were ready to volunteer.

There were ices and punches and all kinds of sweet cakes; it seemed that with Uncle Sam they had got a pull. The guest iced and they punched and they ate sweet cakes, until they thought their stomachs were full. All the rest of us had to swallow the pill.

The Astral colors were red and yellow and to be sure they suited this fellow, because when he came to this earth in May His Astral colors had their sway.

His governing Planet is the star of Venus which you know puts lots of love in us.

And his gem is the emerald green which his wife, Mrs. M. B. Davis bought for him.

The many nice beautiful presents received were most highy appreciated by J. L. D. indeed He only took this method to give thanks by cutting the great big birthday cake in planks.

And with souvnier cards and ribbon rosetts of red and yellow.

He passed a big plank to every good fellow.

And as he was wished many happy returns.

It was echoed by sweet music in orchestra tones.

The dear good nights rang out again and again, until the last sweet strain of music did end.

And as the hours of the night had grown J. L. D. turned to his wife alone, and said O, wife I thank you, and thank you heartily for having gives me such a Birthday party and to [illegible] some one else in the Irving friends enjoy the evening in our little humble home.

The most petite, and beautiful of the season's brides, was Miss Lottie Taylor who was married to Mr. Clarence Irving Tuesday evening, at the St. Philips Episcopal Church.

Mrs. Leola Williams rendered the wedding march and Mrs. Carrie Whitus Warren sang very sweetly "Perfect Day." The maids were beautiful in gowns of pale pink taffeta and tulle carried large boquets of pink Cecil Bruse roses and ferns. The Matron of honor Mrs. Viola Mabre wore gown of imported lace over yellow with large picture hat of yellow tulle and carried ping sweet peas and fern. The bride's gown was most beautiful in its simplicity, a white charmusce with todice of imported opage beads. The veil was caught at each end with orange blossoms and hung gracefully to the bottom of the dress which was walking length.

The reception was held in the Parish Hall and was made beautiful by decoration of ferns and flowers. During the evening the guest were favored with selection from the Misses Katte Sims. Bride maids were Misses Ella Little, and Ana Sims, Best man was Mr. Robert Irving Flower girl, little Miss Mabre.

Mrs. and Mr. Murray and Mr. Frank White mortored to Lake Elsnore Tuesday morning, Mrs. Murray has gone to take a vacation while Mr. Murray returned Wednesday to continue his work.

Wedding Bells are soon to ring "Caruso" Gaby Deslyes, Pavoloa, Sophie Tucker, are not it, compared to the number that appear at the "Sporting League Concert."

A NEW HOTEL ON OLD SPOT

What was formerly the Booker T. Washington Hotel, 1013 1-2 Central Avenue is now "The Lee & Henry Hotel, taking this title from its new and efficient managers Mr. Lee Allen of Omaha, where he was prominent as a successful business man and his brother, Mr. Henry Allen an Alaskian financier. These brothers upon coming to Los Angeles saw that the greatest need of thisgreat city for our peuple was a first-class Colored Hotel and have united their efforts to develope the same, and with their varied but successful experience as young business men, it is believed that the Allen Brothers will develope this commodity to the satisfaction of all the people, if they are given the proper support.

"The Lee & Henry" is modern in every way and the management plans to keep it up to the standard as a first-class orderly conducted hotel, and as Los Angeles grows and developes, the "Lee & Henry" must keep pace.

If Hugh E. Macbeth never had a compliment paid him before, he received one in last Wednesday's Record, when villified from such sources his virtues stand out in bold relief.

They say that politics makes strange bed-fellows. But we opine that right here in Los Angeles a certain Negro journal has made more strange bed-fellows than could be ever brought forth by the devious ways of politics.

And next week we shall take one at least of the aspirants for the City Council to task in the person of Bert L. Farmer. We believe the people will be interested in this article which will be circulated so that all may be made acquainted with this aspirant for the suffrage of the people at this time.

THE LAST OF THE MOHICANS

In the passing of former Senator J. B. Foraker of Ohio, the race cannot help but revere his memory as he truly represents a valiant warrior who stood up on all occasions as a mighty force for the rights of a struggling race. He was one of the war horse of the Simon pure Republican party. He made his last great battle and from the strain incident thereto he never recovered. He was the hero in the famous Brownsville case which attracted world wide attention, and with his passing as the chief of the famous Mohicans he is truly the last great warrior for a struggling race who has answered the last summons.

At one of his big meetings a few evenings ago "Billy" Sunday, the evangelist, is quoted by the New York World as saying: "Make us forget, Jesus, that we're black and white, rich and poor, Catholic, Protestant and Jew, or whether we were born here or elsewhere. Make us remember that we're all Americans, pledged to go and fight to the last ditch for our flag." The World says that the Rev. Mr. Sunday's utterances brought forth a thunderous burst of applause, and a prayer was interrupted for half a minute. There can be no objection to "Billy" Sunday's work to save souls when he expresses himself so soundly on Christianity and true Americanism.—New York Age.

The Daily Record with its usual vindictiveness hit a cold trail in trying to foster discord and hatred over the alleged remarks of Mayor Woodman at the Union League banquet on last Saturday night. It is hard to conceive of a daily, weekly, or any other sort of reputable journal that would stoop to the tactics of the Record in these premises.

As a matter of fact nobody with common every day horse sense would for one moment take any especial exceptions to the remarks of the mayor, even in the garbled and distorted shape as presented by the reports of the Record. But everybody knows that the mayor did not mean for one moment that all the people on the east side of Main street and along Central avenue were unmoral, and so far as we have found out no one has taken exception to his remarks except the Record and others who opposed Mr. Woodman's election to the utmost.

We live on the East Side, our business is located on Central avenue. We have no complaint to make, because we know that this side is liberally inclined, we know that put it to a vote, if the result was left to the East Side, that this city would be wide open all the time, the proud boast on the East Side was, we are for Snyder because he is for the open town, and few indeed, were the votes of the white people that went to Woodman east of Main street. It really was the colored vote which kept the East Side from going unanimously for Snyder, and in stating this we know whereof we speak. Nobody doubts for a moment that some of our very best people supported Snyder (not many, but some) and nobody doubts for a moment that some of our most vicious supported Woodman (not tmany but some). Of course a man's well meaning words can easily be distorted and garbled and there are always those who can be counted on to put on the dastardly work.

SUNG THE SORROW SONGS TOO LONG ALREADY

We beg to differ with the contributing editor of the New York Age in his editorial issue of May 8, "Cut Out the Comedy." We have oftime been impressed with the fact that we have 54 years in the mighty march of progress and because we have had the faculty of retaining a stiff upper lip and a smile even though the tide of battle was against us, and while we agree with the writer that this is a serious age, we cannot for one moment advocate that the funeral dirge and mourning cry will avail us anything at all. It is well that the Negro by nature can approach and take part in the most serious proposition with a smile and even when he fails will smile and go after it again. A color sergeant in the civil war after the battle, wounded, both arms shattered and legs broken, hugged the colors to his breast and laughed and said to the commanding officer, "The old flag never touched the ground."

For nigh unto 300 years we have sung the sorrow songs and now we verily believe that the race will perform every function that goes to promote the best citizenship if only given a chance, and with that we shall sing the songs of rejoicing and triumph, and just keep up that smile and with an increasing courage face the gravest problems and with a smile your work will be tenfold less irksome and obstacles easier to overcome.

The fact that we can jest and smile accounts for a minimum number of suicides and that a failure in business only stimulates us to try again. Only recently in this state a sheriff was conducting a party of prsioners from Phoenix to McNeil's Island. The white prisoners were morose; gloom and desolation prevailed to the utmost. On the opposite side the Negro prisoners laughed, chatted, smiled, even under the environment, and it was commented on by the passengers if they had to take their choice of criminals for association on the occasion they would most certainly be with the Negroes, so we believe it is well to cut the comedy, but be our case ever so hopeless or serious, do not forget how to smile.

DR. NAILOR'S BENEFIT PROGRAM AT THE FORUM A SUCCESS

(By W. L. Gordon)

Epochal in its significence an unprecedent as to success was the "Sunshine Day" at the event at the Forum on last Sunday May 6, 1917. C crowded house greeted the numbers on the program. Every member selected, though unknowingly was a "star" performer and without exceptions received encores. Those who participated were Miss Berta Miller, Dramatic soprano Mrs. Hattie Norwood Lyric Mezzo soprano, Miss Juanita and Master Malcolm Patton Pianist and Violinist, respectively Miss Lelia Hart of Pasadena Dialect reader William Nanus Ricks, Poet. The speakers were Prof. T. A. Greene, Rev. Dr. Proud and Walter L. Gordon Master of Ceremony.

At the conclusion of the program then the call was made, the object of the meeting emphasized. The time for euloges and boquets had passed now it was the occasion for something more tangible, something definite.

At this juncture, it was suggested the soldier boy lead off in the rasinig of the sum set by the committee. The cry rang out "Crumbly! Crumbly!!" Capt. F. H. Crumbly ever ready to do his bit for the public and to foster a good cause unostentiously arose walked up to the table threw down a greenback, then began to plead. Somebody started and the committee's dream was realized, the $50 lay on the table, To be accurate the total was $5.45. Someone in the audience arose and asked the question "Was Dr. Nailor dead?" The mater of ceremony stated that at the commencement of the program Dr. Nailor doing nicely and he recovery was ultimately expected. Acting Pres. Oliver assured him in the negative, his retort was, "Well I have never before in my life seen Colored people do anything like this—not until the person was dead anyway."

The change in Russia is more of an evolution than a revolution. This event is more evolutional than revolutionary, a growth morally and socially of which Los Angeles should feel proud. Mr. Theo. W. Troy was the originator of the idea and Walter L. Gordon his assistant was assigned the work of selecting talent and the publicity.

Dr. Proud in his talk, said, "Long live Prof. T. A. Greene for the work he is doing at the Y. M. C. A." At the close the crowd filed out with these words on their lips. "Long Live the Forum."

WOMEN RESPOND TO NATION'S CALL

(Frem the Amsterdam News)

Members of loyal Union Visit Headquarters of 15th Regiment

HAYWARD RECEIVES THEM

Delegation With Miss S. E. Frazier as Spokesman Offers Government Service in Crisis.

Heading the call of the National League for Women's Service in the nation's crisis a few thoughtful women of the race decided to take steps to arouse other women knowing full well that the colored woman has always acted nobly her part.

It seemed most fitting that the matter should be presented to the Woman's Loyal Union, this being the oldest club.

After much consideration it was decided that this should be a movement of supreme, concentrated effort on the part of every colored women in Greater New York.

The woman's Loyal Union sent its declaration to Mayor Mitchell and received from the Mayor his expression of appreciation. It further expressed the desire to aid the 15th Infantry, National Guard, New York. The Union is perfecting plans, whereby a large committee of our women will soon be enlisted for service.

We have made great effort to reach the women of the churches and clubs, as well as women who are not connected with either. Fearful that there may be some who still do not know of this movement we appeal through "Our Press" to all patriotic women to join this committe, in order that organizations may be perfected as soon as possible.

A delegation of women representing the Union and other organizations visited the Armory, April 24, and were received by Sergeant Lee Pollard, who extended them every courtesy. By appointment they proceeded to the home of Captain Fillmore. Then the delegation presented its plan of service for the regiment, which met the hearty approval of the captain.

He informed the delegation that he had arranged to have Colonel W. Hayward, commander of the 15th Infantry meet us the same evening.

We were escorted by Captain Fillmore to the recruiting station of the 15th Infantry, and being presented to Colonel Wm. Hayward. The Colonel outlined the present urgent needs of the regiment and said he was pleased to know colored women were anxious to render service.

The call to our women and the plans of work was presented to Colonel Hayward by Miss S. E. Frazier.

Dr. William H. Brooks, chaplain of the 15th Infantry, National Guard N. Y., was present and most heartily endorsed the plans.

Those present were Mrs. M. C. Lawton, Miss Emma Fox, Miss E. L. Young, Miss A. M. Stewart, Mrs. Fillmore, Miss Helen Fillmore, Mrs. Wiley Seay, Miss Charlotte Bill, Miss Sylvia Harris, Mrs Rosa Lee, Mrs. A. Graunele, Mrs. M. W. Rudd and Mrs. Dora Hemings.

The first meeting of the women banded for service will be held Wednesday evening, May 2nd, at St. Mark's Church Parish House, 231 W. 53d street. This meeting is for the purpose of organizing all women who wish to serve. They are invited to be present.

THE BAPTIST UNION

The Los Angeles Baptist Ministers on Monday met at Second Baptist Church. The meeting was filled with interest and enthusiasm. One particular feature of these meetings was the manner in which Dr. R. Arline conducted his lectures on Homilicticts. These lectures which have been helpful their representations, have been inspiring. His lectures have shown that they have been carefully prepared which have been an untold blessing to all who have had the opportunity to hear him. These lectures have shown that the God man of to day must be a carrier of good news a man with a message, a man with the Holy Spirit.

Last Monday was the election of officers for the next three months. The Union voted to return its present officers which are as follows,

Rev. W. H. Rozier, President
Rev F. H. Davis Vice-President
Rev. W. H. Dickuson Sec.
Rev. Dr. R. D. Arline Treas.

The program committee have spared no little pains to make these meetings a success. Next Monday Rev. R. H. Wade will discuss the subject, "Does God hear Sinners Pray?" We are expecting a lively discussion of this subject which is a vital one in Evangelism. Deacons trustees members Visitors and friends are all welcom to these meetings.

CALEXICO NOTES

Since our last appearance in print we have succeeded in getting a permanent place of worship. Rev. E C. Dyer, pastor of El Bethel Christian Church and congregation have bought and paid for a lot and moved a church building 36x44 on this lot. Not one penny is owed on this property. The Christian Missionary Society bought the lot for the use of the colored Christians at this place. We bought the Congregational church building for $400. We raised $330 here in Calexico. The people responded like they were glad to give. The white people gave liberally. Mr. James Akers canvassed the business men and whenever he approached anyone he always left with either $5, $10 or $25. The mayor of the city headed the list with $50 and many persons gave $25. Our own people gave largely. The Missionary Society paid the remaining $70 and also $100 to have the building moved on the lot.

As the crowning event in our church struggle, last Sunday was dedication day. Rev. Wm. Z. Hopper of Birch St. Christian Church came down and spent a few days with Rev. Dyer. Rev. Hopper preached two strong sermons morning and evening. The dedicatory service was held at 3:30 p. m. Long before that hour people began arriving by stage from El Centro and Holtsville. The program, the work of Mrs. Harriet Flagg Davis, was printed and hanged in the church. This was work of art and we are proud that we have people qualified to do it. The house was beautifully decorated with evergreens oleanders, roses and sweet peas which were given us by white ladies of Calexico. The house was filled, about a third of the congregation being white. The two white ministers of the city took part in the program which follows:

Song—"All Hail the Power of Jesus Name."
Scripture Reading—Rev. Wm. Z. Hopper.
Prayer—Rev. T. C. Cook
Song—"Swing Low Sweet Chariot" Choir.
Church History—Mrs. A. R. Lewis
Song— Naomi J. Wallace and Le-Roy Hawkins
Speaker—Rev. F. M. Rogers.
Song—"Steal Away to Jesus" Choir
Remarks—Rev. Umstead
Song—"Reign, Master Jesus." Choir.
Remarks—Rev. Ore.
Song.

The singing was good. Mrs. William Ford is directress and may it be said to her credit no stone was left unturned to make this part of the service a success.

Rev. Rogers made a very instructive and interesting talk.

Rev. Unstead having sold the church building to us made a brief talk on the dedication and desecration of churches. He also said of Rev. Dyers that he was a man he admired every since his coming to this town and often wondered if Rev. Dyer's people appreciated the prince that had, but after listening to the church history he was glad to know that we did.

Rev. Rogers promised to give Rev. Dyer some Mission money on salary. The collection for the day was $77.61. If we had more leaders like Rev. Dyer we would not have so much trouble over segregation and discrimination.

BAKERSFIELD

The New Mount Zion Baptist Church with Rev. W. M. Dixon as pastor has been unsettled for years as everyone knows. When the present pastor took charge Oct. 15, 1915, the indebtedness was $2,000 when all bills against the church were paid. The mortgage of $1,500 was due. The pastor organized his small army in clubs with the following captains:

Club No. 1, the Bualah, Mrs. Eliza Washington, captain, $172.70 Club No. 2, Mrs. A. J. Smith captain, $107.00; Club No. 3, C. A. Williams captain, $52.00; Club No. 4, Mrs. J. Goodman captain, $112.10; Club No. 5 Miss L. Walker captain, $147.00; Solicitation, Prof. C. A. Heath, $85.25; General Public, $52.00; Golden West Club $4.05; W. H. F. M. Circle, $5.00: Sunday School, $5.00; Young Peoples' Society, $5.00; Total $747.10. This is the largest rally in the history of the church and city. When Rev. Dixon came to Bakersfield the people said he was commiting spiritual suicide to take on another heavy burden after freeing Shiloh Baptist Church of Sacramento of debt. Rev. Dixon has proven his worth as a pastor and leader and we thank the public for its aid. This leaves us owing only $700.00.

HELP SAVE THE GIRLS

Sunday May 13 is National Mother's Day. The Day upon which deepest emotions shall be awakened; when every fibre of the soul shall be touched, and the urn of fond memories shall be filled. Once again shall we listen to a fond lullaby which helped to mould a character. Once again shall we view her ministering with hands of love, and think of that purifying and restraining influence which has so greatly impressed our lives.

On this sacred day when we bow in deep reverance before the shrine of Motherhood an appeal is heard from the Sojourner Truth Home saying "Help Save the Girls." If you would honor the name of Mother, if you would revere her sainted memory, if you would sweeten her existence, then place a bulwark of protection around her girl.

This constituts one of the grandest opportunities for service yet affored us. In a great cosmopolitan City like this the girl problem is a serious one. The evils against which they fight are many and strong. We demand that they swerve not a single inch as we flaunt the banner of a double standard of morality. We point them to an untimely grave if they stumble and fall against thec rub of iniquity.

In the name of love, justice, duty and righteousness, for the sake of humanity and her countless millions yet unborn. For the sake and honor of Mother the friend of friend's For the sake of Him in whom we live and move and have our being let us lay upon the altar of service a sacrificial offering for this worthy cause.

"We shall be so kind in the after-a-while,
But what have we been to-day?
We shall bring to each lonely life a smile
But what have we brought to-day?
We shall give to truth a grander birth,
And to steadfast faith a deeper worth,
We shall feed the hungering soul of earth,
But whom have we feed to-day?

Rev. B. C. Robeson,
Pastor A. M. E. Zion Church.

Readers Attention!

Are you satisfied with working all your life at starvation wages and keeping your nose to the grindstone? Why not seek independence and comfort in life? There are many ways to attain it if you only know how. All you need is an opportunity to get into a legal and honest money-making enterprise on the ground floor and at the right time and you are in the road to success.

This is Your Opportunity--The Chance of Your Life

to join us in the Oil Land Developement Industry—the greatest money-making industry of today. Small investors have made and are still making fabulous profits from oil and oil lands. In many instances small investors have made from $50 to $500 for every dollar invested. You can have the same opportunity if you will accept our cooperation.

This is an opportunity so unique and so remarkable in its profit-earning possibilities that it should awaken the interest of every person to whose attention this announcement comes. It offers an opportunity for you to invest a large or small sum in a sane, clean, economically managed company on a most profitable cooperative profit-sharing basis with all the stock risks illiminated. JUST THINK, $75 in cash or in 15 monthly payments will secure deed to eight large oil lots and an interest in all the oil out of four or more wells, to be drilled under our liberal cooperative profit-sharing plan, giving each investor a chance to secure a LARGE MONTHLY INCOME from the oil as well as from the land, being situated in the center of three large oil fields in Hardin County, Texas. Said fields produced more than 10,000,000 barrels of oil in 1914-15, and more than 50 gushers, from 1,000 to 10,000 barrels came in during that time. Single lots in the fields near by have been sold for $1,000 to $15,000. Our investors will have the same chance, after we have brought in one or two wells, to sell their land for just as much or more.

We have only one thousand shares in all, (each share consists of eight lots, being one-fourth of an acre,) therefore the profit for each share will be large. The following illustration will show the profit each investor will receive out of a certain number of barrels at the present price of oil: Should our first well prove to be a 5,000 barrel producer, then each share of eight lots will receive $150 a month and should the first four wells produce 20,000 barrels, then each share of eight lots will receive $600 a month.

CERTAINLY, NOTHING LIKE THIS HAS EVER BEEN OFFERED THE PUBLIC BEFORE

You probably have neglected many a money-making opportunity but dont neglect this one, it means your fortune, and is right within your reach. Seine it now. Write or call in person from 4:30 p. m. to 8 p. m. C. E. Patterson, 1446 So. San Pedro St., Los Angeles Cal., at once for our large prospectus, giving all the details with map showing location of our field, also let us know how many shares we shall reserve for you.

Makes New Record

Rev. J. Logan Craw, the able, efficient and very successful pastor of historic Eighth and Towne Avenue First African Methodist Episcopal church, who with the faithful membership of this metropolitan congregation has just raised in cash money a grand total of $1,456.91. This magnificent sum of money represents the result of a loyal-hearted people, who are working hard to get out of debt, and it came last Sunday when $231.07 was collected through "Gleanings," and added to $1,225.84 of Easter Day. From the receipts of this crowning effort and the unselfish sacrifice of these cosmopolitan and true hearted members during this annual conference year the Church Street Bond Mortgage debt is cut down from $2,660 to the small amount of $1,400. And this means that $1,260 has been paid on the principal debt, all the interest paid up and every current expense met up to date. The small amount of $1.400 is all that is now owed on this magnificent $90,000 property valuation.

The historic Eighth and Towne Ave. First A. M. E. Church, whose splendid people and successful pastor, Dr. Craw, are bringing things to pass as never has been done before. Only eight months of this annual conference year has gone, and every expense has been met, the membership miraculously increased, and $1,260 paid on the principal of the Street Bond debt. Only $1,400 is now the indebtedness a total against this connectional church of historic renown. Here the annual Thanksgiving service of the Grand United Order of Odd Fellows was held last Sunday. Here the Ancient United Knights and Daughters of Africa will have their annual services at 3 o'clock, Sunday, May 20. Here the Sisters of the Mysterious Ten will hold annual services at 3 o'clock, Sunday, May 27. And here is an itemized statement submitted by Mr. H. Busby, secretary of the Board of Trustees, as to the exact way the Rally funds were disbursed:

EDITOR OF THE EAGLE HAS NARROW ESCAPE

The editor of The Eagle on last Sunday accepted the hospitality of our good friend, P. E. Alexander, for a drive to San Diego and return, and about 9:45 we pulled out for that place, accompanied by R. Hicks of Clanton st. We proceeded over the beautiful roads without incident until we reached a cross road just out of La Habra, about 25 miles south, when P. E. Alexander, who was driving his own car, noticed a heavy truck hurtling across the road ahead of us too late for him to stop. He tried his utmost to steer our car clear and that was the last that we remember, until awakened some hours later in the doctor's chair with him busily sewing up a huge hole which we had received over our right eye, as a result of the collision. Messrs. Alexander and Hicks escaped with minor bruises, the car was turned turtle, the windshield smashed as well as the top. We were placed aboard another car and sent to our home, where under the skillful care of Dr. B. A. Tarleton we are on our road to recovery.

MRS. ESTELLE LAWTON LINDSEY

The re-election of Mrs. Lindsey, that able advocate of a pure Democracy, is one of the certainties of the June election. By her tireless efforts in behalf of the common people, Mrs. Lindsey has proven her devotion to the cause of labor and established a record which will bear the test of ages. She is broad in her views, sympathetic in her nature and imbued with the spirit of humanity which impels her upon all occasions to advocate those measures which tend to ameliorate the condition of the human family. The East Side is united in its support of Mrs. Lindsey for re-election.

HISTORIC FIRST A. M. E. CHURCH

RE-ELECT W. A. ROBERTS

A large and enthusiastic gathering of Colored voters assembled at 1162 East 12th street last Saturday evening and endorsed the candidacy of W. A. Roberts for re-election. Every class of the laboring ing energetically for the re-election of Mr. Roberts. His record stands unimpeached as a labor advocate. Vote for W. A. Roberts.

ANNUAL THANKSGIVING SERVICE OF THE G. U. O. OF O. F.

Marching to the air of martial music from the hall on 8th and Wall streets, the three lodges of the Grand United Order of Odd Fellows, viz., Los Angeles Golden Rule and Sterling Light lodges made a fine showing on last Sunday afternoon as they wended their way to the historic 8th and Towne avenue church to hold their annual thanksgiving exercises.

At the church they were joined by the three Households of Ruth and they, too, in their beautiful white uniforms, made a highly creditable showing. The lodges formed in open order as the several hundred Ruthites marched into the church, and listened to the annual address which was delivered for the first time by a native son in the person of Mr. Earnest Russell of the firm of Russell & Conner, undertakers.

Mrs. C. A. Bass represented the "Household of Ruth."

Seated upon the rostrum were many of the leading clergymen and eminent Odd Fellows and Ruths of the city. Rev. Price preached the annual sermon.

ANNUAL EXCHANGE OF WOMEN'S CLUBS A GROWING FEATURE

The division of the State Federation of Colored Women's Clubs in and around Los Angeles is setting a pace in hand craft, all sorts of art work, and literary development that will not be easily followed.

Separated from New England the Middle and Southern States, California Club women are saying to their sisters in these other sections, "We are working for supremacy and unless you lead with greater rapidity we will pass you in the race of progressiveness."

Monday, Tuesday and Wednesday the Southern Division of the State Federation of Clubs held its annual exchange at the First A. M. E. church, 8th and Towne avenue.

Among the clubs participating with charmingly decorated booths containing art and needle work of the choicest, most accurate and splendid designs, literary programs for each afternoon and evening, and refreshments of all kinds were the Helping Hand, Mrs. Blackshear - Waller in charge; Friday Morning Iroquois, Mrs. J. M. Edwards in charge; Tabernacle Art Guild, Mrs. Rosa Wooten, assisted by Mesdames F. L. Gordon and C. Lewis in charge; the Married Ladies' Art Guild, Mrs. I. Little, assisted by Mesdames Bowers and Patterson in charge; the Kensington Art Club, Mrs. Baldwin in charge; New Thought Club of Boyle Heights, Mrs. H. A. Blackwell, assisted Mesdames Lulu Randolph and Bruce in charge.

The proceeds of the dinner served by the Allen Allensworth Club will go to the Old Folks Home, Sojourner Truth and the Day Nursery practical demonstration of efforts thtrough women's clubs in this city were also in evidence.

Mrs. E. Bartlett, who is in charge worked faithfully for the success of the exchange this year, and chief among the compliments being paid for this wonderful exhibit of women's activity goes to her at this time.

AT THE STATE'S CAPITAL CITY

It is pleasing to note that in Sacramento quite a few of our young men hold positions of public trust, and that they are filling the same with honor and credit. Mr. W. P. Taylor is a clerk in the Postoffice department and secretary of the local civil service board. He is energetic and freely gives his services to Racial organizations and is serving at this time as Deputy Grand Master of District Grand Lodge No. 33 of the G. U. O of O. F.

Mr. E. D. Johnson also is in the employ of the Postoffice department as a carrier and ranks as one of the best carriers on the force. Mr. Johnson also is wholly unselfish and takes a lively interest in the advancement of the Race.

Not so young but a live one just the same is W. B. Peck, who is at present holding down the job as one of the police officers of the Capital City. Mr. Peck is an old timer and is an energetic worker along political lines and is deserving of recognition at all times. He makes an imposing appearance as an officer and the city would do well to make Officer Peck a permanent fixture.

FOURTH ANNUAL RECITAL OF THE WILKINS SCHOOL OF MUSIC

The Pupil's recital of the Wilkins School of Music is growing in interest and merit each year, and Tuesday evening last at T. M. A. Hall to a large and highly appreciative audience each number was hailed with increased enthusiasm until the very last quarter of that splendidly arranged program was heard from.

The teachers of the Wilkins School of Music who share with him in the success of this last recital, are Mrs. Sidney P. Dones, violin; Mr. Edward T. Atkinson, vocal and Mme. E. J. Hughley, voice; Mrs. Eloise Bibb Thompson, drama, and Mr. W. M. T. Wilkins, piano porte.

As was stated by Carl Bronson, Ray Hastings, Herr Von Stein and other distinguished visitors this particular demonstration of the musical ability of the race is one of the best signs of a brilliant future of the colored population west of the Rockies in the art of music.

The numbers that called forth the greatest applause were the piano selections by Miss Lucille Banton, and Mr. Owen Troy, violinist, in fact every number and each pupil was at his or her best upon this occasion.

Y. M. C. A. FOR COLORED PEOPLE IS PLANNED

A Y. M. C. A. building for the exclusive use of colored people of Los Angeles is being erected under the direction of the Y. M. C A. at Ninth and Hemlock streets.

Ground was broken yesterday. The building will cost $5000 and will be equipped with a gymnasium, shower baths, an auditorium for religious and public meetings, and six dormitories. The present structure will be a temporary home ,the plan being ultimately, it is announced, to erect an association plant that will cost, with equipment, $80,000.

ALBERT B. CONRAD CANDIDATE FOR CITY COUNCIL

Receiving more than 11,000 votes at the recent primary race for the City Council on the strength of the popularity of his name and the long and creditable service he has rendered the city, Albert B. Conrad, the retiring city tax and license collector, has a right to expect he will be elected at the coming city election.

Mr. Conrad's election to the council will bring to the legislative branch of the city government a man who is thoroughly in sympathy with the small taxpayer and one who has a complete fund of knowledge of the various city departments and the governmental machinery. He is fully equipped with experience in tax collecting and assessing and he has always given the little fellow a square deal.

Conrad is a long time Republican, having served for years on the county committee and as secretary under some of the old stalwarts. He is a mining man and has won a respect for hard labor by experiencing it. He is a native son, a mineralogist, and a man of deep human sympathies.

With Conrad in the council, anyone can feel at ease in carrying to him the problems that arise in municipal life.

What the Churches are Doing

WESLEY M. E. CHURCH
9th and San Julian Streets

Rev. A. P. Shaw, D.D., Pastor

Mothers' Day was observed last Sunday with very impressive services. At 8 p.m. the pastor preached a very effective sermon on "Amusements." This was the fourth sermon in a series of sermons to young people. The pastor urged the young people to seek bodily exercise and amusements not as an end, but only a means to an end. "You may read the biography of all the world's worthy men and women and you will find that none of them have won their spurs by dancing and playing cards and attending theaters and wasting their time. They have won by study, meditation, hard work and devotion to duty. Dancing, while not essentially harmful, is at best only child's and youth's play."

Sunday will be Old Folk's Day. Free transportation will be given the aged and "shut-in" people. Free dinner also will be served at the church.

At 11 a.m. the pastor will preach a special sermon to the aged and shut in.

At 3 p.m. the pastor will preach at the Second A. M. E. church.

At 7:30 p.m. will occur the anniversary of the Epworth League and installation of officers. Come and worship with us. All are welcome.

FIRST A. M. E. CHURCH NOTES

"Mothers' Day" was fittingly observed and thoroughly enjoyed by the thronging congregations that worshiped at First church. The pastor delivered both sermons and there were two accessions to the church. This was also "gleaning day" for our "Easter Rally" and two hundred and thirty-one dollars ($231.07) and seven cents were added to one thousand two hundred twenty five dollars ($1225.84) and eighty four cents, making a grand total of one thousand four hundred and fifty-six dollars ($1456.91) and ninety-one cents. Through the sacrifice of all that have helped in the rally this conference year we have been able to meet every current expense up to date and pay one thousand two hundred sixty ($1260) dollars on our principal street bond debt. All that First A. M. E. church now owes is one thousand four hundred ($1400) dollars. All current expenses are paid up to date. Watch for itemized statement in next issue.

The pastor will preach both morning and evening Sunday At 3 o'clock he will deliver the annual sermon to "The Ancient United Knights and Daughters of Africa." The choir will sing special selections at each service. You are welcome to all.

FIRST A. M. E. ZION CHURCH
Pico and Paloma Streets

Rev. B. C. Robeson, Pastor

"Train up a child in the way he should go; and when he is old, he will not depart from it," was the text of a very fitting discourse last Sunday, Mothers' Day. The Pastor laid stress upon "Being unevenly yoked." He said pitiful is a mother's plight when she is trying to rear up a family in Godliness and her drunken husband is destroying himself and pulling to hell with him those that he should love.

The choir now under the tutelage of Prof. Bynum of the First A. M. E. church, has many new faces in it.

The Christian Endeavor and Bible Studies under Bro. E. R. Swain and Mrs. J. C. Banks, is increasing both in interest and membership. Ic cream was served last Sunday evening to all present

Bids are being called for, for masonry work on the unfinished part on exterior portion of church. Sunday noon at 11 a.m. the pastor will have for his subject, "The Light that Never Fails." At 8 p.m. he will talk on 'Look to the Right." Plenty of seats. Services not prolonged. Good ventilation. Everybody welcome.

SECOND A. M. E. CHURCH

Rev. E. R. Johnson, Pastor

The services last Sunday were very impressive. The evening program by the choir was well rendered and enjoyed by a large audience. The orchestra, led by Jessie Sykes, did splendi work.

This Sunday is rally day. There will be a special rally service at 3 p.m. conducted by the Methodist Ministers' Alliance. Dr. A. P. Shaw of Wesley Chapel will deliver the sermon which will be preceding by a stirring praise service led by Brother and Sister R. True. The three captains will report finances for the church debt.

Come prepared to do your part. We are building for tomorrow. By living, giving and praying we build in this great kingdom.

THE BAPTIST UNION

The meeting of the Los Angeles Baptist Ministers' Union last Monday was an interesting one. The Union was highly favored by an address by the Rev. Dr. H. D. Prowd, entitled "What Is Divine Worship?" The speaker was able to convince his hearers that Divine Worship is the medium through which mankind is able to realize reverence and adore God as their Redeemer and Creator. On next Monday our beloved president will submit a paper for discussion entitled, "A Deacon; His Relationship to the Pastor and church." All are welcome to our meetings.

Lee, Missionary Society; Mrs. B. F. Bryaant, the Allen Christian Endeavor.

We note the interest in the big entertainment to be given here by the glee club of the first A. M. E. church of Pasadena; this club is composed of high school students, and their coming is always awaited with much enthusiasm. Don't forget the date, Tuesday, May the 22nd.

At their home, 1210 E. 27th street, two small children of Mr. and Mrs. Geo. King, were christened at their home, 1210 E. 27th street, two small children of Mr. and Mrs. Geo. King were chirstened at 5 o'clock p.m. last Sunday by the pastor.

PHILLIPS CHAPEL C. M. E. CHURCH

Rev. J. C. Anderson, Pastor

Mothers' Day was fittingly observed at this church on the past Sabbath. At the morning service the pastor preached on the subject, "The Urgent Call to Mothers." There was one convert and one accession to the membership at the morning service.

The choir, under the leadership of Brother Mitchell and with Miss Jordan as organist, is singing as never before. The various departments of the church have elected delegates to the district conference and missionary convention which convenes at Santa Monica on the 23rd inst. We are expecing a great time.

The ladies of board number two gave a delightful house social at the home of Mrs. Lily Storrs, 1506 E. Adams street, on Tuesday evening. The evening was very enpoyably spent and was profitable to the treasury of the board.

A hearty welcome always awaits the visitor to our services.

PEOPLE'S INDEPENDENT CHURCH OF CHRIST

18th and Paloma
Rev. N. P. Greggs, Pastor

Services at the People Independent Church of Christ on last Sunday, being up to the standard was enjoyed by the large congregation that gathered there both morning and evening.

The pastor took as his theme for the morning, "Fruit Bearing Christians." He likened Christ as the grape vine and his followers as the branches. On all vines there are many fruitless branches, and in time the pruning day comes. When these branches are cut off. Did you ever stop to think which of these do you represent?

Dr. W. C. Gordon brought to the evening congregation a very helpful message on health, and all who heard this felt greatly benefited.

On next Sunday at 3 o'clock baptism will take place. All candidates are urged to be present on time.

FRIENDSHIP BAPTIST CHURCH

Rev. Tillman brought a wonderful message last Sunday morning concerning "Heavenly Rest," basing his remarks upon the first epistle of Peter. The evening service was in keeping with Mother's Day and an excellent sermon on that subject was heard. The B. Y. P. U. lesson and program were of unusual merit, which is saying much, for the hour from 6:30 to 7:30 p. m. is rapidly being known as a bright spot in the course of the Sabbath services. Less than four weeks remain now for active work of closing up the rally successfully. Although leaders of clubs in the running for high honors in this event prefer to assume an indifferent air concerning their work, it is known that they are bending every source of energy at their command to be rated as No. 1 on the second Sunday in June. It therefore is necessary for each member of the church to join some one of the five or six clubs and lend a shoulder to the wheel which is moving towards success.

SCOTT CHAPEL NOTES

Pastor Kinchen, using the words of Jesus, "Who Is My Mother? My Mother is the one who doeth the will of My Father," brought a new conception to his people. Everybody in that fine auditorium, from the oldest to the youngest, who could speak plainly paid a fine tribute to their mothers. Two strong men, who has never been in the church fell at the altar of prayer and joined the church. The program and installation service by the Queen Esther Circle brought out a fine audience. Mrs. Mary Gatewood entertained the pastor and his family at dinner on Sunday.

The Ladies' Aid Society was entertained by Mrs. Lydia Harris and her daughters on last Thursday.

Pastor Kinchen will preach Sabbath morning on "Character Assassins; A Lie Nailed." The evening service will be a great memorial service in honor of the memory of Senator Joseph B. Foraker. Mr. James Vincy and other eloquent speakers will make addresses on the life of this great friend of the race. All are welcome.

NO OTHER LIKE IT. NO OTHER AS GOOD.
